But she's about ready to head out the door. Just wanted to say good night to everybody. And I'll see you third weekend of November. Yep. Yes. before Thanksgiving just before Thanksgiving. So good night. All right. Thanks, Drew. But Michelle was still here. Hello. And we want to talk about some transgendered groups. What

08:31

we want to do is we want to talk about the alphabet. Yeah, hey, alphabet, we have HCDA. We have GCTC. We have T ATS. And then we go into the Greek letters, tau chi, which is part of try S, which is SSS

08:48

you know, and we talk about these, we give these letters all the time as if people know what they mean. Yeah,

08:56

so let me let me just run through a couple of them. And I try to explain what they are and what the organizations are about. These are all organizations that deal with people and their partners who have who are transgender. The first one I'd like to mention is GCTC. That's a golf coach, transgendered community. Okay,

09:23

now these different groups are around because they serve different needs. Is that it?

09:26

Ah, yes. Okay. Yes. We are not in competition, and I'm involved in several of them myself. Okay. So we'll talk about GCTC first. GCTC is a local, non sexual social group. For all transgendered people, okay, is the umbrella

09:55

you only ask you specified nonsexual is if a lot of These groups are sexual.

10:03

Wow. Now I think all the groups talk about being non sexual. This is not a place where you go to get a date. This is a place where you go to

10:17

pick up a trans trans X

10:18

roller. Okay, most of these organizations all have some kind of screening process to make sure that somebody isn't just coming in because they get a thrill from meeting transgendered people. The reason they do that is because all of these organizations have a very wide range of people who come to them and some of them are coming for the first time. And so we don't really want to scare someone for the first time and have somebody come up and hit on them, right. So this is a way to keep the thing safe for everyone so they feel comfortable. Okay. And that's why we stress nonsexual. As I said, GCTC is an overarching or umbrella group that is open to all the transgendered. And in fact, that's the first group that I met in Houston. And I went to one of their meetings, and that's how I found that the transgender community and the gay and lesbian and bisexual community so that was, that was my doorway into the community. And

11:36

a couple of weeks ago, we talked about that the, the female to male transsexuals also are welcome and GCTC. Right? Ah, or am I getting that confused with tabs?

11:50

That's tats. Okay. Sorry, tabs. I mean, GCTC has no problem with the, with the female to male transsexual, but they'll probably find not that much in common. Okay. Although a lot of the same people.

12:13

Not bad to say that your focus is for the female to male? Well,

12:18

GCTC primarily, okay. Yeah. It's, it's for the, it's for the male to female, transgendered individual, okay. And they meet monthly, and have a speaker and have dinner. And it's an opportunity to get out and you know, to be out at a restaurant someplace and have a nice meal, exchange some information. In addition, the thing that GCTC does is they are a outreach organization. And they meet with anyone who is interested in anything to do with transgenderism. Twice a month, on the first and third Thursday, usually a chance. So they, you know, they use the bar chances. And it's a public place, right? Where, where anyone can come in, and talk with us and try to find out what's going on in the community. So if you're in the

closet, it's, it's a very safe way to come out, okay. There's no need to dress if you know, in in your and the other gender role, there's, you know, you can come anywhere you want. Very important. And that occurs twice a month, as I said, on the first and third Thursday of the month at 7pm at chances. And if you'd like to call ahead, and now I'm going to give out the number for GCC TC, the number is, and we're all inside the loop area code 713780 G, C, TC, that's 7804282. And as I said, that's why I went the first time. And that's where I learned about what was available in the community. The other organization I'd like to mention, and unfortunately, the I wasn't able to get in contact with Tom who runs helping cross dressers anonymous, and so I don't really have I don't feel comfortable giving out their numbers. Because I like to clear this with people for helping cross dressers Anonymous is patterned in a lot of ways. The same way that Alcoholics Anonymous is patterned and it's a question of putting aside the shaming Guilt. And we all know about shame and guilt. They meet once a week on Tuesdays. And it's a way to explore these feelings and talk about them in a in a group. Much like you would at AAA where you are talking about alcoholism, this is talking about cross dressing, and, and why do I feel the way I do? And why do I feel so ashamed and so guilty about what I'm doing? Why can I just so it's an opportunity to talk about that with other people who have similar feelings and other people who have been through it and gotten past the shame and again,

J

Jimmy Carper 15:42

okay, now I want to stress you, you just made an analogy with Alcoholics Anonymous, as if this talking is going to stop,

♂

15:54

it will stop stressing well, it will stop the shame. That's what we're stopping here. Yes, it will get rid of the shame and the guilt, right? When you see that this is something that you were born with, right? This is not something that you've chosen, this is not some path that you've put yourself on. And now how do I get off what they're the way you

♂

16:13

are, what they're helping you to do is get rid of that damn repression, yes.

♂

16:19

And understand what it is that you're dealing with, so that you can get on with your life, and do the things that are right for you that you bet without shame or guilt. That's very important. Now they meet on Tuesdays, around seven o'clock. As I said, I can't give you the number. But if you wait, and you call the TAs number that I'm going to give later, we'll put you on to Tom and HCDA are helping cross dressers anonymous, we'll put you on to their number, after I talked with time and make sure but I just didn't want to do it over there. A third group is the tau chi chapter of trial. Yes. This is an organization that is primarily made up of heterosexual cross dressers and their family, spouses partners. This is an organization that helps both the CrossDresser and has a very, very strong organization behind and helping the spouse in

particular, understand what this individual was going through. Why is this individual the way that that they are? So that's an organization as I said, it is that's primarily, it is heterosexual cross dressers

18:04

for and it's helpful for the wives or girlfriends. Yes,

18:08

yes, very helpful. They have a real big program where the wives help each other, the girlfriends, they all get together. And they talk about this, and how do you deal with it? So your you, your wife, or your girlfriend would be with someone who has been through this thing? Who has experienced this? And who has found a way for them? That might be helpful and you understanding away for yourself? With your spouse if your spouse is a crossdresser

18:44

to experience the good parts? Oh,

18:47

yeah, yes. I mean, some some say there's nothing, you know, some of the women say there's nothing better than having a wife by they tend to want to take care of all the same things that the wife gets pushed into taking care of things around the house, I namics. Yes, yes. Yes. And so there is a way to share these feelings, so that both members of this partnership benefit. And that's and that's what Trius is about. And

19:24

there are many couples who've been together for many, many, many, many years successfully. Yeah.

19:32

A good example is the Phillips out of men park out of San Antonio. They've been together for over 35 years.

19:40

It's amazing and they're a wonderful couple together. And

19:45

Cynthia knew about this for four from before they got married. And so you know, she's been a part of Linda's life right from the beginning. And it's as I said, it's been over 35 years. So if if you want to get a hold of Trius, their number is area code 713-988-8064. And now let me talk to you about the last organization I wanted to mention is tats. That's T A T S. And that stands for the Texas Association for transsexual support. And what this organization is, is a it's again for the transsexual person, their partners, families and friends. And it tries to put together a caring and supportive environment. For social support peer support, we have a library of resources. And the other thing is that this organization is for both male to female, and female to male transsexual. So we had or we had a meeting tonight, we had two of the ISO known FTM, female, two males came. And they provide a real insight and balance into gender identity issues. Because emotionally and inside, they've gone through a lot of the same things that and discussing with them that I feel I've gone through. And so you begin to understand much better. What really is transsexualism? When you can talk about it from both angles, both going from female to male and female to female. All of these organizations are volunteer led groups. And they all fail their membership, you know, support their membership, all have some kind of way of keeping in touch with everyone. If you want to reach our taps, taps has a voicemail, phone number. It's Area code 713-827-5913. And all of these are generally our voicemail. So you leave a message. Each organization is very, very sensitive to confidentiality. Oh, you bet. I am the president of tax. So I have a list of all the members of tats and the information that they've shared with us. The Treasury does. And so does the newsletter editor. That's it. We don't put the information around, even to all the board members. Somebody calls me and wants a number. I call the person and have the person call somebody call them back. That's the way to do and that's how all these organizations work. They respect the confidentiality. Because it's it's the only way you can deal with this problem in the beginning. Once you get past, as we said before, shame and guilt. And people feel more open and more readily available. But as a policy, all these organizations keep their lists, their membership is very, very confidential. Not leak out and

23:48

how once you get past the shame and guilt you find yourself on after hours. Yeah.

23:55

So they're the you know, that's the lesson in the alphabet. GCTC Gulf Coast transgender community. And their number as I said before, is area code 713713780 GCTC. That's 7804282 HCDA contact taps and we'll pass it on to HCDA.

24:27

That's a very, that's a good organization. We we've had a representative from Thomas here. Yeah, yeah,

24:34

he's really super, really great. Tao Chai Kappa chapter of Triacetin Area code 713-988-8064.
And

24:45

we've had a representative of dryas here too. Oh, yeah. Yes, yes.

24:49

And cats is area code 713-827-5913.

24:56

And of course that is here every week.

24:58

Yes, we are. I actually You mentioned that in the article that I wrote today that I'm usually on with big ROI on the news, okay, thank you. And that means it's time for big. This

25:13

we're gonna I'm gonna put something in your ear. We'll be right back with the news

25:27

25:55

26:53

Hello, and welcome to the After Hours news with big Roy. Michelle and Jimmy first of all, the big news from the front here is that a record breaking membership drive of \$136,000 was pledged by more than 1800 listener sponsors to read

27:16

and that 18 137 Ah, I've been reading the board.

27:24

And that's pretty damn good.

Big Roy 27:25

I think so.

27:26

We we were hoping for 115,000 We went up to 136. Right? That's that means we can maybe get the ceiling fixed or or a couple of other things around and

Big Roy 27:39

I have I had to give a very special heartwarming heartfelt thank you to our after hours visitors. callers.

27:47

You bet we had quite a few after hours. pledgers. Right. I am very thrilled with each and every one of you. And

Big Roy 27:55

we really we really shine out this way. Yes, we started. I'm quite pleased with especially

28:02

thank you, Angela.

Big Roy 28:06

And all the other volunteers who showed up to answer the phones. Yes.

28:09

Yes. That's the Ernie again.

 Big Roy 28:13

Oh, yeah.

 28:15

So what's with the news? Oh, okay.

 Big Roy 28:17

I got a lot of Halloween News this this week because for some reason seems like Halloween is right around the corner. What do

 28:25

you know? In fact, it already started tonight.

 Big Roy 28:27

I know it down there on Pacific street.

 28:29

Oh, just across the street from KPFT. Actually, there was a Halloween party going on tonight. There was private.

 Big Roy 28:38

Anyway, I want to talk about some before we get into the Halloween stuff. I've got some some news news stuff to share with everyone. The Houston Chronicle has come out to endorse a nice Parker which I think is fabulous. A nice Parker is now been endorsed by the Log Cabin Republicans the Harris County Democratic Party, Houston Chronicle, folks, I think we're going to have ourselves our first gay city council person, okay,

 29:12

bad. Let's be careful. We all have to get out and we can't. We can't do it sitting on our behinds. We have to vote

29:25

and take four friends with you. Right?

29:27

Even if they're dead.

B Big Roy 29:32

Are like they used to say in Chicago. Or like they used to say in Chicago, vote early and vote often.

29:40

And if you find four friends, whoever registered then kill them.

B Big Roy 29:43

There you go. And if you don't vote, don't bet. Right. Anyways, talking about the election. James parscale van managed to make the front page of one of our local papers.

29:58

He usually does What's he done now? Okay,

B Big Roy 30:00

James parche Kelvin is a candidate for city council and who is he's libertarian, and he's running for district Al, which includes portions of midtown and the downtown area. Now John Ken Steele is the incumbent for district guy. And he's also under investigation by an has been indicted by the FBI for receiving bribes two kinds of bribes and conspiracy in regards to the construction of a hotel.

30:30

Let's get let me get this right. We've got somebody running for city council who's under indictment.

B Big Roy 30:35

Yes. And Mr. Castillo believe this. Well, this is live. Now Mr. Casteel, has received an endorsement from the Houston gay and lesbian Political Caucus. But he's attacking James parscale van, you know, for supporting the right for same sex marriages and for supporting the medical use of marijuana.

31:04

Okay, let me get this straight here. Okay, we've got a guy who's running for city council under indictment, been endorsed by HG LPC, right. And now he's turning around and and putting down James Galavan because James Galavan is for same sex marriage, right.

B Big Roy 31:28

And he's doing that in the it's like not at up to you know, that dragon. Anyways, if you wish to volunteer to help Mr. gov in in his run for the City Council, please call him at area code 713-528-2607

31:45

Now, I have to remind people that KPFT is a nonprofit organization. So as such we cannot be political or endorse any any one candidate, right. But any candidate who wants this smells you know,

B Big Roy 32:03

does Yes.

32:07

whole story is in the LTO paper

B Big Roy 32:11

LD LD paper which is Spanish for the date the day and this LD comes out every day and date was it in today's and which is kind of interesting that Castillo would say this in El Dia to the Hispanic community who probably have no idea whatsoever what's going on in the gay community rarely know you know, I'm not trying to down anybody It's just that there's no there are no there are no Spanish, gay or lesbian newspapers. Or, or unfortunately radio programs for that matter. There just isn't right. Now moving on to some lighter things. Oh, oh, yeah. The Soho productions and liquid lounge now referred to as Boy's Life

33:10

read that was very confusing to me.

 B Big Roy 33:13

Now, they've teamed up to offer a new lineup of weekly trendy circuit like events. And it starts this coming Wednesday. And a portion of the proceeds will benefit HIV and AIDS research conducted by the City of Hope National Medical Center and Beckman Research Institute. Okay,

 33:32

that's this mean that the liquid Lounge is going to turn into a gay bar. Is that what you're reading?

 B Big Roy 33:39

I got out of it. Yes, that's what I'm getting out of it. I

 33:42

guess they couldn't make any money as a straight bar.

 B Big Roy 33:45

None in Montrose. Well, they're

 33:47

across the street from numbers. Wow. That's, that's straight either as well.

 B Big Roy 33:54

That's weird. Okay, anyways, I got some interesting stuff coming out of Washington that I do want to share with our readers, or listeners. I mean, that too. Yeah. Okay. Yeah, the Human Rights Code. There's

 34:07

a lot of people out there reading us.

 B Big Roy 34:11

The Human Rights Campaign, the largest national lesbian and gay organization last Friday praised Vice President Al Gore's remark about how openly lesbian TV character Ellen Morgan has forced America to look at sexual orientation and a more open light. Vice President Gore demonstrated sensitivity and insight about lesbian and gay Americans and how we are viewed within our culture said Elizabeth birch HRC, Executive Director. It's also important for our to our community to see ourselves reflected accurately in the popular media. And the Ellen Show does this with wit and good humor. The Vice President clearly understands the power of popular media to influence public opinion for the good Now one other note before I move on to the different parties that's going on this coming week is that planet out or piano, which is the largest gay and lesbian internet site has acquired that a DA g l o Radio Corporation, the first global gay and lesbian broadcast network. Now John McMullen 34 year old founder and president of glow radio has joined planet out as general manager and broadcasting. The award winning audio side is 15 daily and weekly programs draws a monthly audience of 50,000 listeners from 60 countries. Planet out and glow radio share a common vision of creating the first international gay and lesbian digital broadcasting network said Tom Riley planted out CEO excuse me, glow radio has both key factors for success, great talent and great programming as well as an important new revenue stream. Glow radio seeks to reach people beyond the gay Mecca has with timely queer community voices said John McMullen General Manager planted out broadcasting. We have also created a forum in which gay and lesbian broadcasting talent create new kinds of programming without the previously prohibited costs associated with traditional broadcasting. This platform lets us incubate new talent, and takes risks that would be impossible to do otherwise. Traditionally, gay and lesbian people have been invisible on mainstream radio shows, stations. Now the Internet offers a way to reach people in markets without gay and lesbian coverage, as well as cities with large gay and lesbian broadcasting pop populations. In addition, internet radio is available 24 hours a day, seven days a week from anywhere in the world, providing listeners with the convenience of hearing what they want, when they want to hear it. And I think that this is just fantastic that we're coming of age. Yes. And you know, it's exciting. I am so excited about that. It's unreal. Now, I want to move on to some Halloween parties that are going on all over creation here in the Montrose gonna start off at Gen trees, this coming Friday, they're going to have a parade of costumes at midnight with \$250 in cash and prizes. Now, because there is such a large volume of shows going on, I'm going to just give a brief, okay? And it's like everybody's

37:51

having costume, right? Parties and contests.

Big Roy 37:56

Okay. Let's see what else we got got all over at

Jimmy Carper 38:02

Jr's and in the mind and right happened? They're going to they're having costume contests. I think they're giving out a total of like, 10,000 \$10,000

B Big Roy 38:13

no prize week. Yeah. I mean, that is like, phenomenal. Yeah. They had

38:20

some tonight and they'll be having them next Friday and Saturday, next Friday

38:24

and Saturday as well. That's, that's correct. There's so much going on next Friday night that we're going to patrol is going to run two shifts. Oh, really? Yeah, we're gonna try to do an eight kill 11 and 11 to two. Because there's just

38:39

so many people out going on. And actually, quite a few straight people come to Pacific Street, just to see is the place to see in all the wild costumes that queer people put together. I just love the imagination of queer people at Halloween.

B Big Roy 38:59

I've had one of the I've had one of the greatest comments that I could ever possibly receive earlier this week, from one of my co workers, a straight co worker telling me how he likes to bring his girlfriend out here to the clubs into Montrose because he feels safe here because of the cue patrol. And because yeah, he putting it like this, but he knows nobody's gonna be hitting up on his girlfriend. Wow. And people.

39:32

What do you mean by that?

B Big Roy 39:35

But also that the people with the gay clubs, which is a lot less prone to physical violence within the clubs that he goes to.

39:44

I was in Texas in the mid 70s. And we went to Gilead and you could go out into Gillies parking lot at any given time and on a Friday evening and there would be Three fights going on. Really I was it was like a staged events. I go all over the Montrose as part of queue patrol. Many, many

evenings, not just one, but in Thompson tons of evenings. And I have never seen people coming out of a bar and going after it. I mean, that's just not the culture, right? That's fantastic. No wonder it brings.

 B Big Roy 40:30

It makes me feel so good and make me feel so proud. That straight feet people will come to the gay clubs, because we are non violent and because of que patrol. Well, not only that, we're a hell of a lot more fun. I know that. And I think we I think we get better parties anyways. And our last one I'm saving for you, Michelle.

 40:51

Oh, yeah, we'd like to mention again that after all, this stuff is all finished in Halloween all over and you've gone out and voted. And you're and you feel good about things because everything is worked out the way you want it in terms of elections. And on Sunday, November 9, you can go to the gay Comedy Jam. The left stop, it will be on Sunday night, November 9 at 8pm with Scott Kennedy, Kevin main and Bob Smith. And this will be benefiting Q patrol. These are the gay Comedy Jam comedians America's hottest gay stand up comics performing gay stand up comedy. They have a new album out new CD. That's what they're celebrating and hopefully there'll be some copies there maybe that you can even purchase so yeah.

 B Big Roy 41:45

And I believe they're part of hope so because

 41:47

I need one.

 41:47

Oh yeah. And I believe they're

 B Big Roy 41:49

part of the gate gala palooza.

 41:51

Oh my gosh, they were they were part of a gala Palooza which initiated it. Yeah, which plays all over the US all over the US and was in Houston. Around April May of this year.

42:07

must pay off because these guys live in after Nokes. Yeah, hello.

Big Roy 42:11

I really I got one final comment.

42:16
