And Howard is shirk his responsibilities he's off he's off at p town and carnival yeah P town you know the carnivals this week and he's down there all week. Chaser out like a lie down with dogs. Well, he's gonna come home with fleas.

J Jimmy Carper 00:46

We have celebrities in the house.

S Scott Lewis 00:48

I tell you everywhere everywhere and they're all in black. What's the deal? I don't know. Is that one of those what do you call it one of those people that those like new wave of people would always wear black.

J Jimmy Carper 01:01

These people talk about kids what to do? Yeah,

S Scott Lewis 01:04

the original, the original Eduardo Bennett come over here and say hello. Say it was a shout out shout out to the Montrose community all the pretty boys out there. Where are you

01:22

everybody out this is Sasha I want to say hello to everybody out there.

01:31

No boy. Oh the cute little boy shout out shout out to Nimrod Mota. It says I'd like to make a shout out to all the Southwest punk stuff

S Scott Lewis 01:51

she says that with the familiarity in her voice that she has slept with all of them you know she has I just want to see the Polaroids. Oh, yeah, we got let's take this phone call. Thank you guys for coming by. Flawless. Honey. Kids are all about you know, the shoes on there. Girl. Girl. Look at them. They seem they seem to curl. What did you get those that? I am crying. Oh, oh, well, sorry. I can't afford those. She said Payless I could have bought two pairs. They were flawless. Right? We're going to take a call from the queue patrol. When we come back from this call.

We've got tickets to see Jeffrey. It is a hilarious new comedy about a gay man who decides never to have sex again and then meets Mr. Right? That could be a problem. But you know, I'm never gonna give up sex. I'm just only gonna give up my behind Q Patrol there.

03:00

I'm certainly here.

J 03:02

Is this Dan? Yeah. This is Dan. Hey, Dan. It's Jimmy. And it's Scott. How are

03:06

you? All? I'm doing pretty good. How are things on the streets? Well, things are very quiet tonight. Really? Oh, good. Yeah. Always glad to see that.

J 03:15

And what's Q Patrol ? Q Patrol been doing here lately? I heard there was a table last night in front of Jr's

03:23

Yes, there was and I was the person who ran it. Ah, and we took in a reasonable amount of money. Good. But it does seem to be slower than it has been.

S 03:33

It's August. It's a slow month.

03:35

Do you think that's what it is? Yes. Well, I've also heard that things are getting tight. And a number of groups that said that they've found their donations are down. Oh, what they were doing even six months ago. Wow. So it's hard to tell. Yeah. Well, lots of enthusiasm.

J 03:51

I know that q patrol needs the money and needs the staffing. Yes.

03:57

Well, I run fundraising and recruiting is to patrol and I can tell you, we need to we need both. But we need people more than anything else. Ah, that's what we really need the most of

Jimmy Carper 04:08

because we need those patrols every Friday and Saturday night

04:11

plus, yes. Plus, I would like to see thursday and sunday patrols started because those are also busy day. Yeah. And I do know that from various sources on the street from the police department, that a lot of the bashers have quit coming out on Friday and Saturday night because we're out there. And what they're doing is they're coming out on other nights. nights they know that we're not here. And let's extend I guess they're also switching territories, you know, going south of us south of the main Montrose area and and west of here and into the Hyde Park area. Oh, so we've had a certain amount of problems that have come back to us on that score. We've already gotten started patrolling around the St. Stephen's I know, the Gracie Episcopalian, crossing Missouri Street, right, right. And there's a wrecking yard Oh, I'm Travis and we go by when we do our fireball runs. So you know, we've had to add a few. And we've been going by Lambay when we ever weekend. So they had a problem with some gang kids some time ago. So you know, when we find that there's things like that we try and expand our territory, but there are some limits. You know, especially if we have a short patrol, like snipers. Sure. They have one car and we have one small foot unit. And I can't get too far away from them. Sure. So like I say, we're really anxious to have more people come and join us. Well,

Jimmy Carper 05:31

and you know, I did it last Friday night, didn't Yeah, I don't have a show on Friday nights anymore. So I've got Friday nights free. Yeah. And it was fun. And let me tell you, yeah, I'm a 47 year old faggot. And I am not the butcher's person in the world. You don't have to be why on earth, but it's a fun way to be around a lot of folks and learn your neighborhood. If you don't happen to live here, you can learn to Montrose

Scott Lewis 06:00

is that right? It's fun.

06:02

Right? And they're very nice people on the patrol.

J Jimmy Carper 06:05

You know, either ride or walk, you know, walk around, lose those ugly pounds.

♂ 06:12

Yeah, I could stand up. There's a couple of hours. Why did he look at me when he said that? Well, I can't imagine. All right, Dan, watch it.

J Jimmy Carper 06:21

And you know, there's there's lots of interesting things to see and do in the Montrose at that hour was you're walking around lots of

S Scott Lewis 06:29

interesting people to see and do.

♂ 06:31

Lots of interesting people to do. So we always have to keep our passion citation book handy. That's

S Scott Lewis 06:37

why how, how do people get involved? Okay,

♂ 06:41

well, if you want to get involved, the quickest and easiest way is to telephone 8718519, you will talk to a fine gentleman named Charlie. And he'll sign you up and he'll start he'll put on his list of call outs, which he does on normal on Wednesday nights, and occasionally on Thursday nights

J Jimmy Carper 06:56

before the patrol start. That's right. I got one do yes, yeah.

♂ 07:00

And we ask people to call them out once a month. And if you're in a situation where you really can't promise that you can still ask to be on those on the call list anyways. And we you know, we'd be delighted to see once every three months just to have you all come out

J

Jimmy Carper 07:15

It's a nice way to learn your neighborhood and help protect it. That's right,

♂

07:19

you learn protected, you know, you learn the neighborhood, you help protect it, you meet some fun people. You can watch all the you can do whenever we walk by Pacific Street, we get to do some boy watching or girl wants to depend on your orientation. And it's just a very interesting way to spend the evening.

J

Jimmy Carper 07:37

And as Glenn pointed out last week on the show that q patrol is is unique in that it's been around for four years, most neighborhood patrol groups only last six months to a year.

♂

07:49

Yeah, that's true. And we're also in a unique and another respect and that we're all 501 C three nonprofit corporations, right. So you know, your donations are tax deductible. And I have heard that we are the only citizens patrolling the country that has that status. That's right. So that's another special element. And, you know, we need the money primarily to pay for our fancy radios that

J

Jimmy Carper 08:12

we have. And, and they're necessary.

♂

08:16

They're very necessary. We have a lot of both malicious and accidental interference on the old CBS bucket mouths with which they didn't realize they were doing this, but they were, you know, getting in the way of our communication. And we had a couple of disgruntled ex members who were doing some deliberate interference. And so we

J

Jimmy Carper 08:32

said Yeah, tired queens. Yes.

♂

08:36

Well, I don't know about that. I just know that. You know, every so often you get a bad apple and then he tries to make a fuss. And so this is pretty much eliminates it. He's new radios are just wonderful to use. They're just wonderful. They really keep us in touch with each other. And we can now do Western Barrons, when we have a big enough patrol to go out to gentry and to outpost and Aegis. Before we couldn't go that far with the CVS or just wasn't the range. And when we did the North bars by the downtown bars like BRB, yeah, we just simply assume the guy would be out of commission, you know, it'd be out of range. And now we're in touch all the time.

 S Scott Lewis 09:13

Give them your number, again, how they can get involved. Okay, there

 09:16

are those two patrol phone numbers 8718519 And sometimes you'll get the voicemail and sometimes you'll get trolled himself. And you just call them you know who you are and what you want to do. Oh, and you're always a nice guy. Oh, sure. I was a sweetheart.

 S Scott Lewis 09:31

Thanks for calling. Danielle. Be careful. Okay, we will all be careful to play and have fun. We thank you for all your hard work. We appreciate it. We

 09:39

certainly are willing to do it.

 J Jimmy Carper 09:40

Thanks, Dan. Ah, I love getting keep drove to call in on a weekly basis. Let us know what's going on in the neighborhood. You know, because sometimes things happen. We've been alerted at times when there was a suspicious car, you know, gang driving around or something like that. And that's good to put Get out over the air.

 S Scott Lewis 10:00

Right. You know, I helped found q patrol years ago in Tracy Brown's living room. No kidding. Right after Philip Smith murder, and there were probably 30 of us from coordination. And we sat around and came out and I probably for the first year, walked on every single patrol. And now four years later, I probably need to start walking on every single patrol again, just for the exercise. But it is fun, isn't it? It is fun because I walked on it. It was always fun years ago, and then I walked on it again, just about a month ago with Nancy Rodriguez PokerStars mother,

who was flown into town by Court TV, who's doing a documentary on her and her activism. And so she walked on the q patrol that night and they filmed it. And I was out with them for that. And oh, she was a sweaty mess. What she was a sweaty mess. And I'm not talking about Nancy Rodriguez. While it is summer, it was very humid. You must dress according my hair is fallen and it won't get up. I see that you know you and I attended not together. I made sure my seats were several rows away. We attended together the premiere of Jeffrey

J Jimmy Carper 11:11

last week. Yes at the alley. That was really a wonderful thing.

S Scott Lewis 11:14

And while you're here, it's at the alley. And that might make you think it's a play. Well, it originally was a play. This is a film. And it's probably the first obscenely huge budget gay film I've ever seen. Yeah, with the Torch Song Trilogy was but there were with Matthew Broderick and so forth.

J Jimmy Carper 11:34

That was a big that was a big, another big this is another biggie with all straight actors. Well, except for except for the guy who plays but of course boring and cats.

S Scott Lewis 11:46

Who was in the original? Yeah. What did you think? Did you see it on the stage? No, I

J Jimmy Carper 11:54

never do. Did you? Yes. Oh,

S Scott Lewis 11:55

I saw it at stages. And yes, you know, I

J Jimmy Carper 12:05

there's something funny in the earphones. So

S Scott Lewis 12:07

yeah. The, I guess stage is just always better.

J

Jimmy Carper 12:14

Really? I love the movie. I thought it was hysterical.

S

Scott Lewis 12:18

Funny. I didn't feel like I had time to bond with the characters or I didn't feel like I bonded with the characters as much as the Well, no, not so well. As much as with the play as with any as just as a film in general, not even considering the play. I didn't feel like I bonded with this guy Jeffrey, I didn't feel like I bonded with anybody else. Oh, and the only time when I wanted to start to feel any sort of emotion for any of them was when the chorus boy died. And yet, I hadn't been given the opportunity to get close enough to it was like, it was as if I was sitting outside. It was as if I was watching a movie. And I think a good movie. You feel like you're actually participating in these people's lives. You're like right there. And you know that you know them is the difference. I didn't know these people I was outside looking in. In a good film. I feel like I'm sitting in the living room participating.

J

Jimmy Carper 13:13

Well, so I guess we're doing Cisco neighbor because I really did bond with these people I especially bond with with Steve that the boyfriend right because I have AIDS right. And you know, I knew what he was going through and all the emotions that that he was facing I have faced and so I was right there with it. Right.

S

Scott Lewis 13:37

I very funny. I thought it was very very funny. Sigourney Weaver's part Oh, yeah, way built up. And I thought it was a disappointment. Well, that. I mean, she was just so built up so big. And then it was like she was the Louise Hays, you know, you know who I think stole the film in five minutes, and is not even credited. Olympia Dukakis? She was very, he was a hoot. As the mother of the pre operative transsexual lesbian son. Yes.

J

Jimmy Carper 14:13

She was very good.

S

Scott Lewis 14:14

She was so funny. He was very New York mother. So it's got. So I mean,

J

Jimmy Carper 14:20

— what about his mother, his mother and father in that phone call sequence? Wasn't that hysterical?

 Scott Lewis 14:27

The movie is very funny, and I highly recommend everybody goes.

 Jimmy Carper 14:31

I have to say it again. Because I missed so much of the dialogue, because I was laughing the first time

 Scott Lewis 14:37

when he calls his parents about having problems and they start giving him sexually. I know well, do you have a dildo? Do you have you know, these are his parents? Right. Well, have you talk Are you Are you do you need rubbers? I mean, just always I was having my

 Jimmy Carper 14:53

parents are telling them that he's giving up sex and his mother is saying How about phone sex and he says why? I said She said, let's help them honey.

 Scott Lewis 15:02

Yeah, it's father, his mother and father tried to have phone sex with him to help him out. Yeah,

 Jimmy Carper 15:07

that's sweetheart What are you wearing?

 Scott Lewis 15:11

And he's, I mean, it is very funny. Very funny. It's very funny. Just didn't mod.

 Jimmy Carper 15:21

Oh, well, I did. But

 Scott Lewis 15:24

but the point of the whole story is that we have. Yeah,

J Jimmy Carper 15:27

that's right. And you sat through this dialogue just so you could get them. So you can give us a go right out there has no idea that we're giving away free passes. And I'm calling

S Scott Lewis 15:39

and tell Roy that work. Hey, why they just said they're given away free passes.

J Jimmy Carper 15:43

Yeah, but which, which, which column number?

S Scott Lewis 15:46

Well, Mary, all of them because we have five. Well, I know. But I know more than five people are gonna go. I know how these planes work, they sit at home and they never get up off their butts and call for anything. They're great. Unless we set them up.

J Jimmy Carper 16:00

This is a pass that we'll send you and it's good for the whole engagement. It's playing at the landmark and Greenway right.

S Scott Lewis 16:07

100 right there by this summit. It gets you and a guest in so it's good for two we have five of them to give away at 526-573-8526 KPFT. You can go see Jeffrey absolutely free right, which is the best way to do it.

J Jimmy Carper 16:23

Well, works for me,

S Scott Lewis 16:26

please. You know me. Free is my middle name bad.

J

Jimmy Carper 16:30

I've heard that about. What are you playing in the background is APA crap. Yeah. You don't like Abba. I saw Priscilla.

S

Scott Lewis 16:40

So you've heard all of their songs. Yes. In a two hour.

J

Jimmy Carper 16:43

Yes. Yes. Yes. And speaking of Priscilla, you know, there's the American Priscilla coming out.

S

Scott Lewis 16:49

Oh, you know what Wong foo to Wong foo thanks for everything. Julie Newmar. I do know that because Jr's is hosting the premiere. Oh, no. Next Next Tuesday night? Yes. Next Tuesday night at the spectrum out on Westheimer in Augusta. You can pick up movie passes

J

Jimmy Carper 17:09

out there rather than in the Montrose go big

S

Scott Lewis 17:13

clue phone. Somebody pick it up, please. Yeah, I don't get that either. But they are doing that. Next Tuesday night. I believe this Friday night beginning at 7pm. You can get passes to see to go to the pre the premiere for free. The passes get to people in and they're going to have posters and gifts and all sorts of Jeffrey phone cards. Not Jeffrey, where am I at Julie Newmar all sorts of posters and things I'm blending two different promotions. Yes. Sorry. But anyway, yeah, go to Jr's Friday night and pick up some of those those passes and go to the premiere. Because this is the best time to see it. Because a it's free, then it doesn't even open up for a week and a half after that. So you're gonna have seen what is going to be the big I mean, it's gonna be a big deal. It's gonna be Patrick Swayze, Denzel Washington and John Leguizamo all up and drag. Yeah. And I read a synopsis for it. A synopsis of the original screenplay. Yes. Honey. Somebody saw Priscilla? Yes. And put three drag queens in a convertible. Yeah. Instead of a bus. That's all it is. Yeah.

o

18:27

I saw the trailers for it the other day. Yeah, movies. And to me it seems like the cross between film and Louise and Priscilla.

J Jimmy Carper 18:35

Yeah. Across dress.

S Scott Lewis 18:40

So anyway, that's premieres next Tuesday night Friday night or Monday at Jr's you can get free passes to go see that guy so that'll be fun because I'm going to be you should go and 526573852 6k PFT If you want some of these Jeffrey passes that were given away, call in and we'll hook you up with them. I want to before we come back and talk about some of the stuff that's in my pile.

J Jimmy Carper 19:04

But speaking of those Jeffrey phone calls, phone card cards, they were giving those away on lesbian and gay voices last Thursday night.

∅ 19:15

Well, they have to come up and pick up those tickets or

J Jimmy Carper 19:17

no we're gonna mail them mail those Yeah, we need we need addresses and phone numbers.

S Scott Lewis 19:24

Addresses pretty much art. Yeah, well, maybe some of us want prime numbers. Yeah, we might want your phone number you never know depends on what size shoe you wear. Oh, God, we're gonna do that again. No, we're not. She is too tired for that. I need to remind you now that you're listening to Miss Scott Lewis and Jimmy Godfather time older than dirt. Carper on naughty boy would have been KPFT Houston and 89.1 fm K E O S College Station, Bryan is a hateful cow. You know who you think you're fooling with that new toupee?

J Jimmy Carper 19:59

Pull on it, honey. I know that you pay

S Scott Lewis 20:02

Oh, the to pay I'm sorry.

J

Jimmy Carper 20:07

No, it's not a two. Hey, what are you talking about?

S

Scott Lewis 20:14

One to 10 She's all wrong. Well, you know what, let's take a break and do a song. Okay, and when we come back in a minute, who knows what'll happen?

J

Jimmy Carper 20:24

Yeah, you got that right.

S

Scott Lewis 20:27

You know Jimmy wants to hear this song reminds me of you because I saw you at heaven last week.

J

Jimmy Carper 20:34

That's right. I was there for the q patrol fundraiser.

S

Scott Lewis 20:38

And you were kind of I in the dance floor out of the corner of your eye. Yes, I was and I said, girl dancing queen

J

Jimmy Carper 20:52

okay, what is what the Dancing Queen stuff?

S

Scott Lewis 20:56

Don't know tire. You don't like to die tired? Yeah. Tired is you naked? Dancing Queen is a classic.

J

Jimmy Carper 21:04

I know from tired Okay.

S

Scott Lewis 21:10

Dancing Queen is a classic.

J

Jimmy Carper 21:14

All right, classic is well. Like, Sylvester.

S

Scott Lewis 21:22

Listen, classic to you is Beethoven's Fifth Symphony. Nice because you were there when he wrote it. Okay. Don't get me started. And tired. Is this song. You're getting ready to play by RuPaul in a minute.

J

Jimmy Carper 21:38

No. What do you mean?

S

Scott Lewis 21:40

I mean, it is tired. It's all I can be happy. I can be gay. Let's all love each other. Who cares? Get a life Rupal and get to Oh, the worst. You

J

Jimmy Carper 21:55

are so cynical. I'm just I mean, you've been hanging around bars too much, Mary. Oh,

S

Scott Lewis 22:01

please. Or your bedroom. Hey. Hey, that revolving door.

J

Jimmy Carper 22:06

Okay, we talked about Jeffrey, and Woodstock, which will be we'll be doing something from Woodstock and a little bit. Oh, give me that. Give me that. Not the pink thing. That one right there. Because I want to announce a group that I've been playing on after hours a local group called boy girl. Queer group is going to be at the Abyss at 5913 Washington Avenue. And it's boy girl and when are they going to be there? Where is it? Where is it? Where is it? Where is it? There it is? The 25th That's next Friday. They're playing with blueprint badger and fourth grade nothing. Boy girl. Houston's own queer group at the Abyss next Friday night.

S

Scott Lewis 22:53

SCOTT LEWIS 22:00

Do you have any of their stuff? Yes.

Jimmy Carper 22:55

Yes, I do. I've been playing it every week. I'm Austin. It's really good. Recorded in the bedroom. You know, I mean, it's, we're talking about really homemade stuff. I really like it.

Scott Lewis 23:08

It was recorded in their bedroom, or is that the name of one of their songs? Yeah,

Jimmy Carper 23:11

the song I've been playing it's called faggot. And Roy McCarthy has given me a note that we need volunteers for the membership drive for after hours coming up in September.

Scott Lewis 23:30

Did you have you ever been to a 20? Something meeting Jimmy? Just kidding. You know, hey, fall. If it was a group for people who are born in 20 something but anyway 20 Something of Houston as a group for young adults ages 20 to 29 addressing issues concerning bisexual lesbians and gays. This is a really neat group. Yeah. And if I had time, I'd probably go because I am 20 something. And

Jimmy Carper 24:04

it's just on the something it's

Scott Lewis 24:08

they they kind of just like sit around on sofas and chat and talk in real open and relaxed and it's a lot of fun. They meet they meet on Thursdays at bearing church or they did last time I went which was some time ago. I've changed that to have that. Yeah, so you have to call to find out you can call Jeff or Cindy at 5319396 for information on 20 Something and

Jimmy Carper 24:36

Simon had called in and Roy needs to talk with him again.

Scott Lewis 24:40

Oh, did you know that on my birthday next year February 14, yeah. 1996

J Jimmy Carper 24:47

Yes.

S Scott Lewis 24:49

When I will be 24. Again, oh four again. Guess who's perfect forming with the Turtle Creek chorale who? Harvey Firestein No kidding. Yes, I saw it in the triangle today. There's an article in that triangle. Yeah, so I'm gonna I think I'm gonna fly up for that. I

J Jimmy Carper 25:10

think that'd be that'd be a great birthday thing.

S Scott Lewis 25:13

Let's just there's a business card for the mailbox disco, a nightclub in here. Oh, that's

J Jimmy Carper 25:18

that's a real nice little. We went to that on a bar tour with the gay and lesbian switchboard that you can call a 5293211. And that's, that's a nice little place over on Washington Avenue. It's kind of a neighborhood bar and disco. Really, really nice, friendly folks over there.

S Scott Lewis 25:39

Hey, do you know anything about this? Yes.

J Jimmy Carper 25:42

Okay. Well, I think the love you want that. It's real pricey, but it's really good. It's Patrick fashional. Who who's a therapist? And does couples therapy and individual therapy. And this is, this is for couples and singles.

S Scott Lewis 25:59

Well, let me tell you a little bit about it. Because I know a little bit about it, too. Yeah. Getting the love you want is an incredible philosophy. That is Dr. Harville Hendricks theory on the Maga which Margot Yeah, which is a he's his theory is that there is this part of the brain that has been

programmed with our image of our caretaker, it was programmed by whoever took care of us as a child, then we leave that as an adult and are alone. And that part of our brain tells us to seek that out again. And the only thing we the only caretaker we've ever known is what we look for again. So with in an instant, when you meet someone, you can tell whether or not you're attracted to them by subtleties such as the way they use their hands, when they talk, the way they dress, the way they stand the way they walk. Because these things will remind you through your Mongo of your primary caretaker when you're a child. Now, that's really screwed up. The not the not the theory, but going after your parents, or whoever, you know, whoever took care of you as a child. And so this whole these, they do workshops, gay and lesbian workshops. Now, Patrick vo Sean, who I don't know he's been on the show. But hassy does this at \$400 per couple, which most of these a Mago counseling. Sessions are pricey. Like, yeah,

J Jimmy Carper 27:33

this price is really good. It is really good. But they teach, take teach you a new way of communicating, however,

S Scott Lewis 27:41

right, right. I've read the book. I've read his book. It's addictive. It's fabulous. I didn't save my last relationship. But you know, the other person wouldn't read the book because yeah, that anyway, it's both. It does. He wasn't actively participating in anyway. But anyway, Tony Carroll, who lives here in Houston, has taught this course, to most of these other people that are teaching it. Oh, I mean, he's he probably taught Patrick Well, Sean, I don't know. I don't know. And does the course for 50 bucks. per per, per person. Not 400 A couple 100 A couple. Whatever. So anyway, you don't have to you don't have to get stuck for 400 bucks. It's the same thing. I know. You're freaking out. He's,

J Jimmy Carper 28:34

Oh Ha. They were on lesbian and gay voices. Two weeks ago, because I know we keep bringing her posts on. Well, it's a sister show and I did engineering for them. I worked with Joan Devlin and had a great time. There so he knows it's this card good for free. And he No, it isn't. I just happen. Yeah, that's the manager. I know. I'm Todd over at Halina. So

S Scott Lewis 28:58

have you done it? No, no, no, no,

J Jimmy Carper 29:00

it's it's ever where the Missouri Street Station used to be and it's. It's a great restaurant. I had swordfish over there and had a great time. What else? Swordfish Yeah, swordfish with papaya chutney.

S

Scott Lewis 29:19

Bisexuality, some questions answered. Now this is interesting. Yeah, you'll

J

Jimmy Carper 29:23

be hearing more about that next week when the bisexuals are here. Oh, really? Yes. Along with Lujack Tyler.

S

Scott Lewis 29:34

Aren't people really heterosexual or homosexual? No. Answer. No. It's well recognized in medical and psychological circles that bisexuality is a very real and genuine sexuality. Isn't it a transition to being lesbian or gay? Maybe for some people, some lesbians or gay men come out as bisexual first but most bisexual To remain bisexual for the rest of their lives. That's interesting because I came out as bisexual at first because I thought it was only half as bad. You know,

J

Jimmy Carper 30:07

you know, when I was in my 20s, I tried to have sex with women because I thought if I could identify as a bisexual, I would be more accepted. And you know, it took about two months for me to realize, hey, this is not really my thing. Who put this out? The bicep find that group?

S

Scott Lewis 30:25

Because I don't like the wording of this next one. Question, but surely they have just but surely they're just confused. They haven't made up their mind yet. Answer. Don't make the mistake of assuming there are only two options to choose from. Implying that heterosexuality or homosexuality are choices. Oh, I

J

Jimmy Carper 30:47

see what you mean.

S

Scott Lewis 30:49

By sexuality is an option in its own right

J

Jimmy Carper 30:52

when you say you don't choose that either. I mean, you either are from a bisexual group,

sometimes it takes a bisexual group for you to realize that. Say, you may realize something's missing in your life and may be afraid and don't know and this is coming for four straight people or gay people. Oh, it

 Scott Lewis 31:11

gets worse. Question. Did Freud think we're all bisexual? Answer not quite. Freud thought we were all born bisexual and may develop a preference later in life. These people were really hung up on choice. Perhaps? I don't believe it's a choice. Oh, here's more bisexual myths. Oh, those

 Jimmy Carper 31:31

are funny.

 Scott Lewis 31:33

Oh, heterosexual questionnaire. This is good. If you're tuning through. And you were looking for the religious station. We have a questionnaire for you and Okay, question number one. What do you think caused your heterosexuality?

 Jimmy Carper 31:45

Oh, it's hard to tell.

 Scott Lewis 31:47

Yeah. Question number two, when and how did you first decide you were heterosexual? Mm hmm. Question number three. Is it possible that your heterosexuality is just a phase you may grow out? So you probably think it's just a phase? It's is it possible that you're ahead of sexuality stems from some neurotic fear of members of the same sex so that is a good point. Question number five. Don't you think that all you need is a good gay lover?

 Jimmy Carper 32:15

Right? Or you know if you just found the right, right.

 Scott Lewis 32:20

Read that you haven't met the right one yet? Yeah. Number six. If heterosexuality is normal, why are a disproportionate number of mental patients heterosexual? Yes. Good point. Recalling, number seven. To Whom have you disclosed your heterosexuality and how did they react?

J Jimmy Carper 32:40

I hope they haven't told too many people.

S Scott Lewis 32:43

Yeah, I mean, I don't mind that they're heterosexual. But it's just when they're all bragging about it. And they want to like I know they want

J Jimmy Carper 32:50

to I don't mind if you're straight, but you know, just try to act gay.

S Scott Lewis 32:54

Exactly. Number eight, the majority of child molesters are heterosexual and over 90% Do you really consider it safe to expose your children to heterosexual teachers? Exactly. Good point. Good. Real good point Heterosexuals are noted for assigning themselves narrowly restricted stereotyped sex roles. Why do you cling to such an unhealthy form of role playing? Number 10 Why to heterosexual has placed so much emphasis on sex?

J Jimmy Carper 33:20

Oh, I know it's everywhere. Every time you all you have to do is turn on the TV or open the magazine and

S Scott Lewis 33:26

it's number 11 There seem to be very few happy heterosexual. This is a good point there are miserable people. techniques have been developed that you might be able to use to change your sexual orientation. Have you considered aversion therapy to treat your sexual orientation?

J Jimmy Carper 33:45

See how ridiculous ridiculous it sounds when you just reverse things.

S Scott Lewis 33:49

You know? Number 12 Why are heterosexual so promiscuous? Oh, number 13. Why do you make it a point of attributing heterosexuality to famous people? Is it just to justify your own heterosexuality?

J Jimmy Carper 34:03

You hear that all the time?

S Scott Lewis 34:06

Kind of sounds more like a slam on the gay community. But anyway, number 14, if you've never slept with a person of the same sex, how do you know?

J Jimmy Carper 34:15

That's right.

S Scott Lewis 34:17

Number 15. Why do you insist on being so obvious and making such a public spectacle of your heterosexuality? Why can't you just be what you are and keep it a secret? Yeah.

J Jimmy Carper 34:27

So that's gotten over the years kind of clever. You know, MCC er does a great service to the community. Not only do they provide space for BiNet, every Wednesday night at seven, but they have a whole calendar of things that they do, you know, Sunday through Fridays,

S Scott Lewis 34:49

you know, I went to church over there a couple weeks ago, really on a Sunday morning. Sunday morning. Yes. And the thing was still standing. The church was still standing when I walked out I

J Jimmy Carper 35:00

mean, you know, Rafter shook a little bit. It's a beautiful church to

S Scott Lewis 35:04

what was scary is that the guy that convinced me to go this guy, Matt, you know, just, you know, he was a real nice guy and stuff. And he's like, I want to go to church but I don't have anybody to go ask it I'll go with you. I don't care and went and then I found out later he was a

prostitute. So I think he needed the church obviously it didn't you know, maybe they need to have a prostitute ministry there for him anyway Sure, he's much better now he's with his abusive lover so anyway Can you tell she's getting tired? Yes, she

J

Jimmy Carper 35:41

is tired. No fine. It meets there and Coda support group for codependency meets on Fridays at seven and things with the church like choir rehearsals on Sundays and handbell choir remote rehearsals on Mondays. And let's say Glory land singers whole time southern gospel music.

S

Scott Lewis 36:06

If you like you know, I'd go to that codependent meeting on Fridays. Yeah, but I really should save that time to spend with my boyfriend

J

Jimmy Carper 36:17

right Yay. All right. So you want to go to the Woodstock thing? Absolutely a Woodstock is playing I don't have I hope isn't I think it's not playing anymore. Yeah, it is. But it's playing like once a day at an odd time like nine or 10 o'clock. You know, just want one showing. But it's such a funny movie. Really is funny, funny, funny. What am I supposed to play? Your all you have to do is hit CD number two, and then I'll take care of the rest.
