In like what has been described as the uniform of choice that was used at Jr's in the 611 and cousins, they they're a lot more subdued than coming in with the full riot gear and such. So it seems a little strange to be considered that that would be considered typical for them when they raided place that is definitely considered sexually oriented business. And the most protection they wear is a windbreaker.

 Roy McCarthy 00:26

And, you know, for instance, Jr's which is located at 808 Pacific Street, that place was, quote, inspected twice in the same night. You know, no fines, no violations. It the whole thing is just absolutely ridiculous. And, folks, Carl Smith, president of the gay and lesbian Political Caucus, and says that the intentions of these agencies was definitely obvious. And we will keep you up to date on the latest information as we get it. And Chris, you have some information about Q patrol talking about Pacific Street.

 Chris 01:09

Yeah, it's one of our one of our haunts is around that area. We may have seen, we had a large article in the Houston voice, we are desperately looking for people to come out and join us walking the streets. It isn't boring. It isn't the long tedious thing you might think it is we call it a kind of a three hour tour of the Montrose area, you see all the sights, you meet a lot of people, and we tried to make it as fun as possible. Well, we do have a serious purpose we're out there to do. And it's we've had a few incidents that have occurred recently. Nothing serious, nothing major. But it's good to have people out there and keep an eye on it, make sure it doesn't escalate. And now that summer is coming to a close and a lot of these kids are going to be going back to school within about three or four weeks, they're going to try and get into the last kicks. And so we need people to come out and join us contribute as well. Everything we do every month, every dollar you contribute to us goes to just keeping us operating. We have very expensive radio equipment. And that's an expense we don't we don't get paid to drive around.

We pay for our own refreshments. When we stop off. We pay for our own uniforms and such. And we really could use your help both body and money. And right now we could use a little more body. And so if you want to come out and join us 71352867135287233 Or you can email us at q patrol@aol.com.

 Roy McCarthy 02:40

The best thing I've seen about Ricky Martin I saw it in what was it Eclipse, when they said Ricky Martin, you're keen say me, and that also is up to 15 minutes of fame are up, especially when you heard his last song.

 Roy McCarthy 04:18

Well, you know, he's, he's just now breaking over. And he that article was the fact that his record company is re releasing some of his older music. Well, you know, when the Beatles first hit this country, most of the songs from the original Beatle album which was meet the Beatles, which we were hearing in 64, those were that was songs that had been released back in 62 and 1963 and 61. In fact, folks, if you have that, I'll let you know a little bit of tidbit information here. Ringo Starr is not the drummer on any of those songs.

 Chris 04:54

And he was actually he was actually we call him the fifth Beatle because there was,

 Roy McCarthy 04:58

in fact, the drummer On that one was another fellow for who used to be the drummer with The Beatles, the guy that Ringo took his place. But Ringo didn't take his muse his drumming with The Beatles did not appear until the second album. And so make sure you show up for that

O 16:17

somebody called us over a year called Pat Robertson. The meteors are coming, causing the Guinness Book of Records credible.

J Jimmy Carper 16:25

Incredible. You know, I'm still looking for that piece of music I talked about last week, okay. at Salvation Army,

16:36

yes,

J Jimmy Carper 16:37

it was on the Rosicky line, the Royal Sovereign and imperial court of the single star asked me to help find the Salvation Army song. Now we found out who it's from, by it's Judy henskee. And I did get a call actually from Sam over at the community resale shop. And that he's got it in his possessions that are now in Arkansas. But the next time he goes there, he's going to bring a copy for me. Great. And but if anybody else has a copy, I'd love to have it. And we were talking about that because it's a very, it's a big drag queen song. And lots of drag queens would like to do it. But when you have more than one doing the same song that is done over and over and over again and it loses its punch. So I have vowed that if I get a copy of this song, I'm going to talk in the middle of it while it's on so it can't be taped from the show.

17:39

Like there's someone out there listening with a tape recorder right now and there'll be some words

J Jimmy Carper 17:42

you have to leave out with several people who are taping the show with the exception

C Chris 17:47

of Jimmy and the FCC nervous taping the show for further reference JD Doyle

P Peter 18:57

You want to put on a little piece of fun music. Oh, now. Well, I was thinking after all that verbiage. It's nice to break it up. So the people out there in radio land get a little bit of both. Oh, isn't that sound like fun? Yeah. Okay.

J Jimmy Carper 19:12

I've got something from Hedwig and the Angry itch.

P Peter 19:16

Do you ever play anything cool like Aretha Franklin or something?

J Jimmy Carper 19:21

Put on a long song.

J Jimmy Carper 19:57

Okay, this is sugar daddy. Abby from Hedwig and the Angry ish sugar daddy bring me home
Wagan the angry itch. Well, isn't

P Peter 20:19

J Jimmy Carper 20:20

Yeah, I like I like the music from there. There's like four or five songs that I've played off of that.
Really? Yeah,

P Peter 20:28

it's good. I like that good stuff.

J Jimmy Carper 20:30

Good stuff good stuff. And you're hearing it right here on KPFT Houston and KEOS College
Station. We are after hours quarter radio with attitude I'm Jimmy Carper and Peters here he
drew here and Miss bohemian go out and place rainbo da clown.

P Peter 20:51

Place dead bodies. To did you I have another little piece of interesting data here now. Yes, one
of these stories that turned crazy toward the end, but our research department sniffed it out of
a Wilmington North Carolina newspaper. The police arrested Malcolm Davidson, a 27 year old
white male resident of Wilmington, North Carolina in a pumpkin patch at 11:38pm on Friday.

J Jimmy Carper 21:23

Oh my. What was he doing in the pumpkin? Well,

P Peter 21:27

.....

Davidson will be charged with lewd and lascivious behavior public indecency public intoxication at the county courthouse on Monday

J

Jimmy Carper 21:36

really? Because

P

Peter 21:38

well, the suspect allegedly stated that as he was passing a pumpkin patch, he decided to stop and this could be in conjunction with the new movie, American Pie American Pie. You know, a pumpkin is soft and squishy inside and there was no one around here for my oh my. At least I thought there wasn't he said over Easter that over a phone interview in the county courthouse jail. Davis went on to state that he pulled over to the side of the road picked out a pumpkin that he felt appropriate for his purposes cut a hole in it and proceeded to satisfy his alleged quote need ah, I guess I was really getting into it you know, he commented with evidence with evidence embarrassment in the process. Davidson apparently failed to notice that the Wilmington municipal police car approaching and was unaware of his audience until officer Brenda too bad Oh, my approached him. It was an unusual situation that's for sure said Officer Taylor. I walked up to Davidson and he was just working his way through this pub getting Taylor went on to describe what happened as she approached Davidson. I went up to him and I said excuse me, sir. But do you realize that you're screwing a pumpkin? And he got a really surprised look as you might expect and looked me straight in the face and said a pumpkin Damn it's midnight already. Ah that is flawless midnight ready? I can just imagine all these people now that are exiting. I said that just before the extra 100 They got to their car. Can you imagine like tomorrow morning? This could be a reality. Come all these peoples Yeah. Damn is drawing out of all the bars that are within a stone's throw of here. It is 202 in the am it is 202 dragging out these little pumpkins and gentlemen, can oh the pumpkin patch picking up a little tomorrow morning. Day that little thing turned into just sure was cute when we were all loaded. Up and like I said I've never have taken home no good man. I woke up with one before but ever took one home. One evening after attending the theater. Yes, yes. Two gentlemen were walking down the avenue and they observed rather well dressed. A very attractive lady walking ahead of that. Oh, yes. And one of them turn to the other and remarked, I give 250 bucks to spend a night with that woman. While much to their surprise young lady overheard the remark turned around and replied I'll take you up on that offer. Why? Wow. She had a neat appearance so pleasant voice and so after bidding his companion Good night the man approached the young lady and accompanied her to her apartment. following morning the man presented her with 125 bucks as he prepared to leave. She demanded the rest of the money stay in it if you don't give me the other 25 I'm gonna sue you. He laughs Hey, on what Correct. I'd like to see you get this to the court. Well, the next week he was surprised when he received a summons ordering his presence in the court is a defendant in a lawsuit. No. Yes, he hurried to his lawyer and explained the details of the case and his lawyer said she can't possibly get a judgment against you on the grounds like that. But it'll be interesting to see how her case will be presenting. Well, after the usual preliminaries, the lady, the ladies lawyer dressed the court as follows, Your Honor, my client of this lady is the owner of a piece of property, a garden spot surrounded by profuse growth of shrubbery when she properly which, which property she agreed to rent to the defendant, for a specified length of time for the sum of \$250. The defendant took possession of the property use it extensively for the purposes for which it was rented. And upon evacuating the premises, he only paid \$125. One half of the amount agreed

upon through the rent was not excessive, since it was restricted property. And we asked the judgment be granted against the defendant to assure payment of the balance. Well, the defendants lawyer was impressed and amused by the way that his opponent had presented the case. And his defense, therefore, was somewhat different from the way that he originally presented to present it, Your Honor, he said, My client agreed that the lady has a fine piece of property that he did rent for such a time, and a degree of pleasure was derived from the transaction. However, my client found a well on the property around which he placed his own stones sunk a shaft direct to the pump, all the labor performed by him alone. We claim these improvements to the property were sufficient to offset the unpaid balance, and that the plaintiff was adequately compensated for the rent of the property. And we therefore as the judge would not be granted. Ooh, I like that part about the young lady's lawyer answered thusly, Your Honor, my client agrees that the defendant did find well on the property, however, had the defendant not known that the well existed, he never would have rented the property. Also, upon evacuating the premises, that vendor removed the stones pulled out the shaft took the pump with him. In doing so he not only dragged the equipment through the shrubbery, but also left a hole much larger than was prior to his occupancy making the property much less desirable to the others. Oh, we therefore asked this judgment be granted the judge's decision, he provided two options, pay 125 Or have the equipment detached and present it to the plaintiff for damages? Benefit 100 Right. I'm just meander, because I did that whole thing? Without even swear word you did? And nobody would. That's how you can be clever, clever, clever writers.

J Jimmy Carper 28:31

Yeah, I'm impressed.

P Peter 28:33

I thought it was cute. And now when I start telling everybody how the middle finger came to be, oh, my we may end up not being so impressed.

J Jimmy Carper 28:43

Tell me about the middle finger. Yeah, what's the sum? I think we were talking about bumper stickers and my favorite one was Honk if you want to see my finger.

P Peter 28:55

Oh, wow. Really? Well, before I tell you about the middle finger. Yes. There are a couple of other ones. Oh, okay. These are well, we had this little birthday thing. And we did talk about yes, some growing old things. Well, some of the things you learn, I guess. And some things we saw on bumper stickers and whatever we have been engaged in finding these of late one of them is don't sweat the petty things. And don't pet the sweaty one tequila, two tequila three tequila floor. That was

J Jimmy Carper 29:33

that's that's what that's what, wherever.

P Peter 29:36

Wherever. What do you do? Well, after I clear it out, even if man evolved from monkeys and apes, why do we still have monkeys and apes? Good didn't know just the question. And if a mute swears, does his mother wash his hands with soap Ah Oh So that's one for Rainbow two clubs think about for the rest of the evening. If someone with multiple personalities threatens to kill himself, is it considered a hostage situation? They're up all night thinking about these ones. I can't imagine. Isn't it a bit unnerving? The doctors call what they do practice. Yes. very unnerving I found that not just to you know, and where the forest rangers go to get away from it all to the city. They could be and why did they lock gas station bathrooms?

J Jimmy Carper 30:31

Joe who's got Yeah, well, they got to steal in they're

P Peter 30:34

afraid somebody's going to clean them. And that for real? And if a turtle doesn't have a shell, is it homeless or naked? Just something I've been thinking about for years and had to share with radio audience here. And can vegetarians eat animal crackers? Out? Probably not probably. Yeah, the big question. And please the rest of mime do they tell him he has the right to remain silent? See these weighty questions Can you imagine people driving over the bargain want that idiot trying to mess with my head shit I can barely drive and this bird asking these weird asked questions Why do they put Braille on Drive Thru bank machines?

J Jimmy Carper 31:20

I you know they do. I have no idea

P Peter 31:22

put them on walk up once you find the downtown there's slippery concrete. Yeah. And my No I have thought about this one for quite some time. Yeah, it follows hot on the trail of the Braille bank machine. Drive thru? Yeah. How do blind people know when they're done wiping? Ooh that's somebody slide through the red light and Allen Parkway what was the best thing before sliced bread? I can't imagine. I mean, yeah, there are people going home in their cars tonight gonna be up all night thinking of this stuff. Puking and pondering the answers to these questions. One of the nicest thing about EEG is egotist they never talked about themselves. And age is a very high price to play. For maturity. Yes, it is. Oh, in

J Jimmy Carper 32:31

no guarantee that you get it. Yeah. And you

P Peter 32:35

know that I think this I found this to be classic. I have some friends that are really, really into this. Women Are From Mars and Venus or whatever. I don't know what the real line is. Minar from Earth, women from Earth deal with it. I like that. Yeah, that's pretty good. At all. Now, this is a good one. This is this is one of my other favorite ones. Yeah, this is a truism. Okay. Give a man a fish and he'll eat for a day. Yeah. Teach him how to fish. And he'll sit in a boat and drink beer all day. Yeah, yeah. Yeah. And do pediatricians play miniature golf on Wednesday? I don't know.

J Jimmy Carper 33:22

It would seem logical

P Peter 33:23

when there's an accident. I just came up on our screen with Imran Montra somebody before they invented drawing boards, what do people go back to? If I think about candy, I wake up thinking and do infants enjoy infancy as much as adults a joy adultery I don't know. I just don't know I keep thinking an answer to this question. If all the world is a stage yeah where's the audience know I worry about this stuff. That's why I don't have anything better to do and Friday to go to know and the classic yeah all the people out there who are preparing to go to the ER just when I got back from I forget what it is the Woodstock redoing yeah is still still going going on? Okay still going on. If God dropped acid What do you see people

J Jimmy Carper 34:30

probably know he probably would have been what you know what?

P Peter 34:34

He went through all that Genesis creation of Yeah. Yeah, dogs. I never call it cat a cat. Fence, right? I think that But aren't those cute? Little fun? I think they're just too cute and I lay awake at night thinking just thinking of this thought thinking I'm up and thinking him through I mean I sometimes just and I left a million I'm out God knows I'm it's wonder

J Jimmy Carper 35:00

Have you had a couple of blonde jokes before? Oh, yeah. And I found one I forgot that I had it. John gets a call from his very blonde girlfriend, Buffy. I've got a problem says Buffy Luffy

P

Peter 35:16

of love looking for blah.

J

Jimmy Carper 35:19

What's the matter is John Well, I bought this jigsaw puzzle, but it's too hard. None of the pieces fit together and I can't even find any of the edges. Well, what is the picture of s John? It's a big rooster replies, Buffy. All right, I'll come over and have a look since John. He goes over to Buffy SAS and she greets him at the door. Thanks for coming over. Buffy says that she leads him into the kitchen and shows him the jigsaw puzzle on the table. John looks at the puzzle and then turns to her and says for heaven's sakes Buffy but the cornflakes back in the box.

P

Peter 36:02

And let's go to bed. What's this what you do a whole lot better than the game over there. This little problem found that's got to be okay. Oh, he's trying to clean that. Oh, ceiling fan.

J

Jimmy Carper 36:29

A little bit earlier. I was mentioning something about that. The Salvation Army song in town. You remember that song? Yeah. You know, I had to get it with me. Yeah, well, throw another nickel on the drum, save another drunk get drunk and bomb something like that. Oh, well, I ended I was that I got a call from Sam over at the community resale shop.
