It could be now

00:03

but you just may not know. Do do keep this a secret except for among your 10 Best friends the

00:09

contact at the end within like all the radio waves are going on to the plane. So maybe even the aliens know you're getting no

00:15

more movie TV show. Thank you Billy.

00:17

Okay.

00:19

Anyway, let's see came out to my parents that was a big, big pain in the butt. There wasn't need to change, so going to counseling all that nice stuff. But in the end, they realized that there's nothing that they can do. And so it turned out pretty cool.

00:35

Did they ask you? Why did you choose this? Yep. And then a groovy question because you know what, I didn't choose this. I didn't choose to be an outcast. But I kind of laughed that I thought was kind of funny that she asked me why I chose this. It's not like, you know, what butter Do you want? It's it's not that it's I don't know.

00:51

What's your what's your all you have to do is say excuse me, mother, but I'm late for my appointment to take my day pill. So

00:58

mommy my mother was my mother was totally cool with everything. I mean, my mother was my hatch mother. She's the hatch mother and my mom is rockin I was 15 and my mother took me to hatch. We live 50 miles away from her. She took me every week. And it's like, I mean, everybody has been cool with it. I mean, my God, she used to hang out with us to mom is like totally cool with everybody. I mean, she hugs everybody. And that's the thing about hatch also, I just want to say that really quick. It's like a family. I've been to other organizations across Texas, and they don't hug and stuff like that. I've always known that had just hugged. I just wanted to

01:32

that's what the H stands for hug. Oh, god.

Kirk Keevert 01:37

Okay, Patrick. Oh, yeah. Did you have we hated to interrupt your story? How just fascinating Billy.

01:43

No, not but anyway, I started coming to hatch a few months ago and since then, it's been really cool. And anybody out there who's listening should consider coming and we should have the number. Yes.

02:00

But we don't islands. So anyways,

02:02

I'm here. Nathan. Do

02:03

you have Nathan Why don't we have our Mr. convenor Give the phone number?

02:08

Why don't you come on the microphone and telephone number. Do you know the phone number?

02:11

Yes, he does. My best friend of the steering committee. He better has helped us fall

02:15

into the parking lot. Go ahead, Dave. Okay,

02:18

if anybody's listening you can call the phone number at 713942700 to repeated again like the Delta elevation 713942700 to

02:29

get saved. No. COD's get saved now I

02:34

know many ordered restrictions apply operators

02:36

Yeah, Chris keeps Lloyd where prohibited? Crider?

02:41

Yeah it's your turn now.

02:42

Well yeah, we're flittering away so I just like let you go and do it and it was kind of interesting watching you guys they were they were just flying away it was cute

Kirk Keevert 02:52

understand there's no pressure to do this and you seem a little hesitant and if you don't want to do

02:56

Oh girl I've done this before Oh god. I'm gonna go spin here done that. Now I went to ORU which is Oral Roberts University in Tulsa Oklahoma. And or yeah, I'll Rue basically and also I went to climb high school and so that's like way out in spring you know? bFV No way. No man plan. This one went on to and Oh God that's scary. Ah, anyway and so I went there and you know there were always you know, there was every time there was a gay person I was known as the Queen. We had three of them in our school and so I apparently from you know me haha. So I became one of them and you know all the girls and everything they want to hang all over you and they're like, come with me to the mall. Come with me to the mall. Let's go to the gap. Let's go here. Let's go there.

Kirk Keevert 03:39

Tell me what to pick out.

03:41

Is that guy cute? Is he cute? Oh, please tell me and I'm like, I don't know the fall line really worth looking at? Exactly. It's like look fall special. This guy's on sale. 70% off. I mean, God. But now I went to Klein high school and it was just same old crap. You know, you get made fun of you know, people like yeah, you had the dumb jocks making fun of you, but no big deal. And then went to Oh, are you because my mother she converted from Judaism to Christianity? And so she's like, oh, let's send you to Oral Roberts University. Maybe you will to, um, Jewish things. Yeah, exactly. Also talk Oh, Evey, you know, in Russia and is coming up to I gotta get their cards. Anyway. Heavier. I know.

04:22

And you would love one of my professors. She has canceled class.

04:25

04:25

Oh, you told me about that. I was so happy. I'm like, Why didn't I take that class? And I didn't know what so mad but anyways, I know. I know. I was just so happy about that. I was like, why can I get a class with that? I get all these weird Freako guys, they're so scary. They're called nasties I know they're old. They're scary.

04:41

Perpetrators. Their noses. Anyway, those gray well

04:45

back on the subject back on don't even but back on the subject. We I went to ORU and it was up in Tulsa, Oklahoma and it was a very Christian university. You know, you have to wear a tie to this. You have to wear dress shirts and blah blah blah. The girls have to wear dresses, you know? And it was very strict. And so I went there, I had already come out to a lot of my friends in high school. So I was already used to kind of coming out. It's like a little thing once you come out, it's like a train. You want to come out to everybody and every and just keep going and going and going. And, but I didn't come out to my parents yet. And so they were like, well, you know, he's Jewish, and we're not so they can get it or you and maybe he'll be Christian. And I was like, No, I'm going to stay what I am. So it was a big fight. And finally, she said, you're going whether you like it or not, and I was like, hey, full scholarship. Why not? So I went to ORU, and I was dating the professor's son while I was up there. We had, I don't

05:38

days our lives episode. Hello.

Kirk Keevert 05:40

I couldn't help it. He was cute. I had my headphones off. I'm sorry. Say that again? Oh, I

05:44

dated the professor son rock on.

05:46

He was saying not the way to get an A in that class. Oh, please. But anyways, and

05:51

anyway, didn't you? Oh, yes. Rock on baby. And, um, so I went and I was dating him and just it

was getting too much. I mean, like, studying and working and everything. He was just like, okay, okay, okay. I'm sorry. I'm talking forever. I know. And so we broke up. And then he told the whole school basically that I was gay, and I couldn't believe it. And so then I had caught out. No. Oh, exactly. Thank you very much really ticked me off. But we won't go there natural wig. I know. Or can we say to pay, and then after that, so I mean, I had cops on my door, because people were threatening, threatening me. They wanted to burn my door down. They wanted to blow my door down just the door. Well, now they want to do more stuff, but we can't go into it. And so I had to police escorts going to you know, the different classes that I went to. And finally, I was asked to leave by the Dean of Students and Dean of men. Yikes. So now I'm at a or U of H. U of H rockin Yeah, yeah, y'all. would you guys say overall, that high school is pretty hard coming out? Yes. What advice would you give kids? What I would say basically is just, if you don't feel it, the time is right. Don't do it. If whenever you feel ready to do it is when you should do it. Yeah, you also have to be okay with and it depends on who you do it to like, you don't want to just go up to somebody and say, Hi, my name is Craig. And I'm gay because you know, you

07:13

got a confederate flag pickup truck and say, Hey, by the way, I'm gay. Exactly. They're not going to shotgun out. Okay, so you

07:22

do and everything. They're not gonna go Oh, that's so wonderful. They're gonna be like, hey, shotgun, deer hunting time.

07:27

Get the Nikes

07:29

Thank you.

Kirk Keevert 07:30

You're shooting gay boys eyes in the headlights. Fariborz. Okay, so So this is just a taste of what's going to happen the third weekend of the month,

07:43

the 20th. I believe we're going to have an hour hopefully more, we'll be doing phone calls. And we'll have a lot more people on the air. We'll be rotating people in and out of the little booth, talking about what their experiences were. And we'll have big ROI. Send us a few phone calls.

And from the you out there listening as Julie would set you out there, the singular person that makes it easier for him to do radio. And oh, I just got a little notice that there was a new gay high school opening up in Dallas. Anybody know

08:24

anything more about that? Well, there was one in New York. That's right. That's right.

08:29

In New York in Los Angeles.

Kirk Keevert 08:30

Yeah. It'll be it would be a whole lot easier to come out there.

08:33

Well, I

08:34

wonder why

08:36

my high school was the unofficial gay High School of Houston High School for the Performing and Visual Arts HS TV gay

Kirk Keevert 08:44

dating service. I was just wondering, do you have to do you have somebody who checks to make sure you're gay before they let you in? Because I want to be that Yeah. How

08:52

do you do? How do these zones? Yeah, how do they

08:55

don't you have to audition? Not quite sure what you have to do until you get their drama. You

don't you have to audition. Not quite sure what you have to do until you get there. drama. You have to relive drama and go over drama music or whatever. And you never quite find out what's required of you until you're sure either.

 Kirk Keevert 09:09

I have to tell you I don't know. Cheerleading in a women's bookstore one time in Denver, Colorado. They had a sign that said 10% lesbian discount. Oh,

 09:19

Ellen has a dream and she's in the grocery store.

 09:22

That'll be a lesbian 92

 Kirk Keevert 09:23

And I just I just wanted to know how they knew that they have test her and now lesbian discount No they

 09:33

just like the Indigo Girls back here. Thank you I just I

 09:36

just Oh honey with all the Indigo Girls I listened to I could be lesbian by default. So God

 09:40

next thing anyway Beyond The Beyond the midnight train to Georgia

 09:45

what would be marked down if it was a lesbian discount like bests and like really like no like Ilbean? Yeah, well being close to rags

 09:53

....

Marburg little, like

09:57

fracture. Yeah.

09:58

Oh, Chevy truck.

10:00

Yeah, yeah. Okay, so we forgot those and we move on.

Kirk Keevert 10:05

So you've been listening to this is you're still listening to after hours. I'm doing that little hatch thing. Oh, you want to?

10:14

Can we get to Nathan on the air again and give us that lovely fun number again.

10:18

He's such owner.

10:19

He's so expert about it. Like Vanna.

10:22

Well, if you're still listening, the hash line number is 713-942-7002. And you can leave a message and our phone line person will call you back. Her name is Adria. And she's really nice. She's so sweet and very discreet. Again. The number again is 713-942-7002.

10:43

Leave whatever guidelines you have to have on the message.

K

Kirk Keevert 10:46

She'll be very discreet when calling back. Thanks everybody for much for stopping by tonight. We'll see in a couple of weeks. We got a request from Emilio in northwest Houston.

∅

10:58

I think I know that

K

Kirk Keevert 11:00

Emilio wanted to hear what music requests he wanted to hear kissed by pansy division. So we're gonna listen to that. This is after hours on KPFT Houston and KEOS College Station

J

Jimmy Carper 11:23

by request pansy division kiss then, you know they have a brand new album out now. More lovin from our oven. Oh, Lord. Oh, yeah, it's got just great stuff on it. We played at least a half a dozen other songs off of that new album. But I wanted to talk to you briefly. Because I was really struck. struck the other night when I was talking to you at crossroads, and it's like, half of the hatch group is there. Yeah. And it seems like hatch kind of hangs out.

∅

12:01

They do. They do kind of hang out. It's kind of a floating group. We have some kids who hang out it to bees. Okay. And I love to piece it is it's a great place to go and meet lesbians.

J

Jimmy Carper 12:12

The The other thing that struck me as I was leaving, because I drove down Westheimer. one block away from Crossroads at the corner of Westheimer. And Montrose. There's another group of kids hanging out there. Yeah. Thinking here's here's the street kids, right here, one block away from the hatch kids. And I might as well be a world away.

∅

12:40

Yeah, it's

J

Jimmy Carper 12:42

it was surreal. Almost.

12:44

I noticed quite a bit thinking,

Jimmy Carper 12:45

here's the hatch kids. These are even though you may not think you are. But for the most part, self assured, you know what you're about, you have a future. And one block away. Is a group of kids living on the street, probably into drugs, and really have no future.

13:06

Well, it's rather difficult. I mean, there's a lot of there are a few kids in hatch, who are very struggling with the same issues that one would assume a lot of the street kids do. Well,

Jimmy Carper 13:23

I'm sure I'm sure that you're immune, but it's just that here hatches the support system.

13:31

Well, it's and without hatch first started. Oh, I think it initially tried to get started about six or seven years ago. Oh, yeah. They did. It was it was a very conglomerate group of street kids transgender youth. Just about anybody I want. I was looking for support. You had them. Yeah. And when hippie and streetwise really got going. Most of the street kids went over there because those two organizations were providing more for what they needed. Right. But it is kind of strange. And in Montrose in general, you tend to see oh, it's really odd contrast.

Jimmy Carper 14:16

Do you know when you're, you've been in hatch a long time. I've been in hatch a while and you can see where these kids are going. Well, I

14:24

can see where they're going. I've also one of my exes. Was street kid about a year before I met him. And it's, it's something that you can pull out of. A lot of them are completely enamored with that life too. Yeah. I've met several of them who just love it.

Jimmy Carper 14:43

I know that's the sad part and

14:46

right, there's not really much you can do until they decide that they want to That's right. And you can pull that up. Yeah, well, there was make the first step there was a time period is a glowing example of Well on also, even though he's not gay. Jim Carroll is an incredible example. He's the man. The Basketball Diaries was about his life. Yes. But there was a time, my first couple years of high school where the only thing that really separated me from the street because was the fact that I had my parents home to sleep. And other than that I was lost in a haze of drugs and all kinds of weird stuff. And it's, it's something that you really, really have to want to get out of. Because it's really hard to pull out.

J Jimmy Carper 15:34

Like anything, you have to take the first step. If you do, there are people that can help you.

15:40

There are a lot of people, there are a lot of people who really want to help you and Hatch is one of those. It's definitely a really good place to go and get your shit together.

J Jimmy Carper 15:49

You got it. Okay, it's time to give away a free CD. Ooh, I have a copy of boy George's cheapness and beauty that I'm going to be giving away new one. Well, he's he's gonna have a brand new one. This is his last one. But there's so much good music on it. If you're the second caller at 5265738 and talk to Roy, he'll take your address, and I'll send it to you. And in the meantime, listen to a little something from that album. All right. We'll be right back with Gigi. Yes,

16:29

there was one thing that in light of the street kids in the coming out at school, we didn't get a chance to do this right after the hatch, but it's a really excellent song about loss of innocence from boys for Pele that I wanted to put on the air.

J Jimmy Carper 16:43

Okay, we can do that. Right. Okay, but for right now. Unfinished business. Boy, George unfinished business from his album cheapness and beauty. And we do have a winner on that album, CD. And want to congratulate Rufus, I'll be sending it out your way. And before we get into anything else, I want to remind you that we're giving away movie tickets are the premiere, Wednesday, September 10. at Greenway three, four alive and kicking. New gay movie. Give us

a call at 5265738 and we'll send you a free movie pass. Do that right now. Now it's time for Gigi. Yeah, totally. Yeah. We get started. Let me mention that you're listening to after hours on KPFT Houston and KEOS College Station. Oh, I'm glad you're back. Oh, it's

G Gigi 17:59

so good to be back.

J Jimmy Carper 18:00

I've been wanting to hear about this conference. Oh, I got so much stuff. Now. You were in in Los Angeles? Yes. Find that conference.

G Gigi 18:08

Yeah, it's a Southwest Regional by net conference. And I met a lot of people. Some people I'd met at the San Diego conference, but a lot more new people good. It's just fabulous. It was the conference was held in the heart of Hollywood, California. And I stayed in this house with Michael. He's real big in the bisexual moment. And he lives in what was once Well, it was the Beverly Hills before Beverly Hills. Oh, of where all the movie stars lived and from way back, many of whom are bisexual. And really, yeah. It's really amazing about a thing from the conference we did on Sunday we did a car rally and won't get into that to that later. But the car rally we did a tour of special tour of Hollywood is the bisexual side of Hollywood. And so I've got a lot of information that I want to share Michael puts all this together. I mean, he did a lot of research and and everything in the car rally is verified through magazines, articles, books, travel guides. If it isn't any mentions in it that it's either just from a rumor innuendo. But for the most part it's everything in there is been verified. Bad but it was just a really fabulous conference. In fact as so. I had some people lined up to go on the air when we were up there but the phone thing fell through

J Jimmy Carper 19:59

All right. So disappointed. Yeah, realize that that's because I got the message and I thought you were just calling in to say hi.

G Gigi 20:08

No, no, I was calling with people while I had Carol queen.

J Jimmy Carper 20:14

Oh No really? Yeah. Oh Queen

G

Gigi 20:17

wrote has a new book out I don't know if it's available in Houston yet. I know when I got the copy up there but it's called real live need girl.

J

Jimmy Carper 20:28

She writes she writes for black sheets also. Yeah, a lot of her stuff and black sheet. Yeah. With our good friend Bill Brandt. One of the one of the 13 bisexuals in something like that.

G

Gigi 20:44

But anyway, I met her she is a hey, we fell in love with each other

∅

20:50

we can't believe you back. Oh, yes.

J

Jimmy Carper 20:53

I mean, she's like, star.

G

Gigi 20:56

Ah. And she wrote her first book was exhibitionism for the shy, which was really good. I did a big review on Jim needs. Yeah. Oh, yes. Well, I brought a copy of each with me. He will tell it all tell. No more secrets do I have I mean, this conferences such a charge. I was kind of Michael pretty much put together a big part of the conference. I stayed at his house, which turned out to be kind of Conference Central. All the authors are staying they're dropping by all the porn stars are coming by. I got to sit in the hot tub naked with a bunch of people. It was lots of that anyway. Oh, yes. I've never done that with porn stars is in authors. In fact, I got to sit with Wayne Bryant who wrote bisexual characters in film kidding.

J

Jimmy Carper 21:57

We got that's a fairly new book. Yeah, this is brand new book too, because I remember we just start. We talked about it just a month or so. Yeah.

G

Gigi 22:06

While we sat and talked in the hot tub, and he has inspired me to write a book.

J Jimmy Carper 22:11

Okay, yeah. We always think of the expert as being from out of town. Yeah. And we don't never realize that we may be an expert in our field

G Gigi 22:21

when I started talking to him about some of the more spiritual perspectives on bisexuality and on gender. And I know you're big on polyamory. Yeah. And the polyamorous movement, and just everything and, and he says, you know, you know, and I told him, I was thinking about writing a book one these days, and he says, you know, you should go ahead and do it. And as soon as you get a rough draft, send it up to me, I'll read it. And then when you're when you get all cleaned up, or I'll even give you some tips on how to get it published. That's

J Jimmy Carper 22:54

a good idea. So I mean, cuz that's such an open field. Oh, yeah. actual field is so open, there's, you know, and there's some reference books you can get. Yeah.

G Gigi 23:04

And there's so much that I've experienced and seen and done that I haven't seen in books yet. You know, especially on the spiritual side.

J Jimmy Carper 23:13

Well, you know, I'm so tired of going to, to Lobo or Crossroads or something and seeing, you know, all these wonderful books on on gay and lesbian issues, and a half a shelf on bisexual issues.

G Gigi 23:25

And the other thing is that, you know, while Kara queen, I think we're kind of on the same wavelength anyway, wow, she and this book, believe it or not, believe it or not, she discusses foreskin restoration. No kidding. And you've done it. Yeah. And talks a lot about against circumcision. So that was really cool. I was just like, and when she

J Jimmy Carper 23:58

we're surprised a woman would have an opinion either way.

G Gigi 24:02

— She does, because she's in this sex positive culture movement, which is, you know, we live in such a sex net negative culture. We're in such an impress culture when it comes to sexuality. And she's into this sex positive moment. Looking at how do we turn this around? Yeah.

J Jimmy Carper 24:25

I mean, I say I'm surprised that a woman would be interested in that. That's just my ignorance hanging out. Yeah.

G Gigi 24:30

Well, I think part of it is that, you know, that's one of the first forms that our males are oppressed by mutilating their penises. Yeah. And desensitizing their penises?

J Jimmy Carper 24:45

You hear the old story that okay, well, it's for cleanliness and all math the statistics about penile cancer how it's higher in in so much higher in uncircumcised men than it is it's actually

G Gigi 25:00

They've done some follow up studies on that and they find that penile cancer is higher in people that don't wash in use good hygiene ah, and big difference Carole Queen points out in her book new book. More people have died from circumcision mishaps that have died from penile cancer. Oh,

J Jimmy Carper 25:22

you're kidding.

G Gigi 25:25

Because they chopped too much off in the baby blood to death.

J Jimmy Carper 25:28

No, yeah,

G Gigi 25:30

I never heard of that. I didn't all kinds of other gonna advertise that. Alright. Then all kinds of other infections that occur because of Oh yeah Yeah surgery and can cause complications

other infections that occur because of circumcision, can, can, surgery and can cause complications and kill babies. And more babies have died from circumcision mishaps and from penile cancer.

♂

25:54

You know, that became big during World War Two, I believe. Yeah. I'm wondering, because they did it on adult men. Well, at first in the TARDIS, and I wonder how many adult men had problems with that.

G

Gigi 26:07

It first started with Dr. Kellogg. Oh, that food brought out the breakfast cereal that was supposed to make little boys not want to play with them. And we're still eating them cereal.

J

Jimmy Carper 26:24

You should have married Queen Victoria. You know they were made for each other. But I still love row two. Well, Ville that's great.

♂

26:32

So anyway,

J

Jimmy Carper 26:34

yes, but didn't get to see enough flesh in that. I

G

Gigi 26:39

did one thing when I was up there, wine gave me some things to bring back. Oh, yeah. One of them. If anybody wants to get an autographed copy of his book, I've got the forms here who

J

Jimmy Carper 26:55

that number is and five to 65738. Folks. Yes. And as Roy is not going to have any idea what you're talking about, because he's in the lobby.

G

Gigi 27:06

But I'm gonna leave you some days. Okay. And I can beat the racks. But you can send off and he will autograph and send your

J

Jimmy Carper 27:14

graph via the back. Great.

G

Gigi 27:17

2095 each. Okay, so that's not bad. There's also going to be coming up soon. Next year, April 3 to the fifth 1998 is going to be the fifth International Conference on bisexuality. It's going to be held in this country. Oh, good. It's going to be in Boston. And what's the date? It's April 3 through fifth.

J

Jimmy Carper 27:48

A little chilly up there, folks. Yeah. But they're expecting no nude.

G

Gigi 27:53

No, but I'm sure that can work something out for plenty of us. I know you'll think of some oh, what Miss GTI but they're expecting six to 700 bisexuals at that conference. Nice. I mean, this thing's gonna be big. And Wayne's. lives in Boston. He's one of the organizers for this conference. He wants me to send them what do you call it a proposal to do some workshops at the conference. You

J

Jimmy Carper 28:28

would be good at some work. Really? Really? You've had what two years experience here on the show?

G

Gigi 28:35

Yeah. Almost three. Is it that coming along? Wow. And yeah, just going to this thing has given me a high I mean, just amazing. How much is out there if you just open your eyes a little bit?

J

Jimmy Carper 28:57

It is time for bisexuals. Oh, it

G

Gigi 28:59

is and what's its you know, one of the things and I'm gonna Jay's gonna was gonna come tonight, but she wasn't feeling good. She was going to do a book review on on Carol coins, new Ben. But one of the things that's really impressive about the back to me is how she throughout

the whole book, she keeps coming up with this, you know, don't follow a trend in your sexuality, follow what's inside yourself. That's very important. And, you know, you see this in the gay community. You see it in the strike community. You see, we have this, you know, even the sex positive movement is kind of saying why you've got to do everything or you got to do this. You've got to do that. And some things aren't right for some people. And one of the things she says is that and she does a chapter on masturbation. She says before you can love someone else you Gotta learn how to love yourself first very important, and that includes having sex with yourself. jewel on

 J Jimmy Carper 30:07

her last show, reviewed the book. I am my lover. And I think that is a breakthrough in books for women. It's a series of women, photos of women masturbating. And she said it was even for her and she's very sex positive. Looking through the book, The first time was uncomfortable.

 G Gigi 30:29

Yeah. And it's amazing how living and sex positive Yeah. But, you know, it gets back to that, once again, we live in a very sexually repressed society. We're taught that even looking and touching ourselves. Whether it's the front or the back, is dirty and bad, but especially the back.

 J Jimmy Carper 30:52

Boy. Oh, give me a break. And you know, we got to play erogenous. Oh, yes. And

 G Gigi 30:58

one of man's best erogenous zones is tucked away deep inside. You just reach inside there. Talk about spiritual experience

 J Jimmy Carper 31:13

turned more men on to the book, Angel health and pleasure. Oh, yes. Yes. And I've had more men come back to me and said, Boy,

 G Gigi 31:21

thank you. Ah, then I've even the Bible. It is and I've even turned on a few straight men to Oh, and yeah. Because by giving it to their either wife or girlfriend, that's That's right. And it's like, people have come back and said, Wow, thanks. You've opened a whole new door for me.

 J Jimmy Carper 31:45

I don't think anal stimulation stimulation has anything to do with sexual orientation

G Gigi 31:53

or zone. And the nice thing about mental health

J Jimmy Carper 31:57

is a mental thing of who you want sticking something in there. Yeah.

G Gigi 32:00

The nice thing about that book, though, it's written not for any one group of people. That is right. Not written for guys. It's not for gays or straights. Yeah, right. It's for everybody. Yes. And it's written from that perspective. You know, we've all

J Jimmy Carper 32:17

Doctor, thank you.

G Gigi 32:18

Yes. So it's really good. Got some good information. I highly recommend that but I have a copy of that, too. That was one of my early early buys. But anyway, the conference just it started out with the Big Bang and went on from there. I mean, it was fabulous. It's hard to recount everything I mean, after the disaster coming. Yeah. Sent me in turmoil.

J Jimmy Carper 32:52

Folks who who don't read may not recall that. Yes, you You went there on your motorcycle right. And coming back you had a tire problem in flagstone, where you Flagstaff?

G Gigi 33:08

It's a tourist town. Yes. And their local bike shop didn't have a single motorcycle in it. ratable They had one little rack of tires, none of which fit my bike. And then you had and they had all these little recreational vehicles all over the place. I said, Hey, wait a minute. You want me to wait four days for a tire to get here? And their hotel? Right right during the peak tourist season.

J Jimmy Carper 33:41

Problem with the chain?

G

Gigi 33:42

Yeah, the chain started giving out cash. And it was bought. You got home fine. Oh, yes. Finally made it. But four days later? Yeah. At great expense in Flagstaff, thank you very much. Talk about bending over and not feeling good about it.

J

Jimmy Carper 34:06

Anyway, I hope that didn't dampen your spirits. Oh,

G

Gigi 34:09

not at all. Not at all. I mean, it's like, I don't think anything could have. I mean, I was just on such a high meeting all these people and being in the center of you know, I've seen what it takes now to put a conference together for a task. Oh, no. I mean, it is just amazing. How much work goes into putting these things together. And they come off so good. You know, it's like, you get there and the magic just starts happening, even when all my best planning goes awry. I know that. At one point we're while it's during the erotica. They were doing a film erotica symposium. And that's when they had all the porn stars, they were kind of interviewing and then showing some of their porn up on big screen. And we were doing it at this nightclub. I forget the name of it is mostly a men's leather bar. And they just had it open for the conference from seven till 10. When we were doing this by erotica symposium, and then after that, they open the doors and we stayed and danced and hung out and ended the fence sitters ball. And that's where we call it from, from your station from.

J

Jimmy Carper 35:46

I'm just wrecked over that.

G

Gigi 35:47

Oh, and I was too as an empath. I was so disappointed. And everybody from Melee sent their love to hate it, you know, and they tell you all up and down California. They think all Texans are like me, I got a big surprise. I keep telling him that they're not like

J

Jimmy Carper 36:07

me, the world would be a better place if they were. I honestly think that

G

Gigi 36:13

but at the fence it or spa, I mean, at the symposium, one of the thing, they had me get up and

do a little piece and did a talk on the wall, I've kind of coined a new term for it by gendered. Okay. Me, you know, they don't really like the term hermaphrodite. And so I just told a whole lot about, you know, some of my experiences some of the clues, even though I don't think medical records even exists, may have a little bit of girl stuff in me.

J Jimmy Carper 36:53

When Sarah is on Sarah dipalma doing the transgendered portion of the show, she always talks about that as intersex.

G Gigi 37:01

Yeah, yeah, that's the new name for it. Yeah. And I don't even like that term. You know, but that's just my preference. But um,

J Jimmy Carper 37:13

well talks about you give the definition with the term. Yeah, people.

G Gigi 37:18

Yeah, well, that I did. And, you know, explain how, you know, is the, you know, when I was younger, and for many years, I used to get bleeding in my column, and sometimes in my urine, and then went to doctors and, and it wasn't always, you know, it come and go, you know, pretty much on a monthly cycle. And then I read some info, you know, I've been reading more and more information on this. What's the term enter intersex, intersex people, people?

J Jimmy Carper 37:54

And there's a lot more people than you would say,

G Gigi 37:57

yeah, one out of 10,000.

J Jimmy Carper 37:59

That's, that's your, and you're getting into the millions of people. That's a lot of folks

G Gigi 38:07

that is and but anyway you know what I've learned is that a lot of times if you're corrected as

that is, and but anyway, you know, what I've learned is that a lot of times, if you're concerned as a male, but it's not done all the way, you still have periods. And that's what was showing up. But no doctor would ever tell me that. They just say, Oh, don't worry about it. It's an kind of sheepishly walk off. They ran up late all the time. I don't know if they did, or, or I don't know if those particular doctors did or not, but they sure didn't tell me anything. And just so you know, I was concerned about us. And you know, I'm getting blood and I ran a couple of tests and say, Oh, it's no problem. So anyway, I brought this up at the symposium. And I guess I'm becoming a little trendsetter. I think a lot of people will, a lot of people came up after the symposium and said, You know, I'm really glad you brought this up, because it's a question that's going to be more and more heard in the bisexual community. And you, you know, so many people are so afraid to talk about these things. That's an Oh, my name is Gigi, I'll talk about anything. I know. That's right. But I had a lot of people and and I even had a couple of people from the conference come up and catch me at different times they are after and say, Well, you know, I think I might be one of those children. And, you know, we try to find numbers and all that so it's really positive.

J Jimmy Carper 39:45

I need to remind everyone out there that you're listening to after hours, queer radio with attitude on KPFT Houston and KEOS College Station. I'm Jimmy Carper. And Gigi and Jim are discussing bisexual issues.

G Gigi 39:59

To change the subject a little bit before I went to the conference, I got a mailing. And it was before I didn't get a chance to bring it in, but I'm from BiNet, USA. And they had their annual meeting. They haven't meeting one business meeting once a year. And right, well, during the meeting weekend, they held their first annual bisexual transgender day at Disney UI. And it was a big success. While they were there, they gave out over 200 stickers that were saying 100%, bisexual and queer but not narrow. Thought that was pretty cool. But they've set up a pretty good agenda coming up for the following year with some
