 05:17

Hello, Houston, Galveston and the world Welcome to the Saturday, September 13. edition of after hours career radio with attitude, actually to the August 13. August. I'm sorry, got September on the mind. And you're in luck. You know what day it is. If you don't know what day it is you don't care. My name is Chris Harris, and I'll be your co executive producer and

 05:46

why THANK YOU. Jimmy Carper on the other one.

 05:54

I can leave I queued that up without him. No, that's

 05:56

beautiful. Yes, the vich is back. After three weeks, it's nice to be back. And back in the saddle. I especially want to say hello to a couple of people that I ran into this week. Chris, who I met over at Mary's this evening, during the IC o h candidate show and he just came up to me and said, Wow, you know, just want to thank you because I've been listening to your show for years.

I said, when did you start listening? He said, Oh, in the late 80s. I said, Wow, he's been listening since the show started. And he even knew that we were on Friday night. So he's still listening. That's really cool.

 06:42

I found out today that there was a listener who called up to outsmart magazine wanting to know what happened to our show. Wow. And fortunately, he got a hold of Tim and Tim Rickover steered him in the right direction, saying good news. Just a little earlier, just

 06:58

a little earlier about 23 hours. And I want to say hello to a very old friend. Actually one of the first people I met when I came to Houston back in 1966. My lover introduced me to a man by the name of Jimmy Lee hadn't seen him in years and years and years and years and years. I was thinking about him last week and ran into him at EJBs. Last Thursday. During the voting for the Emperor and Empress of ICRA. Two we'll be talking to one of the candidates in a few minutes. But we do have some other things the music that you heard tonight,

 07:42

we started off with Jimmy Somerville. Yes. Someday we'll be together. Told us. Okay, there we go. Yeah, I was pleased to finally turn off the microphone to do that. And then after that was, let's get about three different titles for it Spock's big adventure Spock sodomy party. But whatever it is, it's

 08:05

I chose those especially for Chris. Because if he's been listening to the show for that many years, he remembers when we first started playing

 08:11

those. That explains why you wanted to go to the old days. Yes, yes.

 08:15

The Jimmy Somerville CD that that's from came out in 1995. And the Xbox sodomy party is about the same era. But you wouldn't

 08:25

let me play Pet Shop Boys. No. No, he said it was gonna play something. You're gonna find

something old on the air and go west while you're here. And Judy's here. Oh. Oh, you

08:37

will pay dearly for that one. Yeah, yes, you will. My

08:41

microphone comes. Oh, please should have heard us last week. Can imagine.

For more information on the Community Center calls, community centers, Counseling Center 713 Different five to 90037. Okay,

20:20

I do have something about the lvlp wa campouts. Okay, that's happening September the 23rd to the 25th. It's an outdoor camping trip for adults living with HIV AIDS and their support group camp outs provided by the PWA holiday charities, Houston and the Texas conference of clubs. All campers must be at least 21 years old. This is a predominantly all gay male event. And we ask a \$25 donation from those living with HIV AIDS who are financially secure as long as a donation will not cause any financial hardships. These camping trips are free for individuals who are living with HIV AIDS, and who may not have the financial ability to attend such camping events. Campers must be in reasonably good health. This is not a resort. This is camping in a moderately developed wooded area of the Texas Hill Country. Unlimited wheelchair accessibility is available in the developed areas, we recommend a travel companion for those with limited mobility, there is no charge for a travel companion. And this has been going on for years now twice, twice a year, once in the spring once in the fall, and I am going to try to make this September 23. One I've been told repeatedly, repeatedly that I need to go that will change my life and I mean it sounds like I just want to see how many ticks I'll pick up by going naked in the woods. Anyway, for more information about the camp site, please note

21:53

to note FCC he said kicks with a T yes

21:57

I did tick Okay. Okay. wq dot Texas conference of clubs.com.

22:08

Taking one more thing here on mine on August 28. Which Saturday Saturday over at keys west the dance floor divas and disco queen will be done by the third Coast family. And that will be a direct benefit show for the assistance fund. And so keys West seven to nine next Saturday for dance floor divas and disco queen. Wow. That's all my stuff. Okay,

22:35

let's bring in our ich folks do I have to Yes you do. Because not

22:42

him not Judy. Oh, I had her twice last week. I

22:46

couldn't get her out of here this way. You've never had me.

22:50

Thank you, Judy.

22:52

She was here twice. We couldn't get her out. We had to spray her with WD 40 to get her grip off the microphone and get around and

23:00

listen, somebody had to watch out for my interest.

23:06

There's very little interest with you.

23:07

Thank you. Thank you very little. Okay, so do we have both mics on there? Hi.

23:17

Yeah, people don't want to hear me.

23:21

We have Judy Reeves. And we have sir Corwin.

23:24

Hi, honey.

23:28

And so Corwin is here because

23:30

because I'm running for the Apollo emperor of our great little club. I see wait spacey empire. But I'd like to do those letters. We've been talking a lot about emperors and emphasis and all this stuff. But I'd like to explain to the people out there exactly what our little game is. So they understand what they're voting for. Thank you. Actually, what we do is our club has a dual presidency, we have two presidents that represent our club for one year. And that is our an empress and an emperor. The Empress is generally a drag queen and the Emperor is not. Doesn't

24:08

have to be female, female female,

24:13

either. Just excuse me, the emperor doesn't have to be male. It's

24:19

based on how you present yourself. necessarily you are okay.

 24:22

And these two people are the basically they're the figureheads. They're the representatives of our club, when we go out as out of state out of town and around the town here. And since we are the representatives of our community, our members alone, do not just vote for the presence we have the community themselves, come out with our membership and vote so that we are a true representation of our community. That's why we really request and ask for everybody to come out. Please do your duty come out and vote. Voting is later On Tuesday, August 13, at 10am to 6pm, at 1415, California, which is the at the Gay Pride office, or gay pride committee office. And we there's this year there's one person running for the Gemini Empress, which is Chanel, cardi a, okay, she is running on a yes, no vote, and she's requesting their eBay come out and vote so that everybody can come out and vote yes, for Chanel. And there is two people running for the Gemini emperor. I mean, Apollo emperor. And that is me, Sir Corwin, Goodman and Mark Cohen. We're both running for this position. So please come out and vote. When you get there, they will have a book laid out that has our bios. So if you don't know us, and you want to find out a little more about us, you can read the bios and they tell you a little bit about us. Well,

 25:59

well, Corbin, why don't you tell us a little bit about yourself, about me.

 26:05

I've been doing this for about six years now it with the drag shows and working with the community trying to help raise funds and money for all the different organizations. And I've decided that it was time for me to step out from behind the curtain and be in front of for change and help out and try to raise as much money this next year as we can. For the different charities that we've been raising money for. This past year, we've already raised over \$20,000 for direct benefits that we've already given out. And we're looking at raising a lot more for the year yearly benefit, which is camp hope for kids with HIV Aids to go and attend for one week during July. So we're doing really well this year. But I'd like to see if we can push his club and actually do more next year. I think we can I think the communities out there and if we can get them behind us we can really do good this year, okay. So

 27:03

so in effect, the organization, well, the Emperor and Empress choose a charity that is that, that the club is going to raise money for

 27:17

right they choose one charity charity, that is our base charity, then throughout the year, the money that goes into the coffers, at the end of the year will go towards that charity, but minus 15% of that which goes to our Alexei Bowen, charity, which is a charity found funded to help

out people too, who don't necessarily necessarily HIV AIDS, but who have needs. And we do it a lot like the Colts to where we will help them with their with their electric bills, or their phone bills or with their apartment rent. And all they have to do is apply to the Lexie bone committee. And if they are accepted, then we will help other people out. People out here in our community. There's a lot of people who have other disabilities and other things besides just HIV. And so we're trying to help out all of our community.

 Judy Reeves 28:10

What sets Alexi bow and fund apart from all the others is that it's not for people with HIV AIDS, it's for any other problem too. You might be having a lot of people out there and that's their

 28:22

woman with breast cancer that all of a sudden can't work and and find they get behind in their bills or you know, for any number of reasons it's to help our own. Yes, it is. Yeah. And that takes that's probably about half the funds go to the the chosen organization but but like you said 20,000 is already in direct benefits and that's for people who do shows for other organizations. Yes,

 28:54

other organizations like the Buyers Club or the mantras, clinic G km G km we've done shows for for a lot of different organizations, different people. We want to help out the entire community. And that's what we try to do constantly is do shows we are busily doing shows at least once if not twice a week every week. We AJs is our home bar we do most of our shows over there. We've been doing a lot of shows over at Mary's lately. We have also done shows over at the outpost, we did one at bricks, and we've done it down in Galveston even down at the third coast. So and when we do shows down in Galveston generally we do shows down there as direct benefits for charity down in Galveston. So the people down there feel like they're getting their money's worth out of because it's going to their local charities. And they come out and they support us and we've had some really big and some good shows down there in Galveston. Okay, we've gotten a really good welcome from them and we've enjoyed going down there as well.

 29:59

Okay, so this is a organization that's in the gay community. So tell me a little bit something about sir Corwin Am I to assume you're a gay man?

 30:08

Well, it's a Corwin is not just a male say how do I word this? Okay? bisexual man. Okay, so the best. That's that's a good word good word for it. Yes, but it just depends on who I have to be with at the time. I'm selfish. I want everything. I'm very versatile. Yes. I have been living and

playing and working in the Montrose area for over 30 years now, when I was in high school, I moved out here. And I've been playing in this community forever. It seems like I've also been the past president of Inoue Houston down here. And a member of the Houston area bears I'm also a member of the Colt 40 fives. And we do a lot of charity work through the Colt 40 fives also so I'm kind of a little bit busy with several clubs in town. Yes, yes, you are, that I enjoy doing this. This is what I enjoy doing is spending my time helping others. And that's just me. I've always been that way. And I, I guess I get my kicks my thrill out of seeing other people getting something out of the work that I

 Judy Reeves 31:16

do. It's also a founding member of IC o Ah, yes, I

 31:19

am. Number five, see, right. Okay, I once was a member of EA races as well before IC H started. So I've been around for a while doing this. And really, it's just once I started it, I felt like I had a calling to it, that this is what I really needed to be doing without helping others. I've always helped others I'm a regular blood donor. Forget how many gallons now I've given. That's just because I want to help others that way as much as I can. And this is another way for me to give to help.

 31:53

And we appreciate that because a lot of us, some of us with HIV. A lot of gay men in in the Houston area or anywhere have had hepatitis and so we can't give blood. So we really appreciate those in our community who can

 32:11

well when I give blood, but the nice thing about is with the Eastern blood bank is that I get to once a year I give for me. And the other times throughout the year, I pick other people in the community and I give them their names. So those people can receive free blood for that year as well.

 32:25

Cool. Cool. Now, the other two candidates couldn't be with us tonight. Now

 32:31

we had a show this evening. And we've been kind of worn out with that. And yep, early in the morning. Yeah, voting starts at 10am. We have to be there at 9am Yes. And Chanel not only has to be there at nine but Chanel's got to get up at like 6am so she can get painted up and all

fixed up. Very pretty. She does. Yes. And Mark has to get out and start getting everything prepared for running around doing his candidacy. Yes. So we're extremely busy right now. And I've just taken out a little more of my time just to come out here to talk.

 33:02

Well, I appreciate it. But let me talk a little bit about Mark for a moment. He's a sixth generation Houstonian. That's, I don't know that that's a record but I don't know. I don't know very many people who can say that. He's been a mantras resident for over 30 years. He's a founding member of IC o h space city empire. Vice Chairman of the Board of Directors. I see an H 2003 2005 recipient of the Colt 40 fives Dan of Danny via Memorial GLBT community award 2002 and 2003. He's chair of PWA holiday charities wishful thinking fund. He's the co chair of the Lexy Bowen fund along with Judy Reeves he's the associate director of H Foundation who said that it's where he makes his money and Associate Director of Camp hope so he would like your he is the the platinum diamond and onyx multifaceted Apollo Emperor candidate for the community and beyond. Yeah, what's Corwin?

 34:16

Well, for me I picked from my title. It's a little simpler than that though. I'm the black leather and Crystal do rag wearing grizzly bear. Everybody knows me by when you see me in the bars see me around. I'm always wearing a direct Yeah, they all match my clothes. I've got hundreds of them at home. It seems like see you've

 34:35

got a gay streak. Yeah, well, yeah, they all been that way.

 34:38

It's kind of match. Give me a break. And the black leathers because I started out in this community in the leather community. And the grizzly bear is I'm also a member of these theory bears. Yeah. So I kind of put it all together and made it into one.

 34:55

Well Judy and I decided that should you become emperor Earth and With your leather do rag, you've got to have a small tasteful well brand of rhinestones progressive. Oh,

 35:09

yeah. Sounds nice. I can do that. Yes. From a formal from a formal direct Yeah, yeah.

35:15

Thanks, Judy. Roger tell us a little bit about Chanel because I

Judy Reeves 35:19

forgot my glasses. Oh. I will I will go with that. I've just give me time here. I love Chanel, she wrote in large print. Okay, she's also a founder. She's founder of IC o h. And she's a cult.

35:36

So all three candidates are founding members. Yeah, amazing. This amazing

35:41

God that many founding members are there no, I

35:43

think there's like 10 of us.

35:45

Really that have Yeah, wow. Okay,

Judy Reeves 35:48

well that works. Okay. So she's been the IC o h board chair for arrange to enter a she's a recipient of the Colt 40 fives Giovanni Lemond. 38:56

Yeah, phone bill or you've got to

Judy Reeves 38:59

prove that you are who you say you are. And you live in one of the surrounding counties or Harris County. But we're also having an award we'll be voting for tomorrow. Yes, that's right.

39:09

That's the very Patriot community award. Service Awards.

39:14

Yes. And five nominees on that list. Do

39:16

you have that list?

39:17

List? It was in my head. Can you believe that? Because I forgot. Get is that the right last name?

39:26

I think so. Gary Bowman. Yes. Yes. Gary Bowman. I

Judy Reeves 39:28

wasn't sure the last name. Bob Boulton Jeff Wallace, Mark Cohen and Dalton DeHart are the five nominees this year so that will also be decided in the voting tomorrow?

39:41

Yes. And when you go there to vote at 1415 California at the pride office, which is not the the the ramp entrance, it's the app the other side. There will be bios of all these five people in case you're unfamiliar with some of They'll help you make a visit for the candidate. That's right help you make a better decision. Just

Judy Reeves 40:05

did something tomorrow during the voting to what?

40:08

The mattress clinic is going to be offering free exams and free HIV testing.

40:15

Is it the new 20 minute test? Yes,

40:17

they're gonna be offering it for free across the hall. So come on down, get tested, get your physicals, your exams, whatever you need to get done, and then come across the hall and then go back and get your get your result. Cool.

40:30

You know, it's you can't beat it now. And

40:34

the mattress clinic has really tried to help out and support us. And we've tried to help out and support them throughout the year as well. Yes,

Judy Reeves 40:41

yeah. Does anybody care to know when we're going to find out the results of all these? When when? The infamous PNP ball 205 which is the prince and princess bomb, or maybe it's princess and prince? I don't know. We'll be next Saturday. They set the 20th. Saturday, August that will be August 20. And that's going to be at Rich's Wow, that's that's a big affair. Yes. And it is the star dust and evening in classic Las Vegas. So that's gonna be very exciting. You can Oh, I will say reserved seating. Available, there's still very, very limited seating available. And you can contact this is tough. I see Oh, H PANDP ball@aol.com. If you want to talk to Scott or Marsha about reserved seating for that,

41:44

that reserved seats are how much they're \$25 apiece, or \$10 donation just to walk in you know, admixture on mission. And for that money, you also get the athletes \$1,000 and play money for to play at the tables, we have three different casino style tables, Blackjack, and poker, and I think craps also. So come play then, with your play money, that all the money you win, they're gonna have a little store that you can buy different prizes with all that money at the end of the night. Cool.

Judy Reeves 42:21

And after that you get to go. That's right. And after that, you get to enjoy a fabulous show. And somewhere in the midst of all of that, they're going to announce the new emperor and Empress

somewhere in the midst of all of that, they're going to announce the new emperor and emperor select

 42:34

the very end and make his way. Exactly,

 42:36

yes. You see, when we were on Saturday night, we would be the ones that would get to announce be the first to announce pardon me sighs No. And now we're going to be the last.

 42:48

Oh, well, what can I say

 42:50

to people who will be announcing on the radio?

 42:53

We can't come back over here and just barge in and announce it anyway. Well, that's true.

 Judy Reeves 42:57

Perhaps I should have mentioned that this thing enriches on Saturday, the 20th is from 5pm to 9pm. Yeah, thanks. You just love it. Sure do. So we'll also have fliers for that tomorrow. When people come to vote, they can pick one up and take it with them to remind them. And when

 43:14

the candidates are running around trying to beg and plead people to come out and vote for him. They'll have flyers for them to style or Oh, yeah, I'm gonna have I'll have a nice long stretch black limo. Wow, are you picking up people at the different bars, bringing them back to go vote and take them back to the bar though. Even though all the bars I've talked to they'll hold their tab open or they'll watch their drinks form. It takes a couple of minutes to vote.

 43:37

I believe mark will have a limo and Chanel will have a Hummer. Yep.

43:44

Look into the limos. Get

43:46

your Hummer from Chanel.

Judy Reeves 43:49

I don't even want to thank you very much for sharing that thought so that I can keep it in my head the remainder of the night and have nightmares. You're so good to me, James. So welcome back.

44:00

You are so very welcome. What

44:02

else is happening?

44:03

Well, how about the third annual space city idol competition?

44:07

We're having a cattle call right now. Yes, that's right, trying to come up with five female and I've male candidates to compete in the space city idol. Just like all the other idols you can will compete and they'll drop off people each week as we ran it.

44:25

And that's every Wednesday night every Wednesday night at Mary's starts at 8pm and you take your tag, they were doing the cattle calls. They did one this past Wednesday and they're going to do the last one this coming Wednesday. August the seventh

Judy Reeves 44:41

sign me it's gonna go to something called a cattle call.

44:44

Oh, ouch. Give me anyway that's at 830 at Mary's naturally, yes. And what you're competing for is \$500 in cash correct and our performance at the I cry ah, enthronement ball at the Crowne Plaza Hotel downtown on October the 15th. Yeah, that's right. You

Judy Reeves 45:08

do not have to be alive entertainer for the well known people think a new

45:15

dress and drag you play play on the female side.

45:19

You don't have to be alive for former.

45:23

You can be like maybe on the male side and still lips. Nobody wants to hear me saying trust me. They're zombies are included. Yeah,

45:30

yes. Yes. So, you know, whatever talent you have lip sync. Actual singing or you know, maybe you instrument or maybe you're a comedian. We had a comedian. We have to meet him. And when one year did

45:45

We did Yes, we had a comedian one. And we have also had other people compete. We had one lady last year compete playing a

45:51

harp. Yes. So hey, you know, whatever talent you have, you may win 500 bucks, and get to perform at the ICR wage and thrown that ball which is real snazzy affair. That's when the monarch present monarch stepped down. And at the very end, the New Monarchs are installed. So I guess that will do it. So I know, circa when you need to go home and get some sleep,

because you've got to be up and at the pride office at nine o'clock in the morning. Yeah. Actually before nine o'clock in the morning. Okay, at nine. And, Judy, you do too, because you are what are you doing there? Well,

 Judy Reeves 46:47

as a board member there have you have to have board members there to actually open the ballot box. Well, you don't open it, you know, you you fix it so the ballots can be put into it, it gets locked. It has a little special slide where it gets locked. one board member has a key one board member keeps the box and other board members observe as the candidates come around and watch the box because you know be opened for the day. Yes. And well

 47:12

actually, it's a big box with a with a slit. Yeah. And the box itself is locked. And then there's a little metal piece that slides over the slot so that when it's when we're not voting the nobody can slip anything in there. Correct. And the only thing you have a key for is the slide. Okay, whoever has the key it's only for the slide and then after six o'clock tomorrow evening, it goes to a non IC o h person he will have two of them who will have the key to the actual box to open it exactly. I don't want to give anybody the impression that it can be opened you know in between

 47:58

in between would be within X

 48:01

large bulk Qatar, but I think we can notice that. Yeah, we're we're very serious about about

 Judy Reeves 48:08

about already have the case before long before

 48:11

and we're very serious about proof of residency. Oh,

 Judy Reeves 48:16

yeah, I'm a real nasty old bitch about

48:20

me. What do you mean just about that?

48:24

I was paying specifically me. Hey, I read this without my glasses. What do you want? Hey, I

48:31

couldn't have done it. Yeah, but we had to put it on the wall and you stood on against the other wall? Yes.

48:35

Yes, it is. So that's tomorrow, actually later on today. From 10 until six at the pride office at 1415. California. That's right around the corner from chances are right around the corner from Mary's and just two blocks away from Mary's right. It's the know it's easy to find. It's just one block north of Westheimer. Hey, it's

49:03

okay. Jimmy. I don't need to go anytime soon. Sleep is for the week, you know, and I don't need any sleep.

49:09

Okay, I'm sure Chris has something in the turntable

49:12

to play turntable.

49:16

Okay. Chris says something in the well. We do have turntables here.

49:21

Yeah, I know. Yeah. Well, if you're one of the few places still

49:27

got some queer music is only available on LPs. Some of the older stuff. Vinyl shot, okay. Yeah. Anyways,

49:35

unusual picture being

49:38

our official photographer of the show was showing off some of his wife some of the pictures on his website. Oh, I see. I've gotta get South Beach. Oh

49:49

sir. crosswind, thank you very much for being here. You know, you're still the man with the softest lips.

49:55

Thank you.

49:56

I'll take your word for it. And

49:58

Judy, thank you for being here. Hear I know both of you have to get up early. So go home. Chris, what have we got? Chris? Well, you play something, Chris. Yeah. Yeah, stop looking at pictures of naked boys.

50:15

They're not naked. They're just per half naked. Unfortunately, it's the top half and they're not standing on their heads. Yes, there's a reason why I'm stalling. Oh, okay. So we can just figure out something to talk about for a minute. Sure. Before the light flashes, I mean again.

50:31

...

Okay, that's fine.

 50:35

All as well.

 50:37

Well, you know, free covers Friday and Saturday night at South Beach. As a matter of fact, if you come between 1030 and 11pm You have to come early, but then you get free cover. And on Saturday. We don't often promote South Beach but it's very popular bar A lot of folks like to go there and so we we

 51:44

like to do that you stretched out long enough. Okay. You're listening to after hours queer radio with attitude here on listener sponsored commercial free Pacifica radio for the Gulf Coast. KPFT 90.1 FM Houston 89.5 Galveston, and always on the World Wide Web at KPFT dot o RG. You

 52:01

had me stretch just so you could do an ID illegal ID. Hey,

 52:08

they're a little particular about that.

 52:12

Don't blame me. We couldn't do it in between the song Where are you going to play?

 52:17

Well, I just put up different CD covers you don't see the actual CD I'm playing

 52:21

Poppy in the pooper right now. That

52:23

was last week. Okay. Little Boy George. Oh good. She was never He good. And we'll be back with the rest of our show. Whatever they're doing

52:40

all right. That was a little three pack of music we played for you. We started off with Boy George she was never He Bob Hartman coming out and that last one was Andy Northrup ain't easy. So helped us to want to play it.

52:59

Nope, I didn't. Oops. What I actually played was all to you. Well, for those of you who are tuning in to hear Kristin and the transgender segment

53:19

Christina, unfortunately is not. Boy, he would yell at me for that one. Chris is not here this evening, fortunately, and our Latino segment will not be here this week either. So once again, we're flying by the seat of our pants and sounds kind of like that, fortunately. Well, if we're flying by the seat of our pants, who's going who's going commando tonight, so we know who to worry about this one. Boxer.

53:50

So I'm halfway there. You tried to

53:57

stop looking at that boy's leg? The last time I tried to warn someone's leg or as took him away? I started humping. Right? So basically what's going to happen now? Find out. We're going to just kind of open up the mics bring people in commandeer them

54:17

ever returns from Jimmy said I could do the transgendered segment? Yeah,

54:22

and then he runs off away. So I think

54:25

he's out smoking. What? What are you smoking? I haven't figured out yet. Somebody

54:28

call Stanley already for the love of God and tell he's smoking. Stanley. You apparently don't have a clue. He's smoking. He's not supposed to be smoking.

54:39

I don't know. He might not be I just Oh, well. He's gonna get near the wall with the video camera.

54:46

I'm looking up there and nobody's on their knees. So he's smoking a real cigarette. Okay.

54:52

It's not a cigar weed.

54:54

As long as it's not something that he has to get on his knees to smoke then I guess he's okay. Okay, Okay, I got into a really bad point here Forgive me, I'm warning us all right now.

55:13

Okay, we can say that all right. We're gonna do the young transgender segment and I don't know how to contribute to it. So I'm gonna throw you to the wolves, transgendered. So fun. So go ahead, you know, since you've had a total of five minutes to prepare for the segment, less actually

55:39

stole it from somebody I don't know. Well,

55:41

my name is Kim wall. And I am a 22 year old transgendered. I am also a bisexual. As they mentioned, I've had no time to prepare for this, I have no idea what I'm going to talk about. So I'm just gonna wing it. Let's see. While you're

56:00

doing that, we'll pick music so you can just start throwing out some music.

56:04

Hey, you can talk about your mother.

56:06

That's true. I am actually a second generation transgender. I don't know how many of those of us are out there. But this is a very unusual thing from what I hear. I am a 22 year old transgendered with a 51 year old transgendered. I guess she's my mother now.

56:25

Used to be her father.

56:28

This kind of puts me in an awkward situation because now I'm in a family that completely understands and is all for it. My only problem right now is the fact that they aren't sure if this is what I want to do. And I keep telling him it is and my thing is, is I know there's kids out there listening that aren't sure about what they are. Don't find it. Worst thing you can do. Try and experiment. You know, see what fits best but do it safely. Get checked did not check. Sorry, I'm losing my tongue here.

57:10

I apologize that my colleagues were helping me pick music and I found it inappropriate one for right now. appropriate one.

57:21

matchmakers snatch

57:25

them do their topic and figure out before FCC.

57:35

Okay, um, let's say my friend was made is a bisexual female, which probably doesn't fit into well with the segment, but she's the only person I could find that would be willing to walk in here with me. As long as I dragged around by her ears

57:58

being young and transgender you know, that's probably the worst thing you could be besides being bisexual, lesbian or gay and being young. Just you know.

58:14

It's hard. It's kind of expensive to

58:16

Oh, yes. Just a word of warning. This is not a cheap decision. When you decide to this is what you want to do. What you want to do is go on the internet and research it figure there are websites out there. If you type in transgendered, or transsexual on us web search, you will find out information there are Yahoo groups, there are groups on MSN. There's groups on AOL. There's help groups there if you have any questions you can email me at Radeon RADOR n 20 two@yahoo.com. And I will guide you on to some of those sites if you need some help. I'm also a peer counselor for young sraight by gay lesbian and transgendered peoples I help with drug problems I help with just about anything you have to excuse me there's a gentleman giving me the what is that called? Robin when when they when they want to do it with you? Oh, the the I believe it's called I don't know I don't know which one it is on someone's looking at you like they want to take you into the backroom

59:35

works the I the come hither look. Yeah,

59:39

thank you David.

59:42

Ladies and gentlemen. Okay, sorry somebody off on the other side was talking so you're gonna let me in this. i As soon as I get my headphone cords out from underneath my chair. Oh. Now what were we talking about young transgender You're young trans oh yeah like I'm young or transgendered. We're gonna come in and look at St. Lucia can do is say something don't tempt them got anything else to do? They're like, they're like bears do not feed them.

1:00:17

Or cats. What's wrong with bears? Yeah, little hair doesn't hurt anything. There. Yeah really

1:00:28

out of the production room, I know my kingdom

1:00:31

control room and come into the sound booth.

1:00:36

So anyways, you were talking about helping youth transgender youth and try not to call me or I will beat you with a large blunt object. Okay, look if you're gonna take a listen at least let him turn the mic down.

1:00:51

Let's see. Well,

1:00:52

this is what happens when you let kids play

1:00:59

young transgendered I mean, most of the people that are gonna be on this part are young. So once again, I want to apologize for what is her name? David. David

1:01:23

it would be it would

1:01:25

delay the lady who normally does a segment what is her name?

1:01:28

I don't know. I don't usually do this segment. Chris just ran away and said do it.

1:01:33

Last both of them made people Oh, this is a joy. So they give it to us and leave it okay.

1:01:38

They do that to me. They just they just take a bad thing.

1:01:42

I mean, for my first chance on the radio, I'm not doing too bad

1:01:52

I'm not singing okay. Please don't start howling. Don't quit your day job. And your mic gets turned.

1:02:03

So anyways, this is yeah, the young John. And my mic just won't cooperate. Yeah. direction. We apologize for all the jokes this evening. But we have nothing else to do. What is your name? Mo probably got off. Stop and think to remember what his name was. And

1:02:32

how many have you had?

1:02:37

Boy has three.

1:02:39

Is that three liters or three pints? So

1:02:43

anyways, yeah.

1:02:46

No. Oh, okay. 40s gonna be going to the restroom. Oh, nice. Okay, so

1:02:52

now to get back on to topic before I started crying behind the control, control console in short, everything out.

1:03:00

Okay, young, young, transgender. Well?

1:03:07

Come on. Hello. So Young, transgendered youth. In today's society, what are some of the things that you come up against? If you don't stick something in your mouth? You know,

1:03:17

thank you for asking. I was wondering on what to do this about. So let's say what do I come up against? Well, I'm not allowed to be what I'm going to be which is female during school, I'm not allowed to do it at work. The only time I'm allowed to do it as well, when I come here and when I go out, because the school is afraid that it might cause problems, because I'm going to school for medical assisting. And until I actually get a job in that they're iffy about it. With work reasons, there's the fact that because I'm being a transgender, and because I'm young, it stops me from working out a lot of businesses because when I go in as a female, I can't work on the night shift. I can't do a lot of the jobs that I normally would in my male form. And so it limits my ability to do things. One of the major problems I get though, is the fact that there are those out there that do not agree with my chosen lifestyle. There are people in my family that don't agree with it.

1:04:19

But well, but who needs family

1:04:23

never had a job at Walmart and get the benefits.

1:04:25

Yeah, a lot of companies do have like Walmart for instance, I am actually part of the transgender community and we are actually I believe we're still boycotting Walmart. I'm not sure how to actually figure that out my call my mom well transgenders are boycotting Walmart because every time a transgender comes out at Walmart or tries to apply there, they're either not hired or they're fired. And if

1:04:49

you're female there you just stay in the same position for ever you just don't go up. Okay,

1:04:59

go up. Actually transgenders that are going through the process works so well for the conversation, and we're just going to go right past to that neon sign and all the rest of this conversation.

1:05:13

Well, when it comes to school, I know there's probably transgenders out there that are my I am, like I said, I am 22 years old, there's probably other transgenders in their 20s that have jobs or go to school, and they're having the same problem. But there are schools out there that are okay with this. There are some high schools that are okay with this, because they have it written in their bylaws. There are jobs that are out there that will allow you to transition while on job. You'll have to look for him. One thing you might want to try, though, is not to ask them until you're hired. Because if he asked in the interview, there's more likely you're not gonna get the job.

1:05:56

You don't have to keep stop talking every time I take the headphones off.

1:06:00

I wasn't.

1:06:07

1:06:02

I'm not even paying attention to you. I'm paying attention to the gentleman with the dyed orange hair sitting behind you. Yeah, he's he's definitely eye catching. And more ways than one hand, it's sexy as hell. Hey, watch the language.

1:06:17

Okay, so you're glad you didn't hear that?

1:06:21

I can always give him the headphones.

1:06:24

Yeah, sure. Go ahead.

1:06:27

Okay, so right about now. Okay, this is the transgender segment, not singles night. Hey, a girl can try caching. So you've come up against a lot of opposition in your school and your work. And as you dealt with it? Yes, I

1:06:45

have. I agree with my school's reasoning for not transitioning there because it is a medical program. And because of that, there are points where I have to take my shirt off for EKGs and stuff like that. And being in female form causes a complication. Because then I have to take off the fakes and all this and it's just kind of complicating, and if you laugh again, I'm gonna come smack you. It's not you, it's him. It is me the same applies.

1:07:17

You're distracting me.

1:07:21

The other thing is, is I do not agree with it at jobs. I don't agree that a transgendered has to be in male form to work on the night shift, because technically, we are still men until we've completed the process. Or until legally we are considered men, or women really. women

1:07:30

1:07:39

out there, I can do that job. Oh,

1:07:41

yeah, I know plenty of you.

1:07:45

I mean, my aunt is one, my aunt is six foot and built like a football player. So I mean, just because you're male or female should not denote whether you are allowed or not allowed to work on a specific shift or at a specific job. And when it comes to transgenders, we shouldn't be allowed to work anywhere, a male or a female can work for strip clubs, because that doesn't work.

1:08:10

The policies fallen off when you take the bra off, or just make it interesting. I would like to make an all female strip club that would be interesting. And you'd probably get a lot of business straight by gay and lesbians.

1:08:24

Okay, I have heard a lot about your views on the one area of opposition I did not expect when I decided to transition was from my parents. As I mentioned before, my mother is a is a transgendered, who is 51 years old, and she is making me jump through hoops. She's putting all this stuff out, what she doesn't understand is that transgender kids of my generation, those in their 20s, and younger, we don't have to follow a lot of the criteria that the older generations had to, because a lot of our generation is very accepting a lot of the generation before us, which my friend Robin here is part of is very accepting. It's just everybody older than us that does a problem with it. And the other thing is, is that most people of my generation are by either bisexual or multi gendered. As a friend of mine mentioned the other day is an interesting concept there. Because if you look at some of the clothing that boys and girls of my generation are wearing nowadays, you can basically interchange it. I mean, I see women out there wearing football jerseys. I see men out there wearing dresses, and nothing else, you know, just a dress and a pair of hiking boots. I mean, you've got Goths out there wearing skirts and nylons and fishnet and makeup. I mean, I have friends who are gorgeous, I love them. They're so much fun. But you know what? That alone should state that you know what, there is no more male and female in my generation, I mean, they exist physically, but we're kind of trying to break the barriers. And being a young transgendered. Like most of those of my generation, we tend to take it to another extreme, because now we're not only trying to be the sex that we were born, we're trying to change to the other one. And plus, the other thing is, is a lot of people, my generation look young enough to pass as females or males. So it works out pretty well. Yeah. So did when you were going up against all of this opposition, you said your mother was a transgender? Did you run to her with a lot of your problems are Did you find support during actually, I talked to friends, I went on the internet and researched it, I did everything but talk to

my parents first, which I highly recommend. Because if you have the information on hand, when you go to your parents, you can soothe a lot of their fears. Namely, because you know what it is, if they if they come at you with mentioning money, you already know how much it's gonna cost, you know, what is involved, you know, it's not a reversible process, as my mother loves to tell me. And you just you have all the information there. And then if they have any questions, you can tell them about it. As I mentioned before, you can email me, my website is R a d o r n 20 two@yahoo.com. And I will guide you to some of those websites. I am also a peer counselor, if you need help with drugs or anything like that. My main goal is to help transgender kids of my generation and younger to talk to their parents or find information on it to figure out if this is what they want, and it's okay to be curious. I want us I can't stress that enough. It's okay to be curious about it. Because if this is what you are, what you are, you cannot deny what you are because if you do that, then you turn into people like George Bush.
