S

Stacy Bolding 06:21

No. Okay, good. I do have a girlfriend. You do? I do have a chicken. I'll leave that for your own experiences.

06:33

We were already told.

H

Howard McHale 06:35

We were already told well, I was one of them. My father sat me down many many years ago and said, Howard, let me tell you one thing. I said what dad he said, a penis is inserted into a vagina. And I said, Oh, yeah, what happens then? And he never told me. I guess what happens?

 **Stacy Bolding** 06:52  
Are you looking at me?

 **Howard McHale** 06:58  
Because I've always I've had this infatuation with bras my whole life, too. You know what I mean? I know that I know. They move and they jiggle. But is there a sensation?

 **Stacy Bolding** 07:07  
Do you have sensation in your breasts? No, I don't. I'm sorry. It must be awful. They're huge. Howard has huge hands off mine. No, I can tell. Oh, honey, you to put those in a leather bra. It was too high.

 **Howard McHale** 07:22  
I ought to put them in some Mexican hands. Okay, y'all heard

 **Stacy Bolding** 07:27  
the Mexican here I say no. Thank you. Thank you. I

 **Howard McHale** 07:34  
got cheap go. Anyway, moving right along more like a cheap guy. The crowd gets the crowd gets just a little wild. Jim, don't laugh. My feelings never hurt you. Okay. And Jim Griffin now not have to tell everyone what happens basically when Scott Lewis and I are here. And Dallas girls are fanning themselves. Don't accuse me of being

 08:01  
a parody to be from Dallas. Hey,

 **Stacy Bolding** 08:03  
hey, what's the big hairy deal? That's a Texas trait period.

 08:07  
I've just heard it

**H** Howard McHale 08:11  
was a trait anyway. twitching anyway, let me tell our audience what we're going to talk about tonight. Lee drumroll there will be no mention of large penises

**S** Stacy Bolding 08:33  
yeah

**H** Howard McHale 08:40  
Howard has let me remind you that you are listening to 90.1 KPFT Houston and 89.1 KEOS college Bryan. Yay. Station college station and there are new pickup I'll say hi to Xavier up there in College Station. Hello. I can't use his real name. You know them closet boys. How are you doing? Where were you? How can you relate?

**S** Stacy Bolding 09:04  
How come I was late?

**H** Howard McHale 09:06  
How come you were late tonight? I was busy.

**S** Stacy Bolding 09:07  
Thank you somebody's quick in this room wash

**H** Howard McHale 09:20  
tastes like chicken yeah I see the t shirt slogan. That's we're stereotypical male homosexuals. And we apologize because you're we welcome all kind of ideas and wants nice because under one umbrella we are a rainbow of colors and once because what happens is that in our community the rapping may be different on the outside, but everything is the same on the inside.

**S** Stacy Bolding 09:51  
And the two colors most that mostly get forgotten are black and blue, which are the most important colors in my opinion. Oh why? Why? Why because I enjoy yourself. But I'm also the single males sadomasochism,

H

Howard McHale 10:12

we'll get to that standard model.

S

Stacy Bolding 10:15

Now there's some people in that community believing that that's true.

H

Howard McHale 10:20

Okay? Calm down both you now it's your big hair. Now now Stacy, it is warm in here. Now in the US and now and I don't wanna get too much, because we're gonna resort to to s&m after our topics. We're gonna resort you just having your fingernails later. Not. I've always wanted to ask this because like anything else in sexual advances, there's always a top s&m person and a bottom. So are you a bottom or a top? So? Bottom? Oh, I think everyone in this room is

S

Stacy Bolding 11:01

big for yourself. No,

H

Howard McHale 11:07

anyway, on a serious note, gang. This is what we're talking about tonight. Okay, I have Scott and I, when we do the show, we get wild and crazy. And we sometimes take a real unserious side to life. And that's kind of fun, because what happens is that we all at times can be on sensitive to serious matters. But tonight we're gonna take a look at HIV, crush, crush, crush crush, people are going oh, oh, God, it's gonna be a boring show. Oh, no, no turn off, turn off. Don't care, because what we're gonna talk about volume. That's right. And for all of you who just flipped over from that Christian radio station, stay tuned. Better. But what happens is that the attitude of the whole world in general is that HIV positive people become HIV positive, and they go off to die. And there's a movement across the country and across the state, and which is just new to Houston. And what it is, is that it deals with the social aspects of being HIV positive, there are groups forming for cultural events, social events, which is for HIV positive people, male, female, straight, gay, etc. And in our in our studio tonight, gang drum roll again. brought you out there with your pencils on PC papers, we're going to be talking about a piece of papers, you're gonna be talking about some things that you gotta think, are waving again. For most of you who don't know this, but there is for you, for all of you who just look at the dirty pictures in the middle of twit. We have a group out of Dallas called positive personal since they're celebrating their second anniversary. They're in the house tonight. And positive personal is what it does. Basically, it's a social group for HIV positive people to male female, straight gay if I'm not my direct chairman, and the co founders, if I'm not correct, or founder and president

O

12:00

13:08

Dwayne Barnett and Bill Murdoch.

Howard McHale 13:11

And I'm just taking my job over here, Dwayne. Girls show up pushy. Yes, we are pointed to yet. And Bill Murdoch,

13:28

and we are missing somebody tonight. Because of his health. His name is Lance Fuller, he's not able to be with us.

Howard McHale 13:34

Okay. And what what we're going to do is we're going to talk about this movement, this the positive aspect of being HIV positive, because what happens is that it's not a sin. It's not a crime, and it's not a death sentence. But what happens is that there's an immense, closeted HIV community out here, and we want to touch them tonight. And we want to know that there's places to go his place to socialize also from Body Positive. Yeah. Body Positive. Oh, yeah. Stand back. Howard. from Body Positive Houston. Mr. Scott Clark, who had been on the phone with many many times and yes, yes, yes, yes, me and his friend Howard. Are you do daddy? Yes, it's about time you got to date I mean, they can put a man on the moon but they just couldn't can't put a man on you. Oh my time.

14:34

I know where you live. I know our secrets are hidden.

Howard McHale 14:40

Every year. We have we've got so much to talk about tonight and we're gonna wait knows where Howard lives. Everyone. Everyone knows what however, does that mean if my ex husband is listening, you can remove the restraining bond because the bricks will not come to your car anymore. I promise I've grown up First of all I want to talk about something real quick with Jim and Stacey because because we're gonna, after we head out for a while and do a little dance music, Sarah is going to charm us with some fine tunes. We're gonna talk about right now I want to talk a little bit about privacy because I wasn't here last week and you know being a member of the Privacy Committee and put together that wonderful Parade and Festival for you which Howard really wonderful don't pat me on the back. It was

Stacy Bolding 15:26

it was great. I just thought it was we need to do it in September or October so I can wear the

leather chaps and not die

H

Howard McHale 15:37

it Stacy I will tell you exactly why they we will not move ever moved the parade. I and I was speaking to a group in Dallas not too long ago, their pride committee, the Dallas tavern, tavern bar guild, etc, etc. Dallas tavern. Well what happened was many years ago for you all either don't know this, but one of the reasons why Dallas moved their parade to September was they were tired of being and Houston shadow. I never knew that. But we are the targeted Big Gay event in the southwest. And we have that as our date. The last week, I wish those queens and Stonewall would have would have picketed in the wintertime. Yeah, we would, then we then it would be an advantage. But hey, it's going to be it's going to be in June. We live in Houston. We like it. We sweat it we sweat like

16:23

yes, no animals.

H

Howard McHale 16:24

And Jim, I've seen you sweat oh a fat girl. You're just endowed. Big bone. Anyway, anyway, now remember, I told you out there to get out a pen and a paper pen and a piece of paper. Because this is what you're going to do. You're going to write down some names. Now this is interactive radio. And we're gonna do this for a second because some of you don't realize this, but there were a lot of doors open for the gay community this year and their pride committee. And I know you're saying yeah, Howard blown out your butt. But let me tell you what happened. I want you right in Stacey. Because tomorrow all of you are going to call Silver Eagle distributing company and you're going to say thank you for that sign on. Westheimer then you're going to call Coors Light. Do what does that call high, man, whatever. You're gonna call him. You're gonna thank him sponsoring part of the parade this year? You're gonna do are you aware that we had three radio stations in Houston sponsor us this year? We've done 96.5 That is six point. Yeah, you're gonna call them tomorrow. Okay, we got to slow down so they're ready.

S

Stacy Bolding 17:37

Yeah. Okay, got it.

H

Howard McHale 17:39

Five. No, not not. They spot the MC the prey? Yeah. Maria is Todd from Caribee. 104. We write that down? Yeah. Call them tomorrow on day 4104. I'm gonna hear those those wild ads. The buzz 107 Anyone from the new and the new radio station here in town? You're gonna call them tomorrow. Are you not Stacy? Yeah, you're gonna call it you're

S

Stacy Bolding 18:03

H

Howard McHale 18:20

Call me blind. Anyway. You're gonna, you're gonna

18:27

H

We proved the city of Houston after it was all over with they came to us. And they said to us that we were one of the most organized groups I've ever worked with from this city. fourth largest in America. We're putting our Pride Week back on the map. I'm excited.
