Topics like this are known to piss off televangelists, backwater preachers. Some talk show host blue haired biddies, several members of Congress and other socially unacceptable outcasts like radical right wing nut jobs listener discretion is strongly advised.

00:53

You have tuned into after hours queer radio with attitude a continuing tradition here on KPFT 90.1 FM. The crew of after hours is ready to bring the news interviews, discussions and music here to the gay lesbian, bisexual, transgender community and our allies. We are a diverse group here, but we all have one thing in common. We are out of the closet and urge everyone to come out of his or her closet as well. That means recognizing who you are standing up for yourself and your rights. And being proud of who you are. We understand that this might not be possible due to age job or frame of mind. But remember, we are here especially for you. So kick back and relax and get ready for this week's edition of after hours.

02:20

Hello, Houston, Galveston and the world. This is the Saturday October 15 edition of after hours queer radio with attitude. I'm Chris Harrison. I'll be your co executive for two this evening. And

02:35

on Jimmy Carper. I'm the other one. Yes, indeedy. So we want to talk about the music we play first, you noticed we played three songs, which was very generous of us. We normally play just one or two depending on what's going on tonight. But we don't have a first segment. Dion is taking the night off. And in fact, she's only going to do two more months. She's going to do November in December, and she is retiring from the black on black segment.

^ ^ ^

03:06

Not bad for a guest host to be commandeered. Yes,

03:08

I know. So, you know, we're of course, we're actively seeking out a new new segment host for the black

03:15

on black segment. And still looking for Hispanic. Yes.

03:18

Always, always looking for that Hispanic. Punching, sir. For the history of the on their Hispanic segment. Yes. And we're keeping that slot open, because I think it's very important to have the Hispanic viewpoint on after hours, especially

03:42

here in Texas. Oh, yeah. I remember here on LSA. Yesterday, someone posted a thing that Texas is one of like four or five states that Anglo Caucasian is in the not in the majority. Hmm. So definitely, yeah. If we're 10% and Hispanic community is more than 50% are the majority and citizens in Texas. Pretty sure there's a few Well, I don't

04:14

think there's any majority. I think that's the point. No one is over 50%

04:19

floor. Oh, Lord. Yeah. Or whatever one of those words are that they throw around rolling around. Okay,

04:25

okay, well, let's get back to that music that you heard the first one was new music by Daniel link from his brand new CD called Don't ask

04:37

me

04:38

It's over there.

04:42

Oh, it's over a certain person there we're using as a coaster for his beverage. Oh, lovely.

04:51

Jack ask

04:56

me have another one. I'm sorry, he reminds me children my father. And that's not a good thing. Daniel, link the color of rain CD and we played altar

05:10

boy. Alright, number five. Yes.

05:14

The numbers are telling me the numbering gonna help. There's

05:16

there's a huge religious overturn overture in this one and some serious music. But Daniel's a pretty serious artist. It's an it's a really wonderful CD. I've, it's long. There's like, what 1618 cuts to it.

05:41

It's called recovering Catholic music.

05:44

Yes, exactly the subtitle Yes, that's my favorite. I love that. That's that's how I describe myself a recovering Catholic. Very important if you're gay, not only if you're gay, I got that. That phrase

from my landlord who was born in New Orleans and went to Catholic schools and and became

from my landlady, who was born in New Orleans and went to Catholic schools and became a recovering Catholic and showed me the way, which was really nice of him. Anyway, we last week, we started out the show with the first song on that CD called Evergreen. It's not the one you think this is. This is brand new song. And in the weeks to come, we'll be playing more off of this because I really, really liked this this CD. The second one we played was my second favorite CD of the month by candy cane, our favorite bisexual artist. And that was a

06:44

507. So that was I could fall for you.

06:48

Yeah, yeah. Then we had the Kinsey six with her version of the rose. And there was a particular reason I played that because this is enthronement weekend for I CRH. Imperial Court of Houston space city empire. It's called enthronement because the old monarchs or CO presidents stepped down and the New Monarchs step up. So it's a big tax affair and gowns for the women and men who are wearing women's clothing and, and big jewels and crowns. And it's just lots of flash and, and pomp and circumstance. But that's being held at the Crowne Plaza tomorrow night. And there are all kinds of festivities It started last weekend, and it's going through till Sunday night. So a whole bunch of stuff has gone we're gonna go on and four of us are going to be lip syncing that song during the Kindle version, or the Kinsey six version. Yes. Yes. We had a rehearsal last night. And I think it's gonna be pretty damn good. We've got two men in tuxes, a woman and a man and a dress. Who's doing this? And it's, it's gonna be pretty funny.

08:17

I have a duty and address. Yes.

08:19

Yes. Judy is going to be in a dress. Yes. Gown that's against worth the price of admission. Say, well, the admission is 50 bucks. It's for charity. But you have five hours of open bar. You can do a lot of damage with five hours of open bar.

08:39

Yeah. On your liver or the cars around you.

08:43

Yeah. Well, whatever that's going on. Tomorrow night. What went on tonight? Oh, thank you very much. Big Roy with a cup of coffee. I put it right there. There was the ambassador's of the universe show at FI so that is the show for our out of town guests. We've got people from

UNIVERSAL SHOW AT EJ SO THAT IS THE SHOW FOR OUT OF TOWN GUESTS. WE'VE GOT PEOPLE FROM CALGARY AND PORTLAND AND SEATTLE AND A COUPLE OTHER PLACES. AND RIGHT NOW THEY'RE THEY'RE ON A BAR RUN THAT WAS PUT TOGETHER BY THE EMPEROR AND EMPRESS. AND IT WAS UNKNOWN AS TO WHICH FOUR BARS THEY WERE GOING TO AFTER EJB'S I SUSPECT MARY'S IS GOING TO BE ONE NATURALLY. AND PROBABLY MICHAEL'S OUTPOST. THAT'S THE ANOTHER BAR THAT WE GET TO DO SHOWS IN AND PROBABLY THE BRB. THERE WAS THERE THOUGH, THOUGH, WITH EJ THOSE ARE THE FOUR BARS THAT WE WILL UTILIZE THE MOST AND I DON'T KNOW PROBABLY THE RIP CORD OR SOMETHING LIKE THAT. TO FINISH UP. YEAH, SO RIGHT NOW THEY'RE ON THE BUS, WHICH GOING FROM BAR TO BAR AND THERE'S MUCH FLOWING BOOZE ON THE BUS AND THEY'RE HOLDING A CONTEST. EMPEROR AND EMPRESS OF EAST SIDE TRASH. HEY, YOU KNOW, IT'S IT'S ALL FOR FUN. IT'S ALL FOR CHARITY.

10:18

Now. That's that's the important part.

10:22

And this past year, the rain beneficiary has been camp hope, which sends children affected or effected with HIV Aids to summer camp for a week.

10:45

And the new the new monarchs will choose who their who the charity will be for the following year. And that comes as part of the enthronement ceremonies. Yes,

10:54

sorry. Um, the New Monarchs? Yes, there'll be a new main charity from the New Monarchs, monarchs, and we'll find out about that cotillion, which happens the middle of next month, that's when they named their court all of the counts and Vi counts and dukes and duchesses and, you know, all the way down the line to barons and ladies. It's all for fun. The The Empire is imagined imaginary, to jewelry is fake. But the fundraising is for real. And that's about where half the money from ICOs goes. The other half is their direct benefits to other organizations that need funding throughout the year. I know G cam has been the recipient of several shows they've been very generous that gkm helped us move and

12:01

take well, you. Yeah, we got there. Ah, well, we'll get back to the Ice Age stuff here. One thing you want to pick up is this month out smart magazine. The October edition. We're gonna skip ahead here. We're gonna we're gonna do this here.

12:21

Okay. Well, we're almost pretty much through with what I was

12:24

going to ask you hmm? About outsmart. Okay.

12:28

So they're they're doing that on the bar run and tomorrow isn't thrown meant and that's that it's Crowne Plaza Hotel downtown. Starts facility start at six. And after everything is done, everybody goes to the hospitality suite. And they close that down maybe it for? Yeah, I see that. And then the victory brunch will be on Sunday, Sunday, Sunday, Sunday. 11am. And then Seattle party at 3pm at EJBs. And the victory party at 6pm. At Mary's full weekend for members of IC o h. Now back to Yeah, go ahead.

13:20

I was gonna start looking for something to play next year. Okay.

13:23

So I will say that I tuned in this evening to Bill Maher on HBO, his new show of the week and he just rips Harriet Miers a new one. It is wonderful. It is wonderful. He spares nothing, as do his guests. So well.

13:48

I'll be honest, I haven't really been listened much to what she is done in the past and I didn't they say she

13:56

I know. She's a 60 year old, unmarried, evangelical Christian lawyer.

14:03

So she used to be a nun who can choose what she wants to wear.

14:06

She used to be a 40 year old, unmarried Catholic city council member of Dallas. Oh.

14:16

She's been vetted in the world. Yes,

14:17

yes. Yes. I guess the Catholic Church was not conservative enough for her.

14:25

Imagine that. Well, you know, we haven't heard of the Dallas priests doodling the altar boy. So

14:31

they must be liberal just because you haven't heard about it.

14:35

But I mean, I did. I know she worked on which side is she worked? I know that was something came up. She just she argued something with a gay rights case, but it wasn't she was like a judge or anything. No. She has no experience. No. Bang a gavel. She's basically house lawyer, you know, following the predecessor who wrote the manual on it. how the United States can legally torture yes

15:02

Afghan imagine that

15:07

that's that's what we

15:13

were looking for something to play No The music's over here by me

15:16

25:06

This Time Warner carry logo.

25:09

No. And from what I've heard from someone who called them, they want to wait. They'd like to wait a little while before I used to make sure they're viable.

25:23

I was gonna rip on it. I'm surprised that they just don't go ahead and get you know how money hungry those people are? Well,

25:29

I think also part of it comes from the fact that logo is technically owned by some of their competition, logo was Viacom.

25:41

Oh, I thought MTV owned it. That's

25·45

that's MTV is owned by Viacom. So MTV, Showtime. And HBO is owned by Time Warner owns HBO. Now that could be part of it could be part of that. They want to wait a little while but then, when that came, when I found out about that I was looking into this new station they put on their digital platform called TV one. And I thought this sounds fairly new. I've never heard of it before and find out. It's been around for a year. And right after their one year anniversary is when they put it on Time Warner. Oh.

26:17

IS IT GAY? NO. IT'S

26:18

a African American station. Oh, that's on the cable. But it sounds like they want to wait there. I'll be honest with you. I've seen a little bit of logo or a nice got satellite cable. And it'll probably be a little bit better when they find programming to put on it. Well,

26:36

yeah. Yeah. There's just not enough programming out there for a 24 hour station.

26:42

Yeah, but the fact is this.

26:46

They have their own they're doing their own stuff.

26:49

Well, no, not right now. They are they've got some they've got some election queer travel shows and all that. Yeah. What about that?

26:57

That series that what's his name? Chad Allen is doing

27:02

that's, that's on? Here. TV. Oh, that's on Pay Per View.

27:09

Really? Yeah, he's

27:11

with he's on it. There's three queer networks in the United States. The only one you can get in here in Houston on Time Warner is here.

27:22

I don't I don't know. I just thought I read something about him being on logo.

27:28

Now. It wasn't always it's not a logo. It's either there was

27:31

an article in the African just a few weeks ago. It

27:35

was either like, if it's not here, then it's Q TV. I don't remember. I don't remember. I know it's not

27:45

Yeah, you know, during Pride. Last year, the roll this past year, they were screaming about Q TV and hear TV and and all that and we can't even get them. Well,

27:58

here TV is in Houston, you can get it. But all of their programming is pay per view. Well, that's sucks. So to see any of it is gonna cost you like 395 to see a movie. And you have to have digital cable. Oh, I have digital cable. Yeah, so you gotta push all the funds funny buttons to find it.

28:22

I don't do that.

28:23

I know. I know.

28:26

You know the pay per view now. So you know that's that's ridiculous

YOU KNOW THE PAY PER VIEW NOW. SO YOU KNOW THAT'S THAT'S HARMONOUS.

28:34

Let's see here.

28:37

Oh, he's at the old computer folks. To look it up.

28:44

Oh, Joey Lawrence and Chad Allen are doing a movie together. Who? Joey Lawrence. Oh. Oh, what? Spring Break turns into a bloodbath. That's an old movie actually. Lovely. Now I'm saying that's the nice thing about Star Trek Next Generation.

29:09

Where do you go up to that Alan? Yeah.

29:11

I went to his official fan site and didn't help any with that we're gonna go to IMDb Google them. I did Google and as far as getting their third man out is the name of that's yes to do I don't know when do we have any fake Dick steal?

29:43

Do we have any computer hunting music we could play in the background?

29:46

I'm just trying to figure out how come there's a character called fake. Number one I don't steal number two I still don't want to know and fake Dick steal number two is a girl

30:00

Oh yeah well she may be packing 90 Okay let's let's Google for just never know

30:07

unfortunately things aren't helping me out here if someone out there when I was going on campus call 7135

30:13

to 65738 If you can clear up the chat thing it's on

30:18

here TV it is yeah I finally got it. I didn't remember the website for here TV it's here tv.com Well that's self explanatory. Well you never know you know there's so many different ways they can do this stuff but ya know that's on here TV Okay, so that's one you can get here in Houston you just got to go to if you got digital cable go to channel one and then you got to go to premiums and then go to number one and like so you have to order all that goodness stuff there

30:51

ain't happening. Yeah.

30:56

Quick look through here. Nice. Parker got favorite politician and out smarts. Yeah, she

31:02

got everything.

31:03

She here's this. Here's something unusual when asked what best local website went to outsmart magazine? Did it now?

31:12

Budget suck.

31:15

Yeah, you heard us 10 best national games get website gay.com. Why? I followed up my man hunt.com

31:27

Oh my god tech Hunter is 74 years old. cannot believe it. And you remember I saw him on one of those late night talk shows that shouldn't be allowed on looking bad. Have His full makeup. Yeah, I saw him a few years ago. We looked a little used. He's got a new book out. Yeah.

31:56

So he's popped. He was on Larry King. He was on extra earlier today. Hanging around with a horse.

32:03

Oh, nice. Boy bunnies. Well, I hear that he he's he outs people who have already been outed. But he doesn't out people who were still alive and don't want to be apt.

32:19

Oh, yeah. Like he admits he had an affair with Anthony Burke and right. So I was like, Yeah,

32:26

lost. Yeah. Well, that's like Cary Grant, when he was alive saying that he had an affair with what's his name? Randolph Scott.

32:37

Randolph Scott. Now it's, I forget where that's from. Or

32:47

what vert Randolph Scott or Cary Grant Randolph Scott. Randolph Scott was matinee idol. Now, he had the looks. He was very very very handsome. His acting abilities a little shy there. But he did a lot a whole lot of westerns and uh, you know, war movies and whatever was popular the popular genre of the day. So yeah, and at one time he and Cary Grant were roommates and there's a bunch of Hollywood pictures of them sitting together at the dining tables and you know doing all this all this domestic stuff

33:32

that's what here what I need to bide my time when I said about the logo not wanting to work with Time Warner because of you know, the Showtime HBO thing. Logo is gonna be showing Angels in America though. And they'll be showing the cellulite closet and wonderful HBO things

aren't they? I don't know if I don't remember if HBO was did cellular closet but Angels in America was a HBO special. Yeah. There's so many I mean, okay, let's see like, okay, the films are doing Madonna Truth or Dare Mavi and Rose ladder days. Yeah, eight women.

34:15

Eight women. Suspicion

34:17

rains when eight women are stranded with one murdered man. Oh, saving Silverman. Whatever.

34:24

And prom queen. High School student ignites the media by taking his boyfriend to the prom

34:31

and this should pay a lot of money for this one. Well, this is logo This isn't this isn't here TV.

34:35

This is the one that eventually will will trickle down to you to getting on to local television. But I don't I don't know where they're gonna be. If there's anything on here telling you where to get it, how to know Who do you need to yell to to get the programming Yeah, you gotta go to satellite. But yeah, I mean, when you think about the fact, this is this is made by the people from MTV, who really, you know, 25 years ago took the initiative to put music on television 24 hours a day and had that great thing of call your local cable company and say I want my MTV. Yes, exactly. And you know,

35:26

it doesn't I mean, they don't well, they're not really they're not seeing it on their

35:36

tune into MTV and you have to watch it for half a day before you see a music video.

35:44

Yeah that's as a weird thing you remember when MTV played music video? Yes then the

you, that's as a weird thing you remember when VH1 played music videos. Yes, then the younger generation say remember when VH1 played music videos and then there's another one they can say or when M2 used to play music videos from what I hear

36:04
we still do

36:05

Yes, that's that group grows more times will probably be added. Now coming up on it already happened. For the bisexuals out there and those who love them. The group meets every month on the third Thursday. That would be this coming Thursday 730 at the hobbit cafe in the back dining room. That's located at 2248 Portsmouth located off Richmond Between Shepherd and Kirby. If you are still uncertain at the door, you can just ask one of the friendly staff members of The Hobbit cafe, I guess what they mean, if you're still unsure, uncertain at the doors, where to sit, rather than uncertain about if you're buying or not. Okay.

45:21

The whole debate on whether bisexuality is a debate, you're uncertain about that as all

45:26

there is still, you know, there's still people in the queer community who just don't accept bisexuality as an orientation now, still, to this day. Yeah.

45:44

I was looking at something earlier, I'd be crazy. It was it was surprising. I forget. I forget where it was. I saw but you know, when they did the alphabet soup, they actually only did GLT. Yeah. It's surprising enough they included it. Organizations included a T Yeah, no, but, you know, to leave out the B. I know,

46:04

that's, that's incredible. There's still the debate going on that? Oh, well, you know, we, we did a study and found out that nobody is really bisexual because the people who claim to be bisexual really are turned down by one sex more than the other. Of course, what do you think that that zero to six scale means? Only the people who are right dead center in the middle are equally turned on by men and women to varying degrees on either side.

46:47

And also it comes down to I mean, people can be attracted to that certain thing on certain people. You know, I've caught myself more than once there staring at a lesbian going to cute looking guy. Technically, I was looking at a female, interested but once I quickly discovered that I was wrong, I wash the eyes out with bleach and went on my merry way

47:11

as often as I have knelt down and prayed at the altar of prior Appice. There are still people who turn me on. And like I've said on this show many times I've never been more so surprised when I found myself physically attracted to a transgender woman.

47:33

I love the way you subtly confuse people by telling them a roundabout way of praying at the altar of private paths. Education is a wonderful thing.

47:45

Yeah. Looked at up in your funk and Wagnalls that's because I can't say on the air. Yeah. See, that's another word. I can't say it. Can't say rooster liqueur. No, can't do it. Can't do it. No, you can't

48:05

do it on air. You just can't say what you do.

48:09

So they're done. That's right. You know, there's I've had people say that, tell me that I'm the gayest man they've ever known. And yet, there are still people of the opposite sex people of transgendered people who really, really turned my head. So what do you say about that? You're just confused. See, right. There we go. Yeah, you just die. I'm a gay man. I know. I'm a gay man. He

48:41

knows no, you're just greedy. You want your surf and your turf.

48:48

And then the other end of the spectrum are people who believe that everyone is bisexual to a certain degree. It's just a, they repressed themselves from acting on their impulses. Which of course, is what is the basis for any of the ex gay movements? Yeah, there's, yeah. There's a big article in one of the advocates recently about that, about all of these different Krisztian organizations and how any, any real medical or psychiatric organization just does not condone it, because reparative therapy doesn't work, no matter what you're trying to repair. And, you know, when it comes to homosexuality, lesbianism, bisexuality, transgenderism? There's nothing to fix folks. It's, it's there. It's it's part of that person, but it's lost and you can't allow that. Oh, yes, because it's less like there's no less than the straight world. Watch them. Watch the mouse out. So, you know, these people on the far right, that that want to preserve marriage by keeping us from getting married. I think what they really ought to do is go on the campaign to stop divorce. If they really want to keep the same sex or opposite sex marriage alive they need to outlaw divorce.

50:34

Yeah. But they're working on that in Arkansas is trying to is, are you serious? Arkansas has a thing called covenant marriages. What's that, and what that is, is you have to jump through a few more hurdles to get married or, and you have to jump through a lot more hurdles to get unmarried, no QD, that there is a one year cooling off period, that you can't get divorced, but you're going through therapies, and

50:59

by the time the couple decides they wanted to force, it's been cooled off for a long time.

51:06

But now it's it's something they're trying to promote. You're very trying this idea of what marriage is. And you know, let's face it go back, we want to read the Bible. You know, marriage is a contract to someone to pass property there you go to from one family to another because women couldn't own property. And if you were cursed enough to have given birth to your wife only gave birth to females. You had no one to pass your property, your land and your cattle, your farm, all that you had no one to pass it on to unless you got your girls married off to someone else. That's what marriage was about. And they signed the contract with a blood stained marital sheet. Because part of it was you had to promise that you were giving a your daughter was given as a virgin and the honeymoon, bridal sheets were given to the father of the bride. So that if later on, the husband tried to know the marriage by saying, you know, she wasn't a virgin, she was a sloth before she came here. The father can go to the little dairy chest and say, Hey, look. Here's the bedsheet I'm serious. I know

52:33

you're serious. But you know, there are some women who do not bleed when they lose their virginity. What happened weren't even

52:41

born with the hymen do it? Right. I caused that

52:46

said on the bicycle seat or something, you know, you

52:48

know way too much about the woman's anatomy there for gay man. You

52:52

know, I think it's the whole idea of trying to control sexuality. Institutionalized sexuality is extremely suspect and very weird. I mean, because it's, you know, you follow your heart, you know, you follow your attraction. And you know, I mean, I'm as gay as they come to, and yet, you know, every now and then when I'm looking at pornography, or whatever, I'll run across a

female image fully in there it is. And it doesn't interrupt my fantasies. I don't know, I mean, that's just me. I'm not saying that anything about anybody else. But just, I don't see why it has to all be sort of compartmentalized and control. It's sort of all flows. Everything flows from one thing to another. Well, pornography is you fall in love with who you follow. Pornography

53:41

is fantasy, fantasy. It doesn't mean that's what you want to do. It doesn't mean that's who you want to do it with. I enjoy straight pornography. I know many lesbians who like to watch two guys going at it. Yeah,

54:02

you know that way because when they use that against the guys that I don't like to see you two women go together and she'll go, I don't want to see you go with another guy. Yeah, exactly. Just coach them on with it. Here's what you need to do. Obey. Pretend you're going to the dentist and know you're not going to feel a little prick. Yeah.

54:25

Right, right. It's your screen is it's

54:31

the colors got interesting story. I just came across. Yes. A wonderful friend, Fred.

54:40

Fred. Fred found

54:43

her Oh, yeah. Well, he's going around the country now protesting. Soldiers funerals who were killed in Iraq. Why? Two reasons one because supposedly allegedly the government is protecting homosexuality. Right? Well, because it's one of those they won't

55:07

let us in the service.

55:10

What it is, is discharging,

55:11

they're sending them to Iraq, because they

55:16

are not imposing the death penalty for homosexuality. Oh, plea there, you know, because they're not imposing it on us, then that means they're allowing us. So he's been going out. It's

55:29

a good thing. There's no death penalty for hypocrites or he'd be in deep doo doo.

55:34

But now he's going out protesting veterans, soldiers who have been killed by improvised explosive devices IEDs because supposedly one of them was used against his compound several years ago. I don't know if someone threw a Molotov cocktail or through something and went boom. And so he's he's protesting saying, with all of his God Hates Fags and God hates America and all the other stuff. Well, he was at six of his brethren, which is probably a proper term for his flock.

56:09

So his family, that's all those that are members of his church,

56:12

they went to protest. You know, saying that God spoke with will speak it was speaking through them about this, I'm sure well, 100 members of the Veterans of Foreign Wars or on motorcycles. Yeah. And their motorcycles kind of were a little louder than six Kansas folk. Gotcha. And they they went through there and drowned out a little different than the angels used in Laramie. But

56:50

Phelps is God's speech impediment.

56:53

Ash bear great I just pulled the plug on my I pulled the plug on it.

56:57

Spreading technical details difficulties with the stray scream help me out. Here's

57:02

a scary moment. I got Jimmy doing technical support on a computer that should be watching. It's just for some reason, this monitor if you don't hold it the right way. The color goes all red, you're still

57/17

read when

57:17

it's coming on? Very, very difficult way. So alright, that's all that Scott

57:23

long lost sky. Oh, my God.

57/28

All right

57/20

Schuler Scott. Hello, Jamie. Where have you been honey? overworked and underpaid? Well, during the summer I need to look for a new post. I mean, job yeah.

57/45

was an interesting thing. Of course, that was going off of the wonderful, wonderful news on the radio stations. Well, I didn't go to that website. This was off of the daily edition.

53 53

37.37

Oh, we'll talk more about another case where I was transsexual and welcome to the women's bathroom. Quote, if you have a penis, you should not go into a women's bathroom. Unquote. As part of the news article. Yeah, gotta love it when they come. Oh, there we go. Stall. Yeah, right. It's beaut they don't have urinals in a woman's bathroom. Okay, that was coming out of Butte, Montana. Arizona button Montana. I've been there. She startled a female by going into there so Alright, since we're kind of dying right now. Should we go to some music? Yeah, let's go just music. Oh, you got oh no, for some reason. I decided to play some music with some fire on it too. I don't know why it just happened that way. He's a little shaved. I guess here Bob Hartman is gonna kick it off. Oh, I like him. So get your freak on. Let's go. Let's go to music.
