copies over there was probably better than Google. Or at \$9
-  Jewel Gray 00:08
That wasn't too bad. I can afford that stock.
-  Chris Harrison 00:11
Well, guess what asking you shall receive.
-  Jewel Gray 00:15
Oh, Dean's here.
-  Chris Harrison 00:16
No or Poppy delivery gonna hit me on that one. Let's see. We gotta go push the magic buttons.
-  00:30
I have to ask the junkies downstairs about that to tell you about this woman who moved in downstairs? Okay,
-  Chris Harrison 00:36

we got Dean Becker on the line, Dean. Yeah, we

J Jewel Gray 00:39

hear you Dean. How's it going?

D Dean Becker 00:42

Got to go to delivery had a couple of comments I wanted to add to that discussion. They say that 7 million Afghans now make their living farming opium and also poppies that had doubled since last year the production and it's expected to double again next year. It is of course the number one you know cash crop cash crop in the nation. There was Glenn Greenway does a report for me on a cultural baggage show called it Papa gate. And he he's in his report he's sending this week. Remember part of it like close with some representative of the US government some military official indicates that the US government will not get involved in interdiction of the poppy crop this year. Will not want

J Jewel Gray 01:37

it they did last year. It was only one of those look good efforts here get

D Dean Becker 01:40

a big fire and take pictures. Yeah. Yeah. But anyway, there's the things are just confusing the hell out of me. Me to do. I mean, we have some progress being made here in the US now. In the in the state of California. There are legal farms. Yeah. And then there's some that are still illegal. Right. I want to talk a little bit about that. But first, I want to point out Mark Emery, they call him the prince of pot up there in Canada, runs the pop TV, cannabis culture magazine. Well, he got sent to prison for three months in Canada for passing a joint. And and that just seems so bizarre coming out of Canada after what's been going on up there. Yeah. But they wanted to set an example of him because

J Jewel Gray 02:24

he's well known. That's why they put Tommy Chong in jail. Exactly, same

D Dean Becker 02:27

scenario. And it's meant to scare the bejesus out of the rest of us. Right. You know, but, you know, I don't know, I don't know what's to become a that's just one of those really bizarre ones. There's another situation here in California about 10 days ago now, a gentleman named Brian Fs got out of prison federal prison for marijuana cultivation. He was sentenced to 10 years he had been in for two. And they let him out based on a Ninth Circuit Court ruling, and an

interpretation of the Interstate Commerce Clause, et cetera. Angel rates versus Ashcraft. Anyhow, he's out he's back with his family. And, you know, looks good that on appeal, he'll probably get a much reduced sentence time served.

J Jewel Gray 03:13

Serve. Yeah, yeah. They'll want to scrape it under the rug. Right.

D Dean Becker 03:17

Right. And then we have, you know, there are cities around the nation that are making their own initiatives. Detroit just passed a medical marijuana bill. I was really surprised about Detroit. Yes, yes. And Seattle has one, they're trying to move it to the bottom of the law enforcement list. And I hear that the normal group here in Houston, is trying to ask our city council to submit a request to the legislature to ask them to look at the studies that have already been done on medical marijuana, and to make provisions for the sick and dying to have it use it for them. I think that's what we should do is work with the local government because we can see them every day if we need to. And then one last thing I wanted to talk about is this had many papers across the nation. Its author is Jai Ling Yang out of the Los Angeles Times, and it says, teens whose friends have sex are at risk. And they go on to say that those teens who spend more than 25 hours a week with a loved right, you know, boyfriend, girlfriend, whatever, that they're more inclined to drink, to have sex and to do drugs. And I think Well, duh, you

J Jewel Gray 04:37

think it does? You

D Dean Becker 04:38

got adventurous kids that are just being adventurous right? And then you've got some that aren't but to draw some magic box around this scenario, and they say we got to go after drugs more or something that I'm sure what would be their ultimate goal out of this.

J Jewel Gray 04:56

Are you first a study that just came out of who I think it was? is a Holland, which one, the one that says that? You know, for a long time a lot of people in Northern Europe were trying to connect marijuana with schizophrenia. And recently a bunch of doctors and scientists, I think 50 of them from the region came up and decided that that you were no more likely to you know, become schizophrenic because you use marijuana, but that there was a slight increase if you were predisposed to schizophrenia in the first place. Right? So that was a you know, because recently they've closed a lot of the coffee shops in in Holland and trying to cut down there what's been you know, kind of a free, free for all for the last couple of years as far as

marijuana goes, they've actually closed some of the end up putting on harsher restrictions on the coffee shops there now, because of this study, some years ago, they said that they linked marijuana in schizophrenia. Right

D Dean Becker 06:00

and but again, that's just like what just happened in Canada the resting of Mark Emery, you know, these rabid wolves thrash out once in a while I don't know what else to say.

J Jewel Gray 06:13

We make it look like they're earning their keep. Yeah, yeah. That they're

D Dean Becker 06:17

they'll still get them votes to their right wing, fundamentalist friends. I wanted to brief you real quick on I got a Hitachi has given me the two hour time slot Tuesday morning 10 to noon, and I'm trying to put together one hell of a show. Can I give you I'll give you a quick read here. Okay. Judge James P. Gray. He's running for Senate in California judge Eleanor shock and now retired living in Florida. Professor David Duncan Dr. Tom O'Connell. Dr. Robert melamine prison warden Richard Watkins, Canadian barrister Eugene acapella Dallas sheet rock scandal attorney of Cynthia Cynthia Barbera and Noel Davis of Texas for medical marijuana. Bruce Merkin of the Marijuana Policy Project Brian episode man we're just talking about released from prison. We have a quote from Marc Emery. We'll hear from Glenn Greenwald with a poppy report and Gary Bledsoe head of the Texas NAACP.

J Jewel Gray 07:05

Great sounds not quite a lineup.

D Dean Becker 07:07

I hope to get all those interviews done this weekend we'll see and and in cultural baggage Tuesday night, we'll have Dr. Claudia Jensen professor at USC, a pediatrician who sometimes recommends medical marijuana to school kids with ADHD. And then wow, what a concept and then that night, I'll be on the access channel and see 17 at seven o'clock. Altogether a busy day.

J Jewel Gray 07:33

Great. Yeah, you really working hard do you might have to give up your day job. You keep working this hard. This is my data. I know. This is your life. It damn right. Yes, that's right. Well, we appreciate it, Dean and we really love when you call down here and talk to us about this stuff. Well,

Jewel Gray 19:54

it was very talented young man that's gonna go a long way.

Chris Harrison 19:57

Then the more I found out about them Movie. The first part was when they premiered it at Sundance, CNN interviewed him about this because it started as an Off Broadway play. And then he decided to make it into a movie. And it's a pretty boy. Oh, yeah. Follow that up with queen for a day by temptress drag punk.

Jewel Gray 20:20

Well, I thought we were in during the break. I saw Steven out there. So we're gonna close down here. Yeah.

20:25

Yeah, so I was gonna just fit in with a conversation that this is the last week for the DNR bus exhibit at the Museum of Fine Arts if you are a fan, so drag queens. You may have heard of dn ARBUS photographer, who was known for being one of the first outsider photographers who took pictures of people that the rest of society just did not want to see. She would go to the sideshows and take pictures of the tattooed lady and also very ordinary people where there was something extraordinary about them, among whom were drag queens. It's a wonderful exhibition and Houston is very lucky to have it. Her family is very protective of her work. She died in 1971. And the scene very seldom, if you get a chance go to the Museum of Fine Arts. When is this and where is it? It's a photography exhibit by Dr. Abbas is at the Museum of Fine Arts. And if you are on a budget Thursday is free. And as well we're saying it's a real eye opener.

Rainbo de Clown 21:23

Even with the days of Queen Queen for your day

Jewel Gray 21:25

on TV, yeah, yes, I certainly do all those wash machines I gave one story

 Chris Harrison 21:38

 Jewel Gray 22:02
Okay, that's it for us then goodnight.

Just not following the rules? I wish I did have some high gossip for you but I don't. Good morning, everybody. And yes, hi, I'm back in town again. This is even Jerome and you're listening to Black on Black, where we deal with black issues that for the same gender loving black community. And

27:26

You're good to

you're good to

 Chris Harrison 27:30

see what happens leaving a clean pure life enables you to do is it's the breath control the oh that's what

 27:37

it complements on now to try to catch my breath from you saying I want to actually say that three times. Well, good evening, everybody. I'm glad to be back in town on this side of the bayou in the Bayou City again. Glad to see everybody's been holding down the fort for me. Thanks Dion. Wherever you had tonight.

 Chris Harrison 27:55

hearing back from the bay yo to the bio sound

 27:59

like Oh it does it switched the other way around. Oh, it is yeah. And Jimmy, thanks for being here. I know you've been standing in for me, Chris. Thanks. So tonight is exceptional. My guess is not here with me. So you my listening audience you're going to be my guest tonight. I originally scheduled topic tonight was talking about single parenting especially with all the kids going back to school. So Monday morning when you get up remember it is school zone time again, slow down to 20 miles let the kid get across the street so he can grow up to be a grown young man for

 Chris Harrison 28:36

somebody and that's only for the people who live here in the city. Oh, yeah. My niece is getting ready to start her third week of school out in the boonies.

 28:45

That's like what first test I already did. Okay. Well, I think the kids here in Houston are starting back Monday. So hit those books because they will carry you a long ways on total single parents. Hang in there. Now you get some vacation time away from them for half of the summer. But to kind of like celebrate going back to school, we're going to play some old school jams this evening. And I'm going to put this disclaimer in here right now. The music that we're playing this evening is by black artists, some old schools and jams like I said, we are not implying their lifestyle, their addictions. Oh excetera stuff that they might be doing on you. This is just some good old music for you to listen to tonight. And we're going to start off with some by Nagi something kind of mellow and easy. See if you can recognize this too.

31:23

Case You Didn't recognize that that was Oh Stevie Wonder cut and Nigeria did. Isn't it magic, real mellow peace for you this morning. Now being a single parent brings up a lot because you're playing both roles of Mother Father, you actually also playing the good guy and the bad guy sometime being the friend. And being a single parent brings about a lot of responsibility that we don't always foresee, such as trying to hold on to jobs. Make sure that that kid is not being a latchkey kid who comes home to lock the door and he goes, fix his supper and go to bed. Now, being a single, gay parent, a single lesbian parent, brings even more issues as we have to deal with legal political issues, especially with environment of our political environment is right now. But being a parent, transcends lifestyles, religious beliefs, ethnic beliefs, being a parent is about loving a child and wanting to give them the best that you can give them. A lot of times, we want to try to give them what we have not had, which is good. But there are some things that we have grown up that we need to pass on to our church such as principles, that principle of respecting everybody, respecting your elders, respecting a person irregardless of right or wrong, whether they're right or wrong, but respecting them regardless. Also, we need to pass on to our kids about the difference of making a wise decision making decisions that they will live with for the rest of their life. Being able, as the fun of the familiar drug commercial says being able to say no, but not only to no to drugs, but no to bad peer pressure, bad peer influence, being able to say no to unsafe sex, being able to say no to sex when they're not even ready for it. Or being able to say no, when somebody's trying to lead them astray. So these are things as a parent, we must press to our kids, especially with things that are going on with nowadays in the school. There's so much on the internet and on television, even on radio that our children are they become aware of that. The thought is we have to be kind of like marshals to decide what our kids should listen to and what our kids shouldn't listen to. And really, as long as they're under your roof, you do have that ultimate choice as a parent to say, what they listened to and what they don't listen to. How are we going to talk more about kids and a few? I think I might be the only single grandparent in the house tonight.

Chris Harrison 34:38

Well, it's probably I don't think anyone else got

34:43

on the thing, only single one. But you know, dealing with kids, our kids are the same as when we were kids. They pull the same tricks that we pull. We pull the same tricks that our parents but we just didn't get quite beat as bad for it. And nowadays kids don't get beat at all. They'll call CPS on you real quick. Yeah,

Chris Harrison 35:04

well, I mean, I've, I've got a niece and a nephew now. He's about to turn six, and my nephews four months old. So it's, it's an interesting thing, seeing, you know, dealing with children that way and, you know, being it's fun. Yeah, being the uncle that I can, you know, I can walk away from the situation. You know, and there are some times when, you know, I could sit there and

go, you know, I can see where some parents get upset because my nephew's got a nervous tummy. And, you know, he starts feeding and he gets done. And I've had gone home with many a soak shirt that He has prepared with a suit on. But you know, it's, you know, with with children, i Oh, my net, my net. Nice is strange. She's excited about school. Last year, when she went to kindergarten, she was just, she was pumped, she's now she's starting first grade. And, you know, it's having fun still? No, yeah.

36:08

She'll be working for cheerleading next.

Chris Harrison 36:11

She had talked at some point about being truly to hurt her mom's trying to push her towards Girl Scouts. Okay. And, you know, just doing that sort of thing. And it's, it was interesting watching her, because, you know, she's so excited with the school stuff. And she was so wanting a little brother. And but that that sibling rivalry, you know, it took less than an hour for sibling rivalry to occur. Yeah, she, it, she just hit it so quickly. And my brother, were brothers, and I were looking at her going, Oh, this is going to be fun. And

36:44

you know, that's the nice thing about kids, being a single parent in the single grandparents, kids, they keep you young, they bring you back to your childhood, you get to see some simple things in life, you know, you learn us laugh is simple stuff in life, they kind of take your mind off adult problems, even though being a single parent, I will admit, yeah, when you're a single parent, you have just committed your next 80 years, you know, to focusing on the well being of somebody else. And

Chris Harrison 37:18

I mean, in our community, you know, it's not just the natural children, it's, you know, people who have taken on children right, to who wouldn't be would be in the system. Yeah, you know, and I think a lot of people when they think of the GLBT community don't really think of kids but we have a lot of kids out here.

37:35

Now, I want to give my applause to all those single parents right now who are doing a magnificent job, which are kids yeah, I was raised by single parent for a while and so I know the pressures that on a single parent, I was a single parent of trying to make ends meet, trying to make sure there's food on the table at the same time trying to find some quality time to spend with a child before it's time for them to go to bed in time for you to go to bed also,

 Chris Harrison 38:05

it's not like you can tag out and let the other one do something while you're doing it. You've got to you've got double the not just double the role, you know, when you're saying of, you know, having to be mother and father that you were talking about physically having to do what normally two people would be doing right would be sharing in the responsibilities

 38:24

and I don't know if I have any guests that here tonight on a radio show who are who's listening who are single parents, but maybe you might want to call us a radio call us up yeah, let us know how you have dealt with. I remember when my daughter was young when she would come speak stay with me during the summertime. I would take all my movies all my magazines like pack them all up at a bar technically straighten up the house. Yeah. Call by friends. Oh, like tell him Look, no party and for the next two weeks. Change the screensaver

 Chris Harrison 38:54
pay for

 38:58

actually turned the computer completely off, you know? Well,

 Chris Harrison 39:01

let's let people know if you want to call in if you're a single parent out there in the GLBT community and want to chime in and putting throw your two cents in the hat, phone number call 7135265738713 Jam KPFT and sharing with your story.

 39:20

Tell us about your experience of being a single parent, you know, how did you maybe introduce your kids to say your first lover or you love your current lover? How did they accept that? My daughter in my case, because I was out the closet when my daughter was born. She's always been around me having other male partners so she kind of just accepted that this was the norm you know,

 Chris Harrison 39:46

it's hard to believe there was ever a straight Steven.

 39:49

Chris Harrison 46:57

I think the same was my niece's birthday. This is a good day. Yeah, it's pretty bad. I don't remember. But unfortunately, I had it marked on my calendar at work. But you know, since I don't have a work anymore, I don't have a calendar. So do

47:11

like I do I put it into my calendar on the computer. So I get reminded.

 Chris Harrison 47:17

Well, that's what I had at work there. But unfortunately, you know, you lose that kind of thing. They don't give you time to grab that information there before you head out. So you got that phone number there. Of course,

 47:27

Preferably with a job who would like to take on the responsibility of adopting a kid and there's a lot of kids out here who needs homes. So if you would, I would tell you give resurrection a call and check out these seminars and this series, the series of seminars, it'd be very, very helpful. Anything

 Chris Harrison 48:23

Tuesday nights at what time? 7pm 7pm. And it's going to be go ongoing until when? December

 48:29

the 14th. Okay, yeah. Well, you

 48:32

can pick up a kid in town for Christmas. Yeah. It would be nice. Thanks, Steve, for calling in.

 48:39

Thank you all for being there. Y'all take care of what's out with will listen on the other on the radio now.

 Chris Harrison 48:47

Thanks. Bye, bye. So haven't heard from Stephen the wall?

48:52

I know. Glad to hear from you. So if you want to get out there and adopt the kid, go for it. Yeah.

Chris Harrison 48:58

I mean, you know, the laws and all that are kind of difficult in some of these areas that I'm not sure if in Texas, the law specifically against you, but the policy is, right. But you know, in other places, it's it's been against us some places it's changed. You know, they can't use the fact that it's against the law anymore. But it's one of the things to take up a challenge that you know, there are plenty of kids out there who

49:24

give me love. They mean a hot meal, a roof over their

Chris Harrison 49:29

heads, and we're talking about, you know, TV, and you know, the only ones the ones that get adopted most let's I mean, not to sound bad, but you know, it's the cute little white babies. There are baby there are children of color that aren't getting adopted. There are children that may have handicap or disabilities who aren't getting adopted. So

49:47

the older a child gets, the harder it is for him to get adopted. You know, most people want to adopt a brand spanking new baby, you know, before he's went through that first six today, we're for Pampers, but that's not always the case, we have some kids out here, who we love and 12 Thank you can ride through Montrose right here in the neighborhood sometime, you know, at night and you will see kids 1415 years old, they're not out there necessarily, because they want to be out there on the streets all the time, that's the only place they do have. So they do need a home. And,

Chris Harrison 50:18

and also, you know, there are also going to be some kids there in the system that, you know, are half the amount that are the older ones that, you know, are gay, and you know,

50:27

tend to give a kid who's coming out of the closet, give him a really good be a mentor for him, you know, deal for him for him, you know.

 Chris Harrison 50:42

I mean, it's the correct word, you know, the fact is, you know, show, show him what the community is, and show him that, you know, he's not bad, you know, because, you know, it's bad enough that you're there in a situation where either they were taken from their family or their family has been taken from them in some situation, or they've been thrown out just the end, you know, to know that they've got some value. You know, my parents or my mom might have my parents didn't even want me. And, you know, what am I going to contribute to society? Well, just to know, you know, if your parents do you out, because you're gay, and now you're in this in, you, were one of the lucky ones that got into the system. It's just, it's a shame to say that, you know, you're lucky that you got into the system like that. But you may have a roof on your head, but in my mind, also, I

 51:27

think about like, we my nieces and nephews, they all have grown up in a very open, gay environment in a very accepting environment. And with growing up, if you can take a kid because the kid only knows love, you know, they have to learn hatred and prejudice and all this. But taking this kid maybe off the streets or out of the orphanage or out of a foster home, adopting them. raising a kid being a parent, and showing them that, hey, it is okay to be gay, you know, is respectful, respectful to be gay, you know, not all gays are out there screaming at the top of their lungs trying to hit high C with, you know,

 Chris Harrison 52:07

so I'm waiting for that with my niece. You know, I've been told that once before she made the comment of well, I know uncle Matt's got a girlfriend. How come Uncle Chris doesn't have one? I've been told that she asked that question once. But they they kind of worked around it. Yeah. You know, I didn't realize that she knew I did stuff that was with cube patrol. She was asking me some questions that, you know, it used to be I'd be over the house, you'd see me on a Saturday night and I had to leave at like eight o'clock to go do patrol. And they explained to her, in general terms what I did. And she noticed now that I'm leaving later, because no one's showing no one else is coming out for patrol. So if I'm over there, I can stay later. And so she asked me this week. And what happened was that other thing you do, and I couldn't tell if she was if she I didn't understand she was talking about Q patrol. There was a time that was in a relationship that I was over there all weekend long. And she got kind of alienated from me. And so I thought she was asking, you know, am I seeing someone going out with friends and doing other things? And her mom told me that she was asking about the cute patrol, which is so weird, that she doesn't know. I think they may have told her that it's cute patrol but didn't told her general turns. You know, they go out drive and make sure people aren't doing bad things.

 53:22

Well, you know, it's like, I remember one of my nephews when I was young when he was young. I guess I was young too. He basically knew all of his uncle's. their girlfriends, like my brother's girlfriend was at via Zante. And he with my uncles, he knew their girlfriends were his auntie. So, when it came with having my lover he always he could never figure out who was the

uncle and who was the auntie. So he ended up calling me Auntie man. For the longest. He knew I was a man, but he couldn't figure out if I was the auntie or the uncle. So he was like, okay, that's my two uncles.

 Chris Harrison 54:04

Yeah, and that's one of the things that's gonna be interesting with me going going growing up this you know, I've got six your six year old niece and like said, a nephew, who right now doesn't understand anything except, you know, has a bottle. But you know, there's that bond already that I have with him that I had with my niece that when she was born, that everyone thinks is this cutest little picture this little. I'm not a petite person. I'm a big person. And having this little he's a bear. I'm not a bear. I'm not furry and I like twink

 54:45

Okay, he's not a brown bear. Okay. I

 Chris Harrison 54:48

have I have these fights all times in the big medical executive. You're a bear, I said, but I'd like twink and would you prefer to be a CLR bear If I stick a label on myself, I usually just say, you know, I'm with the classification of Oh, super chub. Okay. That's how I, you know, when I'm in a chat room and I'm, if you when I, when I, when I'm advertising myself, it goes down.

 55:16

super chill. And for those who don't know, we talked about he's still a bear.

 Chris Harrison 55:22

Actually I sat down and figured out the bear code for me on it, there's a whole lot of negatives. I

 55:29

figured it out for me. When it comes to money I'm bear comes the food I'm wardrobe. I'm still bearish on that one. But now, you know, getting back to kids. I think especially in the black community, and I will not even say in the black community anymore, because I think we most single parents, they find themselves working two jobs, you know, and how do you balance working anywhere from 12 to 16 hours a day, and then you still trying to find that quality time to give that kid you know, those little things sometimes like reading a book to them at night, just tucking them into bed, that means a lot to that's where to get that sense of security that kids have to grow up with, with our lifestyles nowadays being so hectic, we, a lot of kids get lost, they lose out when it comes to dishing out time, you know, and it's really because we don't have the time.

Chris Harrison 56:29

And with relationships and all that, you know, kids start getting in, and especially if, if it's a thing where the sing if we're not talking about, you know, just single parents child's born into a single parent house, but you know, we're relationship separate and all that. You know, there's, I've got some friends that, you know, these kids have gone through a marriage split up, and now they're going through their father's relationship split up and a new person. And the issues that that come from that. Yeah. Personally, I mean, my family, it's always it's been strange, you know, there hasn't been a lot of divorce hasn't been a lot of thing in my family. And I've got an uncle who's going through a lot of stuff right now. He's got two kids. And, and one of them is developmentally challenged, who was you know, was doing quite well. But you know, when this separation game that now it's single parent, for a little bit here for a while here, he's supposedly he's really gone darker, he's really digressed back to more of his problems that he had. And a piece of advice I would give any single parent who's going through a divorce or separation.

57:43

Or any type of problems, if that kid sees those problems going, kids have this knack of blaming ourselves for it. So single parents little advice, talk to your kids, whatever you do, and reassure them that they are not the cause of the problem.

Chris Harrison 57:59

And you know, if even if, you know, money's getting tired, okay, yeah, lithium, no split, you gotta you gotta splurge a little bit on him to let him know that, you know, it's not their fault, you know, things aren't going well. But the fact is, you know, the kids, the one is important, you know, adults, you know, we're resilient we can do with this we can do without credit cards. But you know, that's the main thing is when we're talking about kids, you have to, you have to be the lecture.

58:29

Yeah. Let the kid know that they are number one, you know, your lover understand that they're number two, you know, and they'll deal with it. But let that kid always know that they are number one.

Chris Harrison 58:42

And if you want to join in the conversation, you know, if you're a single parent, if you think we're just sitting here full of Bs, and you want to challenge us on it, call us. 7135265738713 Jam KPFT. Yeah, let us know your opinion. Because we're I mean, we're talking about something that normally, you know, five years ago, a lot of parents, a lot of gay parents are in the closet. Single parents, you know, that doesn't want to talk the straight people do we yeah, we don't

have kids in this in this community. But we do but there's a lot of people who you know, they've dabbled in heterosexuality and it may have taken them one time, it may have taken them several years, it could have taken them 16 years or 20 years to figure out hey, I'm not straight.

 59:27

I'm what was just like having kids. Yeah.

 Chris Harrison 59:30

There's the bisexual community. You know,

 59:33

so if you're a parent, give us a call. I mean, if if our conversation is putting the baby to sleep, maybe sneak into the other room and give us a call. Say thanks for putting the baby to sleep.

 Chris Harrison 59:45

I said, we're not afraid of anyone say we'd love. We would love to have someone call up and tell us something. Sometimes, I'll be honest with you, even on pledge drives, or sometimes I sit here and go Is there anyone listening to us? Could I sit here and say the seven dirty words and no one's gonna no one would report us because there's no one out there listening, Barbara's listening. Well, I'm someone who's not affiliated with someone on the show.

 1:00:13

Barbara Bush is Liz L. Barbara Bush.

 Chris Harrison 1:00:16

She's, she's, she's at home washing her pearls. She's

 1:00:20

still listening. She has already on real low. That's why she keeps up with current events, I found. Actually, I think

 Chris Harrison 1:00:29

her pearls probably have a microphone Shut up, she

1:00:32

pulls into her ear, we got to figure it out to everybody. But now it's honestly really sad parents, we do want to say, keep in there and hang in there. And it's not always easy either. I mean, kids are growing up much faster. They're learning so much faster. You know, they're learning. They're being taught things in school now. And the third grade that I think they finally decided to teach me two years after I got out of high school.

Chris Harrison 1:00:58

I mean, it was kids progressing physically and mentally earlier. And

1:01:05

and the thing about with kids is, is it's a gift. I mean, a child is a gift to you enjoyed a gift, because 80 years sounds like a long time, but it passed real fast. And when it passed, most of us either too old, too tired or too broke to start over and raise enough or what? Yeah. And I mean, even the economics of it. Now I was reading I think, to raise a child now from birth through four years of college alone is running right at \$100,000. You know,

Chris Harrison 1:01:36

I mean, it's insane. Some of the stuff they're just helping price out formula. Like go looking at it at Sam's there to figure find a better price on

1:01:49

which is cheaper to go buy the whole cow nowadays, you know, put the cow in the backyard, just go out there and milk it in the morning. You don't give a child real

Chris Harrison 1:01:55

milk because that's the soy based proteins.

1:02:01

Okay, I don't know. So you have been around a child crying at three o'clock in the morning when you tried to sleep from that hangover from the day before. Real Milk works.

Chris Harrison 1:02:11

With my nephew it's an extra spoon of rice cereal on his bottle. Good cue

with my nephew, it's an extra scoop of rice cereal on his bottle. Good eat.

 1:02:17

Well, we're gonna go back to some nije real quick and let your mail out and some more music here. Oh good along another tone that you see if you can recognize his tone and give us a call and tell us what it is. You're listening to after hours.

 Chris Harrison 1:09:07

gotta sit up straight, someone not be so casual right word. I know. I was lounged out there was I think I'm not on cam not we haven't said what the music Well, we've been saying we've been playing Nagi but that's the first one we played was if it's magic. All right, and then we played and there was one little piece of paper seven

 1:09:30

loves in need of love. And that was that's the way of the world. Yeah, that's the way the world was by Ramsey Lewis during early 70s Follow those for No, oh homeschool. What. I've never seen you wear glasses before. Just got to see

 Chris Harrison 1:09:52

it's been getting to a point lately where I'm having trouble seeing so I have to wear my glasses more. I mean, these are the same pair I had when you were a roommate. I never saw You wear them the mix goes there. Well, unfortunately I chose these. I chose these for style. And you know 70s So follow

 1:10:11

those who have a webcam out there, turn it and turn your webcam on so you can see Chris glare so we don't have a webcam in here. You weren't supposed to that part. Just turn the webcam on. Okay, well, they have to activate ours.

 Chris Harrison 1:10:26

I'd be afraid sometimes if we've showed people what was really going on in here. The people who when we're talking about nude radio, and they don't believe us.

 1:10:35

Tonight, we do have clothes on. Yeah.

 Chris Harrison 1:10:37
Last GG segment.

 1:10:39
But back with.

 Chris Harrison 1:10:41
Let's go from talking about nude radio to children again. Wow.

 1:10:44
Okay. That was a jump.

 Chris Harrison 1:10:47
As Yes. If the FCC isn't ready to get us Yeah, no.

 1:10:52
But before I get rid, take out of here. Just little advice, give that kid a hug. Maybe goes, if you're still awake in their sleep, go stick your head in there and just look at him and think about how fortunate you are that the Almighty has placed into your care and your custodianship, this young kid who you can mow you can basically train. You can actually educate them so that they can possibly make a difference in this world.

 Chris Harrison 1:11:33
And instill in them the love and compassion that you wish upon yourself, right? You know, it has nothing else to do that you want to put into the basic terms. Remember, that child that you raise up, someday is going to decide what home you go into, or when the plug needs to be pulled?

 1:11:54
That's about the best way to in the show.

 Chris Harrison 1:11:57
.....

Yeah, but the fact that you know, when you sit there and, you know, in my family, my father's favorite song is a cat's in the cradle. Okay, and you know, that talks about, you know, the absent father, who, once he gets older, you know, suddenly realizes that, you know, what he he's reaping what he sows, you know, thy son's not coming around. Well, you know, Dad, you didn't make time for me when I was a kid. Why do you expect me to make time for things have me make time for you as an adult. And that's the thing is you need to instill in your child, in anyone you come across. You need to instill in them the love and compassion and respect that you wish upon yourself.

1:12:44

also remembered is your children. Is your parents getting back at you?

Chris Harrison 1:12:51

Yeah, there's that there's that vengeance.

1:12:54

That's your parents ultimate revenge on you. Is you having children? So remember how you were as a kid? And make sure you take kid I'll be the same way.

Chris Harrison 1:13:04

I think my dad said go through Well, what in the hell did I do so wrong.

1:13:09

But there is a bright light. There's a bright light at the end of the tunnel. And that is one day you'd be a grandparent. And you can spoil the child rotten. Yes. And bring them out. And when they start acting up, it's time for you to go back to your house. And like this show, like we say is when we closing all the time. All chocolate tastes good, especially to kids. They love chocolate. And it makes them hyper. That's

Chris Harrison 1:13:35

what grandparents are for. Yes, give the kid sugar and candy and get them all wired up and then send them back home word. Alright.

1:13:42

So until next month, and I hopefully Dion will be here with me. We are both we might get either. We might have another single we might have a home now we might have a color.

Chris Harrison 1:13:54

I don't know where we started a little bit of time. Okay, well,

1:14:00

we picked that extra song to play. Yeah, that's gonna let them listen to some more music

Chris Harrison 1:14:05

while we hit. Let's see how long was that? Well, actually, I never reset that one. Why don't we just let's find out what that was on there. And we'll come back. We'll we'll play a little more Brian McKnight. And then we'll come back and close up and give a final thought or two and we'll be back

1:15:27

asked him all the words should we take a chance

1:15:52

way that it will be taken

1:16:03

the wrong way

1:16:29

do you feel the same take

1:16:52

will be taken

1:17:06

away?

1:19:02

And that was Brian McKnight with last dance so, looking at the clock if you haven't had that met last dance by now

Chris Harrison 1:19:10

you ain't getting it always on one as the

1:19:15

other one I try to be serious. Okay, you got that with you?

Chris Harrison 1:19:21

Well as we wrap up the scene, you seem to forget what my role is here. You know? That's the sarcastic sarcastic smartass. Yeah. Turn off that part of the brain that says No, don't say

1:19:32

that. But as we wrap up this segment, Dion, I'll be looking for you next But Jimmy is running around somewhere.

Chris Harrison 1:19:40

He's out sucking on a fag.

1:19:43

I hope he's cute. Oh, English back. Okay. Yeah.

Chris Harrison 1:19:48

It's a running Marlboro. It's a running joke around here.

1:19:52

But into my great co host a nice Chris, thanks. You didn't want to come up Even though he's not a single parent, but he is I just really want to go uncle. Yes. So for Chabot young twinks out there remember he is a single uncle.

 Chris Harrison 1:20:11

I tried the relationship thing and Shriners Hospital has been able to cure the burns yet so I'm not looking to start to jump back in and one right now. Okay, I'll

 1:20:22

bring Tina Turner for you next month dedicated Tina Turner just for you, Robert. But give that kid a hug. If it's not your kid give somebody else's kid a hook. You inspire your nephews, your nieces, your sons, good daughter to be the most they can be teach them to love each and everybody. And as I close and always says, of all the types of chocolate out there, all of them are sweet. And until next month, I love you. So we're gonna close out with Nachi playing Till we meet again and

 Chris Harrison 1:20:59

we'll be back with the roundtable Right, we're back that was Nagi finishing up, black on black, there's your CV back.  1:29:47

Value

Jimmy Carper 1:30:16

Ooh, let's get this party started. Little bit of pink little bit of pink there. And that's on a compilation that I got from a guy named Ross, who DJs over at E Jays over 2517 Ralph Street. And he's always got a bunch of these little compilations that he'll sell tickets. fancy little tune dancy old tunes. And that was very popular tune few months ago in the gay clubs. Of course, you know why I'm coming out? That's right. Very, very gay. Even though the artist isn't, looks are deceiving, she's not. Yeah, well, Oh, well.

Chris Harrison 1:31:02

We can't have them all. We can try. But we can't have them all.

Jimmy Carper 1:31:07

I want to start out tonight, by mentioning something, I got a phone call from a friend of mine. And I wrote everything down that he said, Of course, I left the paper at home. But it seems as though as of right now. We have about 1.1 million jobs in this country, less than we had four years ago, when President Bush took office. And I really mean took

Chris Harrison 1:31:40

I guess I'll

Jimmy Carper 1:31:42

blame him is gonna be He, my friend said it's gonna be the only second time this happened in the history of this country.

Chris Harrison 1:31:54

And fortunately, it's down things. I've been the situation where I'm out unemployed at this moment. And

1:32:00

you're part of that 1.1 million. Well, I can't

Chris Harrison 1:32:03

Chris Harrison 1:32:09

blame him. But you know, the fact that it's been two months I could possibly. But the fact is, you know, I dug my own grave that I got they got me into the situation, but the fact that I'll own up to it, but you know, there's not there's jobs out there. That's right. And for someone who gets gets thrown out for some other reason, you know, there's nothing to dive into. And there's radio gig isn't Am I no,

Jimmy Carper 1:32:31

 Chris Harrison 1:34:01
start the round off here.

 1:34:03
Zane, Travis,

 1:34:05
Jan. Jackie, Matt. Big roar. Eric Spencer Max who was before Max Benson Hey Vincent. Hey.

 Chris Harrison 1:34:18
He's in the back daddy Hi my my my my Yeah, yeah, I think you're wrong age they're saying is
Daddy

 1:34:30
Daddy is knows no age. You just

 Chris Harrison 1:34:36
You just missed the show. I saw

 Matt 1:34:40
the look on Chris's face.

 Chris Harrison 1:34:43
I thought the gay rodeo was in town. Okay, let's start with her MBB letters. I know we got a we
got a double shot from Smiley. Apparently. The mail was late coming in the one week so we got
him there. So

 1:34:55
we got Smiley. Well, I

 Chris Harrison 1:34:57
got I got one. Okay. because

 1:35:00
that from this is from smiling, okay, it's finally violent. And I'm only going to read part of this, this is probably the more important part. And it says, Hello, everyone, guess what I and the rest of us retreated to a good old fashioned beating, handcuffs, white racist law, nothing was left out. For our benefit. Some 20 year old or older, black men being escorted out of anyone's particular line of sight, was physically assaulted by Sergeant sharp and escort officers. The little ruckus was carried into view where offenders on one row are able to witness the 1401 five black man in restraints being visibly beaten upon his head and body, allowing them to yell for assistance and stop the attack.

 Chris Harrison 1:36:00
The now go down to the bottom part, because this is the interesting the interesting part on that the comment he makes on his that, you know, all this goes on, and it's accepted. And, you know, we're talking about the fact of what smiley has gone through here for his, the the trumped up charge that he's been part of disciplinary action for, that he's suffering from.

 1:36:23
So it says, it has been the fourth one this week, where I've witnessed officers doing doing such things. And remember, they say I sexually assaulted a female officer. Yeah.

 Chris Harrison 1:36:39
So you know, this, unfortunately, the thing is this, you know, the male, the male get served somewhat, and you know, with Smiley's reputation and all that I'm pretty sure it gets a gets an extra check. And, you know, just showing you this go out to a radio station. So, they know, I mean, like I said was Smiley's going through here within this past couple of weeks have, for listeners who haven't heard their smile is one of our regular MBBS, who found a month or so ago, was accused by a female guard of bringing himself to arousal, and she told him to stop and he refused. And so she filed a complaint against him, unfortunately, at the time that he was supposedly in the shower that he committed this act. She wasn't even on duty. So, you know, a kind of a trumped up charge, and he's kind of hoping that the wheels of justice will grind and make clear the situation of former law our best wishes go out to him for that, but

 1:37:42
really, because

R Roy McCarthy 1:37:44

sometimes these things that goes on inside those prisons are just absolutely hideous. And evidently, you know, just I think what they're the reason why they're doing that in front of in front of us smiling and the other prisoners is to scare the other prisoners. You know, a lot of times they feel they have this mentality that if you show them we will show them who's boss. As if these people who are locked up behind bars don't already realize who's boss. You know, it's just really a nightmare and

 1:38:23

it is what else do we have?

R Roy McCarthy 1:38:27

Well, I got I got one here from my David Goble. Like I have a Christmas, Christmas birthday God, a birthday card from David Goble. It's my birthday coming Monday. Hey, and

J Jimmy Carper 1:38:46

so how did that how did that how did he even though it was your birthday?

R Roy McCarthy 1:38:51

I have no idea. I think this guy here has an amazing memory because like Bobby and I were talking about this and I think we may have mentioned it last year and this person David has an excellent memory. We're gonna and he wrote a very nice, no,

C Chris Harrison 1:39:10

you're braggart enough you probably you probably accidentally let it slip a half a dozen times during the during the Hispanic segment last summary

R Roy McCarthy 1:39:19

other things slip you know sometimes I'm wondering how I managed to make it any without slipping down and putting my head wide open sometimes. You know, we're trying to contract that one out. Anyway.

 1:39:30

I love that card.

R

Roy McCarthy 1:39:32

I go to any center certainly up I get one on my birthday. And he sent me to kind of funny so one called a train ride. Yeah, and another one called Go horses a chicken but the train ride says a train carrot and a train carriage there was Bill Clinton, George Bush, Janet Reno and Bo Derek. After several minutes as a trip to print the train passes through a dark tunnel and The unmistakable sound of a slap is heard. When they leave the tunnel Clint has a big red slap mark on his cheek. Bo Derek thought that sleazeball Clinton wanted to touch me and by mistake he must have put his hand on Janet Reno, who in turn must have slapped his face. Janet Reno thought that dirty Bill Clinton laid his hand on Bo Derek, and he smacked him. Bill Clinton thought George Bush, George Bush, put his hand on Bo Derek, and by mistake he slapped me. George Bush was saying, I hear this another tunnel soon so I can smack boot Clinton again. Then on the horse in the chicken, it says, a horse in a chicken or playing in a meadow, the horse falls into a mud hole in his thinking, he calls the chicken to get to the farmer to help him out to safety to chicken runs to the farm, but the farmer can't be found. So he drives a farmer's Mercedes back to the mud hole, and ties some rope to the bumper, and he throws the other end of the rope to his friend and he drives the car forward, saving the horse from sinking. A few days later, the chicken and horse are playing in the meadow again and the chicken falls into the mud hole. The chicken yells to the horse to go get some help from the farmer. The horse says, I think I can stand over the hole. So he stretches over the width of the hole and says, grab from my thing and pull yourself up. And the chicken did and pulls himself to safety. The moral of the story. If you are hung like a horse, you don't need a Mercedes to pick up a chick. That's terrible.

1:41:52

That's just wrong.

1:41:53

I know.

1:41:54

Two wrong.

1:41:55

I got one. We apologize. I got one. Larry. I got one. Yes, Jimmy. When is your birthday? January 13.

1:42:04

That's my nephew's birthday.

1:42:05

Oh, right before you Okay,

Roy McCarthy 1:42:07

and so David, I want to thank you for this wonderful birthday card.

Chris Harrison 1:42:12

He's already liked all the color off of the paper.

Jimmy Carper 1:42:17

No, I'm a I'm a Capricorn. We're either virgins or horse. And I'm certainly not a virgin. I am.

Roy McCarthy 1:42:26

Well, like I said about my virginity. I have not lost my virginity. I know exactly who I left it with and where I loved

1:42:34

it. I see. And I enjoyed

Jimmy Carper 1:42:36

the hell out of it. Yes. Well, David also wanted to hear a song by make Christian which I don't have with me this week, but I'll bring it for next week for those who weren't here, and I would enjoy any kind of picture that he would like to send to me. And I have I have some already and they're there with me. They're there at home. Nobody. They are not bringing them up here. There

Chris Harrison 1:43:02

is one of their music requests. That was by one of our MBBS I know she haven't pulled that out yet. Which one? Somebody requested Jeff Stryker,

1:43:11

I pulled it out

R Roy McCarthy 1:43:14
of your bag. We're talking about the CD.

J Jimmy Carper 1:43:18
Oh, it's somewhere around. Now it's behind you actually.

C Chris Harrison 1:43:24
Jeff Stryker is behind me. Yes. And I

J Jimmy Carper 1:43:27
really when David gets out, he gets to Houston so that he can be on the show. Because I would love to I would love to interact with him.

R Roy McCarthy 1:43:37
And David, I will get that thing about Stonewall out to you. Yeah, this week. I guess he bitched about that. Yes, even on my letter, and I do deserve the big slapping on that.

 1:43:49
Yes, you do. Boy, there be a lot of slapping.

R Roy McCarthy 1:43:53
I know.

J Jimmy Carper 1:43:57
And Stacy's in here this week because he wants some advice on piercing and tats. Oh,

C Chris Harrison 1:44:03
he certainly did. I glanced down at that letter. And I saw a couple of places where he was talking about getting pierced. Yeah, great. I couldn't figure I didn't see the piercing part. I looked down and I go

 1:44:16
Yeah. Oh,

 Chris Harrison 1:44:16
can I can I say that? I think I can say the word. Say the word. Yeah. When I look down here. I just happen to look down and I see. Not sack Yeah, I saw nut sack and tits. And I'm going whoa, what's this letter about? To take a second look.

 Jimmy Carper 1:44:36
Yeah. And he also mentioned that he tried to to tattoo his penis. And he said, Oh, no, no, no, no, no, no, no, that really hurts. And I can imagine that is way

 1:44:53
way too painful.

 Roy McCarthy 1:44:54
Exactly. I wonder if Prince Albert, what he would do if he found out what piercing has been named after?

 Jimmy Carper 1:45:04
Well, supposedly it was named after him because he had one. Supposedly, I don't know. Yesterday I thought

 Chris Harrison 1:45:12
the rumor was that his wife and put it into him to have gotten it done to him so she could control him, wasn't it?

 Jimmy Carper 1:45:18
No, it wasn't. No, it was to

 Chris Harrison 1:45:25

what it couldn't have been to enhance her pleasure because it had to do with his foreskin and keeping it back. So you put nine nails in it he had a lot. Okay, next letter. Max. Next letter next, come on. I know we got a whole stack of them in there.

1:45:51

No one brought any more in.

1:45:53

Well, the nerve.

1:45:56

We had another one from Smiley.

Chris Harrison 1:45:58

We had two letters from Smiley.

Jimmy Carper 1:46:02

We had Chad What about the guy who wants a pen pal from the big men's club?

Chris Harrison 1:46:07

Yeah, forgot his name. dimensioned there sounds like he's a new listener and I'll you know I'm going to steal that letter from Jimmy and for that on to the members of the big men's club and let them know that you know someone out there who wants to

Jimmy Carper 1:46:26

finally gets get a real pen pal go and

Chris Harrison 1:46:28

but I'm definitely going to pass it along to some of our to our members. And okay, who if you have if haven't been read by anyone just give them here? Because I've at least read them. Okay, if you guys didn't read them, then that's why y'all didn't get them early. Because I was writing. Good. This is the one. Yeah, Kenneth. Hurry, all right.

1:46:49

I can just start with this furry thing.

Chris Harrison 1:46:54

Yeah. KENNETH Boyd was something called sending in a letter saying he's trying to find a pen pal with you some big men's club. And like I said, definitely we're going to for that on to the guys if I woulda known about this would have dropped off of our social here tonight. And that but uh, we'll definitely hit that and you know worst case there. I'll pass it around the the bigger group that will be running out to visit you that's the papers are from smilies letter. He sent an article on that Amish in the city. He's trying to figure out which one the gay. Which one is gay? Yeah. One of the

1:47:35

Oh, because there's 123 there is one. Yeah. out of 11 One's got to be well

Chris Harrison 1:47:40

actually there is. There's well actually he's claimed he's what he was claiming kind of Metro sexual bisexuality. He's so flaming up and went off. went off the air for a little bit from scorch marks.

Roy McCarthy 1:47:59

Are you saying he's so flaming his whole furnace? He saying

Chris Harrison 1:48:05

yeah, the one he's picking they're all want for somebody to tell him. He marked him as cute. Hey Mark of the boys on here, you know he marked the gay one is cute. The the one who's who the gay guy is going hitting on who he thinks is bisexual is not bad. And kind of like his tastes or he chose the 19 year old Amish boy as sexy. But obviously he doesn't see Randy in here without a shirt because let's face it, none

Jimmy Carper 1:48:35

of these people are ugly.

Chris Harrison 1:48:38

Wow it's all a matter of taste

wow, it's all a matter of taste.

J Jimmy Carper 1:48:43
I haven't seen the show has anyone seen it? And

R Roy McCarthy 1:48:51
it's you know without his shirt is really hot. And I think the one that was chopping the wood in that first,

C Chris Harrison 1:48:57
Randy Randy.

R Roy McCarthy 1:48:59
I think he'd family. What What show is this Amish Amish in the city?

 1:49:04
I don't watch TV. And

R Roy McCarthy 1:49:06
the whole premise of the show is that before you can make your final commitment, because the Amish community you have,

 1:49:12
yeah, you have to go out and be part of the sinful for a while. Yeah, right. Okay. Yeah, gotcha.

R Roy McCarthy 1:49:18
Yeah,

 1:49:19
they're making a TV show.

C Chris Harrison 1:49:25

Okay, what they did is they took five people who are going on their Rumspringa on what Rumspringa Rumspringa. That's the term. That's that's the that's the term. Okay, what this is, and basically there's no set time. It's you know, you go out you explore and you decide you want to make your final commitment to the Amish lifestyle. And so what they did is they got these people who are going to go who have gone to Los Angeles, and they moved in, you know, real world style with six city kids, six city kids, you know, there's a gay man, there's a black kid black female. like female. And so you know, we've got these Amish people who, you know, haven't had to deal with homosexuality and haven't had to deal with color with color. And it being thrown into a situation. And I started to watch the first episode. And when I felt the brain aneurysm forming, I decided I had to turn it off. Boston bar tender was just so obnoxious. I mean, I felt really bad for Jonas, who was the 18, or 19 year old Amish guy who said, you know, I can't believe someone could be this hateful. Because this guy was hateful at the first episode, and I just, I haven't been able to watch it sounds. So it's nice eye candy. But there's

i 1:50:40

actually I was I heard a thing about the, how do you say the word Roma stringer Rumspringa. And, actually, more kids are going back to the Amish lifestyle these days than were like, say, 20 years ago. And they accredit that to be to, you know, lifestyle in the city is much more fast, there's a lot more drugs and that sort of thing than they used to be. So kids are coming out, Amish kids are coming out here and seeing all this stuff. And realizing there's there are a lot safer in the Amish community. And

C Chris Harrison 1:51:10

but then you also find the interesting things of when they're on this realm of spending, the, you know, they get their horse and buggy and they put it in batteries, and they've got kicked up with the bass and all that other stuff. So you've got, you know, hip hop music coming out of a horse and buggy. Yeah. And you know, that's, I gotta go back. I need to go back to Amish country. And I guess I'm originally from just outside the Amish part there. Really? Yeah. You ever see the horse and buggy? Well, I used my family. And whenever we spend any time back home, we'll go back to visit the one Amish farmers market. And, you know, you go in there, you get your vegetables and they've got all sorts of stalls and that setup. So yeah, no, I'm I'm from Pennsylvania Dutch country

R Roy McCarthy 1:51:59

to paint the sides of their barns with those interesting back symbols.

C Chris Harrison 1:52:02

Yeah. Yeah, that's, that's part of the Pennsylvania Dutch is those are hex symbols to to ward off evil spirits, basically, is where that comes from. And also there, it's all some of the culture from from Germany, that's the Pennsylvania Dutch is actually German. Extraction. The Dutch is a

bastardization of Deutsch, which is German for Germany and German is when you say Germany in the German language, it's Deutschland Dortch. So they were they were the Deutsche Deutsch Deutschland, that took off line ago with the Deutsche and it got bastardized to Pennsylvania Dutch. is where that comes from. Oh, okay. Not that's the part of that. I was wondering

 Jimmy Carper 1:52:45

because that word that you use that room Spring Spring, that's obviously a German word.

 Chris Harrison 1:52:49

Yeah. It's all that part of coming from that culture and all that. I mean, in the Philly, Ohio, Pennsylvania, Ohio. In that event, a lot of the German and Slavic influences and that was part of what came over was the Germans who did the best part of the Amish community as though Pennsylvania Dutch like say that that's I'm from northwest to feel like so it's not that not that far of a jump out to the Amish country.

 1:53:16

No, no to go.

 Chris Harrison 1:53:18

No more you're now doing okay, next gen on the ladder. Matt, you can go ahead. I think it's our last letter and we're taking music break and

 Matt 1:53:28

another one from smiley

 1:53:30

face Smiley. How's it hanging?

 Matt 1:53:32

He says hello everybody. No beatings this week apparently racist. gets tired to

 Chris Harrison 1:53:41

gives his letter to so this is from the 18th Yeah. And

Matt 1:53:44

now on to gay news was wasn't much in the news or print rather. Arkansas still has that anti gay thing going on. And Christians are fighting for their life against us Nazi gays fabulous.

Chris Harrison 1:54:03

I still love the gay Nazi symbol. They put the swastika inside the pink triangle if you think I'm kidding, I

Jimmy Carper 1:54:13

know. I know. There are gay skinheads. I know.

Matt 1:54:15

Next month is gay dad astral world where for some unexplained reason several other rides will be out of order. Or maybe this year will be different. Either way. I will miss it. How about that Texas stand up Dallas cowgirls. 13 And nothing.

Chris Harrison 1:54:37

Unfortunately, smiley, you're you're playing this you're playing the straight roll in and you know, you can't sit there and talk about football and then claim you're gay. Why not? Well, I

Roy McCarthy 1:54:46

got to have all those tight ends and why?

1:54:49

All I can say about football. Yeah,

1:54:50

they actually have to put their hands on the quarterbacks nuts. I mean, if that's not gay, I don't know. I'm sorry.
