Listen in, boots are being polished. trumpeters clean their horns, chains and locks forged the crusade has begun. Once again flags of Christ are unfurled in the dawn and cries of soul saviors thing apocalyptic on airwaves. Citizens good citizens all parade into voting booths and in self righteous sanctity X away our right to life. I do not believe at some that the vote is an end. I fear even more. It is just a beginning. So I must make assessment look to you and ask Where will you be when they come? They will not come a mob rolling through the streets, but quickly and quietly move into our homes to remove the evil the queerness the faggotry from their midst, they will not come close. Dan Brown and swastikas are buried in chest heavy with gleaming crosses the time and need for such Rousses are over. They will come in business suits to buy your homes and bring bodies to fill your jobs. They will come and robes to rehabilitate and white coats to subjugate. And where will you be when they come? Where will we all be when they come and they will come? They will come because we are defined as opposite perverse, and we are perverse. Every time we watched a queer hassled in the streets and said nothing. It was an act of perversion. Every time we lied about the boyfriend or girlfriend a coffee break. It was an act of perversion. Every time we heard I don't mind gays. But why must they be blatant and said nothing. It was an act of perversion. Every time we let a lesbian mother lose her child and did not feel the court rooms. It was an act of perversion. Every time we let straights make out in our bars. While we couldn't touch because of the laws, it was an act of perversion. Every time we put on the proper clothes to go to the family wedding and left our lovers at home. It was an act of perversion. Every time we heard who I go to bed with it's my personal choice. It's personal, not political and said nothing. It was an act of subversion. Every time we let straight relatives bury our dead and push our lovers away. It was an acts of perversion, and they will come for the perverts. And it won't matter if you're homosexual, not a faggot, lesbian, not a dyke. Gay, not queer. It won't matter if you own your own business have a good job on SSI. It won't matter if you're black, Chicano, Native American, Asian or white. It won't matter if you're from New York or Los Angeles, Galveston or Sioux Falls, it won't matter if you're a bunch of them not into roles, monogamous, non monogamous. It won't matter if you're a Catholic, Baptist atheists, Jewish or MCC, they will come they will come to the cities and to the land, to your front rooms and in your closets. They will come from the perverts. And where will you be when they come?

 B

Bruce Reeves 03:38

Where will you be when they come? Pat Parker? That was a poem she wrote right after the defeat of the Briggs initiative in California many years ago. But it's still very true to all of us today. Where will you be when they come when they come knocking on that door? And they will come someday? There's very little doubt. I was. It's always interesting to go back and do old reading. And one of unfortunately, the topics I guess of big debate currently is whether people should be allowed to debate whether the Holocaust really happened or not. And of course, I think most of the people in our community are firm believers that yes, it did happen. And in and amongst the six plus million Jews that were put to death in Nazi Germany before, during and probably even to some degree after World War Two. There were also some 600,000 gay men who were

04:39

the play bent is based on a case that actually happened there.

 B

Bruce Reeves 04:45

And it's a it's it's something that we seriously have to think about because Germany the gay and lesbian movement in Germany, in the 1930s was more advanced than the gay and lesbian movement in America today. There were more people out, it was more widely accepted, which made it very easy, at the same time for them to come in and say, Okay, let's do this. But we have to, we have to remember that silence equals death. Big because we can't be silent, we can be silent no longer and the more vocal we are, and the more people we can educate as to what did happen 40 or 50 years ago, the less likely it will be to happen again.

05:34

And like Pat said, it's not okay to watch it happen either. That's true. And I think that's really important. It's not okay any longer for us to sit back silently and watch the progress arts of the world.

 B

Bruce Reeves 05:48

There were there's another poem that I'm sure most of you have heard and used to be tacked up on the wall in here, and I don't see it anymore now. But it was the one you know where they came for, for this group. And they came for that group. And I did nothing because I wasn't one of them. And when they finally came for me, there was no one left to speak up, because everybody else had already been taken. And, you know, it's it's important that we speak up anytime we see something bad. I know I've even people at work don't like me very much right now, because I don't like blonde jokes. I think there is bad as racist jokes, or sexist jokes, or AIDS jokes, or whatever. You know, and it's something that we all have to kind of keep in mind from time to time. But that's a very moving piece. And I like it. It's great. It is 315 in the

morning, you're listening to KPFT Kathleen just showed up so I guess that means blues for you is on one more week anyway, which is different from the news. I've been getting all day long, but they never tell me anything that's going on.

06:49

The Rumor has it that it's moved to Sunday mornings

B

Bruce Reeves 06:53

at what time? Nine to twelve. But but tonight for sure this morning, for sure. It's definitely on from four to six. So maybe you'll get blues for you twice today. I don't know. I'm sure Kathleen will fill everyone in on that at four o'clock. Today in 1988 by a seven one vote Jesse Helms hometown, Raleigh, North Carolina admitted its anti discrimination policy to include sexual orientation. So the shame they didn't vote in my office at the same time. That was Raleigh, Raleigh, North Carolina. Can you imagine? Let's see.

07:31

It's certainly a place I'd like to vacation.

07:35

Are you? Well, North Carolina is one of the scariest states I know. I've spent a lot of years

07:41

are you from there? Well, my

07:42

parents live there. Being a military brat there's no place that I can really say I'm from but my parents retired there. And I've watched both Jesse Helms and and Jim and Tammy. Most of my my most of my formative years, I got to see that kind of people talking about gay people. So you know, even even someone who is constantly told that it's not good, it's not healthy. It's not moral can turn out as healthy and wise as, as myself. I think I'm pretty I think coming from North Carolina, I've done pretty well, it's it's pretty hard. Let me tell you, I've talked to other people who, it's just hard to when you're brought up with that kind of mentality and attitude around you. So you're hard to shake, shake your own homophobia,

B

Bruce Reeves 08:37

were the only and you mentioned morality. And I think the only intelligent thing I've ever heard

George Bush say in office is that you can't legislate morality. He keeps trying to do it. But he keeps saying that it's not something you should be doing. I guess he wants the courts to make these decisions. I don't know. But you know, I think we all have to make our own minds as to what's moral and what's not. According to the gay book of days, which is copyrighted in 1982. It says that tomorrow is Sherlock Holmes his birthday and watch Sherlock Holmes wireless the most famous Harkness, Detective a figment of Arthur Conan Doyle's imagination, when today is also the birthday of the very real King Richard the second of England, which and of course, this is tomorrow, whom even this day dig Cyclopedia Britannica calls tall, handsome and effeminate. Why? Because Sherlock Holmes creator almost named Sharon furred is simply more interesting. And besides almost everyone who has read Shakespeare knows about Richard, whereas almost no one realizes that Sherlock Holmes was gay.

09:39

I did. I did.

09:42

Everything I know in high school, the teacher didn't say Oh, and by the way,

B

Bruce Reeves 09:46

that's right. Did Mr.

09:48

I think he was not only gay. I think he was a queen.

B

Bruce Reeves 09:51

Holmes, of course, was the world's first consulting detective of vocation. He followed for 23 years in January 1881. He was looking for some I want to share his new digs at 20 to 21. B Baker Street, and there being no pink pages in the advocate in those days, nor any personals in the New York Review of Books, a friend introduced him to Dr. John H. Watson. before agreeing to share the flat the two men immediately attracted to each other, listed their respective character deficiencies, Holmes admitting to smoking a smelly pipe. Although he didn't mention that it was frequently turned, turned on by cocaine, Watson owned up to a peculiar habit of leaving his bed at odd hours of the night. I have another set of vices he admitted, but then so did Sherlock. The two became friends and roommates for the rest of their lives. For the sort of details of the famous marriage of true minds that followed, read Rexdale to astonishing Watson was a woman in which the famous creator of Nero woof, himself, hardly a Bert butcher stud reveals that Watson and Holmes were the most extraordinary gay team in sleuthing history.

10:56

11 10:50

Interesting people that you grew up thinking were, you know, and being that they're fictional characters, you have to examine who the writer was to, to wonder about that. And Conan Doyle was known to scurry around in the night, yes. Seeking out young companions. So if, if he had two gay characters, I'm sure he knew a lot to base them on.

B Bruce Reeves 11:22

And on January the eighth, David Bowie was born in 1947. And January, the ninth Joan Baez, the purest soprano on the folk music circuit was born in 1941. I just read them as they write on here. That's that's several little the gay desk calendar for 1990. And the other reference that we use tonight was the gay desk calendar of 19, nav nine. Oh, he's pretty.

11 11:52

Oh.

B Bruce Reeves 11:55

So was was your New Year? Good one.

11 12:01

Yeah, I'd like to apologize for the predictions.

B Bruce Reeves 12:05

Yeah, well, I don't think the Oilers got to the Super Bowl, but I'm sure if they had, they'd have won it.

11 12:11

And I don't want to get into a real heavy oil, just talk. But I was disappointed. They've been promising. And

B Bruce Reeves 12:18

so does that mean, all the rest of your predictions are now I still think Sean McDonough

11 12:23

will get back together. I thought I would get back together. I heard her say. And I don't normally

watch this. It was really a freak on Entertainment Tonight the other day that the greatest love of her life was Sean. And she didn't need to say that in public. I think she's thinking about going back to it. Yeah, I don't think that Hussein will seek work in Cuba any longer. I think it'll be Argentina. My sources and move it around. But otherwise, I'll stick to my predictions. So

B

Bruce Reeves 13:01

how about some new music, Mr. Kevin? Oh, we got

13:05

well, how about some more Jimmy Somerville. Oh, good. It's brand new news from the singles collection. And it's called to love somebody. And I'm here. Okay. Yes, we're

13:21

all queer synchronized mic, headphone

B

Bruce Reeves 13:24

well, so that was Johnny, are you queer? Josie cotton, whoever that is how exciting. feared the shocking truth. But she had to know. That's a wonderful song. Yes. fits right into our show. And it's as

13:45

old as the hills really like most of our listeners. So.

B

Bruce Reeves 13:49

No, no, no, no, no. But we were talking while we were off while we were playing music and listening to music about the Democratic primary is probably going to be moved filing deadline has definitely been moved until January the 10th. I know John Bercow, who's a member of our community. We heard him a little earlier on to the interview with Mr. Carper. Mr. Hill, is the person in Harris County responsible for making sure that all the precinct polling places have democratic judges. It seems that Harris County has a surplus of new precinct, some seven or 800 of them. And John is looking for people desperately looking for people interested in working the elections in March or April whenever they actually happen, but also to file to be the precinct person for the Democratic Party in that precinct. So if that sounds like something you might be interested in, especially if you've got any prior experience, you might call the Democratic Party headquarters. I don't have the number with me. I will I won't even tell you what I think it is because It probably wouldn't be right. But

15:02

don't try to give out your phone number call the

B

Bruce Reeves 15:05

call information and ask for the Democratic Party headquarters. I'm sure they can give you that phone number. And speak to whoever answers the phone or asked to speak to John. He may be in depending since, what what else going on. But it would be wonderful if we could get a whole world full of gay and lesbian people out there is Democratic Party judges coming up in for the elections in March, but also to put your name on the ballot and say, hey, I want to do this for the next two years, because it's really a way to serve the community as a whole, not just again, lesbian community,

15:39

not that I want to help them. But Houston is also hosting next year, the convention for the Republicans. And if you want, if you want to information about any of these kinds of things, another place you can always use and I'm always an advocate for using your tax dollars is you can call the city operator at the city hall. And they'll give you any information about any politics going on in town, any any phone numbers, make references to places all you have to do is tell them what you're looking for.

B

Bruce Reeves 16:11

And no doubt as August gets closer, we'll have more and more information about the Republican convention. I know I have a friend when act up out in California, and he's already put in for his vacation time to come to Houston and protest for eight days. So act UPS definitely going to be very active in the Republican Convention, I'm sure coordination locally, we'll be doing something as well, we may see ACT UP Houston, once again as well. Because obviously the Republican platform is not one that generally fits in with our platform. Yeah, I was reading about Pat Buchanan again today. And what do you say this time I forgotten already? I know what it was in, in this. When he was a presidential aide for Richard Nixon, he made a comment. That was very racist to us, it had to do with lower class whites and lower class blacks not being mentally inferior to middle class whites or something. It was very job. It was very horrible. And, of course, he recently made his comment about putting the homeless in jail to solve that problem. And of course, that raises the question of the jails are full already. What's that going to accomplish? But

17:41

ordinarily, I'd say Pat Buchanan is an intelligent man, but when he paid his two or \$3, to run for president, then my opinion changed. I,

B

Bruce Reeves 17:52

Bruce Reeves 17:52

it could be interesting to see either do candidate Buchanan or Duke either one, get the Republican nomination because that might make it easier for some unknown in the Democratic Party to win. And we'll be interesting to see what happens in the primaries, a long shot a couple of months to see, you know, who's actually gonna be the nominees for both parties and, and follow the process. But, again, if you're interested in getting involved in that process, if you're a Democrat, call the Democratic Party headquarters and tell them you want to help, if you're a Republican, call the Republican Party headquarters and say, hey, I want to help because I'm sure both parties can use your help. And the more gay and lesbian people we can get involved in the either or both parties,

18:32

the better is an independent party. And he has in a couple of last elections, in the last decade, had a pretty fair showing. So if if you're interested in that don't win. We don't want to, like, say that there's only two parties. That's true. And there's the libertarian doesn't mean materion there are several parties. So I mean, that's joined the party, do something join the party of your choice, join the party of your choice, your charity hearty.

B

Bruce Reeves 18:55

It's 335 in the morning, and Kevin looks like he's got something wonderful. He wants to say. You're the host, Mary, come on.

19:10

Well, you know, I was reading something the other day and there's another party that you guys missed. It's it's some like new, radically environmentally cool thing to be a part of, and like, it's, it's in California, the Greenpeace party, or it's in California. And now this place is the meanest can I say, Oh, I don't know. It's twisted. It's very backwards. But it's in California. And you know, it's, it's wild. It's something else. And if I had some more information, I'd enlighten you. But

19:41

that sounds good to me. Let's let's find out about this party rolling.

B

Bruce Reeves 19:44

I think the first primaries are coming up February 18 in New Hampshire, so the balls gonna start rolling pretty soon. It'll be interesting to see what happens.

19:54

It's important to pay attention to what's going on around you socially as well as politically So you know pay attention to what you what you read and what you hear and form opinions that

you know, pay attention to what you read and what you hear and form opinions that are, you know, well, to your heart based on good information. Don't just let somebody lead you astray because they have great eyes and in great thighs. That's, I used to have roommates. That's how she voted. The eyes and thighs test. First we

B

Bruce Reeves 20:28

are in 1992. And one of the major events that's going to be happening in 1992. Besides presidential primaries and presidential elections in October, the quilt will be back in Washington. It's the second weekend in October, Friday, Saturday and Sunday. That's also Columbus Day weekend. But the quilt will be there Friday, Saturday and Sunday, not Saturday, Sunday and Monday, like I would have thought will you be there. Of course, I will be there. So I will be probably bringing you a report live or the after hours crew from Washington. Well, I

o

20:59

hope maybe I'll be there too. Because I've never seen the quilt the last time the quilt was here I was out of town.

B

Bruce Reeves 21:06

It will be a very emotional experience. The first time the quilt was in Washington at covered a very small portion, basically a block and a half, maybe just a block of the Washington Mall. So second, and third times it was in Washington and it covered the ellipse the first time it sort of covered it the third time it majorly covered it. This will be the first time in three years that all of the quilt will be displayed. And it is anticipated that the quilt will cover the entire mall from the Capitol to the Washington Monument, which is going to be a very, very heavy feeling experience. Yes, it's going to be a major experience. And I get chill bumps just thinking about it.

o

21:49

Yeah, it's gonna make a major event to somebody when they don't forget

B

Bruce Reeves 21:53

something you can you know, it's, you say, well, it costs a lot of money to go to Washington. Well, yeah, it does. But if you start now and try to, you know, figure out what it's going to cost you to get there and divided by eight and try to save that much money every month, then you can probably do it. Also coming up April 3 of 1993 will be the March on Washington. So that's another time when we need to plan on being in Washington in in vast numbers. And undoubtedly, there will also be some kind of civil disobedience is somewhere much like that at the Supreme Court four years ago. So absolutely. And both those experiences are very moving. Pride Week will be coming up in June, right. Freedom Day in Dallas in September. You're

o

22:39

just on a roll. And then we're back to Coming Out Day. Right.

Bruce Reeves 22:43

I mean that day. I really love it. Yeah, unless they move it this year.

22:49

Have you ever been to New York? Yes, I

Bruce Reeves 22:51

love New York really?

22:52

I went this Christmas for my first time and I went to the original gay lesbian bookshop and you know the really the old one it's really small and

23:04

ask her whelmed. Yeah, going back to your roots.

23:07

And it was fabulous. And I went to the Stonewall bar where the Stonewall riots and had a drink there and for almost Oregon. It's finally a bar again. It was a donut shop for was a bagel bagel shop at a bakery. It's finally a gay bar again.

Bruce Reeves 23:24

Wow. Wonderful. Yeah.

23:28

It was incredible though.

Bruce Reeves 23:30

I have to do theater in New York. I was we went up Thanksgiving last year and in high school

I love to do theater in New York. I was we went up Thanksgiving last year and in high seas Thanksgiving Day Parade. We did all the strange things. We went to theater, not 10 but we went to theater in Greenwich Village, shopping in Greenwich Village. We had a good time. Yeah, it's pretty wonderful. But yeah, there's lots of fun places in Houston to this several places in Houston about gay and lesbian books Inklings and Lobos come to mind you know, music shop you can also get some of the music secured by Lucci as garden right? So there's there's several places in town to to get music or books or what have you. Even the book stop on Alabama curious. She has a very large game lesbian reference section.

24:16

And if you're into dance tracks, or you're just a trendy bopper, there's the Record Rack on South Shepard, there's new beat on Yo, come and dance music on Westheimer

Bruce Reeves 24:28

lots of places, lots of places and lots of places on the curve to do some shopping.

24:33

Yeah. Shopping and Chris was just a big shop and all I can do is think oh god, thank you. Thank you. We got through this whole

Bruce Reeves 24:41

line of it's Well, I know why too. But yeah, I mean, there's a lot of people I've got a good friend that probably goes shopping 366 days a year and no doubt will this year. I love you guys, you know who you are. That's right. But Yes, yes. You know, why is he looking at me?

25:05

Because I like to look at you. Okay, well, I like to look fabulous.

Bruce Reeves 25:11

Why don't you come in here you talk for a while we haven't. You are listening to after hours here on KPFT 90.1 FM Houston.

25:22

You know, I'd like to say that I've listened to many tapes and many, many gay things on on the radio from one side of this country to another, but that interview that Jim Carper did earlier. That was really a good piece. It was local, it was done about relative things that go on in our

community. And you know, I listened to that. Tonight, really closely hearing some of the people that I know in the community and hearing some of the things they said it was really enlightening, even to me. So I really wanted to say that was a great tape, and I hope you'll play it again sometime.

26:01

It had a lot of good messages in it for everybody, I think.

Bruce Reeves 26:07

Lots of good stuff. And with this, there's a lot of interesting people in our community. We were our interviewees. Tonight, we're Kay Harper and Jeff Mackey from the gay and lesbian switchboard and they were here to talk a little bit about their training in 1992. Again, lesbian switchboard fun numbers, five to 930 to 11. And they're going to be doing five days of training, which is one training session, it takes five days, I think, case that it was 34 hours long. But it's a wonderful session, it's guaranteed to be a lot of fun and a learning experience. It's we'll start this Friday, January the 10th. And we'll run the 10th through the 12th. And then we'll run the following weekend on Saturday and Sunday, the 18th and 19th. And if that's something you'd be interested in, give them a call at five to 930 to 11. So generally, they're from four in the afternoon till midnight, seven days a week. Try anyway,

27:05

it'd be the best thing you've done in a long, long time.

27:08

I guarantee it. And if you want to do something really, really good for the community, you should go to the Montrose palace where coordination meets 1505 Nevada Commonwealth on January 7 at 730, which I believe is a Tuesday, and you'll get geared up for pansies against gun roses Queer Nation we'll be boycotting or challenging Guns and Roses at the summit at their concert on the ninth. So that's really important to be part of.

27:35

They're going to be doing another kiss and I want to go for the next kid. That would be great. We'll

Bruce Reeves 27:40

be fine. I missed the last Oh, I

27:42

understood the head. You just

27:43

want to get some time. You just want to get some tongue You're awful.

Bruce Reeves 27:48

All right. Tell you y'all are both awful. Chris Weinstein's hurt here on KPFT. Monday nights from nine until 10. And I believe this Monday night, their guest is going to be hatched the Houston association for teen

28:01

eight H coalition.

Bruce Reeves 28:03

Houston.

28:05

Girl, girl oh, we're in terrible moralization

Bruce Reeves 28:07

of homosexuals. And then next Saturday on after hours our guest hosts will be Cindy Friedman. She's going to be coming and doing some talking with us and playing we're gonna be playing some her music. So that should be real special.

28:25

She's a celeb.

Bruce Reeves 28:26

She's got her ad CD. That's right. She's got her own show too. You can hear her on 123 from on Wednesdays. So me I think it's Wednesday. And you know KPFT is Public Radio. We come to you three times a year and ask for your support. Marathon starting next week. We will be

coming to you for two weeks in a row and asking for your support. During the next week. I'd like you to seriously think about what you get from after hours what you get from KPFT in general. There are three gay and lesbian shows on on KPFT. There's their show. There's Wildenstein Monday nights from nine to 10am Break through Friday mornings from nine till noon. Of course during our show, we play this way out which is a 30 minute news magazine from Los Angeles. The Wildenstein program uses the news segment off of that tape, which is 10 minutes long. So that's an additional time during the week, you can try to get that information if you miss it on our show. Or if you hear it on their show and want to hear it again you can listen to it on our show. When we bring you lots of gay and lesbian music, which you may or may not be able to hear anywhere else in town, and definitely can't unless you're playing it yourself or a friend that's playing it because I can guarantee you most of the music you hear on these three shows are not played on any other radios.

29:43

They certainly couldn't afford all of them to see all the place I can hear all of it.

Bruce Reeves 29:48

And as as programmers and hosts where we're volunteers, we're not paid. We do this because we want to do it because we enjoy doing it and we want to do it for the community and it's our way of giving something back. And we'd like you to seriously think about in the next week, what you can give back to KPFT. It costs money to keep the station on the air, there's license fees, there's tower fees as tower rental fees, there's a certain amount of staff even that have to be paid. So keep that in mind, be thinking about it during the next week. And,

30:23

and call us next week.

Bruce Reeves 30:25

Call us next week with your pledge. If you're not going to be in town next week or the week after call early, send a note, send us you know and say, the money to after hours or mail a check or

30:36

you don't have to wait do it now if you if you are going to be out of town.

Bruce Reeves 30:41

But, you know, we definitely need to hear from you in the next two weeks because it's very important.

30:47

Who is going to be sitting here next week? Me?

Bruce Reeves 30:53

Well, maybe I'll let you sit there next week and house it over here and be host. You can just be engineer. Okay. Well, we'll talk and co host we'll talk.

31:02

Why don't we talk about it. Why don't we talk

Bruce Reeves 31:04

about it? Yes. Hopefully, we'll do we'll be back next week.

31:09

Oh, I hope so. I'm counting on it

Bruce Reeves 31:14

is Judy will be here next week. And hopefully we'll get hear her in here and get her on the air a little bit and get her away from the phones for a while she's done a good job answering the phones.

31:24

She's a good switchboard operator here at the station, but it would be nice to have her on the air.

Bruce Reeves 31:29

And hopefully we've found that we've got at least two volunteers so it'll be entering funds for us next week. So we should be in pretty good shape.

B

it was when jewel said that it it brought something interesting to mind. Of course, Michael Callen is a person living with AIDS and has been now for almost 10 years. And in an interview with Michael Callen that Wildenstein did a couple of years ago, Michael said that anytime he starts to feeling sick, when he can't hit that note anymore, not hold it for that length of time, but when he can hit that note anymore, he knows as he knows it's time to go get some serious drugs because he's having lung problems again. Yeah, I thought that was really interesting that you know, singing is the way he lives his life but it's also the way he knows you know that there's something not quite right there too. And that was really interesting. So, and this has been the after hours show
