M

Merlin 00:00

polishing the pentacle around my neck was more than enough. Away from my door,

C

Chris Harrison 00:05

well say I would have had to turn off the birdcage and move a case of beer for them to sit down. So we started on the wrong foot with them. Yeah. And the first question on my mouth is okay, fine. You can teach me this. But can you also show since you're missionaries, can you show me the missionary position?

M

Merlin 00:24

Of course, this is pentacle chimes that hang from the middle of my ceiling.

⌚

00:29

Next to the sling.

C

Chris Harrison 00:32

I mean, you're talking in marriage right now. I mean, 50% of all marriages end in divorce. You've got this event like in the Muslim faith where to divorce all you got to do is tell your wife three times I think in poverty ism is the same way that your divorce you. And right now in Indonesia, they're allowing you to use SMS which is the the text messaging service on your cell phone. All you got to do is type in I divorce you and send them an instant message.

01:05

Divorce has entered. You don't need a lawyer that freedom, you know.

01:12

Oh, my goodness.

01:16

This is gonna go lawyers, a lot of lawyers and a business, you know.

Chris Harrison 01:22

Moment of silence for the legal profession. Yeah. All right. Anyway, I can't say it I was out with I was out with a bunch of lawyers yesterday. Okay, and that explains. But your mom is a lawyer. Now I've known you for how long and how many kind words have you said about your lawyer, mother?

01:46

Do you kiss your mother with that mouth, by the way? Good. Anyhow,

Chris Harrison 01:49

how many times you said she's done illegal things. Hmm. That's the beauty of being a lawyer though. Yeah. Yeah, there's the term tax fraud mean anything? Oh, there's

Merlin 02:02

a reason sharks don't like lawyers. Why is that?

02:10

Shark stunning clownfish because they taste funny. But anyway.

Chris Harrison 02:14

And speaking more of your legal profession, Mom, you can't speak because you're still like a sort of a resident of this country. So

02:24

don't say that too loud. He will be here in about five minutes. You know,

c Chris Harrison 02:27

trust me, if they've been listening to this show. The dynamite is on its way to the transport.

02:35

I am sure.

c Chris Harrison 02:38

Ben will show you where it is in Jerseyville. are already there?

02:44

So if you're if they are dead air out there, and we're still out and you're bantering with each other. Oh, wow.

c Chris Harrison 02:52

I can't tell anymore. There's no but

02:55

I will say this though. Gay people, we really need to think long and hard about this whole gay marriage issue long and because because there is he said

03:11

his two favorite things anyway,

R Roy 03:13

anyways, we can be serious for half a second here. There's other things that are really, for instance, here in Texas. They've already two people live together as husband and wife for six months and have bills as husband and wife they pass themselves off as husband and wife. Then you are considered legally married. common law marriage in the eyes of Texas. And it's you have common law marriages in most states. So

03:52

when you're gay, and you get yourself a boyfriend, and he checks up with you, and you start passing around well, he's my other half a my lover. He might even my hubby. Be careful, because you're passing yourself off of that. And after six months, it is a it is a fact. And if he decided to leave you he can turn around and sue you for alimony.

04:17

Well in Texas, you can't collect alimony. You can't. No.

c Chris Harrison 04:21

Why not? It's just one it's not against. It's against the law. There's no alimony in Texas. Wow. That's cool. That's why they come over here to divorce rather than staying in California. The way the way

04:32

it works is you fall in love in California you get married in Vegas and divorce

04:39

was I've never even for a half a millisecond ever entertained the idea of getting married to a female but I'm sure that

c Chris Harrison 04:50

your boyfriend's Do

04:52

you know but there are other there are other issues, dead division of property and stuff like that. And you know, I'm saying you could lose your stereo or your you know, who knows what,

c Chris Harrison 05:07

Roy, I bet your apartment it's not a loss

05:12

it is a total loss. I know. I eventually I'll get that thing together.

05:17

But after the divorce in Texas, you vacation in the Virgin Islands

05:23

there Yeah, I thought that was the honeymoon silence I like it.

c Chris Harrison 05:32

I thought the honeymoon. I always thought like during daytime television, what they need to do is do the full spectrum you start off and channel 39 could probably run this. You go with the dating game by the newlywed game, and then divorce court and divorce court

05:49

somewhere Jerry Springer it's got to be a mix you know well remember the old show

05:54

bring her down divorce court

c Chris Harrison 05:56

put in the show that Judge there was always dealing with the family issues the child emancipation kind of case Yeah. Then you go to the extreme makeover show called by the muscle car show because they're in the midlife crisis.

06:10

Actually that was American Beauty right? Where are you gonna muscle car yeah.

06:16

And then when do you get to the survivor show that's gonna send you down to buy mini

c Chris Harrison 06:24

anyway

06:27

you see we got it all mapped out here

06:29

yeah we do absolutely nobody

M

Merlin 06:30

else but all of America will look at you in any way but as entertainment value unfortunately

o

06:40

then then you go on and then you go on to your show Boy Meets Boy well

o

06:44

you know marriage is an institution I don't want to be committed

C

Chris Harrison 06:54

08:15

Oh with the dictation I mean with the death I'm not sure what to say.

Chris Harrison 08:21

I wasn't sure if we're gonna say that. That's why I was trying to cover my words kind of hard to cover something that made you good anyway. You are listening to after hours Queer radio with attitude hear it here on KPFT Houston

Chris Harrison 09:29

KPFT we do talk about Iraq. See, fortunately, if Jimmy remembers we're being archived electronically so he doesn't have his tape running at home. So he has he's dependent on me to give him a copy. So we're talking about sanitized for your protection. That tape is going to have more holes in it than a Nixon conference.

09:53

It's gonna start with the Watergate tapes.

11:29

you want to run your hands to that Afro ha. Well,

c

Chris Harrison 11:32

only when I needed to leave the car because I was surprised when he was on when Dustin Diamond was on stardate since like, you're going out with women.

o

11:43

Did you see him in celebrity boxing? We've

o

11:46

had a phone call from a young straight man who says I'm just calling to say I really love the show. Oh, good.

o

11:54

Hey, a convert. All right.

c

Chris Harrison 11:59

Okay, for that we just got a simple two slice toaster. If you come down here, we're going to see if we can go for the whole toaster boiler.

o

12:08

My question is, was that young straight guy sober? Do you really know what he was listening to?

c

Chris Harrison 12:14

I think the better question is are we sober? Yes, we are. That's scary. Okay, so we covered gay marriage. Basically, we're all against it. Rasta people coming

o

12:28

in.

M

Merlin 12:29

I've never been afraid I did. I never said anything about being against gay marriage

c

Chris Harrison 12:42

Well, considering the fact that no offense, show of hands how much of how many of us in here are in a relationship? First off, let alone considering gay marriage. Yeah. No, no.

o

13:03

That went up in the studio. No.

o

13:04

Do you have a copy of the Ramones on against it?

o

13:10

I know that I could never possibly be before the show began. If I said Jose here gave me gave me a quick test from the Eclipse magazine. Yeah. And whether I was a floozy, you're a full on floozy. Full on floozy,

o

13:30

I'm a borderline betting a borderline betting and one of our guys here was Pollyanna. Kritische Pollyanna.

o

13:40

Yeah, one of the guys of the Pollyanna

o

13:44

borderline betting a borderline emphasis on the word blown that anyway.

o

13:53

It's now it's

c

Chris Harrison 13:58

okay. Did you even have another piece of paper because I know he gave us a whole stack. I think we covered two. Well,

14:03

we covered we covered three. There were this one other thing about the the Episcopal Pisco billions in the Catholics are at each other's throats. Jack rumbo.

14:21

Has family grew up in Montana and again, no,

14:23

it sounds like Armageddon down there in Florida with the Episcopalians and the Catholics doling it out. Ron

14:28

word for the Associated Press was reporting that the local Episcopal enrolment Catholic leaders were trying to heal a running denomination Thursday that developed when the Catholics rescinded an invitation to let the Episcopalians use one of their churches for bishops installation. The Catholic Diocese of St. Augustine took back the invitation over a disagreement with the Episcopalians over homosexuality

14:56

because they just approved a Jain Bishop there at the

15:03

Episcopal Church. And so is this surprise surprise that the Catholic Church would be upset? Yes.

15:09

And you say put them across? Well,

Chris Harrison 15:14

the interesting thing is the head of the Anglican Communion and the Archbishop of Canterbury just recently met with the Pope. I don't know whether they discussed I mean, according to the latest reports, Pope's on death's doorstep. They're just waiting for the smoke to start rising. Oh, actually,

15:34

I saw an article in the papers saying that. He's the pope seeing his last days.

c Chris Harrison 15:41

Yeah, they're talking days. And for non Catholics, the spoke references into the fire of Hell, where he's going. That's that is how it is announced when the Pope is dead white smoke coming out the stack. That's when basically what happens is after the pope dies, they do a secret ballot for who is going to be the next pope. And there's a there's a chimney and what they do is they burn the paper in a certain way that produces black smoke, if he hasn't received a majority, because he there's no Supreme Court. So there's they have to find a real majority and there's no recall. And recount. So it's pretty

16:21

much if you're the Pope, they pick you you're in, you're in for life. Yeah. You know, it's not

c Chris Harrison 16:26

like the old days where they killed them. Right? Yeah. But back in the back in the old days, where it's like, okay, you're not accepting the bribes anymore. We're gonna kill you and your sleep and your boyfriend.

16:39

And your little boy, too.

16:41

And so they burned the black. They burned the papers with the black smoke until such time as the Pope has been elected by a majority. Then they send up white smoke.

c Chris Harrison 16:51

And that's to tell the tell the whole billion of them that new guy in the funny hat is going to be coming out on the balcony.

17:01

blue guy in a funny hat in the dress

17:04

that we said nothing about Montrose honey.

c Chris Harrison 17:09

At a tiara, what's your next step? Come on what else?

17:12

That was

17:15

the two coming out stories.

17:18

Also, MCC has been accepted by the World Council of Churches. They continue to be denounced by conservative Christians. Well, however, they've been granted observer status at the World Council of Churches, which is one step closer to having voter being able to vote on issues within the council. But that's one step away from it.

17:45

That's really that's after 35 years. That's, that's good news. You know,

17:54

for people who do not know, MCC started by Troy Perry, it started a whole year

18:01

before the Stonewall riots.

18:04

It started back in 1968 in the summer of 68.

18:09

And where did that start

18:10
out? In LA?

18:11
In LA?

c Chris Harrison 18:14

One of the things I just came across here, a change of seasons can be next Saturday, on October the 11th. From nine from 9pm to 9pm. It's

18:25
about time we had something other than perpetual summer. Oh,

c Chris Harrison 18:28

18:44

c Chris Harrison 19:01

Please you get there late and if you don't even want a fall show hosted by Pegasus productions. The MCS will be mother and daddy of Montrose 2000. And this event will be benefiting the PWA holiday charities. It's probably nine until 11. When the amateur dancers take the stage which

MONDAY CHARACTERS. IT'S PROBABLY TIME AGAIN FOR WHICH THE UNMADE DANCERS TAKE THE STAGE WHICH ARE STRIPPERS

19:27

because if you say dancers you're gonna have a whole bunch of ballerinas Lynch bobbing you but the toe shoes?

c Chris Harrison 19:33

No Okay, that's one of the straight crack hoes get on there to take get stripped out of their underwear to try and get two bucks for a rock. Either that

19:41

or they go and hustle the old man for money.

c Chris Harrison 19:46

Hence why Jamie's not here.

19:51

Look yesterday, if only you knew what was being said about you tonight.

c Chris Harrison 19:55

Yesterday he was at a banana swallowing competition. I bet he won. He won I thought he was supposed to. He was supposed to be a judge.

20:03

He probably won the contest. Well, he

c Chris Harrison 20:05

the person who he really liked did win the one contest. So he was happy. I bet good time was had by some. Okay, so you guys need to kvetch, I need to figure out we've got 10 minutes left. I need to find out the next song to play.

20:28

20:20

And I've got to get what's on that highlighted list. What

20:31

was eight minutes long.

Chris Harrison 20:32

We already played that.

20:35

Play another eight minutes off, and I've got to go get the back room ready for next year. All right.

Chris Harrison 20:42

Clean a hot mess. Yes. All that place. Once again. I looked over here and a title screamed out to me.

20:53

I thought I heard something screaming over there. I

Chris Harrison 20:55

didn't know what it was. I don't know what song I'm playing.

20:58

It's nice to be saying bite me.
