 Howard McHale 00:02

Oh well, story of my life. I have a garage and a washer and dryer now. Steven call me back. Even though the washer broke down the second load of wash the damn thing blows up. I couldn't believe it. So I want everyone to know. I have an old washer at my house. You can come pick it up for \$25 It's yours. You can come pick it up. I'll give it to you.

 Scott Lewis 00:27

I can't believe you're not going to take it back to the guy.

 Howard McHale 00:29

I can't find his phone number. Never buy a washer and dryer from someone without getting a receipt. If they're selling them out of the back of a truck in front of K Mart's don't do it. Hey, I see that line. Oh, are you there? Anyway? So you have a husband now don't you? Know? Oh, I thought you did know what happened. What do you mean? What do we have a caller?

 Roy 00:58

You have Jim has a call online sick.

 Howard McHale 01:01

Well, you gotta go personal. You got to push one of those buttons. Roy, what do you been eatin onions again? Get out of

get off the drugs. I don't think drugs not a single one that's making me so what do you do for a living?

02:29

What I do? You know? I do movies, movies. I do home movies. I sell to some guy.

Howard McHale 02:38

dollars a movie? Well, we just love them home movies. Do you start in your own home movies? I bet you star a lot by yourself dacha? Oh, wow. It's crowd wild crowd. No, I think it's some friends of mine. Up to wildness because no one in this town desires me anymore.

Scott Lewis 03:02

I knew when there was somebody that actually wanted I knew there was a problem. He sounded kind of retarded though. No, no, no, no. He saw me he would explain him wanting you.

Howard McHale 03:12

You started blind there went my love connection. Oh, wow. Move on. The College Station boys out of the calling any month.

Scott Lewis 03:25

 Scott Lewis 04:05

Didn't he leave you for a washer answer?

 Howard McHale 04:09

I should know go. I said I have this fixed about the blind date this girl named Sharon.

 Scott Lewis 04:16

We are bringing a gift do whatever you do Tupperware or garden tools. Show us your tool if you'd like we have a pond out back and we can throw you in and drowned you and get it real excited. But so anyway, we're husband hunting tonight. Your husband honey,

 Scott Lewis 04:44

I need a husband.

 Howard McHale 04:46

 Howard McHale 05:04

I'm in love I mean love this is it this is it's for real it's for real. Oh no not there's a onesie moving in. We're talking about it. We're talking about it. Come Wednesday of the week next. Howard

Howard. I don't know how to get rid of him stop putting out it's wonderful to hear you from you. I'm here I thought I had a date while I was so excited. I broke out in a sweat. I thought oh not myself again tonight. Well, that's

 Scott Lewis 05:36

the way it always is. Yeah, you know, let's do another song. We'll get ready to we'll do our our hourly are on the hour break and do some announcements and carts and stuff. But I have not been on been on the air since we last Selena and I've been a fan of her music for some time.

 Howard McHale 05:59

Long long time. I've

 Scott Lewis 06:02

heard her for many many times out of energy and stuff where I was first introduced and didn't really realize who it was but I have recently gotten a her album prohibit a more prohibit Oh, is it forbidden love and just fantastic. Just fantastic. Which of course I can't find now. So I'm gonna play

 Howard McHale 06:26

about told you I'm new to my car. My car seat.

 Scott Lewis 06:29

I went to an I don't even know how to pronounce this. Do you know how to pronounce the name of this album?

 Howard McHale 06:36

caught them? Oh Rico, would

 Scott Lewis 06:37

you say? No. And we can't say that on here. And Trey, and Trey, Mondo and Dre and rock and Dre and Mundo which means come into something done Moon entrance enter Oh, I guess you should see this bra she's wearing I think it means enter my mound anyway that was tacky. That was tacky just like I know that was tacky. She I was big fan of Salinas and you are a big fan. I'm a big anything but those jeans but yeah, I was a big fan of Salinas and what a tragedy and what a great loss and I understand she was doing an English album I know there's a song on here on

this album here that's in English and she was doing an English album and I don't know how far she got on it. Do you know how far she was started on they had just started but I know that they're releasing now like a two CD set because her records are selling so well now and I she finds herself now with I guess in the class of like a Marilyn Monroe or a James Dean someone that was rising into the fame that their talent merited and were taken away you know before their time and we'll probably achieve and already has I think achieved more six more fame after her passing than she had before. So I dedicate this to all of all of the Hispanic community that listens for the last that that they probably feel the greatest This is Selena if I can find the button find my button

 H Howard McHale 08:33

down here anything Oh be hitting buttons all day long. While he or she comes to hit the other button it's a wild crowd Houston do now yeah Lamora that was nice. I love Oh no, I'm gonna let the world's a crazy place. And that Jim he's crazy to want to go we have we have his phone number. That's right. That's why we're gonna call back and bother his

 S Scott Lewis 09:16

parents. You know, we can go to public library and get that Chris cost directory and you look up the phone number and it tells you the address. You're kidding no. And we go over to his house

 H Howard McHale 09:25

hate mail. Or maybe some naked pictures of you. That'd be hate. That'd be worse. Here to Sarah.

 S Scott Lewis 09:36

Oh. Sadie and Jennifer, Jennifer and Sandy and Jennifer in two beautiful T shirts one of which I could never read on the air. Oh my lord.

 H Howard McHale 09:53

You're falling and can't find your what?

 S Scott Lewis 09:56

I guess it wouldn't be hers that she'd be looking for. I guess we should be looking for stuff Buddy else's you know where yours is, don't you? Of course she got What are you talking about? That's right you have to be careful we've already had one person being nasty on the air

 **Howard McHale 10:16**

here that Jim call you guys listening. Jim wasn't nice.

 **Scott Lewis 10:19**

That was weird. I know any.

 **Howard McHale 10:23**

Any ex husband of mine causing trouble again? What do you think?

 **Scott Lewis 10:26**

Well he's caused nothing but anguish

 **Howard McHale 10:28**

for you. Look at my forehead we're going to chit chat with your gang. Yeah, shut up.

 **Scott Lewis 10:39**

shaved it off. No It fell out.

 **Howard McHale 10:41**

Oh, look at I can see the light through your forehead, your head to that thin little stuff on top.

 **Scott Lewis 10:47**

See if I can hear ya.

 **Howard McHale 10:51**

Hey, college station. You still out there? Big Daddy wants to hear from you.

 **Scott Lewis 10:55**

That's right. Don't remember. Don't forget you're listening to Scott Lewis and Howard Big Daddy McHale on 90.1 FM Kpf T Houston and 89.1 fm KEOS College Station. Bryan. We are taking phone calls at 713-526-5738. If you're calling from Bryan College Station, this is a long

distance call. But hey, we're worth we're worth

 **Howard McHale 11:15**

it. Just call us up and let's chit chat tonight. We're bubbling babbling fools tonight. We we discussed what we're gonna do on the show tonight. And we said let's just babble. We do it so well, don't we? That's all we ever do is babble. I know, you know, because seriously, if you think about you know, we could we could we could plan something spectacular and showed off sounding Jennifer's breasts or something like

 **Scott Lewis 11:40**

that, which would have been a big show.

 **Howard McHale 11:44**

Daylight for years.

 **Scott Lewis 11:47**

You know, we could have booked Barbra Streisand because she was trying to get on the show. And I said Barbara I've already turned on Whitney Houston. How would it look if I let you come on?

 **Howard McHale 11:57**

And then Sarah fryer remember we told her for sure we've ever on this month remember?

 **Scott Lewis 12:02**

I forgot to call her. She's still mad at us about that Galveston incident. We were all down in Galveston. What was that for? It was some big Mardi Gras or something. Oh, no,

 **Howard McHale 12:11**

that was it was that entertainers? News something or other or something?

 **Scott Lewis 12:16**

Anyway, so we were down there and we made a public appearance and we were there at the same time with Shara fryer. Well, Shara didn't have an autograph line at all. And ours was around the block. She was not thrilled she was not. She got her autograph.

 H Howard McHale 12:29

And she had the worst coffee breath. Do you remember? Oh, yeah. Girl, Cuba Clorox.

 S Scott Lewis 12:37

Howard was that trying to buy her gum? It was Tara over at the Walmart slash grocery store Supercenter. About that.

 H Howard McHale 12:43

Yeah, on our island right here. 50 miles from Houston. We have a Walmart on the island. Howard is

 S Scott Lewis 12:50

just so excited by it. He'll just drive down to it because they have a Walmart slash.

 H Howard McHale 12:54

Well, you know, I'm not doing you're not doing what son this year. You know, it's real bad for you. You're not going to do I'm not going to do something this year. I'll do someone son, but I won't do these. He's got to me. I know exactly. They say that. Not seriously. No. I have a friend of mine who works over at MD Anderson place. And that Simola what this stuff called to skin cancer. Melanoma, melanoma, melanoma. Samoa?

 13:19

Yeah, well, I got somewhere today. I guess I'm gonna get Mel. Normally

 H Howard McHale 13:21

you got to stay out of the sun. I was born in June so you're gonna be at the house tomorrow. Anja? Yes. Which I'm gonna be there.

 S Scott Lewis 13:29

I want us to be 830

13:32

I used to be in LA this year prior.

Scott Lewis 13:34

Did you really notice you change the subject real quick? What I said 830.

Howard McHale 13:38

I want to see you at 830 in the morning.

13:42

Who me? Sure. Mostly make sure you don't

Scott Lewis 13:44

look as old as she does?

13:46

She doesn't know she looks older. She got more stress.

Howard McHale 13:48

Did you go to high school with her? No, I

13:49

just you know, would

Howard McHale 13:50

you like to have sex with her? Yeah, wouldn't. I bet she would. Three of you all three together. Do women do three ways? Do lesbian women do three ways. Now. Thank you talk about me. I mean, I mean, can you hear them over? Yeah. I mean, so but I mean, I just always wondered, you know, you know, we should have a lesbian night and have these lesbians calling because I don't know what the hell lesbians do.

14:15

14:15

We need to get some women to call the nine anyway. No,

S Scott Lewis 14:17

that's right. 526-573-8526 KPFT. You know, Sandy and Jennifer met here on the love connection. We can do it. Anybody can? Was it? It's been nine months, right? Yep. Nine months ago, Sandy and Jennifer met here on the love connection and are still together still growing strong, going strong and growing. Strong. And so God if they can do it, I should be able to find someone. Now I want to ask personal

H Howard McHale 14:42

questions here. Okay. You too. I mean, do you like to have multiple orgasms? Oh, yes. Yes. Do you really?

14:47

She has more than that. Now,

H Howard McHale 14:48

how do you know when they're coming on? I mean, it's like is it like, boom, boom, boom, boom, boom, or is it just real slow? Well, it depends. I mean, I mean, this is girl talk. Right? I've always wondered these things. I mean, no one has ever

S Scott Lewis 15:02

told, you know, what I wonder is how if women have multiple orgasms, because like, If a man like if I have a really good orgasm, I have to rest. I mean, a man has to like rest.

H Howard McHale 15:13

No, you have to wipe your

S Scott Lewis 15:18

butt. It's like, for example, I had a really like, the other night in the new house because Howard and I had a bed who could have sex in the house first. And I was actually the first one to have sex in the house. But he was the first to have on the ground. So, but anyway,

... - - - - -

H

Howard McHale 15:35

one of those homeless people wandered over. And I was back to Iraq, and I said, What the

S

Scott Lewis 15:39

hell? So I was having sex in the house. And the guy, the guy, I'm like, Okay, let's go again. I'm ready to go again. Well, he, like, you know, he has to rest and everything. And then after the second time, he was like, Oh, I can't do it again. I can't do it again. But women you hear on a

H

Howard McHale 15:54

light and you look like it's like, gotta go. You know, we were peeking in the Windows by the way, you better when we drove by. We saw the car there. And I said, Come on, come on, come on. And we thought we watched it. We pick the windows. And the sad thing about because you know, those big bright windows from the guy next door, they shine in. You know, they, what did you say? The whole house?

S

Scott Lewis 16:17

Oh, great. Don't give them the address that I'll be coming out to watch me upset. I don't think they'd want

∅

16:21

to read the way we read sometimes after we've had some

S

Scott Lewis 16:25

real but is it does that mean that it's not as does that mean that a woman doesn't have the kind of orgasm that a man does that it's not as gut wrenching and body wrenching? Or does it mean that men are just lazier or not as you know, or is it just our chemical makeup or what I mean, how can you have

∅

16:43

the same because like, I mean, we had to rest after hours, you know, for a little while. How long? Sometimes we have sex and it's like we

H

Howard McHale 16:50

need to rest a little bit and then we'll times I rest for about a week.

16:53

No, we don't do that long without it. But

Scott Lewis 16:56

so when you say multiple orgasms, how many orgasms? Can you have in like one sitting?

17:04

In one day, the

Scott Lewis 17:05

calculator

Howard McHale 17:06

Okay, what does it really take? One day? What

Scott Lewis 17:07

2525 One working on them all?

Howard McHale 17:12

What does it really taste like?

Scott Lewis 17:13

Wente five Wait a minute. I went live. There's like fish

17:20

doesn't really know

Scott Lewis 17:21

she said it. We didn't know because really? 25

H

Howard McHale 17:25

Can you imagine having 25 orgasms in one day?

S

Scott Lewis 17:27

I can't imagine having 25 in one month. I can't imagine 25

H

Howard McHale 17:31

pairs in your head.

o

17:32

One setting. Do you want four to six in one setting? Wow,

o

17:38

well done. She says four maybe six maybe eight orgasms after you know during the whole thing.

H

Howard McHale 17:45

Now the other real big big orgasms are they just little

o

17:48

mild tremors big and and they end up going down? Down? Mellow? Because of how

H

Howard McHale 17:52

long do they last? How long does a woman's orgasm last? Go on for a really yeah

S

Scott Lewis 18:00

shoot me in the kitchen fix it a sandwich come back she's

H

Howard McHale 18:08

Gail on this one brought to us scale she goes to the kitchen to get the tartar sauce just as

S

Scott Lewis 18:13

long as you don't bring a white scale

o

18:16

she had about three I don't know how many she had she must have pork will be left on

H

Howard McHale 18:21

that can you not? Can you can you self induce can women self induce orgasm?

o

18:26

Do you mean by that?

H

Howard McHale 18:26

I mean can you like just masturbating right now move a funny way and just do it.

o

18:32

I never thought about that. You know what I mean? Yeah,

H

Howard McHale 18:35

because I mean I mean cuz you know you're you're what you're right half as movement in your left half isn't moving and something's gotta be rubbing.

S

Scott Lewis 18:44

No, huh? Do women communicate more during sex?

H

Howard McHale 18:47

What have you ever had a man

o

10.51

19:01

I don't know we we communicate so yeah, I mean did they don't do more afterwards but you know we you know say stuff whispering to your tune or your you know, say stuff to her lesbian

S Scott Lewis 19:03

but I mean cuz men men, you know what it takes to for a man to get off right? It's like slick it up. And he I mean you know, you know it's just so obvious it's so simple with a woman it's there's more involved you have that

19:17

more about her since but in that past nine months more sensitive spots on her more things and even certain certain sensitive spots on her that I enjoy touching and and get in. She can she can even have orgasms just with that.

H Howard McHale 19:32

Oh, wow. Can you teach me some little delicate touch? Would you say how can you teach me some of these things? I want to know about a bump up against a lot more.

19:45

First with every now and then I'll get up against my back door when this one guy drives by my apartment with loud music. It vibrates me off.

S Scott Lewis 19:54

Hey, let's take a break and do a song. Okay, and then we're gonna come back with sex talk with sand. En Jennifer this is by request Brittany This is for you. It's the Pet Shop Boys one of ours favorite song. It's called Go West love her that sounds just like you in the background

H Howard McHale 20:17

there drives me crazy. I love that song that was for Britney. That's a Britney. Britney. Thank you for that. Fine. What was his request? Oh, there we go. It's late in the night and I'm horny as hell.

S Scott Lewis 20:28

And we're doing sex talk with Sandy and Jennifer lesbian love 526573852 6k PFT

H

Howard McHale 20:35

We didn't we had a phone call earlier during that that wonderful love broadcast of music. And I hung up on him. Yeah, Ethan you call back now? Once again, someone else calls for me. Finally I get a phone call and you chip in? I hang up on him by accidentally. But another quarter and he's probably the bathroom too with Jim. But

S

Scott Lewis 20:56

no, not yet. Not yet. Not until we tell you. Don't lesbians push. They're ready to push them but just push each other's buttons until we tell you otherwise just push they're trying to they're trying to mess with this complicated phone system. It's taken us years to learn how to operate.

H

Howard McHale 21:11

Can you push that button twice? Six times?

S

Scott Lewis 21:15

In one day. Okay, which button was lit up? The first one that was lit up. Touch it. Hello?

H

Howard McHale 21:28

No, it looks like someone hung up again.

S

Scott Lewis 21:31

I think they did hang up again that Oh, Lisa. Pity. Oh, well. So anyway, so sex talk was Sandy and Jennifer 526-573-8526 KPFT. So tell us about the most exciting sexual experience you've had since you were introduced right here on after hours.

H

Howard McHale 21:49

Don't cough into the microphone honey. He's almost blew my eardrums off. Oh my gosh.

S

Scott Lewis 21:58

No, I took her to work with me one night. Now you are a lot and I don't want to get you in trouble. So I'll let you say as much as you want to about what you do. Or where it is. Oh, say where it is but I pretty much wore a badge Oh, and what do you do with it nightstick?

H Howard McHale 22:19

Are you a school guard? Guard crossing guard?

S Scott Lewis 22:22

Are you a hall monitor

H Howard McHale 22:24

ACC

S Scott Lewis 22:29

usually pretty well don't do so it was it outdoors or in outdoors and indoors out there and everywhere. It was a mixture of both you know where the strange place I had sex once with another person? Yeah, there was another person about this guy that works for a certain city department that is housed right behind a police station. And so we went down there and I met him and I had sex like outside right outside of the it's like a water place it's like where your water goes through or something right behind the police substation and there were all these police cars going by. I was kind of nervous. I was having a little trouble keeping it up Are we interrupting something you know we're just doing a radio show here

H Howard McHale 23:22

he's bringing that onion brought on me again. garlic toast

R Roy 23:29

no cubicle just came by flash you and you just totally ignored

o 23:33

Oh q withdrawal yeah

S Scott Lewis 23:36

when Sam

H Howard McHale 23:38

anyone W back to flashing Oh mean they flashlights at us. Oh my god damn throwing rocks  
night tell you our bombs. This is a federal building

might tell you our bombs. This is a federal building.

R Roy 23:50

I found some posters a couple of weeks ago and this is says this was posted, you know on telephone poles from the American Nazi party recruiting here in Montrose and they had a phone number. You're kidding. And they and one of the drawings that they had gay men marching on Gay Pride Week.

H Howard McHale 24:21

By wish that Roy would need so much garlic bread. You get herself a scope. She's why she always want to talk next to me. Those monkey toenails He breathed their garlic bread on me. Anyway, Roy was talking about that American Nazi Party who was recruiting here in Montrose. When was this? When was the poster?

R Roy 24:45

Just a couple of weeks ago. No, really?

H Howard McHale 24:48

I'll be done. Well, they could just go join pat robertson's crusade. It'd

S Scott Lewis 24:53

be the same thing. Same thing at the 700 Club. I

H Howard McHale 24:56

really think the similarities between the Republican Party and the Nazi Party is probably got the same version. But we can get political.

S Scott Lewis 25:03

That's right. 526-573-8526 KPFT sex talk with Sandy and Jennifer. So,

H Howard McHale 25:13

okay, okay. No, no do to use toys. I think I have toys. Yes, you do. Not just one way or one of those toys.

25:23

It's freelance. Oh,

H Howard McHale 25:25

zucchini though beheaded. Oh, no way. Really? Yeah. Oh, go girl.

25:32

We also use the rag that we enjoy. What's that

H Howard McHale 25:34

rag? What's the rag? Like a washcloth? What do you take a bath? It's the worst

25:44

cloth is kind of interesting when you have sex with a washcloth sticking on your finger and

S Scott Lewis 25:53

walking. It's like coarse and rough.

H Howard McHale 25:55

Yeah. Why not? Just get some sandpaper.

S Scott Lewis 26:00

Ready Sanchez called your Freddie. Yay, Freddie. Freddie. Why didn't Freddie talk on the air? Freddie, you call back? Well, he loves the show tonight and thinks the music is great. Which I will take all the credit for. But Freddie with the last lame like Sanchez, we want to talk to you. Yes, ready? We want to discuss this

H Howard McHale 26:22

whole we didn't want to talk about these things with teeth that these two have. Yeah. Let's talk about our teeth.

S

Scott Lewis 26:27

That's right. Ready Sanchez calling in and not talking to us. I liked that name, though. I do too. I wonder if his parents believed in circumcision. Oh, Freddie, call us and tell us the truth. Yeah, Freddie. We need to know these things. We want to bond with our listeners. 713526573871352 6k P F T. There's a q patrol out there. I'll tell you they're gonna come in there. They're gonna harass us and that q patrol. They

H

Howard McHale 26:55

I always get I never know which one Sandy and which ones Jennifer? Sandy, Sandy. And Jennifer. Give me an easy way to remember I would say which one of the one with the big breasts but I mean, that would still be a toss up. What why? How would I How would I

27:30

get a Perez dork like curly hair and the very blush with body?

H

Howard McHale 27:35

Weight I think I think we have Q Patrol on us.

S

Scott Lewis 27:40

There in here to protect. What are y'all doing? come in sit down for a minute. Look at he's not even saying a word. He's just he's just flipping this thing around.

H

Howard McHale 27:56

A glow in the dark light toy. No, no, no, no, no. If someone's like walking the streets should they be wearing one of these? Why not? Okay, I mean, so. Well, I think I always wanted a piece of metallic glow in the dark around my neck. How about us guys?

S

Scott Lewis 28:13

I want somebody with a last name Sanchez on my back

28:20

we have another one that's much smaller, but we won't tell where that goes.

Howard McHale 28:27

And you guys got got a booth at the pride fest yet. So I thought you know I didn't have to call you because I want you to work the pride fest. We planned on it. See, have you talked to me yet? We sent in paperwork. I don't know. Excellent. Excellent. So you're gonna you're gonna patrol and etc etc. etc. Sure. Excellent. Excellent. Out there. Hey, I can't wait. Hey, you're gonna love it. What's

Scott Lewis 28:49

your what's it like tonight?

28:50

It's been pretty quiet so far.

Howard McHale 28:52

Go over on the microphone. Yeah, let's

Scott Lewis 28:53

do it. Number six. We'll

Howard McHale 28:55

talk what's going on in Montrose tonight. We'll get over on the other side. Now for our listeners out there and Bryan College Station tell him a q patrol is all about

29:03

Q Patrol basically his neighborhood watch organization to look after our own as I say in the Montrose area, we can kind of spot the outsiders and know when somebody doesn't belong in the area and does react properly. Normally we kind of follow them around make them nervous and they go home.

 Howard McHale 29:19

How are things in Dallas I heard you just started up in Dallas. We are in

 29:23

the process of getting Dallas going we've had a one demonstration patrol so far where we've taken a group from Houston up there to do the thing and such and let the people from Dallas see how it goes and they've got a list started of people that are interested they're still trying to sign up enough to get it going. It's a little slow at first but it's just like our group it took a while to catch on

 Howard McHale 29:45

now is Dallas there their community and around Cedar Springs there is it just a little bit bigger than down here. The Montrose

 29:51

I'm not sure as far as actual size, it's a little bit different concentration. They have a lot going on within a very small amount of area they also have a couple of real problem areas just off the back streets of authority heavy. In fact, the officers there warned us about not driving down certain streets because a drug dealers tend to shoot actions. Yeah, I

 Howard McHale 30:13

remember that back when I live in Dallas, right? It's real funny that right behind the bars, two blocks, there. There's these stab people everything walking down the street is super scary down there. So what's going on tonight in Houston?

 30:24

It's been pretty good. So far, we haven't run into any real problems. Last night, we had a few outsiders that tended to want to wander around and they didn't stay very long once we made notice of them this night. It's been pretty quiet so far and good. Hopefully it'll stay that way.

 Howard McHale 30:40

Hey, good. How how's the rescue? Where's everyone located? How many cars you got on patrol tonight? Ah,

 30:45

we've got a couple actually three tonight to out roaming around or two right this minute, I should say since we're goofing off here for a minute. So we're gonna have to run this word.

 S Scott Lewis 30:57

Wait, you didn't drive thru anywhere and bring us a meal. That's a requirement of coming to the station.

 31:02

We didn't hear you place an order, I guess.

 H Howard McHale 31:05

Second of all, you gotta you gotta tell us who you are. So we can say thank you for stopping by. Okay, we'll just go by Rick. Okay, Rick, Rick from Q Patrol is on tonight.

 31:13

Yeah, Howard. Howard placed his order. But you don't know Jim. He's on the air so we can

 H Howard McHale 31:21

actually, listen, thanks for coming in. And thanks for all y'all do and not much going on the street. Hey, you know, where

 S Scott Lewis 31:27

can people volunteer with what does it take to volunteer with with Q patrol? What do they need to do?

 31:31

Basically, we do our patrols on Friday and Saturday night and the 11 till whenever 3am or so. And what we ask is that people call our number 8718519 And leave a name and we'll get back to you about signing up. Basically what we do is request you come out one night a month and just either do the driving thing or the walking thing whichever you prefer.

 H Howard McHale 31:58

So kind of quiet Montrose tonight, anything anything, anything big happening tomorrow night

or next weekend.

32:03

Ah, not sure of other activities going on. We generally have drove out every weekend. Right now we're just concentrating on the weekends. Eventually, we hope to get enough volunteers that we can do some other nights also. But right now due to limited manpower, we can concentrate on our big problem times the the Friday and Saturday night when the kids tend to be out unactive

Howard McHale 32:26

I do this is like a personal question. Do you really think that the kids are coming out causing trouble because there hasn't been a lot of trouble in Montrose lately? Do you think they're just curious troublemakers are curious straight people or curious closet people or what do you think

32:41

we tend to have a little bit everything we had you know completely different problems here most of our problems are the kids just kind of riding around we have had a few assaults lately. Unfortunately it's been nights that we either haven't been out during the week or in the much later hours the up in Dallas we ended up in fact personally interrupted a bashing up there that was kind of a different thing for us because we haven't really run into a lot of that lately. We tend to find that it goes in stages they start all verbally harassing people and then after a while get their nerve up to throw eggs or whatever and then get the nerve to get builds up. Right The idea is we can chase them off when they're still just kind of wandering around laughing and joking and trying to get stirred up

Howard McHale 33:27

we don't know but the sad part about the whole situation is is that there are a lot of stray people come down here to party also you know and I've always I've also often thought about you know if they bomb one of these buildings or one of these bars you know there are a lot of straight people come in and party with us because we're a wonderful open community will will invite anyone in and they don't know the straight people draw and don't know if they're going to be pounced on other straight people you know, stupid fool they probably know Jim and neither even right there's a thanks for coming down. You know, we we are your best friends here are KPFT and Scott and Big Daddy Howard McHale. We we love to patrol and we're always working for you. And thanks for just glad happy you are there.

34:06

All righty. Thank you. We keep listening. We're

S

Scott Lewis 34:09

talking. Thanks, Rick. And thanks Q patrol

H

Howard McHale 34:11

that next time bring food or some Hispanic man.

S

Scott Lewis 34:17

That's right. Let's do another song. Hey, sounds good. And we'll send it out to Q patrol. It's the new single from film to film who are going to be at Pride fest 95

H

Howard McHale 34:29

And what is pride fest 95 It's

S

Scott Lewis 34:31

a free outdoor concert at the end of the Houston gay lesbian Pride Week 1995 Pride Parade. At the end of the parade at the end of the route, it's going to be right out here in front of KPFT at the corner of 11th and Taft. This is the new single from film to film. I believe it's number 30 on the Billboard charts this week and continues to climb. It's called Where did love go?
