 Jimmy Carper 00:00

Voice and they they say the pics of the pesky Episcopal priest, Daniel Webster. What a name play by Aiden when? who's very good actor Devil and

 Bobby 00:10

Daniel Webster,

 Jimmy Carper 00:12

who regularly talks with a manifestation of Jesus Christ as a means of coping with his turbulent family and professional life.

 00:20

Yeah, man, the surfer dude pops up all the time. In the car in the corner of the room.

 Bobby 00:27

It's Joan of Arcadia with less ambiance.

 00:30

Yeah. Didn't CBS just canceled the series? June 14, Katy without the Joan Osborne soundtrack. Yeah.

B Bobby 00:41

The I love Joan of Arc, Katie and I'm pagan.

♀ 00:46

Say they like Jonah like your brother? It was

B Bobby 00:49

Joan of Arcadia was a Cole show because they even did like a few episodes with gay characters with like gay students in the school. And you know, there was no hard line, sort of traditional Christian gay bashing going on in those episodes, which I really liked. But this new show it Hey, it only took Aidan Quinn 20 years to be involved in a show that has gay characters. Because he was in the first movie. Yes. Dealing with both queer and AIDS. So what was an early frost? Yes.

J Jimmy Carper 01:30

Oh my god. Yes. He

B Bobby 01:32

was so young and 20 years later, he's still so effing gorgeous. Yes, he is. Oh, my God,

J Jimmy Carper 01:38

he really is

B Bobby 01:39

still is the sum of the two of the most beautiful eyes and on television. It's an I remember watching an early frost and just in a time period when I was just starving for gay anything, right? Yeah. And just even if it had to be about AIDS, and which, you know, when that movie came out was this was still the scary nightmare. You know, there's certainly what was that, that nobody understood and nobody knew, really wanted act like. And there was this. And what I remember, one of the things I remember most about that was the grandmother character in that Sylvia, Sidney. Yes. Who has since passed away. Just recently. Yeah, she was the comment she made in that movie about how when her husband had cancer, they treated him much the way they would now treating people with AIDS. And that kind of struck me I mean, when you put it into context like that, that you know, at some point everything that every unknown thing is a monster Yes, you know, and events and if you're lucky eventually people grow up, get get knowledge and you know, get over oh, you know, not only

J

Jimmy Carper 03:14

that but in the in the error that she was talking about when their husband had AIDS husband had cancer there were people who firmly believed that people who had cancer gave it to themselves that they were responsible for having this cancer

C

Chris Harrison 03:34

Hey, there's idiots out there think people are deserving to get strokes you gotta love

B

Bobby 03:37

that you gotta love that Catholic guilt trip oh yeah thing that was so good.

C

Chris Harrison 03:46

No, the stroke was a pat robertson slam.

J

Jimmy Carper 03:48

Oh, okay. Go

o

03:52

really made me write a funny look at this one James.

B

Bobby 03:56

Pat Roberts I wish I realized that we that both our all sides does you know our you know, we have the right to freedom of speech on all sides. I just which some of them wouldn't come out with shut stupid, completely inane and brainless comments just completely and utterly so far out in the in the field, you know, they're not going to see the baseball till they're 105 playing out that far in the field. It's just, oh my god, they make me crazy.

C

Chris Harrison 04:38

And I just hope one of these days they'll be true to themselves and since they are talking with their head up their ass that you actually put their head head up there. Sorry, we don't have to hear him scream.

B

Bobby 04:47

Bobby 05:00

You know that cranial rectal itis is, you know, severe disease among some people. And I'm not saying that it's just on their side, either because there's, I know plenty of people But what they head up their butts on our side of the fence so

Jimmy Carper 05:03

Oh, I knew

Chris Harrison 05:05

we had a message. Someone wanted us to talk about Toka. Daniel as we were, he also wants to hear a certain little song. Yes.

Bobby 05:14

We have it. Oh, yeah. What are we? He's grinning like a Cheshire Cat. It

Jimmy Carper 05:20

must be something.

Bobby 05:22

This can't be good.

Chris Harrison 05:24

We'll play it probably during my 12 inch set.

05:27

What are you?

Jimmy Carper 05:30

What do you know? Don't ask. I don't want to hear the answer.

Chris Harrison 05:35

Welcome to the military. Don't ask don't tap out. Just play. Jerry McHenry County. Hey, Jerry.

And you know, one of the days before we got a letter,

J

Jimmy Carper 05:47

we get letter from an MBBS. Yeah, a new one. A new one. A new MBB? Yeah. Yay. Somebody found us Salvador. Cool. And he just started listening to us. He Dali was sorry. Hello, Salvador.

♂

06:09

Button to he, the first time we ever heard the show was last week. He wants to wish me a happy party. Oh, thank

J

Jimmy Carper 06:18

you.

♂

06:22

Yeah, he's looking for a pen for pen pals on that.

J

Jimmy Carper 06:25

We're so we just we've been talking about it for years. And just we never get running letters. And yeah, and I'm

B

Bobby 06:35

the worst and the sad.

C

Chris Harrison 06:37

He's been in for eight out into more guru. And, you know, basically, he's come out to his family and basically shunned him. So he's, you know, he's not he's not getting any.

J

Jimmy Carper 06:49

Yeah, yeah, we talked about that, you know, if you're, if you're still living at home, or if you're an MBB. And you're coming out where they're at, you know, as buy or as gay or whatever. Sometimes, maybe it's not the right thing to tell your, your family, you know, because if you're living in home, you need them for support. And if you are coming out of incarceration, you need support also, in a, you know, a different way. But you need a lot of moral support. So maybe

sometimes it's not, it's not the right time to tell them, you know, not until you're on your own and, and in stable with yourself, financially and responsive, responsible. I know, we've talked about this many times. And I always, you know, it's no matter when you tell them, you're always taking the chance, really, that that you might get rejected. I know, that happened to me. And it happens to people today. So

 **Bobby 08:06**

just be very careful, folks. Yes. When we think we've come so far, I know.

 **Jimmy Carper 08:11**

I know, National Coming Out Day comes and sometimes it's not the right time for you to come out, you know, be another Coming Out Day for you.

 **Bobby 08:20**

I really do think that if the rather large number of famous people who are in the closet, both and I mean, in all segments of, you know, yeah, theater, sports, the work, if, collectively, they all took a National Coming Out Day and actually said it. And it was made very public that they did so they didn't think the elevens and I think people, but I mean, what I'm saying if if these people would do so. Oh. And, and, and it was suddenly people had to come to grips with all of these people from all of these directions being clear, in one form or another. And I think it would sort of shock the system that oh, look, we are everybody, you know, M and up until five minutes ago, we were all just like you. The it's that whole thing of, you know, somebody who changes their opinion after they find out that somebody they know is gay. And it's like, okay, still the same person from five minutes ago when you didn't know. So what's different? You know, same thing. It's but if all of if more people For more of these very visible directions came out of the closet on one of those days I think it would shock the the system enough that people would get a grip on that, you know and realize we are everywhere. We are part of everything. Even the most macho professions, being sports, being you know, baseball, bat and football but that kind of thing. People would realize that oh look, we really are just like everybody else.

 **Chris Harrison 10:38**

You know, there's things you start talking about that and I just have one or you look clicking on her link it's a website called an ndb.com. They call it this called tracking the entire world. And this is one where they you know, they list birth dates and birth plays almost as one of the categories they have a sexual orientation. And they have a soul section of people who they say is a matter of dispute. There's right like that is because the birthday of one of the people on there whose it was kind of cute for one of those right wing fanatics. Shepard Smith, from Fox News. Okay, so they've got this whole list of people who they say have their sexual orientation as a matter of dispute. Clay akin to Prince Albert the second.

There's been too much there's no doubt there's been too much written. Okay. And he scandalized Florence because he used male hustlers for all of his paintings. You know as for his painting of the Virgin Mary used the most well known Prost, female prostitute in Florence.

 **Bobby** 15:09

Is it I

 **Jimmy Carper** 15:10

looked like her. That's why

 **Bobby** 15:11

when somebody's been stabbed more than 100 years, I just sort of question where they're coming from what some of this thing unless of course, it's like Oscar Wilde or something? Well, because because, you know, they did. They've been dead a very, very long time. It was like that whole Abraham Lincoln thing. Well, the man has been dead for 160 years.

 **Jimmy Carper** 15:36

Yes, but you see through letters and correspondence and his his life in general. I like

... but you see through letters and correspondence and his life in general like Caravaggio, he died rather young. Yeah. But he never married, never dated a woman and always had a male as a close companion.

20:16

Now, here's the Falwell's thing we're talking about. But there are a lot of gay families out there Reverend fall well, and there are a lot of gay families out there. I think there are like a million kids being raised by gay parents who say that if you want to protect families, you know civil unions will give inheritance rights and give will give Social Security survivor benefits right to Falwell, Anderson. That's all a red herring. If you want to leave something to your cat, you can do that in your will. Cooper. It is not a red herring. It's simply not true. It's not true. You know, we pay taxes. Hmm. B Bobby 22:14

just something about Tom Cruise and he he just

J Jimmy Carper 22:18

he actually did a fairly good job in that movie.

B Bobby 22:21

This is something from the voice from the dish section. Since enacting gay civil unions, the British government has gone from egalitarian to radical. It has started random outings. The first newly dubbed gay guy is actor Kevin Spacey. I program in Britain's Department of Education is funded by the government to help observe the country's Gay History Month this February. Teachers can access the website for teaching resources, including a list of famous gay people. And spacey has joined the pantheon of gay immortals. London newspaper. The mirror reports that spacey appeared on the list of big old days alongside Tennessee Williams and Oscar Wilde, the organizer of the Department of Education's history program, apologized profusely for the quote unquote, error. It was a complete mistake, said Paul Patrick. We'd love to be able to explain how it happened, but we can't. Well, why do you think you can't explain why it happened? Because it's true. Hello? Is

They have him listed as now Cary Grant dispute.

B Bobby 30:27

Hmm. That I don't know. It's I don't know if it's so much about him being in the closet as I don't think it. Has he ever actually denied being queer who? Kevin Spacey? Yes, he has. Has he actually said that he is not gay. Yes. Thank you. Thank you has because I've never heard that

he has actually said the words. And you know, it's like, again, who cares? Okay. His

C Chris Harrison 30:56

brother is a Rod Stewart impersonator.

R Roy McCarthy 31:00

Oh, my goodness. That's disturbing.

♂ 31:01

I didn't know there was such a thing.

B Bobby 31:04

Excuse as well make sounds here because he needs new headphones

J Jimmy Carper 31:08

basically used used to deny the gay rumor until he was caught with his proverbial and maybe literal pants down in a London park at 4:30am and 2004. The actor was allegedly mugged in this notorious gay cruising park while walking his Jack Russell Terrier, and he tripped over the dog. When chasing criminals. He took his mobile phone and let's not forget the 1997 Esquire article that touted the gay rumors swirling around spacey at the time, only to have the actor claimed it was malicious. After publication. He I call that a denial. Okay, let's

C Chris Harrison 31:50

see here. Let's type in the three magic words and see what it says. What keep going Kevin

J Jimmy Carper 31:54

Spacey go to that door. Kevin is gay. What?

C Chris Harrison 31:58

Salon media swingers is Kevin Spacey gay. Is Kevin Spacey. Kay, who cares? Okay.

B Bobby 32:08

That's more than three words.

 Chris Harrison 32:10

One of the I typed in Kevin Spacey gay story that came up is is Kevin Spacey gay. Who cares is a article from Esquire magazine.

 Jimmy Carper 32:19

Well, you know, it was like when Sheryl Swoopes announced she was a lesbian. My first comment on the air was and it was met by a collective y'all.

 32:33

Well, George Michael I mean collective but

 Jimmy Carper 32:41

yeah, George exists for crying out loud. Finally, he has come out of the closet. Yeah, well

 32:47

actually get

 Bobby 32:50

married to a man. Yeah,

 Chris Harrison 32:52

he's got this boyfriend world. He's got this remember? Who has an art gallery in Dallas. And so now they're all good buddies with Elton John and his husband so David furnace. So there he's since he's English, and you can do it in England after that. They're gonna have a wedding too.

 Jimmy Carper 33:12

If you're Yes. If you're male singing star in England. You have to come to America to get a boyfriend. I have a tablet. Yeah.

 Bobby 33:20

B

Bobby 33:20

You have to come to America to get a boyfriend but you have to go somewhere else to get married.

J

Jimmy Carper 33:24

Yeah, I guess. I guess everybody should tell. Jimmy Somerville and Andy Bell and George Michael that Boy George that combined has Yes exactly.

B

Bobby 33:36

Anybody brave enough to marry Boy George.

R

Roy McCarthy 33:39

Anybody crazy enough?

J

Jimmy Carper 33:41

Yeah, he got busted again for dope because you know, yeah, which was called the cops on himself.

♂

33:47

The boy is an idiot. He's not such a pretty sight anymore.

B

Bobby 33:50

No, he isn't. Now can anybody tell up behind all that makeup?

J

Jimmy Carper 33:54

He's not wearing it. That's the problem.

B

Bobby 33:58

What was that like Iroquois Indian striped thing he was doing for a while. That was called Yeah,

C

Chris Harrison 34:04

I will say though that you know, there's that new I am a bird album. That one. It's like the best

album in England because he was born in England. So he ended up really a big upset decision and he got picked as the best album best singer and England this year. And he had board George to sing that. Do it on there you are my sister and I love you. And it's just one of those positive beautiful songs. And he said when he sings it he can just feel the room calm down. ruin his concerts. Yeah. Wow. So I mean, you know he he's ridiculous boardshorts ridiculous but he can still saying

R

Roy McCarthy 34:48

what to do. Yeah, he tried he tried to this DJ girl. Yeah. And it was such a sort

♂

34:56

of pontificating about Michael

B

Bobby 34:58

look like at the moment out Oh no I haven't seen you know, George Michael. I was wondering because he sort of had this meta stuffily And yeah look going on first eyebrows yeah yeah nice brows old patch thing going on under his lip there and oh my

R

Roy McCarthy 35:24

what I'm waiting for come over here and do that Ricky Martin come out of his closet.

J

Jimmy Carper 35:29

He's coming Yeah,

R

Roy McCarthy 35:32

yeah that's where

J

Jimmy Carper 35:33

he's looking a bit ragged these days it's kind of semi spiky hairs go doing

B

Bobby 35:39

I think I think he's doing another transformation so that he distances himself even more from the from the boy band singer PT. I hope so. Because he looks very much like a grown up in the newest pictures. I've seen him hev. there's somethin

NEWEST PICTURE. I'VE BEEN THINKING, THERE'S SOMETHING

C Chris Harrison 35:59

to be said for growing old gracefully. Yeah, hello. Or you could just you know, like Liberace have your boyfriend be transformed by plastic surgery into you when you were young. You can just sort of pretend Yeah.

B Bobby 36:16

Have you seen Liberace cheese farmer lately? No. Ooh. Well, we have not aged gracefully. Let's just well just remember the plastic. Plastic.

J Jimmy Carper 36:29

That was the weirdest I'm sorry.

B Bobby 36:31

There's a point at which plastic surgery just doesn't do it. No,

J Jimmy Carper 36:35

but um, he was having Liberace was having his boyfriend. go under the knife to look more like Liberace?

B Bobby 36:42

Yeah, there's something there. And

⌚ 36:46

that's really

J Jimmy Carper 36:47

what is wrong with this picture. Very wrong with that. Alex is here. Hi. Hey. What are you been doing tonight?

B Bobby 36:59

... I don't know what's wrong with this picture

Oh, have you been doing tonight? Nobody

37:03

has been blue smoking it blue smoke. What does that mean?

37:07

With the Walmart jokes?

J Jimmy Carper 37:11

I'm not proud of those WM your employer.

37:13

You know, Walmart does have cute stock boys every now and then. I've noticed that I've noticed that it two or three.

B Bobby 37:21

Your one stop shop for cheap plastic crap. Oh, well.

J Jimmy Carper 37:27

Well, I don't know. I haven't been in one lately.

B Bobby 37:30

cheap plastic crap made by people getting paid a buck an hour. I mean, if lucky.

R Roy McCarthy 37:36

Oh, I'm not getting paid for lunch. Not even.

J Jimmy Carper 37:39

I don't like to travel too far, though, as of the Montreux so I haven't been to a Walmart

B Bobby 37:44

path. You really don't have to go that far to get to a Walmart.

∅ 37:49

Anywhere right out of the loop.

B Bobby 37:51

There's there's one event No, sir, than the one out on West arm right.

J Jimmy Carper 37:55

Even. I mean, when I do venture out of the Montrose it is like 95% of the time within the loop.

∅ 38:05

Well, then you say, you know,

B Bobby 38:06

I think it's like I think for Jimmy it's like that whole Brigid Deelen thing. If he steps too far out past the boundaries, he grows old. That was ShangriLa. No, it's also in Brigadoon. Anybody the curse of Brigadoon was that if you stepped if any person who was part of the magic of Brigadoon stepped beyond the boundaries, the magic came to an end and Brigadoon would disappear forever. And whoever it was, who stepped outside would die. Oh, that's nice. So the person who caused the magic to die would die themselves.

∅ 38:48

Yeah, really sucks. Doesn't sound

B Bobby 38:49

fair. I loved the movie Brigadoon. It's kind of now if we could just a gay Brigadoon. Lots of

∅ 38:56

Montreux Metro soon. Yeah,

B Bobby 38:59

there you go. My

C Chris Harrison 39:00

anyway, you know, talking about Walmart and movies I actually saw Supersize Me on the cable. Can they do that hit is it is really a scary

J Jimmy Carper 39:11

movie. Since the best size maybe

C Chris Harrison 39:14

the guy who more basically ate healthy and then decided to document eating nothing. But while I mean, McDonald's for a month. And he shows him at the beginning seeing all these doctors and nutritionists about four or five of them to really kind of document exactly where his wealth was when he started out. And all of them said, Well, it's not going to be good for you, but it shouldn't really be too bad for you. By the by the last week, he was actually killing himself. He was saying the same way that an alcoholic can kill themselves to kill their liver with and drink themselves to dead. The same thing his liver was starting to like go berserk in his body. from an eating nothing, and he had this rule that if they asked him to supersize he had to, he had to do it.

B Bobby 40:05

So I was having this conversation with Scott about this movie. Yeah. And one of the facts that Scott quoted from the movie disturbed the Ever Living. Yeah, there are the fact that and one of the end it's a minor detail, I guess, that apparently they did some sort of test with the How about how much stuff is in the SuperS in the food? A junk that preserves it and do is and they said that they left regular fries that had been done for and fake and McDonald's type out. And the McDonald's fries, like a month later still look the same as they did and the others. And the others had another has Oh, no, no, but a month later, they're pretzel sticks. But they're, but they look exactly like they did before. And that's got to say something for the preservatives that are in that credit.

41:15

I mean, there's something really

B Bobby 41:18

much junk food anymore just because I don't feel good after I mean, either. I don't know what it is. I just I mean even I used to love Wendy's and even Well, I don't do this

IS. I JUST I MEAN EVEN I USED TO LOVE Mcdonald's AND EVEN WHEN, I WOULDN'T DO THIS

 Chris Harrison 41:30

part about it is there are so many people, I mean, poor people. I mean, the thing is, it's cheap. So man you like you have street kids and you have people that's the reason they're there you know, is two bucks or whatever, and then they can count

 Jimmy Carper 41:44

dollars you can the closest I get to junk food is Popeyes chicken.

 41:51

That's hard to resist.

 Bobby 41:52

Gay men should connect this to queer dumb, gay men who are all worked up about their parents should never eat in those places. No, that's right. Because because there is all that junk is destroying them from the inside and making them look all Oh, quasi moto ish. By the time that it's not a good thing.

 42:15

to deform their face. What

 Bobby 42:15

do you look at me like that for? Wow, cool. He's looking at me like I'm crazy. Oh, he's looking at me like I've lost.

 Chris Harrison 42:25

fat fat over here is talking about? Well, you mentioned eating fast food. No talking about eating junk food.

 Bobby 42:34

It's talking about the ones who obsess about their bad and it destroys

c

Chris Harrison 42:38

your liver if you're doing nothing else. I mean, but that's extreme.

J

Jimmy Carper 42:42

My liberty. Vegetables make you

o

42:45

did Yes it did.

B

Bobby 42:46

I take HIV meds that is doing enough damage to my

J

Jimmy Carper 42:50

liver. Why should we do that?

c

Chris Harrison 42:54

His girlfriend had to live someplace else for the month because it upset her so badly. And then they got back together.

o

43:01

Alright, where is it? Now? 32 I

o

43:04

was thinking of this special talking stick you had like eight years ago.

o

43:08

Oh, it wasn't the one that vibrated it hadn't built in heat.

J

Jimmy Carper 43:11

No, it was it was him. Was it?

∅

43:14

Oh yeah. I remember that. was when we had people talking about

J

Jimmy Carper 43:18

like, eight years ago. He wants me to remember eight years ago. Oh, I turned 50. I thought

C

Chris Harrison 43:24

when was a time you had two naked guys now sitting next to you. Well, now there's not him. We couldn't see your hands. He's good

B

Bobby 43:30

for remembering a week from Tuesday. You're gonna have to remember

C

Chris Harrison 43:34

guys. Once he came back from his vacation, a bunch of the other programmers came in and gave him a birthday present. Oh, yes. double headed.

J

Jimmy Carper 43:43

Yes. double headed deal there.

C

Chris Harrison 43:45

And we just by coincidence was hatch week. Yes. And Tigger, the 16 year old was sitting back here on the credenza, and was holding it and he goes, I've got the dildo. It's my turn to talk.

∅

44:06

Remember that? I'm doing that to

C

Chris Harrison 44:12

suddenly he remembers the 16 year old waving a two headed dildo around.

J Jimmy Carper 44:16

No one just said I've got to disclose my turn to talk. Yeah. We'll figure

B Bobby 44:22

out which ticket fabulous human being Yes. First, Michael Jackson.

J Jimmy Carper 44:26

The Fabulous Tigger, who is one of our MBBS Yeah, which is a whole nother topic. I know. I miss hearing from our MBBS and I know it's not fair to them because we we just can't write to everybody.

∅ 44:39

Whatever happened to the double headed to tilde? It's an

J Jimmy Carper 44:42

it's mine. It's mine. And

B Bobby 44:46

it's in a glass case

J Jimmy Carper 44:47

you forget. No, it isn't.

∅ 44:49

To say it's had lots of adventures since then. But how many

∅ 44:53

miles is Avalon? Hey, hey, valid question

R Roy McCarthy 44:56

coming up on 3000. Let's put the signs above So emergency break glass

45:04

well if you really want to know he's gonna need help moving in a bag

J Jimmy Carper 45:09

it's in getting your brake job

45:14

retread balanced

B Bobby 45:23

we getting a new paint job after a few years that layer needs a new lube job

J Jimmy Carper 45:30

depends on the type of lube you use to get your spot the delicately

45:40

class talk here tonight yeah,

B Bobby 45:43

yeah, but you know, what you gotta say is we know how to fill up a space.

C Chris Harrison 45:48

The thing is the first CD I picked up I looked down there's a song called faded away. No,

B Bobby 45:56

we do. All right, let's not let's not have anybody fading away here.

J Jimmy Carper 46:03

Well, I certainly don't plan on it.

 Chris Harrison 46:06

Certainly not talking about the coloring of the Oh, thank you. I still want to get to that town in Canada called dildo. There's a town named Hilda. Yeah,

 46:18

that's funny. It must be a bunch of pricks live or

 46:24

 Jimmy Carper 46:25

We can only hope

 46:27

you imagine the high school maybe it's an Indian nail though Hi.

 Roy McCarthy 46:33

The remote control domination inability to watch television without holding the remote control excessive agitation and pacing when the remote is missing. C Chris Harrison 51:15

There's a great Morrissey song. Called Satan rejected my soul. It's so wonderful. It's a great song. It is.

B Bobby 51:25

That's beautiful. Man. I guess that falls under the heaven doesn't want me in hell kick me out.

C Chris Harrison 51:34

B Bobby 51:56

Anybody here ever taken a kayak trip to Hoover Dam?

51:59

Yeah, when I was when I was really little in it. It wasn't that old. And there's, there's

B Bobby 52:05

the tour guide tells you this is the that's the dam or water the there's the dam bridge. There's the dam.

C Chris Harrison 52:13

Actually, what he told us when I was ill was he said that they couldn't think of a name for the dam. And whoever was president and nobody gave a damn about him something like that. And they point out where the you know, like the guy is trapped in this segment

B Bobby 52:36

of gay men, you know, they're always telling us to go to hell. So if you know the conservative Christian types, so if we all move to the town of Hill, does that qualify? Yeah, I got one question. Technically. Speaking

 52:50

is the Hoover Dam a goddamn

C Chris Harrison 52:53

only if you could never live turtle damnation wonders any churches in hell? Probably. Probably.

B Bobby 53:01

I wonder what kind of most of them should be there. That was sort of I mean, that church of Anton LaVey

 53:12

hell if you never could leave church

B Bobby 53:15

yes, that certainly would. You know, you see it's not it's not the belief I have problems. It's it's the it's their fan club. Yeah, it's the followers.

C Chris Harrison 53:27

I just think picking outside I see the rear end of a truck that means lead the ball is here saying this fan club

 **Bobby** 53:34

Yes. Yeah, the next show now that the churchy God has a fan club the all those churches who like to tell us where where we're going to get their eating of

 53:44

all the god nerds that they're hanging out at like wake like like

 **Chris Harrison** 53:50

I think that fundamentalist atheists are just as obnoxious as fundamental Christians

 **Bobby** 53:57

fundamental where I am I a blanket statement on this is that extremists in any system are still extremists and therefore should just dangerous are dangerous. Because I know a few extremists pagans so just kind of disturbing church that

 54:15

big for

 **Roy McCarthy** 54:18

a show off.

 54:19

We have a monster truck show ice skating what

 54:24

you're talking about Lakewood?

 **Bobby** 54:25

It's so that when the rapture comes they'll all be in one place. So you know God doesn't have to

go looking. Hey, he's really nice. No, but his wife's a bit of a worry. prissy little?

54:45

Who knows? Who knows what actually happened?

Bobby 54:49

I don't know. I look at her and all I see is someone who's like this painted lady you

54:54

know apparently, no never goes off on anyone ever.

54:59

Oh, apparently what happened on the absolutely

Bobby 55:01

I won't argue with that. I'm not talking about the incident on the plane. Yeah, I'm talking about what she appears like, Okay? When I see her when I see her talk, and it's just, I can't stand it well in this part of the country when those to hold on those those TV Christians are all this and I know the people on the radio can't say that. But it's all this, you know, the grinning ear to ear kind of thing. These plastic grins that are all you know, porcelain veneers, and if if they were smiling any bigger the smile would wrap around the back of their head.

55:39

Because of the

Roy McCarthy 55:42

Yeah, I'll say this and I thought nobody could ever Topher. But I used to think he does. I'm sure that nobody could do a worst makeup job than Tammy Faye Baker.

55:57

And she turns out to be such a sweetheart. I know. Sorry. There are so many plastic looking queens who are just evil

R

Roy McCarthy 56:04

Wait, wait, but not new TBN with their mouth, a new TV and Queen

B

Bobby 56:10

what new. She's been around for years now. That woman that that. She's like the love child of Dolly Parton and Barbara Cartland. The new

R

Roy McCarthy 56:28

members, whatever go to her her husband teach her how to do their makeup. Right? She likes the way she

B

Bobby 56:34

looks. And of course she's seven. She Do you know that? She's in her 60s? Yeah, yeah. Yeah. I mean, she's,

o

56:41

she's pretty amazing looking. I mean, there's no doubt I liked her long enough you can use for an aircraft,

B

Bobby 56:47

the amount of money they had to he can afford to know

C

Chris Harrison 56:51

they had to they had to catch up. When he sort of one of one of his aides, a young man accused him of inappropriate, you know, sexual advances and they had passed away he was on the list I think for questionable. He was we were talking about there's one list that has people sexual orientation of matter of this view. And he was on the list. Yeah. Well, you know, and besides, like my mother used to say, when I had hair to pass my shoulders and a beard and patches all over my clothes. I know Rena, you're very nice. We know you're a nice person. But people see your dress like that, and they're not going to think you're nice. So you know, you're bad judge a book by its cover. Oh, and she probably isn't very nice, but

B

Bobby 57:38

I'm not I'm not gonna judge her by the cover.

C

Chris Harrison 57:42

Such an easy target. You know, plastic women are easy targets plastic people

B

Bobby 57:46

in a in a, in a an area of life, which is supposed to be about truth and authenticity and are men and serious. What about emotion to God? What about Jim? And, you know, I'm not saying that. Get off of it. Okay, I'm not saying that we don't have them in our community. I know. We have them in our community. I'm, but most of them are. You know, we know they're fake. But only because they're. But they and you know, there's a great, there was a great joke for a while that said that. That, you know, there was a great thing of that and for years that a lot of the gym bunnies. Were looking like that so that they could hide their HIV status.

C

Chris Harrison 58:38

Well, you know, I think I think if you're going to talk about good Christian women, and their smiles you have and you really want to work up some hate. You have to go back to the source, which is Nancy Reagan.

B

Bobby 58:55

That's about it. She's just, she's, you know, she, the more the older she gets, the more she's sort of looking like I don't know, a very old exotic bird of some kind,

♀

59:11

which she probably is she's probably very sad without Ronnie. Yeah, so you they really loved each other. I do

B

Bobby 59:16

kind of love the fact that after, you know, she kind of went on a completely different rant than Bush Jr. About the whole stem cells. That's right. I mean, she, you know,

♀

59:28

she had an astrologer Yeah. How old was

B

Bobby 59:31

she? You know, you gotta love her. She she actually admitted to having an astrologer, you know, which could have been political suicide, but you know,

 Roy McCarthy 59:41

that's a pretty well known factor that we wanted with our psychic friends.

 59:46

Yeah, that's a joke.

 Bobby 59:49

Dionne Warwick in the psychic friends network.

 Chris Harrison 59:51

Well, I think the difference between difference between Reagan and sort of the bushes is that while I didn't agree with a lot of the stuff that Reagan dead. I always thought he was probably a pretty nice person. You know, in general, you know, if you've met him know, you've met him and yet you thought he was awful. You know,

 Roy McCarthy 1:00:10

I know I never met him. I just know. But Reagan believed all throughout his life. He was a one horse pony. I want one trick pony. Yeah. No dichotomy or anybody? Anybody said I didn't. He was telling me I'm supporting communism,

 1:00:36

but that's what I'm talking about. Damn commies,

 Roy McCarthy 1:00:39

you know, and he allowed? I don't know, how many 1000s of our people to die of AIDS before he would even say the word. That's a very complicated time. I mean, I complicated by we got a serious health issue going on, I think that needed addressing and needed funding. Right. But I found it wasn't until some of the top cronies in arts, entertainment and politics and in the news, it wasn't until people like Rock Hudson and others started dying of AIDS that we started getting real government action. Before that. We were we were just a cap. We were lower than garbage. You know what, how you pull up a crap skin. And you got a little magnets at the bottom? That's what we were considered Well,

Chris Harrison 1:01:27

well, he ended up actually talking about it more than Bush ever has Bush Jr. ever has. So you know,

Roy McCarthy 1:01:35

how can you say? I ever heard him say anything about it? He did it. He did
