Anyway, y'all we're talking about needing players for 2006 Gay soccer. I don't know anything about that cleats and mud. Sounds like a good time. If all goes my way, I'll be out sometime in the start of 2006. Can I sign up to play? Just in case I'm out there in time. Just to Sarah, you were talking about the nine year old boy that is dressed like a girl when he's with his mom myself. I think maybe the parents are fighting over the boy and the mother thinks that if she can make the father think the boy is messed up or some kind of crap, then the father would just give up and say you keep him it's not my son anyway, blah, blah, blah if he's wearing a dress. Just that's not what happened because the father still loves his son. He might not understand it, but he loves his son. You're right. This is messed up. You can't say that word in the air. Something that the parents or putting the that the parents are putting the son in the middle. I only pray that the boy will grow up and just be himself and follow his heart. No matter what. Also Sarah again. Mighty Aggies. No, I never went to college, but I'm still an Aggie at heart. Now this is to everyone there if you can ever go somewhere as Chris just did to New York. Can you please take pictures for me since I'm only a Texas boy. I've never been anywhere but here in Texas. And I would love to be able to see the sights especially with you in them. And can I get you get you to also send me a KPFT after hours group photo that I might be able to see all of you please make a note of who is who. Okay. Sorry about that. But I think they took a little break. Sorry about that. I was thinking of y'all and got excited again and had to get my mind off that. So I might be able to think straight again. Well around here we don't think too straight but that's okay. Except from it. I guess I would bring this to a close. Get out and get out of your way. Always dirty love. That's it.

Matt 02:13

And one for Smiley. Jim, Chris, Roy, Steven Stacy, Joe, Robert and JD and everyone else within range of this ladder. Can you believe it? Another week at few left? Coal towns beautiful skies. And lots of other things. So what's up with everyone? Jimmy still smoking?

Chris Harrison 02:20

And you know I see these 18 year old boys and they're all pissin and moanin that there's no women watching them. And it's like I want to get on there and say look, women are smarter than mad watching you toss your toss your meat isn't going to get them excited if she wants to. boyfriend is now my girlfriend. He's made a simple sec to trade. He was a cutie. Now she's a beauty. He was my husband now she'll be my wife. Ah, though it sounds a trifle strange. It was just a little E and she has to literally live my life. My ex boyfriend is now my girlfriend. My mighty hero is. Marry me. A boyfriend is now my girlfriend. He was a super macho man who stray. He was Aladdin. Now she's a lady. He sells his internal, paternal, maternal, paternal, nocturnal Eternals drive the same person to the teeth, believe it different underneath II and she is still a true love of my life. Everybody, my ex boyfriend is now my girlfriend. And she is worth a weight in gold everybody. My ex boyfriend is now my girlfriend you too. She'd make a fabulous Playboy or playgirl center for my mike tyson became Madonna. And like Madonna is gonna be my wife, my former champion of the world as become a Material Girl. He also like true love of my life. Truth or Dare indeed, this is an American life. My friend you listen is now my message. My Urban Cowboy has become my wife. Though my spouse around the house is wearing blouses denim trousers. He is still a true love of my life. Though my buddy is a BD who gets good at this did he and she is still the true love of my life. When the church bell sounds my do you make a lovely bride and he and she is still a true love of my life? Yes Which in time saves nine It's so tender to surrender to my slender gender Bender he and she are still the true love of my life. Some alterations in T are still literal love my life. My mr.

12:27

is assessed. You see? The TRUE LOVE MY LIFE. If you think he was gorgeous, where do you see her?

c Chris Harrison 12:45

Okay, that was my ex boyfriend. And that was by Chuck Prentice, who has been performing this song has been performed by Chris Barrett at the Stonewall bistro in Manhattan. Which I think I stepped into and was given a New York welcome.

J Jimmy Carper 13:08

Yeah. All right, just a little goodie, Somebody just sent sent to me and said that if you get a chance to play, and I thought it was kind of cute. Kind of a one joke sort of but also

14:09

You know actually you mentioned Stonewall one day my friend and I were sitting and talking and this Tina Queen decided to come up and sit with us. And I said something about Stonewall and this kid says to me I was that the wall they knocked down like oh my I was offended. It was sad. Wow. That's cool, you know, the

14:37

back to the politics. Oh, yeah, no, they're not talking to me.

Chris Harrison 14:44

That could be worse. They could say Stonewall Jackson, right.

14:48

Do you know something about politics? You know, we're stuff is that these days? Stonewall Travis? Yeah. I

14:57

actually met a stonewall veteran at the convention. And she's just an old black lady named. She introduced herself as Reverend Kennedy. And she's actually writing a book called Stonewall from the black side. So she didn't say what was coming out, but I'm looking for it. Cool. Cool.

Chris Harrison 15:14

Well, you know, during my time when I was in New York, I had, I tried to get into a stone wall. Unfortunately, it was too early in the day. So it's kinda like, I'd speak my head and the I said, we're not gonna go well. But when you step into the crystal restraints, like you walk around and go, Okay, where's the gay stuff? You know? About the clothes? Well, you can say is there's a vitamin shop on the one corner. Yeah,

15:44

I spent 20. New York and I've never been to the Stonewall. That's it. Yeah, it's very sad. I

15:53

was there and take pictures of drag queens out front. That was more than happy to oblige, man. It's like, look, it's the stone wall. I have to take your picture.

16:00

You've never been there because they knocked it down in 1990. Oh, wait, that was the Berlin Wall. I'm sorry. Thank you, Mr. Tina, Queen. Correction, whatever. It really doesn't matter.

16:11

At 990 It's all the same year,

16:15

depending upon his calendar you're looking at Yeah, no, I was still hardly walking.

16:22

Before this show is over. But we can hobble you in more ways than one around here. So take your pick. Hey, Mr. smacks if you're listening. We need the humbler again. Yes.

16:33

I'm a minor. I'm a minor don't come back. I'm a minor.

16:38

We don't care how you He will mine her if she comes back. Yeah, I have a question.

16:47

I have an answer.

16:48

I'm hoping maybe you do. The generation gap here. Maybe you can fill me in. Somebody can. I don't know.

Chris Harrison 16:55

You're just all about getting your gap filled.

16:56

That too, but that's happened.

17:00

For annoyingly flaming, really. Ans

17:03

did form then and then I got that one already. So my friend is reading looking for an apartment in San Francisco. And he comes across this really brilliant ad for a roommate in San Francisco blah blah blah, blah blah. But it was like two fam. Gender queers. What's the gender queer? Am I in the dark here? What is the gender queer?

17:28

I don't know. I'm in the dark about the whole gender thing Yeah,

17:33

what? I couldn't figure out what like and he's a straight guy going hey, you're gay. What is this? And I'm like, I don't know.

Chris Harrison 17:37

Send us an email if you understand what gender queer is somebody answered. Got the story backup hopefully here. Oh, we're I tease them with a story you know, we always enjoy the wonderful resource of news gathering services of the daily rotten.com And that's fine the wonderful story that did how far back was free to cats and it should be coming up here cutting off IRS bloodless top was protester in Australia. bloodless Yeah, Johnny what? Johnny Ramone died

18:25

oh god rest his soul

18:27

didn't know about that. Another

18:30

know about it either. Go apprentice rabbi.

18:33

I was so close to him. Alrighty,

Chris Harrison 18:35

here we go from the rottenness to files. This is from The Guardian, unlimited Rabbi dismembered by rent boy. For those of you because I was asked this by a friend who I said this rent boy is a prostitute. A trade tale. A trainee rabbi was struck strangled by a quote, tattooed rent boy type, unquote, and his body dismembered after a night drinking in a gay bar. A court heard yesterday. Gifted linguist Andre Hynes limbs and heads have been sown off and wrapped in bin liners, trash cans trash bags, and put out for the dustpan. Garbage Collector. Do I need to keep translating it?

19:21

Okay, you don't need to keep reading either. Yeah. Yes,

19:23

you do. Come on, Do Pal. He

Chris Harrison 19:25

denies murder but he had missed the manslaughter. He described as choking his victim to death by laying him out with a martial arts kick. So this is all off. I guess it's Mr. Lawson say Mr. Hines was a gay man. This is the rabbi and Trent training, right? Yeah, the rabbi in training was a gay man who spent two to three evenings a week at the black cap gay bar near the Camden tube station. The night before his death he arrived at a place at about 11pm and spent some time drinking alone. The guy who's accused us as a um, is a somewhat unkempt rent boy type with tattooed arms. And what they thought was a Scottish accent. That gives a

20:11

whole new meaning to the phrase going down the tubes.

 Chris Harrison 20:17

Given her, God, she can't take no more. Wow,

 20:20

how much longer do we have? minus

 20:25

seven minutes minus five?

 Chris Harrison 20:27

They did. They did find him with a skullcap and credit cards. So because that's how they figured out he was the Rab

 20:34

is wrapped in 10 line but so did they catch this written? Boy is he's

 Chris Harrison 20:38

on trial. Wow. He says he says diminished responsibility because he was drunk. Oh,

 20:46

that makes all the difference. But you know, they can get away with Harvey Milk being murdered because a Twinkie is so why would an alcohol makes sense for a rabbi?

 20:54

Wait, you said you said he laid him out with a karate kick. Did he? Does he give an excuse for why he kicked him? such a way that would kill him? Well, not

 Chris Harrison 21:03

just that, but how on the road to kick there was able to remove his arms and legs and the hands. Oh,

 21:07

21:07

well, you said he admitted he admitted manslaughter right. Yeah. I mean, I'm just wondering why he would he perform a kick that could kill someone and how that would relate to strangulation.

c

Chris Harrison 21:19

He doesn't he doesn't understand, you know. He sat with him all night have so quickly. I don't understand. I've been having nightmares. I'm not a violent man.

o

21:29

Of course, you just cut them up into pieces. They The devil made me do it.

c

Chris Harrison 21:33

The Dead Man's Hebrew numbered watch was also found with a briefcase. And when he kept the guy around them wow, got a loving listen.

o

21:43

They had to mention that the watch was in Hebrew numbers

o

21:47

to precise

c

Chris Harrison 21:50

you know, anyone can buy a watch but okay, what's a Scottish tattooed red boy going to be doing with numbers in you know, with dreidel text on them.

o

21:59

Oh, this is true. That makes sense.

o

22:02

Determined no no pen compelling right now.

o
