here it is become butcher Nelly in less than a day simply by taking the little pink pill. There's no need to recruit, seduce or rely on environmental conditions anymore. The little pink pill does it all. Just one tap Before breakfast breaks the cycle of heterosexuality for a full 24 hours for years, heteros have been asking gays if they would take a pill if it would make them straight. Well last queers Bell Labs have responded to this dilemma by giving heteros a taste of their own medicine. Yes, the little pink pill does it all. The boring cliched life of a heterosexual can vanish in one gulp. Mrs. Betty Morgan of Gresham, Oregon talks about the little pink pill.

 05:22
My life was a mess, bridge clubs, gross husband, alcoholism, you name it. Then one morning I got my act together and took the little pink pill. In an instant my sexual orientation change, as

did my desire to be married. Well, within a week I ditched my old man met a terrific woman and got joint custody of my children. All this without why retention headaches or loss of appetite. Thanks little pink pill. You made a new woman out of me.

B

P

Pokey Anderson 12:43

Hi, this is pokey Anderson. And I'm Cherie Wolf. And we have a quick quiz for you. What's a feminist? A, someone who hates Man. Be someone with no sense of humor, and no bra. See? Well, gee, come on, you can come up with something. Well, it just takes too long. You can't say it real quickly. Well, if you really want to know tune in, to break through Friday mornings from eight to 11am on KPFT Houston.

B

Buddy Johnston 13:38

Did you see the special on HBO this morning,

i

13:40

as I did was very good. I missed the first five or eight minutes of it. So I'm gonna watch it when it's on again. Next, but

B

Buddy Johnston 13:46

especially we're talking about is called What do I do if I'm getting what if I'm gay? What if I'm gay and it's running this month on Home Box Office. And to a lot of folks, gay and lesbian people are just sex machines. I wish that were true. Well, we are sex machines in one way do we all are we're all human beings. And sexuality is so much a part of our lives but to gay men, especially during the last few years because of AIDS. A lot of people I know as close friends don't even get naked anymore. And it's really hard to understand how you can go through your life and never want to be naked in touch another person but fear has gotten some folks to the point where they're willing to give up sex all together.

J

Jimmy Carper 14:29

Well not just fear from AIDS, but fear from religious upbringing, or our parents who tried to tell you that sex was dirty. All that kind of stuff.

B

Buddy Johnston 14:39

And we know that's not true. This whole thing about safe sex has bothered me from the very beginning only because if you say it is safe, that means that there's something wrong with it. And my daddy told me there was something wrong with it.

J

Jimmy Carper 14:52

Oh, you mean there's something wrong was right years ago with with sex? Yeah, being safe.

B

Buddy Johnston 14:56

Exactly. Yeah, if you do it this certain way. It's gonna be Okay, but if you don't, then it's not. I still have all these kinds of problems with that. But there are different different groups and different people taking different looks at sex and one of them is the Body Electric, the Body Electric in Los Angeles. And Joe Kramer is with Body Electric. Joe, your walk with Body Electric,

15:20

Body Electric school, the Body Electric school, Oakland, in Oakland. Yeah.

Buddy Johnston 15:24

So what's going on in LA? Well,

15:27

this weekend, I'm in LA doing a two day workshop. My business is that I teach men how to have wonderful back actually an Eastern approach to sex called Tantra. And it's quite different from the type of sex we normally have in this country. It's, it involves prolonged orgasm. It involves the heart always, it involves no fantasy, on the part of folks engaged in it. It involves total relaxation in the body instead of tension. And it's lots of fun.

Buddy Johnston 16:02

How can you have orgasms and be relaxed? Everybody always tenses up? Right?

16:07

The you have? How can you go for a long time when your time? Exactly? Well, the difference here is between ejaculation and orgasm. There is a difference between the two. What's the difference? Well, orgasm is a wonderful feeling in the body. It's a vibration, and that we feel it as pleasure. And ejaculation is just a biological release.

Buddy Johnston 16:33

It's just what happens when you do it.

16:36

So people want the pleasure long term. Oh, yeah. I have a rough job. What I do is I teach back, it's really a rough job.

B

Buddy Johnston 16:47

Joe, how long is body electric school been around

16:49

body electrics been around about seven years now. And we teach. What we do is we teach professional body workers, mainly in the state of California. But from all over, though our total job is not just teaching back. And the title Body Electric came from Walt Whitman, we're talking about earlier. And Walt Whitman saw, he looked at people and he looked at all of American he thought this is vibrancy and aliveness. And he celebrated as electricity and all of us. And when we're at our best when we're at our orgasmic best, we're like electric, we feel like electric. So the term Body Electric comes from old wall, he wrote a rather long poem called i Sing the Body Electric.

J

Jimmy Carper 17:32

I thought that was from fame.

17:35

One of the one of the things we do though, is teach massage, we teach body work.

J

Jimmy Carper 17:40

You talk a lot about energy to energies within ourselves from other people,

17:48

right? Well, the type of massage that we normally do in the country is Swedish. But when you get to China or Japan, they massage energy. So she adds to an acupressure and acupuncture are about moving energy in the body. And it's about just the energy were sealed in the body. And that's really what this eastern approach to sex is about. It's about playing with energy within your body and between you and another person. How long are they? There's the touch. And that's how it's communicated. But it's about playing with energy, and having a good time. Mm hmm.

B

Buddy Johnston 18:27

How long did you say that body?

18:28

It's called contract. It's a lot of people feel pleasure is pleasure. but what it is about body and

it's called tantra. It's a lot of people feel pleasure is pleasure, but what it is about body and what I teach people how to get higher and higher and higher, and circulate that energy.

B

Buddy Johnston 18:43

Sounds interesting. Sounds great. I

18:44

learned more. Yeah, we

B

Buddy Johnston 18:46

do your seminars there. Your seminar is going to be here in Houston on the 17th. Is that right? Hello. Hello. Your seminar is going to be on the 17th. Right? Yeah. And 18th here in Houston,

18:58

right? Yeah, all you folks in Houston especially well, this is for gay and bisexual men and, and very, very courageous straight men who would like to take would like to go deeper into Tantra and really learn a lot about tantric sex. This is learning deep relaxation in the body. The workshop is no ritual is no uncertain. No lectures, just structures and ritual. It's just initiation into some experiences that are pretty playful. was vague, but I have to be vague.

B

Buddy Johnston 19:35

Exactly. Joe, what would you say to the skeptics that go Yeah,

19:40

yeah, yeah. What? Yeah, yeah, yeah, we're

J

Jimmy Carper 19:42

just a bunch of guys gonna be rubbing each other or something. Oh,

19:46

there's right. There's well, but it's how you rub it. And there are places on the body that have more nerve endings that feel better to rub than other places and you notice places. That's one of the questions And there's how to how to get more pleasure in the body. One of the things about tension and relaxation is do we breathe fully? Or do we hold our breath, and all of this.

And this is true of Chinese Taoism and Tantra, which is from India, always involves breath work, also, so your breathing, and a lot of the Western approach effects as we hold our breath, men especially hold our breath to get very high, I call it the Mount St. Helens approach back their breath for the Big Bang, the big explosion, but the Eastern approach is about getting higher and higher and breathing. So a lot of a lot of these two days, and a lot of what I do involve, like LeMans breathing and natural childbirth, and it's a faster breath. Would you like, Would you like a sample of it?

 Jimmy Carper 20:51
Yes,

 20:52
it is. I

 Jimmy Carper 20:53
mean, how can you breathe? And how can you not breathe? Well,

 20:57
it's a faster breath. So it's like.

 21:04
Now if you do that for a half hour, an hour, if you

 Jimmy Carper 21:06
would pass out, yeah. Well, could you hyperventilate? I wouldn't, I might not understanding what you're talking about.

 21:15
I don't know.

 Jimmy Carper 21:16
Well, if I did that, for a half hour, I probably pass out from hyperventilate, you

21:21

might path into another altered state I date, you know, it's about it's about becoming more alive. You know, you know, we've learned a technique of breathing that was passed on to us by our parents. And because the only way to breathe, and it's just, it's a technique that's been passed on to us. And it's prevalent in the United States, but that everybody in the world is not breathed the way we do there. In other words, this type of breathing is best called sub ventilation, we breathe enough to be alive. But we hardly ever breathe intensely and fast and with a lot of celebration. And in other parts of the world, people do breathe this way. And so why don't we breathe a lot, because we feel more when we breathe. The more you breathe, the more you feel, and we're not into feeling a lot. This is a culture that dig into sedation. Look at how much we use alcohol and other things. That's

Jimmy Carper 22:11

true. On your tape. You talk a lot about aerobics also,

22:15

well, what's the best therapy? That's a good question, what's the best tech therapy we'll check the benthic therapy I think it's some sort of aerobic exercise some sort of waking up of the body. I call sex in this country necrophilia, which is actually out of dead bodies hanging around with a lot of dead bodies or half dead bodies. You know, people who were were pretty numbed out couch potatoes rubbing against couch potatoes doesn't produce many sparks are aerobics people who are very alive people who run who jog who, who take long walks and cycle people who who keep their bodies pretty toned. Sex is a body thing. So they're gonna they're gonna have more fun. Their bodies ready to experience bliss, ecstasy, prolonged orgasm, joy, and bodies that aren't very, you know, very much alive and awake. It's like a nice somewhat some sex therapist called sex. It's just a little, you know, paltry to how long did the awaken up? I'm for waking up.

Buddy Johnston 23:20

How long did the seminars last? They're both days, both Saturday and Sunday.

23:25

So don't do it in Houston. It's just two days. It's going to be Saturday and Sunday and it's nine, six, but it's intense. There's no, it's all stretching room and breathing. And about 25 different approaches to erotic massage, is it's it's a pretty wild class.

Buddy Johnston 23:45

We have the wonderful local number here. We'll be looking call.

23:49

If people are interested in Houston, it's 5206853. And they could get further information on that. That net 52068053

Buddy Johnston 24:03

That sounds good. Hey, hang on a minute. We'll be back in just a sec. Okay. This is Sylvester. Yeah. Speaking of sex,

Jimmy Carper 24:13

late, great national treasure. Yeah. And you make

Buddy Johnston 24:15

me feel so good. I can just imagine this way. I was Greg Gordon and Lucia Chapelle. Coming up at one news and the bulletin board just before that, so hang on. Back in just a minute five to six 4005 to six KPFT that's the number to call for Jimmy go

24:43

getting coffee or something I'm not sure. Very you

Jimmy Carper 24:45

gotta tell me not survive without that old coffee. You have

Buddy Johnston 24:48

to tell me to turn that thing off.

24:50

Please. That was me. Looking for a way to wake up and that did it.

Buddy Johnston 24:56

Better. Somebody's listened with their walk.

25:00

Oh, wow.

Jimmy Carper 25:03

Yeah, there's you know, we're having a threeway in here tonight what do you think about this sex thing? Well, you know, it really sounds.

Buddy Johnston 25:20

What's this Tantra?

Jimmy Carper 25:22

It's kind of an Eastern religious type of get the energy flowing. You

Buddy Johnston 25:27

know that Joe told me that. Marvin Gaye was into Tantra sex, and he wrote that song that we just played in relationship to this whole thing.

Jimmy Carper 25:36

I'm not surprised.

Buddy Johnston 25:40

would have to get a book on Tantra This

Jimmy Carper 25:42

is a seminar on erotic spirituality. And it just, I would go to it.

Buddy Johnston 25:49

It's done in the nude.

Jimmy Carper 25:51

Why? So I can't go in the news.

B Buddy Johnston 25:56

You ever seen her naked? No, just kidding. Did Roger get here now?

J Jimmy Carper 26:06

We'll just have to put all this on hold. Well, we'll just have to put her in the slapping booth.

B Buddy Johnston 26:13

Well, is Jeff ready?

J Jimmy Carper 26:16

For what? The new Oh, here let me check.

B Buddy Johnston 26:38

Shawn, just kidding. But not yet. Joe before he hung up, he said he'd been having sex all day. Must be tough. Maybe How do I get a job like that?

J Jimmy Carper 26:51

That's what I'm talking about.

B Buddy Johnston 26:54

I mean, I'm just sitting down at HPD dispatching cops all day. I could be having sex

J Jimmy Carper 26:59

for hours.

B Buddy Johnston 27:01

What have I done to deserve this kind of life? These are the Pet Shop Boys. Back with the news just a second after hours on KPFT Houston 9.1
