Buddy Johnston 00:01

I'm sure a lot of people say they don't like us to play stuff like that. But I really, you know, think that's a nice song. And if you don't listen to the words, then it's like a lot of other things going on in the world. Michael says, you have to make that change. And don't get me wrong, kids. I'm not crazy about Michael Jackson. But it's a nice song.

00:20

But the important part is he says, look in the mirror,

Buddy Johnston 00:22

look in the mirror. You know, that's what we said, Being gay is not the easiest lifestyle to live. Notice, I didn't say to choose because I didn't choose a damn thing. If I had, if I wouldn't have chose this much suffering. The suffering I put up with for the last 15 years, I can guarantee you that. I wouldn't choose all the jokes and all the career jokes and all the jokes and all the other garbage I hear, sometimes at work, and sometimes on the streets. And I wouldn't put up with people throwing beer cans at me. And just because I'm walking down a certain street in our city, which I happen to love Houston, but you're really angry when people do things like that. But I get more angry at myself when I just sit by and let it happen. And that's right, you had to I had looked at myself one day in the mirror and I said enough of this I'm not taking this crap anymore. So that's what it takes sometimes. And if 20 to 40 million of us in this country came out and said we're not going to take this crap anymore the craft would stop Believe it or not. What maybe

01:26

I was just looking at this album cover and the the Michael Jackson bad album cover you know, he's got that leather on and the leather pants and leather boots and leather jacket, all the

straps in the buckles. He's also got a polo shirt on underneath him. Honest to God lucky guys.

01:40

Ever so tasteful ever. So

Buddy Johnston 01:41

that's Michael. Anyway, one,

01:45

Queen Jackson.

Buddy Johnston 01:47

Yeah, that's what I don't like, I wish she'd come out of the closet and stand up and get people to bounce like that

01:53

obvious homosexual to get people there.

Buddy Johnston 01:55

You know, but that's okay. They're built for talking about coming out and couples and death. Speaking of speaking to death, we lost Andy Gibb last week, and I see we I'm not really certain he was part of our community, but you couldn't put it past me to say that he was on at one time. But other than that, we lost somebody that one of the biggest entertainers and I mean big speak about 300 pounds. The last time we saw this entertainer was over on Pacific Street here in Houston and heaven. It was back on I believe, December the 12th. And the vine had came down to do a show and came down and come down and wandered in and stumbled in the town I had rolled on in the divine was here on the stage at Pacific Street and did a wonderful show. And Devine was found dead earlier in the week in San Francisco, Los Angeles right out on the coast there to tape an episode of a camera invariably married with children as with thin paper, there's their to tape a program married with children, which I think is the statement itself that they're gonna let someone like Devine, be on a primetime television series and if you saw CNN or any of the reports of divines passing on town television, CNN was wonderful they told her a wonderful entertainer he was and how respected he was in the community, not the gay community but in the community itself. And what a tremendous loss it would be to us and it will be because that divine with a like that I'm sure he will like seeing that report because it was a nice report. It didn't go into another homosexual dies and it's nice to hear someone gay dying without them using the word AIDS in the same sentence. Because we were talking about that at work yesterday. We have lost more gay people to violence and ignorance than we'll ever lose

to AIDS. We've had more gay people beaten to death and blown up in MCC our churches and just you know, because of gay violence and we're not gonna let that happen anymore. Our hope? Anyway, divine did a movie called lust in the dust with Tab Hunter. She also did one call. I can't think of the name of that. What was it with? They had smellivision cards, Lloyds, polyester polyester Lloyd and Robert we were up there the other night for dinner and they had those cards and who don't scratch and sniff number two kids that was tough. We designed a lot of things and in the movie less than the dusty sing a little song that was just a scream. And I took this movie to work one of my friends that was a straight man by the way that has since died. He died last fall. Jerry straight and married had a beautiful little baby went camping one day and didn't wake up the next morning and Israel funny because when I told people I have a friend that died the first thing they said from AIDS. So now this guy was straight. I mean people die from other things, right? So there's more out there than that but anyway, divine divine sing a little song in this movie and we want to share that with you and I think it's okay to play this you just have to listen and enjoy a divine. I know you can hear us because you had ears that just wouldn't stop. And I want you to know that we're going to miss you a lot. And we're gonna love you and we're going to continue to enjoy your films including hairspray that's coming out soon so thanks for sharing your time with us. It's 310 in the morning this is after hours radio celebrating live from the heart of the Montrose Sun pacificus KPFT Houston 90.1 FM oops. That wasn't divine attire he Saturday morning

05:47

boots are being polished. trumpeters clean their horns, chains and locks forged. The Crusade has begun. Once again. Flags of Christ are unfurled in the dawn and cries of soul saviors sing apocalyptic on airwaves. Citizens good citizens all parade into voting booths and in self righteous sanctity acts away our right to life. I do not believe at some that the vote is an end. I fear even more. It is just a beginning. So I must make assessment look to you and ask Where will you be when they come? They will not come a mob rolling through the streets but quickly and quietly move into our homes to remove the evil the queerness the faggotry from their midst, they will not come cold and brown and swastikas are bearing chest heavy with gleaming crosses the time and need for such Rousses are over. They will come in business suits to buy your homes and bring bodies to fill your jobs. They will come in robes to rehabilitate and white coats to subjugate and where will you be when they come? Where will we all be when they come and they will come? They will come because we are defined as opposite perverse, and we are perverse. Every time we watched a queer hassled in the streets and said nothing. It was an act of perversion. Every time we lied about the boyfriend or girlfriend at Coffee Break. It was an act of perversion. Every time we heard I don't mind gays. But why must they be blatant and said nothing. It was an act of perversion. Every time we let a lesbian mother lose her child and did not fill the court rooms. It was an act of perversion. Every time we let straights make out in our bars. While we couldn't touch because of the laws, it was an act of perversion. Every time we put on the proper clothes to go to a family wedding and left our lovers at home. It was an act of perversion. Every time we heard who I go to bed with it's my personal choice. It's personal, not political and said nothing. It was an act of perversion. Every time we let straight relatives bury our dead and push our lovers away. It was an act of perversion, and they will come for the perverts. And it won't matter if you're homosexual, not a faggot, lesbian nada. deich gay, not queer. It won't matter if you own your own business have a good job or an SSI. It won't matter if you're a black Chicano Native American, Asian or white. It won't matter if you're from New York or Los Angeles, Galveston or Sioux Falls. It won't matter if you're birch or FIM not into rose monogamous, non monogamous. It won't matter if you're Catholic Baptists,

atheists, Jewish or MCC, they will come they will come to the cities and to the land to your front rooms and in your closets. They will come from the perverts and where will you be when they come?

13:28

We're doing a live talk show here. But

13:31

I was speaking of addresses and things. Friend in San Francisco sent me the gay book, which is their gay and lesbian like Yellow Pages and information directory. You would not believe the things the organization's just pages and pages of things like the s&m Leatherman support group. Gay PC users. Yes, support group. Gay PC users, the bisexual, lesbian and questioning women's group.

14:00

Wait, wait, wait, wait, could we call them tonight? I mean, you know, after all, they are two hours ahead of them.

14:06

This is true. This would be fun. I mean,

14:08

you know, what are they questioning? They're questioning whether they're a woman. They're lesbian or bisexual.

14:13

I think that's what the group is for is to figure out what the hell they're asking. What is like, you know, the sock and boot club. It just goes on and on and on. It's incredible pages and pages of these wonderful organizations. you submitted your membership applications. Well, maybe not that one. But definitely the hairy suit society. We have a chapter here in Houston to oh we

14:38

do. hairy chest society.

14:41

Your suit society that the hairy people club,

Buddy Johnston 14:44

can we get them on the show?

14:48

Why didn't you think of that sooner you fool.

14:52

Can I have that night off?

We'll think about that. April the 24th we've got a special for you called Reflections of a Rock Lobster. That's a story of Aaron Frick and how Aaron took his boyfriend to the high school prom. Aaron's out in California Garden Grove California. Can I ask he's gonna assure

16:02

16:14

But we're gonna be home balancing

B

Buddy Johnston 17:47

the eggs. No, no, no, no, I'm gonna find out about this egg thing. No report on that next

17:52

week. Anyway, we'll be here next week. It's

B

Buddy Johnston 17:54

got a special dedication for a couple out of Houston part of the couples in Houston, the part of the couples in Dallas. And we understand that Michael records the program every week and sends it up to Christopher, who is in Dallas and they came in and said play something romantic. And I don't know if this is really romantic, but it's a beautiful song and I want to share it with you from romanovski and Phillips So Terry,

18:20

Christopher's moving to Houston soon so I'm here.

B

Buddy Johnston 18:23

Oh, well, that's great. Christopher, you love it when you couples. Yeah. Get to Houston, Christopher Yoon Miko come down and see us here at the station. And Matt just wandered in. He looks like he's about half asleep. So we'll find out where he's been all morning. Anyway, this is for Christopher and Michael. Michael in Houston and Christopher in Dallas, and it's from romanovski and Phillips.

18:47

Oh, you well. You know the difference between light and hard, don't you? What is it? You can sleep with the light on?

B

Buddy Johnston 18:53

You can sleep with the light on and then what? Figure out the

18:57

rest of yourself? I ain't saying it on the air. Oh, come on, Alan. Child, what are you doing?

19:04

He is playing cues cueing record

19:07

cueing record Yeah.

Buddy Johnston 19:11

Yes, want to do this right for these guys is a nice song to lovely and when Matt walked in I was taken over. By shocked I was shocked to see him in here this early.

19:23

You should see what he's not wearing.

Buddy Johnston 19:25

If you heard this song. They were getting ready

19:28

to pull not for a long time to be

Buddy Johnston 19:30

the opening to the Wildenstein. We're

19:32

very fortunate. This is not really applicable to me. You know, when I heard I was leaving, I thought of this. And then I thought no, that's not really applicable to me. I am not afraid to hug and kiss in the airport. I did it the other day when our friends in San Francisco left.

Buddy Johnston 19:46

Okay, Christopher and Michael the invitation still stands. If you have enough guts to come down here and partake of this madness. Get out here for at least Roschin Phillips Okay, here we go. Christopher Christopher is coming Houston to be with Michael and the rest of us. I hope

Christopher Christopher is coming Houston to be with Michael and the rest of us, I hope. Hopefully he'll be involved in a lot of things when you get to including couples, and the pride parade and the quilt project, the names projects coming to Houston. That next meeting, I'm not really sure when that is we'll find out for you. Rogers got it. I'm sure he'll bring the

20:20

27th is what we were discussing out there.

Buddy Johnston 20:22

The next is the 27th. Scott clay is that right? Bearing or dignity, dignity center? The 27th? At what time? Do you know? I believe it's six. That's on a Sunday. Yes. Everything's happened on Sunday, Sunday's

20:45

busy day on Sunday.

Buddy Johnston 20:46

So what were you gonna say about the dancer?

20:52

Oh, yeah. Yeah. We every year is, you know, I said earlier, we have a national convention of all the different chapters that that get together. And it's Valentine's weekend, and we meet in another host city, and we stay with people in that chapter.

Buddy Johnston 21:08

Let me find it. It saves money. Yeah. And it's

21:11

about three days of madcap Fern in meetings. And we have welcomed cocktails, and we have a big sweetheart dance on the Saturday night, around Valentine's Day. And it's you know, it's really neat because we're getting to meet other couples on a nationwide basis. And the second one was here in Houston, which was last year, which was, you know, really a great coup because Houston being a two year old chapter, pulled it off, and that alone to pull off an event for three days on a nationwide level is exciting. And every year it seems to be growing getting better improving.

21:49

Is there women also in this? Oh, yeah,

21:51

yeah, men, women. Drag queens. We don't know how to classify them. Talking.

Buddy Johnston 22:01

Oh, is there a story there? So

22:03

every time the repairman comes over, I try and push all his pink prom dresses to the back of the closet.

Buddy Johnston 22:10

He's turning up nice, nice.

22:15

Yes, unless early in the morning.

Buddy Johnston 22:16

So the address is post office box 70884 Houston 77270.

22:24

Some of the upcoming events we mentioned the Sarkar which we're planning for May which is like right before Memorial Day Before everything gets too hot. And everybody gets to beachy looking and things like that. Next month, we're planning one of our educational events. We're going to be talking about sex.

Buddy Johnston 22:42

Play suitable you said you didn't talk about sex on the radio when we came in. I didn't

22:46

talk about habits because a lot of couples or a lot of people who get together as couples after a point try to figure out what has happened to there.

23:02

You know when the last Where's Yeah, when the last wears

23:04

off? What you know, what do you do? It's not you know, every three seconds we're jumping each other's balance said

B

Buddy Johnston 23:09

that's me and asked me Oh, Alan said asked me know,

23:13

how do you change? We don't remember. I mean the honeymoons over after a while. Oh, no, I don't think the honeymoon is ever over with a couple ever.

B

Buddy Johnston 23:22

No matter what I do is Roger and sometimes I don't know what I do with them. That's yeah, you know, that the thought of not having them around is a lot more scary than having them around.

23:31

I think that's about my only nightmare. Not having me around, not having you around.

23:37

Oh, isn't that nice? He talks us sweet when he's in the other room.

B

Buddy Johnston 23:41

Especially when he's on the radio. If

23:43

I weren't in the same room, I wouldn't be safe.

23:46

Everybody who's hearing this is probably going to think that we're the most nauseating couple in the world. For me, they are those of us who I was

23:56

just thinking without the facial hair. You could be Ozzie and Harriet. I prefer

24:00

to think about this board in June.

24:02

I have the perfect pair of pearls. They look good with khakis,

24:06

fatigues, you know different things. I don't know COUPLES IS is really valuable. And I don't think people in the community realize how valuable valuable we are yet.

Buddy Johnston 24:16

I got news for you, kid. There's a lot of things people in this community don't realize yet. But beginning to realize you've got

24:23

to remember we didn't have role models growing up. So work experimenting.

Buddy Johnston 24:30

We were talking about that the other night at the house, right how as young people we weren't able to date other young boys. Even though I had I had crushes on kids in school, you know, when I was a little boy, but we weren't able to share that emotion.

24:45

That's for sure. I could see me taking my boyfriend to the prom in Cincinnati, Ohio.

Buddy Johnston 24:51

And we're about the same age too. And that was a long time ago

24:54

long. 15 years 17 years ago scary hidden it. I know I didn't realize time had passed like that till I thought I started college 16 years ago. You know,

Buddy Johnston 25:08

Scott we were talking just a minute ago about he said how fast the show goes by in its time is so irrelevant. It just zips on by Sure. And all these as this one kid that I know she, she is so young and so beautiful. She can't have any woman I better not say that too loud with Terry and Sue here, but she is so she's such a wonderful woman and she's got this idea in her head that she's just gonna go out and live life on the wild side, which is fine. I mean, you know, if you want to deliver that, one of these days, she's going to wake up and she's going to be an old lady all by herself. No place to go, you know? And if she could just get involved in something other than running around in circles,

25:50

what actually it's the ones that plan to go out and have a wild time that I end up falling madly in love with someone and getting married, you know? No, no, no, not if it is those of us who plan to find someone to get married that end up living the wildlife. Trust me with Dr.

26:06

Trust to your doctor. Thank you Dr. Allen.

Buddy Johnston 26:09

He's got that thing in his hand again to the doctor. Wow, that's some of his doctor stuff. Matt, you look like you're asleep.

26:18

You want to talk? That is big thing with a screen on

26:24

your doctor stuff is my marital aid.

Buddy Johnston 26:28

Matt, what have you been? I've been asleep. Who can tell is here he looks like he just got up. Oh, well. Anyway, for the 342 in the morning. KPFT Houston obviously we've just like lost our sense of reality.

26:44

Reality when a concept well, I live just southwest of reality.

Buddy Johnston 26:48

And Alan's living even further than that, after this week,

26:52

escaping reality completely. Now you can see here's

Buddy Johnston 26:55

Texas and here he's going out here. He's going

26:58

to the Land of Oz. For a long

27:00

while really sad as my bestest buddy in the world. Margot, she's moving to Jacksonville, Florida. So we're gonna be on opposite coasts. But vacation should be fun. We plan on visiting each other and just having one hell of a time. Oh,

27:16

I think everybody went to sleep. The phones are not ringing.

 Buddy Johnston 27:19

No, they're all trying to figure out what we're doing. What we're doing is trying to take join couples during couples that's right and be proud of being gay. That's right. Be proud of being in a couple to You don't gotta sit out there and be alone and be me feeling like you might be feeling and nobody cares. Because we do care about you. It's beautiful world and you can see that if you're gonna stick your head out the window day because it's gonna be nice. It's not well, we'll make it up to you the next day.

 27:52

But you say Mr. Rogers this

 Buddy Johnston 27:56

next week we won't be here. We'll be at home sleeping. I plan on sleeping

 28:01

back from Frederick's. Last week he brought me from Colombia.

 28:05

Someone maybe on

 Buddy Johnston 28:06

the phone somebody is on the phone. Anyway. They don't want to

 28:12

talk to us. Oops, wrong number.

 28:14

pizzeria. No, this is Domino's. Another one calls it Roger. Well, we don't like this where he doesn't look like a bundle of twigs.

 Buddy Johnston 28:27

Yeah, bursaries that co chair the pride parades that he wanted to buy a t shirt that said fag on it and where we saw one that was real nice. It looked like it was splattered in blood. It was

it and where we saw one that was real nice. It looked like it was splattered in blood. It was really a nice shirt. I don't know where he got it. You just have to listen, what would it take to get the people to come out of the closet if it takes if it would take wearing a t shirt like that I'd wear it. I'd do anything to get people to take pride in themselves and come out of the closet not be afraid anymore. I'm sorry. Actually.

28:57

I was so polite here actually. I was gonna say what what it would take to get people to come out of the closet is to get them to quit believing these lie and sob bees who tell them they are sick faggot perverts.

Buddy Johnston 29:09

Some of those people

29:11

who you gotta believe you're gonna believe these people who are telling you you're going to go to hell because you were made the way you were made or you're going to believe us who are telling you you're a wonderful person.

Buddy Johnston 29:20
