And I think they're kind of a very chatty kind of group and they like go on these camping trips to certain things to do lesbians do that kind of stuff. social groups. Yes. They really do. They also have like, he also he also joins like this this naked party club and they all go over and get naked women have

I mean, I mean, do they exist in Texas?

03:56

Wasn't Texas Well, there's a lot of gay people in spring. A lot of gay women in spring branch. And some gay men too.

H Howard McHale 04:09

Yeah, no, no, I work on your spring branch.

04:13

H Howard McHale 04:15

I live in together. Yeah. No, no, not planning to. Okay, okay. Just you want your own space. You'd like you'd like those days when you're apart?

04:27

Well, she owns her own home and I'm fixing them up still rent.

S

Scott Lewis 04:30

Okay. So so the solution to that problem would be that the renter moves in with the owner.

Ω

04:36

I'm gonna get me a nice place later this year.

H

Howard McHale 04:41

Just kind of like, just enjoying your own space. How many days do you actually spend with each other?

Ω

04:46

We've been together this whole week.

H

Howard McHale 04:50

Okay, so I mean, so it'd be seven days.

Ω

04:54

When she was working her job, we just spend about three

Ω

04:57

hours what happens I quit. Okay, that was prudent. You have money in the bank? Of course, of course.

H

Howard McHale 05:07

Okay, so you take a little time off. Okay, so bracing, the money's gonna run out you're not gonna get a job.

Ω

05:14

But like I said, check with settlements. Oh, oh, just

H

Howard McHale 05:21

a big light bulb went off my head to get a million dollar settlement, I'd be quitting work

o

05:29

because of that, and especially

S

Scott Lewis 05:31

if you make me come 26 times 25 Yes, life live, I should have been a lesbian. God, how about you? I'm an honorary lesbian. I'm also an honorary Hispanic by injection. Because you've had many Hispanics injected to you. That's right. Of course, of course. You know, it's funny because I'm, I'm 23 and I've never known sex without a condom. I mean, I just grew up in that era. There was no there was no other sex was there was no other way.

H

Howard McHale 06:09

You know, I can remember the early 80s The Late Late 70s Because I was so young. It's different with those that don't

S

Scott Lewis 06:18

know I don't because I've never had six condom

H

Howard McHale 06:22

all those stories how they say, well, it feels different than it just it's better.

S

Scott Lewis 06:28

Even on the bottom, yeah, really. But someday all the madness lands there'll be a cure and we won't have to worry about it anymore. Be a vaccine or something

H

Howard McHale 06:46

the Democrats take back Congress. That's a long way off.

o

06:54

Excited. Yeah. A nice little place. Nice neighborhood nationally.

Scott Lewis 07:45

It's Hispanic neighborhood tear. That's what I love about it

Howard McHale 07:49

the other day, and it's real funny because usually we chase Hispanics. And now we're just standing there and they all drive by. It's wonderful. It's wonderful. It's like the bus stop in Washington but reverse.

Scott Lewis 08:01

Yeah, and there's no money involved Yeah, that's right. A friend of mine was telling me he said that the that you go down Washington and you'll see Hispanic guys like standing on Washington waiting for the bus. But they're not waiting for the bus.

 Howard McHale 08:19

You know, if someone's not waiting for a

 Scott Lewis 08:21

bus when the bus passes by,

 Howard McHale 08:24

well this might not be the route

 Scott Lewis 08:28

to I guess how you would know is you would drive past them hanging hang a left right there a ride and pull up to the side and just stop for a minute and see if they walk over to your car or not. Let's just see what happens. Exactly. We'll try it after the show. And we will we'll drive on down Roy How are you doing honey? Oh go into what you making now? ∅

09:53

sometimes more than one. Right?

S

Scott Lewis 09:57

Especially if they're out of here, especially if they didn't believe Even circumcision the parents didn't believe in circumcision so far,

H

Howard McHale 10:08

I've had a good time. It's

S

Scott Lewis 10:10

 Scott Lewis 11:33

What about them?

 11:35

Try to stop and pick one of

 Scott Lewis 11:36

them up. You know, it's funny because we was I was I was over there for something and I like I don't remember what it was. But I like stopped. I like turned the car around in a parking lot over there or something. And like 30 of them rush to the car you know while you're stopped like looking both ways to go back out into the street. They like all start rushing the car

 Howard McHale 11:58

SCOTT and I gonna move. Exactly. U haul truck. Just burn up your rider got a bluff something exactly. Driving down Washington and for men who want to make \$20 a piece and help us move for three hours they've got it sounds like fun. Is your cheat. To cheat they get lunch? And then they get to spend the afternoon with the pillars of the money. Yeah, all right. Good.

 Scott Lewis 12:27

Except Except they might want to ask for sex, which of course will oblige them

H

Howard McHale 12:33

H Howard McHale 13:59

Don't you ever get bored?

14:01

We go out to go to Memorial Park and watch women they go home have sex.

s Scott Lewis 14:11

I would think after like 20 orgasms. I would just say, Oh, maybe next week and I mean I think it would get boring if you had 20 a day

H Howard McHale 14:20

and deposit 20 cigarettes a day.

s Scott Lewis 14:24

Do you people are going to be dead of lung cancer before you know it.

14:32

We went with a really neat movie one time and then went home and had sex. What movie boys on the side

s Scott Lewis 14:40

was on the side with Bette Midler. We'll be good to go. We're sorry.

14:47

We almost we almost had it right there in the theater. But you know we held off

WE ALMOST WE ALMOST HAD IT RIGHT THERE IN THE THEATER. BUT YOU KNOW WE HELD ON

 **Howard McHale 14:55**

at the same time with their friends Florida remember that night?

 **Scott Lewis 15:02**

I remember it. Well, the night I ran out because somebody recognized me.

 **Howard McHale 15:07**

we all we all went to hell and the sun just got margaritas over the Elvis. For some strange reason I ended up with the French Quarter and a number thrown out in the back row. Everybody the French court when I was a

 **Scott Lewis 15:25**

teenager, my parents were not talking about the one in New Orleans.

 **15:30**

That's what I'm talking about.

 **Howard McHale 15:31**

Now we're talking about that. That movie house over. Oh, no, no, no.

 **15:36**

 **Scott Lewis 15:42**

 **15:45**

S

Scott Lewis 15:47

Let's do another song, Howard. Yeah,

H

Howard McHale 15:48

ready? I'm ready to talk to some wonderful looking Mexican men. 35 years old.

S

Scott Lewis 15:53

Call me five to 65738526 KPFT. This is an old Taylor Dayne with every beat of my heart how bad am I?

H

Howard McHale 16:13

Hey, well, who sang that last song?

S

Scott Lewis 16:17

Alison Limerick it is a great little tune in it is it from some Broadway tune? It's another one of those bootlegs isn't really Yeah, I like that. It's really new. Yorkish read New York-ish. What happened? Now I'm just looking all these white kids out in front of the club out in front of the station. What are they doing? What are they doing acting straight? Hey, you know what we've been getting those calls for, like Alien sex fiend and stuff like that. And that's because there was a misprint in a publication that the carbon dating game with Eric was going to be on at 1230 instead of he starts all that, that crazy music about 330 So if you were tuning in to hear some of that stuff, like Alien sex fiend and stuff, stick around or tune back in at 330

H

Howard McHale 17:05

Because if you got to net 12 You just uselessness bags. That's right. And we'd love to talk. We won't shut our mouths I know. Especially Howard. Especially who and who we listening to tonight.

S

Scott Lewis 17:16

You're listening to 90.1 FM KPFT Houston and 89.1 fm KEOS College Station Bryan.

H

Howard McHale 17:25

Five to six from Bryan and I do what a phone call from constellation. No one No one for a barbecue. This time sucks. Sometimes.

 Scott Lewis 17:37

Howard in shows math very often except when his dinner starts.

 Howard McHale 17:42

I'll tell you said your boss that hair dye don't go in Joe. Oh,

 17:50

yeah, it was like about two days. I guess after we met on the radio. We met in person. SSL. So

 Howard McHale 17:57

how did you describe each other? And how did you say because I see it and I have met that these two men on our radio show the love connection the husband hunt back then what it was called. Now what how would you describe yourself on the phone? How do you remember these? No, I've picked up some of these these articles and you know I've looked through the personals, which we all have. And it's real funny because they say dark haired good looking stud looking for you know, and then you see them and then hola hola. It's not what they said. Do people lie about

 18:28

how much of a little bit color my hair was blonde dishwater? Blonde and green eyes? Blue eyes, green blue eyes. That's about it.

 Howard McHale 18:37

Okay, nonetheless, is Jennifer. Is she five? Two? Yes. Is she green eyes?

 Scott Lewis 18:45

See now I don't think that's a good sign that you have to look a dishwasher blonde. Yes. What do you mean by that? Well, you know, I mean, I could tell you I know I'm just an AI person. You know, and I know I could.

 19:00

I know that. But hers are not changed from blue to green.

 Scott Lewis 19:04

But I mean, you could ask me the color of Camilla's eyes. And I could tell you, because that's like one of my favorite features. I've seen him from crying because I'm screaming at him because he says, I would

 Howard McHale 19:15

hate to date you. I really would. I'm not easy for you to be on top of me too.

 Scott Lewis 19:19

Well, that never happened. That's not a problem.

 Howard McHale 19:24

I remember that cold night in San Antonio. We got stuck at that house that stunk remember that one promotional tour.

 Scott Lewis 19:31

They never go to San Antonio again.

 Howard McHale 19:34

It was disgusting. It's gotten I had to sleep in the same bed and it was so cold and that night it was so cold or something happened what happened there weren't any blankets or are never forget it. And these people put us out in this house and we went we went clubbing for a little while then signed autographs thing and then then we went back to you know, we thought we're going to be in a hotel that node we ended up in some goofballs house and someone was moving out and there wasn't any furniture and no one had lived there and everything in the refrigerator I was moldy for about six months. And I always just always so afraid I just want to go to San Antonio so bad. Never that. But more Well, anyway, I want to make a long story short, Scott and I had to sleep in the same bed while I was so cold. And I just remember I rolled over, I just hugged him all night long.

 Scott Lewis 20:16

He said, Don't get any ideas.

 20:18

But reason brazen It was funny When she came she was kind of shy about a 30 Morning

BUT REASON BECAUSE IT WAS FAMILY. WHEN SHE CAME, SHE WAS KIND OF SHY, about 5:30 in the morning, wants to TV, and then told her to want to crush it on the bed. And so we just First sit on the bed.

 Howard McHale 20:32

Did you kiss each other? The was there an attraction on the telephone? Jennifer say something. Because I mean, because remember, now, you're it's kind of like your love connection on the real TV. You don't know, anything. But your your. I mean, was it the thrill of just meeting someone? Or was it just the thrill of talking to another human being? Or was it because I mean, your self esteem had to be kind of low. Let me wasn't it? I mean, were you real nervous? I mean, I'm in my mom got a little nervous. person. So So okay, so you go to her house, and you're sitting on a couch to eat during the morning. And we have two chairs, two chairs. I mean, were you nervous? Oh, yeah. But I mean, did you want to like have sex?

 21:23

No, no, no. First day? No. Well,

 Howard McHale 21:26

when did you finally have sex on?

 21:31

I'm trying to get it as beside me one night and just kind of raised my T shirt up a little bit again. And she got really uptight about it. So it was about maybe a week at least maybe longer. Maybe could have been

 Howard McHale 21:43

noted to stay with each other in the very beginning a lot or just call and what fell in love. What was the attraction, the beginning the site attraction, because we over the phone, there wasn't an attraction or there was kind of a fascination. Right? Okay, I'll tell you while we're making progress here.

 22:03

Right away wasn't real sure. Because like when I open the door, she was kind of standing with her head down. It's like, we talked a little bit off and on about different things, movies and stuff. And

 Howard McHale 22:12

did you talk about sex at all? Why wasn't the topic?

22:18

Oh, like, when are we watching the movie that she had brought over? And I saw McDonald's sign in there. And I said, Oh, McDonald's and so she had to go home for something that came back and McDonald's food for the first time like we didn't really go out but I cooked for I think. Yeah, the same morning we had met she came over that Eve that afternoon and I cooked up for and we watched more TV.

Scott Lewis 22:40

Do you think one got attached first? Yeah, and other one. And so and when that How soon did you get attached?

22:48

It didn't take long, maybe less than a month? Couple of weeks or months?

Scott Lewis 22:51

And are you attached now? You're the other person has attached? Now did you? Did it took you a month to get attached? But it's how long did it take you to get attached? Jennifer.

23:04

She's only been we've I got to test her about a month. And she's just been about a month and a half for her maybe as a matter of fact, from the conversation we had last time on the telephone with y'all the next day or two she's made a commitment to

Scott Lewis 23:19

why? How many? So how many months was that before you that seven months. So you you were committed and attached in a month? You it took seven months? Why did it take you so long?

23:33

Last time we talked on the phone, I believe in taking my time making sure that this is right, you know?

H

Howard McHale 23:42

Oh, well, you know, nothing. Sometimes, I like that. And I don't like that because you're playing it too safe. You know, I mean, and that's that bothers me. Because I mean, I mean, I mean, I play safe, but I mean I mean that just to save, you know what I mean? I mean, it's like the other person you're if you wait that long to get attached. You look for excuses not to get attached, John, I'm saying.

S

Scott Lewis 24:08

I mean, that's the problem I'm having in my relationship right now is that I got attached real fast. And he's go slow, go slow, go slow. I just got hurt and I don't you know, I care about you. And but I'm and you do these wonderful things, and you make me feel good, and you make me feel special. But that scares me because I don't want to get hurt again, which I understand because before I met him, I had been out of a relationship for two years and didn't want in that entire two years. I didn't want to date anybody. Now sleeping around was a different story. But I didn't want to get emotionally involved or touch with anybody. And even when I met him two years later, I was still in that mode. I don't want to get involved. I don't want you know, back off. You're like wanting involvement and I don't want it I don't want it. And so I understand. I understand that but do you know how frustrating it is for the attached one?

H

Howard McHale 24:58

Oh, Because I mean, you sit there and and if you don't want to be attached then why are you here? Why do you call me every day? Why do you? Why do you do things with me? But you can't say you're attached? You don't. I mean, that sounds like a cop out. I hate that within a month before I

o

25:16

got a chance, but it's like, this is our first time so. And I was given her time and I wasn't really sure because well, I mean, I mentioned my brother because my parents know he is but they don't know I am so my mother Nim don't know that I'm having a relationship with Jennifer. Have they met Jennifer? Yes. And they like her a lot. They they she's real sweet. They're glad I have a friend I run around with this. All they tell me.

S

Scott Lewis 25:42

They probably know don't think I think they might have some ideal,

o

25:45

but um, we just don't talk about and we don't I don't mention her too much, whatever. But it's like what you said, I understand what you said too, because I'm kind of scared of getting hurt, too. But then it's taking this time, but I wasn't really sure. Maybe I think a little bit deep down. I

wasn't sure I wanted to make that commitment for. And we've had people ask us, are y'all married yet? Are y'all living together? And we just we don't mind too much. But in the very beginning, one or two months together, people would bother us with this. Because I'm my assistant manager, he met his friend and next day they live together and they've been together who said

 H Howard McHale 26:18

I don't you know, life is too short. It. I think that as gay and lesbians. We have to make decisions a little bit quicker. I think because the reality that we might not be here in six months or six years. I think I think that entitles us to our warrants warrants off ourselves to move a little quicker. Because I'm real

 O 26:41

happy I've in the past nine months I've been happy never had been in a long time.

 H Howard McHale 26:45

Because I mean, we see we've seen so much destruction and so much hate belted towards us that to respond to someone where that's positive and lightning and loving cod. Hi. You know, I'd want it right away. Also. Once you

 S Scott Lewis 27:02

I do, I do want it. And it's very frustrating to be completely in love with someone to to. Oh,

 H Howard McHale 27:11

don't get me. That's all I love. I'd love I'd love I love. I don't have to hear it. my eardrums are cracking.

 S Scott Lewis 27:18

Anyway, talk amongst yourselves while I go get Greg so we can discuss his little thing we're on with him on the air. And then we'll close up.

 H Howard McHale 27:27

Okay. Anyway, Miss Lewis, where she talks about how she loves she loves she loves. I can tell you if you'd be loving someone you hate out there doing anyone else. Right? Right. Right. Right. I realized adultery is number eight on the list. And it's a long way down. But she wouldn't you know, the top 10 You know, but Miss Lewis? Oh, no, she ain't kidding me. Is she kidding you

Houston. Call and we'll talk about Miss Lewis in her lives. Like who cares, right? She loves she loves. You know, I'm happy for you to and I'm glad to see that. You know, it's moving along. It's real funny, because when when my mother phones me, she always she always goes. Well, have you met any friends? Yet? Any friends? And I always have to tell her. No mother, I'm not dating anyone. Oh, Scott's moved in with me. And she goes, Well, who are you going to live with? And I said, Well, Scott, and she goes, Are you friends? I go, No mom, are just friends. It's real fun as a straight woman to understand the difference between friends and friends. So what do we got going over there? Scott?

there was just nothing, nothing. Nothing heard about heard from it for a long time. And I think I'll take over from

there. Can I take over from their microphone, okay, because I can't hear

you. Okay. Okay. Okay, good. 5050 was about about six months ago, we came on, we played the song that we recorded and you know, a lot of people liked it. But I think 5050 is kind of gone. Now that really didn't work. You know, nobody's heard and a lot of stuff from us lately. I'm working. My name is Steven Alia. And I'm working on a new project. And it's called commands and questions that the band name commands and questions, listen to it, remember it and it's all about commands. And asking the people questions and giving them truths and hence the name hence, hence, hence the name and it's under new air productions, Mike Robinson and and here's just a little bit of it. I'm gonna do this. I'm going to do this one really quick and I'm gonna I'm gonna make this song as quick as quick as I can. It's called, don't do what they told you to do. That's a command. When I was a little boy, it was a little girl who would come and play with me. But my mommy said there was certain things I shouldn't shoot in there. I fucked up, messed up. Mommy said that. There were certain things I shouldn't see. Well, I went to see them and they didn't hurt me. When I was a little boy, there was a little boy who would come and play with me. But my mommy said that there are certain things I shouldn't see while I went to see them and they didn't hurt me. When I was a little boy when I was a little boy when I was a little boy when I was a little boy, when I was a little boy when I was a little boy. If that's something you enjoy, you should go and do it. Don't Don't be afraid of what people say. Just go in. I messed up again.

But I think this song is about when he was a little boy. I think so.

The end of it is Mommy used to come and play with me. She still told me that there's things that I shouldn't see. So I stopped playing with mommy. And I went back to playing with the pretty boys and girls. And guess what? They didn't hurt me. Anyway, it's all Capello it's very dry. quickly done. That wasn't very good. That wasn't the finished product. So keep that in mind commands and questions, Scott.

So anyway, this is a song from Basha. It's the first single off of her recent CD. It's called the yearning and I dedicate it to Sandy and Jennifer because it's about the yearning that you have to have to find someone else. And while there is a yearning for that, too, to find someone else and having that yearning filled, and I know that you all feel that yearning, and so I dedicate this to you. Until next week.
