Beginning of the of the Clinton virus? Yes. Some Sunday a long time from now President Clinton is aoina to finish his time on Earth and he's aoina to approach the pearly gates of heaven. And

who might you be? would inquire Peter at the gate, when he's gonna say it's me, Bill Clinton, the former president united states and a world leader of the free world. And oh, Mr. President, what may we do for you? And he says, Well, I'd like to come in. Well, sure, said St. Peter. But first, I have to confess you have to confess your sins and what bad things have you done in your life? While Clinton bites his lip? And he answers Well, I've tried marijuana but you can't call it dope smoking because I didn't inhale. There were inappropriate extramarital relationships, but you can't call adultery because I didn't have full sexual relations. And I may have made some statements that were misleading, but legally accurate. You can't call it bearing false witness because as far as I know, it didn't meet the legal standards of perjury. Well, with that St. Peter consulted Book of Life briefly and then declares Okay, here's the deal. We're gonna send you somewhere hot, but we won't call it hell. And you'll be there indefinitely but we won't call it an eternity and when you enter you don't have to abandon all hope. Just don't hold your breath and wait for it to freeze over
