SPEAKERS

Chris, Roy McCarthy, Jimmy Carper, Bobby

R Roy McCarthy 00:01

To that, when Doug Stephens first approach, the The Village Voice in New York, about an article on gays and Country Music's Steven says that the writer he rebuked him as a gay people don't like country music

o 00:17

wrong.

J Jimmy Carper 00:19

What do you think put Tammy Wynette on the map?

R Roy McCarthy 00:21

Well, I'll tell you some people at Decca Records told Gloria step on and the Miami sound machine that sorry, but yourself your salsa music is not going to sell. You know, these experts are

J Jimmy Carper 00:36

some experts.

R Roy McCarthy 00:39

You know, there's nothing better than successes. The best revenge folks. Yeah, Charlie and Doug and glorious Stefan They make them eat their words Well not only

J Jimmy Carper 00:51

that, they all make good music.

R Roy McCarthy 00:53

They certainly do that. Yeah.

J Jimmy Carper 00:55

Because if they didn't make good music, people

R Roy McCarthy 00:57

wouldn't buy it. Let's write it regardless what the promos would say and the promoters. If it ain't good, then people aren't going to buy it right. Just that simple. doesn't care who you're sleeping with. Anyways, Charlie Pacheco is a founding member of the LGC Ma. And he is from right here in Texas. He's from San Antonio. And he moved with his lover to San Francisco back in 94. And Stevens has an eight song CD called from Christopher to Castro and potato's current releases. As Jimmy said, here comes the blues. Now, excuse me, I also want to mention that Doug, Steven says he plans to form a band here in Texas, he would like to, and you can reach these guys@www.lgma.com You can also contact Doug Stevens by calling him at area code 510-625-1939. And, you know, it's really cutting gay country music. Gay music, in its own is really becoming quite popular and

J Jimmy Carper 02:08

quite big. It's always better if you go to the BRB on a Sunday night because Sunday night is is show night where they raise fundraising night. And you have folks from T gra Texas gay Rodeo Association singing in their own voice male and female, half of the program are people singing in their own voice singing country and western songs. And they're good.

R Roy McCarthy 02:35

I'm very good.

J Jimmy Carper 02:36

You know, I just I begged them to, you know, put something on an on a tape or something so I can play it. And you know, has as of yet don't have anything but I

B Bobby 02:48

was I was at the BRP the night. One of the nights that Brian black. Oh, yeah. Had did a thing there. And quarterbacks brother.

R Roy McCarthy 02:59

Yeah. Good. Yeah. I have another really talented singer. And he's not really country, per se. But it's this year's Grand Marshal of the, of the pride parade. And I heard him at Empower. 99. Yeah. And I was shocked. That's that's

J Jimmy Carper 03:20

the other. That's the other group that has several male singers. That's the court, Royal Sovereign and imperial court of the single star. I want to also say, Well, we're still talking about the BRB and then the shows that get put on there that Nevada just melts my heart. She has this voice from heaven. The most incredible voice I've ever heard live.

R Roy McCarthy 03:50

So the folks here whether the BRB on Sunday,

J Jimmy Carper 03:53

that's right if you want to hear wonderful live music,

R Roy McCarthy 03:57

and we're getting this all I know I'm getting this up in a good positive. And I'm sad, there is no sad hard news. I'm sorry. We all know about all the different ministers who got to frock for married gay couples. blase, we already knew that was gonna

J Jimmy Carper 04:13

happen. I know. But I still have to. I have to admire the Reverend Jimmy Creech for doing that and standing up for what he believes in.

R Roy McCarthy 04:21

Well, you know how these churches are, it's okay for guys to go ahead and beat each other's brains in and to call each other's name, but God forbid they should love one another.

B

Bobby 04:32

No, before I go away how you fit that? God forbid?

J

Jimmy Carper 04:35

Yes. Before I go away and leave it to you. I want to mention that the National leather Association Yeah, started their eighth annual toy drive for children with AIDS and HIV. Now you can talk about it again. This is I got this from Brian Kiefer, no, I want you to talk about it again because I just have fun very basic information. You can

o

05:03

if you got more than one sentence you beat us

J

Jimmy Carper 05:07

it could drop off either new toys or or checks at most of your favorite bars, they have barrels or baskets. Or you can do that at basic brothers. Cabaret, copy.com low bow, of course, leather by boots, Black Hawk and gosh, several other places. Thank you. This is very important. Because each year, it gets bigger and bigger and bigger and it's and the leather folks feel that, you know, they they are a part of this community and they want to do this and it's been very, very successful and years past, so we want to see it continue to do so. Okay, I'm going away now.

o

05:58

Your voice is certainly going Yes, I

J

Jimmy Carper 05:59

noticed. That's why I'm going away by

o

06:03

gargoyle is something salty.

R

Roy McCarthy 06:07

So only Christmas. Where's your brother?

o

06:17

00:17 /

He's in school. It'd be home in a couple days for Thanksgiving. Okay.

Jimmy Carper 06:21

Oh, I will get thanks.

Chris 06:25

Hopefully you won't be as disappointed as other people when he met him in person. And now back to the news. And hopefully I won't screw it up as much as before. I'm still being hard on myself. I'm sorry. And I opened myself up to a joke there and I'm gonna knock on a

Roy McCarthy 06:41

lot more fun when you are hard.

Chris 06:44

R

Roy McCarthy 08:26

Okay, going back to the triangle, this, this week's triangle, there's a fantastic editorial in here. And I want to share with you folks the article written by Dale carpenter. And essentially it's an article on forgiveness and mercy that the title of the article is Shepherd fellow and the future. Well, it does talk a lot about the conference that the gay and lesbian people had with Jerry farewell to the meat of the article is about something that all of us, myself included, have a hard time dealing with, which is mercy and forgiveness. And he said something in here that really struck me and I just want to share with our listeners and it says he wrote he writes that it isn't the powerless who show mercy. It's the powerful. It isn't the timid, who forgive. It's the self confident. It isn't the weak who have patience. It's the strong and it isn't the victim who looks a killer in the eyes and says live. It's the victor. Now you have to read this whole entire article. But those few sentences I gave a read here pretty much sums up what the whole article is but if you don't read the whole article you miss out on an awful lot and it is A very touching a very moving thing. And I'll tell you It's something everyone really should pick up the triangle and read it will be found on page 29 On this week's issue of the Texas triangle. And he says here that these acts carry a moral authority that towers above the instincts to lash out. They shame the opposition, exposing it as small. They characterize the people who know that old scores will never be fully settled, and that the attempt will only delay the desired end. They reveal as more truly moral than the ones who have lashed us defenses and damages to hell in the name of morality. They put us on top not looking down, but looking forward.

C

Chris 10:48

And when you hear Big Boy quoting Dale Carpenter, no, the asteroids are on their way.

R

Roy McCarthy 10:55

Oh, okay. We got some more fun stuff for us.

C

Chris 10:58

R Roy McCarthy 11:36

I've been hearing about that for over the two years. Oh, that was that was in fact, I think that was your first news story.

The regular stuff, you know, the December 1 Eighth 15th 1212 is kind of tentatively scheduled. But 29th and,

R Roy McCarthy 12:36

it says here, they skied at the zenith skating rink at 8075. Cooke road at BeechNut. And there is a slight additional cost if you need to rent skates. So see you there and tell your friends

C Chris 12:52

the men's network of the Montrose Counseling Center on Tuesday, November 23. We'll be featuring the topic home for the holidays or not. Beautiful dysfunction. Two days before Thanksgiving, attendance for the men's network may be low. But those of us who are in present can take advantage of an opportunity to psych ourselves up for the holiday season. C

Chris 13:51

gift for the white thing. One thing I liked with some of the places have is they've got a large amount of these places, the bars that have the toy, the little crane operator things go throw off you see if you go in there when that throw that in the box, because one of them what are you going to need with a green panda bear?

R

Roy McCarthy 14:10

Well, what somebody else can do with a green panda bear?

W

14:13

Actually, there's one of the porno tapes.

R

Roy McCarthy 14:16

Ah ha now those go to my box.

C

Chris 14:21

I'm gonna hold my tongue. Women United celebrating the past and building the future. This

R

Roy McCarthy 14:27

is a very important meeting folks. The mayor Mayor Brown has promised that this would take place and now the announcement that

C

C

Chris 15:01

for those of you ladies out there who have a time machine go back and Mayor Brown at the women during the

 Roy McCarthy 15:09

past posts, this is my fault. I gave this article to him and because it

 15:14

was a women's article,

 Roy McCarthy 15:15

I sold it was women. This is Christmas. It's my fault. Oops, sorry about that. Okay, anyways,

 15:26

number nine.

 Roy McCarthy 15:27

VRB is located at 2400 browses just up the street today from where they're filming a movie, it looked like kind of confusing on on patrol.  R

Roy McCarthy 20:13

and she says that was one voice with one breath, folks, one breath and it's abbreviated,

 C

Chris 20:17

so I had to remember that Emperess XV and he's not even listen to anymore. Renee Monroe, benefiting the Houston Buyers Club. It's going to be held at the Briarpatch voted best piano bar by outsmart and the Houston press. They are located at 2294 West Hall come at Greenbrier.

And this is for the Texas Association of transgendered support, transsexual support, and you can call them by calling spirit code 713-780-4282. And I'd like to finish off the news with highlighting a very different type of a club that many people may not be aware of people like Jimmy and me would really like this kind of a place. Then again, we'll go back to club Picasso, which is located at 2151. Richmond. They have their big band Tuesdays, and now this event is an extremely unique for the Houston area. And it was honored with the best places to swing dance in the Houston press Critics Choice for 1999 and it features the ability to lead better orchestra and this is folks this is a huge 20 piece big band with at least five different vocalists. And the sweetest part of this whole little thing is that the Billy and the gang invite the audience to pillage through their catalogue of more than 700 tunes and they will play any request on your list. The awkwardness shows up at eight o'clock and it has all the cats in the house jumping jiving and wailing until midnight. If you haven't been there folks, this is a must. And club Picasso at 2151 Richmond the on Tuesday nights Look at there ain't nothing on TV nothing on the movie. Go to club Picasa for the big man Tuesday nights

I'm Candace, your host of So, today I'm training Tommy, a fellow member of the steering committee for Hatch. He's our general so he's gonna learn everyone's position. So Tommy, Tommy, hey. Hey. All right. There we have Aaron. Good evening, Tracy. Hello, Jessica, the Almighty, how y'all doing? And then we have our special guest, Vicki. Hello out there. And then we have a sibling of Vicki, otherwise known as Emily. Hi.

 25:35
She's little.

 25:36
Literally, we Okay, today it was really tonight was really cool. We went to a queer core show. The haggard played raunchy, reckless and I saved the best for last by saying the Winship. It was at the oven. It was really awesome show. If you guys weren't there, you missed a great show. And it's was a positive portrayal of queer youth and queer music is really great and uplifting. So yeah, okay. Does anyone know anything like updates, like what's going on any other things going on in town, but no upcoming events.

 26:08
Sure. Don't Canis, all about?

 26:13

Once again, call the hash line 713-942-7002 For more information on that, and we also meet on Sundays at six o'clock, and you can get directions by calling the hotline. So that's always a guaranteed thing every week. Today's program is about people coming from small towns to Houston we'd like to give our props out to use and what they provide, that people don't usually get in small areas, you know, so I've got someone who's just queen of all small towns Jessica. She wave out there, Jessica. Just wave. Jessica name just rattle off some of them small cities you've lived in.

27:09

I lived in St. James, Missouri. It was probably a total of maybe 900 people in that town.

27:18

Don't you love the accent? Sense of town.

27:23

Pascagoula, Mississippi fans get Pascagoula, Miss Haskins. It's on the Gulf coast of Mississippi right near all the casinos right now, but still not too many people. Even though this law of attraction, law of attractions not to meet people. And once again, like no community, you know, no community whatsoever. And my

27:45

community you mean homosexual community? I have gay Jessica.

27:52

What? What you should have told me this before.

27:56

Just to let every all our listeners know, this is a queer youth radio show. Right? So it's Hey, Brandon, that we are all clear. We're just gonna go back on. Go back to here. Okay, Jimmy. Jimmy wants to make an announcement.

Jimmy Carper 28:13

Did I hear you say you went to a career course show? Yes. How can I find out about stuff like this? So I can, like let people know ahead of time. Did you How'd you

28:26

find out what my girlfriend played?

Jimmy Carper 28:29

— And how did she find out? Cuz she played?

♀ 28:33

We helped set it up. And I'm really sorry. We didn't Yeah, if

♂ J Jimmy Carper 28:36

I'd known last week, and I would have been happy to promote it.

♀ 28:41

Well, the next show will definitely we didn't even what were we thinking?

♂ J Jimmy Carper 28:48

Yeah, yeah, we're media here.

♀ 28:51

Are you? Free ads here? All right. Well, next time we'll definitely Okay. Give me a call.

♂ J Jimmy Carper 28:59

Yeah. I'm leaving now.

♀ 29:04

He'll be back. And we all have that about Jimmy. So Jessica, that off some more. Couple of bloom bloom bloom in small towns.

♀ 29:15

One year in Texas that I lived in for quite a while was gross, Texas, which is right outside of Beaumont. It's a big city. Not community wise. It's not a big city either. But it's right there by Beaumont. And even though there's quite a few blatantly gay people in Beaumont. It's still not as big as Houston and you can't get as many opportunities in Beaumont as it is here in Houston

♀ 29:44

not a man and there's probably not as much support. I mean, there's some clubs and you know

you a man and there's probably not as much support. I mean, there's some clubs and you know, there's definitely some gay clubs, some metal Walmart, but a whole lot of support machine allows for going down and it's all about the plan

29:59

on All right. So

30:00

why did you move around so much?

30:01

Because my parents were not happy with where they were living. And I would like to say it was because my dad was in the military, but it wasn't.

30:12

They just couldn't sit still.

30:13

And see, my parents were like, I moved around almost every school year. Yeah. Wow.

30:20

Wow. Yeah, do the same thing.

30:23

So we've got two small city girls who have made it to Houston, we finally made it to Houston. And so we'd like to talk to them about what Jessica? I mean, she's lived here before, but you know, she's 21 now. She's just made it to Houston. And oh, Eddie, what are you excited about about living in Houston, Jessica?

30:45

Well, um, I've never had the support from other people my age or even older, younger. My parents were supportive, but not like I needed them to be. And I hope by living in Houston, I can become a part of some organizations, maybe associations, anything that can help me be more proud of who I am and helped me to establish maybe a career in something to help other

gays and lesbians to help them feel better about themselves and know that it's alright to be who you are and put the message out there you know, I think Houston is going to be a good place for that because you can walk down the street holding hands with your girlfriend or your you know, if you want to and may not have to worry about you know, not too many times I have to worry about people staring at you.

31:44

Yeah, whereas in a small town anywhere you go like that and you're gonna get stares. rollers and then you know, your

31:51

couples in the small town, right? Your job is gonna hear about it. Oh, homosexual males are not included in that. Yeah, in a

31:57

big city. We are kind of

32:00

more accepted in a big city, not to meet people. You know, there's too many people there to even worry about other people.

32:08

I'd like more of as in a big city just

32:11

one in 10 more people more one intense. Um, I'd like to insert that you know, anyone who's out there listening if you want to give us a call of anything coming up or just any ideas for people who are looking for support or just things to do within the community, give us a call you know, or your own experiences we're struggling to find things in the community you know, we're here to have open conversation so

32:34

please call us we'd like to know people are out there Yeah.

32:38

Please don't listen to 71315 Jam KPFT fonepad smart fun of me so jam KPFT and yeah, so like Vigie I know you move Yes, but what like

33:00

what made me come to Houston what is it? You

33:05

know you've lived outside Houston like pretty much yeah.

33:08

I lived in Lufkin which is East Texas and pretty, it's not really small. But it's more small minded than it is you know, there's it's just it has there's the same mentality of like a really small town. Everybody knows everybody and and gays and lesbians certainly aren't welcomed warmly. They're also lived in Waller. I was younger and Waller. So I really don't know. I mean, that was a small town, but I really, I don't I don't remember seeing any gays and lesbians on the streets or anywhere. But yeah, I've lived in. I was born in Redland, which is like a speck on the map. Is it on the map? I don't even I think so.

33:50

I think I saw it once. Maybe

33:52

it was actually drawn when I was born.

34:06

Okay, so, yeah, I've lived in several small towns and

34:12

what have you gotten from living in a bigger city like Houston? What are some of the like, the things that have supported you and like ratioed you having seen? Well,

34:21

definitely. The first thing is that there's more of us here. And so I see I can see people you

definitely. The first thing is that there's more of us here. And so I see I can see people, you know, and not feel so alone. But there's also lots of groups that you can go to and you can meet other other queer folk, and it's just really, really nice to have peers that are interested in the same gender that you are like, you know, okay, that was stupid but um, it's good to have peers that are that are dealing with the same kind of things that are queers. Yeah, queer appears very. She said it first ladies and gentlemen. Um, yeah, Hatch has been a really, really great, great, great group. And it's like, it's just getting better. Every time I go, it's getting better. And with the new, newest members of the steering committee, I think it's, it's gonna be really great because we got some good chemistry going on there. Definitely, definitely. Because that's totally true because that's that's where the, the youth have to be involved and the direction of the group and everything they have to be involved in. They have to, you know, everybody has to be a part of it. And I think the youth have to be leading the youth, because we know where we want to go.

J

Jimmy Carper 35:41

Go steering committee without jobs and steering committee.

o

35:46

Yeah, I'd like to take this time to note that Vicki is on our phone line position on the steering committee, and he said to me, it was General and I'm the radio show person thing. Okay, well,

o

35:58

okay. Well, I was just saying that, that there's a lot, there's a lot more to offer gays and lesbians in a larger city. And I don't want to live in another town that's out of touch with the community for the rest of my life, because it's just it's just a great feeling to be surrounded by people who know what you're going through who know where you're coming from, and who can check out girls with you.

o

36:22

That's always fun. We'd like to do an interview going on in a small town.

o

36:30

Not small town. Well, small small towns, no small communities. Yes. I've moved 18 times. Yeah. Basically, I think I think the oddest places to you know to be gay. Trying to live living in Lincoln, Nebraska. That was definitely a moment. And then then we packed it up and moved to Singapore. So that was the Singapore. Yeah, totally different. Kidding.

o

37:01

Is it outlawed there? Something Wow.

37:03

Just chewing gum? No, actually, actually, you know, I moved I moved to Singapore in that point in my life where I was going, Okay, I know for sure. I'm different from everybody. Not everybody else. Everybody else I thought was out there. And that was just probably the worst place for me to be in a totally different culture. And then trying to figure out who I am as a human being

37:24

was just wow, what an experience did you see many

37:29

Oh, no. Oh, no, no, no, no. No. When you were in Singapore,

37:33

were you just on a military base or no? My

37:35

dad my dad. My dad used to be a Marine. I still is but now he's an oil man. So that's what he does that's that's why we go

37:46

they move around with with with

37:48

oil. Yeah, go where the oil is. Just like Armageddon have anything to add about sort of offerings of big cities to

38:01

I've lived in spring my entire life? I mean, born there razor I've moved once and it was in spring so I never really there was nothing out there. There still really isn't there? I think there's one place called the rainbow

38:16

Park the Rainbow Room I

38:18

think a room there you go. I've never been I've heard about it and stuff but

38:24

the rainbow bar actually it's the rainbow bar up and spring and the Rainbow Room downtown. There's a lot of rainbow rooms

38:28

around. I mean, okay, that's the relevant outcome. There's nothing in Jersey village

38:34

because no one knows where

Jimmy Carper 38:42

to 90 We used to play sports that is no like band Oh span form against them. I'm sure sports do. Good, but like.

39:01

Alright, that's cool. Go Go marching man.

39:04

Now back to the queers

39:06

quiz. I'm sure there's actually a lot in the marching bands. That's kind of why

39:12

I wanted to be drum major. And my, my director had a really big problem with me somewhat being out. And so he he knew that if there were going to be tryouts that the two people who are going to make it with the two people will try it out just juniors and that was me and a friend of mine. And so he canceled tryouts and picked a drum major. So we couldn't make it. Oh my goodness. He ended up picking a fag anyways, it's really funny that guys like out now. So ironic. His whole point was to avoid that right? He didn't avoid it at all.

39:44

He was afraid you. You'd spread it to the whole band and you just play nothing here that we wouldn't be gay. I'll be playing show tunes and I won't have any control over or whatever.

40:02

Jimmy Carper 41:53

her pants and my feet are interesting. She

41:57

threw her clothes everywhere. It was really great. It was great. And the Haggard was just awesome. They rocked the winch when she was there. She needed to tune their guitars.

42:11

prejudiced because she's in it

42:14

42:20

It's just like when you hear when you hear two people sing and then you go yes, they were meant to sing together. It was just it's just beautiful. Yes, magic

42:29

42:43

the goddess of all guitar players. Okay, wouldn't be the Winship without her. It's great. I wouldn't be when she puts out the voice either.

42:51

It's like it. It makes the Indigo Girls

42:56

kurtal Okay, to the Indigo need to create animasi carefully. Jessica was kind of like Tori Amos only with two people.

43:11

That is like the best counsels and I can get well, okay, so, in other words, if you miss the show
