## SPEAKERS

Jimmy Carper, Roy

---

00:02

The group is called to fronted by Rob Halford from Judas Priest. And that was also their new album for yours. Called I'm T. You're listening to after hours, queer radio with attitude KPFT Houston and ke O 's College Station and big Roy has something to tell us.

Roy 00:28

Yes, I'd like to think Bill out there in Sugarland was just calling his donation. All right.

00:35

Bill. Thank you Bill

Roy 00:39

support to like Public Radio and this is our shows really where it's at. Thank you for your support. Thank you

00:46

very much, Bill.

00:47

I'm Jimmy Carper. And Russell and and John

00:53

is here now. Hey, Joe brought it in with his leather jock on his Yeah, we flew suede and leather vest. We went wow.

01:05

I really did you see him from the from the

01:09

now but we'll get a view of that.

01:13

It it's very snackage model. Okay, go.

01:22

So, though we're talking about

01:25

Misha, Misha, we're finishing up with the brief thing about female domination. Now we've talked about the different fetish stores and other stores. We'd like to talk about where a woman can find some of these books now you can do a web search for greenery press, and you get all of Jay Wiseman s&m, 101 and Lady green, sexually dominant woman books and or you can come out locally to Crossroads bookstore which is right down here on lower Westheimer. Close to Charlie's diner from Mary's category from Mary's down your I guess that's like at law or something. That's why long Western more or less, and they're they have a cafe in a bookstore. It was just not to be arrival. They have a fantastic selection of alternative sexuality literature. They don't usually have everything in stock that we're talking about before dawn, but others that there's there were having some books out on Westheimer the latex have expanded their magazine section, they have a lot of cool a tux of clothing for women as well. They have some books and magazines. And let's see what else Lobo Lobo would probably be curious in Essen related material and go to the living leather conference you'll see every book you ever want to see that

02:53

workshops that's in

02:54

Dallas this October and again the PIO box if you're interested for that is 7638056 Dallas, Texas 76376 data as well the website but I'm not

03:07

sure what the I think it's WWE dot n l a.ai. Hyphen comm I think that's International, International. That's

03:21

the I know it's national, not the universe International. Okay. And in Misha, is there anything else you'd like to say about training to women out there about training their male and give us some of these exciting details of rectal Forex himself? Laundry, pierced scrotum some force Well,

03:42

if the lady wishes intercourse, she shouldn't take the initiative and be the aggressor and guide him to foreplay. And she should use dildos, plugs to train him further and synthesize his rectum as a vaginal substitute. We can say that.

04:10

And several super sensitive rectums in your presence that

04:17

I noticed. Make him share your monthly period, like making aware of tampons and sanitary napkins so you know what it feels like, you know, that time of women or go through mood swings

04:36

is a very, very bad idea to stick a tampon up someone's rough, it's hard to get out. So it'll dry out and try to pull it out. stripping the flesh out there seems to be very careful about how you go about that particular

04:52

area and make him also aware of some token of bondage slavery or bracelet. And also he'll always be constantly thinking of you're on an ankle it and this is lifestyles, yes. Make him also ~~wear feminine lingerie. When he's going to his job underneath his clothes with the crotch holes~~

wear feminine lingerie. When he's going to his job underneath his clothes with the garter belts, the stockings and all that, and for advanced training he can be fitted with a chastity belt and a rectal plug. And for even more advanced training, you know, of course the piercings on scrotum foreskin Jim is looking for and many other possibilities. A little more extreme cases of domination of course,

05:46

are just body modifications, body modification and all that is very attractive.

05:52

We'll be starting a fetish nights at Tantra in conjunction with also workshops and seminars and the theme for this August I believe is safer play and add tickets because they will be a private play party coming up. And then the other plans are like fetish contests. Gothic night and also a body modification which want

06:31

to do body but

06:32

yeah, it got to you get to do body safe, probably get to do body piercing tattoo or whatever. I think it'll be really fun. That's the

06:42

Houston people exchange Yes.

06:45

We had a meeting a week ago and discuss you know, different activities, what will be going on to bring people closer, like in the first part of the meeting will be like, you know, announcements, and then afterwards will be seminars, workshops, instead of having it a Wednesday night which they have only like a small crowd of people. So this one they will be able to entertain and welcome out of town. presenters and demonstrations. So the

07:21

largest group in town of about like 100 people Yes. That's a good crowd for

07:27

so it will just make all the Texas s&m community more closer together. The Austin Dallas San Antonio and

07:38

again 7:30pm Tantra nightclub on the first Saturday of our Saturday, show up there to try to cross from work Scarborough,

07:47

they also have the newcomers. On the third Saturday, La Hacienda is on the corner of Main and bracelet for anybody just you know, the introduction

07:59

is deceiving. 30 fume also, I believe yes of the newcomers meeting. Meeting for Houston people exchanging power on the third Saturday, next Saturday 7:30pm. Well, listen, we've got another guest here and I wanted to ask if he has any questions for you. Do you have any questions from from Aisha Stan?

08:18

Actually, I think she's done a bang up job so far. Thank you.

08:25

Did you have anything to wrap up? On this particular

08:30

I usually recommend to any novice female to go order the my personal favorite besides lady green sexual dominant woman is my darling dominatrix by Grant Andrews is on its third printing now. And the book shows us the inner workings of a mind of a lifestyle dominatrix you know and any submissive male out there that wants to serve. This is the book that they have to read. They can call an 800 number 1-800-375-2356 to get that book to get that book. It's only like 695. So and plus it's by the masquerade books people

09:17

I'm surprised it's not available that our books, it was at

09:21

bookstores, on Sheppard really he is

09:26

it they carry things that would amaze you. I expected

09:29

her say Lobo

09:31

no Bookstart but it's on back order. It's very hard. You just might as well go to the ATM. It's much more simpler. You know, what was that? 800 number again 1-800-375-2356. They also cover gay lesbian by erotica, literature nonfiction, they this is the masquerade masquerade in New York. Yeah, so very European books, whatever. They have a newsletter also that they can mail out.

10:08

Cool. Great. Well, we

10:10

got Stan the Man right here and he's he's been strong and silent for about 20 minutes. The standard stance the new Mr. Texas

10:25

Johnson sure here I wanted to handle some of these. You know, impromptu cute questions. Stan.

10:35

Stan has a marvelous background and has been here before. Yes, he has. You're giving up a title and you just gained one. Is that it?

10:44

Actually, I'm about to give up one. And I have two more. I have of course Texas drummer, right. And I have one other that I carry, which is the masters of leather boot boy 98. Oh, I didn't know that. Yeah, it was. It was one of those quiet little titles that they bestowed. Oh, that's nice. And of course, Texas drummer. Right.

11:10

What I was doing, I was

11:13

I was actually born in Germany, and I'm an Army brat. So I've traveled most of my entire life. So I really can't say I'm from anywhere specific because I never remember.

11:28

When did you first of all in the way

11:32

I truly got into the leather lifestyle about 10 years ago, I had a friend that gave a seminar on on FM and the leather life. And she asked me to assist her. So I thought okay, why not? And it truly is. Yeah, it was really I mean, it sparked something inside. And I just I mean, I slowly but surely moved into my new lifestyle. Some fantastic.

Jimmy Carper 12:12

Everything we expected it to rubbish. That more. Now, why did you What made you think about entering text from

12:25

entered Texas drummer because for the past year, I've held a title of Mr. Gulf Coast bootblack. And because I am the very first, the title doesn't have very much recognition. And in all honesty, it's because of its infancy a lot of people didn't know about it. And my goal is to work within the community to do a lot of fundraising and raising major awareness for the leather community, the SM community. And unfortunately, with that tight with the Gulf Coast bootblack title, I didn't have that ability. So with Texas drummer, I knew that that title was one that would give me the chance to do what I wanted to

13:21

go ahead. Oh, that sounds so great. And the one thing I like about all these guys, they're really

all quite good looking and women they have these contests, and Mr. Texas drummer, Mr. Leather, whatever, and what they're all about really other than just being extraordinarily attractive and capable. Is this social commitment to getting the word out and to know you know, networking for charity and for expanding awareness and towards safety. I'm

J

Jimmy Carper 13:58

gonna say that it's fundraising for for very needy organizations within the community. And our community couldn't exist without it. Exactly. And you know, it's so ironic is maybe it's not ironic it's probably surprising to a lot of people is the leather community and the drag community have really gone head to toe and some fundraising yet for for from any issue like for AIDS to breast cancer for children, just several different organs. And what

Ω

14:41

I've learned from your shows John, John and Russell is that Houston is is not unique but rare in the cities where the drag community and the leather community to get aligned Yeah, yes to say nothing of the gay and straight leather communities combining true.

Ω

14:59

I was in awe Austin over the Fourth of July weekend for their Mr. Austin leather contest. And their drag community and the leather community do not mix at all. They don't talk to each other, they don't see each other. And, unfortunately, their leather community is almost non existent. When you compare it to Houston, the

J

Jimmy Carper 15:26

leather community in Austin, the stronger force is not in a gay community. Right? It's in the strike community.

Ω

15:33

Yeah. But Houston is truly one of those very unique cities, where we've been able to incorporate both in a very comfortable mix, to actually get the job done of educating people on who we are educating people on what we do, and raising funds for the needed charities. And in so

Ω

16:00

many cases, there's crossover. Hello, Brian Keever, president of the Asian Empress of the court. Yes. So I don't get the divide and conquer routine.

J

Jimmy Carper 16:17

It's proven in the past not to work here in Houston. So we just get along.

♂

16:22

Well, I find it it's all of us.

♂

16:24

Well, yeah. And as I've said many times that the the, the overall gay community can learn a lot from the leather community.

♂

16:33

Yes. Very much. So. The the leather community if, if the gay lesbian, transgender, bisexual, pansexual, communities would pay more attention to the way the leather community has formed itself, the way we do outreach, the way we educate, not only people that are not in our environment, or not in the leather lifestyle, but how we teach our own members of our community. Yeah, the the old guard teaching the new guard on protocols. And yes, we're moving into a new guard stand, but they're still carrying a lot of the old guard practices. And, I mean, if more and more people would pay attention to that, I think we would learn to probably accept each other more openly. Without the reservation that people have about, you know, well, this one's into that. I can't deal with that. So in the leather community, there is no I can't deal with that. It's more of hey, they're into that cool. Yes, exactly.

♂

17:58

And also the heterosexual, SM community, oh, so much to the gay community leather community because of the research that the extensive research they have done. They were the pioneers.

♂

18:12

The gay community began and fostered the socialization of

J

Jimmy Carper 18:17

what are you doing to get ready for gulf coast from

♂

18:22

in all honesty, to in to get ready for Gulf Coast. What I'm basically focusing on right now is

getting my name out there, letting people know who I am, and what I'm capable of doing. I've had numbers of different benefits shows I've got a whole string of them lined up ahead of me. The one that I think was the most successful was the leather fan, leather fantasy fashion show and beefcake auction. We did that on June 6 at Nighthawks. And it was such a rave success that I've been asked to do another one. So we did one in the spring. We're doing another another one in the fall. We're gonna do one on November 22. And Okay folks, mark your calendar. Yes, November 22. At Nighthawks is leather fantasy fashion, and beefcake auction number two. But I have lots of other things that I have scheduled. I'm actually scheduled up until September of next year. Wow. And that's even after I pass this title on I still have things that I've committed myself to doing. By the way, last

19:46

weekend really admirable because it shows that you're just not in it for the glory.

19:51

No, I'm not. A lot of people wonder why do people go out for titles? And for some people it is It's a glory thing, it's to boost their image. And to get more people in their bed. Well, sorry, but I'm not in it for the SEC, because I haven't had any since I got this title. So I mean, it's got to be something else. I'm not in this to get lay. Yeah, it's getting really bad really bad. Yeah, but no, I'm I you get all this call. I'm hoping

20:28

five, five to 65738526 Okay P

20:33

and your phone number for Stan.

20:36

But no, I'm I'm in this because there are groups out there that truly need money to do that, to help members of our community. There are people out there trying to raise awareness, and to educate so that we as human beings can live happier, more productive lives. And that's what I'm in it for. I want to I want to do my part to help bring our world together. Thank you. So you're doing it you but as I was saying last weekend was the international Ms. Leather contest in Atlanta, Georgia. Unfortunately, I was not able to make it and I don't know who pulled the title. But women are really this.

Jimmy Carper 21:29

Do you know what so good. So it's kind of funny. The International Male contest. International

Mr. Leather in Chicago. The entire stage crew is women. Yeah, women put on the contest.

21:44

Wow. Do not think you're gonna get on that stage with that without their permission. I found out this past year when I was there. You see. Don't go anywhere without them saying, Okay, it's your turn.

J Jimmy Carper 21:59

Oh, yeah. Well, the International drummer contest was put on for years by a woman. Yeah, I mean, even though it was her magazine Audrey Joseph. Okay. Is the lady who put that on and her entire crew was

22:11

doing really well. They you know, they keep to a schedule.

22:16

Yes. Arm don't want to be left on gay standard time in

22:20

our organized. Thank you.

22:24

If nothing else, they're organized and on time, because they're gay Standard Time. 15 to half an hour.

22:30

You don't have that runs? Yeah, you'd be there till three in the morning. Exactly.

J Jimmy Carper 22:36

So when you when you fall off, when you decided to run for Texas? And yes. Did you have any preconceived notions of what it would be like? And compare in comparison to what it actually is like?

22:53

No, luckily, I didn't put in these visions of grandeur. When I thought of this title. I know plenty of the previous Texas drummer titleholders and was able to draw from them, what would be expected of me. So I really knew what I was getting into when I went through this. So it wasn't it wasn't a big shock. I was ready for it. And it was it's been a lot of fun. It has truly been a lot of fun. I've met 1000s and 1000s of people. And I've been all over the United States already. I was at IML. Up in Chicago. I was at two different gay prides in upstate New York. I was at our gay pride here. I've been all over the state. I'm going to be in Austin next weekend for the chain drives hell weekend. And of course, I'll be living in leather in Dallas in October.

23:58

I think we'll all be

24:00

there. Hopefully.

24:01

I'll be on my way back from San Francisco.

24:06

But I've there's just so many different things that are going on with this title, and I knew what it would take. So it wasn't a big slap in the face.

24:19

Well, next month in August, the fourth Sunday morning in August. At this time, we'll be interviewing Mark Fraser I believe, or Wiley's to have a taped interview with and who's the what is he and then I like the co chair co chair of the living leather conference and he is in LA international internet. International.

24:40

I'm not too sure if he is one of the coordinator coordinators for the

24:48

president of NLA likes to really really, really great. We're gonna push that. Obviously now more and more happens for sure. So we'll have him and I think we'll also have a taped interview.

which I tried to make happen on my I bought this little tape recorder. And I had this wonderful interview with Susan Wright, who is the Executive Director of the National Coalition for sexual freedom, which is an umbrella group that has some number of other groups longs for, which is does lobbying and media outreach for sexual freedom, basically. And I'm sorry, we just had the type of created that word apparently.

♂ 25:35

Let's hear it now. Well,

♂ 25:37

we'll hear it next week. But the first initial interview is out in space.

♂ 25:43

No, no, no. Where'd you get the tape recorder?

♂ 25:45

Oh, Radio Shack? Think about think twice? Or do you go to Radio Shack? Three times before you go. Yes.

♂ 26:00

We tell them we tell it to you here.

♂ 26:04

I've had problems with tape recorder before it was usually my fault.

♂ 26:08

Yeah, that may well be you might think twice before you come to me.

♂ 26:13

I must tell you that Sarah to follow does some amazing interviews, and it's on a RadioShack little battery operated tape recorder.

26:26

That's that's what this was. It didn't work. Sorry. But we'll have we'll do that again later this week. And actually, I may see her in Denver this next weekend. We'll do. I'll do some tape recorded interviews there that we can throw in here. I think we've we're kind of reaching the conclusion that it's better not to talk to one person for an hour and a half. Now. Just spread the wealth a little bit. We've got plenty of people lined up. So good. Good. Yeah.

J Jimmy Carper 26:51

So out of a go as far as fast international drummer. Yes. Pretty good mine. Or do you have someone

27:10

other than some of the path to Texas drummer and international drummer titleholders? I'd have to say there are a lot of people that I admire. I admire people for different things. Some people for their wisdom, some for their courage, some for their tenacity. And some for their freedom of thought. Something I really don't have one specific person. That is

27:50

your hero or something? Yeah,

27:52

I don't I don't have one specific. Yeah, I don't. I really don't have a role model.

27:58

Tries to learn from everyone. Yeah, I

28:00

want to hear everyone. Yeah. I don't want to I don't want to have a role model. Because when you when you have a role model, you tend to try to become that person. And I'm trying to become me. I don't want to become somebody else. So I mean, if I can get a little bit of everybody to create me. That's good.

28:26

Stan. What do you like to do this thing? What's your kink? Favorite? Oh, here we go.

28:34

Let's just jump right in and ask

28:37

for it see red?

28:38

I am. That's the sunburn.

28:44

Well, actually, you're right. Yeah.

28:46

Lots of red and white stripes. Imagine that

28:49

if there was a red or meter.

28:53

My, my kinks or my interests? Really? I mean, I wear a gray hankie because I'm into light SM I love leather. Modifications fun. And I've I've gotten into some other themes. Really, I don't think there's one specific twist, it turns me like, try it. If it feels good, keep doing it. If not, we'll move to something else. But no one's specific kink

29:30

in turn. There's a hankie codes out there, you know, you can pick up your hankie code guide it whether you're on the

29:40

stand with the Segway

29:44

but what does the yellow one mean or the black

29:47

for popular What's that? littles helps out with the boys show doesn't that's another name for someone the way

29:58

I see you I guess we share some interests you.

Jimmy Carper 30:06

I have one other question. You know, I didn't even read any of these programs. If you were going to give advice to someone who was interested in doing this, getting into the title say, what would

30:17

you tell them?

30:22

Actually, I've been doing that for the past month, I've been talking to quite a few people that are interested in trying to take the title Texas drummer 99. Also, dealing with Mr. Austin leather, I found out I was the only judge, I found that when I got there,

30:42

you should have weighed in and said, thank God. Well, basically, judge actually,

30:47

I walked in and they said, No, you don't think you're God? You are God, because you're the only one. Yes, I was the only judge and they had six contestants. So it was a lot of fun. And what I learned that error

31:04

on on any one person to do that, that's just not fair

ON ON ANY ONE PERSON TO DO THAT, THAT'S JUST NOT FAIR.

31:08

Well, not only was it not fair, but the losers knew who said no, like, Sorry, guys. But actually, we did pull in somebody near the end of the contest just to like, break a tie. So I didn't feel bad. But what I what I told all of the guys in the contest is truly think globally, act inclusively. And try to keep yourself intact the whole time. That is what I tell everybody that's interested in getting into the the titleholder scene, the for the life of a title holder. Try to keep your own self identity. But yet, think globally and inclusively.

32:00

I love that. Well, that's based on finding to go,

Jimmy Carper 32:08

you know, I want to I read something and I want to bring this up. I read something in the triangle. There was a guy who was from Canada. He tried to get into the United States, he's HIV positive. He were a sign saying that basically, that our government was was the right word. So they didn't allow him in the country because he's HIV positive. Under a leg? Well, there's a something in our law that says that they that they can do that.

32:50

Yeah, there's a provision in the law that prevents anyone that is not a legal American citizen from entering because of health status. Right. And HIV is included in that listing of different things.

33:05

I have to get permission and written permission.

33:10

We are hardly the only country that I know. I know. It's a problem when there are international AIDS conference, right?

33:19

Yes.

J

Jimmy Carper 33:20

Yeah. They said that if it is if there is a conference going on, in the United States, they will allow that in session.

♂

33:29

Right. But they're only allowed in the country for the duration of the conference, and they have to leave and they have to leave or they're removed by force now.

♂

33:40

There's so many HIV positive people that are being so positive and productive around here. I mean, I go out and recruit them.

♂

33:48

Absolutely. Yeah, it gets me

J

Jimmy Carper 33:50

when they listed when I were talking about this, in the article, it talks about HIV as if it was a communicable disease as as tuberculosis. Right for and that's what it's fit. Right.

♂

34:06

It's considered transmittable. And because it is considered transmittable, it's placed on the list as being the equivalent of tuberculosis or any other communicable disease.

♂

34:22

Yeah, it's it was perfectly alright to have sex with an HIV positive person. I heard this female assistant is in the scene who helps me with my work and she has a partner and you know, there's there's there's some discussions between different people about HIV status you know, and and concerns about this if this happens with all different couples and potential couples. And, you know, I played with HIV files a few people. I don't know if I've actually had intercourse with an HIV positive person, but that's probably likely you know, And certainly when I was living in Manhattan for so many different people, as long as you use protection, the

♂

35:07

thing of it Yeah, the thing of it is, yes, I am an HIV positive man. And I'm really angry at the community thinking because I'm HIV positive I am out, I'm taken out of the sex scene. And the

reality or it is quite the opposite, then that if you do not assume that every person you sleep with is HIV positive. You're in big trouble.

35:34

Certainly should assume that and use old protection

35:37

anyway.

35:38

Some of the safe sex I've ever had was with somebody that was HIV positive.

35:43

Why thank you. You're welcome. And that could be another discussion. However, we are out of time. You've been listening to after hours career radio with attitude on KPFT Houston and ke O's College Station coming up. Is the red eyes special with Big Daddy J and he's standard. He's here.

36:09

He's here. Have fun out there.

36:12

I want to thank John and Russell and their guests,

36:16

Misha and Stan rate,

36:19

and we'll see you next week. We're going to go out with a little short piece by someone who's just died recently, but he was a hero for me when I was a little kid. Anyway, repetitiveness, I can do it. We'll see you next week.

~ ~ ~

36:41

Welcome to the radar special that I'm your host Big Daddy J. And this is KPFT nanny dot one in Houston. Ke o s at 89.1 in College Station, the sound of Texas and the blues all
