36:08

Hello, Houston and Galveston and the world and welcome to the August 21 edition of after hours queer radio with attitude. I'm Jimmy Carper, I'll be your co executive producer for the evening.

c Chris Harrison 36:25

And I'm Chris Harrison, the other co exec Tada, how're you doing? I'm in a better shape than I was last week. You know, I just come from a social and I was sitting going, you know, I can't do the open bar this way. I was a good boy.

36:41

Thank you,

c Chris Harrison 36:42

which is kind of cheese in me off but hey.

36:46

Well, well, first thing I want to say is I went to an event this evening. The PNP ball as it's known the Prince and Princess ball. That is for IC o h the Imperial Court of Houston space city empire. And the it was the PNP ball is to honor the Crown Prince and Princess Royal.

c Chris Harrison 37:12

The outgoing and

37:14

then the well it says thank them for for a job well done. It's a very formal affair, tuxes and gowns and all that.

 Chris Harrison 37:22

Oh, yeah. You're out in the talks. And yes, some people commented they saw Judy, when you were leaving your other event in that Mardi Gras ball down. She was in Seattle made comments about that. How nice that look. Ah,

 37:35

thank you. That the culmination of it is the announcement of the Emperor and Empress elect for the next year. We just we had the voting last week and oh, that we had all the candidates on the show. And I'm proud to announce that the Apollo Empress II lacked for this coming year is earthquake and the Apollo Emperor Wedeman it's the Gemini Empress. I'm getting this all mixed up. I know I need a script. I knew I should have written it down. It's the Gemini Empress elect earthquake. The Apollo Emperor elect is Jerel, McNeal. So the investiture and all of that will take place in October.

 Chris Harrison 38:32

The sashing and crown Oh, well, the naming of the court to

 38:36

naming of the court all of that another big blowout. Now, that's that's the big one of the year now. That's the big one. That's the one where we go to a ballroom at a hotel, and you know, go all out for it.

 Chris Harrison 38:52

You pull out your shiny tuxedo again, you

 38:54

well yeah, actually it gets even shinier. He put lots of jewels on it and stuff and

 Chris Harrison 39:00

all your Bejeweled and yes, Sash or two.

 39:03

I'm still got a couple of jewels leftover from this evening. I will pinky ring there.

c

Chris Harrison 39:08

And you're not you're I mean, you're wearing a pink shirt, but it's not your traditional pink shirt. No,

o

39:12

no, no, no, not your traditional one. This is cheap trailer trash. Okay, that's the one.

c

Chris Harrison 39:20

You can't read upside down.

o

39:23

So some of the things going on. So we have a court report tonight. Like I said, Tonight was the p&p bowl. And Sunday, Sunday, Sunday, Sunday is IC o h is bartending at Mary's and actually that's right at 4pm. And next Friday and Saturday are another it's another big weekend. Because on Friday, there's a special show called The peasants are revolting. And it's that's hosted by peasant Royals. Christopher Frodo and ginger Vitus that's taking place at EJ is at 830. Now what this is, is all those the the peasants in the court put on the show. And then the next night all of the Royals put on the show and it's kind of kind of like the privacy who who makes the most money? Oh, yes, yes. Now, aren't you one of the peasant? Yes.

c

Chris Harrison 40:27

So what are you going to be doing?

o

40:29

I'm going to be chipping and clapping. That's what I'm going to be doing.

c

Chris Harrison 40:34

Yeah. Remember? I do best Yeah. Remember your last performance you did in quasi drag?

o

40:39

Wait a minute.

c

Chris Harrison 40:40

CHRIS HARRISON 40:45

That's my tip to you a quarter.

40:45

Quasi drag. What was I wearing?

Chris Harrison 40:47

I don't know. They threw a cape around you. Oh, it's firecracker down at the Yes,

40:53

yes. Yes. Yes. That fire fire was terrible. Yes. That was terrible. I

Chris Harrison 40:59

don't even think auditions when they recasting my There you go.

41:04

Next Saturday night, the 28th. The Empire Strikes Back that's hosted by the monarchs at EJC at 830. So Friday and Saturday night, fun nights at E Jays all benefiting rain to which benefits the Montrose clinic this year. All of the monies this year goes to Montrose clinic for the hepatitis C HIV testing, which

Chris Harrison 41:30

is you know, all the a lot of these programs are getting cut left and right. And to be able to get that run and know that somebody's coming in for them. Yeah, that's always a great thing. And

41:40

so what's going on with the Empire of the Royal Sovereign Imperial Korean single star

Chris Harrison 41:45

you didn't think I remember what that stood for. That's why you get the whole thing. I started getting remember it took me a second remember the E part because that's the new part. That's the new part. Yes. Yeah. It risk is on Sunday, Sunday, Sunday, Sunday, August 22, which is a mere 20 hours from now. Six Feet Under hosted by IPR

42:08

Imperial Imperial Prince Royce, okay. 20

c Chris Harrison 42:11

Bob Skinner and irska Sync. I invite you to join them as they celebrate Bob Skinner going over the hill Oh my. This event will benefit the assistance funds medication program, the Montrose clinics women's program, both through a riskless ink inks coronation 21 as as the BRB over on Brazza soon s eight. And I've heard they've had weekly events. Emperor's happy hour at the guava lamp on Fridays at 545 and blackjack with Jackie, which is a benefit for G cam. That's right on Friday nights, nine o'clock over at keys West and some

42:52

Saturdays too. And she's there doing blackjack. So you've got a whole bunch of other things going on there.

c Chris Harrison 43:01

Well, there's peasants and Monarchs we can you just talked about okay. I thought that was ICO. Which court was that was the peasants?

43:09

No, no, this is something different. I believe it's a

c Chris Harrison 43:12

different peasants versus monarchs weekend. Okay, Labor Day weekend, the rural and sovereign period record a single stars Empire will be hosting a peasants versus monarchs weekend. See? That's what was confusing me. Same Tyrolean where the monarchs and peasants have challenged each other to raise the most money they can. And it's a fun challenge. It which has benefiting the assistance fund medication program. Oh, good mantras clinic women's program, which are the the charities of risk is coronation 21. So that's Labor Day weekend. It doesn't say where doesn't I? Okay. Oh, here okay. The week different events. On Friday, September 3, it will be at the guava lamp at eight o'clock will be a spiritual upheaval, hosted by the peasant Royals. On Saturday, September 4, the guava lamp at eight the risk is Houston turnabout. This evening the boys become girls and girls become boys. Oh, that's scary. On this evening performers, which is the performers choice as to which hat the money will go into? Will it be for the monarchs or the peasants?

44:02

44:23

On Sunday, Sunday, Sunday, Sunday, September

c

Chris Harrison 44:27

5, a monarch cookout at the BRB starts at five. And it's hosted by the monarchs. It's afternoon of about the monarchs servicing its faithful subjects and the community. Menu steak and burgers with the fixings nice. And on Sunday, Sunday, Sunday,

o

44:45

Sunday,

c

Chris Harrison 44:46

the fifth at eight o'clock at the BRB, long live the monarchy hosted by the monarch of Eros because this is the final evening of the challenge weekend. On this evening. The monarchs get to show the peasants exactly why they are monarchs as they try and raise them. I need more money than the peasants. So Friday and Saturday at the guava lamp at eight, Sunday, Sunday, Sunday Sunday at the BRB starting at five and eight. And that is for the Empire The Royal and sovereign Imperial quarter the single stars and for coronation 21 events

o

45:22

it's all a game. These courts Yeah, you know, it's it's lots of hair and fake jewelry and,

c

Chris Harrison 45:28

but it's like Southern Baptist, but they raise money for people serious part

o

45:32

of it is raising money. That's right. That's what it's all about. And both of these groups do a hell of a job there. They're out there every weekend, sometimes during the week at events to raise money.

c

Chris Harrison 45:46

If it wasn't for groups like this, there was there'd be people in our community who wouldn't have food. That's right. Wouldn't have meds or wouldn't have electricity wouldn't have a place to live him. Absolutely. And, you know, it's organizations like the the two courts we have here. COLT 45 H trouble fund all these organizations, you know, it's really because no one else as the government is stepping in these people who are doing got to

46:13

do we've got to do it. We've got to take care of our own.

c Chris Harrison 46:15

And so you know, that you know, but when you go out to the bars, and you see one of these things, forget one drink. That's

46:21

right. And tip a buck or two or more.

c Chris Harrison 46:25

Yeah, yeah, no, it's not a happy hour. You know, drink was happier tip several years ago.

46:34

I've been at many of these. I'm a member of the ICR wage, and I've been privy to counting all of those dollars after the shows and you'd be surprised every once in a while. You've got some fives and 10s and 20s in there that are really, really nice. But the big fundraiser going on is tomorrow. Sunday, Sunday, Sunday. That's right ladies and germs. It's the big live benefits show live 2004 that is done gills productions.

c Chris Harrison 47:03

Tradition. Yeah,

47:04

big. Yes, Vert is it ever. In the years past that it has benefited the Houston Buyers Club PB PWA holiday charities and the Gulf Coast archive and museum and mantras clinic this year is chosen the Montrose clinic and gkm Gulf Coast archive and museum as beneficiaries for this wonderful show. The Montrose clinic serves people in the greater Houston area by providing low or no cost health, special education and clinical research services to those primarily affected by

c Chris Harrison 47:41

quit rubbing off on AIDS.

47:43

Seriously, trash, the

c Chris Harrison 47:46

bloods leaving it his blood, the blood is leaving his head and going south and you can't read

47:50

diseases and hepatitis C last year the clinic served more than 15,000 men, women and teens with over 35,000 outpatient clinic visits. Now that's an odd statement. Men, women and teens, does that mean that we

c Chris Harrison 48:10

classify a little differently teens with

48:13

funding differently.

48:14

They would be boys and girls rather than men and women. Or they just met I just want them thinking that teens are asexual. And they're just Sasha I know. The Gulf Coast archives and museum preserves the history of our wonderful environment community through collecting, archiving and displaying memorabilia of the GLBT world. It is an honor to announce this year's inductee into G cam. The crew of Olympus, Texas, this worthwhile organization has provided services to the community this for 30 years. Now, the crew of Olympus though that's the that's the one that puts on the big Mo Yeah,

c Chris Harrison 48:53

grab ball. You get an invite to that you clear your calendar. No

48:57

kidding. No kidding you that this is a biggie and they raise big money.

c

Chris Harrison 49:03

Oh yeah. And I mean really no big. Think of an indoor Mardi Gras parade, where you're where people are wearing the floats. And it is just, you know, it is gaudy. It is spectacular, but it is it is gorgeous that I've I've been privileged to sneak a peek stick my head in there a couple of times with fundraisers that I was a recipient and it was a beautiful thing. Just seeing seeing what they were

o

49:27

absolutely. That's going on Sunday, Sunday, Sunday today, August 22. At 7pm at keys West that's located at 817 West Dallas, that's in the shadow of downtown. That's kind of halfway between the BRB and downtown.

c

Chris Harrison 49:48

Yeah, so you know, little ways out there but the best part is you know, if you've had a few there's there's housing nearby for the night. That's right, it's right next door. There's a hotel right next there,

o

49:59

plenty you're Free parking. It's a wonderful and when we we mean live entertainment that means there's no drag queens doing panto any of that handout pants Oh, mine. Oh, yeah.

c

Chris Harrison 50:11

No man live in LA.

o

50:13

None of that. It's all live and all Houston entertainers. So we've got a lot of entertainment. And there's so many times I wish I could take one of these shows so that I could play some of the the music on the air but not not so far. It's not allowed. Oh, they don't allow that yet. Anyway, speaking of music, I want to tell you what you heard in the beginning of the show. Because it's very important because these are queer musicians playing queer music just for you frustrated housewives. That's Adam bounds group. Now out of Austin, and his version of I know what boys like, which is a fabulous version. Because it's being sung by men and Jay Spears did I'm going to fall in love. And I like Mike I played those especially because I like Mike. And I know what boys like were specifically asked for by our MBBS this week, man music requests. And we're always happy to play music requests. Oh, yeah. And at anytime, all you have to do is give us a call 713-526-5738 talk to David or big Roy or Robert whoever answers the phone and let them know what you want to hear. And we will do our damnedest to get it on for you. If not tonight, then next week, because I you know, I have a lot of core music, but I don't bring it all with me. Oh, we just couldn't. We couldn't bring about 200 CDs a week. And

c

Chris Harrison 51:49

we've got to find a better way to carry them. Oh, I

o

51:51

know. I know.

c

Chris Harrison 51:54

You know, I've got a couple ideas there. But you know, hiring those boys to carry this stuff forward. Just cut into the budget. See,

o

52:01

Tonight we've got jewel. And so that's kind of our country dyke segment. She's got some very special guests tonight. I see rainbow in there. And Dennis is with her. Steven is in the house tonight, which is always nice. The second half is black on black. Stephen should be here. Stephen Jerome

c

Chris Harrison 52:26

was second. Yes. Yeah. That's Stephen. First even it was when we refer to as the puff pastry boy. Yes.

o

52:33

And I'd love to see his puff pastry. Anyway, so

c

Chris Harrison 52:38

it was taught. Yeah, someone's asking me a couple of nights ago, was last week. If I had seen Stephen in a while and I couldn't recognize who it was. Oh, and it took me a while to realize it was his father. Oh, and the reason why I didn't recognize him is I hadn't seen him sober before. Me you were sober. No, no, his father. Oh, I

o

52:57

see. I see. I see. So there Steven with his big old puff pastry hanging out.

 Chris Harrison 53:04

You were the one who was rubbing up on him and made him lose his memory.

 53:08

Scratch? Oh, yes. And it's so good.

 Chris Harrison 53:10

Any physical contact? I mean, I

 53:12

know I don't get much these days. Anyway.

 53:17

Good to see you forever. I

 53:19

know. I know. It's always great to see you.

 Chris Harrison 53:22

We just need to see more of you. Yes.

 53:26

Let's go to some music and bring jewel on amazing

 Chris Harrison 53:28

we can still make him black.

 53:32

Many times as he's been here, and

c

Chris Harrison 53:34

after all the stories we've heard of him too. I've got 40 Yikes.

o

53:38

44 D Yikes.

o

53:44

And they're doing hetero blues and you're listening to it

c

Chris Harrison 53:50

after hour after hours queer radio with attitude on KPFT

o

54:13

another woman

o

54:24

from a friend again, so you don't want your header row

o

54:38

music game because missionary love is making ever so let's do some exploring. Begin with what you can go back to your man. Again. Don't watch your header row blue

o

55:06

o

55:53

58:55

59:48

before me

Chris Harrison 1:00:00

All right, we're back. And that was the last one was Marcy Re. Desperate old guy. Was that a self dedication? Jimmy? No. And the first one was 40. Yikes. Which, if it takes all night, guessing that's when we

1:00:28

play header row blues, hetero, hetero blues.

Chris Harrison 1:00:33

Okay, I had looked at the wrong number. See, I told you you have a guest out there that you'd be interested? Yes. Yes. Yes. So let's turn on the mics in the studio. I know you're listening after hours. And it's time for jewel. You're on jewel.

1:00:47

Is it? Yes, sir. If it takes all night was in reference to our introduction.

J

Jewel Gray 1:00:52

There we go. We were just we were just pitching. We were just fussing Gee, what a surprise about, about how long winded our our CO CO hosts are. And and hogging the mic and not letting us share any of it. Well, guess what,

C

Chris Harrison 1:01:09

honey, you had an hour last month, but you didn't take it. So

J

Jewel Gray 1:01:13

you know where I was at last month. I was having a good time. I was having a very good time I went to an A play party. Oh, I'll play party. My girlfriend says

W

1:01:24

wasn't a real party was a play party.

J

Jewel Gray 1:01:26

Let me tell you there was some serious play in there. My girlfriend says when you go to one of these play parties, you're it's an even if you don't participate. If you just kind of watch you, you're still it's the same as kind of like having sex. So I told her I wouldn't have I wouldn't had sex with working people. 30 or 40 people she wasn't amused. But that was pretty cool. That's where I was at last time.

C

Chris Harrison 1:01:52

Okay. You're lucky so you're knee deep. Yeah.

J

Jewel Gray 1:01:56

So take it away. Thank you. I ran into Jim at one of these parties. That dirty dog. He didn't tell me he was going to parties like this. I'd been going a long time ago. You didn't know Jim was going I had no idea it was going to those parties. I needed to I need to connect with him. Find out what he what else? What else he does need to get a hold on. So long. I miss him so much. I want to remind myself to remind Jimmy to tell him how much I miss him down here. But you know who came in tonight Dennis came in tonight. This came just strolling up and what a lifesaver he is and then rainbow showed up with his bulletin board from the post office and we've been doing an online world infamous the creativity in the work and it's beautiful rainbow

it really is I'm I would be very proud to find that my workspace you know celebrating workout girl. Yeah, really? I want to see I work at home. I can put anything on the walls. I have naked women all over my room.

R Rainbo de Clown 1:02:54

I don't have naked women on the we got to tell there's no naked women on the poster. No,

J Jewel Gray 1:02:58

no, they found a fairy. No it's very that's when I told him that you know that at least there was no huge penis, you know, make you know it would that you could see just casually strolling by it's very subliminal it's very tasteful. And the only reason you would know what is going on as if you stopped to read it. I

C Chris Harrison 1:03:20

think we're the problem was the fact he just didn't have any hot lesbians on the stamps. You know? They had he had Martina natural Lova you know, they the guys just couldn't get into the fantasy with her.

W 1:03:30

Well, Susan B always kind of did something for me. So I

J Jewel Gray 1:03:33

don't know what you mean by God has post offices women down there. Good isn't in there. I'm good course I've

R Rainbo de Clown 1:03:38

always said lately. It's not who is gay. It's who isn't gay.

J Jewel Gray 1:03:45

Right? Rad, gay. Or bi? Oh, no. Now the big thing is everybody's buying. Yeah, we're buying. We're buying but

R Rainbo de Clown 1:03:53

he really I don't even ask people. I mean, it's not really I'm not there to find a date. Right?

Right. Well, sure enough, you play with enough mail and I want to play some of that playing post office. Oh, I didn't mean it though.

1:04:17

I know the post office down there in Santa Fe. is quite a bit of family because my PFLAG envelope is opened every the newsletter everyday read it cover to cover

Rainbo de Clown 1:04:30

Yeah, I tried to I tried to make the bulletin board that would be tasteful I guess you would say Yeah. As you know there are some religious figures that are gay. You're somebody some Pope's and people that were ghost riders like for Billy Billy Graham. Right, Pat Robertson. This is an email. Yeah. And I left him when he was here. I left those people off just so I mean, if you okay, this could just get your interest in looking, I just didn't put it out there for them. I didn't want to offend a bunch of people

Jewel Gray 1:05:05

in forum is

Rainbo de Clown 1:05:06

what you wanted to do I want to do for him, I could clearly could have placed the angel love stamp, which is from a drawing a painting from one of the famous painters have a poke scrape site or something like that. That's what they took the picture. And I left that off because I thought, Oh, God, if they read that they probably get all upset, Rainbow for

1:05:30

our listeners who don't know what's going on. Tell the story from the beginning.

Rainbo de Clown 1:05:36

Okay, on June 9, I put up a bulletin board. We have what we call you got permission now, diversity club, a diversity organization, right? First of pride.

Jewel Gray 1:05:49

North Houston, which is good for the post office.

R Rainbo de Clown 1:05:51

Yes. And what they do is every month, usually they have some type of month, your African American month

J Jewel Gray 1:06:01

pregnant single stay.

R Rainbo de Clown 1:06:05

My Asian history and my Hispanic History Month and all this other stuff. And as you know, June is Pride Month. And so I was approached a year ago about this, but I couldn't find the right person to deal with it. You know, I had the information. Now I tried to find the person that's involved in putting it together was my first year and everything. So after the first year, I couldn't find anybody. I went, I got to know some of these people. And I talked to the chairman of the diversity club. And he gave me permission because they had voted on this April of last year, a year ago, to have a Pride Month display. And there was some disagreements, but they said, hey, the law is there. And this is

1:06:53

done on a case by case basis at each branch or how

R Rainbo de Clown 1:06:57

does that work? Was that

J Jewel Gray 1:06:58

diversity? It's okay. Is it post office wide? Or just you're just where you work?

R Rainbo de Clown 1:07:04

I'm not sure. Because relative to

C Chris Harrison 1:07:07

the display we're talking about was that the North Houston poll, we're

J Jewel Gray 1:07:11

not really we're just not we don't need to tell anybody we're

not really we're just not we don't need to tell anybody we're

 C Chris Harrison 1:07:15

talking about. We're not talking about a branch post office. Yeah, we're talking about in the employee section. I'm not

 R Rainbo de Clown 1:07:22

sure. And some people say, well, like, it's my first. I mean, that's never been done before. A lot of things have never been done before. That doesn't mean it can't be done. So I was able to do it. I put two things together. And the guy looked at over it looked over the items just like you just did saw nothing offensive, and I put it up within 24 hours it was taken down. Because one lady was upset about it as she she didn't think it had anything to do with diversity because her idea for diversity is cultures of nations and races and stuff like that, and people

 1:07:57

wearing shoes and such. Yeah. Was this an employee or you are in a public area? Okay. It's

 R Rainbo de Clown 1:08:04

okay. It's a it's a plan. Just processing plan doesn't go through public cannot go in there because it's very close. As a senator at the post office, about some other issues, I always issue. Even your little mob and Zillow can't come into this place because it is insulated. You know, you cannot come in there to do a story or anything like that. We cannot we're not supposed to have even cameras. Someone said should I take a picture? I should have taken a picture of seven different things. You're not supposed to even take pictures at the post. Because

 J Jewel Gray 1:08:42

when I found out Jana worked there wanted a tour. She said, I'm sorry,

 R Rainbo de Clown 1:08:46

boys, they used to have tours up until 911. That if I'm not mistaken, I think that's

 C Chris Harrison 1:08:51

I was I was almost on a tour of that facility after

 R Rainbo de Clown 1:08:55

911. Everything's because they used to have kids go up there, I think to go through the place. I'm not sure. But other than that, I did put the display up and it was taken down within 24 hours. And the plant manager, the former plant manager said it had nothing to do with diversity. Gay sexual orientation has nothing to do with diversity. It's about races, it's about countries or you know, different things like that. And we, we all have something about culture, brought up culture. Well, we are culture. If it wasn't for us, you would have everything. It wasn't for us. You'd have no culture everything would be ugly. I mean, you'd be so drab ly dressed. The food would be poor your food would be boring that's getting stereotype but the there's also many other things as then that's what I tried to prove with the board. Susan Love the renowned doctor for breast cancer Hmm. And as you can find a lot of this stuff on the internet.

J

Jewel Gray 1:10:06

Yeah, well, when you were showing it a while ago, that keeps saying it was tasteful. It's it's not it doesn't jump out in your face. You had to rebut that. Yeah, but but the only thing that that shouts This is gay is that you've done it on rainbow colored paper. Right? And that's about the only thing that would you know, you have to stop read it. So if you don't want to be offended, it's like on TV, you turn a candle or you don't read it.

R

Rainbo de Clown 1:10:30

Some people were I understand there were some emails sent from employees. And one of them I guess, a couple of more upset because Alexander Hamilton's stamp was on there. And they didn't think he was they don't agree. They don't agree with that. But they need to read Alexander Hamilton. Little Love Letters to John Lauren. That's right. If those letters were to be public today in the military bases between two other guys, yeah, there would be an investigation and sure,

J

Jewel Gray 1:11:01

would they be putting somebody

C

Chris Harrison 1:11:03

out? If you want to put controversial, you know, you could have put on Abraham Lincoln stamp? I didn't do that either. Because, you know, there was those rumors? Yeah. But I

R

Rainbo de Clown 1:11:12

tried to put put things, put the ones that are pretty well,

P

1:11:17

Yeah. Okay. So so it was taken down. And then you said, why was it taken down and first had

year. Okay. So so it was taken down. And then you said, why was it taken down and that had gone from there? Oh,

R Rainbo de Clown 1:11:24

we went to Memphis.

J Jewel Gray 1:11:27

So I took it down. And you said, Hey, where did this go?

R Rainbo de Clown 1:11:30

No, no, no, they took it down. And then I waited to the next plant manager came in, because the other plant manager is leaving anyway, within a week or so. And I approached him and he decides to have it his the lawyers are illegal, you decide to leave legal department, legal department, and I thought okay, no, it was gonna be local, legal. He said, No, it's gonna go to Memphis. Memphis. And what happened was this.

J Jewel Gray 1:12:00

So that policy has to be let me read to you. Standard policy, if it's gonna go to Memphis for the legal department look at

R Rainbo de Clown 1:12:08

and this is his reasoning for it. Because he said he said also, this, there's just some some more background to this. Scott Jay Blanche. First a special counsel nominated by George W. Bush in February. He's over how you say it,

J Jewel Gray 1:12:31

I don't know. Like you have

R Rainbo de Clown 1:12:33

different groups of people that are protected in the workplace. And that's his job to get that information out to the employers, so they know who they are employer and stuff like that. And so they can set up their guidelines and everything like a non discrimination. God shape lodge decided to remove sexual orientation from all the stuff. Oh, really off the internet, the guidelines and everything. Just those words, sexual orientation. Now who put those words in there? Bill Clinton, May 28 1998, he signed an executive order to have sexual orientation as one of the protected classes. And now there's one good thing about there's there's some credit

goes to George Bush, because he said what was written, you know, what was done mark, May 28 1998, with Bill Clinton, that law still stands. But Scott J. Blige is still he apologized at April. But as a week or so ago, I talked to someone from federal globe, federal employees organization, again, employees and say, organization, and he says it still has not been changed over completely.

1:13:46

So as I understand it, they have not changed the law, but they have changed the practice of how it's enforced or not enforced.

R Rainbo de Clown 1:13:53

Now, it's just been taken off of the

J Jewel Gray 1:13:55

executive order, he would have to be an executive order that changes it. So what somebody has done is take it upon themselves to remove certain words from it right. And then disseminate it to all the as as policy. Right. So Legally speaking,

1:14:12

it was same as Bush would have to be the one to, I don't know.

R Rainbo de Clown 1:14:18

Bush did say that it is still legal. Yeah. I remember him saying who not discriminate against gays and federal sexual orientation. The law still stands that Bill Clinton signed is what I'm trying to say. But Scott J. Blige has not taken the time to take this to correct what he had done. And so the post office, you know, when they saw the break up on their internet, hey, scheduled more sexual orientation is not listed. Oh, why is that that's when I found out

1:14:51

so they're not exactly getting rid of it, but they're just not letting anybody know about it. Right.

R Rainbo de Clown 1:14:56

And so you can have African American History Month because it's projected, you can have Asian History Month that's protected for sexual orientation is not on there. So that's one reason. Now here's the other reason why the display was. Do

J Jewel Gray 1:15:15

you think he thought he might read this on the air? But is it the exact

R Rainbo de Clown 1:15:18

word that says this is in response to your inquiry regarding the posting of educational posters on the history of gay persons past and present and their contributions to society, in accordance with the postal office manual section 120 4.55 and 120 5.3 states that only items allowed by regulation are those issued by the Postal Service, and other government agencies and members of Congress. Employee bulletin boards are covered by the postal post office manual 240 3.2, which provide bulletin boards may be placed in work rooms and employee lunch rooms for displaying notices as prescribed in the PLM and management Labor Organization Agreements such as union notices, employees requests for swap jobs except official post swap jobs you know, if a postal worker wants to transfer to San Antonio, that's what it is. Except official postal and other government notices and announcements. No handbills, flyers, pamphlets, signs, posters, placards or other literature may be positive on the grounds, walkways, parking and maneuvering areas, exteriors of buildings and other structures are on the floors walk stairs.

1:16:28

So

R Rainbo de Clown 1:16:31

now I can tell you, Jewel, if you'd like to have a massage, I can give you a number because there's a there is something on a bulletin board. If you need a moonwalk rental for your kid, hey, I got a number for you. If you need a wedding dress, it won't fit me. It won't. I gotta never put there's all kinds of stuff on these boards. You can go to revival you can get you can see Jesus tonight or whatever. All this stuff is on these bulletin boards.

1:16:59

Because they decide

R Rainbo de Clown 1:17:02

they want criteria. That's why he says the materials you submitted for posting consideration do not meet any of the criteria for postal bulletin board, either in public or non public areas. That's discrimination. And I filed with e o yesterday. Cool

J jewel Gray 1:17:15

for you. For you. It certainly is. And you're it's there, they will have to back down because it's there and no one is take no one has rescinded that executive order. No one's rescinded their executive order. So just because this guy changed the words don't make it okay. There's still

R Rainbo de Clown 1:17:33

is still law. And according to their rules from the postal manual, all these other all these, we got bulletin boards all over the planet. And there's, they're full of that stuff of wanting to add certain jobs to camera in there. I can't take a camera in there. But I did tell the they gotta go check it out. And then you got other bulletin boards for other organizations that have nothing to do with the Postal Service.

Ω 1:17:58

So glad you're doing this, because you know, it doesn't hurt when they put the noose over your neck. And so when they start tightening, you start to notice, yeah, I was trying to slip the noose over your neck and, and

R Rainbo de Clown 1:18:08

they try to intimidate you. And some people say, Oh, you could lose your job. Well, he says, hey, they can't do that. Yeah, well, they

J Jewel Gray 1:18:16

can. But you know, that's the thing about that's the thing about these rules, is they're rules that we supposed to follow, but they don't have to. They don't have to follow these rules. They get to decide when and when when to you know, enforce the rules and when not to and only in their own bias and prejudice. Do they decide what you know? So the Gay Pride is out. But

R Rainbo de Clown 1:18:39

there are other social and educational bulletin boards that have nothing to do the post office basically. I mean, it's just like I say do this. If you allow them then I should have one every they have one for Hispanics? They have one for African Americans, man. How about fed globe? Fed globe is for gay lesbian, bisexual, transgender federal employees, and they have a postal chapter. Cool. So I mean, I mean, that's what I was

Ω 1:19:10

one of their criteria. Yeah, yeah.

R

Rainbo de Clown 1:19:12

I mean, this is a criteria This is where he this is what he's laid down on the law. I mean, this is this is why my display was disqualify. Well,

J

Jewel Gray 1:19:21

I'm glad you're following up on it because it maybe maybe this will end up in the Supreme Court. Oh, no, girl. Oh, come on. Somebody else will pay for it. You just be famous. Just be famous.

R

Rainbo de Clown 1:19:34

I guess I just want to be a clown. I really, really, I I thought I feel good when I put it out. Well, I'd be proud. You don't want to put it up. All right. I said back all right. This is and that's all I wanted. Someone tried to pay me so much money for the ink and the paper and all this stuff that time that I but no, I didn't want that because I wanted a decision. I In fact, when I told the plant to talk to the plant manager, I said I want it in writing. I mean, I want to, I don't want, because I didn't say this to Him, but I don't want my word against your word. I want us. And guess who gets a copy of it? Gee cam, the original. This is just a copy. I got the original. Yeah, that's the Gulf Coast Archives Museum.

J

Jewel Gray 1:20:27

Which could clearly use help. So if you're interested, I said we can clearly use help. So if you're interested, that kind of thing. Get a hold of

R

Rainbo de Clown 1:20:35

TK. Yeah, yeah. And so who's listening tonight at the post office?

J

Jewel Gray 1:20:45

Mr. Phone call.

R

Rainbo de Clown 1:20:46

I don't know that. That's what happened with me this week. And I just, you know, it's just, I don't know how I feel. It's just, yeah.

J

Jewel Gray 1:20:56

If I were you, I'd certainly follow through and you know, if I gotta find someone, if they circle the

wagons, then you know, you need to step outside and keep pushing, because you You are definitely right. Okay, this is, this is not about being gay or lesbian. This is about

R

Rainbo de Clown 1:21:10

the rules, the rules. It has nothing to about, right.

J

Jewel Gray 1:21:15

It's about you know, these are the rules you set. Now, let's, you know, let's back yourself up. Suppose

Ω

1:21:19

he had done that to a Hispanic or an African American

R

Rainbo de Clown 1:21:22

family. What I told this one guy, I said,

J

Jewel Gray 1:21:28

What do you call and they do it to you? When did they when did they think they might be able to do it to the Hispanic or Asian group? So

R

Rainbo de Clown 1:21:32

what is it? What is the Black History Month? Say it was Black History Month as January? Or is it February 3, America? was one of the kings born on January, right? But it's February, February, Black History Month, suppose I wanted these persons that I don't I don't go for this. Yeah. And it just came up and said, This doesn't just doesn't meet our criteria. Alright. Well, you know, they say, this is what they say to me. What does this have to do with the job? What does this have to do with you getting the mail out? And my answer to this is Black History, but has nothing about doing getting, you know, if you put it this way, it has nothing to do Asian. What's the other one?

Ω

1:22:17

The other one. It's a great big diverse world. And people have should have a chance to express that. If one person has a chance to express it, everybody has a chance. Right,

J Jewel Gray 1:22:31

should it

R Rainbo de Clown 1:22:32

and I think it's, you know, our diversity board. I mean, this suggests I think diversity boards should be educational, too. I mean, just to go out to these stores, you know, like and it

J Jewel Gray 1:22:43

just amazes me that they've that they that's not diversity. If you were black now or Hispanic, that would be diversity. But being gay is not it's not diverse. After all these years of being told we were diverse.

R Rainbo de Clown 1:22:56

We were not that we were the ones who created the world. Did we do that? For sure we did that?

∅ 1:23:05

I think so. I

R Rainbo de Clown 1:23:07

did have something here but I guess I don't know. Came

J Jewel Gray 1:23:11

down shares would share that with us. And I want you to keep us you know, updated and when things change and app and pop. Well, I don't make me get my news for Jana.

R Rainbo de Clown 1:23:22

I've been talking to you know, I don't have that

J Jewel Gray 1:23:26

anymore when I say

R Rainbo de Clown 1:23:28

activist. Yeah. And if I want to say anything I usually Yeah,

J Jewel Gray 1:23:32

read you know, that. There's been quite a quite a duking out this week about this New York, New Jersey governor on LSA. And what was the other thing? What was the other thread that went on and on and on and on something

C Chris Harrison 1:23:48

someone was talking about? Since John Kerry didn't supposedly didn't deserve his metals, then you know, everybody's Yeah.

J Jewel Gray 1:23:57

First of all, liars. Liars. And they're

♂ 1:24:03

answered by our hometowns. Mr. Perry Yeah. So next time we'll see Perry Holmes pit on

J Jewel Gray 1:24:08

the certainly look elsewhere. For your real estate needs. Yes. And I imagine that's not the only thing he's got his hands and if you look deep enough, what is

R Rainbo de Clown 1:24:19

what is going on with the governor? The governor, I thought Oh, dear, you know, the, because you've had a little scandal. Yeah. Oh, I gotta turn that Sure.

J Jewel Gray 1:24:33

Got scuffed on a couple, three, four days and good. John, and it was gone. Yeah, no, you know, McGreevy, here isn't McGreevy, greedy, greedy. McGreevy.

C Chris Harrison 1:24:48

Gianna greedy is how the Republicans refer. Why am I greedy?

1:24:53

So imaginative

J

Jewel Gray 1:24:55

in the music, but you know, I'm a little I'm a little I'm not a is moved by this as some people have talked to you about this about him, you know, bucking up and being brave, blah, blah, blah. You know, I think that he was only brave because somebody was threatening to blackmail him for \$45 million. Yeah. And I'm a little disappointed that it took that to make, you know, him deal with the issues and you know, be, well, I don't I don't want to say I like outing people. But when you get to that position, and you know, you're playing this game, the straight game to look like an electric bull figure. I'm a little disappointed that frankly, I didn't think it took a lot of courage, a lot of cooties to do this. But he's

C

Chris Harrison 1:25:39

had a lot of controversy in his in his tenure, there's a lot of talk about kickbacks and bribes and other malfeasance. And then all of a sudden, here's this former Israeli military person who is hand selected by McGreevy to be the head of state Homeland Security Golan Soto who supposedly was a poet. And they couldn't, he couldn't be qualified for it, because they couldn't run a background check on him because he's Israeli. So he couldn't get that. So they put him into a lower position. And they found he's not really qualified for that. So the governor tries to find him a physician in the private sector. And, I mean, it goes on from there. And then, you know, all of a sudden, he's fought the guys as filing a sexual harassment lawsuit against the governor. And that's when he came out with that part, and you know,

1:26:33

the thing is, is Homeland Security directory, as a non citizen, he was not privy to some of the intelligence that would help, right? They're not gonna give out information to somebody who's not a citizen. So it was scary to begin with. Thing is now he's claiming, oh, I'm straight. You know, he was sexually harassing me. And you never, I've never had a homosexual relationship.

J

Jewel Gray 1:26:59

He had anything to do with the military. He was a poet. I

C

Chris Harrison 1:27:02

thought, at one point. Not

Jewel Gray 1:27:04

J JEWEL GRAY 1:27:04

that that's they're mutually exclusive. But most of it was that he didn't have any military background. That was part of the fuss about him being put Homeland Security. Okay,

C

Chris Harrison 1:27:14

now I know where that's coming from. In Israel, all all citizens, both male and female are required to do two years of military service. That's what they that's why they brought it up at the beginning. Israel has mandatory military service, you know, because they're, they're constantly misstated with gay or straight. Yeah. And it's, it's open to, to sexuality, you know, they'll they'll take anybody to fight in it. And I think that's why because I remember that the very beginning they made a comment that he was former Israeli military. But if you're in Israel, and you're 18, you're military. Nonetheless, it's

J

Jewel Gray 1:27:46

just like voting here. Something Well, it's not voting now, because that's not something you have to do. Well, if you'd like to draft you'd have to register. Yeah, it's

C

Chris Harrison 1:27:53

Selective Service. Extreme. Right.

o

1:27:56

So talking about the gravy is, was just I hate to say it in truth, you gotta admit that some Democrats are sleazy. Some gay people are sleazy. He certainly seems to fall into both categories. Of course, the whole truth isn't out there yet. But the way things look, now, he looks like a sleazebag. I don't care about his orientation, or political affiliation. Maybe

C

Chris Harrison 1:28:18

it's you know, what one thing you have to say, is this, okay? He got he had a lot of trouble for corruption and bad business dealings, you know, gets caught in a sexual innuendo. And he stood up and said, I did it. I'm gay. I screwed up. You know, I think at least he took a took a page out of what happened to Clinton, and said, You know, I'm going to admit it, I'm not gonna sit here and go, Oh, no, I didn't do that sort of thing. Well, he at least stood up after the fact. And if you if you're not going to stand up at the beginning, at least to stand up at the end when you're when you're caught, you know, sort of like if you'd been skipping out

o

1:28:55

from the National Guard, but I

J

Jewel Gray 1:28:57

don't think there was any at least anywhere I you know, this was gonna hit the the next was that he at least got to us before the rest of something else did. Well, this was gonna happen. He wasn't a choice. He is at all and he's able

C

Chris Harrison 1:29:11

to get out on his terms that he you know, right, the way he's working it right. You know, there's gonna be a Democrat in there and it's not gonna go to a special election. Right. all right we're gonna go a little something smooth there I started that off with Mark Weigel what I liked about you and then we went into Mabel Don Davis from the CD peel me a grape and that was ain't misbehaving

Jewel Gray 1:38:14

name on change what about you I'm sorry my maple Don Davis that's a name on change how about you?

Chris Harrison 1:38:21

You know I can go for it by So taking a look at the picture I would pretty much assume she's chosen the song the hurt that title her name I mean

Jewel Gray 1:38:32

Oh you think so? Yeah a couple of X's probably Mabel and on

Chris Harrison 1:38:39

well just just looking at the picture I'm gonna make an assumption. Possibly transgendered looks like it so you know that's definitely a name that she selected on her own. But a lot of cover songs on here but uh, you know ain't misbehaving. Which I guess sadly is to it. Too often our sales show it. And now it's time to talk about impregnating lesbians. Oh is the Enron affair.

Jewel Gray 1:39:05

The Enron affair? Really? I you know, I didn't look at that, because I had not seen that. But it's actually about a movie that's been made that Spike Lee made. I think it is have a timeline. Yep, looks like it's a Spike Lee movie. And somehow Enron is involved. I wonder how spike got that going? Let's see, I'm looking. I'm looking you know, I have been woefully remiss. And keeping up with game has been news in the last couple of weeks. Schools just about to be in and you know, if you're a parent you have certain responsibilities and one of those is to go down to Walmart. And you know, shop Walmart for you. Oh, I have to go down to Walmart and roll around the aisles with 1000 other people trying to school you know, buy school supplies. In the piles great heaps of piles of school plus supplies had been pulled off. shelf and dumped on the

floor. And you have to scramble around and, you know, go through this. And it's a it's a yearly ritual, you know, and it, you know, I go down and I jump in, you know, and I found around for a few minutes and I say To hell with this can't go to school without supplies.

1:40:19

mixture between mosh pit and mud wrestling

J Jewel Gray 1:40:21

with school supplies, glue sticks and portfolio, you know, there's,

C Chris Harrison 1:40:27

there's 99 and dollar stores that have all that stuff for cheaper. But you know, you're lucky, I think my niece is about ready to start her third week of school on Monday, I'm lucky and the way their school works is, you know, you have the option of where the PTO sells you the school supply package. And so you buy that and what they do is it's sitting on her desk, it was sitting on her desk day one.

J Jewel Gray 1:40:52

Yeah, I've seen those, you know, that they're like five times more expensive if you buy those than they aren't me by the mean, but you don't have to go to the mall. Yeah, but some of those are like \$45 I got to I got Tiffany's supplies for like 12. So you didn't have to swim around in some, you know, really? You know,

C Chris Harrison 1:41:12

you didn't you didn't mind the mosh pit with the soccer moms don't deny it. You know, the

J Jewel Gray 1:41:16

problem was I kind of thought about that. The problem was soccer moms were on the outside letting their children do it. That's why it was so what do you send their kids in, you know, these special suits, armored suits to go in and get these

R Rainbo de Clown 1:41:28

kind of supplies to

J Jewel Gray 1:41:30

buy you know, you have to buy number 20 number two pencils of glue stick, red pen. And certainly so many of this kind of research. So many of that kind of research. A certain type of box a

R Rainbo de Clown 1:41:44

tissue. Yes, you can buy tissue, what do you need to buy? 20 of them 20 last year of the year

C Chris Harrison 1:41:49

for the year. It's

o 1:41:50

funny to supply

J Jewel Gray 1:41:53

20 Number two LED pencils, yes, in a pack and 20 Tissues a year. Three boxes, three boxes, three boxes of tissues and all kinds of stuff in the store. They want a two inch notebook binder, you know and I told Tiffany she said there's one of those I said I have four or five of those in the closet you will do with one of those.

R Rainbo de Clown 1:42:14

One of those Can't you just

J Jewel Gray 1:42:19

well, you will do you'll fix it, won't you? She's mine. Mother

C Chris Harrison 1:42:28

will give me some KPFT bumper stickers you can ever put all over.

J Jewel Gray 1:42:30

Oh, that's a great idea. Actually. I gave her one she put it on her backpack was

R Rainbo de Clown 1:42:35

to save money on number two pencils. You could go like to the gay thing they have like, was at the Expo. They got pencils all over the place. Just pick up pick up power and

C Chris Harrison 1:42:47

power. Yeah, in our Yeah, unfortunately I was

R Rainbo de Clown 1:42:51

in power. You know, those pins are sorry.

J Jewel Gray 1:42:56

The erasers I don't see her when she gets off to school every single morning. One day, I was sitting there and she came in from school. And she had on a white t shirt and I looked at this t shirt now oh my god. Um it was a t shirt. It was a white t shirt from gay pride parade a couple years ago when she worked with me. And it was it said, you know, gay pride had this couple of you know, long gated, like Papers figures on it and blue in a blue design on a white t shirt. And it wasn't that that bothered me. It was on the back she got away with that at school. Yes. And because it's just a little place on the back. Like it would be if it were on the front on your pocket. Only they put it on the back and they put the big design for the gay pride parade or the Gay Pride month on the front of the shirt. And on the back. This is that was to help that yeah, it was for the people in most schools who weren't at school. So we had a little discussion that tell you about the time I was sitting around smoking a cigarette in my at my computer and she came into my room and she said we saw a film today. I said you did she said yeah. And you do drugs. I said she pointed out my cigarettes she said you do drugs I said Who else did you say this to?

C Chris Harrison 1:44:19

Hopefully she hasn't spoken to the dare officer. Yeah.

J Jewel Gray 1:44:23

Because you know they have this policy now at the schools where you know, they don't you know, they don't wait they don't examine this child to see what exactly this child is saying. They just go for broke. thinking oh my god, she said this in school to somebody I'm gonna get you know, somebody calling me

C Chris Harrison 1:44:39

her lesbian mother dresses her up in a shirt that promotes lip

J

Jewel Gray 1:44:48

balm, teacher, and I explained to him I said, Look, I know how funny people can be at school. She said you're right. You should it's a good thing you call but she hadn't said anything. The film was last thing she did that. He got on buses.

R

Rainbo de Clown 1:45:02

T shirt. Do you have an extra t shirt? fitted me? Yeah, I do like

J

Jewel Gray 1:45:06

to wear actually I do

R

Rainbo de Clown 1:45:09

I wear T shirts to work all the time.

C

Chris Harrison 1:45:11

Actually I do bring what do you want to sit here and define about drugs? Okay, there's there's six people in this room right now. And four of us are doing drugs.

o

1:45:20

like Coca Cola. Oh, cool. Yeah.

C

Chris Harrison 1:45:22

We've got four cat we got four people here drinking caffeinated beverages. I don't

R

Rainbo de Clown 1:45:25

do drugs anymore. I just think about it I get high so well it's dangerous

J

Jewel Gray 1:45:29

to give her a little information without giving her the background, you know, making distinctions between these drugs. You know, drugs are bad drugs are evil. Yes, that's right. That's That's it to her. Those were drugs. That was like,

R Rainbo de Clown 1:45:43

oh my god, Coca Cola and cigarette.

J Jewel Gray 1:45:46

I explained that to her exploit. No, I didn't have a coke. That was just serious. You point down on my cigarette? You do drugs? Oh my gosh. Drugs. Oh, no, it was too too funny just sent me right over the edge. I'm telling sometimes I had to leave

R Rainbo de Clown 1:46:02

the retail kids say the darndest things. Linkletter said you

J Jewel Gray 1:46:07

know, Tiffany is a foster child and she's mentally tardy. She's 18 should be 18 in December. And one day her case manager was over. Fortunately for me, so was the lady who I contract with who is the ultimate power in the system. And she was sitting there too. And Tiffany was explaining to the her new case manager who she just met that morning, and a new case manager on top of that, who she just met that morning about you know, things in our life and, and the Case Manager Well, Timmy said somebody did something wrong case manager says I guess you had consequence you said you have to slap me because I've never hit that title ever kit that child and I think you know, the other lady who's sitting there who's known her since she was nine years old, to back me up, so to speak, because he was a new case manager with new people and suddenly the child and that's a major thing, you know, because, you know, children save somebody slapped them, you know, a case manager job is to report it immediately, no matter what her you know, take on it is and in the consequences of that is they would be out to remove Tiffany from a house for 30 day investigation. Just on that those words. So, you know, when I'm, I'm always like, terrified to say, because she'll say anything. And after a moment of questioning Tiffany, you know, she, she'll give it back to you that we do occasionally, you know, trade Pat's back and forth in a in a playful way. When we're out and about, she'll punch at me and I'll punch at her, you know, that kind of where you shove each other? You'll slap me. She calls us Oh, my God. No, no, no. So you know, that was the first day of the new case manager when we tell you ladies looking at me every time now. But it's an interesting thing. And shopping for school keeps me busy the first couple of weeks before school, and I'm counting down the seconds. Let me tell you about them the summers coming down. You know, that last week. He's like, I know every second and I feel every second till the alarm goes off at 530 in the morning and typically gets up and goes to school that first day. You know, people to ask me what's your favorite day the first day of school? My favorite day?

R Rainbo de Clown 1:48:16

So take advantage of that no tax day.

J

Jewel Gray 1:48:19

No, I did not as matter of fact that was one weekend and I did her shopping the Thursday before that. That's the last thing I want to do is on top all that is be out with you know what it's for me and people out there shopping for the child weekend.

R

Rainbo de Clown 1:48:32

I understand you could buy the stuff like days before and put it on layaway and this pay for it.

J

Jewel Gray 1:48:38

There's that's a good thing

C

Chris Harrison 1:48:40

of that. But still you have a lot of people out there and things were things were going fast. My my sister in law did that for her with her daughter. And she said that the malls were a zoo. You know, it was like Christmas Thanksgiving day after Thanksgiving sort of thing. Don't I

♂

1:48:55

think this really shows how different gay people are from straight people. We sit around and talk about buying school supplies for kids. You know, how decadent lifestyle really does. I

J

Jewel Gray 1:49:06

tell people you know, don't use me as an example of what a gay lifestyle is. I'm getting boring. I'm not down at numbers and we can do the proper thing.

R

Rainbo de Clown 1:49:16

Oh those were the days but stereotype was no at all. I was

J

Jewel Gray 1:49:25

thinking that this evening as I was looking around my house I thought, you know, people have this image of gay people is like put you know, kind of prissy and you know, I have

R

Rainbo de Clown 1:49:35

Rainbo de Clown 1:49:00

already received it apart like that, you know, that would be my typical image of a gay person.

Jewel Gray 1:49:40

Naked and

Rainbo de Clown 1:49:43

page two of the voice if you want if you're lucky. You

Chris Harrison 1:49:46

didn't hold the microphone enough for people to see. You know, I

Jewel Gray 1:49:49

was thinking I have absolutely no taste. None. I mean, you know, your house offered to decorate for me. You know, one of my girlfriends comes over she says I got make you some curtains. Been living in three years got no curtains? Really she's like, I gotta make you some curtains I said go for it girlfriend you know I told her the other day said don't bother we're moving in October so don't bother. But

1:50:11

my straight friends give me grooming tips. So

Jewel Gray 1:50:15

no we're not you know we're not that's that

Rainbo de Clown 1:50:17

I'm not I'm not a great housekeeper either. And you know a lot of people think gay people are like, they have the best looking house. They have wake up and then the last the you know, the table within the glass. Sculpture. Lalique I don't know what crystal Yeah, crystals and all this. Shoot, I don't have crystal. I mean, I have voices all over. That's what makes my house look good. voicey triangles and mine is

1:50:54

Texas triangle if you're back here,

R Rainbo de Clown 1:50:57

back there. The

J Jewel Gray 1:50:59

books on my bookshelf

R Rainbo de Clown 1:51:00

I got Gabe.

J Jewel Gray 1:51:03

Jimmy in there. We ain't got any books from the people who send us books anymore. Do we? really like that part of this job? Jimmy

C Chris Harrison 1:51:09

can hear it. He can't hear what you're saying. He's not paying attention that people are sending books. They're not doing it anymore.

o 1:51:14

Oh, are

o 1:51:15

you kidding? No. When we send Oh, sending books here for

J Jewel Gray 1:51:20

us to read review, they give us the book because, you know, I got some really killer books that may remember that female masturbation book. I gotta tell you, that was a chick magnet for years. That was a great book.

C Chris Harrison 1:51:33

She sits here and gives a thumbs up.

1:51:37

We don't we, when we're free. We can review them. But we don't have a way of getting that back to the publisher. So they don't know that we're actually reviewing. They've dropped it. We don't

J Jewel Gray 1:51:48

send the tape back to you. No, no. Oh, well. Anyway, I really enjoyed that part. Yeah. So that's how you can tell my house is gay house because I've got 1000s of gay books. Not nearly as many as Jimmy has, you know, Jimmy's wall wall ceiling floor books. Oh, all of them. All of them?

C Chris Harrison 1:52:06

Well, I think the close I think the closest I have is this in a way you can say it's a sculptural icon of there's like three about about 250 Lobo stickers from the end of the of the videotapes that you know when the light hits this bookcase that you see it all it's because this lovely little rainbow effect from buying all the \$5 used videos there from over the years now I

J Jewel Gray 1:52:32

do have a four foot by five foot rainbow flag stamp stuck to my bedroom wall. And a couple of you know nudie nudie but you know already kind of nudie pictures of women in tastefully undressed films things that door closes when anybody comes over so I

R Rainbo de Clown 1:52:47

get a rainbow flag inside the house after fades on the outside. You know if you've lived for so long. I just have and I have a hanging and it also I got a bunch of bit Midler posters all over my wall and Tinky Winky.

1:53:01

Thank you and welcome mat made all braided condoms.

J Jewel Gray 1:53:10

dead giveaway.

C Chris Harrison 1:53:12

We're talking about fresh ones.

∅ 1:53:15

I believe in recycling

c Chris Harrison 1:53:23

Dean, where are you?

J Jewel Gray 1:53:28

haven't talked to him in a long time. Lot of things going on.

R Rainbo de Clown 1:53:32

How was the poppy population?

J Jewel Gray 1:53:34

That was the poppy what?

R Rainbo de Clown 1:53:35

How's it Poppy growing? Yeah,

J Jewel Gray 1:53:36

Poppy, growing these up, you know, did you hear Poppy, Poppy growing

R Rainbo de Clown 1:53:43

up in places were winning the game war or something like that? Yeah. And Nancy Reagan's was the drug war.

J Jewel Gray 1:53:52

Well, you know, they want that money from Poppy, you know, an opium sales that there. They want that, you know, and as long as they're growing, that they're not shooting anybody so that you know, it's a good trade off. Only thing is that we're paying for it there. You know, to help

them grow it. We literally are. I mean, we gave in the first six months of George Bush's administration, we gave them \$43 million to Taliban over there who were running the country. Where do you think that money went? If

C

Chris Harrison 1:54:19

the Taliban were holding back production, once the Taliban was deposed? You know, that's, that's what increased the poppy population. The Taliban was so

J

Jewel Gray 1:54:30

strict related monies floating around over there. Now. You can bet it went back into the poppy somewhere a long time. But yeah, it missed the first six months of his administration. He gave them \$46 million. And certainly they use some part of that money to fight back at us. So

R

Rainbo de Clown 1:54:46

what is the stock market on poppies over there? is probably better than Google. Probably are. At \$9.

J

Jewel Gray 1:54:56

That wasn't too bad.
