And, you know, left them in this dumpster took their ATM cards. A guy that they got down in Sugar Land area, took him back into his own house young guy, took him back into his parents home where he lives, go in, put a pistol handled shotgun, double barrel shotgun, up to the forehead of his 17 year old brother while he sleeps in his bed, tape duct taped his feet, his hands behind his back his mouth in his eyes, took all of his clothes, very expensive, you could tell by looking at the kitty dressed well, took all of his clothes, took a stereo all these things kidnapped the guy, the brother, the other, the older brother that they had found, I guess at a convenience store or something, and beat him just beat him severely. Another guy that they robbed and then turn around just for kicks and just shot through the back of his window of his car. Got him right in the neck. He's paralyzed. He's in a wheelchair now. But the interesting or the thing that I think should really be pointed out about worthless, just worthless. But the thing I think should be pointed out that Michael Burzynski was the only to this day is the only person that they attacked and kidnapped and robbed. He is the only one that is dead. And he said that he felt like a judge when he shot Michael Brzezinski. And, you know, one of the TV reporters Cynthia Cisneros from 13 was asking me, do you think this is a hate crime? You know, there are differing opinions. And I said, Absolutely. It's a hate crime. They targeted this man because he was gay, because of the belief that gay men were easy targets. And that would be easy, easy money. And he's the only person that ended up dead. And he said he felt like a judge when he shot him in the head. Definitely, it's a hate crime. Sure, blatantly, clearly, it's a hate crime. So we'll see. We go back into court on Monday. And we'll see what happens if he'll get the death penalty, or

I'd like to know how a guy like that goes from being a star athlete, with with college stuff paid for scholarship scholarship, yeah, he's always got scholarships. He's a star athlete, he's popular, seems to have everything going for him coming from a well to do family. And what happens that, that they turn around and do something like that. It's

S

Scott Lewis 02:33

amazing to me that we live in a society where people die over pocket change, where people die over a jacket, or a pair of tennis shoes. That that these people this mentality. You know, if they get a thrill out of the fear, or whatever, you know, Fine, take the \$3 Take the \$400 take the jacket, take the shoes, scare the devil out of them, but let them live. Nobody has the right to take anybody's life. I mean, certainly nobody has the right to take their shoes or jacket or their money. But if you if you have to do that, well, I mean, I just don't understand where they get out. And these guys were just beyond I mean, it just my, from what

P

03:15

you're telling me they they were looking at Michael and there are other victims just as objects.

S

Scott Lewis 03:20

Yes, absolutely. Just no value to human life. You know, they taught us they were concerned we talked in we talked in in the courtroom, there's so many things it's it's similar in ways to the OJ trial in that they, they're arguing about so many things, and the jury will get taken out and brought back in and taken out and brought back in because there's so many things that they can't hear or they don't want them to hear and be tainted or whatever. And so while all this stuff's going on, I'm chatting with some some people who are in the courtroom who are like victims rights advocates who are there to support the family. And they were telling me about another case that's going on right now, where 12 kids you know, when I say kids, I think 1718 years old. So one of them shot somebody shot some guy, the guy is laying dead in a field and they pass the gun around, and everybody shoots the guy all up and down his body from head to toe so they can all get the feeling of what it feels like to shoot somebody. I mean, it just makes no sense to me. Makes no sense to me whatsoever. Anyway,

P

04:30

and we go from this Yeah,

S

Scott Lewis 04:32

where do you go from this

P

04:35

place more bad Midler.

S

Scott Lewis 04:38

Just crazy, crazy crazy. We'll see what happens, you know, part of it, you know, and then then enter the whole death penalty debate. And certain you know, people have very differing

enter the whole death penalty debate. And certain you know, people have very differing opinions on that. I think this son of a gun deserves the death penalty. But I know I'm

 Jimmy Carper 04:57

really torn because I I talked with with Ray Hill and I, you know, he talks about no death penalty, and I agree with him and then I hear something like this. And I think

 Scott Lewis 05:09

man has no use no value. And I Why let him sit there? And what's it \$40,000 a year? I know, somebody on my dollar? No, no, but I will say that I do hope that he does get life in prison and not the death penalty, and not for his sake, but for the family's sake, because death penalties are automatically automatically appealed. There's no I mean, it doesn't if you get the death penalty, appeal is automatic, it's going to happen. And then the family goes through this for 15 years. Yeah, you know, let it be over for them. And that's the only reason I mean, I think he deserves to die. But I think that the family would see more closure, if he you know, if he was given life. But

 06:02

they were talking about this, their attorneys were gonna talk about, you know, him being an athlete and all this other BS about, it's like, you know, what, he did all these things, you know, before even he went, you know, ended this this last crime that he finally got caught for. Yeah. And they were actually going to come up with his defense about well, he was also good athlete who can access it. I mean, yeah, I mean, I don't understand how they can actually even even say that. What I mean, it's just,

 Scott Lewis 06:29

you're grabbing at straws. They are grabbing at straws and, and trying to show that, you know that he was there trying to show a different side to him than this brutal killing. But I mean, it's just me, and hats off to Kay Brzezinski, Michael's mother, because I don't know how she was able she got on the stand. She was completely composed. And a Hollywood screenwriter could not have written better the words that she used to answer her questions. Yeah. I mean, she was just, she was poignant. She talked about the, the bullet that went through her son's head and through her heart. Wow. I mean, it was just, it was a movie, it was like out of a movie. I mean, it was just so powerful and so incredible. And I mean, I'm just overwhelmed by the strength of the entire Burzynski family.

 Jimmy Carper 07:20

And that's what it takes at a time like this. And on that note,

S

Scott Lewis 07:28

I want to do while I'm getting ready to I'm getting ready to blaze, I wanted to do it as my fact I want to I want to come back and do a call down to energy and see what's going on down there tonight and what's going on tomorrow night. Because the you know they do big drag shows on Sundays there. See what's going on down there actually because I'm getting ready to go down and I needed to put me on the guest list. But

07:50

there's she's incredible but anyway,

S

Scott Lewis 07:53

but Gloria Stefan has a new CD out which is it's all in Spanish and it's incredible. In her last Spanish CD I read an article about it today about how her last CD really bridge the gap between Spanish music and English music. It won a Grammy it sold so many copies. And that her her music in Spanish is something that the the general audience, the general English speaking audience who typically would never buy or have a desire for Spanish music really can listen to and enjoy and want more of a crossover. Exactly. I cannot it's abriendo puertas I think which means open heart is the one you put you you played that it's called and it means opening doors. And I want to play it again. It's just fabulous. I want to remind you that you are listening to Scott Lewis and Jimmy older than dirt Carper. Hey, on on after

J

Jimmy Carper 08:54

older than me.

G

Glenn Holt 08:58

Who do you think put the dinosaur bones in it?

S

Scott Lewis 09:00

Who buried them damn dinosaurs? It's opening doors off Gloria Stefan's new CD. Scott Lewis and Jimmy older than dirt, Carper, on after hours, a continuing tradition on 90.1 FM KPFT Houston and 89.1 fm KEOS College Station, Bryan. Ooh, Gloria Stefan, that is from her new CD. It's called abriendo parameters. If I totally butchered that. I apologize. You know what, I don't think that's going to work. I don't think that's going to work. So the phone thing, try it. It's done. It's making funny noises. Oh, no, it

09:48

doesn't work. As a matter of fact, I

S

Scott Lewis 09:50

see. So I can't call energy or you can't I'm sorry. So am I Yeah. So let's let's go. I'll go over just my last couple of bitches. I don't really have any left. I guess I do have a big bitch against the Schick shaver company. Terrible. Schick razor company. They have this thing out. They had this thing out called the the Schick tracer. Let me tell you about this piece of crap. Yes. Good. Look at my face. I look like I've been through a war. I've been I've been through I've been shrapnel. Like, I look like my face was shredded by shrapnel. Oh, just the worst razor I've ever used in my life, the ship tracer. I mean, let me tell you, I wasn't even trying to commit suicide and I had to go to Ben taobh because I lost so much blood. You don't even have to be good. Just shave with it. If you're if you're feeling lonely and feeling low, grab a sheet tracer it could happen. That's just my opinion. That's funny. That's funny. Let's see. And what's the deal with this new catalog company? Q

J

Jimmy Carper 11:12

Oh, oh, it's Christmas. And they want to push queer stuff for lots of money on to an unsuspecting public. You know, it's,

i

11:25

it's like, that's the way it is. You know,

J

Jimmy Carper 11:29

it just drives me crazy. I like rainbow things you know, which is a gay simple, the rainbow the six color rainbow. But you know, when I see a towel for \$36 Just because it's got a rainbow stripe on it. Give me a break. And then a polo shirt. You know, just the regular old polo not even a polo shirt. Just just a short sleeve shirt with a with a little rainbow thing on it for 40 some dollars. Give me a break. And that's what it's all about.

S

Scott Lewis 11:58

Making \$1 on the community. Yes. Too many people are trying to do that. Yeah. But then on the other hand, it does serve a good purpose in that it offers. You know, it gives you some pride clothes. I mean, basically, that's what it is. It's pride clothing.

J

Jimmy Carper 12:14

I'm proud to be gay or Yeah, well, I pride clothing on right now I've got a t shirt that says

S

Scott Lewis 12:23

I'm pretty I'm ready. I'm gay. I watched it on TV the other night. The West Side Story West Side Story, which I'm sure you got to see in the cinema. Or you know what? Before I say that, I've seen that in the theater. Yes. Because when they did the 50th anniversary here recently. Actually, I think it's I think it's the 25th There's

 Jimmy Carper 12:52  
already like I was like 10 or 11 when it came out.

 Scott Lewis 12:56  
Which would make it would have been I guess the 30th anniversary was I think it was the 30th anniversary and they rereleased it in theaters for like one week. And it was great to see West Side Story on the screen. They had redone it you know, they had redone remastered the sound and the picture and everything and it was great. So I am blazing because I have a friend in from out of town and I'm going to do him queer Christmas carols. Like, I'll be a homer for Christmas. That's That's one. This is Scott Lewis. I love you all. I will see you. I'll never see you. But I will talk to you again in a couple of weeks, two weeks, two weeks, and they were exciting I was going to do on that show, but I have no clue what it was. Oh, well. And well, you being

 Jimmy Carper 13:45  
here. It's exciting enough, and I'll be at home for Christmas. And every other day Ooh, yes. Everybody's favorite queer Elton John doing step into Christmas. You're listening to Jimmy Carper and a queer version, queer music version of Christmas carols tonight. Wow, that was Elton John. And before that was the Seattle Men's Chorus from their snowed snow bound album. During Christmas comes in new when we started out with Venus and v we get requests for this every year this. This album has been out about three years and we get requests all the time for I'll be home over Christmas. I'll be playing more from that. And now a request from Roy who's in the lobby right now and back from the North. Wave way north and I think he's gonna stay here for winter. Do you have a special request?

 14:55  
I just want to say hi. Hello. Yes, and I'm back. Yeah. And I'll be here till spring or summer.

 15:03  
Promise

 15:06  
only if things don't delay me,

 Jimmy Carper 15:08  
okay, okay. And you wanted to

 15:17  
do you really want to know? Is it a black and blue mark? It's Oh,

 15:26  
I see. It's a hickey

 15:29  
I see. Um, yes, I wanted to 12 days after Christmas by Seattle men's chorus as on snowbound for

 Jimmy Carper 15:40  
just just because just because because you're back in town okay Seattle Men's Chorus the 12 days after Christmas my favorite feminist group the Roaches and and what really is one of my all time favorite Christmas albums. And I've got oh, I've got about 150 Christmas CDs, it looks like you have a huge collection at home. And this is kind of my favorite it's called We Three Kings they do a lot of acapella stuff

 16:18  
as opposed to we three queens

 Jimmy Carper 16:20  
Yes. As opposed to and and you've been enjoying Seattle Gay Men's Chorus Venus and the

 16:30  
men getting you into the gay spirit.

 Jimmy Carper 16:33  
Barber rivers group. Yeah, yeah, doing all that kind of queer stuff. You're listening to after hours queer queer radio with attitude. On KPFT Houston and KEOS College Station. Bryan I've been a

queer queer radio with attitude. On KUTV Houston and KESQ College Station. Bryan, I've been a Dickens all day. So I am worn out and even doing it all day. Dickens. Dickens on the strand. Yes. Down in Galveston. I wasn't. Oh, it's wonderful. weather was perfect. Yes, it is. A lot more people are dressing I dress for your dressing period. Yeah, yeah. Those details and lace and you know, all that kind

17:09

of stuff. I'd be disappointed if it wasn't laced involved.

Jimmy Carper 17:11

You bet. You bet. And I go down with two friends of mine. We've been going for you

Glenn Holt 17:17

can't say that on the radio. You can't say that you went down.

Jimmy Carper 17:21

Yet? That's true. It's a straight woman and her daughter. So you know, I did not do. You drove down there. I drove down there. Yes. We've been doing that for years and years and years. And, and this was the best. Absolutely the best year the weather was the best. Vendors are nice. Lights are gorgeous, and crowds, huge,

17:43

huge crowds, huge crowds.

Jimmy Carper 17:44

In fact, the only hitch was it took us about 45 minutes to find a parking space this year. We usually we usually get a parking space in about 1015 minutes. We really had to drive around. I'm gonna

17:58

make a horrible noise here because my microphone is dry

18:00

now. Here we go.

18:00

So it happens when you get old. Absolutely great.

Jimmy Carper 18:05

It's going on this weekend only. So if you want to do it, you have to do it today Sunday.

18:13

It's unfortunate This covers the time because I always miss it.

Jimmy Carper 18:17

But it's it's just wonderful. Now Stacey and John are with us to give us news and views of the leather community and as soon as I find the right mics that's dropped
