SPEAKERS

Chris Harrison, Jimmy Carper

00:00

You make the introduction because then that person knows that you know someone that they know and they want to protect the reputations dominance in the scene want to protect the reputations if they don't have that they don't have much. The other thing is unless they've billing themselves as a professional, dominant, that's dumb female or dominant male say no to pay pal. Words of Wisdom

00:30

Well, it has been a wonderful morning and I want to thank you ladies for sharing it with me. We'll have to do this again. And you haven't been listening to Kpf T. This is Mr. SMax rolls, and I will bid you a wonderful morning until next month, be safe and well.

Chris Harrison 00:53

Hey, we'll see Mr. Max on the 23rd Yes, that was one of those five months five weeks right. Okay. All right. All right. I decided I needed something to get us into the Easter spirit. So let's just go to a little piece of music here that other kids are ready to celebrate for those of you who are looking for a little higher power on that day of course you know they canceled Easter this year by half why they found the body oh it had to be said somebody had to say it is the you know the Christ joke All right, for those who are looking for higher power on this day, whatever mediums they keep falling through the holes in his hands. We've got to keep you on Monday on Friday nights. Let's go to some music some

01:42

times I feel this go raged when I can get it oh I'm tired. And I'm weak. And I feel I've lost my spot that's when I lose to the Hill Holmes and I get down on Manny Heelys. And with faith and hope I pray Hey. There's a pawn star shot in

02:38

me

Chris Harrison 02:45

that was super eight come shot, which is actually now known as

Jimmy Carper 02:52

drinks drinks. Titanic

Chris Harrison 02:54

Jinx Titanic with there's a porn star shining down on me. I thought they'd give us the Easter kind of music.

Jimmy Carper 03:05

When zones, we're talking about porn stars. I've got a little something to read here and maybe get some comments from people who porn is the question and answer. The question is, do you have a statistic for how many people around the world are masturbating at any given moment? And the answer is that's a very interesting question. I don't but let's do some calculations and come up with a conservative ballpark figure. Let's start with men. There are roughly 5 billion people in the world or two and a half billion males. Let's say one and a half billion of those are teenagers or older. Of those. Let's guess that about 1 billion and masturbate regularly.

Continuing to make our conservative estimates Let's guess that the average masturbation frequency of those 1 billion males is three times a week, and that the average duration of a masturbation session is 15 minutes. Taking into account 3 billion masturbation sessions per week lasting point two five hours or point oh one one days. The figures suggest that at any given time. roughly four and a half million males are masturbating at all. In this world. Four and a half billion million males are masturbating right now.

Chris Harrison 04:38

You're just jerking us around with those numbers.

Jimmy Carper 04:41

It doesn't seem unreasonable to round it up to 5 million to take females into account. Remember that the next time you're masturbating? You are definitely not alone.

04:55

Isn't that cool?

Chris Harrison 04:56

Hands Across America. I love it. Reach out and touch someone A body fluid

05:05

doesn't say where these four and a half million all over the world will get you a drinking glass tasty though.

Jimmy Carper 05:12

It's time for MBB letters.

05:15

Not that many this week. Slave I got your letter from my mom's house. Yes, I will write you back. Great artwork as usual. Marilyn Manson. Yes. All done in that pencil and also another letter to the station from slave who Travis has over there.

05:32

He talks about let's see, let us be a night have very nice indeed. New talks about how stressful is we could spend that sucks. But he's, he's glad to have the show to listen to. Guys, I guess wind down the theme of the week. Apparently he got his whole line listening. I guess that's like the whole hallway.

05:54

What unit in the Oh, yeah. It's about 50 people.

05:58

50 people. Apparently we got 50 people that listen to our radio that's

06:02

on one side and then you behind that's another fits. It was probably 100 100

on one side and then you behind that's another nest. It was probably 100-100

06:05

People Cool. Excellent. I think he probably just doubled our numbers. No, I'm kidding.

J Jimmy Carper 06:10

I'm sure they liked the last segment. Well,

06:13

the submissive females Yeah, yeah, I'm sure about 90% of them love that.

06:19

He really likes the music. We've been playing good. He talks about the letters from Smiley. Thankfully, he had a great visit from his dad last week, which is cool. They apparently had for a four hour visit and he said his dad is going to be sending him some pictures which he will send to us some of which include his leather and jewelry. He was asking for some pictures for us because he wants to have an after hours photo album. Let us have one First Fleet

06:49

actually slave. Yeah, I was gonna say actually slave I'll get that picture to you. Just hold on. Oh, then real busy. Sorry. Okay.

06:56

Talks about starting some more artwork. For some different people around here. I'll let that be surprised when you send that apparently he fell off the bandwagon and has started drinking coffee again. That sucks. I live for we all have to have our vices okay, no masturbating, smoking, gambling. It's going to be something

C Chris Harrison 07:20

masturbating. Smoking coffee, sex.

07:23

I guess someone was saying they stopped doing drugs but then ended up like buying shoes every time they were freaking out. Well, yeah.

J

Jimmy Carper 07:31

It's good to have a lot of shoes. The way you say that, Stacy. making the assumption that you don't think masturbation is sex.

C

Chris Harrison 07:42

I can be if there's someone with you.

J

Jimmy Carper 07:45

It still is even if you're alone.

C

Chris Harrison 07:48

Oh, you know, I don't count that. I count that as I count masturbation as stress relief,

♂

07:53

Stacy. I don't think you do jackoff Yes, I

J

Jimmy Carper 07:57

do. Everybody does every

C

Chris Harrison 08:01

day realize how much how much more there would be excuse

♂

08:05

part of everybody. Yeah, yeah, but

C

Chris Harrison 08:09

so you only get those phone calls about the third round in that's why oh, that's why

♂

08:16

I'm pleased besides, you can get as much sex with another person as you want. And but there are times when you are alone and bored every for something like that. You know? Okay, Stacy. That's a little too much of her. Hey, remember this way we're changing our call letters from KPFT to W TMI way too much information.

 Chris Harrison 08:36

Remember, masturbation is truly only 100% safe sex method. yourself. And the time that you get your sheets or towel pregnant. You're going Oh, that's right.

 08:47

I know the way I got myself pregnant from masturbating.

 Jimmy Carper 08:51

Once you don't have to take a shower to get laid.

 08:55

I swear mom I was a mess breathing I was cleaning it went off.

 Chris Harrison 08:59

Hey, it could be worse there. I came home from the eye doctor one time and told my mother that one I was weaker than the other she told me to switch hands. Oh, you're kidding me? No.

 09:10

He's wearing glasses not so both eyes.

 09:12

over dead if my mother said that to me. I would I would just like hell would freeze over you monkeys would fly out of my rear and then like, you know,

 Chris Harrison 09:21

I wouldn't know how you got the monkeys up there. You hear what he's calling you. He's calling you a monkey over there. Oh,

09:30

ooh, very funny. You'll get it on the drive home sweetie. Don't worry.

c Chris Harrison 09:36

Careful, honey. It's raining. What

J Jimmy Carper 09:40

continues a letter please.

09:43

We got it. We got we did get a letter from Tigger. There's more.

09:50

He says I'm glad you like the bookmark. I sent. Oh yeah, that was great. He'll continue to send them as I do as he does them. He's in Glad that you also enjoyed the picture of I guess it says, Grizzly. She's pretty, don't you think? I love her? And yeah, he just ends with that sort of thing. The

10:12

he also said something on the bisexual network was that

10:15

oh yeah, he sent more things from the bisexual support group right growing your bisexual group how to start a bisexual support group. And what does bi phobia look like?

J Jimmy Carper 10:30

Much like homophobia

10:31

and actually the bisexual Resource Center out of Boston, Massachusetts, USA, you can actually there

♂

10:36

are some by phobic gay people. Just like okay, oh

J

Jimmy Carper 10:40

my god. There's lots of times yeah, it's because I think many, many gay men came out later in life. And they themselves tried to think of themselves more as bisexual because it was more accepting to them and they thought to others than then being gay. So they that for that reason they may not even believe in bisexuality, which my just flabbergasted just

C

Chris Harrison 11:12

thinks they're greedy bastards. They want to do everybody some

♂

11:17

more of a problem for bisexual men and is women. Yeah, but like, women, it's like, it's funny because if a woman sleeps with 10,000 women and one man she can be bisexual. If a man sleeps with 10,000 women and one man he's gay, he's gay, right? Like there is no there's no such thing as bisexual man, which is weird, because men just straight people your bicep to straight people. You're gay and to gay people. You're straight. And so they're kind of not accepted anywhere. Bizarre.

C

Chris Harrison 11:46

They're accepted in my bed.

♂

11:49

What isn't? Okay, are you

J

Jimmy Carper 11:57

okay, smiley.

♂

11:58

Oh, no, I was just going over tickers let it take it actually wrote a long letter. He did. And I did get your letter. Take

c

Chris Harrison 12:05

some pictures here from Cosmo cosmopolitan. Yes,

o

12:08

it delicious pictures, especially this one. I love the hair.

c

Chris Harrison 12:12

What has touched tells you

o

12:15

there's one that looks too much like a woman.

o

12:17

What's funny about tickers letter is he actually takes this Gwen very personally. Yeah, one Arroyo? Yes. Because ticker apparently actually is a transgendered if I understand or how he impersonates a woman how he feels about that knee that himself and personating that woman

J

Jimmy Carper 12:34

about a year ago on the transgender segment, Vanessa Edwards foster did a phone interview with Glenn's mother, and we talked about the whole situation at length and that's archive I'm

o

12:47

sure yes, it is. There it is. He actually goes on Gwen's mother is quoted as saying no, wait, Danielle. Okay. Daniel Castro, a transgendered friend of the family said, if you can make men want you That means somebody is finally accepting you as legitimate as a woman.

J

Jimmy Carper 13:04

Because it hurt you. Turn that phone off.

o

13:11

As he goes on,

C Chris Harrison 13:12

am I gonna have to go to a piece of music and have a discussion with Joe?

J Jimmy Carper 13:15

No, no, no, no, no, no, no. Been there done that.

13:20

He goes on to say legitimate he's gonna come hit me. The ticker goes on to comment on the host effect of him impersonating a woman. I would love to see what ticker looks like a woman ticker. That's a hint, send us a picture of what you look like actually dressed up in. If you have I'm sure you do somewhere. I never understand. It's easy for me to say, tell I never needed or wanted to be accepted as a legitimate woman. If I passed or someone felt surprised when I revealed the truth. It confirmed my ability to impersonate a woman but what it I'm sorry, what? I'm what if I was a woman? And this body when revelation would be seen as an impersonation? What would I do or hide to be accepted for who I am? He takes this really personally. So see that one does take her get out. I'd like to sit here and talk to him. I wonder if he's still doing shows. Did you get a chance to go through how personal he got on? I didn't he sent us the article or the Rolling Stone again? Yeah, it's a great article. Yeah. A lot of people keep sending us this. In fact, it was actually February 24 2005. It is a really good article. It is yes. And we didn't get a letter from Wolfgang or any.

C Chris Harrison 14:30

We got an RJ letter. Oh, my shot the paddle. What was going on with the paddle? If I hear oh, the joy one more time.

J Jimmy Carper 14:44

I'm surprised you know what? He's gonna beat you with his wooden fish.

C Chris Harrison 14:48

If I turned my telephone off at off of silent and put it on ring, you would have heard it during the opening segment. Ooh, some I do know. Did you Boy. And now ladies and gentlemen, it's time for the RJ. RJ novella.

J Jimmy Carper 15:06

Here we go.

C

Chris Harrison 15:07

Hello again, my sweet thing. Yeah, I said it last week and I'm saying it this week. I hope this finds you well and smiling. Me. I'm listening to the show right now. And there's about 20 minutes left and Dammit, I'm already missing you. Or I hate that I only get 45 minutes a week to hear you but it drives me I find that I need that 45 minutes more than the rest more than the rest of the week. And God I want to come home. This stuff's become so lame prison sucks. Eight and a half more minutes until I see parole I sure hope I make I misread that the first time with the truck getting eight and a half something else. I was all I was really excited about eight and a half for a minute. Sorry. Let's see. And yes, I'm curious about the belt. Stacy backwards and yeah, that would be perfect. And I love the idea for the belt buckle. And I hope you can get somebody in the craft shop to help make make it and I'll send you my sizes depending on how they fluctuate in the past in the next couple of weeks. Yes, I was in a car wreck and yes, yes. Yes. Boys and girls. I was in a second car wreck on Wednesday. I'm okay. Two cards down. But you know, so insurance company. They're gonna let him right now as a Hugo, whatever. I'm in a red sardine can right now. It's parked outside. It's a red starting pedal, Scooter. It's horrible. Oh, man, you had me laughing and you probably don't remember what I'm talking about. For a minute. Chris was trying to gather his thoughts and talk and do something at the same time. And he said like, like liking you chimed in. So on time and said like, Oh my God. And I know that was dumb. But I laughed out loud. You're such a smartass. And I love it. I don't even remember it. You're right. But I would have laughed too. He's really looking forward to getting out and coming up to the station. And once again, he goes into the the he just comes in with an appreciation for the acceptance that he feels through the show and particularly through my responses and just kind of how open I am. And we are and talks about how the community will receive him with open arms despite his past. Yeah, it won't be their arms that are open. RJ I've seen your picture. Come on now. Since you will be greeting you with open legs. No, open doors, whatever. doors, doors, legs. Come on sphincter. Yeah, well, don't forget I switch so could be his legs open not mine. That's yet to be seen. Yeah, there's a lot going on for you. So I I hope you do get your transfer. He's wanting to transfer out and become a driver. And he said yes, smiley. He is in the craft shop. Kind of a nice long letter. He like he said he likes a storm. It made him sleep well. Who wants to send me a big old box of goods that he makes wallets and so forth. So I can sort of show them around and see if he's got any buyers.

Ω

18:20

And they do some awesome work in that craft shop. They actually are

C

Chris Harrison 18:24

anywho Are you telling me or the audience is?

Ω

18:26

Well, basically the audience I mean, they actually allowed to peddle that stuff on the crack shop. It is awesome work when you see what do you what has he sent you already? I had

c

Chris Harrison 18:35

not from Mary. Oh, scary. Mary Mary. I 90% of the men I have ever dated have been on parole or recently off parole or are back in prison now. So

o

18:48

we're on RJ I was asking what RJ said I just love

c

Chris Harrison 18:54

his his love and lots and lots of long letters, which is really good. Because they're kind of like one of the highlights of my really horrible weekend. You know, I got this on the day of my second reg. So it was really it was much needed. Because I just laid on the couch with a blanket over my head trying not to keep trying not to move. says let's see, like for me is so much different since the arrival of you. And after hours. I'm a little bit open. I'm a little bit open but I'm a lot open to you. Thanks dad. He's learning still learning to play the guitar and he's getting better but he still sucks in parentheses literally. That's yet to be seen. But I'll train you well. Anyway, yeah, he's free sucks is a bad word on the show. Yeah, you can't. So yeah, he says he's looking forward to my letter. Don't forget me. I'll remain always and faithfully forever. Yours RJ. Yeah, I'm working on your letter. It got put on hold a little bit because I've had to use up all of my paper writing got insurance information and claim numbers and that's it from RJ but your your letters come in.

o

20:09

And like I said, we didn't get a letter of a game but I guess he's alright and everybody else that usually writes Diaz and all of them. I was wondering has have you? Have you seen this? Have you seen this Chris, do you know about this

c

Chris Harrison 20:20

party safely? Now,

o

20:23

it's actually something from the Montrose clinic they're passing these out on on the bars are posting them up. They go in real deep detail. If if you're going to use drugs, they give you how to use them so you can be safe.

o

20:38

Have you read this? How to safely use it or

20:40

how to safely use drugs? Don't use drugs, but if you do, please party safely, how to avoid immediate health dangers, overdose or death from drugs and alcohol. This is a new approach.

Chris Harrison 20:51

Oh, yeah, I mean, you know, it's it well,

20:54

it's better than from what

Chris Harrison 20:55

I'm so things are getting so specific now with hep C becoming such a big issue that they're even talking about. I mean, before there was such a huge promotion and not sharing needles and syringes and works like spoons or whatever. If you were shooting up, don't share, cotton's don't share this blah, blah, blah. But they're also saying there's like, membrane damage, usually, when people are doing are snorting speed and cocaine. And so they're telling them not, I don't know if this is specifically in this booklet that you're reading, but the new literature that I've read, talks about not even sharing straws, not having blood to blood contact in your nose.

21:39

That's how the guy from the Beach Boys, one of the people from the Beach Boys onto the people who are saying Good Vibrations. Yeah, one of them has some transmittable disease from sharing coke straws. And the nose.

21:57

Yeah, it was Conte Yeah, because what it is, is when you snort some drug, cocaine crystal meth speed, whatever, it weakens your nasal cavity where actually it bleeds and you enter the straw in there and blood gets onto the straw and then you give the straw to somebody else and of course they inhale whatever's on the straw. They hear poppers lowers your blood pressure. And when mixed with Viagra, Levitra or syphilis can cause a stroke or death. poppers are highly flammable keep them away from open flames. Yeah,

Chris Harrison 22:27

well my train because people have blown themselves up smoking cigarettes and sniffing poppers

22:33

camera teens Special K are known as Cat tranquilizer can cause an inability to move your arms or legs especially when taking too much da Special K special would say

c Chris Harrison 22:45

Oh, I was just You said ketamine.

22:47

Yeah, well, that's what it is. Yeah. And that's okay. Cat Cat tranquilizer?

c Chris Harrison 22:50

I thought it was horse tranquilizer. It's a general animal tranquilizer?

22:53

Yeah. Yeah, mainly used for cats and neutering cats. And I don't know what they use for dogs, especially when taking too much making injuries from a fault or a serious threat do not mix with alcohol or other downers. They have if you have HIV, be extra careful about partnering. Most party drugs have been shown to impair your immune function when mixed with HIV medications they can have dangerous interactions leading to severe reaction even death. It's I like it.

c Chris Harrison 23:21

Yeah, I mean, it's it's the same kind of principle of you know, in the schools handing out a condom, you know, because you know, they're gonna do it, you might as well, right at least give people some semblance of protection and safety. Well, hopefully

23:34

this approach right here, we'll get some more awareness. I like it. I don't I don't even know who came up with this. This is somebody somebody experienced with a cocaine can cause heart attacks, abnormal heart rhythms and stroke, avoid excessive use, eat food and drink water.

23:50

See, I think people would be if people would have enough respect for the drugs that they're doing to research it. I think drug use would go down a lot. Like if people knew if like all these

little twink teenyboppers knew that like ecstasy 15 years ago was one thing when it was mostly natural. But then people started outlawing the ingredients in it. So every time an ingredient was outlawed, they would just pick up another bottle of cleaner and pour that in there. If people knew like that, you could walk down the aisle at Kroger and pick up every basically everything that's Inex I don't think they do. It's

 Chris Harrison 24:24

not egg so you can manufacture JHP that way x is a little more complicated.

 24:29

Well, I realized it's a little more complicated than that. Yes. But what I'm saying is like, I don't think people really understand the chemicals that go into these wonder drugs.

 Chris Harrison 24:39

And also nowadays you got kids who are even turning to stuff over the counter or something recently where cough medicine

 24:46

that's in the 70s, though, I mean, they've been no no, it's

 Chris Harrison 24:49

just coming back because there's one type out there that are really supposed to give a big effect with that. And you know, they're building on it. We'll

 24:57

see Sudafed is a main ingredient of Main ingredient and household crank that's that's why they've sit there and made a limit that you can only purchase two at a time. You can't purchase I think what is it two or four or something?

 Chris Harrison 25:09

There's there's somebody that is trying to get banned and painted all together all together. But no, this is a cough. This is a cough medicine. I forget the name of it. It has that quarter fifth quarter.

 - - -

25:23

I'm trying to think of that drug that it has in it that they go for not the codeine Chadron that, is that it?

c Chris Harrison 25:28

Well, that's what's in Sudafed is ephedrine and there's a lot of pseudo ephedrine right but the drug that

25:35

because the drug that you're talking about Chris is getting real popular with preteens, Junior High's? Yeah, because

c Chris Harrison 25:40

you can go to go in and purchase anyone can purchase it over the counter and over the counter drug for coffee and

25:48

coffee lessons, bro so

c Chris Harrison 25:50

that when you figure you know NyQuil, it has more alcohol or alcohol, alcohol content than most wine. It's like you know there's a woman I know that swears up and down she doesn't drink but every night before she goes to bed, she takes a shot of Nyquil. It's cheaper than than Jager I guess. Guess what boys and girls? It's that time 30 seconds. And then everybody Happy Easter RJ?

26:18

Yeah, thank you for writing us.

26:20

When it's tough this one is no to
