here it is become butcher Nelly in less than a day simply by taking the little pink pill. There's no
need to recruit, seduce, or rely on environmental conditions anymore. The little pink pill does it
all. Just one tap up before breakfast breaks the cycle of heterosexuality for a full 24 hours. For
years. heteros have been asking gays if they would take a pill if it would make them straight.
Well, last quieres Bell Labs responded to this dilemma by giving heteros a taste of their own
medicine. Yes, the little pink pill does it all the boring cliched life of a heterosexual can vanish
in one golf. Mrs. Betty Morgan of Gresham, Oregon talks about the little pink pill.

B Buddy Johnston 01:54

My life was a mess, bridge clubs, rows husband alcoholism, you name it. Then one morning I got my act together and took the little pink pill in an instant my sexual orientation change as did my desire to be married. Well, within a week I ditched my old man met a terrific woman and got joint custody of my children all this without why retention headaches or loss of appetite? Thanks a little pink pill you made a new woman out of me.

 02:24

Results may vary but don't consult a physician the little pink pill it does it all

B Buddy Johnston 02:31

Harvey Milk 06:48

somewheres in Des Moines or San Antonio, with a young gay person, all of a sudden realizes that he or he is gay knows that if the parents find out to be tossed out of the house, the classmates would torment the child. And the neither Brian's and John Briggs are doing their bit on TV and that child had several options, staying in a closet, suicide. And then one day that child might open a paper it says homosexual elected in San Francisco and there are two new options. One option is to go to California Bay in San Antonio in two days after I was elected, I got a phone call. The voice was quite young. I was from Altoona, Pennsylvania, as a person said, thanks. And you've got to let gay people so that that young child and the 1000s upon 1000s Like that child know that there's hope for a better world. There's hope for a better tomorrow without hope. The only gays but those blokes, the Asians, disabled seniors, the essence, essence without hope, the essence give up. I know that you cannot live on hope alone. But without it, life is not worth living. And you and you. And you got to give them hope. Thank you.

J

Jimmy Carper 08:33

We started this program on September the sixth 1987 Because I told them program director Dwayne Bradley that I thought the saddest time in the life of a gay man was coming home from the bars after the bars closed, and there was no one there. And we wanted to tell him that it was alright. Well, that never happened. And three weeks ago, I was in San Francisco and stood in front of the very camera shop that Harvey Milk used to work out. And I realized that there are young gay men walking down the Castro, that have no hope. Now, as Harvey Milk said, You got to give them hope. So I'm going to go to California and work on the play and the book that I'm working on. And count on you here in Houston. To give hope to someone, whether it be the guy down the street that you've seen that you know is gay and just scared to death to come out. Or the cop that you say somebody because you got to get pissed off and understand that the government is never going to give us nothing. They're only going to take it away from me. So I want Jimmy to call me in a year or two and say, hey, there were 250,000 gay people on Westheimer this weekend. I would love to be able to do that. And I want you to know that I have really loved being here tonight. And Rogers here in the little box that boots made for us. And I want you to God, babies just give somebody hope. Okay. It can only happen if you make it happen. Pay no attention to the new cheese and little of New Year's and the governor bushes because they don't have a clue and they never will make something happen in your life. And make it happen today, please. Because like Harvey Milk said there have to be more honey milks and that's you. And you I love you, sweetie. I'll see you later. Come to San Francisco and see me it's a promise. This is after hours on KPFT Houston. 19.1 FM we're here at work we're like

S

Scott Lewis 11:02

ooh, please, please, please, please. Grow up. You have to beg Yangon get it? It's Miss Lewis in the house. I'm back. I'm here. And who? God I brought back some memories listen to Oh buddy Johnson because when I was a young child, as long ago, yes, they have. Oh, I haven't been here in a while almost committed one of the seven sins. It has been a while. You know, why are dikes is so pushy. It wasn't something they did in the last issues or what they were? What kind of shoes are those you have on combat boots. And I know just where one of them needs to be stuck. So anyway, that brought back some memories in the last hour. Listen to them. And we

look crazier little while they're a little less political now but it's all good. It's Rocky would say I'm in the house. I'm in the villa. I'm in the villa villa. The villa with Miss rocky B was going on and thanks and Joe and it's Neff watch tonight is Neff watch. Rocky this so when you say Neff watch what

B

Buddy Johnston 12:02

is f watch? Kama Sutra, Kama Sutra,

S

Scott Lewis 12:05

Chaka Khan, Chaka Khan. I'm gonna rocky Chaka Khan. So anyway, it's Neff watch tonight, because I met this little guy named Neff and he's supposed to come down and see me now Neff is Oh,

R

Rocky B 12:16

Neff watch. Oh, yeah. So you see I'm there. Now. I'm right there with

S

Scott Lewis 12:20

you. Right. You're in the car. You're wearing your seatbelt. That's right. It's never watch. And that's because I met this little boy Neff who is just too pretty, you know, and you know, I like that little gang member action going so good. And Neff is never gonna get a little hood. Like a little hood. I know just where to stick. And Neff gives you Neff kind of gives you I could go out for a long day's work, I could go out, knock over a cup of convenience stores, do a drive by on the way home and still just plow my fields when he gets there. And

R

Rocky B 12:52

then when you're done, go to the bootlegger. Find the nearest bootlegger

Oh, some of this cake.

S

Scott Lewis 13:21

No, I haven't had any bring his cake. You want some cake? Have you had cake? Because everybody had the Gay Lesbian pride committee? Is it still gay lesbian, it's not bisexual, transgendered yet. Gay, Lesbian, Gay, Lesbian this year is in the house. And we have some movie passes and stuff to give away. We're not going to take long. I'm not going to be here long, which led me to introduce it since it's appropriate. It is kind of appropriate. But wait for your cue. Gigi is going to be here just a few minutes with the Lesbian Gay Pride committee. And and Miss Brian Keever. Who is had to leave men and leather barely clad in leather if you count around their ankles. And so she's not in the best mood because she had to leave them but a couple of sky vodkas and she'll be doing much better. And most importantly, we have this guy to look at right in front of us which does nothing for you rocky at all picture of a negative boy with a beautiful butt. So we have some some movie passes and some CDs to give away to a new this is supposed to be like the gay film of F spring. And it's a lesbian film. So

R

Rocky B 14:25

what can we do? A little trivia question or something? Maybe some How long has

I've had a me Award nomination,

B

Buddy Johnston 21:04

but I want that's my next. Oh, Reynolds

S

Scott Lewis 21:07

incredible blew me away. Speaking of blown Darren Armstrong. He's co chair of the gay lesbian pride committee is performing fellatio on a on a microphone in the next room. He's oral sex on a microphone. And I guess that's because his husband went home who was here earlier. And maybe we should be thankful because maybe it would be performing and all this has been if his husband was here, but then we don't get to watch because this is naked Radio. I'm gonna cut away and turn it over to Gigi here just a second. But before we go, I found somebody brought me a CD. Everybody knows. If they know me, they know that. I am a Martha wash at it. And it's lucky enough to Lucky enough now to call Martha friend and have worked with her many times. Somebody brought me this CD. Back in 1979 When Martha was known as to tons of fun, and was working with Sylvester and this is kind of a funny little Sylvester doing

 **Buddy Johnston** 22:10
on a candy J tip

 **Scott Lewis** 22:15
I don't think we could play Candy J music here. Fee fi fo Fum lookout throat here. Anyway, this is an old Martha song Sylvester live and he introduces Martha and as Laura who became the weather girls and when this was on where to tons of fun Roy Where's Madame food? I haven't eaten all day.

Okay, put two and two together. Okay, Rocky, it's all good. Oh good. Most Sylvester little Martha Washington the background from 1979 rock up you are my friend

 23:18
to all of you

 23:32
just like this.

 23:54
You

 25:44
You see these girls marching on so I met there three years ago, when the February three years ago. That audition we held on Fifth Avenue in Judah when we had our first rehearsal and a Volkswagen on our way to Marion County. And these girls have stuck with me all through everything y'all have they here right now I want you to know that

26:28

you see

26:43

don't know if y'all have noticed it or not. But these women can say y'all how to your ear has to be at your foot. To not hear these women can say I don't need these dresses. They don't need them jewelry. They don't need that.

Jimmy Carper 27:08

Oh, yes, the incomparable Sylvester, our late, great queer treasure. And you're listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station. And now the treat that a lot of you have been waiting for and especially the people in the next room. We have the pride committee, it's not often we get to get them. Yeah, we've got them this week.

Gigi 27:40

And that says JG with BiNet. And we have a pride committee. Quite a showing for tonight. Oh

Jimmy Carper 27:48

kidding. I'm really.

Gigi 27:51

And oh, they were playing with the microphone so sexy earlier. But I want to introduce everybody or actually let everybody introduce themselves because you not me and names. If you happen

Jimmy Carper 28:05

to read out smart. You know, the guy with the lights all over him is here.

Gigi 28:10

But before we introduce, I do want to say that this is a part of the show I've been doing lately on community first, really taking a look at where the gay community's been, where it's, where it is today and where it's going, and how we can all be a part of it and make it a stronger united front. Let me go around with names.

B Buddy Johnston 28:38
My name is Darren Armstrong and I'm co chair.

 28:41
I'm Susan Guerrero. And I'm also co chair.

B Brian Keever 28:45
Guy burns. I'm pride guide coordinator. And it's Brian keeper on the board of directors.

G Gigi 28:52
Thank you all so much for coming on. Just been so excited about this show. It's gonna be a good one. I kind of want to start kick things off, kind of we're pride committee came from how it got started. What was the first push of pride Committee?

B Brian Keever 29:12
It kind of started back in 1978 during town meeting out near the Astrodome where we kind of got started that was really before I moved here. But we know a lot of the history from people like Ray and low binaries, who doesn't live here anymore. He's now in New Orleans. But that was for a lot of our community got started. We had well over 2000 people show up and decide that. Well it's time that Houston decided to be a queer capital. And they started the Montrose clinic out of that group is sort of Montrose counseling scenario, that group they started in Houston Ghana has been Political Caucus out of that group. So most of the structures you have today started originally back then in 1978.

G Gigi 29:55
What was Houston like before Gay Pride started

B Brian Keever 30:00
A very closeted, very homophobic we had, unfortunately back then we had people disappearing. And, of course, you know, they would all of a sudden appear in the bayou and no one knew how they got there. But for a good example, Fred Paez, who was a activist here in here in town who got murdered, remember that? So it's back then it was quite scary. To live here in Houston.

G Gigi 30:29
What was the philosophy when proud started?

B Brian Keever 30:35
Control, taking control of your life, letting letting people realize that we're out there. And it already happened in New York, it already happened in LA in San Francisco. So it was just a wonderful progression here in Houston. We'd also had Anita Bryan here in Houston. During the wonderful orange juice ladies days, but at that time, I was still living in Atlanta, where she was and we were protesting just as much there. I can't serve as they were here. So Houston did quite well. It's matter of fact, this was probably the largest Anti A needed demonstration in the nation was here in Houston.

G Gigi 31:16
What kinds of things have you seen change from its inception?

B Brian Keever 31:21
Oh, my goodness. I know, a whole new generation. A whole new generation of people growing up. It's nice for new generation to grow up and not have to be hiding and not have to go in the back door. Or have a buzzer get you in the door. They find out you know who you are. So you don't have police sitting there taking down your license plate numbers thing, call your boss and then know your career. Yeah, you know, a lot of things I bet the

G Gigi 31:52
bar scene has changed a lot. So I remember there's just a few and they were kind of

B Brian Keever 32:00
used to be downtown. well hidden.

G Gigi 32:02
But now they're kind of out and everywhere.

B Brian Keever 32:08
Houston has the fourth largest gay community in the nation.

Gigi 32:14

What kinds of things have happened in some of the past parades? The early ones?

Brian Keever 32:20

Well, lots of floats. Lots of people out just what it is. It's always been a celebration of the Stonewall riots in New York City. And that's why it's always in, you know, has been in June, the end of June, the last Saturday and Sunday in June to help celebrate gay pride to let people know that, you know, especially young people, give them a reason to be proud and give them a reason at least once a year to come out of the closet and enjoy being gay. Yeah.

Gigi 32:47

Yeah. I know that. A lot of the people that listen to the show were like I was long ago, you know, kind of feeling like, wow, there's not too many people like me.

33:05

But they're everywhere.

Gigi 33:06

And but you don't see it in mainstream society. And then that really what the parade was all about, even from the beginning was, hey, let's be visible. We're queer. We're here.

Brian Keever 33:19

Beginning it really? It really was it was, you know, because people, of course claimed that, you know, we didn't exist. Yeah, there was only one or two. Yeah, you know, and when you have over 100 units in a parade, when your parade is is like, second to the Thanksgiving Day Parade, you we have as many floats, as is lots of other cities across the United States have their pride parades.

Gigi 33:46

And I know that, you know, bisexual communities, real closeted here in Houston. Better, it's getting better. But I mean, you know, I'd say that we're probably where y'all were when the before the parade started. And part of it, I mean, for bisexuals, especially those married young and gave it their real hard tried to be the straight and narrow. All of a sudden, they're caught. You know, it's like this wedge. And it's like, you know, I'm going into this because I got a call that kind of disturbed me this week on the by net line from a young man that was talking about how he gotten married, and he just felt he had too much to lose. But he also wasn't sure if he could keep going the way he was going, and kind of caught. And I think that's part of the heart

of this parade and the pride committee and correct me if I'm wrong, but it's to say, there are alternatives out there, and we are part of those alternatives. And I think it's awesome have a way to speak out and say, hey quieres aren't just these perverts that are over there. They're your brothers and sisters and mothers and fathers and aunts and uncles. We're all in you all's families.

Gigi's I think he really commented on something quite well. And although our parade is called the gay and lesbian or the lesbian and gay depending on the year, the idea is to include everyone. The idea is that sexuality is such a broad spectrum. And a lot of us have had experiences with being married in the past. We come from divorced families, or we have children of our own. So even gays and lesbians understand that bisexuality is a part of our community, just as transgendered are. And they are most welcome. And they are part of our community. We want to try to build that unity that we haven't seen as much in the past. Yeah.

What kind of things are y'all looking at? I know this year is a big year for the proud for. We're coming up on some groundbreaking, new first.

It's gonna be watching us, the whole

nation. Oh, yes. It's gonna be so festive.

We actually wouldn't have the first night parade, gay and lesbian night parade in the United States. So we are really excited about it and the community is really starting to get behind it. People are just calling up and telling us about their ideas for floats at night and glowsticks and

Gigi 36:36

oh, you know, Queens can do it at night.

Buddy Johnston 36:42

And I guess actually what we're wanting to encourage is that that everyone can be part of this parade. I think some people have the misconception that because it's a night parade. How will

ever be a build a night float? Or how will I build a a? Anything to put lights on it? How's it going to be?
