They haven't had a chance to really build that momentum. Definitely just in case you know, bring some off. Or bug. This bug lights are really good to your citronella citrus no citronella candles. Those are real good for warding off insects. It makes sure yeah, like I said, Bring sure there is drinking water there but you know, bring you some gallons

Gigi 00:26

something to transport it in. There's only I think two spigots at this time. If I'm not mistaken.

00:36

So you I'm not quite positive how many we've got out there three.

Gigi 00:40

Basically, you'll have to go to the spigot and then take water back to your camping area.

00:46

Or bring if you'd rather have distilled water, you know, bring lots of distilled water. Yeah. That there will be showers out there. Did you know if they're if they're heated, they're not heated? They're just cold showers. Right?

Gigi 00:58

Not sure I saw something where they were going to try to make some inline water heated

Not sure I saw something where they were going to try to make some kind of water heated showers. Yes,

01:04

yes, that is true. There's one who said that he may be able to fix it up so it's a little bit warmer. Yeah.

Gigi 01:09

So hopefully we'll have that

01:12

will have the porta potties.

Gigi 01:16

Otherwise, I'll be at my campsite with the bucket of water on the Coleman stove. I don't like the cold showers

01:25

or grill anything out there. Make sure you bring some charcoal. I'm sure we'll have you know areas that are designated where they're just you know, little places that we know it's safe for you to burn to have fires. And of course we are surrounded by trees. Luckily the weather's been a little rainy right lately. Everything hasn't been all dried out. That's a real good thing too. Yeah.

Gigi 01:51

Okay. I also wanted to kind of go over Do you have the schedule with you? Or do you know what the kind of lineup is? As

02:00

far as event that's the one thing I do not have with me? In a very delete the times for everything. Yeah, but from what I understand it is on the earth spirit. alliance.org Wow. Okay, is the itinerary in front of me. Yeah.

Gigi 02:17

Now that got a lot of activities packed into this. I mean, I was trying looking through the ~~program trying to figure out when to kind of coordinate things for tomorrows~~ as far as everything

program trying to figure out what kind of coordinate things for temple as far as everything else. And it's like, something's gonna overlap. Something going on, oh, ours, though, have everything from fire spinners to musicians playing to the rebels fire and drumming to lots of workshops and lots of workshops during the day. And then the second sacred text template night. And I'm doing a few afternoon workshops in the temple. Again, things on such as sacred sexuality, what it is, how to get in touch with your eroticism, and doing erotic massage and, and just a whole lot of different things as well as spiritual aspects of BDSM. And, and, and then forget what else I'm doing quite a bit.

03:32

Lately, I do believe there's also someone, I don't see this on the list in front of me, but I did see someone who's also doing past life regression work, which I'm really excited about. I think that done I love that kind of stuff. In talking

Jewel Gray 03:50

said earlier, you know, a little bit of something for everyone there and Berkeley, either stuff that you're already interested in, or stuff that you might want to just, you know, learn more about and, and find out what it what it's all about. So, yeah, sounds

Gigi 04:04

I haven't heard, and then we've got a American Indian influence coming in. I haven't heard if they're planning to do any sweat lodges are not. Have you heard anything on that? Katrina?

04:16

I'm sorry, say that again?

Gigi 04:17

Oh, it's they're planning to have a sweat lodge?

04:21

You know, I don't think so. But that is a wonderful idea. Okay, that's for festival mentioned. But as a matter of fact, now that you mentioned and I will say something to John about that, because that would be a great idea. And that would be a really good idea, especially since there's going to be a lot of Native American thinking and workshops going on. That would definitely be a really, really neat thing to do. And so, yeah, I'll talk to John about it. And I can't swear that we're not going to do that, but it's not listed. So I'll bring it up to him and see what he thinks but I'm sure you'd be all for it. If he doesn't already have it going on. Okay,

G

Gigi 05:02

we're gonna have to take a 10 minute break because we got thrown off schedule from our regular show. So we're gonna have to put you back on hold for a little while and then come back in a few minutes.

C

Chris Harrison 05:13

Yeah, we have a regular scheduled call in here, and we're gonna get to that real quick.

G

Gigi 05:18

Yeah. So we'll be back with you in a few minutes. Katrina, Okey doke.

C

Chris Harrison 05:22

You should be able to hear, I think you'll be able to hear on hold. If we push the buttons correctly, if

G

Gigi 05:28

not, I'll let you punch the buttons because I always hang them up. And if we're hitting you up accidentally, we'll call you right back

C

Chris Harrison 05:38

my my fearless crew has left me so let's see what we get here. Okay. In here, Joel. Dean Becker. Are you there?

∅

05:49

I'm here. You

C

Chris Harrison 05:50

hear me? Yes, we hear you. Good

∅

05:52

evening. Good evening. Good evening. Yeah. Katrina. First off, I want to tell you, I'm enjoying the conversation. I want to add a couple of cents worth of thoughts in this regard, if I may.

Many pagan religions have used, you know, the psychedelic and, you know, marijuana as a sacraments. They have oftentimes done so you know, we're under the guidance of elders if you will, so that the safe trips are taken, and that people know the right thing to do with these ethnic gents. I'm looking at a story from January 6 2003. Jesus used healing cannabis and this is not from some radical paper. This is from The Guardian newspaper out of Great Britain. It says Jesus was almost certainly a cannabis user and an early proponent of the medicinal properties of the drug. According to a study of scriptures, and texts published this month. The study suggests that Jesus and his disciples use the drug to carry out miraculous healings. The anointing oil used by Jesus and his disciples contained an ingredient called Canna balsam, which has since been identified as cannabis extract. And this is according to an article by Chris Bennett in the drugs magazine High Times. And it's entitled was Jesus a stoner now? Well,

c

Chris Harrison 07:12

come on. I mean, look at that he was unshaven, had long hair didn't have a job to play around with 12 guys

J

Jewel Gray 07:19

walked around in sandals and a robe. Yeah, he was a sounds like Tommy Cheung to me. Yeah,

o

07:23

well, and that is, as we all know, Afghani and Iraqi and, you know, probably Israeli hash is pretty good stuff. To this day. And, of course, the Afghans are now growing heroin to this such a degree that is \$3 a hit for the school kids now. You know, I mean, it's really a great success, this Afghan war. We have to take care of this. And and I'm asking again, this week for folks to please help with the project hughster down. I started the first week with me last week, we had two people show up, because again, you don't get to speak for a month. I'm hoping to get for this coming week, all it takes is a couple hours in the afternoon, you know, you, you simply go down there to City Hall, and they'll you know, let you talk for three minutes. And I actually have one city councilman is now going to come on the cultural baggage show, thanks to these efforts. Ah, so what we have to do is just let them know we're real, we're not going away. And this problem is not going away, the solution is at hand. And it's time to make use of it. And it's going to take, you know, enough of us daring or willing to miss a half a day of work, I suppose. But to go down there on a Tuesday afternoon and just face them down. They cannot stand this much longer. They look at you like let us alone because they can't refute you. They have no ammunition to do so. And it's painful for them. So we need to get this over with and we need to just face down this line.

J

Jewel Gray 08:59

What time is that dangerous jewel? Okay, hi joy.

o

09:03

I actually, it starts at two o'clock, the time that they actually, you know, will let you speak at but they also you have to call in by 130 I see. And I'm looking for the dang number. I urge folks to just call me, I'll walk you through it. I'll help you find some information, a dataset you might want to, you know, express your opinions with my number 281-752-9198 And I'm building a website in this regard. It's at unvarnished truth.org And I'm trying to track it so that we can be aware of one another's efforts. You know, some folks will be going the first week, some the second, third and fourth, so that we always have somebody going there every week the City Council faces down this line. And

 C Chris Harrison 09:54

you're not just doing it here in Houston. It's going all across the drug truth Network.

 10:00

Be honest, I've sent this word out. I'm not getting much response. But again, there's not I hate to say it a dean Becker and these other towns are helping to coordinate it now, and I you know, I like to think that if we can make progress, it'll be a good example for these other towns.

 J Jewel Gray 10:16

Let me ask you, Dean, what do you think of Carrie?

 10:20

I think I think he's another skull and bones but he's not a madman. That's my first thought. Beyond that, I've heard that he's a he's a Prosser former prosecutor, he's he's not come out as strongly as he should. And for any, any any part of the drug war, he's probably not going to be an Ashcroft type, you know, busting marijuana clubs in the hills, strapping the MS patients to their beds, you know, but then again, he's, he doesn't see it. Or I put it this way. He's, he's one of them. And, and honest to god, my full opinion on this is the drug lords own it all. They own it all. They are the oil companies. They are the hash smugglers. They are the bankers. They are the corporate heads. Yeah. And we have a difficult task in front of us. Not impossible. But it's going to take people daring to become citizens, daring to say Not in my house, not in my neighborhood, not in my town. Get this crap out of here, because it is an insane policy that has gotten worse and worse. Year after year, we spend more and more money more and more people in prison more and more drugs, more overdose. Why? Because these people want to control how we think how we act. And the truth be told what hacks him off the most is marijuana, because they don't know if you're high? If you smirk a little bit while he might be high, I might pisses them off. If you have a sly remark to a friend. It pisses him off, because you might be high. They don't like the the lack of respect that marijuana users have, you know, that you can carry on have a normal life and smoke pot.

 J Jewel Gray 12:08

Right? This is a month, I filled out a survey online the other day got it off. I think it was one of the links off of your webpage, the normal web page. Yes. And it was asking for people to fill out this survey took about 15 minutes. And it was pretty interesting. They ask a lot of questions about use and you know how your health was and you know how often you screamed at people and things like that? It's pretty interesting. Yeah, but I thought it would be good to, you know, to add my two cents to the, to the survey. So I hope and they said that this was going to be something that was going to be presented at the end of the survey to to some government entity. So I found it in a link off of one of the links on your page. Right? You want to tell people where they can find out that information?

12:56

The normal? Yeah, well, the probably the better site right now. I'm trying to rebuild mine, the better site for that full dataset would be the normal the national and that said no rml.org Right in O R M L knoweth. No. Eight. And so you're

J Jewel Gray 13:11

changing the Houston site?

13:12

Well, I'm just revising it, actually, I'm fixing this. Excuse me, I'm starting, wanting to start promoting the project Amsterdam fundraiser. And we're going to have a week of concerts up and down Washington Avenue various clubs, culminating with a Saturday show on April 24, where we have the all the regulars from the last concert doing a show together 4:20pm to 4:20am. And we hope we've been talking to Ed Rosenthal, Ed's not going to be able to make it I hope to bring in judge Gray, some notable speaker to help kick off, you know, the seriousness of this, we're gonna bring in local doctors legitimacy. That yes, yes, because we can win this. The point is, they have no ammunition left, they are at our mercy. And I need people to show up, you know, have a two and a half minute speech, you want to get it done. You want to say what you want to say. Right? Yeah. So and it's easy. And I'll be there. You know, I'll be sitting in the back and look to sessions. And we've already got one city councilman coming to the cultural baggage show. And I wrote him what we're going to talk about, and you guys can imagine what it is, and I'm going to sneak up on it. I'm going to try to treat these people with great respect and care. But we're going to talk about but in their face, but yes, in their face, we are going to get real. And they know it's got to happen. Yeah. And and I need your support. I need the listeners out there to realize this is possible. This can be done. And if you ever said or felt or thought or wanted to make this change that time is now we can do it. It's yours. And I'm begging you to help me out again my phone number 281-752-9198. I'll be up for the next hour and then Call me anytime a day. As

J Jewel Gray 15:01

always Dean we enjoy you calling in we, we support you 100%. And when your show on, okay,

15:08

right quick. I have two shows is coming Tuesday. Well we have the 420s every day. This week I got great reports from North America, Alaska, Canada all over. But the two hour show Tuesday morning 10 to noon, we're going to bring on another crew to talk about racial bias in today's America in the drug war. We got attacked, she's giving you her segment again, given me her segment again. She's so kind to do so great peacemaker, wonderful Earth 101 show. And Cliff Thornton, the defense lawyer from the Tulia drug sting, Jeff Blackburn, as a couple of three other people. I'm trying to get some congressmen. And then Tuesday night we're doing a show for the people in Alaska who are voting for legalizing marijuana. It is August. And we're going to do a show I'm trying to get people from the DEA Of course, that's almost impossible. The Alaska State Patrol that's, you know, I'm working on it. We're going to get a dare officer if we have to, but somebody to debate, Dr. Mitch early wine, noted author, you know, respected scientist in this field. And the lawyers up there who have written the laws and and trying to deal with it and explain it to the people. And then they're going to use that show, hopefully to put on the late night markets in the various shows various towns up and down Alaska, for the people to very good truth. Well, that's

J Jewel Gray 16:26

pretty exciting.

16:27

Oh, it is. I'm having a wonderful time with this. And I'm telling you, my friends, we can't succeed. If you ever wanted to help God dammit, coming out.

c Chris Harrison 16:35

All right. All right. Thank you, Dean Becker. Thank you all. Thank you, Dean Becker is the only regular schedule heterosexual we have on after hours, host of cultural baggage and the drug truth network. We now return to G segment. already in progress?

G Gigi 16:52

Yes.

c Chris Harrison 16:54

Are you there Katrina? Okay, good. I hit the right buttons. Were

G Gigi 16:58

discussing our spirit Alliance, a New York pagan organization in Texas, and about to have their

discussing our spirit alliance, a new York pagan organization in Texas, and about to have their first festival festival, it's gonna be a fertility festival, with a great lineup of all kinds of things, bands, fire spinners. You name it. drummers. I want you to I'd like to have you go over the contact information, again, the website and phone numbers.

17:32

And the website is Earth Spirit alliance.org. And that will give you quite a bit of information. And then, once again, the numbers to call for tickets is either 512-689-8884 or 512-470-4200. And once again, you can order tickets from 10am in the morning until 11pm. You can use Visa, MasterCard and Discover. Oh, cool. Yeah.

Gigi 18:11

Oh, we're coming to the end of our show. And then kind of like to just ask you any kind of impressions or kind of overview about the festival coming up that you'd like to discuss?

18:28

Well, I just I just want to say that I think it's just going to be wonderful. There's going to be all kinds of all kinds of festivities going on, there's gonna be awesome bands plan, all kinds of workshops, there's just not going to be too much that you're not going to be able to get your hands into.

Gigi 18:46

And other body parts.

Chris Harrison 18:49

As soon as I heard her say that going?

18:55

Oh, yeah, apparently is going to be loads of fun. And that really is our most optimum is for everyone to have a great time. Yeah.

Gigi 19:03

And also, I know that our spirit alliance is really working not just to make a party atmosphere, but also to bring a spiritual realm to this. And there does seem to be a very deep commitment to, to having some rituals and and even if you've never been to a pagan ritual, if you want to just come and be part of the circle and kind of see what happens. It's really amazing.

19:38

Sounds like a good time. It definitely will be. We hope to see everybody there. Yeah.

Gigi 19:44

Well, I want to thank you for being on the show with us. We

19:49

appreciate it. Thank you for having me. Yeah. And I hope we all have hope we have lots of fun together soon.

Gigi 19:57

Oh, I am getting so excited. It is going to be so awesome.

Chris Harrison 20:03

Okay, so before, before we wrap up, let's just one more time tell us the event name, when where give us the five W's how to get in touch again. So if people didn't have their pen and paper ready at that time, let's, let's hit them up one last time, if you could,

20:17

is the Earth Awakens festival? For the Earth Spirit Alliance. And the phone number is 512-689-8884 or 512-470-4200. And you order tickets between 10:10am and 11pm. And you can't use credit card. And it's gonna be red rack and Red Rock. It'll be about about one mile outside of Red Rock. Yeah. But we'll get they'll have specific directions for you. And then you don't get lost.

Gigi 20:59

And the dates of the event, it's

21:01

March 17. Through the 21st. Okay,

Jewel Gray 21:05

J

Jewell Gray 21:00

coming up soon. Yeah.

G

Gigi 21:09

And you can get tickets at the gate, correct?

♀

21:13

Yes, you can get tickets at the game. Yeah, and we're, we were kind of hoping that we're going to be putting some advertisements in the Austin Chronicle for the, or come in, coming in for South by Southwest. So that is the band, you know, because a lot of these bands are coming downtown. They're only getting to play once. And then they're there for the rest of the weekend or whatever. Though. They're more than happy. You know, more, more than welcome to come and play. Come on and camp and have a good time too. So hoping to bring some South by Southwest people into what

G

Gigi 21:45

sounds like there's gonna be lots of music, lots of dancing, lots of festivities,

♀

21:51

dancers, fire and rituals, all kinds of camping. You name it. We're gonna have it. Sounds good. Well,

G

Gigi 22:02

thanks again for joining us.

♀

22:04

Thank you. And that wraps us up. Okie dokie.

C

Chris Harrison 22:08

Thank you, Katrina.

♀

22:09

Thank you. Bye. Bye. All right.

 Chris Harrison 22:14

Hang that up. Okay. Turn that off. So

 Gigi 22:19

I have to do one quick plug for Bennett, Houston. Go right. We meet every Thursday night at the habit Cafe from 730 till nine. And then they have the party the first Saturday of the month at the GOP LGBT community center.

 Chris Harrison 22:38

And that's at 3400 Montreux suite 207. Park in the garage and just telling me what the center and they won't charge you. Yeah, it's good. And I run into them all the time there when I'm getting ready for cube patrol. They have plenty of food and they are always willing to share. That's always a good thing. Yes. So you're wrapping up then. That's it. All right. Thank you, Gigi. Thank you, Jay. And what we're going to do is we're going to put a little music in your ear and coming up next to throw everybody off is not after hours news and views magazine. It is the country doc show or whatever we're calling it now jewel gray will be in here in just a moment. And we'll put that you know, again, why we're not hearing after hours these interviews magazine this week, but it's on in two weeks. So here's some music and we'll be back

 23:42

Oh, that was great. Who was that? That

 Chris Harrison 23:43

was as far as I can tell. Yeah. Well, let's see if you've put the CDs in. So it's either Justin Tranter No, Nana. Jane county that would were I was Dane County deviation. Yeah, I can't. Usually when I play Jane County, it's got to be Texas Chainsaw man.

 24:01

Yeah, no, that's great that Jane county is one of the original punk rockers back in the days of Andy Warhol when Jane was Wayne County. County. Yes. And Wayne went to a glen county is living there now and had a sex change. Ah, wait. Like yeah, like Wendy Carlos. Like Wendy Carlos. That's right.

 Jewel Gray 24:27

I love Wendy's music. Yes. I like to Walters music very much, right. That's right.

24:31

Yeah. And for that way, yes.

J Jewel Gray 24:35

This is Dennis Dennis is here with me tonight.

24:37

Hello, Dennis. Explain

J Jewel Gray 24:39

what's going on tonight.

C Chris Harrison 24:40

Well, we've been kind of hyping it up talking about the past couple of weeks. Jewel has graciously agreed to switch segments this month and this month only

24:49

dragon dreary old me this especially could do well.

C Chris Harrison 24:52

What we're doing is this month during the third Saturday, the first half we're going to be bringing a Special live remote from the Houston Renaissance Hotel. From East Coast Conference on the third coast,

25:07

it was affiliated with the rodeo now.

C Chris Harrison 25:13

This way the guys are will be wearing tight fitting jeans. But that's because we have no choice. I was wearing tight fitting jeans before it became popular. What this appreciate what it is is East Coast Conference on the third coast is a regional event hosted by the affiliated big men's

Clubs of America. And this year, it is sponsored by the Houston big men's club. Excellent. And we're going to be doing kind of a town hall meeting discussion on issues of size in society in general and in especially the queer community. So we're going to have a very roundtable Can you make

J Jewel Gray 25:49

me a CD? I mean, I know you make my CDs for when you copy my shows, but I'd really love to have a copy that yeah, it's

C Chris Harrison 25:54

one of these things where I mean, I'm really looking forward to it. It's on part of the host committee, and you're gonna be doing it remote. We're going to be doing a live remote, it's going to be kind of like what we did with Oh,

J Jewel Gray 26:05

with Oh, such a good time, except we're not gonna have the dancers coming around did such a great job. Yes.

C Chris Harrison 26:11

Fabulous. And Otis is going to be working his rear end off, if he

26:17

could paint a picture. For our listeners, this was a very good looking very large man. Someone who has love admirers. Yeah, it's time people started talking.

C Chris Harrison 26:26

And that's what we're going to be talking about is the fact of, you know, if you were listening to show back in last August, we had a Houston version. And basically, with East Coast Conference, we're bringing in people from all over the United States, some from Canada, and a couple even coming over from Europe, for this event. And this is the first time this event in 15 years has been hosted on a sit on in a place that doesn't border the Atlantic Ocean.

J Jewel Gray 26:50

Well, I'm certainly glad to switch with you to get something like that. And you know, fuel for doing that, as always, something I'd be willing to do I understand these things come when they come.

C

Chris Harrison 27:01

Unfortunately, we were afraid about we weren't gonna be able to do the remote because March 20 is in on the progressive calendar is a slam dunk big day. It's the one year anniversary of the aggression in Iraq. So Otis is going to be working his rear end off covering a lot of these events with the remote equipment. And he's gonna be wrapping up an event, talking about reparations, at like nine o'clock, and he's coming over to do the live remote here at East Coast Conference. Well,

J

Jewel Gray 27:35

I'm sure it will be great. I really do want to CD to listen to it. Yeah. And if

C

Chris Harrison 27:39

you're a person of size, if you're a gay man of size out there, or you admire gay men of size, or you're a man who likes men, check out www dot ECC zero four.com. And like I said, it's here use in the rates. We're getting a lot of people interested in coming to this because we did for so great of a rate, our highest cost is going to be cheaper than most of the other places. lowest costs. Wow. Right. So it's I mean, \$200 at the door. And that gets you two meals, dinner dance.

J

Jewel Gray 28:14

and wonderful. All the information to Yeah, it's it's more validation,

C

Chris Harrison 28:19

the validation. It's more like a class reunion than a real conference. That basically there's a bunch of people I'm jealous. Yeah. I want one for women. It's the thing is to combine him with Mr. Topic is going to be a lot of these people are people who chat online, year round. And this gives them a chance to be amongst other big guys. And people who would like the bigger guys. They can go into the swimming pool. And you know what? If it's filled with 50 fat guys, we're not going to care for wearing a shirt. Right? We may scare little kids in the kiddie pool. Because we don't get we don't get to have it sectioned off. But you know, it's just an act of going in there. Yeah, having a quote unquote, beauty contest. And having someone might like me have an opportunity to win that. How

J

Jewel Gray 29:03

much do you wait for? It's Chris 500 pounds?

...

Chris Harrison 29:05

 Chris Harrison 29:05

Really?

 29:06

I didn't know you were?

 Jewel Gray 29:08

I couldn't I wouldn't have guessed that.

 Chris Harrison 29:09

According to the scale at Fiesta. I'm a mother that weight that you know, right now I go to this one Fiesta store out by where I work. So I don't know how well I can trust the scale because it also says that when I weighed myself on Friday, that it was November 1988. Oh, so I'm not 100% Sure.

 Jewel Gray 29:28

So what was being out there

 29:31

weighed 500 pounds on that date,

 Chris Harrison 29:34

I guess? I hope not.

 29:39

Yeah, we have an unexpected coming out camaraderie here because I'm extremely tall. And if you are of a different size than as usual in a society, you have your own issues to deal with when I get in an aeroplane. It's just fortunate. I can fold up real good. You can see him

 Jewel Gray 29:56

fold into my little

29:58

and go clothing shop Yeah, I feel probably about the same thing that you'll feel because I feel like a circus freak when I go to a clothing store. Yeah, I'm

c Chris Harrison 30:06

I'm actually at a point where, you know, I'm too big for big and tall, short straw. Oh, for the big stores. And I, I've really have issues sometimes trying to find because, you know, I could do the cheating method that some big guys do and where they would wear the belt belt, the pants below the gut of where they forced themselves to have done lap syndrome, where they're one leftover. Yeah. And I don't do that. Yeah, I figured, you know, I'm gonna wear my pants where they're supposed to be. And you know, I get talking to some of these guys. And like, we don't see any marks from where your pants are on and I get stuff that fits. And it's just, it's gonna be a lot of fun. And while these people are people who chat online, who don't get an opportunity to meet up

J Jewel Gray 30:48

with other people, I want to point out that it's not just for men, it will be a good show for any any women, what we call big, beautiful women, which you all know that I have an affinity for.

c Chris Harrison 31:00

We do have to say one thing here real quick. You are listening to after hours queer radio with attitude, here on Pacifica radio for the Gulf Coast. KPFT 90.1 FM in Houston, 89.5 Galveston, and you can always check out the worldwide web at KPFT dot o RG. That's right. That's one of these days, I want to be able to say that without one single breath, and the show

31:20

is after hours queer radio with Adam. And we have such a good attitude. We have two co producers here tonight. Jimmy and Chris and Jules segment and Dennis is here. And we're having a good time after that,

c Chris Harrison 31:37

we'll have the roundtable because when we were talking a little bit about before, when we're when you talk about some of these things of issues, or body issues, it's such a superficial community, such a superficial community, I just spent seven hours, I'm gonna admit it. I've spent seven hours in a bath house tonight. And I

J Jewel Gray 31:53

think that is so fabulous. I

c

Chris Harrison 31:54

could not look cleaner. I spent so much time and that Jacuzzi and that swimming pool. I should be chlorine fresh.

o

32:03

I mean, you went to Midtown I went to

c

Chris Harrison 32:07

I was and that's why as part of this event, because some of the people are gonna want to go to this and it's like, you know, I want to be able to tell these people that you know, we're giving you a discount coupon to go to this bathhouse that you're gonna feel comfortable. You know, the big girl towel didn't fit. But you know what? I still had an enjoyable to

j

Jewel Gray 32:26

demand to tell him at the doctor's office. They gave me that little skimpy thing I said give me two.

c

Chris Harrison 32:33

The first one I had it was there was a part that was torn off a little bit so I could hold that torn piece and that and hold it shut somewhat at the long Oscar down type slip leg. But I mean, I was didn't feel self calming. When I started there was like, oh my god, I can't believe I'm doing this. I started off wearing shorts and I had the towel draped over my shoulders and you know after a little bit like the hell with it. And I just had a wonderful time because

o

33:01

well you see with with Midtown, you're gonna see all races and you're gonna see all ages. Oh, yeah.

o

33:11

The details are different. But you make your own good time. That's right.

c

Chris Harrison 33:14

I mean like I mean just I

mean, like, I mean, just, I

J Jewel Gray 33:15

haven't been swimming since that we have a lesbian baths in town.

o 33:18

I know you. I've always wanted to

J Jewel Gray 33:22

start my own lesbian band in my house. one client at a time. I spent

c Chris Harrison 33:27

the whole time looking for the actual bath. I do that there's no bathroom, the bathroom. Yeah, yeah, the showers are fun. I mean, it was

J Jewel Gray 33:35

once again I want to say again, that this is not just a program that you can appreciate if you're a big man. It's, you know, lesbians it can be pretty cruel to and their little cliques and their little, you know, their little world of superficial you know, if you don't measure up to my visual standards, and I'm not gonna get time a day, so it can be so I'm sure that this will be a good show for anybody have that have a big statue. And I for one look forward to it. I

c Chris Harrison 34:01

appreciate that. Because like I said, we were we really appreciate you switching out with us. So just a love fest. Oh, yeah, tell you start stripping. It's like Midtown all over radio. You have

o 34:15

to picture this. We don't have a video but I'm like borderline anorexic. These generous women and men around me and tell you about we get along. And I tell you those sparks flying you don't want to hear about

c Chris Harrison 34:28

Bill Gates would enjoy it because it looks very binary 0102

J

Jewel Gray 34:32

does. Well, what's going on in town this week, anything of interest? I mean, you know, what's the big deal? You know, everybody's talking about gay marriage and who's gonna be what Mayor is gonna get in trouble now?

∅

34:44

Who's gonna run into the train next? Yeah, 23 times already? Well, how many times on Katy Freeway did they never report that right now? They

J

Jewel Gray 34:53

do. Yeah. Did they on the Katy Freeway to know they

∅

34:56

don't report about just how many times somebody runs into the train. Oh, Oh, you're talking?

C

Chris Harrison 35:02

I mean, as far as interesting 23 times,

J

Jewel Gray 35:04

but that's unusual. I mean, you know, well, you know what it is? It's 23 People who are breaking the law turning in front

∅

35:11

of these three SUVs that needed to be off the road anyway, that's exactly

J

Jewel Gray 35:15

right. You know what you're about, right? Just about everyone was an SUV. This is Houston. Somebody out in the suburbs, not somebody lives in the city. I mean, this is Houston, Texas. People here don't know how to drive people here. Don't follow the law, either. They don't drive right. You know, I swear and police drive like, you know,

C

Chris Harrison 35:33

if I, if I see a police officer, if I see a police car, I can use his turn signal. I call it in and say someone stole the police car. That's right. Because it gets I mean, I, before they built up to 49. I mean, I used to live out in the sticks there. And almost Tom bottoms I remember was 149. Yeah. So I remember when Compaq first moved out there, and I swear, I saw a person make a left hand turn from the right hand shoulder?

J Jewel Gray 36:01

Well, you know, we're also a city of immigrants. And in a lot of countries, there aren't a lot of laws governing how you get around in your car. So I mean, the Basic Law is don't kill anybody. And that's negotiable. We're

36:14

also a state where football is a major religion, right? The idea is that you muscle your way through mostly right? If you're not used to the idea that you can't drive a train off the tracks, right.

J Jewel Gray 36:23

And you know, you can't use your blinker because some somebody tries to run you off the road because they know where you go with a problem. You know, I

C Chris Harrison 36:31

can, I can somewhat see what people say because the first time that I was driving down near the train area, and I saw the train coming, and I heard everyone saying it's too quiet too quiet. So I turned off my radio roll down my window. And basically, the alarm that it sounds when it gets to the thing. It's not like a train whistle going down. It's like, you know, no, this is this is more like the alarm clock going off next to your bed

J Jewel Gray 36:58

like a futuristic train and they've gone too much. They've done too much. And you know, the train is very quiet that horns announcement. The verbal announcements on the train are wrong. They tell you to exit to the right that left doors open.

C Chris Harrison 37:11

I haven't written the train. I'll be honest. Because well, you know,

J Jewel Gray 37:15

there's got to be growing pains. This is just inevitable a city who's never had this is going to have problems setting it up. In five years, no one will think about this. It will be so smooth. It will be so just

37:27

gotten to where all this afternoon I was bored. I walked three minutes over to the train station took it down to Hermann Park set down there and looked at the ducks for half an hour made me happy. Yeah, no, no.

J Jewel Gray 37:37

How much is it? Do they are they charging now? It's probably right dollar dollar, but

37:41

they've never check. If they catch you it's a \$200 Fine. I have my annual pass. So I'm sitting. It's the same as a bus just like 11 pedestrians in Houston. I'm number seven.

J Jewel Gray 37:53

Number seven. Yeah, it's

C Chris Harrison 37:54

just like the bus passes. \$2 for a day pass. \$1 with a transfer cool. Yeah. And yeah, I've

J Jewel Gray 38:00

been telling Tiffany we were gonna get down there and do the train thing. But I wanted to wait. I had friends calling me the first couple of days. It's free come down. Yeah, but there are 10,000 people there. Yeah,

C Chris Harrison 38:09

they're they're packing it like I said, Jeff,

38:12

today too, because all these uncle stuff people from parallel and and Conroe and so on was on a train, train. The kids in the stroller so taken down to the rodeo. It was

J

Jewel Gray 38:22

it would make a fortune. They just went back and forth about four miles. It's like it's

C

Chris Harrison 38:26

still crash. It's like the astral world, but without the hills. Man cheaper. I mean, yeah. Yeah, I mean, my thing is, I'm honest with I mean, I live out in Copperfield. I work in Stafford. I have and before moving to Copperfield, I lived in Cypress, I lived in sigh fair, Klein area. You know, I've been on Metro once. And I've been here since March 1979.

J

Jewel Gray 38:53

I used to take it to and from work when I lived down here and I worked at a dairy I mean, Gessner and Westheimer. I tell you about a car but the bus was just easier.

⌚

39:03

It's a different story writing out a yoga or writing in a Mercedes. It's just nicer to ride on a train. That's right. And

J

Jewel Gray 39:10

this tells you about it too. You know, it is it is the mode of transit first mode of transportation across country.

⌚

39:16

I've never been done this do metro train without getting in a conversation with someone No, it's just for some reason people are happy when a ride again and that's so different from people riding down the freeway stuck in traffic. Well,

J

Jewel Gray 39:27

I think we're pretty lucky.

C

Chris Harrison 39:28

I'd like to try that out. But like I said, I've been on the bus once and it was just to basically a couple of a mile or two because you know with where I live in where I work for me to take metro to work. First of all, I'm surprised to have it out there. Well, it really isn't. I would need if I

have to buy a second car. The

J

Jewel Gray 39:43

buses turn around about six blocks past me you know, because we're I'm right out there and highway six they turn around about six blocks past me. So I get to 65 that goes down into a little housing area and does a huge highway six and what Bissonnette and does little U turn sits there five minutes and then starts the truck but you know the truck back in a town, so I'm right there at the edge. And I know a lot of places out there don't you know, don't get me I'm

C

Chris Harrison 40:04

five miles away from the nearest quote unquote bus service. And that's a park and ride. And so I've got that and they're building another park and ride out further away from me. But to get to get Park, I mean to, for me to take a bus into work. I need a second car because I need to drive to the first park and ride, take the 214 down to the medical center. And then take another bus out to Missouri City, where I pick up my second car and go to work because that's like seven miles away from my work.

J

Jewel Gray 40:35

Yeah, and everything about the bus system is everything the hub for everything is downtown. You know, if you're going to, you know, out 45 somewhere and you live out 59 You got to go through downtown, want to cut Crosstown

♂

40:48

we have the luxury of being here in in a hurry, Montrose that's where we're broadcasting from that love robbing hearts of love it Boulevard and near Montrose. And it doesn't seem to be as much of a issue anymore, that you can lead a life as a gay person or a large person or whatever your political or religious or sexual orientation might be. That this is like kind of almost a bygone way of life. So we have a lot of institutions are concentrated. Here in the Montreux spine. It's not necessarily affordable for anyone anymore, right? Yeah.

C

Chris Harrison 41:29

Yeah, I mean, when people ask why do I live in why do I live in Copperfield? I look at him and say 495 a month, right? Yeah, into into bathrooms, smack two bathrooms, right? Mine's a one bedroom.

J

Jewel Gray 41:39

400 square feet.

C

Chris Harrison 41:40

I don't know my square foot. But it's, it's a one bedroom, one bath. But you know, it's 495 a month, it comes with a washer and dryer. Cool. I

J

Jewel Gray 41:48

have to look into it. They got a three bedroom place over there. I have to look into that. And I have

Ω

41:51

a bipolar neighbor downstairs. Who breaks out a window over three days. So you've got entertainment,

J

Jewel Gray 41:58

to charge for your entertainment? Well, you know, I had, I had to talk to a friend today. And she suggested the topic for tonight. And you know, we usually don't have a talk, we just come in here and wing it. And I thought, you know, she's right. It was a it was a good topic. It was a topical between us because we were talking online and and she's from far away. And we were talking about, you know, online romances. And I mentioned it to you while ago. And I knew when I when I when the the suggestion was brought up on we'd already talked to someone online. Yeah. And you know, it's a couple times with me that aren't get up there. Oh. I know. Somebody told me. Well, you know, not everybody is on the on the net. And I said, everybody who matters.

C

Chris Harrison 42:47

You know, for some people, it's a lot. I mean, let's let's look at it this way. You come in here to Houston. Let's say you don't drink. Where are you going to meet somebody? We've lost Lobo. All we've got left is Hollywood booking cafe. Or Dietrich's there's not great meeting places or log on, you log on. And, you know, you fill

J

Jewel Gray 43:13

out a profile, you know, I filled out a profile, because one of my exes was telling me you need to fill out a profile during this thing, fill out a profile. And I sat down and looked his profile had no idea what to write in this thing. You know, it asked you for some description of Oh, and you are what you're looking for. As far as filling out a resume, oh, it is an X, sit there with me and, you know, fuss back and forth about what we were going to put in what we were going to put in there. And almost immediately I got a reply. I was it's stunning. Before the night was over, I put it in, like at midnight. And the next morning I had email

C

Chris Harrison 43:46

checking like a Yahoo personal or just, or just a profile

J

Jewel Gray 43:49

on a lesbian.

O

43:50

The problem I always had was, I always thought maybe I would meet somebody just as desperate as I was.

J

Jewel Gray 43:58

And, you know, I've talked I've been talking to several women online recently, I've met several women and have you know, gotten to meet people and have had very good experience has been that I hear someone else telling me about some horrible experience. They've had meeting someone online, which is, you know, very sad.

O

44:18

Ultra bad ones, but I had one who was not exactly a stalker, but resentful person. He misrepresented himself and I met him and I thought, hey, how you doing? You're not who I thought would be you seem like a nice guy. Tony. Nice to meet you. And you'd already know reached some emotional stage that I wasn't ready for.

C

Chris Harrison 44:41

Yeah, yeah. Well, that's that's one thing with with me. I've always prided myself on this stuff that you know, I'm honest. Here's who I had had a roommate last year, who put out personal ads. And he said he was 28 and has strawberry blonde hair and was five eight and swimmers belt And he was he was swimmers bill, but he was toned in that. But you know, they get open up the door and he's 34 It's red hair. He's like five, six. And he gets all upset when, you know, there's no spark. And it's like, you know, you lie to these people, and you expect it. The first time I ever had put out a, a Yahoo personal and met this one guy and we chatted online and talked and played on web, I saw pictures of him played on webcam. And we agreed to meet. And I met him in person. And it was just no, he was interested in me. I just was not interested in him.

J

Jewel Gray 45:42

How long did you do all this? I mean, how long were you? We chatted for several months. a month. Yeah. And we were with this guy?

month. Yeah. And were you with this guy?

♂

45:48

Only a couple of weeks. It was no big deal. Just like Don't come over to where I work. I won't mentioned a local business. But yeah, so that you recognize me I didn't he recognized

J

Jewel Gray 46:00

the grounds lesbians are doing a different than guys, you know, because I you know, I, I'm really pretty careful. You know, who I talked to? And I asked enough questions to hear the right answers. You know, and I do like the webcam because I get to see each other folks just

♂

46:17

to be like, according to local media, edgy, but he was thinking about that channel to sting thing they did. For me with it. They had people going out line posing as a 13 year old girl. Hi, I'm all alone at home. Daddy won't be home until seven o'clock. I come over. Yeah. And they gave an address entrapment. Well, I thought was unfair. Well,

C

Chris Harrison 46:39

well, what it was, it wasn't the police doing it, it was to doing it. And so it does, well,

J

Jewel Gray 46:45

you know, I have no, no ad from Georgia.

C

Chris Harrison 46:49

You know, when I'm chatting with guys, and especially from around the world, with some of the guys I chat with. And you know, with in my says, Hi, I'm also talking with these guys. And some of these guys, the third third sentence out of their word is you want to Cam, you want to go on webcam. And it's like, okay, first of all, I need some information. And the one thing before my webcam comes on that you see anything is I want somewhere where you typed the two digits that your your age. And so if it comes back that it's a 16 year old, you told me he was 18. Here, here's, here's the here's the times. Yeah. And I mean, because there are some guys in other countries that I've spoken to that are 16 I've definitely

J

Jewel Gray 47:35

seen youngsters on there. You know, I've seen them. I've not messed with them or talk to them. But actually, I have one. So I did kind of do a little motherly fussing at one little girl one time. And I told her, you know, if what I said was, you know, if I were your mother, I'd kick you

time. And I told her, you know, if what I said was, you know, if I were your mother, I'd KICK your ass. You need a good weapon.

47:51

It's a brave new world. And I think that it's terribly dangerous. Some of the technology we have now. And I agree, but people are concerned about it. I don't want me to take it out on gay people. Because it's the US is doing it. It's everybody who's doing it right. If you have kids for the computer, no, maybe you shouldn't think twice about it. Absolutely.

J Jewel Gray 48:10

That is an automatic if you have children and a computer just like a gun. And if you have a certain parts of it locked away,

48:17

if you have HBO and a V chip, how can we use one and not the other? Right? Yeah. And

C Chris Harrison 48:21

my philosophy comes from when you get these people who want to censor what's on the net? It's, I have the philosophy. Well, the thing is, I feel this, if, if you've got your values, and you've got your beliefs, you've got your tradition, you go to whatever website you want to pass on to your child. Okay? If you can't pass it on to your child so that they know that, you know, don't approve of them going to certain sites, then don't tell me I can't see.

J Jewel Gray 48:48

See. And I come at it from another direction all the way because you while you're coming at it from a direction as you're depriving your child, if you don't let them know that this stuff is out there and with your, your support guide and your guidance, explain to them how to avoid it. And what you know, the pitfalls are of it.

49:05

Yeah, but I don't envy parents anymore.

C Chris Harrison 49:08

Because I mean, you get in a situation. I mean, my five year old niece does a better job on the computer than my 57 year old

J Jewel Gray 49:15

Tiffany. Mentally retarded. Is computer completely computer literate? Yeah, compute. We I got her on online tonight. She can't spell but she knows how to use that mouse. My

∅ 49:25

grandmother couldn't use a remote control for the TV. So here we go. She's generations changed.

J Jewel Gray 49:30

My mother's my mother to was you know, email fanatic. She paid \$2,300 to use email.

C Chris Harrison 49:41

My father always said he goes in the big thing. He's an engineering wizard. He's he's got stuff floating up on the ion space. He has stuff on the moon that he built when he was younger and all that but you know when it comes time for daylight savings time, he brings his watch to us, one of his kids to set for him. So it's there's the coal krishok with all that, but I

J Jewel Gray 50:01

want to get back to this thing about. Yeah, let's get online. I was wondering if anybody out there has been doing, you know, some online dating and how they felt about anybody want to talk about this on the air, I'd sure like to talk to you about it. Sure. And, you know, I want to talk about some safety things, you know, we were talking about, you know, this can be fun. Absolutely, it can be a lot of fun, it can be a couple people can be very rewarding. I've met a couple of people that I think will probably be friends of mine for forever. And I've met a couple of people that I'm interested in going, traveling to meet

∅ 50:35

for the most part of the people I want to meet would not want to meet that way. And it takes a long time to determine that. Okay, you know, we usually don't do this, but yeah, the first guy in a neutral place to eat

J Jewel Gray 50:49

dinner. At first those are the those are the rules. Usually, they're laid down we go we'll meet for dinner or for lunch. Usually it's lunch, because it's a lot. I don't know why it's it seems a little safer coffee. It's not romantic cup of coffee. But yeah, it's not romantic dinner has some romantic connotation. So it's often lunch, coffee, maybe the museum, yeah. And in a public

place, you know, someplace like 59 Diner, you know, and then we see how it goes from there. You know, as far as do we want to meet for dinner, you know, which is the one next step, because, you know, I'm not in this just to you know, get a free, you know, lay you know, it's you know, I can get that without going on

51:28

that my pastor for free to enter though.

J Jewel Gray 51:32

I'm not on there for you know, for for quick win. But if it comes along, I'll take it. Well,

C Chris Harrison 51:36

with the first guy that I met, that didn't have interest, I was so nervous about it. I put up a little word document, it had all the information I knew about this guy, where we were meeting and all that. And I saved it on my computer at work in the middle of the desktop and on my computer at home. And I told my brother I said, I'm going away for the weekend, if something happens check my computer. Because I was I didn't know what was going to happen. And like I said,

J Jewel Gray 52:03

I've bailed it's a wise thing to do it in public that I bailed out live suggests suggest that to anyone if you're going to meet someone, certainly, absolutely no, no other options except doing it in public with

52:14

with public if you're gonna have sex with them. However, in public, you

J Jewel Gray 52:18

know, if you're gonna have sex with them leave in 15 minutes to eat them in public when when I feel for them before you walk away or get someplace and you know, not secure my, my axe

C Chris Harrison 52:29

when we met for the first time. We had chatted online, back and forth and shared pictures and and I met him over at Lobo. And then we went over to revisit had dinner. And we just tried to be nice about and simple and easy. It took him home. And you know, it was that was an

awesome music for a little bit. And all that and I had to leave so nothing happened. But it's one of the things you have to get a comfort zone of where you're going to be.

J Jewel Gray 53:02

Well, I don't I'm not one for like jumping into that. I mean, if you if it just strikes my fancy, tennis is so funny. didn't sit here with a closed pan on his nipple here. I can't stand and I'm going to be creaming my jeans. I told him all ago I said, you know, if I was if I was a gay dude, I'd be chasing him around

♀ 53:19

a baby plus two. But

J Jewel Gray 53:20

what was I saying about? Oh, you know, you really want to get to know someone? You know, I to me, and this is a standard practice with me. I have to have some emotional connection. Sure, you know, and you know, while I'm not I don't disagree, I think that you can get that online. If you have enough time. And you do enough kind of that kind of talking. Yeah, but you know, it. That's why the first meeting is important. You know, I have a friend who's just recently met what I probably think is her Ms. Right? And she met her online through a profile. And they you know, have set rules for themselves, you know, will date this long. We'll do this long before we sleep together. We do a lot of that out of that. No, that's not me. That's not me. I want to go with my heart. Yeah, you know, and that's the way I am I go with my heart, I think about the consequences of my behavior. And then I go with my heart what I think is, you know, okay, but

C Chris Harrison 54:15

now that sounds chauvinistic pig, isn't that a female thing? What's it going with your heart and seeing where it goes and looking for the romance?

J Jewel Gray 54:24

Because you have to remember, I'm on the other side of, you know, I'm looking at another female. So it's, it's a lot safer for me. And I really believe that I think that guys are so much more objective about sex. Oh, yeah. That you know, it doesn't you don't really have to make an emotional connection to to go and have sex with someone. Yeah.

♀ 54:40

And we can reframe what the whole purpose is. For example, I met this really cute hot guy who lives in Rhode Island. And we started talking and he and I just get along on so many levels, and he's turned out to be a good friend. He's 15 years by junior. We're not ever going Wanna get

together, but he was turned out to be a good friend. And that's not the only purpose of meeting people on the web is to get together and do the hot, nasty. You can also meet some friends, too.

J Jewel Gray 55:12

I've done that, too. And you know, another thing about the net is that, you know, I love it. And people often say we spend too much time on it, you know, I'm just spending the same time I'd be spinning sitting in front of the TV. I'm not sitting in front of the TV I'm sitting on I'm

C Chris Harrison 55:25

a little worse than that. I usually log on about nine o'clock at night. And, you know, by the time I go through my porn emails, mail, I've got to Yahoo dirty accounts. In some days I go into, they're both maxed out at six bags of dark

♀ 55:43

Viagra online,

J Jewel Gray 55:46

like everybody does. Like I said, my bulk mail is full of that stuff, you know, you go to one porn site, they never forget you and they Share, They Share.

C Chris Harrison 55:54

I get all these Yahoo groups has sent me all the dirty pictures that I go through. And when I start chatting, it's I mean, I'm on some nights until two 3am. That's

J Jewel Gray 56:05

me. That's me. And so it's just that I'm a nester. And you know, my job is Tiffany. And so Tiffany goes to school, and I sit there all day, I take care of housework and take care of bills, I do those kinds of things. And intermittently through the day, I will sit down and visit with someone for an hour or so and chat. And then you know, go about my regular business and do things that I have to do and then maybe catch up with somebody else later that night, maybe the same person and chat and you know, it's not like I'm sitting there. Well, I you know, that's a lie. I'm sitting there all day. No, no, but I like to play games. So I'm online, I play games, and then somebody buzzes in, and I'll visit with them. And then I play games a little while longer. And, you know, and I but nothing in my life has lost anything that I was giving to to it before I started doing the online thing. I'm not I'm not depriving any part of my life because I'm online, although I know. And I can see how easily that pretty soon we're going to be having online AAA meetings, because this is a very addictive media, you know, mighty I

57:07

have no problem I have is online. So it seems to bring out the worst and a lot of people that flame wars develop people become no because I could my amazement, I can be a really vicious person.

J Jewel Gray 57:21

about not being face to face, it's so much easier to be ugly and nasty to someone standing there looking at it. I got to

57:27

I will be in a good Catholic boy, I confess, though, I've said some mean things to people, and I kind of regret it. And that goes on all the time. What's going on right now?

J Jewel Gray 57:37

Well, you know, I'm a moderator at the LSA the local. What is it the lone activist I can't remember I've just called LLC so long, that's

C Chris Harrison 57:46

I haven't keyed in. So all I have to do is when I send the email that's type LS A hit Return, and it's gone. Same

J Jewel Gray 57:53

with me, I can't because I don't want to print it all out. But you know, I'm a moderator there. So I watch what goes on there. And actually, I actually moderate a couple of group groups. I do want for Democracy Now. Is it democracy now? Is that is that any good naming? It's not that then it's democracy something today or something? Oh, sorry. I don't look at it either. Just online, push a button in them there. So and I moderate, you know, that group, and then a lesbian group that I moderate and I see a lot of flame wars. You know, we talked about that a lot. What am I doing? I'm actually a famous neighbor, I had to address that today, that very issue today online. And, and I got some ugly emails back about me being a censor. And I just flat told them, I'm not a censor, you chose to come here, you chose to follow the rules. When you signed on here. I am reminding you of the rules. And if you can't follow the rules, I'm putting you out. That is all there is to it. I'm not trying to be mean, it's just the way it is. No one wants this kind of stuff. It's

58:15

58:43

censorship. And the government tells you you can't say when your peers tell you, you can't say we need to find other peers. I'd

J

Jewel Gray 58:53

be glad to pinpoint you to bits.com I mean, I'll tell you where you can go. And that's all they do is blame people

C

Chris Harrison 58:58

I had I had a thing with an online someone saw my Yahoo personal and saw just my picture and didn't read. And all he saw was here's my picture. And I was online. So he instant messaged me and we were chatting a little bit and he was getting all heavy of what he wanted. And so I sent him to where he could find the answers to his questions of what he wanted to know about me. Okay, but he didn't realize that I was a heavy person. Okay, my picture was a bus stop shot. So he just he saw bear or cub. He didn't see chub right. And he came back and it was so cruel and rude. It was Oh yeah, it was the most beautifully worded insult I have ever read. It was it was beautifully. It was beautifully worded. And I tore into him. Oh, you sir. Did I ripped him a new one by the end of the conversation. He was inviting me to dinner. And he was he was apologizing and I wasn't going to take it. It's like, don't have anything better to do don't have some kittens to go stomp. When he invited me to dinner, it was like, Do you think you can afford to take me to dinner? I just don't know how to respond to that.

Ω

1:00:20

Yeah, no. I mean,

C

Chris Harrison 1:00:21

I just, I wouldn't

Ω

1:00:21

you did not let up. You did not give him an opening anywhere.

C

Chris Harrison 1:00:26

No, I wasn't, I wasn't going to take it. Because that's one thing. If I'm going to be honest, and I'm right next to my picture in 24.5, it says Houston Chubb needs chasing. And if you're not going to read, and you're not going to do that, don't insult me. When you find them something different.

1:00:44

It's a great big world. It's a great big world with somebody for everyone.

1:00:47

You know, I have always wondered that, why people do not check profiles before they respond. But you know, I

Jewel Gray 1:00:57

have a story about that I did check a profile, I've been very, I've been emailing this woman, I mean, I am in this woman, and we've been doing the web camera and microphone, so we're talking online. And you know, you'd fingers don't have to do the walking and more, they can be doing something else. That's going on, okay. This is actually pretty sincere. And I've really, really connected with this woman emotionally, I'm going to go and visit her. During Tiffany spring break, she's going to spend some time with her parents, and I'm gonna go up there, and I'm really looking forward to it. I'm sorry, I can't tell you how much I'm looking forward to. But when I did read her profile, it said she was from Friendswood, which was cool. You know, Friends was not, you know, out of reach. I mean, it's like another state when you live on the other side of the beltway. But, you know, it's not that it you know, out of states, not so hard. But we were chatting and chatting and chatting and getting along and getting along, and she seems to be receptive to you know, she thinks I'm cute. And I like that a lot. You know, you think you got your way ahead.

C Chris Harrison 1:02:07

Bonus points. Yeah, even

Jewel Gray 1:02:09

if you're lying. I was telling her I said, Well, you know, after we chatted for, you know, some time I said, and I mean, like days and weeks, not like minutes. I said, Well, when you know, when can we get together to do lunch thing? You know, it's pretty standard thing. When can we get together do the lunch thing? And I said, we were I was trying to figure out, you know, when I could get together and you know, she said, Well, it's a long way. And I said, Well, how long is it? I mean, she's just friend. She said, Well, what makes you think I'm in Friendswood? Because you said so on your profile? She said, Well, I never put that there. I don't know. We neither of us know where it comes from? Oh, you're kidding. No. She said she would you know, she didn't put that on there. She didn't even know where Friendswood is. She may miss typed in the zip code. Could be but she, it was Friendswood. And here I'm thinking that emotional connection to and wow. You know, to me, every single contact with a woman is the possible Ms. Right? Yeah, sure. And I want to take the steps one at a time. Well, this step one first, you know, when you get the right, you know, I was telling somebody or there's she's got all the right earmarks, he's got all the right earmarks. I really am fond of her and you take those steps, you know, baby steps until you're, you know, in at a certain point, you know, and at that point, you deal with the issue. You

either back away, become friends never talk again, or move on. Yeah. And so I was like at this ready to you know, at this date, I was ready to move on let's meet. Well, she's not in Friendswood she's north of San Antonio.

1:03:41

And we're broken this greater French word.

J Jewel Gray 1:03:46

And we're both heartbroken you know, it's like, you know, what do we do what do we do and I you know, I really want to meet this woman. I don't care if she does live in Friendswood

C Chris Harrison 1:03:53

The downside is I would say pick a point pick someplace halfway in between but I'm not sure how well two lesbians are gonna get along along this line or

J Jewel Gray 1:04:06

she's up there at Canyon Lake you know, and I know Canyon Lake real well and you know, I've been into the Geocaching stuff and I thought I'd go up there you know and geocache during the day and have dinner with her that night and stay in a motel and then drive back the next day Yeah, you know, it's a kind of a break for me kind of vacation and I get to meet this woman and you know, have some time to myself do some geocaching out out of my local range and and

C Chris Harrison 1:04:30

have some fun meet somebody new right and you know, if sparks fly

J Jewel Gray 1:04:34

well, you know the thing is, I know the sparks they're already flying. It's It's It's sad now that we realized that we're not as close as

C Chris Harrison 1:04:42

we thought so we better hope there's some rain in

J Jewel Gray 1:04:45

a forest fire somebody reads your profile. It doesn't necessarily have to be true. But like they said earlier writing that thing, the thing that they want you to write Yeah, it's so hard. You know, what are you looking for what you are who you aren't, you're trying to tell somebody? Yeah. It's like yourself up 50 words? Yeah, who you are and what your, you know, your philosophy of life is?

 Chris Harrison 1:05:06

And how do you do that? I do that with I mean, I've got

 Jewel Gray 1:05:12

seen any profiles that say, no games, no head playing no head games. My profile says,

 1:05:21

I think that'd be about to be required. Yeah. Mine

 Chris Harrison 1:05:25

goes through and you know, I get a lot of hits from people. The first thing they say is, you know, your ad is so honest. And I go in there saying, Look, first of all,

 1:05:37

you have a Mac mate. How do you know it's?

 Chris Harrison 1:05:40

No, it's because it's like, you know, communication is important. Being or being good at Oral isn't just for sex, angry, angry. A lot of a lot of things. I go in there pretty deep with it. And then like at the end of it, there's this part that's everyone seems really like, it's called that's FAQ, which is normally frequently asked questions. But it's FCC annoying questions. Frequently, hopefully clear, because when you when you're talking with with bigger guys, there's good stuff like it's just the biggest you've ever been. Yes. Will you help me get bigger? Sure. If you find a doctor who do a fat transplant will you smother me with blank? It's like, No, I want to get to know you first before I decide I want to kill you. And

 Jewel Gray 1:06:28

you see that something else? This I am thing? Yeah, you know, and you're open out there and almost anybody who can has access to an IBM I get these things from Dick lots of dick in Houston. And you know, or hum for you names like one of these men think that somebody

some woman is really going to want somebody's dick for you and Houston kind of email address.

♂ 1:06:49

Let me ask you something, when when you are on the listserv, or when you come across someone you think is interesting. Do you check your profiles out first? Absolutely.

J Jewel Gray 1:07:00

I do. And I look for photo, okay,

♂ 1:07:02

I get when I when I get in? I looked at the photo by your door at the photo

J Jewel Gray 1:07:06

is not important, except that it gives me a mental image of who I'm talking about.

♂ 1:07:12

If I've ever seen a photo seven or eight times before, I suspect it's probably bogus. You

J Jewel Gray 1:07:16

guys have known me a long time. Jimmy, you've known me 20 years? Yeah, you know, I am not into you know, what people look like? Or what people have inside?

♂ 1:07:24

Look, let me tell you on my profile on Yahoo. I state right out there. I'm HIV positive. Good. And I'm amazed at the number of men who will respond, you know, I may respond to them. And they respond back and we get into a conversation. And I always said, have you read my profile? No. And then they read the profile? And that's it. Yeah, good. And never hear from them again.

J Jewel Gray 1:07:55

looking at pictures, that's all they're doing. Or they

1:07:58

are incensed that I had didn't tell them upfront that I made sure I

c Chris Harrison 1:08:06

didn't. I mean, that's one of the issues I had with my my former roommate, not only did he lie about this other thing, he didn't he wasn't honest to tell people and his philosophy was, you know, I'm a gay male, you should assume it. And if you don't take precautions, that's exactly right. And that's that was his boss. And it's like, Well, I

1:08:25

kind of agree with that. And I assume that you are HIV positive. We know Yeah, it'd be positive too. People, they don't affect you. That's

J Jewel Gray 1:08:39

the brave new world. When

c Chris Harrison 1:08:40

I when I get an instant message from somebody, the first thing I do in Yahoo, because I'm either in Yahoo, and my my personal ad, even my one in bigger city has a link on there to my Yahoo instant messenger. And so the first thing I do sometimes even before I even start to say hi back, is I click on go up to top and good friend View Profile. Right? Yeah. And I come up. And I'll tell you this, nine times out of 10. It's the bare minimum to get into a yahoo group, right? It name, maybe, maybe six, maybe that male or female even find age and half

1:09:20

on yo, that scares me. I

J Jewel Gray 1:09:23

always complain. I complain to people when they do that, you know, there'll be I get email from people who just have my email address. And we will get to talking and I'll say, well, here's where you can find my profile. Go look. And when you come back, we'll talk. Yeah,

c Chris Harrison 1:09:38

and that's I mean, with with some of the people that I chat with, you know, before I was like, you know, I'd get upset with that. And I realized, you know, my AOL account didn't have a ~~profile on it. Because that's my screen name. The way I'm going to get in is they got my~~

profile on it. Because there's my screen name. The way I'm going to set up is I've got my account, and I gave my parents a screen name. So I didn't want them to go find your profile this one and I So

J Jewel Gray 1:10:00

that's why you pick one, you know, you'd be wise user and you pick one that you use all the time. So I

c Chris Harrison 1:10:05

put one on my, my, my one on AOL, and it links to other parts of it on that. But you get these situations where, you know, I put up a Yahoo profile and go through you find all the information and like, a lot of stuff is cross linked. You go from my, if you talk to me a bigger city, I, I chat with somebody, I post this ad out in this, this chat room, and it's, say my name that big Criss Angel UTX 32 year old Super chub needs chasing in Houston, and has my link to my personal ad. Right.

1:10:42

That's something we would like to hear more about. Because that's go I confess, there must be issues with being a bigger man. You mentioned a couple of them earlier. Yeah, I'd like to know more about them. But first,

c Chris Harrison 1:10:55

let's say we need we need to

J Jewel Gray 1:10:56

dedicate a song. Yes, I need a break and I want to dedicate a song to Tisha and Debbie, who were in Canyon Lake and perhaps listening. It's kind of late. I told him I'd be here at 130. They're probably listening at 130 but if they are, this is for Titian. Well, it's for Tish, but Debbie can listen to and we'll be back in a few minutes. All right.

1:11:25

Yo, what's up everybody? Sameer Bobby's here invite you to check out every Friday morning. 3am To 6am We're gonna give you the hottest progressive and eclectic soul, hip hop, r&b.  C Chris Harrison 1:12:25

you yes the early morning groove we we miss having those guys bringing up our rear so to speak. Yeah. So we are back what you music we had heard going out there was swayed with Dream a Little Dream that was a dedication by jewel.

 J Jewel Gray 1:12:47

Am on Yeah, push back on now. Because I'm chatting with Dennis I left in his out there momentarily surrounded by men. I thought he was gonna stay believe me. I thought he's gonna stay so cute. And

 C Chris Harrison 1:12:58

Justin Tranter martyrs and monsters. Yeah. But no, it's.

 J Jewel Gray 1:13:04

We also have phone call now. Oh, good. Talking to you. Melanie. Melanie. You know, Melanie. Melanie with the motorcycle, Melanie? Yeah. Oh, cool. I think Melanie had to sell the motorcycle though. I kinda.

 C Chris Harrison 1:13:17

Melanie. You're on the air on Mellon. Oh, wonderful.

 J Jewel Gray 1:13:22

It's good to hear from you.

 1:13:23

Okay, now it's good to hear you. I haven't seen you in a while. I was in Paris last night if I stopped by up there. After eating way too much food at campus.

 J Jewel Gray 1:13:32

Well, you're always welcome down here. Melanie, come

1:13:34

on down. Yeah, we're gonna Saturday off. We'll come in for the show. Yeah, remember

J Jewel Gray 1:13:38

that? That's why you stopped coming. Because you got a job. We had to work. Yeah,

1:13:41

that's where I'm at right now. Well, you got something to say about being online. While he was saying I had an interesting story I put out a one of the outsmart magazine.com profile. Yeah, a long time ago, several years ago. Just looking for you know, friends or whatever. And I occasionally updated about once a year or something like that. And it was almost a year ago now. I was I was breaking up with the last girlfriend I will ever pick up in a bar.

J Jewel Gray 1:14:15

I said that before? Yeah.

1:14:18

But yeah, I got there, you know, and like checking my email and all this other stuff. And I've got like all these emails saying, Hey, I seen your profile and your profile and I wow, like nobody, nobody ever like read my profile or ever replied to it for like years except for one person who knew me was like a friend of mine that says hey, I seen your profile. And white that month. The they decided to make me their featured profile. So I was on the front page when you logged onto the website. Oh, me. Yeah, my big smiling face. Yeah, it was a response. I had a few responses. I mean, I saw him I didn't it's someone that who responded. And we actually worked together for about eight months and, you know, basically decided she was a really nice person, and she just was not a really nice person for me. So, you know, that ended, but it was kind of interesting. As far as you're talking about meeting and all this stuff. She didn't have a car at the time, and she lived kind of out in the boonies. So she didn't have a choice of like, meeting me somewhere. Like, you know, I actually ended up having to go over to her house to meet her. But, you know, which I was like, well, let's go, you know, I figured we'd meet outside the shed. You know, kids like, Ashley, her oldest son had just come out to her a few weeks before that. So he ended up being our chaperone. And on, you know,

1:15:48

we basically like have your dates son drive you around.

1:15:56

He actually wrote in the backseat. Company, a salon we visit was very low key, we basically, we went out for Chinese food and went, went to this park down off a Bay Area Boulevard and walked around and out by the lake hoping alligators would leave on us or something like that. Yeah, it was. That was kind of an interesting thing. So when you mean, yeah, when you meet somebody online? Yeah, that's one of the things though, it's like, you never really know. And until they, you know, are there face to face? Like if they're

J Jewel Gray 1:16:30

profiling or, you know, Lucas is pretty charming, right?

1:16:34

Oh, yeah.

1:16:36

You never expected somebody's going to come along with no baggage whatsoever. They're not going to be Domino's Pizza in half an hour. And everybody's can be happy. No. Unfortunately, apparently not happy prepared to other people have lives too, right? Yeah, unfortunately, I

1:16:53

found that a lot of my the women I end up dating. It's like, you've heard the old joke about the lesbian in the U haul? Apparently, they were they were using the U haul to bring all their emotional baggage into

J Jewel Gray 1:17:04

here. Yeah, I hear. Yeah. And that's why I like to be really upfront. I, you know, I tell people, I'm very frank and I ask a lot of questions. And I expect, you know, answers. And if it takes too long, I address that too. You know, why is this taking so long for you to answer something so personal that you know, you know, are you shy? Is this something you don't want to share with me, you know, tell me, if it is, then I'll back off. But if I'm backing off, then I'm really backing off. Because if you are too shy for, you know, to give me the answers I need to go on, then that's it you've given can't go on what

C Chris Harrison 1:17:37

scares me sometimes when I'm chatting with people and you know, chatting with some guy, and I asked for stats, and you know, I get height, I get weight, I get eye color, I get hair color, I get endowment size. But you know, when you don't tell me your age, then you're telling me

that tells me that you've got a bigger issue with it than I do. Okay,

1:17:56

if I figured you were asking for inseam.

Jewel Gray 1:18:00

I've never asked for stats, I always go to the profile. I've never run into somebody that I wanted to talk to online who didn't have a profile, it was filled out adequately for me to have some idea. And sometimes people have connected with me over my profile alone. Yeah, I will see what not because I've you know, put myself out there, they like the links I've met. In fact, I've connected with people who had similar links to me, you know, the links that they have down on the bottom, your favorite links kind of thing, right, similar links to me and I, you know, was around my age and, you know, shared a common group with me. So we had things in common. And I've email that person said, Hey, we got things in common, you know, here, you know, here's my profile, look at some of my look at my links. And if you want to get back to me cool, if you don't, that's cool, too.

Chris Harrison 1:18:43

Or, like, one thing I do is I go through, I've also have a Live Journal, and I go, I go through some of the, I mean, one of the communities and you know, I just kind of go just go to somebody site, one of my people on my friends list, and then I'll look at their friends list and start scrolling through some of these other things and finding new people on there. And just kind of expanding on that. No, I

Jewel Gray 1:19:06

get I get these guys who I me. I was telling you about this early, you know, dig for you in Houston, you know, that kind of stuff. And he's like, what do these guys think? You know, these are straight guys? Of course. What do they think some woman is really going to respond to dig for you in Houston? I mean, how do you how much respect do you have for someone? If that's the I can find one of those online? If I need one that Yeah, that's right. And you know, I and they then they start hitting on me. And I tell them, have you looked at my profile? Yes. My profile says clearly that I'm a lesbian, that I'm attracted to smart, funny women. They want to watch right and you know that and they still push they still push and I finally have to say what part of lesbian Do you not understand? Yeah, I think lesbian means until we get a straight man.

1:19:46

You're not unique in that. Yeah, I would get tons and tons of those emails all the time. And, you know, basically

c

Chris Harrison 1:19:56

the dick for you in Houston.

o

1:19:58

They they've ran out of email like, sending them to jewel. And if they rent ran out of their email clutter or something,

c

Chris Harrison 1:20:07

I'll empty a box for them to fill

o

1:20:12

out. Yeah, one of the things you were talking about it, when you were talking about meeting online, they show up and like, you know, they said they were, like, had long, luxurious, red hair, and they're bald and things like that, you know, they're bald, and they're female. And

j

Jewel Gray 1:20:25

I tell you, frankly, this is not like me. But if I got information from someone online, that I was going to meet somewhere, and I walked in, and I saw that person sitting there, and they physically didn't fit the description I would give and I'd leave them sitting there. You know, I'd say that you lied. You earned this. Yeah, I'm leaving you sitting. I mean, that that makes perfect sense. And I'm not usually that way. You know, if I go to meet somebody, I don't I wouldn't leave somebody there. But, but

c

Chris Harrison 1:20:50

I mean, like, when we talk about when you talk about these guys, Dick for you, Houston in semesters, I've gotten hooked on watching webcams. now.com. And I go through here, and here are these 1819 year old boys, who I'll put all over the screen there about

j

Jewel Gray 1:21:08

the ones from Africa where they have it set up on the planes, you watch the animals going by the nose, no cool.

c

Chris Harrison 1:21:15

Are these are people who they go online and they play and it's like, okay, you're 1819 years old, you're saying you're straight. I feel that women are smarter. That you know, watching

some guy flogging his log on webcam isn't going to turn them on thinking it's a long term relationship. Well, you

J Jewel Gray 1:21:31

know, women don't get off to that. Anyway. That's what I'm saying. Women Don't Get off to they're not even want words. They want words. They want to feel it they want emotion and they want words they don't want some dick slamming, you know, thing on the table.

o 1:21:44

On a more visceral level. I like the idea of just walking down the street and saying hello,

J Jewel Gray 1:21:49

hello, right. And you know, like you said on the train meeting someone writes on a train you know,

o 1:21:53

I get on a train it was people there it didn't make eye contact Hey, how you doing? Tell me what you look like I can see you when I get

J Jewel Gray 1:22:00

around. I get around I'm involved in this group and involved in that.

o 1:22:04

That's the ultimate virtual reality is reality itself, you know, get the hell away from your computer monitor for

J Jewel Gray 1:22:12

I say I get around and I meet people all the time. You know, I go here and I go there and I'm at this fundraiser and that fundraiser I'm involved in this group and that group, so I'm always meeting people and you know, in my past I was even more involved. You know, I gave sexless workshops. I was with switchboard we went out and spoke to people we did bar you know, tours. So you know, I really am have no discomfort meeting people new. I don't have a problem walking up somebody I've never seen before and saying hi, Jewel. One

o 1 22 20

1:22:38

thing that bears mentioning, though, we've been talking about, of course, the subject online. But you know, I've met people in person who'd lied to me way more than you know, the worst person I've ever lied to me online. Yeah. One of my ex girlfriends. I met her and the say she had at the time I met her she had a house a job, never married and had no kids, I found out that none of that was true.

Chris Harrison 1:23:05

And what public office is running for now? I mean, when when some of the people when you let me go back to that, I've lost my train of thought here. SUV must have hit me. When you were saying that you've met with these people here? Are you talking about going into chat rooms or just people who have responded to

Jewel Gray 1:23:24

chat rooms and then from chat rooms to I am then and I am to webcams and speakers. I like to use my microphone. And I like to talk you know, and I'm atrocious speller. So I look a lot smarter if I talk.

Chris Harrison 1:23:41

I have one guy from from Russia who wants to speak or who wants to talk on the aisle who can't and it's just it's horrible with his accent. Yeah,

Jewel Gray 1:23:48

yeah, I imagined that would be tough. But you know, a lot, I guess.

1:23:52

You can tell a person's age if they know. Punctuation. Yeah, if they don't know, punctuation, they're under 30. Yeah,

Jewel Gray 1:24:00

I agree. Yeah, I always put the semicolon everywhere. But you know, it's it's an interesting thing. It's something that people are getting more and more into. And I think it's something that everybody needs to have some set of rules for themselves and personal rules about these things about what they're willing to do and the risk they're willing to take. Because, you know, when you meet somebody like this, no matter how much you've talked to him, it is always a risk.

 Chris Harrison 1:24:22

Well, yeah, I have to let you know that you're listening to after hours queer radio with attitude, here on Pacifica radio for the Gulf Coast. KPFT 90.1 FM, Houston 89.5 Galveston, and you can always check out the worldwide web at Kpf T dot O R G. To hear in what we have. We've been talking with jewel about online. Thanks. Do you want to plug a certain group website that you go to a chat lesbian chat room?

 Jewel Gray 1:24:53

You know, you've got your bookmarked aren't

 1:24:57

done. So I'm

 Chris Harrison 1:24:58

gonna I'm gonna tease and torment that guys here thing

 Jewel Gray 1:25:00

I do is bookmark so I don't know you know a more you're gonna tease and torment. Yeah

 Chris Harrison 1:25:05

20s And forensic guys and show him Yeah, Roy Roy might have a chance the rest of you don't I've got the best chance of all because he's coming here in two weeks. Oh, cool.

 Jewel Gray 1:25:21

Well, we're just about ready to do the roundtable. I see you're getting a crowd in the doorway here. Yeah,

 Chris Harrison 1:25:24

they came in like a herd of

 Jewel Gray 1:25:26

buffalo. And buffalo, to Rochester, west of Rochester. Sure

C

Chris Harrison 1:25:31

you're old enough to remember when the buffalo roamed the earth? They still

J

Jewel Gray 1:25:38

Yes, but in while drove and I want to remind people that I won't be here this third weekend. I will be here the third weekend next month. Yes. And maybe we'll talk about online stuff again. Because, you know, I think that's getting more and more a part of everyday life. You know, I mean, it's a minimum, you're doing email. Yeah. You know, people today, I mean, businesses can't work without email. I mean, that's why you hear about these viruses because they're literally devastating a business and people say, well, it doesn't do anything. Well, no, it doesn't. It stops people from doing anything.

Ω

1:26:08

Well, for example, I have an elderly mother, she's 87 I would love for her to have a computer so we can email each other but she's gonna get all the spam you know, she's gonna confuse the heck out of her right and I'm better off just calling her once a week. I wish that we had this technology in a civil civilized way to be used in a way that could benefit people.

C

Chris Harrison 1:26:28

Yeah, okay. Yeah, I mean what we'll also do is this if you're out there and you found love online, or you've you found a hook up at least you want to let us know what sort of site it was. Give us your best case story your worst case story email to the show. After hours at KPFT dot O RG. We want to hear your horror stories. We want to hear your fun stories. We want to hear the long term relationships and the one nightstands and if you got pictures of the one nightstands,

J

Jewel Gray 1:26:56

bonus points especially want to hear about the one night stand

C

Chris Harrison 1:27:00

that's after hours at KPFT dot O R G so I'll see everybody in about six weeks. Yes, yep. Right around Easter time.

J

Jewel Gray 1:27:08

That's right. That's a week we're doing our I think that is Easter weekend. Yes.

 C Chris Harrison 1:27:12

Oh, we uh, we've got some information to tell you. Is it officially out that we can talk about that or not? Jimmy? Yeah. Oh, we have Yeah. The Easter Eve when all the good Christians are going to be out there burning their little bonfires and getting ready for the new church year. We're going to be Saturday. Holy Saturday, we're going to be at the Verizon theater with the Bayou City boys club. Oh great broadcasting live look kind of like we did Oh, I get to go see that. You get to see if you get to see 1000 half naked man I

 J Jewel Gray 1:27:44

love this job.

 C Chris Harrison 1:27:48

And thank God it's not gonna be 1000 Yeah 1000 naked men in front of me 1000 half naked men if you can you know what? It's not gonna be 1001 Because we're gonna keep Royce shirt on we'll stay

 J Jewel Gray 1:28:00

well I'm gonna be out of here. I think I'm gonna stop give me some breakfast somewhere but I want to save tissues listening tissues listening that I'll be back at home within an hour if you want to eat me if you want to. I am me. We'll talk to y'all later put

 C Chris Harrison 1:28:13

something in our box. Alright. Good night, Melanie. Your night. All right, we've got music Jimmy wants us to cue up which number one and when we come back it'll be time for the round table we've got enough people to fill we need double headed microphones for everybody in here we'll be back in a moment we're back see what happens when I started looking at those pictures instead of looking at when the countdown comes. Something else was coming ladies and gentlemen boys on the clock. Ladies, gentlemen, boys and girls children of all ages, it is time for the round table. We've got a whole gallon full of people galley full a gallon.

 M Matt 1:29:09

And they're all sitting on one side of the table. Wait

 1:29:11

a minute, how many people does it take to make that gallon of cream?

 Chris Harrison 1:29:19

Let's find out okay. Well you're you're gonna have to turn down your hearing aid right because I'm going to turn off this thing because if not want to put everyone redlining I can't hear a thing in my my headphones. I know you get an echo, but okay. All right. So what are we going to start? Well, we're gonna start with the MBBS. Do we have the MBB letters? You

 1:29:36

guys ready? Yeah, they're in here. Hey, smiley, I got your letter. Yes, I did. I'm happy to hear that you're getting close to getting your radio back. So sorry that you had to borrow a neighbor's radio in order to get the listen to it.

 Matt 1:29:50

He said he did get his radio back I think.

 1:29:54

Let's see said that Friday evening came in went and he couldn't get his property from In the property room, he had to borrow a neighbor's look radio in order to listen to the show. Stay

 1:30:06

say hello to Smiley. Yes,

 Roy McCarthy 1:30:09

I was waiting to give him a proper hello. And guess what? I've got your address girl relax. All Smiley is really smiling now.

 1:30:19

And David, my fingers are not broken, I promise. I just haven't gotten around to address inside my computer yet so that I can get you another letter. Yes, I promise there will be another one.

 Roy McCarthy 1:30:37

Thomas I, I'm almost done with that letter. I finally, this is a long overdue letter. And Thomas, you will you shouldn't be having this letter by Wednesday or Thursday at the latest,

C

Chris Harrison 1:30:48

I hope or at least by a release date. Hey, I've got to get working on some letters too, because there's some I'm not gonna promise the special projects I've been thinking about here yet. But we're planning some things we want to take care of. Well, I need to get in touch with some of these MBBS especially Mallanna for his car that he sent that happened to him. Just everyone I show it to you. It just loves it so much. Great.

R

Roy McCarthy 1:31:15

I'm just thinking, if we can get one of these MBBS after one of them get released, what do you think about the on one of our news magazines are doing? What is really like instead of everybody else's?

C

Chris Harrison 1:31:34

That would be a great thing. I mean, we did something with that with Devin here a couple weeks ago. But someone who's been in a full blown penitentiary rather than just County Jail would be a good thing or state prison. I mean, someone has been in the pen something like that. That's great. We have pretty much an open door policy here at the show. And you know if comes out for release date, we'd love to meet these guys. Yeah,

B

Bobby 1:31:56

and maybe we could even set up something resembling a MBB dating service

♀

1:32:08

really have been reading David's letter Oh,

B

Bobby 1:32:12

dear David, that you know, very cool, the multicolored variety of letter things going on here and he really seems like he needs a boyfriend

♂

1:32:23

in a bad way or what I can see as doing the worst possible way

B

Bobby 1:32:27

and in the worst possible way he needs to connect with somebody he just you know, the all of this is about how he's feeling about needing somebody in his life and all of that and considering some of the details here of what he likes to do things he likes to do. He can him

considering some of the details here or what he likes to do things he likes to do. He can tell
seeing somebody is going to have a really, really

∅ 1:32:51
good tie

C Chris Harrison 1:32:52
from the people who brought you husband had we bring you bring you big house hunt. First In
First legal now, and I'm really really good with parole officers.

B Bobby 1:33:06
So when

C Chris Harrison 1:33:08
you when you're first put in your cell, do you take the top bunk or the bottom bunk? Which
prison missions with? What's that when you go to get your new sneakers at the PX? What size
sneaker? Do you get? Who Amen? That was the other question he used to ask.

R Roy McCarthy 1:33:26
Are you top vulgar?

C Chris Harrison 1:33:27
Oh, yeah. How do we work in the bunk? bottom bunk? And, you know, the other question that
Miss Lewis asked, How

∅ 1:33:34
do we know now that brings me to a point in Smiley's letter?

C Chris Harrison 1:33:38
Do you have to use special care in the shower area for hooded cobras or at huh? Because when
Miss Lewis used to do the husband hunt it was at the time you were born? Did your parents
believe in circumcision or not circumcision? When you went to if you were to join the military,

would you be at a top bunk or a bottom bunk? And what boot size would you have? Now and I'm going to say this for the record ladies and gentlemen. Okay. The story the story about shoe size I wear a size 1514 to 15 It don't mean diddly No,

 Roy McCarthy 1:34:16

Chris I'm prints help though. Right all those questions right and everything. Martha Stewart has been convicted on four counts. She's gonna go to the Federal Penitentiary next

 Bobby 1:34:27

conference.

 Roy McCarthy 1:34:28

What is she What is it going to be like? Was she gonna say? Well this is how you

 Chris Harrison 1:34:32

in the next issue of Martha Stewart Living out how to make a wonderful shank cozy. Time for the holidays. It's time for that festive bathtub chin and your stainless steel commode.

 Roy McCarthy 1:34:51

Is she going to make this year and this is how you proper way to make a provision better.

 Bobby 1:34:55

And the proper deco posh for your for the bars of your prisons

 Chris Harrison 1:35:01

remember stripes are slipping

 Roy McCarthy 1:35:09

Oh my God. Oh, I just

 1:35:11

just how many different ways can you use Iamli? Excuse me? That's denim

just how many different ways can you use jammie because they that's gonna

 Chris Harrison 1:35:17

She I mean, I don't know what's gonna happen with with Martha when I went around yesterday. And, you know, I think in a former life I was Paul Revere. I went after I saw on the internet that she was she was found guilty I went around with my co workers and they're like, she was found guilty. What? I guess that's kind of started with what was radio here. I mean, I remember back when Ronald Reagan was shot I was in fifth grade and I kept running out and running around the playground telling everyone what was going on and running inside watching the TV and coming back out and I got in trouble for going in and out during recess. So I have that kind of fun thing of doing going around telling everyone Hey, Martha Stewart got busted

 1:35:56

trouble in and out all your rest of your life to wish

 Roy McCarthy 1:36:00

when I heard a Reagan got shot I mean, I wouldn't run singing the old Democratic party song Happy days are here.

 Chris Harrison 1:36:07

But now with like with Mark, I mean, I remember the director saw the Drudge Report and then a picture Martin it goes summer stripes. She's gonna she's gonna have be sentenced in June. So they were talking about that. Very interest. I mean, all the flowers she's

 1:36:23

gonna be working with now are very good.

 Chris Harrison 1:36:26

She's, I mean, the sad. There's the sad thing.

 Bobby 1:36:31

Is this how she feels about an orange jumpsuit?

 Chris Harrison 1:36:36

With with what little bit she's done for what she did yeah she lied to Congress she lied she

WILLI WILLI WILLI LITTLE DID SHE'S DONE FOR WHAT SHE DID, YEAH, SHE LIE TO CONGRESS. SHE LIE. SHE lied to authorities and all that. Oh my god, like we haven't done the same thing. Okay. Ken Lay screwed over 1000s of people and Hello. And his wife opens an antique shop because you know, they're not going to clear \$40 million this year. So she needs to sell off some of her antiques

 **Bobby** 1:37:00

poor poor dears being forced to live on \$100,000 a month. Oh Mike, excuse me. And the sharp phone was gray How

 **Chris Harrison** 1:37:09

dare she she has to go without a new furred next season. No. Oh, oh.

 1:37:17

last season's first. Thank you very much.

 **Chris Harrison** 1:37:19

I mean this is part of just sickens me with the fact is you know, okay, they went after Martha. Public Enemy Number One. Okay, we've we've got bastards going around who have looted the company's 401k The pension fund. I mean, they stuck Calif. Enron stock California for that hellacious bill that caused the cause people to get crazy enough to put in the Governor. None of these none of these people are going to see the inside of a jail unless they go and rent AWS

 **Bobby** 1:37:59

fabulous, serious.

 **Chris Harrison** 1:38:00

I mean, but that I mean that's the thing is and here's

 **Roy McCarthy** 1:38:03

Martha Stewart just because she said I didn't do it. No No telling me so wherever you catch somebody red handed. What's the first thing that they say? It wasn't

 1:38:12

.....

me or I didn't do it.

 Chris Harrison 1:38:14

I did not sell that stock or

 Roy McCarthy 1:38:18

I did not have sex with that.

 Bobby 1:38:23

I mean, it's you know, divine justice would be putting her in the same cell. With Leona Helmsley.

 1:38:31

You can't do that divine stead.

 Roy McCarthy 1:38:37

Helmsley is out How

 Bobby 1:38:39

unfortunate.

 Chris Harrison 1:38:40

But I mean, you with what you see with what some people can get. I mean, people get away with murder, and they're talking about sending her to jail. Because she told a fib. Yeah. I mean, I guess the fact that they couldn't impeach her as domestic as a domestic goddess. They had to go with something else. So poor. I mean, maybe maybe we'll get hers. We'll have we'll have our first Wm W BB. Bars. Yes. But no, I mean, I've seen some of the I've know, there's going to be some the cartoons coming out on that soon.

 1:39:21

Are we going to start putting money into you know, her TVC account? No, but things will be just fine. Yeah, sure.

C

Chris Harrison 1:39:32

She'll be she'll be fine. And that

∅

1:39:35

counts. Got to have something in it. Yeah,

C

Chris Harrison 1:39:37

but you know what? I bet you I'll bet you that some of the stuff that she cooks with, you're gonna find in the commissary. Oh, no, that's right. Let me learn in

B

Bobby 1:39:47

the ramen noodle special like the rest of Martha's place. We're gonna make up the brand that we've all been there. But

C

Chris Harrison 1:39:56

that's in the second edition. How to be Chicken Pork. Can shrimp how to cook a fabulous Italian dinner, featuring packages of ketchup, ramen noodles, and herbs that you can find in the garden

M

Matt 1:40:13

or farm or looking at how to make a homemade stove out of copper wire. So

C

Chris Harrison 1:40:18

there you go. I hope the MBBS don't they were making fun of them. We're making fun of Martha how to make a double boiler with a copper wire and

B

Bobby 1:40:26

two Styrofoam cups. How to make two out of a pen and electric wire?

C

Chris Harrison 1:40:32

are we hearing the voice of a tattoo? She's a Republican. Oh always liked the karma when people start hearing about some of the stuff Oh, it's like he did work gardeners and that's how

1:40:43

like those candles without burning down the jail sale. You know.

Bobby 1:40:47

But you know, that is the point that you were making. The you were saying early is that here they go. They have shredded this woman, you know, mercilessly and the folks at Enron arguably have caused more damage to more people in what they did. Yeah. And that's and that's and there's you

1:41:09

know,
