 Buddy Johnston 00:06

Yeah, Cyndi Lauper and true colors,

 Jimmy Carper 00:11

song that will never go out of style.

 Buddy Johnston 00:13

That's it baby. Somebody called and wanted to know where Randles was. Why but I don't know. Maybe they want to drive by? I don't know. Here's Mary on my cable from the album. Well, I just called Good luck trying to figure out what it is. It's called happy song. Well, that's what it means. Listen to this. Get ready for Black History Month. Yeah, that lines from the Wizard of Oz. Did you know that? You know, in your high school yearbook you write all this stupid stuff. My grandfather said, Be careful what you write because in 20 years, you'll go back for a reunion and they'll make you read it. So you know what I wrote. But this is a truth you can you can get an old yearbook that I sign in and you'll see this as the truth. I wrote in there. Please remember this. It's not how much you are loved. It's how much you are loved by others. You really did and that was it. That's what he told the tin man. Yes. When he got his heart.

 Jimmy Carper 01:31

That was the nylons doing app. They're my favorite song that they do.

 Buddy Johnston 01:42

Call for the straight folks who don't mind gays. But wish they weren't so blatant.

♂ 02:26

You know, some people got a lot of nerve. Sometimes I don't believe that things I see in here. Have you met the woman who shocked by two women kissing and in the same breath tells you that she's pregnant. But gays shouldn't be blatant. Or the straight couple sits next to you in a movie. And he can't hear the dialogue because of the sound effects. But gays shouldn't be blatant. And the woman in your office spend your whole lunch hour talking about her new bikini drawers and how much her husband likes them. But gays shouldn't be blamed. Or the hip check in your class. rattling a mile a minute while you're trying to get stoned in the John about the camping trip she took with her musician boyfriend. But gays shouldn't be blamed. You go in a public bathroom and all over the walls. There's John loves Mary Janice digs Richard Pepe loves Dolores, etc. But gays shouldn't be lightened. Or you go to an amusement park. And there's a tunnel of love and pictures. The streets painted on the front and grinning couples coming in and out. But gays shouldn't be blatant. Fact is blatant Heterosexuals are all over the place. Supermarkets, movies, at work, in church, in books on television every day and night. Every place even in gay bars. And they want gay men and women to go hide in the closets. sold to you straight folks. I say Sure. I'll go if you go to but I'm polite. So after you

B Buddy Johnston 04:19

good well, I can guarantee you that didn't happen. Simply Said goodbye. No. After hours radio celebrating live from the heart of Montrose. And have you ever heard me dispatch Mary?

J Jimmy Carper 04:34

No. Do you remember what you do when you dispatch

B Buddy Johnston 04:38

when Adam 12 see the man on the corner of Montrose and wisdom regarding a theft and they

go that's clear and relate hours just like on TV? Yeah, except it's more hectic and it's more boring. It's more boring,

J Jimmy Carper 04:51
boring.

B Buddy Johnston 04:54

Anyway, it's 230 in the morning, you're tuned in 90.1 FM KPFT Houston. You've made a pledge during the marathon come on guys and girls mail that money in because pledges aren't worth diddly until we get that change in the bank.

somewheres in Des Moines or San Antonio with a young gay person all of a sudden realizes that she or he is gay knows that if the parents find out to be tossed out of the house, the classmates were torn the child and the Anita Brian's and John brigands are doing their bit on TV and that child had several options I'm staying in a closet, suicide. And then one day that child might open a paper and says homosexual elected in San Francisco. And there are two options. One option is to go to California in San Antonio, in two days after I was elected, I got a phone call. The voice was quite young was Altoona, Pennsylvania. And the person said, thanks. And you've got to let gay people so that that young child and the 1000s upon 1000s, like that child know, that his hope for a better world is hope for a better tomorrow. Without hope. They're only gays, but those blocks, the Asian disabled seniors, the essence, essence without hope, the essence give up. I know that you cannot live on hope alone. Without it, life is not worth living. And you, you, you gotta give hope.

Buddy Johnston 11:19

You know, what hurts the most. And HPD was looking at faces of single men and women who you think may be gay or lesbian. And knowing the pain that they feel in their lives of not being free, looking at me standing there with this earring in my ear and carrying on about this radio show and my life and wondering what's going through their minds. Putting myself in the place of a gay police officer sitting out there listening to me, you know, destroy the radio waves. Knowing that I'm openly gay, and knowing that I do this show and the pain that he goes through. It hurts so much baby, because they don't have to suffer that

Jimmy Carper 12:15

pain alone. There's a lot of pain in the closet because there isn't too much air in their

B Buddy Johnston 12:20

closets are dark and dirty, and dusty, and moldy and dingy. And when you take the door, and you open the door a little bit, the light comes in. When you swing that door wide open the fresh air just brushes in real quick

J Jimmy Carper 12:38

and sure feels good to just kick that sucker down.

B Buddy Johnston 12:42

And when you kick it down, or chop it down, or just rip it off the hinges and burn it in a big heap. It will only get better and better. I know what you're going through, whether you're a policeman or a doctor, or a school teacher, or a student in high school or junior high school, because I've been through it myself. And all I can tell you is you don't have to go through it alone. Because we're here. And we're queer. And thank goodness there places like KPFT and the Gay Lesbian switchboard. The Gay and Lesbian news media that you get. Thank goodness that all those people are out there reaching out to you hoping that you'll reach out to us. If you are gay and lesbian and you're suffering, the day to stop the suffering is now just let it go. And come on out and experience life with this because it begins right this second right this moment. I've talked about this before life is now you don't get tomorrow's and you don't get yesterday's yesterday's or history. And if you did anything spectacular, somebody might write something down in a book. But most of it goes away with the win. Tomorrow has never come. All that counts is right now this very second. So reach out to us if you can, okay, five to six 4005 to six KPFT. And if you can't, we understand because we've been there and we want you to know that we do love you. And we'll be waiting here for you when you decide to make that move forward. This is after hours from KPFT Houston 90.1 FM we just happen to be gay and lesbian people. And this morning, we're reaching out for you. Five to six 4005 to six KPFT

J Jimmy Carper 14:43

when they put a PS on that you just played something over the Hill Street Blues song and a lot of emotions came out during during that because that was real. This is not TV And I think some emotions that transcend being gay lesbian, straight, whatever is when you hear that there's an officer down that really gave me goosebumps and a flurry of activity and you can see i i know you don't want maybe want to call it that but among the officers and all the people involved love

B Buddy Johnston 15:30

maybe every time they get out on traffic or get out on a call I feel that anxiety waiting to make sure they get back in service because those are my troops and I care about and especially

those that are gay and lesbian that go through all this pain alone and have to go home and lay down alone. Life is too short four to six 4005 to six KPFT.

Hi, I'm here tonight, because it is time that all of us who love this state that gave us life and has nurtured us and taught us our values, to stand up and claim the history of the state for freedom and justice and human respects away from the forces of narrow mindedness and bigotry, that too often dominates the politics of the state of Texas.

What do you do when your best friend has AIDS? First you cry and then you make some decisions? Decisions. He decide whether you can go through this with someone or not. Can you? Good question. On bad days I sit in front of the mirror asking myself the same thing. It's hard. This person I love is falling to pieces. But you're hanging in there. I'll be there. No matter what it takes. Or you're tired. Aren't you exhausted? People really have no idea about AIDS. I tell them every day I do.
