Chris, Roy McCarthy

R

Roy McCarthy 00:01

On Tuesday morning, I came out to be at the poll at 7am. As I always am at the poll at 7am. And the place where I vote at folks, normally, it has between 7am to 7pm. Between three and 400 voters. When I showed up at quarter to seven, okay, there was a line from the front door, down to the street, all the way down to the corner, back all the way up to hearth on that we obviously surpassed my braysen precinct, the 34th precinct had an incredible turnout. And from what I'm hearing, it was that way, everywhere. Well, what about your What about your neck of the wagon

C

Chris 00:56

report out on the 50th, district 50th precinct? It was about a half hour wait, after you got your ballot, you got into the one line got your ballot, and there was about a half hour wait for you to get through the line to get up to one of the polling cubicles on there. It was going pretty smoothly. But when I left the line was longer than when I started. It was probably at when I left it was at about nine o'clock it was I would say about a 45 to an hour long. Wait.

R

Roy McCarthy 01:28

Yeah, I mean, I was just really, I was just really impressed. And I was really happy even though here in Texas, my candidate did not win. The The thing is that so many people did turn out. And as Chris has said many times and as Jimmy has said many times as I have said many times, folks, we really do mean it when we say every vote counts. Yeah, we're seeing we're seeing that in Florida. And we may be seeing that in other states as well. Yeah,

C

Chris 02:01

just checking on the AP wire before we came on here. Florida is going to be reworking there in at least West Palm Beach County on how they're going to be handling the manual vote. They've

changed a couple different ways here today of how they're going to be looking at the manual vote. New Mexico, a judge has ordered the state police to impound ballot boxes to make sure that nothing gets changed or disturbed on them for a manual recount. There's apparently going to occur in New Mexico, which has now been taken off of the New Orleans off the gore list into the too close to call list as well. And plus, there's also the possibility of challenges in Iowa, Oregon, Michigan. Oregon, I think is pretty much set there at 99%. On their choose, the one thing I'm waiting to see is I mean, the whole the whole thing could really come down to the strangest one of the strangest stories you're seeing at us out of the election 2000 could be out of Missouri, where Senator Ashcroft lost re election to a dead end to the dead governor of the state. And there were some voting improprieties there, the Democratic Party in parts of St. Louis, went to a judge and got the polls extended that instead of closing at 7pm, they were to be closed at midnight. Once the Republican Party found out about that, they went to a three panel appeals court and got that overturn. But still the polls stayed open an extra 45 minutes. And what I

R

Roy McCarthy 03:35

wondered was why was it necessary to even request for the polls to stay open to me that that's highly irregular?

C

Chris 03:41

Probably what they were doing is they they they were at least looking at who they're looking at the fact that there were long lines out there, and that people wanted the opportunity to vote. And that would probably been the I didn't hear anything, what the specifics were of why their petition was even heard in the first place. Basically, after saying that it was the Democratic Party who went to a democratic judge, and got it. Got it done. It was on everything was talking on partisan lines, but I could see what some of the places being depending on what Missouri's law is if they had large, if they have early balloting if they have absentee balloting that extended for a long period of time as possible. They just looked out and saw there was a lot of people waiting in line and try to get it extended. So I'm waiting to see if Ash see Ashcroft go out there and say, you know, I lost to a dead guy because the polls were open an extra 45 minutes. And that was a state that went for Bush.

R

Roy McCarthy 04:42

Well, you know, here's here's here's the deal, which is that. I know here in Texas, it's this way. They say polls close at seven however, if you are already in line, there is an election official who goes behind the last person in line. And that election official is the official cutoff point. He is the caboose, he makes sure that nobody else after him come in to vote.

C

Chris 05:13

But one thing that could possibly be is you may be talking about in some areas where it may have Republican control. And some of the Democrats were going in thinking, hey, they're just going to close it at the door. I think it depends on some of the states because there are some

states that people were shut out. When it got when the door was there it was whoever got into the polling facility. Some of it is just who were getting in line. I think each state by state goes a different route on these things. It's very confusing. I will say this The I just thought of it today, the funniest thing I've seen about the selection is, if you remember in all the debates and all the hype and all that Bush and Gore, were both going for the senior citizen, Medicaid, prescription drug using audience. And it seems like that's the same group of people who thought they were voting Green at this election.

R

Roy McCarthy 06:04

They're the same group of people who, who didn't, who cannot believe that they voted for Pat Buchanan when they thought they were voting for James Buchanan. At any rate, folks,

C

Chris 06:18

we have Now switching gears to something a little lighter. We're actually using a new,

R

Roy McCarthy 06:24

we're not lighting lower than the

C

Chris 06:27

we've got a new source here for news here, extra television. Abercrombie and Fitch is gotten a little bit of hot water with the Catholic League, surprisingly enough is because of their catalog. It involves the centerfold of this involves a lesbian wedding ceremony, which features the two participants exchanging of a kiss at the end of the vow. The problem the Catholic League has is the fact that the celebrant of this, this marriage is a Catholic

R

Roy McCarthy 07:02

priest, or they assume that it's a Catholic. Well, his ring around the collar tells you well, you know, there's other the different Protestant denominations who

C

Chris 07:13

they should wear white, the most of the other Episcopalians, well,

R

Roy McCarthy 07:17

not just Episcopalian, there's some Methodists. Yeah, and some Presbyterians and, and others, I mean, north of the Mason Dixon, but mostly down south down south, it's pretty much just the Southern Baptists in the Seventh Day Adventist who would

 Chris 07:32

just wear a certain time. But mainly what it is, is the white part of the collar on the Catholic is usually about two inches wide. And the more the Protestant ones, it's more of a four to six inch wide collar. And that's what they're going by is that it has the appearance of what people would assume as the Catholic collar on there. And he has kind of a blissful look on that. And we don't know if it's because of the lesbian couple, or it was one of the altar servers he

 Roy McCarthy 07:58

had there. You know, the, you know, I'm trying to think of the author's name, but he was a professor at Yale University. And he did some very intensive studies concerning same sex unions in pre modern Europe. And he in his studies did come across numerous ancient Roman Catholic documents or not documents, but orders of they did have in the ceremonial ceremony for same sex unions in the Catholic Church, they did have it. It wasn't until afterwards. During St. Augustine's time that they stopped it pretty much due to ending conflicts over inheritance rights and money and all this other stuff, having nothing to do whatsoever with spirituality but

 Chris 09:10

the Abercrombie and Fitch ads. I mean, that isn't 18 enough to purchase that there are some very provocative ads. Even though they're selling clothing with some often quite often they are not wearing clothing. Here's an interesting part though about Abercrombie and Fitch because of how some of their ads and that are portrayed. Believe it or not, Bob Jones University will not even allow its students to wear Abercrombie and Fitch

 Roy McCarthy 09:35

about that is something else. But

 Chris 09:37

that doesn't stop celebrities like Tom Cruise, Jennifer Lopez and Brad Pitt from sporting the stuff G to alleged queens and a diva Gee, I wonder why they were Abercrombie and Fitch, but that's coming to us a courtesy of extra TV. It's not bad that we're using the tabloid television now. Okay.

 Roy McCarthy 09:56

And Nancy Ford is reporting in this week's issue In addition to the Texas triangle, Guess Who's Coming to Town? Jamie Guess Who's Coming to Town

10:07

that accordion play and woman?

Roy McCarthy 10:09

That's right Miss Judy to do that. And he's going to be talking about funny gay men. What would make us so funny? Anyways?

10:20

She's gonna have Smith with her and Jason Stewart who?

Roy McCarthy 10:26

And the love slave dancers. Oh my Oh, well, they are starting off their national tour right here in Houston. Aerial theatre aerial at the aerial theater and it's gonna be on November 18. That's like, one week away. Yeah,

10:42

I would have thought that it was like a comedy lovely over there. Yes.

Roy McCarthy 10:47

And Flo she she comes here every year. Oh, yeah. But this is the first time when we're actually going to have a major production getting kicked off having its premiere. Right here live on stage. And

11:03

folks are good so we get to see all the mistakes. And

Roy McCarthy 11:07

what I'll say to

11:08

you and standing with Judy Shinoda.

11:12

You forgot I took accordion lessons for for seven years. I know when she makes a mistake.

c Chris 11:17

Now here's here's what happened. You make a mistake on the accordion. I don't think even Lawrence Welk could tell if you make a mistake on.

11:26

Yeah. No.

R Roy McCarthy 11:28

And you know, this is going to be such a magnificent event. Okay, here's what the plan of everything is going to be at eight o'clock. The curtains gonna go up, then Judy tenuta and the love slave dancers will kick off the show with their dancing and pretty funny musical production number. That's the thing that's going to set the tone for the evening. Judy is then going to give her monologue and Nancy for the saying that if necessary metrics are then called to relieve the pain in the audience collect aside from too much laughter But that again, you know, Judy, to noon and Nancy four together on the same stage, that would be some that

12:07

really would be sound. I

R Roy McCarthy 12:08

mean, I've

c Chris 12:09

seen it before. Really? Yes. No comment. Oh, tacky. Anyway, because Judy and Nancy Ford played at the first Empower Expo as part of the comedy show afterwards.

12:23

Oh, that's the act, the entertainment thing that ran until about three in the morning.

12:27

No, no, no, no, no. Okay. This was something else like Oh,

 R Roy McCarthy 12:31

anyways, and folks love slave dances. Those guys are going to be wearing black patent leather hot pants, and halter tops. So that's gonna be it's gonna be a wet evening.

 12:47

Bring your Supersoaker

 12:50

dry seat in the house.

 R Roy McCarthy 12:51

I mean, this is just gonna be another day in the

 C Chris 12:54

life. Okay. You wanna? You want to tell them again? What time it is because someone's in there screaming or jeans already? Okay.

 R Roy McCarthy 13:01

Yes. Is that the aerial theater November 18. A week from today. And it's going to start off at 8pm. Folks, you better be in line by six. How

 13:10

much are the tickets? Oh, we

 R Roy McCarthy 13:12

get out. We can't say. But it's out the aerial theater. If you'd like more information call 713-230-1666 or

 13:25

that was attractive. 713629 3700.

R Roy McCarthy 13:26

And

♂ 13:30

the reason we can't give the ticket price is because this is not a nonprofit.

C Chris 13:36

ticket price and it's yours L is profit. That's a little further down. That's why I started Yeah, I see. Okay, now back to the segue in the life in the Life TV

♂ 13:48

that we talked about Harold Kudan. Who?

C Chris 13:52

Well, I guess we're gonna look at you with a blank stare.

♂ 13:54

Yes. What

R Roy McCarthy 13:55

the guy about the midlife? Yeah, we talked about him for two weeks straight.

♂ 14:01

Did you talk about him? This week?

R Roy McCarthy 14:04

We've taught No, we did not talk about him tonight. Okay, I've talked about him two weeks straight. Yeah, because it's the books I sign. Yeah,

14:12

cuz it's like Monday. He's going to be

Roy McCarthy 14:15

here. Oh, yeah. Over at the over at the Houston Gay Lesbian and Gay community so that's

14:20

the 1803 Cawthorne when 7pm Okay, Chris, you may you may talk now.

Chris 14:37

Jr. in the live TV comes once again to channel eight and once again the dead of the morning, Monday on November 13. At 1am. We in the media world call it Sunday, Sunday, which means in about 23 hours it will be on the November episode. It's It's an Emmy nominated gay lesbian news magazine. And the following stories will be fundraising challenges food and friends and the Whitman Walkman clinic. For the past four years funding for the AIDS service organizations have dropped considerably. Roy McCarthy 16:44

and talking about in the live TV we might want to remind our our listeners who who have cable television that Showtime is going to begin next month airing Queer as Folk to be

Chris 16:57

American version of queers folk so runway British it and they have been they've been doing a lot of promotion on it on the Showtime station,

R

Roy McCarthy 17:06

you wouldn't believe how much junk mail and get a read only cable? Well, I

C

Chris 17:09

think they get off some of the gay lists. It's it's a, it looks like is gonna be very entertaining. JR is is going to be having some promos on that coming up this week, that if you look, there's a full page ad talking about that. It's a great it looks, it's gonna be a very interesting show. up here every week, that's enough of an a lunatic asylum to be committed.

R

Roy McCarthy 17:59

And if at any rate, this is possible, we may be given you a report on a gay television network.

C

Chris 18:11

And we'll take a peek into that and see we've also I mean, we already have a C one TV that shows on Channel 74 on Warner Cable Mondays from 10 to 11, which has been showing the original queer as folks from Britain. And we talked last week about a lot of the new wave of gay themed shows that have been seemingly hitting our networks lately. I

R

Roy McCarthy 18:41

mean, you know, right now just every other sitcom on television has got a gay character, either main or supporting. I

C

Chris 18:53

mean, you can't you can't swing feet at first without hitting a gay character on some show nowadays.

R

Roy McCarthy 18:59

I know. That's right. Okay, so moving right along. I want to talk about another group here called the Houston gay and lesbian parents who have adopted officially adopted the acronym of HGLP. Not to be confused with the HGLPC, the Houston Gay and Lesbian Political Caucus. They came to our general meeting earlier this month, and asked our permission to use the acronym of HGLP. They were using gay and lesbian parents. It was unanimously and very quickly voted in their favor. So and we were very happy to do that. Kathy Hubbard came and she asked that now and I promised him that I would promote their meeting, since it is a volunteer organization is a support organization. It is a US support organization. No gay and lesbian parents, hence the name hence the name. And their next support group will meet on Tuesday this coming Tuesday from seven to 9pm. At the bearing Memorial United Methodist Church at 1440. Harold, they ask that you enter from the rear parking lot on hearth on and follow the science right on up the stairs. Childcare is available for kids up to age five and it is located through the Double glass doors on the left just after you enter the church parking lot. Well, we have a gift isn't.

26:24

It is a gift. And it's always interesting to have Monica and Sandy together.

26:31

27:21

So what's this? You know? It's not that it's a continuing saga. But I mean, you have mentioned that, you know, you didn't have a boyfriend. Now. All of a sudden you're dating someone? How did this come about? Lucky you?

27:35

Gore's big time? Well, you know, I go through my stages. I'm a flirt. And I always tell people that I'm a flirt. Always will. I have a man now. I mean, it's like, yes, well, I'm a flirt. I flirt a bit. It doesn't mean that I'm gonna let anybody you know, just I mean, you can knock at the door doesn't mean I'm gonna open. Xavier, you know, if you aren't worth it, I'm gonna even don't open a crack. And if you know, it sounds good, then I'm just gonna open it up and say it okay, you can take me out and I'm gonna try.

28:13

So you evidently liked this guy's crack

28:21

really kicking in the night?

28:25

No sorry.

28:32

That wasn't but it's nice to see you like stuck for words.

28:38

Which is rare. Very rare. That have changed color more than Yes. I have proven that I'm more than gay. I am a man. So how did you meet this guy? Well, people looking for boyfriends want to know how did you meet this guy? Oh, I don't know if

29:06

I mean. Oh, you didn't meet him in the restroom. Did you

29:09

have a restroom? Well

have a reservation even,

29:13

I was I was trying to think of the worst case scenario

29:16

on picnic Lane

29:23

drunk on picnic lane.

29:26

This is named Steve

29:31

I didn't know not pick drugs. He's actually a retired cop. Okay, he will come in handy. Oh,

29:38

okay. Handcuffs

29:46

I was thinking it was too easy. Yeah.

29:50

I was thinking more on the line like baby you know that that guides didn't bugging me a lot. You want to call in a favor and just Okay, so if you if you do something to me beware, I have the means

30:06

frisky, please.

30:09

So how long have you been dating?

30:11

Well, it's been rather quick, but rather very exciting. And I've never had something that's quick.

30:21

And it's like you to click together. Yeah, from

30:25

the moment we saw each other. And he was like, we did a part. And I've been thinking about, you know, being apart for a few hours days. And it was like, Oh my God, and he just keeps getting sharp thinking about him. And it's like,

30:39

I sound serious.

30:43

I got nervous stress was, you know, all the all the major symptoms of you know, I started sweating, and I started crying, you know, for nothing. And, and then he expressed that he had had a similar experience that, you know, he had wanted to, to be with me, so it started. So far, so good, and I love him. Oh, cool.

31:11

That's good luck to you.

31:14

First, I first thought infatuation last night, um, I don't think so. Because it's more than that just

31:21

sounds like it from what you're describing, in a way you're smiling over there on the other day. Yeah. Yeah. That's, that's one aspect as a tea person that is really tough force aiding Yeah. Datina oilv ships. Yeah. I'll bet as you get into that question. When I say if, if you're not meeting

them in Montrose are? Yeah, so

31:47

how often do you know? How soon do you tell them?

31:50

How soon do you tell somebody?

31:51

Their rules, I mean, their rules, unwritten rules, you know, you're not supposed to, if they give you their number, you're not supposed to call them right away. They're supposed to let them wait for at least two days. You know, and if you got your hearts, that mask does what I believe is like, and if you go out on a date, you know, is that you're not supposed to bring him home, because then you're gonna end up having sex, and then you're gonna feel cheap. And it's not necessarily that first thing I said, you know, it's just you go with the heart, and the heart tells you, this is the way

32:24

gotta get done. It's never cheap. Yeah. And if it is, if it ends up

32:28

being a bad experience, you know, like, I always said, you know, every experience you have, should be a good experience. Bad, good or bad, you know, just, it's gonna teach or something, you know, and it's like, I had my moments when, you know, I felt cheap and degraded. But at the same time, I just looked at that man, and I said, Never again. Your loss. Yes. It's I have a lot to offer it and you know.

32:57

Wow. Yep.

32:59

You have a lot to offer. They don't want it. Yeah, there's always somebody else coming along that will appreciate and

33:05

darling somebody did. Nice. And I like that. I love you baby.

33:14

Okay, let's see if you saying we're gonna see

33:22

it just as a matter of course, have you Monica, if you dated anyone, since you've transitioned since

33:27

there? I've had a couple of guys approach. It's not when I get to the point where I have to reveal the status you know, they'll start backing off or they'll start backing off so and then as you know from this I'm very outspoken and so that does scare some guys off so

33:53

it's also for for me, I mean, I've always I've always experienced a lot of difficulties because the fact that you know I'm a very odd person, you know, very involved in the community and others a lot of guys have they say there are they said there's an essay died, but in the end, you know, when tears come to show and you know, they're very closeted, and then you know, and then he goes to the fact that if can I say this 99.9% of our population is B. Only 1% is a T survival survival of the fittest of the fittest. You know, you

34:29

tried to get yourself a team with this is just like 1% Now, we're talking about tops and bottoms

34:38

after passives and aggressive Yeah, I mean, I mean, I used to I used to go to the bars a lot, my friends and you know, I used to see that you know, it's like you're a gorgeous guy and into you look so much of an end it's like a lot of you just want me to like that's the biggest clean

34:58

Hey, you know Were you and I are gay men. And so we create create our own masculinity. Yes, yes. And I learned early in the game that if you're not versatile, you're not going to date much.

35:16

But I mean, I've always had problems with the versatile because I just happen to like one thing more than the other. But I do agree with you. It comes, there's a time, or do you have to also show your man how much you love him. And if it means the wind bad, then you go ahead and get into doing that Mojo. And

35:36

that's right. That's right. And let me tell you, I've been in a long term relationship. 22 years. And, you know, I don't care if it's a straight couple, there were a gay couple who are a lesbian couple or T couple, you know, after about 10 or 12 years, you know, there's not much sex going on anyway.

35:59

Don't tell me that. You

36:03

know what, because you find things that are much better than Yeah, there are other things. And emotional bonds are a lot more satisfying. Really. My

36:15

man cooks Oh, my God. He's like, Oh, God, he made some chicken the other day. And I was like, Oh, baby, I was just like, licking my fingers. And he was like, oh, where is the AC on here?

36:32

Yeah, it's on full moons out. So

36:35

Sandy is in love.

36:40

Yeah, I'm Francis because not here to share him.

36:44

50.44

Okay, so where is Cisco?

∅

36:47

He sent me an email actually in left me a voice message message not like yesterday are telling me that he has been called. He's the Secretary, the Harris County Democrat. Right. So he was called by the party in Washington to come and represent Harris County, on whatever Commedia, whatever they're doing, to, you know, get a good idea of what do you like? He's

∅

37:19

worked on the Gore campaign. Yeah.

∅

37:20

And well, he's been with the press that you've met precedent, as you told us earlier. And you have done a lot of stuff with with the Gore campaign. So actually,

∅

37:29

he's still just the Vice President. Yes.

∅

37:31

Well, we can hold.

∅

37:35

Well, the first thing that I was telling these people, he has a people's vote. He has the electoral votes, he was waiting for Florida

∅

37:43

to wake up and smell the coffee.

∅

37:47

And all these procedures are just giving me such a headache. Can I know, I know. Can I just tell him okay, recount those by hand? Let's find out what people say. And those are received ballots. Please, next time vote early?

38:04

Well, you know, it just seems to me that a group that is going to be against hand counting the ballots is suspect.

38:14

Well, Oh, and

38:16

here's how can you be against that?

38:17

And here's the very interesting thing that I forgot to bring up earlier. It seems that in Texas, a certain presidential candidate signed a bill so that if the same situation happens here in Texas, guess what method takes priority? So Immanuel cow seems

38:39

a little odd that his group is protesting it.

38:45

Yeah. Especially since he signed this bill in 1997.

38:49

Well, you know, he just says stuff he never reads.

38:57

Well, yeah, there was a there was an email out that was asking if he was dyslexic, or Yeah, there was. I was like, oh, not to insult all the people that are dyslexic. I'm fighting it. But Becky, the last person, I want to be dyslexic as somebody that has his hands on a couple of mega tons of nuclear weapons.

39:20

~~But my reasoning behind Bush in certain candidate. I'm sorry. I'm not supposed to say the~~

But my reasoning behind bush up certain candidate, I'm sorry, I'm not supposed to say the name. I don't know. We don't care. We don't care about that name anyway, but the whole reason why he doesn't want to, you know, he wants to hurry up and just tell the other candidate to just give up is, you know, be because he's afraid. I think he's afraid because most of these, you know, lay votes or people you know, military personnel. A lot of them are Jews.

39:51

They're gonna go for a lot of African Americans in the military to forget about that's why you can

40:00

Yep, dude. Oh gosh, cute man does enter the cabin. But they're

40:10

sweet big Roy and he's going to bring me some more coffee. Yes,

40:14

Jimmy's cough medicines kicked in.

40:19

He looks he looks so up. He looks so nice. You're down. I still see the

40:28

kind of he kind of picked up after about the first 10 minutes or so.

40:33

Yeah, once the adrenaline's got started, you know with the group that was in here before. There's a lot of adrenaline going.

40:39

Oh, I was hearing I was hearing the show in my car and I was to tell you that to them. Please don't be mad at me. First.

40:51

Shame on you.

40:54

I'm doing okay. KPFT Kpf 90.1 Am FM, okay. And then I found that I didn't, you know, I heard the comment you made and I was like, oh, that's Margaret. Oh my god. She's dead.

41:13

Yes. Yes. Yes. Yeah.

41:17

She's been. Are you wanting to hear last month?

41:19

No, it was Vanessa. Yeah. They it's they tray out. You

41:24

rotate? Yes. Yeah. They're three of us. And probably three of the biggest mouths and I love you Sarah and Vanessa, but we are. Let's face it.

41:35

Phyllis isn't here. Oh, I'm

41:37

sorry, i How could I forget mama Phyllis. Yeah, so, but yes, it's kind of worked out with nice considering the first time I was on this show. Back in 95. I wouldn't even use my last name. Boy have a come a long way.

41:56

And we're very proud. I mean, it's like it's really nice to see somebody growth. Somebody learned so much. That's you have?

42:04

I mean, and our listeners have learned so much. Yeah.

42:08

Because she knows her stuff.

42:10

Yeah, you know, I have been, I have been so educated on transgendered issues ever, ever since Sarah and everyone that has been here?

42:20

Well, I've never had the pleasure of actually interacting a lot with a transgender person myself. And, I mean, I met quite a few but I'd never actually had, you know, the opportunity to be confronted
