by using your head because your first amendment rights are just about dead Well, the FCC will tell you Oh, haven't you heard and pick up the freedom of speech is a dirty word? Well, the East has got a message for the people who agree with the stupid regulations of the FCC. You think it kids would be corrupted if they hear about poo so there's nothing wrong with them. We think the problem is you biology is neat. We're like a body's just fine telling us yesterday Well, we say you like call it a free country. But it feels like a prison cell right? The Federal Communication Commission in Japan and paper ready because here's the address 1919 M Street, Northwest Washington, DC to 00360 Tell them that they're stupid. Yeah. Tell them that they're destroying our expression because they think it's outrageous. Just tell them that they're living in the dark ages where they yeasty girls and we're here to say we want the FCC to go away. Yeah, go

00:46

away. Hey, Bram. Brenham

00:49

random calling. All right. How are you doing? I'm fine.

00:54

Who is this?

00:55

Is Don Wilder and

00:58

I'd die. How are you? I'm fine. We sounded down there.

01:01

Oh, you're coming in real clear. Did not really.

01:04

Whoa, that's great. Because we're only on half power.

01:07

Well, get it up, girl. Come on in. How long does it take you get?

01:14

We're trying. We're trying

01:16

like you are. I want to baby Birreria buddy. What about a contemporary a buddy? And I wish you wouldn't hang the crepe so bad about the game movement? Which one now?

01:32

Hang the crepe so bad baby.

01:34

I you know, because we lived through the 70s. And they were

01:38

marvelous. Yeah, you're right. They really were. And

01:41

I mean, that was my time to come out.

01:44

01:44

Well, the 90s are going to be greatest. Get these screens to get their head out of there. You know what

01:49

they have? We have We hope. But what? What our main recall? That seems like we were talking to you were talking about us. It seems like the chain has been broken now. Small Town. Brenham, Texas, right here. And there are lots of queers here, you know,

02:14

oh, yeah,

02:15

we got a lot of community. And our we were helped by the older

02:27

people. I know what you mean, same thing in any little town

02:30

in any little town and also in a big town because I went to school in San Antonio. And, in fact, the head of my department helped me when I was an age to come out. And act. I met him in a bar one night, and he said, Well, girl, I've been wondering when you were gonna come in, but it seems like it's not like that anymore.

02:54

I don't know what's wrong. It's not just that it's everything.

02:57

And I know a young lady has problems with her lesbianism. But she doesn't want to talk to anybody about

03:11

you know, there's this girl at work. And she said, I have a cousin that that's a lesbian, but we don't talk about it, as everybody knows. They just don't talk about it. I don't know what's

wrong. It's this thing that we're all in. It's the same thing I was talking about earlier. Game in No, but our homosexual men are stuck and they're just gonna be homosexual. I know it. And we've got to get out of that and become gay. And really,

03:36

I'm trying to do here for the last 15 and a half years. But these younger children, they want to they want to do the fun part. They wanted the glitz and the glamour. But they they don't want to shoulder the responsibility.

03:56

No one it's a two part thing.

03:58

And it's not that I'm criticized.

04:00

They're all Peter Pan. Want to have fun and flit around and never throw up

04:05

at 16 year old lesbian girl cutting a red with a broken plan

04:12

forever. I know

04:14

heard of water bottle. I don't think that's healthy and trying to commit suicide every time she's not there at the ambient and corn syrup pan and this girl. I happen to know very well. And that's not healthy behavior.

04:30

Listen, what that's why we're so angry because the community now is Dead

04:35

is dead.

04:36

If you go to you go even if you go out if you go to the bookstores or the bars or the bath houses, anywhere. No baby, dad. No, no, no, no, it's dead. They're having the sex and they're getting drunk but nobody's enjoying themselves. Nobody's passing on the legacy. They're just going motions. That's That's why I'm

05:01

in the seventh geography somebody that's somebody there to say it's okay in

05:06

the 70s we were all doing it and everybody was having a good time at living. And now people people are doing it out of necessity because they're gonna do it. I mean,

05:17

anybody's gonna do that. I mean, that's nature that's natural. But

05:20

see we're not nobody's having fun rent. Michael Michael Callen. God what's his name Jimmy that wrote borrowed time Pomona Pomona. pummel net was here. And he's written several books of poetry and new book that I haven't read yet called borrowed time. And I asked him one time I said, What's wrong? And he said, well, people are in are having sex, and living life. But nobody's enjoying it. Nobody's enjoying having sex and nobody's enjoying living life. And you know, when I left the police department in 1988, I went to work at a dozen different places. One of the places was the BAS and we talked about that. And it would, it would kill me because these men would come into the bathhouse and buy a card to get into the place. And then the next day, come back and bind to the card. And after a while, yes, and why are you doing this? And I've heard people say, because I leave and I feel guilty. So I tear it up, and I don't you see what I'm saying? They're out there. But

06:26

now you're seeing it.

06:27

The community's just dead.

06:28

Why is our community dead?

06:30

I don't know. Ever a viable community? Girl, if I could ever figure it out, we'd have one hell of a time in the Steam Room at CBC, but it ain't gonna happen. So let's have another bag of pretzels. And

06:43

but we're not. I mean, I'm 38 years old today.

06:48

Is your birthday. Today. Happy birthday, we'll play a song for you.

06:52

But I that's not the point. I know. I'm looking to children that are 20 years younger than I am. What will they be? You were talking about the youth about the teachers. Okay, I've taught and I can compete to teach them about sex, particularly.

07:13

Sometimes I think the best teachers are gay and lesbian because they have more

07:18

word gay and lesbian. Yeah, you know, I mean, coming up the late 50s 60s. And coarse, I graduated from college in 1975. I had gay people helping me along the way along and I don't understand why is the sudden rupture in community,

07:44

but it's not. It's not sudden though, baby. It's mad. It said something earlier about the young people. I don't know how old you are. But Plato, Plato and Socrates. Everybody was saying they were saying the same thing. Two or 3000 years ago. They you know, and you get we get letters

Jimmy and I get letters. 50. I'm 14 years old. I'm 12 years old. I'm 13 years old. I'm a 16 years old. I'm the only homosexual in the world and nobody loves me in my life. It's like, girl get over it.

08:18

We all thought we were the only one in

08:21

today. Today's your birthday. Can we play a song for you? Oh, sure, baby.

08:27

But listen, don't go off the air.

08:29

We're not going anywhere.

08:30

I can't listen to you all the time. First of all, I can't. We decided I've got a letter written to you. Instead of when I talked earlier,

08:42

instead of doing gay and lesbian radio that's so serious and so much work. We're gonna be like gay and lesbian

08:51

and a bit all the time. Oh, really? Well, I think so. No. And of course they've only got an hour and you know, you can only do so much in an hour.

09:00

That's the truth.

09:02

I know. Honey.

09:04

I can do a lot get up here from Brenham Oh,

09:10

I used to live down here with y'all.

09:14

Can I can I play your song? Play your song for for your birthday. Can I play your song for your birthday? What's your name again? I forgot Don okay, I started say John. That didn't sound okay. Maybe this is just for you. Okay, but really keep up the good work. We're not going away. Okay. And listen, it's gonna get better. I don't know how it's

09:37

gonna get better. It's gonna get better say hi to all them sisters. Happy Mama's

09:46

Happy Birthday baby. Okay, this is just for you, Don. Okay, we thank you for calling. Give up the hope we thank you for calling. We love you, baby.

10:08

Well I don't know what will happen now we got some difficult days ahead but it really doesn't matter with me now because I've been to the mountaintop I don't like anybody I would like to live a long life longevity has its place but I'm not concerned about that night

10:41

I just want to do God's will and he's allowed me to go up to the mountain

10:49

and I've looked over and I've seen the promised land I may not get there with you but I want you to know the night that we as a people will get to the promised land

11:13

happy tonight I'm not worried about anything I'm not fearing a man my eyes have seen the glory of the coming of

11:51

alright come on out bring your friends

12:35

last night you talk to

12:43

Jesus

13:07

you ever worked for KV route What do you think about the daily demo?

13:45

Name is.

14:31

Right Get ready?

16:01

Am here partly tonight to say some good things about Texas I'm proud to be a Texan. I know that I could not have heard Harvey Milk challenge to me, had not something in my life and this state prepared me to hear the word of freedom that Harvey spoke to us. I am here tonight, because it is time that all of us who love this state that gave us life and has nurtured us and taught us our values, to stand up and claim the history of the state for freedom and justice and human respect, away from the forces of narrow mindedness and bigotry that too often dominate the politics of the state of Texas. We must not and cannot fall into the trap of blaming ourselves even though others are pointing the finger and saying we are at fault. Look at the gentle loving people around you look at them. Do you believe that these people are responsible for the carnage we have seen and the even greater carnage we are about to see. Listen to their voices are those voices filled with the bitterness and hate we hear from others?

17:25

Every time we let straight relatives bury our dead and push our lovers away. It was an act of perversion.

17:35

With courage and guts. He fought for our lives and lost his own into giving

17:44

made a light of love be who is you every day when Harvey Milk was assassinated. I was nine years old, just beginning to deal with my own emerging sexuality, unaware of what had happened in California, unaware of the terrible loss the gay community had suffered. But while I may have been ignorant of Harvey Milk at the time, still, his life and death have affected me a great deal for my entire generation has been the recipient of the work that Harvey Milk and so many others have carried on since Stonewall. So today, I am here to say thank you. Thank you to Harvey Milk.

18:28

Tears after I was elected. I got a phone call from him. It was it was quite young. It wasn't Altoona, Pennsylvania. The voice said, thanks. And you've got to let gay people so that child and 1000s upon 1000s Like that child know that there's hope. I know you can't live on that hope alone. But without it less wouldn't be worth living in jail, and you knew that

19:08

there's got to be a lot more fun. Who knows? It's got to be the too many young kids in blue Tails musona.

19:29

Proud to be here, I know that I could not have heard RV Mills challenge to me, and not something in my life. prepared me to hear the word of freedom. And Harvey's spoken to us here tonight, because it is time that all of us love this state that gave us life and it's nurtured us and taught us our values. To stand up and claim the history of the state for freedom and justice and human respect away from the forces of narrow mindedness and bigotry that too often dominated politics in the state of Texas

20:17

. . . . .

people to do one thing we must continue to speak out and most importantly most importantly every gay person must come out

20:41

you must tell your immediate family you must tell your relatives you must tell your friends if indeed they are your friends, you must tell your neighbor you must tell the people your work you must tell the people in the stores your shopping

21:08

once they realize that we are indeed their children and we are everywhere every every live your party will be destroyed and once you do you will fail

21:30

and not enough

21:37

heart is open to

21:44

all of us

21:50

on our planes as a way to often dominate

22:31

this campaign to do

22:39

is have seen the glory of the coming of

23:03

certainly a while and son

23:11

See, what's what's the deal? Shut up. I'm just so goddamn angry baby. Because it as long as we're having, you know, getting this all pumped up. But nothing happens. I don't know what happens at four o'clock. Everybody must just like jerk off and go to sleep. And that's the end of it. What happens because I have to go, I go to sleep. I get up at 1030 and I'm gonna go to a union meeting. And then somewhere down there try to figure out some time that I can spend with Rodney. And then on Tuesday, or Monday, I come and do a show and then on Tuesday, I go back to the police department where that'll fart that does it can't do anything else is sitting down there in dispatch, because they don't have any other place for him to go. And he's gonna look at me and laugh because the company queers here. I want to tell him to like kiss my rear end.

24:05

I'll tell you what it does. When I hear what you can do. It builds me up, it fills me with a sense of pride. I take this home with me and it stays with me. I don't want to do it no more. And I know that's what happens out there to you. When you hear this.

24:27

You're gonna have to help us. You're gonna have to write us and let us know that you support us. You're going to have to get your friends to listen. You're going to have to get your groups to come on participate. We Jimmy calls and invites people out but we can't call everybody. You're going to have to call us at Marathon and load this fool I can't say that time slot up with money. So they know what we're doing here is important to you because if you don't, it will go away. Not because I won't come because honey, I will come until I fall over. I will come even though there's no thank yous, I don't know why the hell I even think that I should get a thank you. You know what I mean? I guess because I know how God damn great. This is not because I'm doing it. That thing we just heard a minute ago was from the celebration of life rally. Your life really counts. And it just really hacks me off when you don't do something about it. You're just sitting waiting on something to happen, Mary. It's the 17th. The What day is it? It's the 12th the 11th 18th of November. There are like 40 days until Christmas this year is gone. Another year of sitting and waiting and it's not going to happen unless you do something. That's what makes me so crazy. I don't give a rat's ass about the bars or the bath houses. I mean, I honest to god think that the bad houses should let me in free because I'm the only queer down there that wants to do you know what? And it might bring in some business. Since I do non stop gay radio for three years. I mean, they should they think God, this guy really deserves something. So we'll give him a towel, wrap his little butt up and so he can go in there and strike up the band. I really think when we have marathon and we say call now that you should just pick up the phone and call. Like how, how much convincing? Do we have to tell you that you're not getting it? 365 days, a week, a year. Seven days a week girl you get it four hours a week on Saturday night. You get it one hour on Mondays and you get it three hours on Fridays. Break through from eight to 11 on Fridays is three hours Wildenstein is one hour added up 1234 After hours, four hours 1234. That's eight hours out of 168 hour, something like that. Parents 60 hours a week we got eight don't get me wrong, I love KPFT. And I'll forever be indebted to KPFT for what

they've done to me and for me. But if you want to hear gospel programming, there's five or six holier than thou gospel radio stations to tune into. If you want to hear Hispanic programming, there's a ton of Hispanic programs to tune into. If you want to hear you see what I'm saying, you want to hear something positive from the gay and lesbian community Forget it. It ain't gonna be there. You can turn the TV on to unless you have seen the minister Mike show you're gonna see diddly on cable access about the game lesbian community. You know, I come down here and this is so great. And I listened to it later. And I got Damn, that was hot stuff. It was really good. I did such a good thing. You can do the same thing in your life. You just don't do it. You're sitting on your fanny waiting for somebody to do it for you. And it really hacks me off

28:39

you know, if I'm going to come down here and not want to self out, then God dammit, you're going to support it at Marathon baby. And you're going to tell your friends to call it and listen. That's it. You don't like it? Well turn the radio off or turn on a video or switch the channel. You think I'm going to carry the load? You're out of your mind? Because I ain't gonna do it. Jimmy has spent God knows how much money out of his pocket just so we can buy cassettes to record this on. Because those babies that we were talking about. And if we don't take that thing gonna hear it. They're gonna hear it. I know at least they'll hear two copies of it. Because Louise makes one copy for me and she's got a copy stashed away. God doesn't need her though.

29:35

You know, I get really angry because coming over here I can't even drive down Pacific Street for all the people that are over there dropping their money. I don't have anything against those places. I'm all for it. But why can't they help the rest out there who need it? And I'm not talking about KPFT either girl. We made it for 21 years. Without them, we don't need them. I'm talking about the MSU, switchboard, the AIDS Foundation, the PWA coalition. You want to see some hard working people, you should have been down at the Albert, the Convention Center last weekend, and seeing the Colt 40 fives, you should see how these guys go out and scrape up money. And I'm not talking about fill out a form and we'll get you some money. I mean, honey, my lights have been turned off, and I need the money. Now to turn it on. That's okay, they'll come out with a check right now. You can't pay your rent, HIV AIDS patient that can really take care of you. We need to all go over there to the Colt 40 fives and find out what they're doing, we need to get in this T gra thing and find out what the hell they're doing. They raised a ton of money

30:53

if we could ever figure it out, maybe they couldn't stop us. See, that's what those good homosexuals are afraid of. Because they know that you and I are an army of one.

31:09

And we're not going to take it anymore. And we're not going to give up. And God I don't know if we can do it or not.

31:21

Because physically you can only do so much. So I mean, you know, we'll try till we fall down and then if we don't make it well, we don't make it. But if we do make it

31:41

I mean, just think about it. I'm going to go to work Tuesday at HPD at the Houston Police Department and set on central where I dispatch from Montrose openly gay. Everybody in the room knows it. Nobody cares. Just think about it. If Tuesday every gay and lesbian person in this country 30 million plus went to work feeling as good as I do. See, Matt said Will the show go away and you'll my life is fine. I don't need this crap. You do? Or you wouldn't be listening. So baby Guess what? Days of playing or over? jerking off is fun if you're doing it naked in bed by yourself and wait jerking off no more. We're gonna get serious. We're going to declare war on people like Dr. Stephen Holsey. And his archaic barbaric, homophobic racist, ignorant attitude that gay lesbian people don't count Dr. Steven Hulsey let me tell you something girl. Perry Watkins was in the army for 14 years and they tried to pull some Dr. Steven Halti slash Paul Cameron homophobic racist ignorant attitude and the Supreme Court said girl get a hold of yourself the man's gay so what? You can't discriminate. Constitution protects us you don't like it? Well then I suggest you get on here on Laura Westheimer somewhere and find a psychic that can contact Thomas Jefferson because he's the one that wrote the Constitution that says We the People and Jesse Helms if you're listening to girl get over it. Those people I'm rattling and screaming about those people in North Carolina earlier those people are good decent hard working people they just don't know any better just like my for my my father and mother. My father died having a faggot for a son he didn't know what a wonderful son he had and your fault and I hate you for it. And you will answer for Jesse Helms. Dr. Steven hold see Ed Young all you good people. You know that maybe what goes around comes around you're gonna pay. You can't hurt us anymore. And you can't stop us either. So get out of our way and leave us alone. Where you're gonna get hurt because we're tired of jerking off with you. Now you I'm serious. Maybe you're going to tell your friends to listen. You're going to support what we do. Alright, ain't gonna be here. Just that simple. And that's no bull show stuff. Frank's did the first newscast today and I'm sure it sounded great. I'll listen to it later. But Brennan thought it sounded great. You guys are gonna have to support him. You don't know how much work they went through to put that together. You think it's easy. We'll call down here and volunteer and help them you'll find out it's a lot of work. Do you want us to be around? Well, by golly, you get your pencils out and you write us and tell us so you don't want us to be around while To hell with you? Because we're not going anywhere. And I'll tell you something darker Stephen Holtz, he and Jesse Helms and my favorite is Paul Cameron who he'll be coming back Jimmy did you know it because the the Linda Morales sodomy thing or whatever is going that's caught up. So Dr. Paul lovely Cameron will be coming back I'm sure to haunt us. But that's okay. We know he hates us and we know how ignorant he is. So he can go to hell with the rest of them. I don't care anymore. Because I've got news for him and all the rest of them once we get our act together, which we're doing now you're not going to be able to stop us so just get out of our way out of you sorry we're laying it on so heavy but I'm real angry. And I've really been hurt have been struggling for the past four or five months about what to do for driving Jimmy crazy. You think this is easy? Coming down here for free baby there are a lot of places I'd rather spin Saturday nights trust me but not a lot less energy than this. You want us to be around well then you support us grow if you don't well, we won't that's it's just that simple. I'm sure that Charles

Armstrong no longer sitting there going AHA girl you're not hurting me I just got a raise at HPD and I'm gonna have a Mickey Mouse Christmas and it's not a derogatory thing he that's something I'm really looking forward to. Roger went out this past couple of weeks and bought stereo for his bedroom. I think it's the first thing the kids bought himself and months you're right. Because we've been so financially strapped

37:38

and we ain't doing it no more for you. You're on your own you want to help us we'll get your pens and papers out keep those cards and letters come in you think I'm jerking you around don't and you'll see how fast it goes away baby Jimmy a be here doing it he's gonna do it for long because he find out Inga any interested get he got other things to do like the switchboard and other things where people do support it. Sort of

38:17

what are you thinking about?

38:24

Are you thinking about what I said a few minutes ago that if 30 million game was mean people went to work Tuesday based on like I do feel like you do you already feel it child. Harvey Milk said at one time and roomful of activists in Dallas. He got up and he said I was gonna say I'm here to recruit you but you've already been recruited. I don't have to recruit you. You're hooked. So we're gonna go out and start recruiting the rest of the world. And we're not going to be satisfied until after hours in one way or another is hurt coast to coast when that be fabulous. galas mean people calling in from all parts of the country. Brought to you live from the heart of Montrose right here on KPFT. One 800 Call gays or something. We'll figure it out. Maybe we'll have to go to Donohue. Let's send a copy of this tape. Donahue girl. What a wonderful thing we got going if we can go on Donahue and we get all the queerest in the country to see us it's 30 million 40 million faggots and we get each one of them to send us \$1 Girl, I don't do it. We can do it. Send a tape at the clinic copy of this tape Donohue widget and tell them to listen to the last 20 minutes. I'm telling you, baby. I've said it before because we get all pumped up and say well today is the day. This is it. Think about it. 30 million people go into work. On Tuesday, feeling the way I feel the way you feel. Baby nothing's gonna stop us now. And

40:24

should we play a song? Or should we just like to keep talking? What do you think?

40:30

We could use a song.

40:32

I want to just talk that we're on a roll with

40:42

that it's pretty scary. And you know what? I didn't really? I didn't really get to hear the news because I really do listen to this mass.

40:59

Yeah, we both do on Sundays

41:01

on Sunday, and I'm sure I'll regret the pretzels thing.

41:05

I already do. My pie. I

41:08

don't I feel better about pretzels. I didn't say that. I guess we did say thanks to Frank did no idea we did. I didn't tell him though, because Frank had was involved in a paper here that didn't unfortunately have a lot of support. And I'm just glad to have frank on the show. And I know he's gonna do some good stuff once he quit shakin This is scary girl armor. The first time I was in here. Me too. Hello.

41:38

Hi. Hi, Jimmy and buddy. Hey, okay, this day. Hi. Let's listen to the show tonight. And I just want to say

41:49

No refunds. That's

41:52

great that you'd like to be heard Coast Coast. But first, that would have to be it would need to get heard here in Houston. Luckily, you know, I think it would go out there and coast to coast

like, really, I don't see why y'all couldn't get a commitment like from CBC or Midtown or French Quarter to on Saturday when y'all are on between 12 and four, to play after hours. If we were to go there that it wouldn't be on right now. What? Oh, girl,

42:22

they don't want to hear this. Do you think they want those people down there feeling good about themselves?

42:27

No, but that would I think that would be a step in the right direction. You know,

42:32
