00:01

By the divisiveness and maybe it's to be together in your blessing. And the curse is put it over was a holy God this ring to be a symbol and a reminder of the violence by which these women pledged themselves to be for each other and with each other and your family in the midst of the human family. May Your Holy Spirit fill both of them. Were these rings with the splendor of an ever growing love and embody their act of faith, hope and love and a unity of mind, body and spirit and blessing?

00:56

God your blessing upon this ring. Now. The Jewel is

01:06

now that jewel and Rose, have given themselves to each other by song gowns, with adjoining and binding of hands and the giving and receiving of rings, and the Holy God who dwells in the heavens, the earth, the season, the heart and spirit of every creature creature, plus this union, and God be seen in their life together, the love between them grow and flourish. It's God's authority vested in me. I pronounce you boundless one, and the love of our God and our Lord for one another. May the blessing of our Lord and Savior Jesus Christ be with you? In the Name of God, the Creator, the Son, and the Holy Spirit. Amen.

01:53

Thank you very much. No, no, no. No, no. We talked about taking my

02:05

I guess it's not really cool to sit here and criticize once after being in it and all but

02:13

oh, do I get the kisser?

02:16

Roses like speaking real saw.

02:20

Yes, he was he was a little nervous. She was more nervous than I really was out there. I will. I will. Dammit, I've been waiting for a long time for this. Let's do it. Oh, yes, I will. And I was too much talking. There's just too much talking. I thought she's only had to say I do you know, and like, that would be it. But it was like I will I do. Yeah, yeah. I said that already. But you know, you don't know what it is until you get get one. So like, it was when it was over. And I turned around and all my friends were standing there and several of them had tears in their eyes. You know, I thought you know, this was a big thing. This was a big thing. For me. It was a big thing for my friends. It was a big thing for rows. So you know, I kind of

03:03

had also kind of like the

03:06

would you both said I will that I do at the same time. It sounds like you're in some kind of trance. Yeah, well, I do.

03:17

Doctor me, but it was a good day. It was good fun. So I'm really sorry. I couldn't have invited everybody because I know there's some out there and I know that I'll be hearing from you that would have wanted to be there but it was a small place and I can only pick up the people who were immediate family of choice not the extended family of choice. So yeah, we'll play it with

03:44

the whole place like real fast. real tiny.

03:48

Yeah, and all the food man I just was so worried the whole time because I went out that morning but all that food. I was so worried nobody's going to eat it was so glad when it was all gone. I still have this huge bottle of olives from Sam's Why didn't you bring those huge bottle of olives?

04:08

No, there was always

04:11

so that's what I did last Sunday. So this is my first tonight today right now my first week anniversary

04:19

and I like the you brought up the chain you didn't find a ball but you found the chain. Yeah,

04:24

what already is that? So she was buying them ducks and I say I can buy something if you get stuck. So I pull this chain on plastic. James Yes. Swans said a while ago, No self respecting die could call those swan. Those long neg ducks.

04:43

Oh, and speaking of parties, yes. Last Okay. Last weekend was the party weekend. You know James like it? Yeah. Okay. A Saturday night. I went out to Perry's birthday party and Perry throws this thing where he calls it the Pink Floyd Domingo parte terror he you know you is that is the bird or the movie? No, no. Well, the bird of the bird yes the pink. I would

05:08

like to be invited to that party.

05:11

Perry is

05:12

a member of BiNet with you.

05:16

Yeah he comes occasionally to bite at meeting and he has these parties where he kind of turns it into a kind of food drive thing for the stone soup because you go to the birthday party, you bring a couple in lieu of gifts, you know, you bring, you know, food items and then he goes into the stone soup. So anyway, and it's this big thing people bring all these pink flamingos stuff, you know? Of course, you know, just because gross stuff had it was it was fun, Gigi and I went and he's he's just a clown everywhere he goes, you know? I mean, he doesn't need much of an excuse to like, take off his clothes and dance around naked and stuff.

06:00

He who? who heads up the bind that segment on after hours every first Saturday of the

06:06

month. Oh yeah, he's he's really something. Yeah.

06:09

Did you have fun? Oh, yeah. It's great. You're

06:11

naked. But oh, occasionally he threw his little skirt up in the air and

06:18

I can see you get naked in the party. Me Yeah.

06:24

Yeah. A lot. The lights are like really low like Okay, okay. Okay, I I have been persuaded that He had

06:40

a party or two last year they had this party and didn't a bunch of guys get naked in the pool. And yes, they did.

06:47

Remember they used to do that over my square there all the time.

06:53

Westmoreland Westmoreland square. Yeah.

06:56

They used to do that over there. Westmoreland.

06:59

Officially over there. Westmoreland square. It is close optional after 10 o'clock. Yeah.

07:04

So that's what big ROI goes out to Lao. That's when the big person goes on.

07:11

Like to see those guys take the clothes off. Yeah,

07:13

yeah, I know guys who sold everything they had so they can have an apartment. Where I do I know a guy sold everything. He had his car so I can keep that apartment over there. Wow. He really liked it. He said it was a crazy place. Well, you know, especially back in those years. Yeah. I guess it's a little different now. I mean, than it was back when? Remember? Disco grandma used to live over there. Oh, yeah. Just go grandma used to live there. I went to parties over there all the time. That little old lady at the disco? Oh, yeah. T was getting the groove. She was good. lady. She probably was 80 years old. They after she. She'd be toe tap and was about much groove. She'd get really in a wheelchair.

07:55

I'm upset now by the upstairs neighbor. The straight couple moved. Oh, so now I will not hear them having sex above my head.

08:05

Oh, I love that department. The whole room would rattle great foreplay.

08:13

Their bed. The bed was squeaky though. That was kind of distracting. But boy was she noisy

08:19

Joses like that just really bite that. I used to know I'm telling you rose. I used that telling rose their neighbor. I have neighbors not believe roses. Let me tell you she's a Latin lover. Let me tell you passion is just everywhere. She is gonna come in here. No, she's not she knows it.

08:40

Well, that's it. He's told all my secrets at one time or another?

08:46

You're not supposed to tell him? Oh, no, no, I

08:49

don't tell him. It's just stuff that happens. And

08:51

those used to scare me sometimes. I mean, you know, you'd be like very quiet. And suddenly this big noise comes out of somewhere and you kind of throws your concentration off for a second. Which then throws her concentration off a second or two. Okay.

09:06

I take it with women concentration is a big thing. It is a

09:09

big thing. You know, I had to take an old pair of tennis shoes. No, no, no God. I just take it all. I almost did I did. I take an old pair of tennis shoes and put them behind the headboard of the bed because we were rocking the next day.

09:27

I wonder if other people do that old tennis shoes, most efficient tennis shoes and stick them behind the headboard so they wouldn't bust into the wall. telling you it isn't really one little apartment

09:38

to buy work to Yeah,

09:40

I never thought of that. But I had the tennis shoes right there.

09:42

I wonder what other people use you know, big problem.

09:46

It is headboards my headboard wasn't connected to the bed so every time you touch it touch the wall.

09:51

So Colin bit too big ROI until you tell him what you do to just solve the

09:58

squeaky bear ain't good.

10:01

And that number is 5573852 6k PFT Yeah.

10:09

Any more secrets you want to know about my boudoir? I'm in a good mood we're on a roll. Oh no. Well, you know people do you know you have to deal. These are things that you don't ever read about. It's like when you go to the NACA hearing, I can say I'm looking at you. The kinds of

things that you never read in books or seeing movies, like people going to the bathroom actually going to the bathroom and, you know, actually had these great shots and people making it in the bed. But you never get the shot for the week before when they were making the bed. Perfect. I've had that happen. He gave out somewhere and you're like, suddenly you'd like, God, that was great. It was the sled.

10:55

Have you ever fell off the bed?

10:57

Well, like fell off, but I've slid off, you know, like, like putty like just having to be on the curb.

11:04

And I have to tell this I have I have a sofa bed. And at one point, I have a little boyfriend on the side. And we were having sex and we were having sex, kind of on the end of the bed. And right at the point of my ejaculation the bed broke and we both fell on the floor. And he was just he was like, Oh, are you hurt? Are you hurt? And I'm just an ex

11:31

partner stimulus Now you always want the bed to break.

11:35

It was a great it was worth it

11:42

Have you ever spilled all the oil all over the place? And not stopped?

11:49

It didn't matter. This lover wants to know. Yes.

11:52

When she first time we were together she I was facedown on the bed. And the next thing I know I'm being literally drowning baby or from two huge maybe big quart sized things pouring on me like oh my god.

11:58

This was the waterbed. No, oh

11:58

man. It was terrible. I was I never you know there you just get into this thing about you know, having clean things around you and not being in wet. But not being laying in wet. Wet. All I could think about was how wet it was. While we were like this great possibilities were zooming before me all I could think was Oh god. I got no warning. No warning.

11:58

And you're listening to all this lovely stuff on KPFT Houston and ke O 's College Station. This is after hours queer radio with attitude. We are the sound of Texas.

11:58

I have one quick safety tip. Yes. Never sneeze when you have a butt plug in. guarantee you you will blow that sucker across the room.

11:58

Now there are hundreds of people out there who are not.

11:58

Who said I know I know. That somewhere. kid you not. It happened it was true.

11:58

Well, Jimmy, what do you have much more exciting sex like I never really gave it a lot. Well, no Well, oh well. Safety portion of the show. The safety, the health and safety. And the household tips. Yes, I sold two

11:58

helpful hints and we're going to play number three.

11:58

Jim, if you've got a question, we'll answer it. That's what we ought to do. Set up a question where we'll answer the questions. Whatever comes out call us with any questions you have and we'll answer it oh, that's back to the only question we can answer is why?

11:58

Why your hot dogs and buns don't come in the same number and all that kind of stalking tell

11:58

you why? Because they want you to buy more buttons. That is more hot marketing. What is it that they want you to buy more hot dogs?

11:58

You never catch up though.

11:58

No. Marketing you never

11:58

know. Oh my god. I

11:58

have a bunch of I have books on those kinds of things that called White books. And they're probably 200 pages of various things. Why is this? Why is that? How did colors get their names? Who decided Blue was going to be what we take for blue? Count that's weird. All right. What do we got? I don't know somebody did.

11:58

What do we got now? Okay, we're gonna put a couple of things in your air, play a little music and then we'll be right back. gauntlet rose beat me for her sound of Texas KPFT Houston up as

11:58

And that was Dean McBride with my heart belongs to daddy Of course. I think it's a great version. I liked it too. Yeah. Dean, the bride is is featured from his record company. What is that record company?

11:58

Where's the desk?

11:58

Well, it's over by the CD.

11:58

See, no. No, probably the next one. The next one. Oh, yes. Let's see the label. Molly boy,

11:58

Molly. Boy. That's his own as a matter of fact. Yeah. Yeah.

11:58

It's to get your own label. Yeah. So then

11:58

you got this? No, no, no, Molly boy, apparently is the name of the disk. Let's see. That's right. Evan media. The VA and this is

J Jimmy Carper 11:58

there's a this is the guy who he used to be in a group called sons and lovers, which was a Forman, acapella group. And now he went out on his own. He's got a great voice. And one of the most beautiful pieces on this because he's, his mother died of something. And he's he's dedicated this album to her. And one of the pieces runs just a little over a minute. Is her voice on his answering machine. When she called while she was alive, and calling just to say hi and that she loved her son and in one in one message she she sings a little bit it's just a beautiful beautiful piece for mother who loves her son. Cool yeah, I played that several several times.

11:58

What is it? What does it what is it what is it what does that squeaking thing I have no

11:58

squeaking thing.

11:58

What is Gameboys this guy maybe peyote wonder my dad never touch peyote and for some reason a fascination of mine. Not that I want to it's just that. I don't understand it. I don't know what it is. I've never seen it. So it's like the enigma.

11:58

The closest thing I've come to it is reading Carlos Castaneda.

11:58

Yeah. Carlos Guzman I just finished one of the his books Oh yeah. That one he put

11:58

out yummy way of knowledge.

11:58

I think that's it. Yeah, that's

11:58

the first one Jackie wave

11:58

not yet something knowledge Yeah. Yeah. It has to strange strange guy strange guys. Yeah.

11:58

It really is unusual. Yeah, it's salve on a scan of lizard and putting it to your head and carrying it. Yes. Strange stuff, turning into crows and flying.

11:58

In Writing

11:58

I do know where you are with that.

11:58

Well it's it's interesting it's very interesting.

11:58

Oh my god, you know What? What? No. I was gonna tell you about this movie I saw the other night so you haven't seen it Abby

11:58

right you saw spawn you saw spawn actually movie oh god you got to see spawn the movie really? I thought it was gonna be hokey I really did. But because I have satellite now I get these, you know easily. So you know I moved down to the boonies. No cable out in the boonies and

that was it. Man. I had to have cable.

11:58

I had to have you were in a place where they don't have cable. I didn't have

J Jewel Gray 11:58

horses. I didn't have cows. I had to have cable. That's out. Oh, I've heard that. And all the ones after that. Fools are saying Oh,

11:58

smile spot.

11:58

That was it, I thought would be hokey. But for some, it was really good. It was really a good movie. The special effects were good. See, because my introduction to spawn was that HBO thing? Did you see the HBO animated thing was animate very dark, huh? Bloody gory. Well, I

11:58

know. That's how the comic book is.

11:58

It was Yeah. And I didn't know how it would translate into movies. So I kind of just kind of wrote it off. But when I saw it on TV, I thought, wow, surely you were getting you seen it now. But you haven't thought well, well, we could talk about spawn because it was really, there was some metaphorical stuff in spawn that I thought was interesting. But you'd have to see it to me. No, I

11:58

thought Tank Girl was better as a comic book.

11:58

I haven't seen tanks. I haven't seen SAP pieces of it. Well,

11:58

it's it's sexist. It's just turned the other way around. You know, it's just saying if a woman can be what is it? You know, guys go around, you know, custom women and stuff. misogynistic. Well, what do you do it if it's a woman talking about men being stupid, and and I don't know. I don't know. I mean, what do you call her? About anyway? Right. It was still.

11:58

I call that right on Jimmy.

11:58

It was still sexist. There's

11:58

no, I'm only kidding.

11:58

I mean, it had moments. Let's

11:58

get back to this Castaneda thing because Michelle has some information that Carlos Castaneda Yeah. About a trilogy from the 70s. About peyote? Early. Michelle. Yeah, you were on girl.

11:58

Michelle's going, Oh, that's

Michelle Meyers 11:58

what it is. It's from the early 70s. Oh, Carlos Castaneda books. Yeah. Yeah. All about Don Juan. Yeah. Don Juan, the young man.

11:58

Yeah. And they do the mushrooms and peyote and the make

M

Michelle Meyers 11:58

up peyote buttons and all that from the 70s said, yeah, that's like my time, but I tell

o

11:58

you how to pick it. To do with it. You know, all this spiritual stuff about you know, going out on certain

J

Jewel Gray 11:58

things. That's what fascinates me about peyote is that it's, it's always been whenever I've, whenever I've heard it spoken about somebody's always also talking about some sort of spirituality. Right, right. And I've never heard it talked about just like drugs, you know, let's go out and do some peyote man, or the peyote dealer down the street got busted. You ever hear that? No. God and in a very spiritual I don't wanna say religious but spiritual way. Were people using it to find spiritual guides are

o

11:58

usually if you don't puke your guts out. You've just not done it. Right. I've done

o

11:58

it. Right. See, and I've heard that do that. It's a guarantee. puka get that thing and Oh, great. Oh, yeah. So you have to really go through this great torture for this. Because every journey that you go on from that movie, I don't know why it came up. But I was thinking about

o

11:58

young guns, the movie, they, they all do peyote and sit out there in the desert and talk about their their visions and stuff wonders, just shooting out there shouldn't be the visible monsters.

o

11:58

I'm not advocating using peyote by any means. But for some reason, because it's such an enigma, it's, you know, it's that old thing if it's, if it's taboo, you're gonna be interested in it, but you're not supposed to know about it you're gonna be interested in. And it's always been something fascinating because I've never run across it literally never have run across it. You may run across mescaline, the mescaline Yeah, but not. In fact, I

o

11:58

11:50

had a very bad experience with mescaline and it kind of changed my mind about drugs in general. Because I lost I lost several hours out of my life while doing it and people who were with me were telling me about these weird things I was doing and I thought I don't want to lose control of myself like that

11:58

again. Well, when I woke up one night, one morning with two tattoos when I the last time I did anything, anything of any substance I woke up with two tattoos. I was enough Whoa. And one of them had a woman's name and the woman's name was someone I did not know I mean, if it's been a girl I knew a name you know. I can live with it for some in some way but the name turned out to be someone I didn't know. That's weird if it was a mismatch because I don't know and like you said last time

11:58

Yeah, totally last time. And they were telling me things that I would never do that I did.

11:58

I never I probably was 20 years old and that was kind of scary, though yeah kind of sobered me up yeah.

11:58

Me so you were like running out changing oil in the car or doing something like no I was something he would never do.

11:58

Come here let me slap you

11:58

laughing right here on on radio deserve slept this

11:58

do that Andover?

11:59

RC:TT

Eeny weeny way. Where were we were talking about? I forgot.

11:58

Well, we kind of skipped Okay,

J

Jewel Gray 11:58

God, I'm talking about God. And we get to Castaneda. Yes. And you were talking about spa and the movie is fun. The movie because you know, that was it was there was a lot of metaphors in there that you had to, you have to see the movie to appreciate because there's just a way I can explain him you have to. There are a lot of metaphors in there that I thought were pretty interesting. That was I think it was actually I think the whole movie was speaking another language subtly. While you're watching all this stuff happen, the stuff the emotional stuff that this spawn creature goes through. Very powerful stuff. Oh my god, you know, I was afraid of that. was very proud of this stuff. You know, because supposedly in this, the idea is that this is he's died. And he's back. Yeah. And he's only back because Satan has arranged that he lead his army of

∅

11:58

hell Satan had

∅

11:58

his army of hell to take over the world and respond gets to, you know, actually considering this prop proposition and doesn't really like the idea too much. But he's only exists, because Satan wants him to lead his armies. Wow. So it's like ying and yang you know, it's

∅

11:58

I'm Satan that big clown looking guy with all the teeth? No, not really. Why?

∅

11:58

No, see, you gotta hear you gotta know spot. No, he's not but that'll guys like his minion like his black cat or

∅

11:58

he's just a demigod. Yeah.

J

Jewel Gray 11:58

It's pretty interesting stuff. But there's a lot of metaphor. If you get into that. She wants a spawn, check it if you're into something like that. It's pretty dark, pretty dark. So it's about this guy gets this. Martin Sheen was in this movie, which really Oh, when she was in it, he was the bad guy and the devil, this clown character in plants, pacemaker and tomb that has a virus that if he dies, that this virus will wipe out the whole planet, so spawn can kill him. He can't kill him. Because if he dies, this virus will break out of this pacemaker and kill the whole planet. And it's absolutely the whole planet kind of thing. So he's in dilemma. Anyway, it's a lot of ying and yang a lot of pulling and a lot of motion. Even though it's a cartoon character. Wow. Pretty dark and pretty emotional. Movie. Who is that out there waving at us. We have people walk by all the time wave

Ω

11:58

at Oh, how you doing?

Ω

11:58

Do we have the bullet to read? The news music.

Ω

11:58

We have it in CD number one. Yes. It's time for news with new grind, Michelle. And while that's going on, I'm going to watch a boy take his clothes off. Oh, boy.

Ω

11:58

Well, it's time that means it's time for me to hit the road.

Ω

11:58

I'm afraid it is. Oh, it's

Ω

11:58

been too quick. To talk I have nothing to do. We

Ω

11:58

had a lot of stuff. I mean, we listened to your mind ceremony, which is what I wanted to share. That was really, really cool. We finally found a way to do it. Yeah, we killed the fried chicken. If

11:58

you're interested in a ceremony, give me a call at the station, leave your name and number and I'll call you back and give you some number. Or you can get hold of this group. It's called the Crossroads support group. I found the number in the back of outsmart

11:58

the phonebook or on Wall drive, are they Yeah, and

J Jewel Gray 11:58

you can get a hold of someone there and probably the person you get a hold of will be Johnny the guy who did the service for me. But there's several people that would do services there he made it clear to me that that would so if you're interested you can get a hold of them or

11:58

that's it's really nice. And you know, and every what I like about gay lesbian queer commitment ceremonies is that every one is different. You chose to have you know, the lesbian one, but in number two, yeah, but there are a lot of people like to write their own and have special music and you know,

J Jewel Gray 11:58

just for the for those who are thinking about Oh, all right, my Oh, yeah. We talked about that too. Up until just about three days before the ceremony and my sweetie rolls over to Minnesota. I could see all that in front of you. Bull. So we that's why we did have around committed. Okay, so it's something to think about it's to do. It's hard to say in front of people. Yeah.

11:58

But But I'm really proud that you did it. And I was really proud to be there and

11:58

you guys could be there. It wouldn't have been the same without you. It was great.

11:58

It was great.

11:58

Well, let me give a quick plug for BiNet. Yes. We meet on Wednesday nights and that BiNet is for who? For Well, anybody who's interested in bisexuals and their friends yeah, okay. I made it to peace 730 40 rupees

30:38

can be in binary Well, you know, you just get a coffee or Oh yeah, no big deal. Yeah,

30:44

it's it's a fun it's a new atmosphere to hang out.

Michelle Meyers 30:48

Okay. 30 West Alabama.

grinning Michelle. Oh, I'm fine. like to welcome all of our visitors to this edition. This week's edition of after hours news with Michelle and big Roy. And I'd like to start off the news this evening with an exclusive interview that JC Mukluk from the Texas triangle had with Trammell Crowe Jr. donated a sizable amount of money to the Log Cabin Republicans. Now you may have read that he did this. In other news media's, like the Chronicle had a report on this. However, Mr. Crow gave the triangle the only interview in the state. And he said that he donated the money \$60,000 To the Log Cabin Republicans for the purpose of creating a rally that would create awareness and sparked debate in many communities and audiences. And he said that this is the first and foremost he wanted to make the Republican delegates aware of their short sightedness to maybe bring it to a head. And what this is all about was that during the last Republican convention here in the state of Texas, the gay group Log Cabin Republicans was denied an official spot inside and so the Log Cabin Republicans wound up having a protest rally on the outside. And Mr. Crow terrible crow told the Texas triangle that he did this because of who he is. If many of you don't know who tremolo crow is, they are one of the movers and shakers in the state of Texas. Trammell Crow Jr. is a straight person that heterosexual and he does not like the exclusiveness that the political right within the Log Cabin Republicans right within the Republican Party has created and he did this to try to shake some of the more moderate people and other people have money and influence to to step up to the plate and come forward and put a stop to this. Trammell Crow Jr. They their family owns a lot of property in the state of Texas. They're developers and many other things. And so I was speaking with JC Mecalac earlier this week and he informed me of this interview that he had with Terrell Cole Jr. And you can find the full interview that he had in this week's edition of The Texas triangle

Okay, moving right along here does. The religious rights hate tactics has been documented in a report called hostile climate. And a nationwide campaign of organized intolerance led by the religious right, often supported by local clergy and public officials is denying equal rights to Americans who are singled out for discrimination based on their own sexual orientation. And this comes from the 1998 edition of People for the American Way Foundation's annual report on anti gay violence. And the name of that report is hostile climate report compiles and analyzes a nationwide sampling of intolerant incidents directed against gays and lesbian Americans in 1997. It reveals that out of 170 incidents described in the report when it just right organizations were involved in nearly 40% of the cases. The religious right has poisoned the public dialogue about gay and lesbian rights. And as a result of our public discussion of these issues, it's often stuck in the Dark Ages. Now the religious right is playing a destructive game of blaming the victims of anti gay and lesbian discrimination. Now in Costa Mesa, California, a radio talk show host said civil magistrates are out are to put people to death who practice these things. Now this year's report includes incidents from 40 states, the District of Columbia and Puerto Rico as well as incidents that are Nash Still in scope. The incidents ranged from legislative attacks on equal rights to employment discrimination, harassment and even beatings of high school

students that are sometimes ignored or abetted by school officials for Vincent of hate speech and hate inspired violence, to report groups to discriminatory incidents according to six categories, employment, arts, entertainment, marriage, family, education, religion and general intolerance, to religious rights attack on award winning award winning film, it's elementary teaching about gay issues in schools, which is used to train teachers about how to deal with gay and lesbian issues in the classroom. They claim that its purpose is cynical, recruiting of new generations to become homosexuals, as if we can recruit people to be homosexual. Many incidents involve efforts to deny employment to gay men and lesbians or to block them from receiving the same benefits routinely provided to heterosexual employees.

Okay, well, along the same lines, the Metropolitan Community Church of the resurrection is having two discussion groups. The Reverend Ralph Lasher is going to have a discussion group on August 4 at 7:30pm. And then again on September 1, at 7:30pm. And basically, what he's informative specialist about is what the Bible really says and doesn't say about homosexuality. And the Bible doesn't say that homosexuality is a sin or an abomination. So again, those discussion groups will take place on August 4 7:30pm And September 1 7:30pm. At the Metropolitan Community Church of the resurrection, which is located at 9019 Decatur that's around Washington at White Street. And for more information, you can call me code 713-861-9149. Okay. Still along the same lines here in Houston. A teacher is suing the Houston Independent School Districts claiming he was denied a job because he's HIV positive. And the US Equal Employment Opportunity Commission is backing him up because he taught for HSD in the 1980s before moving to New Mexico. Will Ellsworth thought he was a shoo in when he
