01:02

I think we're going to skip the calendar and go straight to our interview so we can get him in. There's not a whole lot going on. There's some stuff that he has it in the newspaper here

01:21

October 3 1998 Saturday talk we'll be doing some sort of okav

October 3 1990 Saturday talk we'll be doing some sort of, okay.

01:28

You need to unhook the the headphones that are not being worn. That's what's causing the feedback. One,

01:41

whatever. Okay. Oh,

01:43

maybe the ones in here too. Okay.

01:46

Hello.

01:48

This is after hours. Greer radio with attitude. I'm Jimmy Carper. And we have Russell and John and we're still getting some sort of little funny stuff there. It's me you're squeaking

02:08

we need more LuPone I just turned this thing down. Okay. So better that it's much better

02:15

when you get close to that metal. Anyway, we're learning so much about physics and it's not gonna magic road.

02:22

Yeah, is

02:24

what's been going on in the leather community.

02:27

I've been asleep. This woke up about five minutes.

02:30

Wow. I went to Omaha on purpose. Yeah. Oh, yes. Yes. It's

02:37

a fantasy. Yes.

Jimmy Carper 02:40

I had a great time. Really? Really? Must have it. I can't say on the air.

02:44

Boy, that must have been a really good time.

02:46

I went to thunder in the mountains up in Denver. Yeah, it was an August. I thought you were asleep. Those of walking. Well, I remember bumping into sexy people. Good time. It was really very, very good. Sunday in the mountains is quite a bit like the event we want to plug tonight which is called Living in

03:08

leather. Oh, yes. It's a new Dallas. Yes, yes. Yes. Yes.

03:11

Big Conference, and they have like educational seminars. And then they also have play parties. The thing about it is that you get the people that you get they're just so high quality. They're just really fascinating to watch. And it means a lot of these people that were under the mountains, Colorado leather Pride event up in Denver are big names that you know are sort of inspiring to meet that authors of books and on the subject and

03:37

yeah, that's amazing. Yeah, you sit in your hometown and you read these books and and you think of these authors as larger than life and then you get to meet them and realize that they're really people

03:49

oh god guy Baldwin is a well known author. And I remember a couple of things. I say can I tell you something? Most of them aren't decent.

03:59

But what do you mean by decent I mean that is to

04:03

say it and then ask him if you can say that's what I do I don't know what this is legal in the state don't worry about oh anyway we were playing and guy was

04:18

this was all consensual wasn't it?

04:20

Of course yes.

04:21

Okay said please.

04:24

So go on

04:25

guy was guy was who's a well known author of books it was was masturbating while while I was watching my myself and Patricia play, and then we were riding home on the bus and Patricia was doing a particular activity with me, but Well, it's not sucks Okay, okay. According to Ken Starr or whatever.

J

Jimmy Carper 04:49

No, Clinton. Yes. Oh, you gotta blow job

♂

04:53

could have been. And so anyway, he came up got Baldwin came up to me. It's kind of whispered. You fulfilled one of my high school fantasies. Oh, yeah. Getting in the back that day. Yes, yes. Yes. Yeah. Anyway, Guy Baldwin's, really, somebody that impacted me there at the weekend. And, you know, I wouldn't have thought that he was that accessible and that real

♂

05:20

say, Yeah, say, and we found that out with a lot of different authors that you've interviewed here that live on the air

♂

05:28

and one of my former friends, or she's still a friend of the former lover, is now a big deal in the community. Her name is Lolita. Oh, yes. I did a workshop with her. We did a spirituality and SM workshop to interview her. Yeah, I've got that on tape. Yeah, we don't have to archived yet. By the way. All these interviews that we're doing are being archived on S A and D. We have some ones that are skipped. Right. Yeah, I think so. We don't have much time. Okay. Once you

♂

06:04

think we might be on the air,

J

Jimmy Carper 06:06

are we? Mark? That might help Mark. I'm here. Yeah. Right now I'd like to introduce Mark Fraser. He's from Dallas. And Hello, Mark.

♂

06:19

How are you? Great.

J

Jimmy Carper 06:21

Mark. Do you know Jimmy?

06:22

I don't know. Jimmy. No.

Jimmy Carper 06:23

Well, that was me saying Oh, no.

06:25

We know each other now.

06:28

Yeah, Jimmy is famous in Houston. I'll tell you that. Oh, yeah. He's on the pinnacle of every ride flow. You know, March.

Jimmy Carper 06:35

He's famous everywhere. Let's try. Oh,

06:39

oh, okay.

06:41

Let's get the let's let's hear it.

06:43

Mark, Mark, what are you you're doing something with in LA in Dallas? Are you the President of that group?

06:48

Actually, I'm the president of the National Association International, which is the actual international organization. And over Columbus Day weekend, we are presenting the International Living and leather Conference, which will be a great event for for Texas. A lot of great names. A lot of great presenters will be on hand presenting workshops and also enjoying the weekend festivities in Dallas.

07:17

Well, fantastic. I really want to hear more about that. And do you have any anecdotes about did you go to the Lille here in Houston?

07:25

I did. I have gone to every level since 1990. And the live living level conferences, they float all over the United States and Canada. And for the last three years, they have been in Portland. The year before that it was in Toronto near for that was in Houston. Houston was another great turnout. And another great showing for the National Association.

Jimmy Carper 07:53

As far as you were talking about speakers or, or people that are doing workshops, who do plan on having their Oh great. Well, we're gonna

08:01

have Lolita from New York. A great woman, a great speaker and a great presenter. She has done many, many, many great things for our community and has been a great spokesperson for it. We also have race band from San Francisco, who actually has a talk show in San Francisco. It's on glow red all over the internet, also Gio, and he's also in addition to being a presenter, he's also our keynote speaker. I've had a little insight to his keynote address, which will be happening on Saturday night, and it's going to be a great keynote address. Doesn't that we have Viola Johnson, who's another great author and also another great presenter, one of the founding persons of the National Weather Association. Besides her we also have her her lover, whatever lovers who's Gil, from Jakarta, Jakarta, from Pennsylvania, previously from Oklahoma, and their other half also who is Queen Cougar, who was a previous title holder from San Francisco, and another great spokesperson. There's a lot lots of great people. In addition, that level of level titleholders will be there also.

Jimmy Carper 09:20

As far as the range of workshops that you're going to have,

09:24

we actually have anything we actually have 44 workshops planned at this point, and we'll probably add a couple more and they basically run from SM 101 We had 12 to 12 Step programs we have advanced advanced workshops we have anything from the melt Jenner torture female Jenner torture the role the dominant submissives in within relationships. How to make relations Ships work. Political activism, we actually have a, an event which happened, which was the first time last year, which was the activist roundtables, where a bunch of

different organizations are represented. They talk about what's actually going on within their community, and solicit help from other organizations in order to work on their projects. And it's actually a great unity building device whereby all the different organizations are working together for the sole purpose of the leather SM fetish community.

10:36

Take a little sidetrack and ask you if you are involved with the National Coalition for sexual freedom,

10:42

I actually sit on the board of the National Coalition sexual freedoms. Susan ride will not be there. However, she will be represented, I believe, at this point, most likely, Lolita will be representing Susan,

10:58

we plan to interview Susan and I wanted you to tell us a little bit more about that group to

11:03

actually that group is actually doing making a lot of the inroads politically for the leather s embedded community, they they are setting up individuals who will actually act as go betweens between us and different congressional districts to actually rally support for some of our causes. Beyond that, they also keep the greater community informed of what's actually happening with some of the legal cases and other ramifications, which may actually impact our leather SM lifestyle.

11:45

Now, they've actually lobbied in Washington, they have

11:48

lobbied in Washington, and they've also received a lot of great response from that. The city of New York has actually benefited most from this at this point. However, beyond that, it's actually it's having a lot of far reaching consequences for all of us in there. And they're all positive.

12:08

Yes. And yeah, they're doing a survey and all sorts of stuff. Now, they did have a website, I think, if you look up and see SF now, right? Just do a web search on that, that NCSF. Right.

Okay. And you'll find it. And we'll have some more information, contact information and etc. Next time we've talked with isn't, I'm sorry to sidetrack you living in leather was as has been the thing about one of the reasons I wanted to do these interviews, because at least while I was living in New York, and down here locally, also, I met certain people, you know, like, like John or Jimmy, they were just seemed like, very charismatic people. And they have this impact on me that sort of inspirational, they caused me to want to go on and do something politically effective, or do something creative sexually, and feel confident that I can do so having had some of their guidance. And that is what living in leather is all about. I think it's really the main aspect of it, that one should value. The reason why you should drive on up to Dallas and show up at the door and pay their I think it's gonna be like 101 \$140 or

13:25

it is if you pay for that for the full pass to live in leather. However, there are there are day passes available. The day passes already \$35 day to day passes do not include the meals. And they don't allow or they don't include access to the play parties. So those have meals included for the meals included for the \$145.

13:52

Right,

13:53

that is a good deal.

13:55

Three days of conferences, actually, the people who want to go up on Thursday, there's actually a Thursday dinner. And you get you get to meet a lot, a lot of great people during that dinner.

14:07

And the vendor fairs worth a buy in and of itself. You find these people from all over the country and all over the world vending there. And if you want to get some particular item and you'd like to try it on and look at it first. One of these conferences like living in LA there is the place to buy your paraphernalia and your air.

14:27

I mean, you're correct. We actually have about 33 vendors registered so far.

14:32

Yeah. Yeah, that's yeah, that's been great for me. I tend to just buy things at these conferences. So

14:40

you actually find things at the conferences where you don't see in your local stores

14:45

and you get a good value for them. They tend to give you a bit of a discount. We bought a really nice, just plain leather jacket for \$100. It was brand new, and you know the fellow was just his name was Ken savage.

Jimmy Carper 14:57

You know if it was used, it would have been more expensive. that Yes.

15:01

Kind of kind of held the President's

15:04

yeah

Jimmy Carper 15:08

now you're in San Francisco right now

15:10

I am in San Francisco right now we're

Jimmy Carper 15:12

having a good time.

15:13

I'm having a great time. It's the one of the biggest weekend's there is for the, for the leather community. In the States, at least it's supposed to st per weekend and combined with the the international Mr. Drummer contest. And they're expecting about 500,000 people tomorrow, be Sunday for the Folsom Street Fair.

J Jimmy Carper 15:40

Now, you've already told me the contest is over. The contest is over. So who won?

♂ 15:46

The guy was actually from Paris, France, was a his speech was phenomenal. And his fantasy was even better. A hot man he's actually a actor, and also an activist in Paris. Now.

J Jimmy Carper 16:03

Has Has this title ever gone to someone outside of the United States? Not including

♂ 16:09

the second time this title has actually gone to somebody outside of the United States. The first person was cloud platinum back in 1990.

♂ 16:18

And where was he from?

♂ 16:19

He's from New Zealand. Ah,

♂ 16:23

are you teaching a workshop at living in louder,

♂ 16:26

I am going to be doing quality workshops I'll be doing the workshop on Mel Janet torture, one of my favorites,

J Jimmy Carper 16:34

I was gonna say you'd enjoy that when I would.

16:37

And the other one is gonna I'm gonna be involved in will be definitely the activists roundtable because of a project I want to hit up next year for the National Association. And also I'll be doing the chapters, chairs, workshop. What about all the chapters are gonna get together and talk about issues which face the chapters and how international can work with them to resolve those issues?

17:02

What project are you interested in heading out?

17:05

Actually, I have proposed and the CEO has accepted the proposal that next year, I want to head up a project whereby I'm going to contact about four or five psychiatrist psychotherapist within the United States and Canada, who are willing to donate about 30 minutes of their time to be videotaped. And on the videotape, they will actually describe in their own in their own words, the differences they see between SEM and abuse. Take all those videotapes combine them into one video, and use the video in addition to some handouts, which actually describes the differences between the markings of an SM and abuse and utilize those send them out to different communities, police departments, organizations who do not understand the leather SM lifestyle and also individuals who are just apprehensive about what the FM lifestyle is all about. No, that

18:08

is important work. Very important. It's

18:10

gonna be a great educational venue for the NLA and MLAs. Actually, that's one of our primary purposes is education.

18:20

When there was a ruling recently in California, wasn't there, the SM doesn't equal abuse. That was part of the decision handed down it was on the cover of the leather journal. Right? I don't remember all the details. But there are some positive signs out there and states like California and New York anyway, this is the Bible Belt down here and we're having real trouble.

18:42

Right. I mean, I think something like this can actually be made be used to make inroads with the with local police departments, because there is a lot of a lot of people out there who are not even educated about what our lifestyle is about.

18:56

Well, I know some officers are listening out there. So out here and we're real happy about that.

19:03

should be it should be a good project me. It's not gonna be something's gonna happen overnight.

19:07

No, that's not it is a very important project because of bisexual and straight couples who feared losing their children. Absolutely. Yes.

19:16

Absolutely. And when somebody is called to say to do to go into somebody's house and say, you know, this person is abused. If a police officer would show up and see that this person doesn't have markings on the on the face or, or around the kidney area and they have, you know, bruises on their ass, then most likely, it's some kind of SM play and not abuse.

19:43

Possibly, yeah. Well, I know that more than one person has been brought up for trial. At least one guy Robert Dante here was brought up for trial by a former lover, right for abuse and was able to, you know, escape with an acquittal. On the basis of the testimony of people from his ally in similar groups, and the fact that he and his spouse both belong to this group, and, you know, they were able to convince the jury that, indeed, this was not a case of abuse, rather than it was, you know, the vindictive actions of a jilted lover supposedly.

20:21

Yeah, I didn't even take that into consideration. I'm just thinking of the law itself. But yet, like, yeah, like you said, there's also

20:29

top abuse, there are a lot of, you know, submissive, or people who like to play the bottom role in these relationships can devastate and or, you know, financially, reputation wise can do a lot of damage to someone sure, even though that that someone is the person who happens to yield the spanking hand and whatever, you know, they can out the person non consensually, they can do, they can file charges, that sort of thing and

J Jimmy Carper 21:02

just say something in a group. Word gets around, especially if if someone thinks someone's not being treated, right.

21:12

Yeah. Yeah, it's much better to communicate all these things directly and upfront, so that things are absolutely assured of being safe, sane and consensual that negotiations are the best way to go. In the probably, I'm quite sure they have a workshop on negotiation links. And so we do a little.

21:30

And like I've always said us spinella folks can always use those negotiation. Class. Yeah.

21:37

He's learned a lot about in the guys have

21:41

saved more than one vacation.

J Jimmy Carper 21:45

So, So Mark, what else is going on?

21:49

Actually mean, in addition to that, we all we are going to have play parties. The play part is going to happen in a brand new 5500 square foot play space. That has been opened in Dallas. We've actually talked to our liaisons on the on the police department, or at the police department, and the person we've talked to has given us her blessing and has guaranteed us no problems with with the with the Dallas Police Department,

22:23

you say it has been opened? Is it going to continue to function after low?

22:27

Right? It's gonna be it's gonna be happy new year round, what's nice, and it's a fit 500 square foot space?

22:35

Do they have a name for it yet?

22:36

It's actually it was actually opened by BDSM, which, in all of our wisdom we named was shortened because it stands for big Dallas sailmakers comprised of five players and in five, five investors. And the actual group, which actually operates out of BDSM will be Inquisition Dallas. And currently, we have about 40 members. We've actually opened it up to members within the last month and we've already got 47 members. So it's gonna be operating. Got to get up there. It's gonna be I mean, it has 43 Playstations 44 Playstations and is a great venue to play at.

23:24

Yeah, I think we're myself and Detroit. You're gonna be doing some traveling up to Dallas. That would be great. She's more comfortable out of town. A lot of people are more comfortable out of town plan to expand your horizon. Yes. Well, gee was kind of stuck. Usually one of my best questions is, do you have anything else to say? I've already said Oh, you do?

23:52

Nothing other than that, it's gonna be a great event. It's gonna be a great, great event showcasing Texas. We actually are currently expecting probably about seven or eight people at the at the venue. And great people from all the united states all over Canada and also Australia. We're planning to

24:15

come out and pay at the door where we're located that's

24:16

24:18

that's what I want to say if if people listening want to get involved with this, what what do they have to do?

24:24

Actually, they can actually contact right now because of the everything going on in Dallas that weekend and there's a lot of stuff going on in Dallas. We are we are recommended people actually booked the reservations earlier. But there's are there are still rooms available at the Crowne suites hotel which is the host hotel for the for the event. That hotel is actually a five star hotel is located at Mockingbird and I

24:50

35. Mockingbird knife 35.

24:53

I don't have the number with me, however, information.

24:57

What's the name of the hotel again, the Crown suites Sweet, sweet. Okay,

J

Jimmy Carper 25:01

Mark, do you have a an email or something where people can

25:05

write if people are interested in getting more information about leaving the letter they can actually contact? Li L? 1990 eight@aol.com?

25:17

Yeah, cool, easy.

J

Jimmy Carper 25:19

And a phone number,

25:21

and a phone number they can actually contact or your staff John, would be 21455935115593511 in area code. 214. Correct. Okay. And what about a Pio box? If

25:38

they can actually send send any questions or, or any requests for applications to live in leather? 4038. Cedar Springs Road. Number 961.

25:59

Send them fast. No kid, how much time this this event is? What? October? So what is it?

26:04

This is actually will be October 8, ninth, 10th and 11th.

J Jimmy Carper 26:08

Whoa, you just haven't get around the

26:10

next two weeks. That's it.

26:12

We also have a website that people can actually access to actually pull down and download applications from and that's going to be WWW dot NLA i.com.

26:27

And you can probably also pick up applications for this Lazar by boots are one of the vendors will probably have an application early. Yeah, sure. Yeah. Okay, well, what else do we have to talk about? Well, I

J Jimmy Carper 26:41

don't know. What else do we have to talk about?

26:44

Well, we got a huge calendar here, but I'll just assume that read it. I mean, we've

26:49

been talking about good stuff here. You know, I got Yeah, I'm just overwhelmed with this video you're gonna put together I think that is really needed. I've never seen

J Jimmy Carper 27:02

mark, have you know, I haven't just cute, cute, handsome man hot. He's hot. And if he's in the video, it'd be better. Okay.

27:13

He's hot. And he's cool, too.

27:16

I do think the video is gonna be something that that our entire community can be very proud of no kidding.

J Jimmy Carper 27:22

That's very, like I said before very important work. And it just helps to give that better image of the smbd community, which is, you know, this is what we do here on radio. But you know, of course, we're limited to the Houston area. Right. Educate. That's the whole idea. Yeah. Yeah. College Station. We've got college they should write that. Well, you know, closet station. Yes. But but that's the whole idea. Have fun and educate. That's, that's what we'd like to do here.

28:01

Yeah. And we're really doing that. We've just been chipping away. I mean, I'm looking at the differences that are happening out there every day and different people that we encounter, I saw a guy, we're moving but right before I moved, there was a guy across the street that had loads of pride flag in the back of his window. There you go. I saw him out front and you just happen to have nipple rings and stuff. And I don't Hey, are you the guy with a pride flag getting it? Yeah. And I told him all about the show. And he goes y'all are quiet. You know, he didn't have no idea.

28:32

28:34

Well, it's community radio. We don't have

J

Jimmy Carper 28:37

a man I think he meant they were crying. I'm sorry. Which is hard to believe in. Well, you

♂

28:43

know, what's happening is you know what, what was going on four or five years ago when people started putting the rainbow stickers on their car. Now people are putting the leather flags on and it's only good

♂

29:00

things really helps. It's just being a little bit out there not not much just something where other people can recognize your and bond with you as you know and identify with you takes all that mystery away. Boy and when if you get up to one of these leather, you know, the leather conferences, the quality of people that you're going to meet. They're just fantastic. I have to tell you, Mark and other folks on the Council of the National Coalition for sexual freedom, the National Association, various other groups are just so inspiring. They really are the they made me want to wake up at three and 10 three in the morning and come on out here. Show and

J

Jimmy Carper 29:42

you know, see what you do to him mark now like

♂

29:44

every fourth Saturday, rain or shine?

J

Jimmy Carper 29:48

Well, Mark I know what is it they're like fix would be two o'clock.

♂

29:52

It's actually about one o'clock in the morning. earlier. You also have done the party.

♂

29:58

Yeah, I was going God we got And we actually had him sitting still in his room for about 15

minutes, I think. I think it was longer than that. Not much longer than when I

30:06

got there. They're still planning to do marketing research out there.

30:10

See? Okay, sounds good.

Jimmy Carper 30:13

Well, I enjoyed it. I haven't seen you in a while. Well, few months anyway. So are you making up for Leo? Oh, yes, of course. I am. Great. And now I wanted to thank you for the interview. I thought it was great. If there's anything you want to say, before we let you go. So you can go to your marketing. Canvas.

30:34

We got it. You know, next time he's in Houston. We got to drag him on the show here.

30:38

Yes. You know, he

Jimmy Carper 30:39

may be busy marketing.

30:41

Oh, yeah. Gotcha. Like,

30:44

that's a full time job right there.

30:50

Thanks for being on after hours.

30:52

I appreciate it. Take care. Thank you.

J Jimmy Carper 30:54

Thanks so much, Mark.

30:57

Okay, now what?

30:59

Nice guy.

J Jimmy Carper 31:00

Yeah, that was great. I was gonna read this.

31:03

Oh, please do this is yeah. We started out doing Clinton stuff. And, you know, it's just, it's topical.

J Jimmy Carper 31:11

Yesterday. I picked up a Houston press. And I was thumbing through it not really reading anything. But this ad caught me. Oh, it started big, bold white letters. It says no tape recorders. No Judiciary Committees. Just pure oral satisfaction. Oh, introducing the Lewinsky presidential cigar. says Never before has a cigar so seductive. so passionate and so timely. Pass the lips of the American people possessing a robust full bodied flavor that goes down smooth the Lewinsky assure to satisfy order yours today and relish the scandalous taste of power. The taste of a Lewinsky presidential cigar.

31:59

Today you can actually order a Lewinsky say it says right

And that's when you meet the cool people who are already into it and you get to see a workshop to learn something. Yeah. And we're willing to that we want to be safe and consensual and as such as Skill oriented thing that we, we need all the all the sexy techniques that we can get. There's also the erotic Rose Society here in Houston, they meet every single Saturday from noon until 1pm. At Richard's, which is a little pub located 2010 Wall Street, that's every Saturday, there's no dress code and no fee, just show up and you'll learn something you meet some really warm and friendly people. There's a group out in Galveston, which is a really good group. I've been to one of their parties. And I know the woman who heads it up and it's an excellent group. They called the bound collective, sort of a Star Trek's name for their advertising. And they meet on the second and fourth Sunday of every month.
