All the queers want equal rights while God made us do and your mother and father led any person who was gay if you hear the sounds of the waves brushed up against the sand where he's written both of your names with a heart around you were looking at the sky burning red with the sunset. Quickly a car drives up alongside of you, you stop for red light. Suddenly the car is surrounded, they circle your blanket coming in closer bottles are thrown out of car windows, the sound of glass breaking baseball bats against middle hand grabs your hair glass at your feet in your face in your eyes, a fist across your face again

05:13

Going back going back

05:23

I think that's Robin Pilar on the stage leaving the chat for love of her life we're not going back to Washington DC

05:58

want you to save for this next moment I have the task of telling you that the official count of the lsb and gay rights march DFS y'all

06:21

you may come out.

06:58

Strong

06:59

we parents want to persuade society that our gay children are not acting out of defiance, self indulgence. They're being true to their own nature. Our children are fine men and women. And we say to society, the parents and friends of lesbians and gay men will support their children

07:58

come on out. Bring your friends. What do you think about the turnout? Well, it's never enough. Never enough. Never enough. We must destroy the myth Swensons raw shatter them. We must continue to speak out. And most importantly, most importantly, every gay person must come out

08:27

you must tell your immediate family. You must tell your relatives. You must tell your friends if indeed they are your friends, you must tell your neighbor you must tell the people you work with. You must tell the people in the stores you shopping

08:54

once they realize that we are indeed their children and we are indeed everywhere. Every myth every lie, every innuendo will be destroyed once and run. Once you do you will feel so much better.

09:25

You know what, what we do have to explain the opening of this thing again. Why? Because all those things that we play come from so many different places and we haven't done that in about six months. We sure haven't. We'll do that a little later.

09:37

Especially for all the new listeners. They just hear voices.

09:41

We're not finished. Hang on.

10:00

I have to do one thing come out

10:09

Oh, yes. And what are you? What are you boys in blue down there at HPD please come out. Because I've been chasing you guys for seven years. Anyway, point one FM after hours radios celebrating live from the heart of Montrose. We're here and work where we certainly are. And we got a great show for you this morning. It's so hot in here. I wish we could do this outside.

10:32

Well, that's because we got some hot guests. Oh, really? Yeah.

10:35

Well, can we go outside and do this? Wait a minute. Who's here first, pug hog like the Arkansas Razorback. Wrong. Here's an outdoor group of them when maybe we can do this outside. I

10:47

mean, we've got a bar alternative here for you tonight. It'll be great.

10:51

And here's Alan to say. We clear and we have got our Christmas album Ready to go? Yeah, it's a secret. You You brought it you brought it? Don't tell anybody. Okay, I'll play a song from it in a minute. Great. Anyway, we're just here to tell you that we're gay and lesbian folks and we're tired of being in the closet. And that Christian guy that called last week that made me so mad. Don't even pick up your phone and call anymore because I figured out with the Christian community that we're not the good Christians with the Christians that preach hate and bigotry that yell and scream at us. I've got tons of radio stations and tons of Cable Vision and tons of this and that and they don't need our little four hours to do their hate I know that we're not taking those calls anymore so don't even bother calling they'll get over it and so anyway, we got some great stuff for you and it's all gonna happen right after this. Okay,

11:43

okay, okay love me Be free

12:01

Yeah romanovski Phillips must have been drunk right right

12:14

here it is become butcher Nelly in less than a day simply by taking the little pink pill There's no

here it is become satiated. Very in less than a day simply by taking the little pink pill. There's no need to recruit, seduce or rely on environmental conditions anymore. The little pink pill does it all. Just one tap up before breakfast breaks the cycle of heterosexuality for a full 24 hours. For years, heteros have been asking gays if they would take a pill if it would make them straight. Well last queers Ville labs have responded to this dilemma by giving heteros a taste of their own medicine. Yes, the little pink pill does it all. The boring cliched life of a heterosexual can vanish in one gulp. Mrs. Betty Morgan of Gresham, Oregon talks about the little pink pill.

12:48

My life was a mess, bridge clubs, gross husband, alcoholism, you name it. Then one morning I got my act together and took the little pink pill. In an instant my sexual orientation changed, as did my desire to be married. Well, within a week I ditched my old man met a terrific woman and got joint custody of my children. All this without why retention headaches or loss of appetite. Thanks little pink pill. You made a new woman out of me.

13:18

Results may vary but don't consult a physician. The little pink pill it does it all

13:27

Yeah, see, that's what I was gonna get K for Christmas. Oh, she's hateful. Why did I accept to be so pushy? Wait a minute. Wait a minute. That's what the good homosexuals say. We're certainly not good homosexuals. I'm the fact that that works for HPD

13:43

and I'm the fact that it doesn't work at all.

13:46

And Stanley's here right? Yes

13:53

that is kidding.

13:54

I love my lover.

13:55

Are we going to have a big Chris nevermind. Yeah, I'm talking about Christmas. Yeah, well, okay. I don't know what we're gonna do. Just hang on. We'll figure it out. This is after hours radio celebrating live from the heart of Montrose on 90.1 FM we're here and work we're.

14:43

No, that's right, baby. No, all this crap is getting ready to start happening in the Middle East. In the wild, they wouldn't do anything before the elections. And now they're not going to do anything before the holidays. What we what's going to happen is people are going to start dying and right now our governments just like you Playing a chess game to figure out when it's pretty screwed up. Pretty scary, too. Yeah, it is. Anyway, speaking a pretty scary Yeah. Did you know that? Jerry Falwell is coming to town?

15:12

What? Yes. Oh, please. He is. That's all we need. No, really? He is Who told you that?

15:18

I saw it in the National Enquirer, so it must be true. Oh, of course. Anyway, I want to play a little song here just for jury. Can we do that? Oh, yeah,

15:27

you betcha. Okay. Jerry, this

15:28

is just for you. And yeah, we need to dedicate this also helped me think of all these people, girl

15:35

what Jesse

15:36

Jesse Helms, Pat Robertson. Pat Robinson. Who's that guy here locally that really gets my goat. I can't think Bella Schlaf not felt that other queen in drag. And that started that straight hate group.

15:51

Now she's not indirect. Nobody would look that bad.

15:54

Now, what's her name? Steven. Say, Hello. See? Also,

16:02

I'm not fooling Austin. Who's that? What's his name? Yeah.

16:06

What about that cowboy, that

16:08

Mark Weaver?

16:10

In Dallas, he's in Dallas. And then we've got that rich cowboy that just spent \$8 million right around the state and show us what a fool he was. I got him. We got who else girl?

16:24

If the election is over, we don't have to remember. Now,

16:28

there are so many what we're talking about his people of course, who are homophobic and people who are jerks and people who are just bigots. Yeah. And they just make us feel so good. But we're also talking about something that exists in this state called the sodomy law and I don't want to read that description again because my blood was boiling

16:47

mad my rights coming up basically this is going to couple of

...

16:51

days but the sodomy law says that we can't do what we do when we do it. We're doing it but I mean you know it's it's just a joke, but if you caught if you get caught doing it which you might but they won't charge you because nobody's ever got charged for doing it now except some poor little guy and pig knuckle Texas somewhere and they didn't know any better. Well, it's

17:09

a misdemeanor it's you know, kind of on the same level is littering it's

17:13

like a slap on the wrist and a \$200 fine I figured I've the last week I've got like \$150,000 that

17:20

we're good for you

17:22

know, I'm lying. I'm exaggerating. But this this is just our little message to Jerry Falwell because he is coming to town I heard heard it in the grapevine and Jerry this this is just for you. Okay, wait a minute. Let's put that over there. There we go. Hang on a minute believe it

17:52

is that f is in Frank

17:57

even when it doesn't work right.

18:04

After hours radio celebrating live from the heart of the Montrose we're here at work we're maybe we just want to be impulsive. We got some great guests coming on. So hang on this secret

18:24

want to film KPFT Houston after hours radio celebrating live from the heart of Montrose. We're here at work we're you know. this is really a nice album. the Wilson filler. Yeah. I've been

here at work we're you know, and is really a nice album, and when they hear, I've seen

18:35

with him. Every time we pick up a new one and play it some other popular radio station, you know, picks it up after after we do those bitches

18:44

have been following and doing what the gay community has been doing for years. We're always first I know that's what's the earrings and the flat tops. You name it. We've done it. And then they said better. Then they come along and kind of them man. There's only one thing they can't do better than us. And the SOC s FCC well, let's just say I started to bite my tongue started this well. It's almost Christmas time. Shout

19:23

Jim Barlow in the album, dyke the halls, and we'll hear more of that later. We'll be back in just a second.

19:33

I want to tell you about a revolutionary new hair color. It's for lesbians only. You can choose the look you desire. Whether you want that mature politically correct salt pepper look, or the matted, sweaty act of style. Sexual preference by L'Oreal has your number. I let the straight girls be nice and easy. For me, it's strictly sexual preference by L'Oreal. Because without it, I'm worthless.

20:03

Okay, Mary. Oh, okay, let's stop all this. Yes, we gotta do this. I gotta get these people in here.

20:09

I know it. I know we're just having fun here

20:26

we don't have this way out with Greg Gordon and Lucia Chapelle so Oh, okay, got extra Tom's. Good. I

20:32

hope they do. Our guests. We have guests tonight. Did you

20:37

just kill? I'm very excited about this. Although I don't know if this is something I could find time for. I wish I could. But the schedule, I keep doing the show. On Saturday nights, I'd have my Saturday nights free.

20:50

I know that's wrong.

20:53

Well, hi. Is this a little more than you thought? Because you're sitting there like, how do we get out of this now?

20:59

I'm just really intrigued by what's your name? Patty crago. Patty, and you're with the Houston outdoor group.

21:07

Hello, right. Oh, and we've also got

21:10

Lawrence Jackson Lawrence. Well, welcome to after hours. So glad to be here.

21:15

Yes. Very.

21:16

We're happy to have you. It's hot in here. Yeah, it is

21:19

glad to be had.

21:22

Right, make a note of that.

21:24

New cars, new cars. Play that every week.

21:27

Tell us about Han?

21:29

Well, this is a group that started several years ago, one of our founders put an ad in a publication because he was interested in finding some other gay people that he could go camping with because he enjoyed camping and wanted to do that with people he had something in common with and he thought maybe he'd get one or two takers. And he got more than that. And so the Houston outdoor group got its start. And since then we've grown. had our ups and downs. You know, when Houston had its downturn, we had our downturn, but we're going strong now. And we started out being strictly a male organization. And we're not anymore happy to say yeah, very happy.

22:08

Yes. We'll come to that, right.

22:11

Yes, exactly. We're trying to get more women in the group, so that we can have something in common with the men. Because we we've had the grip that times that I've went on the trips, we've had so much fun.

22:23

For so many years, our community has been isolated, right? So it was basically always on this side that goes on.

22:30

Gays and lesbians get together, you can have a lot of fun.

22:32

And we do. Yes, that's one of the special things about our group is that we really cut across so many sectors. In Houston, especially I think our community tends to be split by sex and by race and by socio economic factors. And one of the great things about Houston outdoor group in my experience is we have so many different ethnic types of people and so many people of different ages and different economic backgrounds and men and women together. And nobody has any attitude is just

23:11

Isn't that refreshing? It's

23:12

Wait a minute or not. We do need each other to stand is one we really do.

23:18

That has to come. We've only been saying that for three years. And the beginning people looked at us like what are you talking about? But until we start working together and really caring about each other, and really playing with each other like this Houston outdoor group and other groups, the Pride Week, people were here last week. And we were so encouraged by what Felix, Annabelle and Annabelle said about how we needed to work together to have fun and really build on something and it was really something this guy's eyes are just like I've seen you before the Where did I see you?

23:51

Oh, I'm all over town. So there's

23:54

no no, this was some more special to have our friends were up on the stage singing.

23:59

Oh, that's right. You must have seen me in the Montrose singers at the Romanovsky and Phillips concert, which I plugged with Deborah Bell and Jack Polinsky on on their show weeks ago. Yeah.

24:12

We'll talk about that a little later on. But right now we're talking about hot right. So tagless is open to anyone.

24:20

open to anyone. We don't have any restrictions right now about age. We don't care. Oh good about money. We don't care. Well. This is what we charge. It's really expensive folks. We charge \$10 a year for you to receive the newsletter.

24:37

I love it. Well, you know, I've loved this group for a long time not knowing anyone in it because at the switchboard all the time work and you know, what can I do? I'm tired at the bars. Where can I go to have a good time and we we give out hogs number oh of the time. And I guess you've been getting some calls

24:59

we get calls we get a lot of correspondence, we usually give out a post office box because we don't have an office and we are a little reluctant to hand out phone numbers because you get all sorts of weird people like you got on the phone last week. And so we're a little reluctant to hand out phone numbers left and right. But we do give out the post office box and get

25:19

lot of times phone numbers changes. Officers change, right. It's hard to keep up with who has the number. Yeah.

25:26

What what are the some of the things that you've done this year that

25:29

you could tell us? Oh, yeah,

25:30

we went to Brownsville matter of fact, we had two trips in the Bronx when we rode the rapids in the browser. Oh. both times. we probably had around 20 At least anywhere from 2025 people.

And it was really a lot of fun. We almost drowned. We had a great time. It was the first time we went in rafts and we were smart that trip, but we had a lot of rain. And by time we went back the second time, and we said okay, let's go on raft. I mean, tubes, and we just about drown, but we laughed about it later, but we didn't want it to happen. Did you camp out for this? Oh, yes. And we cooked at the campsite. We add even someone had a birthday and we have celebrate the birthday. A couple of people stayed back at the campsite while we went down there. And they had the campsite. Just totally decorated. By the time we got back. So we had a surprise birthday party for someone. We really had a good time. Sounds like we had a group, another group from Houston, four seasons that came out. They knew we were camping. They came out and joined us they were spending the weekend in San Antonio. And they came out and met us we'd never met them before a few of the members and we really had a good time. It was

26:42

sounds like a blast. Yeah. Have you grown? Have you ever been camping?

26:45

No, no, me I think about it's at the Holiday Inn instead of the Hilton

26:50

because my roommate, my roommate, Roger i My idea of camping as you go to the holiday. Yeah, that's roughing it. He took me to Big Bend National Park and it's the most beautiful place in Texas.

27:03

We have a lot of people in the group who are not hardcore campers. I'm not a hardcore camper myself. You know, I'm not into this wilderness survival bit. So we we have a variety of of activities. And for people who think will hIG is just for people who are like out there to rough it. It's not necessarily so we've got something for everybody.

27:27

You got something for a city boy like me that gets nervous when I can't see concrete.

27:35

We've really expanded that we started out with a few people who enjoyed camping but we've really branched out into some indoor activities. And now the way we feel about our our name Houston outdoor group is basically getting out of the house and doing some

27:52

and what you do a lot of things other than camping, or we

27:55

do things, a lot of things. Most of what we do is in town, we do have have camping trips, where we go out of town, but we also have a lot of things that are in town, and mostly outside but sometimes inside. One of our special female members, one of our first female members has been really instrumental in organizing some things like a tour of the Museum of Fine Arts, Houston, followed by wine and cheese party, and that had a really big turnout. And that was one of the first events that we do that a lot of men and women, she can do well, cheese party. So we want to thank Melana for that with that. We've we've joined the Colt 40 fives on Skate Night. Oh, isn't that a lot of folks a blast. We've also gone to the Museum of Natural Science in and seen the film of the Grand Canyon. And I tell you, it's really fun to fill that theater with a block of gay and lesbian. Israel really, that we've just done a real variety of things. We've gotten canoeing down Buffalo Bayou, which is pretty easy to do. All you have to do is drive down Allen Parkway and have your little afternoon of outside activities and then you can go back and get cleaned up.

29:11

Yeah, I guess the worst thing he could do was falling. Well, that happened.

29:16

We had five canoes, I think four of them tipped over. So as you as you see, we're not all really experienced at this but

29:25

working out for him. Working with HPD floating down the bayou. We all I can see is the mayor three or four years ago,

29:36

was about five.

29:39

Although she gave us a big raise, I can now go to McDonald's every other Friday. Oh great. How long has hog been around? You said that but I want to emphasize that again. We started I said really? About 10 years ago now

29:53

actually in? Well, I have it right here July 12 1984 Was there First meeting,

30:01

Tom was 10 years.

30:03

Girl six. Okay. It's been a long day Mary.

30:09

But let's not make ourselves any older than we are.

30:11

Really? Well. No, six years is quite a while now you said something earlier, Jimmy that maybe somebody didn't catch this listening that it was an alternative to the bars. There's still a lot of people that can go enjoy going to the clubs and dance. But in the old days that the clubs were the only place we could meet as gay, lesbian people. And now as we move forward, things like hogs are coming around, and it's really, really exciting.

30:39

There were days when we couldn't meet outside Exactly. In groups.

30:44

I'm really excited about this group and we wish you guys well, what's coming up in the future bet?

30:49

Well, let's find out.

30:52

Take a trip to Arkansas read that somewhere.

30:56

The literature Iran's their week

31:02

didn't have my glasses on when I read.

31:06

What's the day December 7 through ninth for those of you who are familiar with Rockport and Aransas Pass some island pretty soon yeah, there's a camping trip. December 7 through ninth that's next weekend. There's camping at Waterfront campsite with shade shelter, electricity, picnic table and barbecue grill. restrooms and showers are nearby about that. So not not too bad as far as roughing it. Let's see camping on Friday night. Breakfast Saturday, going to the Aransas Wildlife Refuge and taking an excursion boat and seeing the whooping cranes.

31:49

They're really great down there. Have

31:51

you ever done pretty country? Yeah.

31:54

Let's see on the way back. There are plans to stop at Lamar oak, which is in historic oak. It's about 1000 years old. And so for people who are into that sort of thing that's available too. And you never know sometimes there were surprised side trips like the first time this summer when we went to New Braunfels to go rafting. Yeah, we went, we went to

32:17

first time I'd ever been to the caverns. It was beautiful. I had a great time

32:21

that was not playing, but it wasn't far away. So we thought, Well, we went

32:24

20 miles out of our way. Well, that's true. We

32:26

got lost. We got lost. So we took this. We saw a lot of South Central Texas,

32:33

Lewis and Clark expedition. This is this is a group for Bay trout. So what

32:38

you're really looking for this morning is someone with accomplish

32:46

what a fun group

32:48

one sounds like one thing I'd like to say about the group that I'm really proud of. And I hope that that we can really set an example for the rest of the community is I've been really impressed the time that I've spent that number one, I haven't seen anyone who's who's thrown around any attitude, everybody's very accepting of everyone else. The other thing is that the basic nature of the group is highly unstructured. And for being as unstructured as it is. It's such a model for cooperation. I'm just amazed what we do. We have socials once a month, and people volunteer their homes for social and it's a potluck sort of deal. And everybody brings some food and it's always wonderful. And I'm doing that for January, too. All right, good. We needed that slide.

33:33

Resolution New Year's resolution for it for January. I'm trying to do it as if she's got to clean

33:38

up the house.

33:44

Well, what we do at these meetings is we say Okay, folks, what do you want to do? And we announce what things have been planned and we don't have the officers don't plan everything. It's like we don't have time we all have lives. Sure. But anybody who has an interest, somebody says, Well, I want to take a bike trip and we go fine, give us your phone number tell us when it's going to happen and we'll put it in the newsletter and in the monthly newsletter goes out. And there's a contact person for that activity. So whatever you want to do, and because of this we have special interest groups that have formed we have a bicycle group, we have a scuba diving group and that's getting group to isn't there could be this is real reason we've gotten to the point now where we have so many people in the group now since it's grown a lot that we can have these special interest groups. And, and where you really see this cooperation is when you get together and we do have a camping trip like New Braunfels. We get together at somebody's house and we say okay, we've got two mornings when we have to have breakfast. Let's split up into teams and each team gets together and they split up the responsibilities in one morning, one team does breakfast, they've gone out they've bought all the food. They figured out how much it is and they split the cost and the Next morning, the second team takes care of it. And it just falls together so easily. It just is amazing to me that without a bunch of of cheer people without a bunch of formality at all false,

35:13

because everybody pitches here, it doesn't matter what you don't have equipment, there's usually someone then has something extra, everybody's willing to help one another. That's what I like. So are

35:22

these these monthly dinners, the only time that you really formally get together, right?

35:27

Right, other than the other activities that went well, but

35:30

it goes to everything as you go to what you want to go to.

35:34

I've been in a lot of groups. And it's my experience that once the group gets so large, and you start having committees and Board of Directors, meetings and all of that, that's when things start falling apart exactly when everybody starts fighting and all of that, but it sounds like you're Yeah, you're really Yeah. And even doesn't it sounds like no matter how big it gets, there's still going to be people who want to do what they want to do, and they're going to,

36:02
