talking about that earlier, we will be home for days before Christmas. Oh boy. So, oh boy, it's a very peaceful time of year for me, I enjoy being at home. It's a very family oriented time for me. And for me, it starts in October because my birthday is in October. So it starts in October and runs clear through New Years. Unfortunately, like you said, there are a lot of people out there, who, again, unfortunately lose their family, when they come out. And it it happens to straight people as well. If they do something against their family's wishes, they lose their family. Also, I think a lot of that has to do with the fact that Christmas has become so commercialized, right? Right. The only thing I want to mention is if you grab like a voice, a twit, a sundown, a drummer, a triangle, anything, outsmart any of the local magazines, including the straight ones, they will be telling you of what different groups are doing this holiday season. So you don't have to spend it alone, like you and I were talking about earlier. Neither one of us understand why somebody would choose to spend the holidays alone. Oh, yeah. And, and I mean, especially when there's so many people out there who are offering right place to go. Yeah, I mean, look at how many look at how many different little community papers. The gay and lesbian community supports alone, let alone all of Houston. Hey, everybody's got access to a chronicle. Go get it. Even if it means you go to a Christmas carol a play? I am sure that's playing at at least three or four different theaters throughout the area. Oh, yeah. Easy. Important thing is that you don't spend the holidays by yourself. That's right. That's right. And if you think you've got some problems with it, or a little depressed, there's always someone to talk to. All you have to do, like we said earlier is Get off your back end and go find it. Is Jim out there listening? Yes, I am. What are you doing for Christmas? Yeah,

J

Jimmy Carper 02:12

I'm, I always spend Christmas in Houston. This is my home. My family, he rejected me 20 years ago. So I have an extended family here plus a lover and the boyfriend.

S

Stacy Bolding 02:26

Okay, so see, I mean, you've always got somewhere to go and be with Oh, yes. And that is very important. In fact,

G Glenn Holt 02:34

we were having an offline discussion.

J Jimmy Carper 02:36

It's sort of like it's, um, I have it, I have to tear myself away. Because I have so many different people that I it's a tradition that I see on and around Christmas, you know, very close friends, people that you exchange gifts with and, you know, you set up like, okay, in the morning, I'm here in the afternoon, I'm there in the evening, I'm at this other place, you know, it's just it's,

S Stacy Bolding 03:03

there's only 24 hours. Because he was so funny as is now my family is interested in me coming to visit them for Christmas. Oh, and they can't understand why I'm obligated to stay here. I spent the past 10 Christmases with these people. I can't all of a sudden because you're ready to accept me in your living room at Christmas with my lover or without my lover. Draw all these people

J Jimmy Carper 03:30

that has been there because I think sometimes it's very hard for families to realize how how much our extended family and or friends mean to us. And really they mean more than our families? Well, in

S Stacy Bolding 03:46

most cases, they've been there to support us at our low times. Yeah. And be there to praise us when we do well. And when we don't do well, it's almost like you say there's more to being a father than being a sperm donor. That's right. Well, there's more to being a family than just having the same blood run through. You're right. You're right. Yes. And I've had so many people that that have supported me in the Houston community and as family and more so than my own.

J Jimmy Carper 04:23

Oh, absolutely. I understand that perfectly.

S Stacy Bolding 04:26

I wouldn't know where you're going with that grant.

G Glenn Holt 04:30

Oh, I was just grinning because you were you. You did the sperm donor line.

S Stacy Bolding 04:36

I thought I thought you had the daddy thing in mind. I was like, Where are you going?

G Glenn Holt 04:42

Oh, well, I can tell you where I'm going for Christmas.

S Stacy Bolding 04:46

I also want to mention that Jim will not a Jim is taking off somewhere special for his birthday. Oh yeah. Always gets to go. But I'm kind of jealous.

J Jimmy Carper 04:58

Where are you going to Hawaii? My lover takes me to Hawaii. That's sweet of him. Aren't you jealous?

G Glenn Holt 05:05

And when is your birthday?

J Jimmy Carper 05:06

I don't want to talk January 18.

S Stacy Bolding 05:08

I don't want to talk about it. We're not going to talk about Hawaii at all.

J Jimmy Carper 05:13

I love it. I love it. We have the condo right on the beach and Waikiki.

S Stacy Bolding 05:18

Oh, how nice. He's not Oh, how nice

J Jimmy Carper 05:21

with this balcony overlooking the sunset

S Stacy Bolding 05:25

you're really you're gonna make us hate this.

J Jimmy Carper 05:28

He's enjoying it too. He's enjoying it. Well let me put some days the water is a little cool. You know? Cuz it still is winter even though it is Hawaii.

S Stacy Bolding 05:41

Snow everything can be perfect. Oh, it's Oh, let's see cool is what? 82 degrees I've got a special friend in town from Dallas. And I just want to say hi. I think I want to say hi to her too. And I don't know.

J Jimmy Carper 06:04

She's in the bathroom right now. All right, well,

S Stacy Bolding 06:07

she can still hear me. Great. I'm still gonna say Hi, Charlie. Now you've had your name on the radio. Okay, um, what else did we want? Oh, just a quick calendar of events.

J Jimmy Carper 06:20

Okay,

S Stacy Bolding 06:21

well bow things coming out. You to do that tomorrow. There is a buffet adventure and at five o'clock benefiting the Colts. P flags fourth annual Winter Carnival. Go ahead. No, I was gonna say that's at 3pm. That's a neat information. They have a phone number here. It's this is all

J

Jimmy Carper 07:37

what a wonderful movie that isn't good. If you're if you're Oh, yeah, it's a classic. If you're if you're doing community events, how about some of these fundraisers that go on during you know there? Is there any listings there for that? Sometimes you have to check with the bar ads. Yeah. Okay. But that was that may be that that may be for?

S

Stacy Bolding 08:01

Well, I already congratulated the lands. Oh, good. They have their interest in it. By the way. It's their 18th anniversary. We did the PWA. lady victoria last. Mary's is about to celebrate there. Oh, wait. That's not right.

G

Glenn Holt 08:19

Okay, well, let me go ahead and chime in here. Okay, but yeah, let me mention that Q patrol started something new. It's called the bear club for Q patrol. We have these cute little stuffed bears with a I support Q patrol pin on them. And yeah, there's bears. Yeah, Q patrol. Yes. Yes. Yes, little stuffed bears. Just just the right size to slip in your your friends pocket. Just perfect for that sort of impromptu you Christmas gift kind of thing.

S

Stacy Bolding 08:49

Great. Great. Well, let me mention another thing. This Tuesday night at eight o'clock at chances fist is holding a prospect meeting. Anybody interested in fist, which is a women's SM organization?

J

Jimmy Carper 09:02

Or what's a prospect meeting? Um,

S

Stacy Bolding 09:05

it's where women that have contacted us over the past few months. We're getting them together to talk to him. See if they're interested in fists. Oh, things like that. So that's Tuesday night at eight o'clock at chances just come by. You'll recognize this from the patch. Oh, yeah.

It's pretty obvious. And understand these women have a lot to teach you. So even if you're a man and you're interested in learning something, you probably could even if you don't expect to be a prospect,

J

Jimmy Carper 09:36

even if you're an alpha and you're interested. Exactly. Don't be afraid.

S

Stacy Bolding 09:41

I'd also like to mention that on the 10th is Mary's annual

J

Jimmy Carper 09:48

tree lighting. Oh, yeah. Oh, that yeah, that's a half

S

Stacy Bolding 09:51

two, and that happens at 6pm on the 10 it because

J

Jimmy Carper 09:55

you never know what to expect for Mary's tree. Sometimes it's just one By the most fabulous thing and the other years it's like, well gee, thanks. They must have like, drank when they were doing

S

Stacy Bolding 10:11

well, it always changes. Yeah,

J

Jimmy Carper 10:13

yeah. You never know what to expect but it's always fabulous when those lights go on. Oh,

S

Stacy Bolding 10:19

I guess we also want to mention that December 4 Is the RIP cords anniversary. Oh No kidding 13 years. Wow. I believe that's gonna start at nine o'clock and they're having like a they're having shrimp and other tasty treats that oh,

J Jimmy Carper 10:34

yeah, that's it. That's a black leather affair, isn't it?

S Stacy Bolding 10:40

Probably. It's a formal leather affair, folks. Get them out. polish them up.

J Jimmy Carper 10:44

That's right. If you

S Stacy Bolding 10:46

don't if you don't have somebody to do it for you already.

J Jimmy Carper 10:50

That's true. No, no polo shirts.

S Stacy Bolding 10:52

No, no polos and tennis shoes. No polos and tennis shoes. Um, what else? Did you find any? There is a on December 1 At nine o'clock another day without their art. Mr. Don Gill is going to grace us grace his presence that chances that thank Bryan. I'm ready to see him on stage. Wasn't

J Jimmy Carper 11:14

that Friday night? I had. That was Friday. Yeah, that was yesterday. Yeah, yeah. Don Gill and

S Stacy Bolding 11:21

lady victoria last good luck. I hope they did real well with that. That was going to Montrose clinic class. They

J Jimmy Carper 11:27

did do very well. I got in there for the very tail end of it because I wanted to see. Rainbow was participating in that.

S

Stacy Bolding 11:37

Yeah, rainbows always fun. I know exactly what they did. Or roundabout?

J

Jimmy Carper 11:41

No, it was a variety show. That's all I know.

S

Stacy Bolding 11:47

Charlie's in here. So high terrain, darling. Yeah, she's back. She's hiding. She's hiding. She's back from hiding. How was your evening? Did you have fun? It's a yes or no question, darling. It's really easy. Oh, have a good time. Okay, good. Good. Um, what did you think of our city? Where are you from? Originally Austin. Now Fort Worth I'm a little on the braided side. I I'll give you that much. But a hell. Good place. Nice people. We took her down to the ranch complex. She loved it. Yeah. That's your responsible. Takes all my thoughts ability. It's all my fault. Yep. Yep. We've got a few minutes left. Again, you want to play some music? Okay. And then I want to get into one other thing. Go ahead. Okay.

G

Glenn Holt 12:51

Well, we're gonna go back to our wonderful CD here. I'll be a homo for Christmas. Oh, Venus envy. Yes. Mina sandvi. And this is Genesis one that you picked out, right? Yeah. Okay. And what was what is this that you picked out? What is this thing called? Isabella?

J

Jimmy Carper 13:08

Isabella? It's, it's a traditional song, but it's with a twist now because Jeanette Isabella happens to be this woman's girlfriend.

G

Glenn Holt 13:23

I'll be home over Christmas. To take off on I'll Be Home For Okay. Yep. Okay,

S

Stacy Bolding 13:30

are we back? We're back. Right. We're back. And we found out that we're going to be a Hummer for Christmas.

G

Glenn Holt 13:36

Some of us are going home for Christmas.

S

Stacy Bolding 13:41

Uh huh. Yeah. Yep. So am I. I think that Stacy and I are going to take a minute and turn to what we consider our little Bible here, which is sm 101. And we're going to talk about s&m versus abuse and the differences. Do you want to start on that? Yeah, um, what I try to explain to a lot of people who are not in the scene and are not educated is that this is completely different than going out there and beating up somebody. Well, s&m is consensual right. Abuse is. It's also it's all it also can be sexual. Yes. But it's not abuse. Abuse is harmful, hurtful, where SM is it really? Well, there's a little there's a little place in here. This is SM play has never done with the intention of really harming the well being of a submissive. Abuse is done with the intention of causing harm. That's the big difference here. Right. Well, another big differences. As news abuse is done behind closed doors, it's secretive. Nobody knows about it. As soon as all upfront, it's open. If it wasn't you and I would not be sitting here talking about it. Exactly. Exactly. And there, they give you a nice list of go into them and talk about him for a bit. Each one will start off with the first one, which is as an employee is always consensual abuse never is right touched on that just now. Right? And then I went on to read the second one as them has never done to intentionally hurt someone. Abuses if you'll read the third one, Stacy, it simply is negotiated and agreed upon ahead of time. We're abuse. It never is. It's just something that happened. Yeah. Yeah, talked about a little bit as far as contracts go, yeah, sitting down and discussing, you know, what your boundaries are, right and getting to know your partner before you start to play with them that's basically enhances both the situation and you have the opportunity of having both parties enjoying themselves, right. That should tell you something about it not being abuse the charity to take the time to sit down and negotiate what's going to happen to you. You don't negotiate abuse. That's right. That's right. Just for people who don't know our little SM Bible here. If you're not used to negotiating or talking, they have two different types of negotiating forms in the book that really help once you get started talking. It's something that Charlie brought up. What she noticed between my relationship and the person I'm involved with now, is we because we're so open about talking about sex and fantasies and things like that. We're also open about talking about other things as well. So she noticed that and she feels like it's more stable relationship. Of course, I just happen to agree. Well, that goes on to say that SM play enhances a relationship. Abuse damages. That's right. I guess the key issue here is to again to say that we're not we have no intention of seriously hurting someone permanently, right. This is and it's all consensual. That's right. It's something that is agreed about and talked about before we keep women let me clarify something we keep saying that we have no real intention of harming someone. That's true. We don't. We're talking about permanent harm. Right. Okay. I was gonna say different levels of pain affect different people. You've got your niche. You've got your you're talking about different edges, okay. And we're talking about permanent harm here. If you're going to break someone's arm that's permanent harm, and that is not going to be consensual. Right? s&m play people who play with s&m or play in the scene. take on responsibilities they take on the responsibilities and the actions that are happening within that scene. Abusers don't they don't end they also abusers have no rules. That's right. They make up the rules as they go along if they have any at all. As an s&m play may be requested and even eagerly desired by a submissive, nobody ever asked or desires to be abused. Right? SM play can be very erotic or of abuse is not erotic at all. SM play can be stopped in an instant at any time by either party or anyone involved in it. By just mentioning a code word where abuse cannot be an s&m play the dominant always keeps their emotions under control and abusers emotions are out of control. After s&m Play the submissive and off the submissive often feels great. grateful towards the dominant a victim never feels grateful towards an abuser. Try now there are warning signals that are put out that I guess if is this all we're gonna was all I was gonna go into because those are. Those are the big

generalities. Those are the things that most people see. And most people talk about when it's me when I first mentioned that I'm involved in the scene. They're like, Oh, how can you do that? You hurt someone I'm like, wait a minute know where you are in this thing? What do you mean? No, not at that point. No, because I'm doing okay. She's hurting someone. Wait a minute, is this the Stasi we know and love? No, but it's just there's such a big difference. That's why I think the safe sane and consensual credo is very important. Another thing that we have not mentioned in a while is you can't You don't do this on drugs, or alcohol, that's part of the safe. Well, it says when it says here that, number one, if you are going to be willing to accept responsibility for your actions, you have to be in total control of your actions, right? You can't be in control if you're on drugs, any type of drugs or alcohol, right? You also cannot accept the responsibility of your actions. That's right. When you when you really have nothing to govern those actions. And you and you do release a lot of your inhibitions. And then you put yourself and the person that you're that you're playing with in danger. That's right. That's right from both sides. From both sides, just like perfect example. I've been out tonight, I've been having a really great time. I've had a few drinks. I'm not going to play tonight. Probably you may go home and have sex, we may go home and have sex. But there is a difference we won't play tonight. That's another thing people think SM and sex are the same thing. We've touched on this before. And for you and I this is repetitive, but it's something that needs to be out there. They are different. Oh, they're very different. Because I've said so many times before. I'm a gay man. I have been and s&m scenes that have involved women. That does not mean that I was sexually aroused, or that I was having some type of sexual I will in a way I was having non sexual contact in a seductive way. Right? It had nothing to do with sex. Right? And so many people think that these these scenes and these these play times and and sex and and a majority of the time they don't. And a lot of people think they're just big orgies which they apply for. I have been to have even had allowed any type of penetration. And I I don't know, you know, the last time I went to an orgy was probably in 1980 something, and I do believe sex was involved. Okay, so if you have any questions on SSM, you can always contact me through fist, you can always go pick up sm 101 at crossroads, which they finally got all their copies in, I'm happy about. So now that I had to go to Chicago to get my copy. I guess the biggest the biggest way you could tell the difference between an s&m relationship and an abusive relationship was if you had them sitting side by side. If you did an interview with a submissive, right and did an interview with someone who is being abused, then you would be able to tell the difference, right? Being that we're involved in the SM community, we know the difference, right? Anytime someone decides they want to hurt you or maim you in any way without your consent. You are being abused. It's, it's also considered a form of Write, write. Write? Also, this does not negate mental abuse. Oh, not at all. Not at all. Most of the because our community is the wider community is such sticklers about rules. We have rules that we go by to try and we don't play mind games. In that sense in that sense of the word we don't You're right. That's dangerous, and you don't want to play with people's emotions. So and the type of mind games that would be played are like sensory deprivation and so on right are completely different than abuse. Yes. And they are like you said they are erotic. Yep. You are listening to 90.1 KPFT Houston, and 89.1 KEOS College Station, Bryan, quit radio with that attitude. Jimmy, you had a special dedication you wanted to do?

J

Jimmy Carper 24:01

Yeah, yeah. And probably John can help me with this. Yes. Because, again, gang guys gals. We had some bad news this week. And September 6 1987, after hours first came on the air. And it was hosted by Buddy Johnston. But what you seldom heard was the backbone of that show, which was Roger Kinzer. Roger was buddies, mentor, friend, lover.

S

Stacy Bolding 24:41

I mean, so many things, so many

J

Jimmy Carper 24:43

things. Yeah. But But Roger was always here for every show that buddy contributed. And as you well know, doing the show, it's hard to do it on your own. You need that that person, that person The background and and not only that, but But Roger had had some training in radio and TV and so he was there critiquing every show and offering you know what's what's good, what's bad keep this throw this away.

S

Stacy Bolding 25:18

And I know there are so many people out there who want to I guess grieve with us with the with the loss of this man. That because he touched so many people Oh yeah, yeah and affected so many people's lives. I know there are several of my friends. I won't go into their names that this man meant a lot to and vice versa.

J

Jimmy Carper 25:42

Yeah, yeah, I remember well, when I met Roger, he was just getting into the leather scene and they just, he was one person just absolutely blossomed

S

Stacy Bolding 25:55

so many times that that it'll do that to you. Oh, yeah. I remember seeing I remember seeing Stacy blossom. She bloomed right there on stage.

J

Jimmy Carper 26:10

Yeah, well, Roger passed away this past Wednesday. And buddy and I will be going into the studio sometime next week to kind of do a remembrance. Good. You know, I invited him to do that. But for now, I've read a piece of music that's a particular favorite of mine. It's for those who were not here and it's getting to that time where the next show is coming up and that will be the return of the sons of musical chairs coming up at 3am with Billy Gilbert. And back to Stacey and John.
