05:49

Okay, well, I have a couple of shout outs today. First one goes out to April and Donna, who probably isn't listening. But April's going in. I think unit

06:07

But April's going into the hospital tomorrow. And we just want to wish her luck. And then my second one goes out to my two sisters that are in Houston right now. 06:31

06:32

06:35

They know who they are. They told me to shout out to them. So I was like, Okay,

06:40

let me go to school with one of those books.

06:43

And then I guess my mommy and my daddy.

06:48

Oh, I bet your sisters and where the hell are they speaking of them? Bringing them they

06:54

decided not to come? Here. Okay. Well, I guess that's it when she could do we have music

07:02

to play? Or what I do? I do. So we're ready for the after hours news interviews with big Roy and Chris coming up right after the hatch segment. Then after the news interview segment leathers, he is here with the folks from the misfits and we're gonna have a good old time.

07:26

All right, so us okay, that was the hatch segment. All right. Bye. Bye.

07:29

Bye bye. See you next time. Toodles See you soon. Till next time you back.

08:37

Oh yes, it's now time for the after hours news and views with big Roy and Chris.

Roy McCarthy 08:46

I'd like to welcome everyone to this week's edition of after hours news and views on big Roy. And with me tonight is Chris we're going to have all kinds of interesting stuff to talk about. And I'd like to start it off by saying give a shout out to Randy down there and rosharon to the other Randy down in Beaumont. Tony up there and Midway to John here in the Montrose to to Tom out there in Richmond and to all of our listeners all over the Lone Star State. And I want to start off with talking about a issue that came through this week's edition of The Houston voice how that the American online founder has donated donated 8,350,300 \$50,000 to a church group that is very fundamentalist right wing extremists group who believe that gay people are are very wicked and evil and no good and well you know, how that that stuff goes At any rate, American online itself has not yet responded to criticisms from gay activists, including from the Human Rights Campaign from or from the Gay and Lesbian Rights Association, the and a number of others. America Online has acknowledged that gay men and lesbians are one of AOL 's largest online communities and Ale L in all fairness, I'd have to say this has sponsored many gay rights events, including a festival at April's millennium. March in Washington, and HRC is national fundraising dinner. AOL has, you know, done many things favorable to the gay community. But this giving of money to a right wing extremist church, church group is really quite upsetting. I'm not saying that we should, you know, boycott AOL. But we should let them know, our feelings. And let's Steve Chase, who is the CEO and president of America Online, let him know how you feel. His address is PO Box 29521, New York, New York, one double o nine, seven, you can call them on the landline at 1888. That the nickels on them, they pay for the call 18882658 Double O three? Email is that is Steve chase@aol.com. And of course, their website is just plain ol aol.com. Like I said, I'm not calling for a boycott. But I am saying that we should let them know, you know how upsetting this is. And what these groups would do with this money

12:07

was kind of strange. Also, I believe AOL has a pretty good working relationship with planet out.com, which is one of the larger one of the larger organizations on the internet as a gay resource. Especially with their organization with playing out.com their their part in their popcorn queue, which is great source for different television and music, I mean to a television and movie events that are coming on that you'll be able to see. It's kind of upsetting when you see something like this an organization, especially in the past like that, and there's a lot of bulletin boards in there. And I'm wouldn't be surprised if you'll find in there and some of their Hot Topic ones, probably now you'll see you'll probably see something. And if not start one up. That's a good way for you on AOL to get their attention is to start up a bulletin board let people know and exchange thoughts there was they do that on quite a lot of the controversial and the conservatory when when a major tragedy occurs, they start bulletin boards for you to talk and express your feelings. I do know they had several bulletin boards up when the beginnings of

the Dr. Laura episodes. So I mean, if there's if you don't see one out there. Start one up, start a little private chat room, start one of those community rooms on there. Of Why did AOL do this? part one, part two. And if just that's the easiest way to let them know, because remember, it's an internet business and let them know what the point when they when you log in that there's that you may have an objection to this or you want to find out some more information here straight from Steve from cases of mouth and get an email back from him or whoever his representative is and find out exactly what their opinion is on it.

R

Roy McCarthy 14:00

I do want to mention one other thing too, that AOL, you know does is a major sponsor of planet out.

U

14:09

That's what I just said,

R

Roy McCarthy 14:10

you know, there's many different groups, not just chat groups, but many different groups that gay lesbian, bisexual transgender groups that AOL does support. And if I didn't hear you that was only because my headphones were working. They're working fine now though.

U

14:34

Anywho moving right along in interesting little tidbit coming out of the Chronicle here. Physician Steve hotsy. One of the most influential figures in Harris County politics, was charged with driving while intoxicated in connection with an overnight incident who some police reported he was arrested at 125 in the morning on North picnic Lane in Memorial Park. Now I don't have any personal experience This stretch of road but Roy, you were saying something that this is known as a cruising?

R

Roy McCarthy 15:04

Yeah it's it's a gay cruising area.

U

15:07

So everyone thought you're keymaps and find out where you need to be now. Through his network of political organizations such as the conservative Republicans of Harris County hotties, endorsements of candidates and judges for other offices have swayed dozens of GOP primary elections. Republicans occupied all state district court and county court positions in the in Harris County. hotties DWI case was randomly assigned to criminal court at law justice Judge James Anderson, who was first elected in 1986. Before Haas his endorsements became

significant to his lawyer were not available for comment. In June 98, of Harris County grand jury declined to indict hotly After investigating charges by Republican critics that he used political funds. His use of political funds violated state campaign laws. He was very influential in the past on very various anti gay actions there. You're talking the here with the election committee of Louis Welch?

R

Roy McCarthy 16:09

Yeah, he was chairman of the, what they called, at the time, the straight slate committee and which had, as its purpose, the election of Louis Welsh, the defeat of a city ordinance banning discrimination based on citywide discrimination based on sexual orientation, not just in city government, but anywhere within the city of Houston. And to defeat many other gay rights. Well, the streetlights went down in horrendous defeat, Louis Walsh would have been elected mayor had he not said to take the tape the queers line against the wall and shoot them. And this was back in the early 80s. With that, well, that was when he made that comment. And we were all walking around with T shirts back in those days, say don't shoot Louis, don't shoot.

o

17:01

But that was his solution at that time to the beginnings of the AIDS crisis, was the question that was asked him and unfortunately, channel, unfortunately for him, fortunately for everyone else that channel 13 accidentally had an open mic at that time and kind of caught him.

R

Roy McCarthy 17:17

Yeah. But you know what? It's kind of funny how times have changed. Even though I don't like the guy politically. George Bush had an open mic, unbeknownst to him. When him and Dave Cheney saw this news reporter from New York and George Bush called him a maid, call them a an a hoe and take care of the cabinet. Yeah, Major League. But what was kind of funny now is that Deke Cheney has started this new thing, where if somebody says that if there's two people standing together, somebody says, Well, that one's and they hold the second person almost always says now major league. I think it's kind of like a Oh, yeah, Major League. You know,

o

18:02

it's kind of like let that be the only contribution they make.

R

Roy McCarthy 18:07

Any who, earlier today at the Houston gay and lesbian, lesbian gay community center. Earlier today, Michelle Eden, was there and who is Michelle Eden? Well, she is the first openly loving person who had been elected to the Israeli Knesset and Michelle Eden was there at the at the community center. And there was a reception for her and not to Knesset choose, like the city council in Tel Aviv, okay, out there in Israel. Miss Eden's office has produced women friendly sexual harassment laws, affirmative action for women hired in municipal jobs. Excuse me. Yes. I

18:55

hate to jump in here. Yes, but after hours is on midnight to three every Saturday night. And there's a reason because who else but the fairies can do what I'm going to do in about four seconds. 321 wave my magic fairy wand and now it is one o'clock instead of two o'clock.

19:17

This time change brought to you by KPFT Houston. KOLs college station. Thank you. I was preparing for that in case you didn't jump in. I know.

Roy McCarthy 19:27

Anywho. So that's what that's what happened today at the Houston lesbian and gay community center and

19:37

then it was followed up by a birthday party. But a for Tim Brookover with the Lesbian Gay community center had a little to do over there. Little to do it was we walked in for patrol and there was scented candles all over the back yard and coolers we got all my mallets Romaine and Andy Williams were playing on the CD players like Dell definitely were Andy Williams. We think that was who it was.

20:04

What were they playing?

20:05

I it was. It was old foggy music, you'd know he would have recognized.

Roy McCarthy 20:11

Oh, she's officious anyways.

20:14

So we didn't we didn't recognize it was like we're definitely we're walking into a gay man's birthday party here. I mean Jimmy can Jimmy can't respond, ladies and gentlemen, he's tongue tied.

20:27

It's an obvious gay man's affair if there's Streisand playing on the record player hunting

Roy McCarthy 20:34

that Andy Williams. Well, it

20:36

was the old class.

Roy McCarthy 20:37

Jimmy Chris has to either that or share. Chris is too young. I was still learning. He's still learning the way Yeah. Now I know. He has been

20:46

probably I walked into Ray Hills birthday party last week, and they had rent and playing. So I looked over at Joan Devlin, and I go well, I must be the jacks in charge of the music. Oh, she goes. Yep. Yep.

20:59

It's Jack's favorite, favorite musical.

Roy McCarthy 21:02

Anywho. Chris, I understand that you was down there on Pacific street and you saw country people

21:08

tonight. Well, we got a little bit of Halloween update. First of all, I pulled this off the AP wire. So it sounds like we're real news group. nationwide. Yeah, right. Nationwide Halloween costumes. People apparently wanted to be very good or very bad. pimps and hookers are the hot costumes this year, along with devils, angels, fairies, retro looking Halloween outfits from the 60s and 70s. And a young Harry Potter type wizards. Well, I can tell you out here that on the

communities tonight, it seemed to be the biggest theme. I think I saw we're calling it pansies for Palestine. There was a lot of Arabian cheeks and a lot of people in that middle eastern attire. Quite a few superheroes.

21:57

Yeah, I've done that. Everybody. Anybody can wrap a sheath around them. You know, the Klan does it every once in a while. Yeah, but I did I you know, I bet they weren't wearing much underneath it.

22:06

There were a couple of Roman centurions and togas walking around too, as well. But um, but like I said, it was a great opening for a joke there. But there was no joke in it because I saw a Muslim and a priest walk into a bar. No joke, it was just stating a fact Muslim and a priest walking into a bar. But it's an awful thing to say.

R

Roy McCarthy 22:28

To you saw the beginning of a joke. That's what I just said. talking so much I just don't even hear what you're saying half the time.

22:40

If someone's out there and they've got a bottle of something alcoholic, please bring it by I need it. Anything stronger

R

Roy McCarthy 22:49

when you're talking about the Roman togas?

22:54

No wonder I'm his second co host over the years.

R

Roy McCarthy 22:58

The only one who could put up with it.

23:01

And there was a there was a couple Teletubbies out there and we wanted to grab the person

who was in the pope outfit, throw them in the back of a VW convertible and drive them over to the revival meeting that was going on. Were right across from cuties in the vacant lot. Were usually during when the West Howard Street Festival used to be there, there used to be the Indian powwow was going on. Right in there. They had these big signs up free barbecue and drove by a couple of times and finally figured out it was evangelicals out there trying to convert us on our high holy day. And which I guess is better than having walked down the street with that cross on the rollers. I mean, if you're going to carry across at least carry the damn thing, don't bring it in on wheels. That was something I don't remember a dolly being used in the Bible.

R

Roy McCarthy 23:49

That was something that was started out in California back in the late 60s, by the founder of the this group called the children of God who used to meet at fifth in town and I forgot what the founders name was. But he used to go cross country with this cross on a roller. And the whole thing was such a was such a joke.

24:13

I mean, I don't remember the station of the cross there. Jesus parks the cross. I mean, I missed that one on the fresca. I think you know, that that just gives a whole new meaning to the phrase Holy Rollers. That's the fun stuff you get to see in the monitors. I remember them walking back and forth in front of Jr. Just like strap a sign on there. Let us know what you're doing. Oh, but then of course the Cross had better wheels on it and he was driving. It was very sad. Anywho Oh, God, I knew he was gonna say that.

R

Roy McCarthy 24:49

Anyway, moving right along just have a little bit more serious. For those of you that have been listening to after hours, news and views for a long time you will you Well remember I did a new segment way back when Michelle was my co host regarding Michelle Meyer. Michelle Meyers is my co host. My co anchor, she left because she had a job opportunity, whatever out there in San Antonio. And she's greatly missed wonderful person, any rate. I did this new story regarding a lesbian and gay veterans memorial that was going out there in Phoenix. Jimmy alerted me to this because of some mail that he had received, and this year, it is now at least two years later. It is now at least two years later, and the National Gay press is finally picking up on it. At any rate, I said that I would give you an update. I will give you an update when I got it. And here's the update the Arizona rainbow veterans has announced the dedication of the first memorial in the National Cemetery system to acknowledge the service of gays and lesbians in our national armed forces. The dedication, which will take place on Veterans Day Saturday, November 11, at the National Memorial Cemetery in Phoenix represents a critical turning point in honor honoring gays and lesbian veterans according to the group. This memorial pays tribute to those who have served their country and and will be willing to sacrifice everything, said Willie strong, a spokesperson for the Arizona group. It is not only for those men and women who gave their lives, but also those who sacrificed their career, their honor and their dignity to serve in the military. Strong denotes three specific incidents involving gay and lesbian servicemembers in recent years. The death of two men who were killed when

their barracks were bombed in Beirut, the murder of Sailor Allen Schindler in Japan and the murder in July 1999, a private first cleric, Private First Class PFC Barry WinCo, a soldier at Fort Campbell, Kentucky, who incidentally that Commandant lost his he lost his assignment there who was attacked and killed by fellow servicemembers who thought he was gay. This memorial is for them and those who have served for a number of reasons. Some come from a long line of service members and feel drawn by family honor. Some have entered the military to escape poverty. This memorial honors all of them. If you'd like more information on this new memorial, you can access them at [Arizona Rainbow veterans.org](http://ArizonaRainbowveterans.org). that's all one word folks. Arizona Rainbow veterans.org

Roy McCarthy 28:42

Okay, for those who dreamed of competing in the Olympics, but failed to meet the athletic requirements, there's still hope they can sign up for the Sydney 2002 Gay games. The event is open to anyone and everyone. There is no minimum standard required to participate, says Gary Gibson, chief executive director and executive officer of the Sydney Gay Games. No one is excluded regardless of gender, sexuality, race or physical ability. Chris you can compete in the Gay Games and organize expect the two week event which includes a week long Cultural Festival and opens October 25. To attract over 14,000 participants from at least 78 countries. There are more than 10,000 athletes competing and the Olympics. Gibson also said the Gay Games which will attract mostly lesbian, gay, transgender or bisexual competitors have found their biggest that found the biggest sponsor, San Francisco based gay.com and online supplier of services to the homosexual community has entered into a \$1.5 million agreement to be the Events official internet media sponsor that is fantastic.

30:04

And one of the good things about the Gay Games it's not just an athletic event, it's also a cultural event. It always usually coincides also with several art festivals, cultural programs, ballets offers and all that. That's included as part of that. November Amsterdam, which host is the last Gay Games. There was a lot of other events that were going on outside the athletics part. It's more of a mind body and spirit sort of event.

Look, gay grandmother is the grand queen of this little sack. Oh, okay. Gotcha. And Dean Cain is in it. Playing a game man. Who has an onscreen kiss?

32:36

And much more. Oh, much more.

32:39

Heart. Oh, yes. Yes. He was trying to Butch it up as much as when he was talking on The Daily Show. Yes.

32:48

I'm quite certain that he was sure to tell everyone that he was married and just how to child?

32:54

Oh, he was it was kind of having like a shake, shaking, shaking hands real Butch and tougher there. Yeah, we're going to kiss the guy. Yeah, whatever. But keep an eye out for that. That's one of the movies that are coming out.
