We have the government that we deserve. The vast majority of Americans passively complain about the state of the world because so few of us are willing to get involved local, state and federal institutions are determined by a few. It is in our grasp to shape the future. Learn the issues and select the candidates of your choice. Use your vote to create a world we can all live in, register and vote.

The preceding message was presented in the hope of creating a better community by the Houston Gay Political Caucus.

Houston is a great place to call home. But it may also be a very lonely city to a quarter million of its residents. Help is just a phone call away. This nonprofit center provides telephone counseling about your problems, medical and legal information with referrals, timely information about social or political events in the community. All calls are handled in an anonymous fashion by a group of trained volunteers who wants to help. The Gay Switchboard of Houston is not only for the gay and lesbian members of the city, but also for family members or anybody else who'd like to know more about the gay community. The Gay Switchboard can be reached at 529-3211. Hours of operation are 6pm till midnight, seven days a week. 529-3211. This public service message has been brought to you by the Gay Switchboard of Houston and this station.
