Connie, Peter, Jimmy Carper

Connie 00:01

Bunam She's killing me to all those stories about her kids and her husband

Peter 00:06

and all those stories about those portable children work on their failed things with Mexico maker damn clothing line,

Jimmy Carper 00:12

that that, that bed that that she and her husband do the bed they do it in the bed. There's some commercial that they do together and he's got more makeup than she has.

Peter 00:30

Okay, well, you know, she was in one big controversy when when she was found for abusing the child labor law where they'll miss the death of making her clothing. Then we went from that to her now her contract negotiation and whatever whatever. Anyway, it's us sharing the stage with kooky Kathie Lee Gifford is enough to drive a man's blood pressure sky high and that's why the rattled Regis Philbin is quietly working behind the scenes to coax the honchos at his live Morning Show to dump the Go host say insiders, who would they bring on? Well, we don't know. It's down here in the article somewhere. There's a few people that that are in the running, I guess. But anyway, he said he likes her but that she's beginning to really get under his skin. Well,

01:14

then you say about somebody you like, yeah, right. Yeah, but you're

P

Peter 01:19

driving me crazy. But like you. Sort of like us, right? Like, yeah, but then every time when you're not here, it just pisses anyway. You met showboat cruise. Gotta get off that cruise. With the history of his heart problems. He knows he must keep his stress level in check. He's often joked on the air that Kathie Lee is killing me. But behind the laughs there are serious concerns about his elf. So he and wifey dear whoever his wife, he dear. He's He's done his best. They say they've got a wife who could put up with him. Well, he does. And she comes on the show evidently now. And then when Miss Kathy is out dealing with their law problems for child labor things. And she comes on and they don't evidently are just wonderful because he adds to that. Joy. That's his wife's name is a wonderful partner for Regis after a stressful day on the set. Thank goodness. He has heard it the home too. Oh, wow. Whoa,

C

Connie 02:17

let me tell you I ran into Kathy on the cruise. Did you I did. We were at the dessert table. And they know. She told me that really? This joy woman is trying to oust her. Once the seat.

J

Jimmy Carper 02:34

Yeah, I don't understand that. Yeah, that's what it looks like. To me. That's That's

P

Peter 02:38

it. And the article sort of leads that one to believe that and it goes on about who evidently they they gone off to some resort for where you eat healthily and get yo. And what Regis has done is he's learned yoga. And he does MIT guided meditations, putting himself in a dark room with and

J

Jimmy Carper 02:57

I wish he would do that much more often in real

P

Peter 03:00

life. And that but he then he can get Kathy out of his life because he's in this dark room. He discovered this one right there, then she'd never at the luxurious Phoenician resort in Scottsdale, Arizona, he and wife Joe he now he's 63 enjoys 5253 Oh, child, he's no queen. Anyway, he loved the yoga class. And that's what made everything just wonderful. But they're trying to you know, get rid of him. So, my thing is, you know, like, Connie, if you don't start showing up, we're gonna I'm gonna start having heart problems, and then we're gonna have

done have to figure out a way to get you a new lesbian. Anyway, but as we ran through this and turn the very next page of this fabulous tabloid where we found this stunning article, we found another special thing for our lesbian friends out there.

03:57

Tell us about it.

P

Peter 03:59

The caption the big and huge bold letters is lady's nails grow so long and hard. They you're using them for a screwdriver? What? Yes, yes. A screwdriver. I think?

J

Jimmy Carper 04:16

No, that's not for now. I

P

Peter 04:18

think it could be can you imagine all of them out there working on their, you know, on their cars and getting a greeting whatever. And then instead of having to run Can you get me a screwdriver, just put that little finger on there and, and just, you know, they could?

J

Jimmy Carper 04:32

Well, maybe one finger I mean,

P

Peter 04:35

but there's this product that you can buy

C

Connie 04:37

right now grow and I'm wondering, Peter, if you could apply some of that to your penis and give

P

Peter 04:44

me if I could use my penis as a screwdriver. I would just be more than I know and then, I mean, if you can paint this on and have fingernails that you You can unscrew screws with Hey, I mean I'm telling you just think and for \$3 Well it's not wait it's really 1295 and then \$3 for shipping and handling and you can send off it's in Taylor Michigan no less I'm sure that that's plates I'd

like to send for nails anyway and it covers a multitude of other things outside of turning your nails into screwdrivers. It will handle funguses and turn those green toes white again and Oh, really thrilled you could use hints in this fab. I mean, we found our research department not only gives us fun believable front side things but backside things I mean, Peter particularly likes the backside Peter particularly likes the back kind of thing. Peter is still little cotton hills just his little Easter basket is bulging. Not like your TA TAs. Anyways it now we have little eggs and little candies. If anybody wants to inquire about Peters basket

06:07

nobody's been inquiring about Peters basket for quite some time.

Peter 06:11

That's why his little cottontails coming out to see the forest gift ever feel mines? Wow, man, what's the rest of that down? Very writing in the press guy and she said little ratty FUBU I don't want to see you run through and if you do that one more time. I don't know what I'm gonna turn you into a goon

Jimmy Carper 06:41

I am like last and well there's this little there's this little girl at the car longer grand.

Peter 06:46

Wait, there's this little story watch and the moral of the story is hair today and goon tomorrow. That's it sounds like each other it's a little it's a little thing you learn in first grade like it's a busy spider. Oh, well it's little rabbit food who ran into for scooped up feel by some slapped on the head. Down came the good fairy. And he said to you they won't run so I'm gonna turn you into a goon and you do that about four times and then finally you say the moral the story is here today going tomorrow.

Connie 07:14

Watch out Aesop. Barney move over.

Peter 07:24

On those electric underpants I think I need a shock wave of smartness. Somebody called my vibrator that knows my number. Quick. It's in my pants. I'm going to shove it down between Connie stop. Oh no.

Connie 07:40

Connie 07:40

Not the thing that's been in your pants all my life.

Jimmy Carper 07:47

mean the vibrator?

07:48

That's what we're talking about.

Peter 07:51

It'd be like sort of playing windshield wiper. Or motorboat? Don't you lesbians? play those games? Yeah, you know put your face rather than go she lost her headset on that one shoulder or windshield wiper? What's that? Well, the same sort of area in the base test. There we go. Alright, of course you have to see this on TV where it goes one side to the other side.

Connie 08:22

play those games I've never knew the name for

Peter 08:26

motorboat and windshield wiper. I used to play when I was in high school,

08:30

but the girly

Peter 08:32

straight then. Before I knew what I really was tell me you didn't do this. No, never. No wonder your writing tell you

Jimmy Carper 08:47

tell you the kind of fact that I am. Oh Jesus when I was four years old. I got caught. Oh, having oral sex with the four year old boy down the street by his mother. For for how I knew you are a prodigy.

 **Peter** 09:08  
You are wearing the most smart bands from the time they're born

 **Jimmy Carper** 09:13  
and then the next year I went to school and every year I fell in love with some boy in my class.  
Wow. Every year Josh

 09:22  
for the new about Jimmy every every

 **Peter** 09:25  
week every No wonder he's the Grand Marshal Yes. Oh my Jesus anybody? I mean I didn't i  
mean i The strange thing building blocks or something for I don't know what I was doing before  
but certainly what

 09:43  
I'm trying to figure out a way to perform on your own

 **Peter** 09:50  
coach's child Yes, you were a baby something.

 **Jimmy Carper** 09:54  
The thing about it all is looking back on it. I never heard the word homosexual until I was 15.  
And so

 10:02  
I would they do say little Jimmy don't do that.

 **Peter** 10:05  
I knew well Jimmy, thank you.

 Jimmy Carper 10:07

I think after after, after that I knew not to let anybody know I was doing this, but that's certainly after age 12. I did it in earnest, with a lot of hurt with earnest. But it wasn't until I was 15 that I heard the words and it was like a revelation. Like, this is what I am. I'm home. It's great.

 Peter 10:29

I'm home. Now I'm writing it. Because I started to know you're writing in to pray because you have given more to this community than anybody we met. Thank you. You're too wonderful. We can joke about our little whatever's but while I was out doing building blocks and raking the yard, you were out. Yeah, and everything. That's right.

 10:55

And we salute you for it.

 Peter 10:58

It's just the whole communities that have come out and wave at you and salute you for it.

 Jimmy Carper 11:03

To this day. I do I have no idea how I knew what to do at four years old. Well, no idea.

 Peter 11:12

I don't know. But that's an interesting story. Therapists would have a wonderful time.

 Jimmy Carper 11:17

The most natural thing in the world for me? Really?

 Peter 11:20

Yeah. Didn't even start out with mom's clothes or anything. Wow. Oh my God. Isn't that amazing? Amazing. Usually you don't you'd like to play in the kitchen wash do things like that. Work palms a lot. Clean your room decorate. Decorate. I was good.

 Jimmy Carper 11:45

I know that's that's that's the stereotype.

Peter 11:47

It is I know. And I was I have access to a lot.

Jimmy Carper 11:51

A lot of gay men's apartments and they don't do not know their first thing. Thank you. Great.

11:57

Thank you. Whoa, that's it. It's

Peter 11:59

sad. A myth? Yes. Of course. All lesbians know exactly. The decorate right?

Connie 12:06

In my house to see some nice things. Really? Well, I was raising my game and so

Peter 12:12

whenever you whenever you decide to pick up

Jimmy Carper 12:18

let's go to another piece of music

Peter 12:23

are we doing more gems so we get a split out? I'm gonna

Jimmy Carper 12:26

do some more channels later on later on. Now right now I got a special request. Did you Tony in North Houston, North Houston wants to put give a shout out to his brother Eric and his roommates in the halfway house called New Beginnings. New Beginnings. I've heard of that.

 Peter 12:41  
I've heard that place. Yes.

 12:43  
I mean, did you just say shout out?

 Jimmy Carper 12:45  
Yes. That's what's written here.

 Peter 12:48  
Okay, big right.

 12:50  
Sure if that was your vocabulary or the colors? Well, every

 Jimmy Carper 12:53  
time I use that word, shout out. Everybody else is like, looking at me funny. You know? Yeah, no.

 Peter 13:00  
But you know, isn't it interesting, like all the people have called in tonight are from peripherally 1960, north, north out Richmond. All over around about out there.

 13:14  
So a big shout out to those guys. Yeah, really. Thank

 Peter 13:16  
you for listening to Peter and Connie, Lingus show and Jimmy Carr print all of us here just being nerdier than usual.

 Connie 13:23

If you can't get to the heart of Montrose , we'll bring it to

**J** Jimmy Carper 13:25

you. Really, that's what we did. That's what I'd like to do on the show every week, bring three hours pack into three hours, a whole week's worth of queerness queer

**P** Peter 13:35

emotions. And next will be well let me tell you, good, bad, indifferent.

**J** Jimmy Carper 13:39

I mean, yeah, they're truly serious here. And there are lots of times we have to do memorials. Lots. Yeah. And I really hate that. But I mean, yeah, important to do. But

**P** Peter 13:51

I just wonder if there's some people that are like inside the 610 loop listening to this show?

**C** Connie 13:58

They'll probably on their way home? Well.

**J** Jimmy Carper 14:04

I'll tell you this show. Originally the idea for this show. Was it because because it came on originally at 2am Oh, 4am

**P** Peter 14:14

Oh, and it was for people driving home in their car.

**J** Jimmy Carper 14:18

People who gay man, especially who had been to the bars and went home by themselves. And they had been out all night and then they were all alone. That's what this show was geared for. But that never had God

**P** Peter 14:30

knows they couldn't have picked three better people. You Me and Connie to do this show. Going Home Alone. Never happened that we're married, so you don't have to worry about it. But me and Connie Haniel you're married, folks, the only one going

**J** Jimmy Carper 14:42

on folks that went to the bar, you know, never really never really listened in. But all of the people in North Houston and 1960 and all of the outreach areas

**C** Connie 14:54

well, they were probably just too drunk to find the station. The queers on the airwaves

**J** Jimmy Carper 15:05

that's right anyway Tony North Houston. Hey Eric and your roommate at New beginnings and I've got a music request to from him by D rain and he wants to dedicate it to Eric and his roommates cool. And it's a great song I love playing the song it's good things can only get better.

**P** Peter 15:26

Yay man baby

**J** Jimmy Carper 15:34

things can only get better. That's for Eric and his roommates.

**P** Peter 15:39

Who

 15:41

I love that song. Yeah. very uplifting it is beginnings

**J** Jimmy Carper 15:46

Oh New Directions I'm sorry

**P** Peter 15:49  
name Felicity new direction that's what you said. Well, there is a new beginnings to somewhere  
I

**J** Jimmy Carper 15:55  
now know if they're listening we presented today I get called back it's new direccion new  
direction

**P** Peter 16:00  
January that is okay. And there's a new beginnings new directions we can send it out to him all

favorite KPFT program?

**C** Connie 16:42  
Well we know what your favorite is.

**P** Peter 16:43  
If you listen, if you're listening at this little moment,

**J** Jimmy Carper 16:46

**P** Peter 16:49

17:11

well. Oh, baby.

Jimmy Carper 17:13

What else is going on?

Connie 17:14

We got some women's stuff. Oh, good. Good. Good. Good going on. The desert hearts women's festival held April 11 12th and 13th. Coming up. It's camping. Under the Stars fun in the sun. They're gonna have camping in the woods concert. And then the stars people like Veronica sister be Renee Russello, Mary Reynolds, Nancy Scott, and more will be there. Almost 300 women came to the October festival so it's scared to be guaranteed to be a good time.

Connie 17:46

it's a woman owned scene and killed country in the scenic Hill Country about 50 miles northwest of San Antonio. Ticket early ticket sales are \$50 until well, we missed that February. Oh, well. They're about up to \$70 now till April one. Well, we're about to miss that. So 75k That's basically what we're looking at. If you haven't.

Jimmy Carper 19:03

Leah de Leiria Hello. Hello, Leah hilarya. And she will forever forever be remembered by me from the March on Washington speech. Oh, she talked about Hillary Clinton and I mean, what did she say about her? She said isn't it great to finally have a first lady you could screw Whoa. And that got everybody's attention through either.

Connie 19:35

Oh, hey, right fill in the blank. Yeah, libs. Speaking to Hillary I saw earlier tonight on some on a presidential you know, they they honor people for arts and stuff and she was there with Bill and she was just in that ugliest dress. Really to see that because sometimes she looks really good and And there's I mean, she,

Jimmy Carper 20:02

I think she's a very nice looking woman. I

Connie 20:04

think so too, but they put her in this big blueberry dress with a big bow and fry. Like she stepped right out off a Little House on the Prairie. Yeah, obviously was something Barbara had left in the class. Hillary added tagged and put it on a big tech guide. She loved the bird in the drawer.

Peter 20:31

Look like a big blueberry cupcake.

**C** Connie 20:34  
But I noticed clapping and one of the performances and it looked like he was leaning over and telling her about her dress.

**P** Peter 20:41  
Get rid of that ugly bow dress now you know I go out with other women

**C** Connie 20:52  
I heard why it was was it Billy Crystal who said on the Oscars the only person who is guaranteed to wake up next to statue tomorrow morning. Tipper Gore

**P** Peter 21:06  
I'm not sure I get it.

**C** Connie 21:08  
Al Gore statue, not funny. No expression.

**P** Peter 21:11  
Oh, oh. Hello. Thanks. Fanny's during the break. Put those lectric panties back on please.

**C** Connie 21:21  
So anyway, said the Texas lesbian conferences may 16 through 18th at the Renaissance Houston Hotel. Let's see if there's an ember something you can call hear me make.

**P** Peter 21:32  
Live on the year well, looks for number

**C** Connie 21:36

**P** Peter 21:44  
Um, Cool, Cool. Thanks about the what the Texas lesbian complex is lesbian Conference, which

Hey, Cool. Cool. That's about the what the Texas lesbian complex is lesbian Conference, which is like out in the prairies. We've been talking about camping.

 Connie 21:53

No, no, this is Renaissance Hotel Houston.

 Peter 21:57

Oh, the other one was out in the middle of the

 Connie 22:00

desert hearts woman festival. What else we have going on? Do

 Peter 22:03

you know another word for dildo?

 Connie 22:06

I know many words. What's your A Prairie Home

 Peter 22:08

Companion? Anyway, listen, did you know that well anyway, somebody handed this this to that end twit. There's an article about in the live looks at rural gays corporate policies. So evidently, in April and May episodes to air in Austin, Dallas and Houston about corporate policies like the Disney people Chrysler Corporation and other like that. So this show is going to be on April the sixth at 930. On Channel 20 in Austin is going to be on kuh T which is channel eight in Houston. At 1230 or Simon I can't read this whole mess.

 22:56

I'm gonna get the bifocals theaters Chenery.

 Peter 23:00

Sunday, April 7 12:30am. That is after midnight on Sunday on KUHT. channel eight, Houston, they put it on a real time everybody wants to watch it. And so yeah, that's gonna be on. And the other big thing that's coming up is Connie,

**C** Connie 23:15  
the ninth annual Houston Conference on AIDS in America.

**P** Peter 23:19  
Yes, sponsored by all those fabulous people on on and on call. Yeah. Like Dr. Gary Bruton really was fabulous man in the city. Best of luck right now. And crowfoot and his assistant and although or not his assistant, but another guy and on call and Patsy Lovato and Adria, casetta. And all those wonderful people that on call. Yeah, that's every year and it's an excellent, excellent, excellent conference number we can well it's just going to be at I think it's going to be this year at the GA or if I'm not mistaken. I think well, I saw something to that effect. And I'm looking at this gigantic thing right here. With Rios and Bruton and crowfoot and nemecheck and cassava and ribbon and Sivan and all these people putting on this fabulous thing. Dr. At the George R brown Convention Center. Hello. This is big time they finally moved out of the Shamrock Hilton or Mater wherever this place and now we're typing big time here. And it's going to be on Friday, April 18 starting at 7am with registration continental breakfast. Some of the big topics are understanding the dynamics of HIV infection using the anti HIV therapies, prophylaxis opportunities for infection, children and HIV management and treatment of Kaposi's sexually transmitted disorders, complementary therapies, HIV and pregnancy and then the big course the ninth annual Humanitarian Award, honoring them Name is project Houston. Yeah, I think that's nice. That's a big dinner thing that night. And let's see, the keynote address is usually by somebody pretty big deal from the Jewish Hospital, Montreal current. That's the keynote speaker. I'm trying to figure out what in the world she's keynoting wherever in the world that is, oh, overcoming drug resistant in treatment of HIV, which is good, because, you know, that's our big thing about how long is these triple cocktail things going to last. And then we have other stuff about Kaposi's and management of the tree and Hodgkin's lymphoma and all kinds of patient relationship, doctor patient relationship and all kinds of stuff. So that is on the 18th and 19th, the Friday and Saturday at Georgia Brown, and it is a freebie,

**C** Connie 25:52  
right. So they're just asking that in lieu of registration fees. Maybe we can make a small donation to the names project. I think so. Which would you know, that's, that's great. And there's a little, little something in there from George Foreman, a good personal friend and Dr. Rios. They used to box together. Okay, yeah, go back all the way. If you ever received Foreman fights, you'll see Dr. Reyes in the in the background. Wow. He's his doctor.

**J** Jimmy Carper 26:17  
And you're listening to all of this on after hours queer radio with attitude on KPFT Houston and ke O 's College Station. Brian, what's that echo? College Station? Oh, and it's not big enough to go to Brian. Oh,

**P** Peter 26:33

really? I thought they were right next to one another

**J** Jimmy Carper 26:35

day. Oh, are they are they official? The oficiales? Just Oh, okay, station.

**P** Peter 26:42

Well. Anyway, so that's the ninth annual Houston Conference on AIDS. That's gonna be a big, big, big, big, big deal. Don't miss it. Be there be square, if you're not. And let's see we Oh, and we as we mentioned earlier on in the evening in case you are just now riding home and your auto from closing down every bar in town. We were talking about the fact that Jimmy Carper, our producer has been named the Grand Marshal of the gay and lesbian. So excited about so So

**J** Jimmy Carper 27:13

Jimmy Carper is so and I'm sharing that honor with Deborah bale. And I feel very honored to share a podium with Deborah pail. She's Deborah Bell who used

**P** Peter 27:26

to share a podium or car.

**J** Jimmy Carper 27:28

Well, I don't know what I'm sharing with her. But I'm sharing an honor Certainly, certainly. Yes. And Deborah used to host Wildenstein here and she was like the CO head honcho for the March on Washington. And I mean, she's done a lot of big things.

**C** Connie 27:44

Yeah, definitely a lot of big things. Deborah also has known me since I was a little less No kidding. Training. What not when exactly you're gonna be your duties as

**J** Jimmy Carper 27:56

the marshal to ride in the parade and wave and login. Yeah,

**P** Peter 27:59

that's gonna be the parade wave

that's crown that's pearls wave.

Jimmy Carper 28:02

And it's an honor position. It is why I really feel Yeah.

Peter 28:10

It's really, really neat.

Jimmy Carper 28:13

You can't I can't even describe it. Yeah, I think because I've got a list here. Let me tell you. Tell us Do

Peter 28:20

you know though. I was gonna say

Jimmy Carper 28:21

10 or 11 years, like in 1988. Bruce Cook and Eleanor Munger? Wow. In 1989, Charles Armstrong and Betty Naylor, okay. 1990 Walter Carter, owner of the BRB who recently died and a nice Parker 1991 Jack Jackson and Jane Harrington shared it with Linda Morales and 92 it was Brian Keever with Sherry Kohinoor bone writer from the voice 1993 Brian Bradley and the Reverend Carolyn J. Mobley. 1994 was Jay Allen and Sicily when 1995 was Don Gill and Suzanne Anderson and last year was Bill Havard and Jeanette Vaughn. So I am in unbelievable company.

29:17

Can I tell you you have no

Peter 29:18

reason to feel that you are not right up there and worthy because some of the letters that I've gotten in calls and everything from the thing they all just go into all about you and thanking you and for bringing the sound and done other than for all the years it's gone down the portal kids listen to their blankets with their little headsets and all this and that and the guys in the prison and whatever. I mean even been this long before that is Connie and I have been ever thought about thinking anything that is

Jimmy Carper 29:47

**J** Jimmy Carper 29:47

a wonderful and high I'm always thrilled every time I hear somebody come up to me and say Oh, I you know I listened to you. I'm now in college and you know I listened with the headsets and and you're

**P** Peter 29:59

I mean, there's articles in the twit this week from their last awards thing, which was the probably the most phenomenal so far biggest collection and a lot of one Steven's house Omega house. And those guys just really do now throw a party to fun. And then tomorrow as long as you're doing calendar and bulletin board is bunnies on the Bayou bronies which not to be missed. I mean, where else can you see 4000 Steaming men and women in shorts and tank tops, sweating

**J** Jimmy Carper 30:44

**P** Peter 30:47

blast and listening to music and running naked across the fountains and

It's gonna be a big, big fun thing. And they get some other thing about I don't know. It's something about a turnaround thing. I don't know what it's like all the big jocks go into Oh, they go they ran into dry. That's another big fundraiser thing they got because they want to send some of their big big teams. I mean, I know. Like I know because a friend of mine played with the briar patch crowd and they went to San Diego for the like the big playoffs. This is like major Yeah, yeah. And so they you know, and they're getting ready to go to Boston so they gotta make some money to get themselves right so it's gonna be big file.

Jimmy Carper 37:14

your pocket that you didn't know what to do with so you headed over to cuties

37:19

First chance at Tata has
