00:01

I've shown different people that can do these things in both sides. But the bottom, I think, I think when, when I take a look at at the gay male, and the and the gay female, that I know that most heterosexual men would love to be more sexual, but women keep them from being that way, right? Because of their own social mores, right. And I'm women in the gay community are exactly replicating what the women in the street community, I can remember going out with guys. And I'd start saying, you know, oh, and have you been married? Do you have any children? So, have you ever thought how did you escape? And the guys were just experts in backpedaling And sure, and not answering the question. And, and they could keep you. I mean, I dated guys longer than I've probably been with some people, you know, because I mean, they knew how to keep avoiding those kind of really intimate questions until they were really ready to settle in, whereas women, and so you get two women in the community who are of like mine, and it's the same way with two gay man. I mean, you got women who are trying to keep them from being a sexual note and trying to say, Hey, buddy, no, cool it a little bit. But you get two men of like mine and Gangbuster. Sure. So I mean, that's what we're seeing in this community is a is a reflection of the culturalization of men and women.

Jimmy Carper 01:32

But I want to stray

Gigi 01:37

I find that kind of it's partly socialization, because, you know, men can go to places like Memorial Park and go to the bars and go to the bathroom. I

Scott Lewis 01:46

don't know that I would Morial park in the bars in the same Senate.

G Gigi 01:50

Well, well, hang on. I'm just saying before the bars we had the parks. For men, there's a lot of options. And yet for women or women, there are no options.

J Jimmy Carper 02:01

And the other thing with with a straight couple is that the man like you said wish they had the sex life that that gay men do. But yet when they come across a woman who likes sex, they looked down on her why is that? She's

S Scott Lewis 02:21

a tramp. She said yeah. That's a

♀ 02:25

lot of you find a lot of that religious kind of confusion with

J Jimmy Carper 02:30

I mean, that's what they really want a woman who was sexually active, but when they find one then

S Scott Lewis 02:35

right men sleep around in there and they died. Women, you know, a woman sleeps around and she's a whore. That's the mentality. Right? And it still exists. Oh, absolutely.

J Jimmy Carper 02:45

Okay, now gay man will call each other horse and you know, but it's

S Scott Lewis 02:49

camp. But you turn left and that same one that just called a gay man, a horse having sex on a patio

♀ 02:55

and tell you something in the women's community bar is different. You you sleep with more than one woman? And it's known.

 Scott Lewis 03:05

Oh, boy. Yes.

 03:07

And you are really bad. What about

 Jimmy Carper 03:09

this? I mean, because gay women lesbians are more into serial monogamy. And I've heard many times where a woman says, you know, I walked into two peas and I had slept with half the women in there. And they were still all friends. So what's the deal? There? See?

 Kirk Keevert 03:27

They can do? We can't?

 Scott Lewis 03:30

Yeah, we can. We don't. I have friends. I'm friends with anybody I've ever slept with. And that's a lot of people. And, and but so many people that I know most people that I know can't and won't that son of a bitch. I mean, they're just vicious angry. The difference

 Jimmy Carper 03:48

is you did not get emotionally attached to all these people that you're still friendly with after having sex.

 03:55

Right? And if they didn't call you the next day, you didn't get bummed out. Yeah, cuz

 Jimmy Carper 03:59

you weren't interested. You're talking about people who have had the emotional attachment and it's gone sour,

S

Scott Lewis 04:04

right? Because isn't it true Sharon that the as as much as you will love somebody it's a strong passion. And then when you get hurt by that person, you have an equally strong passion of hate or but it's a reflection of the pain the hurt.

J

Jimmy Carper 04:20

Don't you think it's because men are more they don't want to be vulnerable and when they open themselves to a lover and then things go wrong they feel like there's somebody out there who's my enemy and knows really secret things about

G

Gigi 04:33

me something of a myth because you know it's an illusion that love and hate are opposites they are not and hate someone and love them at the same time.

J

Jimmy Carper 04:42

It's the opposites are love and and it just flew out of mine. And

S

Scott Lewis 04:51

you're to pay on time tighter, sweetie. Yes.

G

Gigi 04:57

And, you know, the thing I found is that you When someone feels strong feelings for someone, you're going to have a little bit of both sides. And what happens in our society is we label one is good and one is bad. It's not the emotion themselves have no good or bad to them. It's what you do with those emotions and how you behave from those emotions. If you hit someone in the nose, whether it's out of love or out of, hey, it's a bad behavior, right? You know, they're trying to destroy the person that you say you love. And people have tried to destroy people are the name of it matches,

J

Jimmy Carper 05:37

because they don't understand that if you're in a relationship is an emotional relationship, you are never going to agree on everything. And it's a matter of give and take and compromise all the way down the line. And even after 19 years, it's still a matter of compromising, give and take on a daily basis.

G Gigi 05:58

I think that the other side of that coin, too, is that you have a commitment to one another at some level or another. Sure. And there is a bonding. Yeah. And there's this kind of over time, when you get involved with someone. You do get this phenomenon where you start almost reading each other's thoughts. Yeah, it's great pleading each other sentences. Yes. And all of a sudden, you know, it's like,

J Jimmy Carper 06:24

which which of us haven't seen straight couples that have been been together for many, many years. And they're best friends, and they have this great relationship, and other couples who have been together, maybe for the children or something and are leaving miserable lives? What's the deal there?

G Gigi 06:42

And I think you said one of the key things what, when the relationship starts out of friendship? Oh, yeah. That's relationship. Solid. Just starts out of lust.

♀ 06:55

How many started out of just friendship? No

S Scott Lewis 06:58

one. I've had fun. I mean,

J Jimmy Carper 07:00

I have very, very, very few. But yeah, that's right. Yeah, I mean, last isn't present, then you never, you never go into

G Gigi 07:08

finding that friendship. Oh, many can start with friendship.

♀ 07:12

You think so? I think they can't I think it can go either way. It can. And I think it's I think we're more geared though, for the high of running into somebody that we're immediately attracted to. Because that's, that's easier to take off with

J Jimmy Carper 07:30

our blessing, because that really is the basis of my relationship with my lover. I did not like him. He pursued me for four years. And finally, I turned around, I thought, you know, This man really loves me. And I would really be unhappy if he were not in my life. I mean, I'm used to this, I realized, and I realized that I loved him. That's wonderful. It did not start out of last. And that that Yeah, it's interesting, because I've always thought that any relationship must start out. It's the last

G Gigi 08:04

thing that happens a lot of times it's the same chemistry that happens in last and love occurs also at another level and friendships. You bet more on an intellectual side?

♀ 08:19

Oh, well, what about all those relationships? Oh, God, the sex is so great. But you really can't stand the sex is great, but you don't want to be in the same room with him after it's over. You have nothing in common? There everyone's uh, that

♀ 08:38

that's hard to relate to for me now, is it because the years that I had my most promiscuous years were probably during my most drinking years. Ah, you know, because I think alcohol and sex kind of go together pretty fast. And they can after, after I gave up drinking. I no longer really wanted that kind of relationship. I wanted something more meaningful. And so I have not had that kind of non meaningful

J Jimmy Carper 09:11

sexual do we drink to lower our inhibitions so that we can meet people easier?

♀ 09:19

I don't know. I got so stupid that I didn't. You know, I would have ever slept with a monkey.

J Jimmy Carper 09:25

What about those of us who don't have any inhibitions?

G Gigi 09:28

I think if you ask what about

K

Kirk Keevert 09:29

what about those of us that don't have access to monkeys?

G

Gigi 09:33

On that question, you get 10 different answer. Yeah. People drink for different reasons. Yeah. Again, are driven by different forces. Yeah.

J

Jimmy Carper 09:40

But you know, too much alcohol and there is no sex. Let's face

o

09:43

it. You bet. You bet. And what happens is you might have all the thoughts in your head, but there isn't any kind of any kind of real enjoyment out of it from either women or men. There's there's a certain certain impotence that comes along with with Since a lot of drinking and sex for both men and women, gosh, even though everybody's so geared,

J

Jimmy Carper 10:07

I know, I know. I know, a little is great. Too much is awful. And where do you draw the line? Well, I think is there is there an answer to that? Is there an answer to that really?

G

Gigi 10:20

Well, one thing I'd like to throw in, and I think part of this falls under that we do live in a very sexually oppressed society. Yes. From the day we're taught, you know, we're this high we're taught don't touch here. And, and you know, on somebody else, and it's like, you know, wellness, so

J

Jimmy Carper 10:46

we need the drinking to get rid of these waves from early programming.

G

Gigi 10:51

All of a sudden, we're taught this part of our body is no, no, my so

S

Scott Lewis 10:55

like, why is that? It's like the ideal. Roseanne has an episode about masturbation where the little DJ, the little young boy learns masturbation, he's locked in the bathroom all the time. And the father tells him, it's okay. Everybody does it. It's a normal part of your life and everything. So later in the episode, the sun comes back in and he's, oh, yeah, I was just up in the bathroom, blah, blah. The father says, DJ, everybody does it. Nobody talks about. And that's, I mean, that sums it up the best way. We have to take a break right now. FCC regulations. We'll come back right can you stick around Sharon? Sure. We'll bring hatch in continue the discussion. I've got to get out of here. I've got a lot of work to do.

K

Kirk Keevert 11:35

You're listening to after hours on KPFT Houston and ke O 's College Station

S

Scott Lewis 11:41

and Brian. And the song I'm gonna play which is not very upbeat. I'd love to play some upbeat but I was reading in the Bay Area reporter today which is the San Francisco newspaper about Glasgow welcome and I'm Mike so Glaxo wellcome I pronounce that right? They make AC T and three TC Yes, they do. They have a new drug that evidently has been developed over time that they say would make AZT obsolete with a lot of the side effects gone, but they don't want to but according to act up Bay Area, they don't want to release this drug, because it would make AZT obsolete and they would lose all those sales, which doesn't make any sense to me. But so the City Council in San Francisco is boycotting them. They're encouraging the entire country not to buy any of their products. Because literally, they're killing people. And so I think about this song a lot. Nell Carter a few years ago did a program on World AIDS Day and dedicated this song to her brother who she lost to AIDS. And so I encourage you not to purchase any black so welcome products and send this song out.

K

Kirk Keevert 12:44

Or at least or at least do your own research and find out about that

S

Scott Lewis 12:47

exactly. We'll be right back after this.

♂

13:47

I tried my best to offend people last month.

K

Kirk Keevert 13:52

Oh, well, you know what you did? You shouldn't be so proud. You did.

J

Jimmy Carper 13:57

Actually Scott You were with us last week. Yeah,

J Jimmy Carper 14:20

What is this white thing was smoke coming out of it. You

♀ 14:22

probably couldn't see or hear over the shirt he was wearing Oh,

J Jimmy Carper 14:27

oh, I had changed shirts by then.

K Kirk Keevert 14:31

Oh, you know that Yeah. Tank top thing which was a whole another bad decision.

♀ 14:36

We could see that flashy paint shirt from Beaumont you realize

K Kirk Keevert 14:39

well no, we had to take it off and let and let Sheila Jackson Lee borrow it don't go there Oh, not see.

J Jimmy Carper 14:54

All just walked in with one of my favorite statues. And again you just the wrestlers.

♀ 14:59

Oh my A Oh my,

K Kirk Keevert 15:01

you know, I think that's from Star Trek The Next Generation now this

I Jimmy Carper 15:04

15:00

Jimmy Carper 15:00

statue. Well a copy of it is sits outside right outside of the Domenici palace in Florence. So everyone can fall far, far, far, far.

15:16

No wonder so many artifacts come from that.

15:22

Jimmy Carper 15:22

What does that have to do with that?

15:23

Kirk Keevert 15:23

I went to MIT deechi High School

15:26

in deechi.

15:29

Kirk Keevert 15:29

Thanks for getting that obscure reference knights did

15:37

Jimmy Carper 15:37

in taking a phone call. Sure. Oh, sure. Okay.

15:43

Kirk Keevert 15:43

I can't believe you're doing this. Well, it's somebody doing phone call. I

15:47

Jimmy Carper 15:47

know. But it's somebody with hache.

15:50

Kirk Keevert 15:50

16:02

Hello. Now see,

Kirk Keevert 16:04

it takes it takes your your help with this too. You have to say hello.

16:08

Oh, hello. Oh, hello. Hi. Hi. Who's this? Alexander.

Kirk Keevert 16:13

Hi, Alexander.

Jimmy Carper 16:14

Yes, you have to put the headphones on. So you can hear. Sorry.

Kirk Keevert 16:20

Anyway, the whole technology thing? Oh, yeah. How are you doing? Well, good. What's up with you?

16:27

Well, I'm with hats and everything. And you know, so I'm a young and so I'm not allowed to come out to your radio station and everything. So I'm gonna call him.

16:36

He's a curfew victim.

16:39

But he still wants the attention.

Jimmy Carper 16:43

..... Carper 1010

Yeah, well, you know, originally, I tried to take into consideration curfews because I was originally going to have to hatch thing on like after 130. And a couple people said, my curfew is at two. Yeah, yeah. Well, there's evidently there's also the

♂

17:03

Houston city curfew, but we're not gonna go there.

♂

17:09

So anyway, well,

J

Jimmy Carper 17:10

you see if you're a part of the show, I mean, you have a reason to be at.

♂

17:14

Just say you're on your way to work. Yeah. Right. Make sure you're driving. You're not walking on Westheimer.

J

Jimmy Carper 17:23

So what's up, Alexander?

♂

17:24

Oh, nothing. I don't know.

K

Kirk Keevert 17:26

Oh, well, then that's a good reason to call.

♂

17:31

I don't know I just called really, because I love your show. Well, thank you. So yeah, no, really. I love your show. I listen to it all the time.

K

Kirk Keevert 17:38

We love your show to Alan. Thank you so excited.

J Jimmy Carper 17:45

What do you normally do on the Saturday night?

⌚ 17:47

Oh, nothing. Sleep. I have no life. So I listen to you.

⌚ 17:53

You have no boyfriend? No, not right now. Oh. Still shopping?

⌚ 17:58

Yeah. So it's it's horrible.

⌚ 18:00

Well, that's what people are best at shopping. So,

K Kirk Keevert 18:06

how old are you, Alexander? I'm 16. And how long have you been going to hatch?

⌚ 18:11

Over a year? See?

K Kirk Keevert 18:13

See there someone someone heard you on the radio felt sorry for you and they're calling up Alex. Sorry. You want to go get that or you want to hear you talk? I'm

⌚ 18:26

gonna get that. Okay. Well, well. Well, okay. Okay. One second. Okay.

K Kirk Keevert 18:32

Anyway,

J Jimmy Carper 18:33

we're on hold.

K Kirk Keevert 18:35

This is the radio. Radio works, ladies and gentlemen. So what's up with Hatch this month, guys? Well, I

J Jimmy Carper 18:44

mean, you know, you're probably still coming down from the parade.

∅ 18:47

Yeah, well, that was an experience of its own. We had close to 40 people show up right to march for Hatch.

J Jimmy Carper 18:57

That was quite impressive. It was it was a big

∅ 19:00

showing. I was really impressed because we didn't have nearly that turnout last year.

J Jimmy Carper 19:06

I think everyone was impressed to see that many teenagers that was just for an old faggot like me. It just feels really good to have people who are able to come out and know who they are, what they are, and have support. Because it kind of wasn't that way back in my day.

∅ 19:28

I think two of the most, the most impressive things that have happened over the years has been Hatch coming out on the parade and PFLAG Yes,

19:37

yes, people are invaluable organization. You bet. I

19:40

think those two just seeing them I think brings tears to your eyes. And your float was incredible guy like it was Thank you absolutely wonderful. Thank you.

19:51

We got lots of compliments on the float and Justin.

19:59

Justin wash

20:00

Oh, no, he's pink. Over here. I can vouch.

20:04

Of course, he wouldn't be red, he'd have to be pink.

20:07

But anyways.

Jimmy Carper 20:12

So they worked hard on that carwash. Yeah. Well, all suddenly they washed everything they could get their hands on. And see, I didn't go and it really paid off.

20:24

Well, yeah. But we did have to turn away a couple of the semis that, you know, the big trucker guys with the pink triangles were like, No, we're not going to do that. And they drove off.

Jimmy Carper 20:33

Well, they could have paid extra. But what's the next big project?

♂ 20:40

Oh, the next big project is, or the next big event is the, the BRB wants to do a benefit for sometime within the next month or two. Why? Really? Yes. And so we're waiting to see what happens with that. We are being controlled

J Jimmy Carper 20:58

benefit with which you get out, I

K Kirk Keevert 21:00

was gonna say what you guys can't go to

♂ 21:03

but then I was grandfathered out when they change the age limit.

♂ 21:06

So he's the old one.

♂ 21:09

Old but wise, thank you very much to me. Do

K Kirk Keevert 21:11

you have anything to maybe help Scott with that? Being the old one. I mean, he would certainly know better than me

♂ 21:19

on the stage.

J Jimmy Carper 21:22

I'm almost old enough to be a member of sage as

21:27

Jimmy seeing you on the back of that car with that gorgeous pink top. Absolutely

Kirk Keevert 21:34

disturbing.

21:37

Picture, it was all I could see for a minute or two. Once my eyes focused. It was fun,

Gigi 21:42

though, when there's certain things that come with age. And that's experience. And baby summit has had have a lot of Oh, yeah.

Jimmy Carper 21:51

Oh, wow.

Kirk Keevert 21:53

Oh, well, if that's what it is, I'm 75.

Jimmy Carper 21:55

But no,

21:57

of course you aren't here.

Jimmy Carper 21:59

The thing about experiences that was that's not something you can teach. And that's, that's kind of hard for some of us because we have to watch the younger generation trip and stumble sometimes. That's right. Because there are just certain things that cannot be taught. We can

we can give the history, we can give support. But everybody has to do their own stumbling. And we have to remember that we've all stumbled, right? It's not a bad thing.

K Kirk Keevert 22:29

That's when you have a walker.

♀ 22:34

Well, as a mother, I've had to go through that with my own daughter.

J Jimmy Carper 22:37

Uh huh. That's hard isn't Oh, that's terribly hard.

♀ 22:40

Because you want to protect them from everything that you've ever heard. That's exactly their whole life. Yeah. And they take it as mom. Just get out of here. It's none of your business.

♀ 22:53

But I think I think going back to that, that's one of the best things about the parade. Is that even within hatch, there's, there's adult facilitators that give us that support. But going out to the parade, you see so many faces, and there's so many people. I mean, 1000s and 1000s of people cheering us on. And for me, that's, I mean, that's just so much. It's so overwhelming, that you don't even worry about it. You're just so wrapped up in the moment.

♀ 23:20

And of course, the section with the parade dissidents was so small, it was kind of like, well, I heard they were they were

K Kirk Keevert 23:29

wherever they parked. I heard they were they were even pretty vocal on the face of the parade. They were like a small blackhead. I mean, they were it was you know, they were they were they were an ingrown hair. I mean, they they weren't even worth mentioning.

J Jimmy Carper 23:42

Okay, two things Tom Richards called in. He's Oh, he's older than me actually. scary thought.

And he says it's kits like this and hatch that makes it feel that makes it so that old farts like us don't have to worry about the cars continuing on. Well, and that's true. That's true.

♂ 24:01

When interesting things I was talking to a big ROI in the other room. And he was at the Stonewall riots. Yeah. And he said that the average age of that group did not push 2324 Right now, he said the average person was about 17 to 22, actually.

J Jimmy Carper 24:21

And that's what it took. I'll tell you that because anyone older than that was part of the Matta Shane's sociation thinking that we want to appear, you know, we want to appear to public as people in suits and women and dresses and that we're just like everybody else. And it was the younger generation that said, Enough with this BS, you know, it's a new generation.

K Kirk Keevert 24:47

Oh, I think I think one of the one of the other things that that hatch encourages, maybe not actively, but that sort of peripherally is that these are Kids that are going to be these people. Yeah. Hold on Alexander. We're talking. These are. I'm talking Alexandria. Yes. These are the people that are going to be in the organizations in the future in in the, in the courts in the what am I trying to say? Rolling

J Jimmy Carper 25:22

the world? Yeah. Thank you. You're gonna be paying for my Social Security.

♂ 25:27

Yeah. Justin has got himself some setup hoping he's gonna be Empress one day.

♂ 25:33

My tiara,

J Jimmy Carper 25:34

can we add one more person? On the title? Can you push number one? Christina is on the left. Well,

K

Kirk Keevert 25:41

we disengage Alexandra if we do that now,

J

Jimmy Carper 25:44

we'll have to have him on. Wow,

K

Kirk Keevert 25:47

we're technologically advanced. Oh, sorry, Alexander. Jimmy lied to me. He's a vile, hateful. Look. It's Christina. Hello. Hi, Kristina. Hi. Is this a Christina Ricci, is it? Okay, we can have our dreams. How's it going?

Ω

26:05

Very good. What's

K

Kirk Keevert 26:06

up with you tonight?

Ω

26:08

Well, I wanted to call because supposedly I am the youngest member at hatch.

Ω

26:12

Yes. Oh, really? She's one of our newer members, too. Ah, yeah,

Ω

26:16

I've gone for about a month now.

K

Kirk Keevert 26:18

And how old are you? Christine?

Ω

26:20

I'm 14. Whoo,

J Jimmy Carper 26:21

what do you get out of hatch.

♀ 26:23

Um, I get the support that I need from other gay, bisexual and lesbian people. And it's very nice for me, especially since I do live in a straight community, which is very frustrating for a teenager my age, to find people older than I can get support from and experiences and it's just very nice to be able to go to hatch. And I'm very happy that is there for gay lesbian and bisexual teens.

K Kirk Keevert 26:51

Well, Christina, one of the one of the things that that it's one of those things that we were talking about earlier that that we can tell you, but you're just going to have to experience growing up is you're going to continue to live in a straight society. Yes. Straight community. We're fortunate no matter pretty much no matter where you go, you're going to be living in a straight community.

♀ 27:10

Mostly unfortunate for them

K Kirk Keevert 27:11

with. With, you know, with very few exceptions, and

J Jimmy Carper 27:17

well yeah, I mean, what 60 to 70% of the people are probably straight. Another 20% are bisexual but probably in the closet about it. And then there's us Yeah.

K Kirk Keevert 27:28

And, and congratulations to you for for finding this. This outlet. Yeah, this resource for you. Yeah. How

♀ 27:37

did you find them? Um,

27:39

I had received a pride guide in the mail. Wow. And I'm advertising for the going Pride Parade. And I was flipping through looking for teen organization. And I found that

Kirk Keevert 27:50

okay, well, Christina, I gotta, I gotta back you up a little bit here at 14. How did you? How was it? How did you come to receive the pride guide in the mail?

28:03

My mother was an activist in the gay community, really? As your mother is your mother lesbian? No, she's not. She's stripe, and very happily married.

Kirk Keevert 28:11

Good for you. Good for her.

28:14

She has, she has a lot of lesbian and bisexual friends in the Houston area. And so she was very active in that. And so that's how she sees the prime guide. Once a year, or every so often whenever it comes out.

28:30

Did she have any problem at all with you being you

28:33

know, it was kind of weird when I told her because she's just like, Okay, well, do you want to join a support group? And I was like, not really. And that was about two years ago. And then this year, I was. I was thinking I really need to find a support group. Because it was getting harder before it was getting easier. Yeah. I needed help.

Jimmy Carper 28:51

Yeah. Just just to be around people who think and feel like you do. It's like coming home, isn't it?

28:59

Yes, it was. When the first day I was there. Everyone was very loving, very open. And everyone's just like, Oh, hi. And it was it was a very nice environment. And it was one of the happiest environments I hadn't been in in a long time.

J Jimmy Carper 29:15

That's good to hear. Yeah, yeah. Wow, what a great testimonial.

29:21

Do they have a lot of girls in there now? Know, they know.

29:25

We're working on the lesbian. I'm trying to get more lesbians trying to get more gay women in the group.

J Jimmy Carper 29:40

Okay, well, I

29:41

think for women, they're more in the closet. It's harder to come out. Because of the sex and for men. It seems to be easier. And then maybe it's wrong. But

J Jimmy Carper 29:51

is it because we're pigs? Well, wait,

K Kirk Keevert 29:54

wait. Christina because of the sex. What do you mean by that?

29:59

Well, I mean, as far as gender, that's what I mean. Not sexism experience, but the gender.

30:05

I see. Yeah, notice there are a lot of a lot of women that I've met who are fine with gay men. But when the subject comes to lesbians, they become very guarded. Because I've had it explained to me that women are usually and you can observe this women are usually more intimate in their friendships than men are to begin with. And a lot of times, there's a very fine line between women who are best friends and women who are lovers. Right? Usually that line is just the sex. And so that's why that's why I come to the conclusion, or the I can't even talk tonight. Kind of the conclusion basically that that's why women are so much more adamantly opposed to lesbian when when they are against lesbianism

J Jimmy Carper 31:00

Well, I don't know about that.

K Kirk Keevert 31:02

We're doing this we're doing this whole version of men are from Mars, Women have no penis. Whatever the books called,

J Jimmy Carper 31:13

I've had the experience of a friend of mine, a straight guy of mine going into a gay bar, he was all worried before going in, it's like, Oh, somebody's gonna hit on me and you know, worried about his masculinity. So honey,

31:26

take it as a compliment and move on.

J Jimmy Carper 31:30

He had a good time on the bar. Nobody had on him. And when he left, it was like, What's wrong with me? Why didn't anybody hit on me?

31:39

Yeah, I have a friend of mine who's very straight, but very gay positive who loves to go to gay bars because we have more fun. He's a Limelight hog. He really is. He loves to be in the limelight. And when he goes especially to riches, all the gay men just flocked to him. Ah,

31:56

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100

I know that feeling.

J

Jimmy Carper 31:58

We used to call that brain teasers.

♀

32:02

My mother calls him fat cat. Yeah,

♀

32:04

there you go. Yes. Or if they're men, they're fruit flies.

J

Jimmy Carper 32:09

And how many fac hags ended up being lesbians?

♀

32:13

I don't know. I have a really great friend of mine who has been one of the greatest most supporting fags I've ever had. And we use this love. She told me she was moving back to Houston and she was going to start going to the Art Institute. And you know, she's like, kind of moving into this cute little apartment on Westheimer with my blonde female lover. And I thought oh, cuz she had hinted about BioCurious. But now she is a full fledged bisexual. She's by certain she's got a she's got a bunch of blonde lesbian lover so she is fully inducted good.

K

Kirk Keevert 32:49

And doesn't have to worry about car repair. No, she was.

J

Jimmy Carper 32:55

The thing that is so amazing to me is that so many teenagers are now knowing their sexuality at an earlier age. Oh, yeah, a couple a couple of generations ago. Men Women didn't know their their orientation until much later in life. Many times after a marriage.

♀

33:19

Yeah. Well, it's really strange because it's never an issue around my house until I started having gay friends. So when I was really young, I didn't know anything was wrong with it. I

didn't really care.

 Gigi 33:30

I think people knew but they felt repressed by it and hid it even from themselves. A lot of times. Oh, God, I know, I came out layer by layer.

 Kirk Keevert 33:40

I mean, I'm, I'm you know, I'm like a half a generation ahead of these guys. And even I mean, I didn't come out until I was 25. For God's sakes.

 Jimmy Carper 33:52

I was out all my life. But because there wasn't a hatch. I didn't know what I was. Yeah, I was practicing it. But I didn't know what it was called.

 34:00

Oh, I didn't come out until my late 30s. Wow.

 Jimmy Carper 34:03

Say,

 34:05

you know, there's a friend of mine that I made when I was spent my two years since again who now has two children and I don't think he really came out until 4045.

 Jimmy Carper 34:20

It happens yeah. I know at the switchboard we get people in their 60s just coming in.

 34:27

I think for a lot of teenagers also they consider themselves bisexual for the fact that they're not sure on their sexuality. Sure. And so of course they are practicing and experiencing so that's why they call themselves bisexuals.

34:44

We're gonna cut to some music. It's the Indigo Girls have their new CD shaming of the son. Song is called it's all right. Okay.

J Jimmy Carper 34:53

Thank you, Christina.

K Kirk Keevert 34:55

Thank you for calling Christina. We'll be right back.
