here it is become butcher Nelly in less than a day simply by taking the little pink pill. There's no need to recruit, seduce or rely on environmental conditions anymore. The little pink pill does it all. Just one tap up before breakfast breaks the cycle of heterosexuality for a full 24 hours. For years, heteros have been asking gays if they would take a pill that would make them straight. Well last queers Bell Labs have responded to this dilemma by giving heteros a taste of their own medicine. Yes, the little pink pill does it all the boring cliched life of a heterosexual can vanish in one gulp. Mrs. Betty Morgan of Gresham, Oregon talks about the little pink pill.

06:49

In an instant my sexual orientation change, as did my desire to be married. Well, within a week I ditch my old man met a terrific woman and got joint custody of my children. All this without why retention headaches or loss of appetite. Thanks little pink pill. You made a new woman out of me.

After hours radio's celebrating life from the heart of Montrose. We're here and we are where we're clear. Cut. It was a busy day at the police department today. I cannot believe how busy it was.

J Jimmy Carper 12:53

And I saw the prettiest cop come in tonight. He was so pretty. I was going Yes, I'm the faggot that does the radio show. Anyway, it was exciting. And speaking of exciting, something's gonna happen on the weekend of the 17 Yeah, two weekends from now two weeks from tonight here in Houston. Joe Kramer from Body Electric in Los Angeles is going to be here conducting a seminar. And we're going to be talking to Joe in just a minute all about something about better sex better sex. Yeah. I like that I like this brochure. We'll see what's going on in a minute a Walkman said and this is a quote, touch me touch the palm of your hand to my body as I pass. Be not afraid of my body. That's really pretty wild. I was just some beautiful things, didn't he? He did.

14:09

And as a matter of fact, one of the stories I'm going to read out of that book later on this evening is about

Buddy Johnston 14:14

Oh really? Service story about Walt Whitman will be back in just a minute with Joe Kramer from Body Electric so hang on, is after hours on KPFT Houston 90.1 FM that's making up.

14:59

God Hello, do you know me? I have appeared in hundreds of one other cartoons with that Schooley wabbit who always does drag. Yet whenever I travel, homophobic troublemakers are always telling me that there's no wombs and no hotels, no available seats in the West once and no cause to went, it gets downright frustrating. At first I wanted to cry. What's my sexual orientation got to do with my being a good customer. Then I got a game that can express cod. Now I use it everywhere. From crepes and flats to tropical foods in Honolulu to picking up chicks in Australia might get American Express card does it all. Get now can express Don't be Homa without it.

15:56

Hi, this is pokey Anderson. And I'm Cherry Wolf. And we have a quick quiz for you. What's a feminist? A, someone who hates men. Be someone with no sense of humor, and no bra. See? Well, gee, come on, you can come up with something. It just takes too long. You can't say it real quickly. Well, if you really want to know tune in to break through Friday mornings from eight to 11am on KPFT Houston.

Buddy Johnston 16:53

Did you see the special on HBO this morning,

16:56

as I did was very good. I missed the first five or eight minutes of it. So I'm gonna watch it when it's on again next, but especially

Buddy Johnston 17:02

we're talking about is called What do I do if I'm getting what if I'm gay? What if I'm gay and it's running this month on Home Box Office. And to a lot of folks, gay and lesbian people are just

sex machines. I wish that were true. Well, we are six machines in one away do we all are we're all human beings. And sexuality is so much a part of our lives. But to gay men, especially during the last few years because of AIDS. A lot of people I know as close friends don't even get naked anymore. And it's really hard to understand how you can go through your life and never want to be naked in touch another person but fear has gotten some folks to the point where they're willing to give up sex all together.

 Jimmy Carper 17:46

Well not just fear from AIDS, but fear from religious upbringing, or our parents who tried to tell you that sex was dirty. All that kind of stuff.

 Buddy Johnston 17:56

And we know that's not true. This whole thing about safe sex has bothered me from the very beginning. Only because if you say it is safe, that means that there's something wrong with it. And my daddy told me there was something wrong with it. Oh, you mean there's something wrong with three years ago with with sex? Yeah, being safe. Exactly. Yeah. If you do it this certain way, it's going to be okay. Okay. But if you don't, then it's not. I still have all these kind of problems with that. But there are different different groups and different people taking different looks at sex. And one of them is the Body Electric the Body Electric in Los Angeles. And Joe Kramer is with Body Electric. Joe, you're white with Body Electric,

 18:38

Body Electric school. Body Electric school, Oakland, in Oakland. Yes.

 Buddy Johnston 18:43

So what's going on in LA?

 18:45

Well, this weekend, I'm in LA doing a two day workshop. My business is that I teach men how to have wonderful backs actually an Eastern approach to sex called Tantra. And it's quite different from the type of sex we normally have in this country. It's, it involves prolonged orgasm. It involves the heart always it involves no fantasy, on the part of folks engaged in it. It involves total relaxation in the body instead of tension. And it's lots of fun. How can

 Buddy Johnston 19:23

you have orgasms and be relaxed? Everybody always tenses up right?

19:27

The you have? How can you go for a long time when you're tense? Exactly. Well, the difference here is between ejaculation and orgasm. There is a difference between the two. What's the difference? Well, orgasm is a wonderful feeling in the body. It's a vibration and that we feel it as pleasure. And object relation is the biological release.

Buddy Johnston 19:54

It's just what happens when you do it.

19:57

So most people want to A pleasure long term. Oh, yeah, that's, I have a rough job. What I do is I teach back it's really a rough job

Buddy Johnston 20:08

is Joe How long has body electric school been around

20:11

body electrics been around about seven years now. And we teach, what we do is we teach professional body workers, mainly in the state of California. But from all over, though, our total job is not just taking back. And the title Body Electric came from Walt Whitman, you're talking about earlier. And Walt Whitman looked at people and he looked at all of American ethos, vibrancy and aliveness, and is celebrated as electricity and all of us. And when we're at our best, when we're at our orgasmic best, we're like electric bills like electric so the term Body Electric comes from, from old walls, he wrote a rather long poem called i Sing the Body Electric.

Jimmy Carper 20:55

I thought that was from fame.

20:59

One of the one of the things we do though, is teach massage, we teach bodywork, you talk a lot

Jimmy Carper 21:04

about energy to energies within ourselves from other people,

21:12

right? Well, the type of massage that we normally do in the country is Swedish. But when you get to China or Japan, they massage energy. So shiatsu, anokhi. Pressure, and acupuncture are about moving energy in the body. And it's about just the energy were sealed in the body. And that's really what the Eastern approach to sex is about. It's about playing with energy within your body, and between you and another person. How long are they? There's the touch. And that's how it's communicated. But it's about playing with energy, and having a good time.

Buddy Johnston 21:52

How long did you say that body?

21:54

It's called Contra. It's a lot of people feel pleasure is pleasure, but what it is

22:03

in the body, and what I teach people is how to get higher and higher and higher. circulate that energy.

Buddy Johnston 22:09

Sounds interesting. Sounds great. And

22:10

learn more. Yeah, we

Buddy Johnston 22:12

do your seminars there. Your seminar is going to be here in Houston on the 17th. Is that right? Hello. Hello. Your seminar is going to be on the 17th. Right? Yes. And 18th here in Houston,

22:24

right? Oh, yeah. All you folks in Houston especially well, this is for gay and bisexual men and, and very, very courageous straight men who would like to take would like to go deeper into Tantra and really learn a lot about tantric sex. This is learning deep relaxation of the body. The workshop is no ritual is no uncertain. No lectures, just structures and rituals. It's just initiation into some experiences that are pretty playful. Ones big but I have to be vague.

B

Buddy Johnston 23:03

Exactly. Joe, what would you say to the skeptics that go Yeah,

♂

23:08

yeah, yeah. What? Yeah, yeah, yeah, we're

J

Jimmy Carper 23:10

just a bunch of guys gonna be rubbing each other or something. Oh,

♂

23:14

there's right. There's well, but it's how you rub. It is that and there are places on the body that have more nerve endings that feel better to rub than other places, and you know those places? That's one of the questions and there's how to, how to get more pleasure in the body. One of the things about tension and relaxation is do we breathe fully, or do we hold our breath and all of this purchase effects and this is true of Chinese dollars and poncho, which is from India, always involves breath work, also, so your breathing and a lot of the Western approach effects as we hold our breath. Men especially hold our breath to get very high
