SPEAKERS

John Benoveve, Jimmy Carper

00:01

I just got word a couple of nights ago that a couple of AIDS groups are going to give us their mailing list. So that now our mailing list is up to like 45,000 names. Cool. So we're also doing that it's going to be kind of like a pause, except it's going to be focusing on nutrition and exercise related subjects, the name of the magazine is called the supplements. And you can find out more about it by going to our website, Houston buyers, club.com. And you now register for a free issue.

John Benoveve 00:30

All the more reason to come tonight black leather. Oh, yeah. Yeah, help them be able to do that. Yes. That has to cost some money. Yes.

Jimmy Carper 00:41

I mean, you're you've, you're, you've got five offices now. You're handling about 1300. clients, clients, I mean, from six to 1300 clients, that is incredible work that you're doing.

00:54

Thank you very much.

John Benoveve 00:55

You know what I'd like to I'm sorry, no, go ahead. I'm not sorry. But if I knew nothing about use the virus club, and actually found out Well, you're right. But actually, I just found that I'm HIV positive. What can you what can you offer me as far as the information and what you do? That

would? I guess, kind of help me? Well, well, we beautiful

01:27

eyes, by the way.

John Benoveve 01:29

It's not your time. John,

Jimmy Carper 01:34

he is very cute.

John Benoveve 01:35

Shut up. It's not about me great to read, it's your turn,

01:39

what I would suggest you do is? Well, I would suggest you call the body positive ball in the center because they could set you up with a nutritionist, first of all. The second thing that they would do is set you up with a BIA. Bia stands for bio electric impedance analysis. And in a nutshell, what that means is they put electrodes on your wrist and your ankle, they run static electricity through the body for three seconds, measures your body composition, a lot of people think that because they haven't lost weight in five years or more, that they're not wasting. That's not the truth. How come your body changes.

Jimmy Carper 02:18

They're kidding themselves. Because you know how your body has changed, you know, you've lost, you know, you know, you had a buck before and now you don't write and stuff like that.

02:27

So nutritional assessment through a nutritionist, a bi A. And the third thing is, if your doctor if you're having any kind of side effects from the drug from new newly taken drugs, or from the disease like diarrhea, or other things, that's when we can help us with the side effects command. The fourth thing is just basic nutrition. A lot of people, even if they're negative, don't take basic vitamins. And so we would just take we would show you what is available and what's the best price you can get it for, which is what we have.

J Jimmy Carper 03:03

My my lover is a toxicologist. So I have been taking vitamins since the outset of this thing for me.

03:11

And that's why you look so good to Jim.

J Jimmy Carper 03:14

He's sweet, and that's how he gets all that money from people.

03:19

No, I just know that habit. So I'm gonna try to figure out some way to get it out of them.

03:25

But in other words, it's a really, really worthy program. Yeah, needs lots and lots of attention. Yes, thanks to Don I think it's gonna get it.

J Jimmy Carper 03:33

And it sounds like you've you know, it's run by really dedicated people.

03:38

Oh, Fred is one of the most dedicated people I've ever met in my life. And believe me, I've met a lot of great people. But Fred puts his heart and soul into this organization and really, really worked his butt off.

03:49

I can't take all the credit. I mean, we have we have three wonderful part time. People that help us with those buddy Buckley buddy is thank God for Buddy Buckley,

04:01

Louisiana boy

04:03

and he's to come by the bars club.

04:08

We can't get you with nutrition. People.

04:12

Are you trying to say come back to Houston virus club and see what your nutritional supplements

John Benoveve 04:16

Exactly. You'll have people there who don't don't really need to be there. see truth in advertising. I heard you had a message boy.

04:25

We have a husband applications for buddy.

John Benoveve 04:28

Oh really. And they'll have them at night in black leather. They cost you 250 apiece and buddy will be at the door that night collecting.

04:38

Not collecting he will be passing out the program. There is no cover charge for not a black leather at all.

John Benoveve 04:45

Oh, it's all about the donations that are sold out

04:48

what you see on the stage that you want to say I like what I just saw. I want to give five bucks or 10 bucks or 500 or 500,000 if you want to promote your small business or your self's even personally, all you got to do is go to the front door to the accountants and fill out a little form.

Every donation is announced from stage period, except the dollar you give the retainer, we can't do that. But if you want to promote yourself with a \$25 donation or your business, whatever the donation is, I don't like in the very first not in black leather that existed five years ago. I just didn't use the microphone just to promote myself, or just a kid with my friends in the audience. It would exclude everybody else. I decided just to announce donations. And he's grown from 5600 to 10,006.

 J John Benoveve 05:43

Now you can you know, not Well, no, don't apologize. Don't

 05:46

spit it out. Anyway. Anyway, you were saying something about you had three volunteers, right.

 05:56

Well, we have three parts. We have three part time,

 06:00

because ours Yeah, I only heard you mentioned one and I wanted to make sure that everybody got

 06:03

Buddy buckling. Just back and John fusee. Those are our three wonderful

 J Jimmy Carper 06:12

to hang out there more, you know, and it just I have this thing about, you know, I'd like to have my my butt back. But God I don't want to exercise. Yeah, there's always

 J John Benoveve 06:22

implants. Yes. And they sell. They sell pads for leather by boots. Yes.

 06:27

It's amazing. There's new underwear out to

J

John Benoveve 06:35

Jimmy Ansari going back. We got to go back. Oh,

J

Jimmy Carper 06:40

I'm the one that needs to cheek implants.

J

John Benoveve 06:41

Jimmy. We got to go back. Yes. The one well, just back a little bit. Okay. The one one thing. Well, now we cut, we cut her off? Oh, no, I've got mine. What I was gonna say was is the one thing during the time that I have either been affiliated, or worked with Don Gill, on black leather. The thing that has impressed me the most I am talking and we can hear you.

Ω

07:11

Oh, my goodness, you know?

J

John Benoveve 07:15

I'm sorry. It is it's my turn. And we're sending horrible separation ah, on you. No, no, no, no, no way. I did. She was I have something important to say. I'm sorry. Yes. Here all the time that I have been involved with nine black leather. The one thing that has impressed me the most is what Don was saying earlier. It wasn't just about the event. It was about not even the people that put it on. It was about the people that died and the people that you attributed. Yeah. The people that gave their money to it, whether it was like die has said Right. Yeah. \$5 \$10 If you made a donation they they said something

J

Jimmy Carper 08:03

credibly cool. Yeah. And that just take the money and forget about the people. I mean, yeah. We have a lot of people in this in this community that donate and donate and donate all the time. And one thing about

Ω

08:14

the Houston virus club anytime I've done an event for them, they have immediately within two weeks sent a thank you letter to every person that contribute. Wow. And they have done that with this event as well.

J

Jimmy Carper 08:30

That's a lot of writing.

J John Benoveve 08:32

Exactly. Well,

08:33

it's called I'd, I would like to make 5000 If it only cost me 1000 To get it.

J John Benoveve 08:42

And when you're making 5000 thank you cards is cheaper than getting 5000. We I mean,

08:50

I sent my assistant today to OfficeMax. buy lots and lots of Thank you. Yeah. We do. Also wanted to mention, I noticed in your flyer that for night and black leather, that you have American Sign Language Interpretation.

09:05

Yes. So yes, which I think is

09:07

really wonderful.

09:07

And I know our friends can hear this that are in that position. However, I as producer of this event, never exclude the women, any race, and definitely not our deaf people. We have sign interpreters there to let them know what's going on.

J Jimmy Carper 09:25

I'm glad you brought it. I knew that about you. But you know it just because I know it's done. So I assume that and you know, and I don't think to say that.

09:35

09:00

We're thinking we're all one, we're all one.

09:38

I also wanted to mention something else. If you have any listeners that are on disability or cannot afford supplements. We were working with three organizations that will pay for supplements through us. Oh, I think see the assistance fund. They've been wonderful to work with the system. It's ministry. Montrose Counseling Center. Yeah, I think Montrose clinic, I can't remember if it okay or not okay. But those organizations work with us in collaboration to provide those to client with to clients through us. And, you know,

Jimmy Carper 10:16

are they like a screening or something? Yeah, that, you know, this this person really need? Yeah, they

10:22

do all the screening. Okay. They already know the client story. Well,

Jimmy Carper 10:26

that's pretty cool, then because that, you know, that kind of, they can do that part of it, which is needed. And that frees that makes me means that you don't have to hire a fourth person that would have to do that job.

10:41

Well, I tell you, we have, there's a chance that we may be getting some Ryan White funding late, late this year. And if that happens, we may have to look at that. Because if you get Ryan White funds, you practically have to hire someone to manage the brand. That's what I've heard. But right now, there's not any money available for us to get nutritional supplements as an organization through Ryan White. That's why not

Jimmy Carper 11:12

important was that ain't right. Because what you're doing is keeping people healthy. Right? Do you know what that worth something?

John Benoveve 11:22

But Jimmy, you know, what you have to realize is there's a lot of people that have the money to

help. don't realize that it is so hard to get Yeah. It is very hard to get. That's why a lot of people, especially this year, I have several friends that got bills from last year for you know, 23 \$2,400 because Ryan White, can't pick it up. Because there are so many. That's why I'm not in black leather. And any organization that is going to raise money for organizations like this is so important. Yes, no

J Jimmy Carper 12:06
kidding.

J John Benoveve 12:06

No kidding. Every penny counts. And trust me if you think the government's going to pick up your part. Oh, why now? You are so wrong.

∅ 12:16
We're too busy paying Ken Starr. Thank you.

J Jimmy Carper 12:19

I have no insurance. The only assistance I get is a DAP. Am I love lover picks up everything else.

∅ 12:27
You know, so I know that it's, you know, it's

J Jimmy Carper 12:30

pricey. Because now I'm to the point where I'm taking medications to control side effects of the medications you're taking. Yeah. You know, and I, you know, I'm paying \$300 Just to

∅ John Benoveve 12:45
feel bad effects.

∅ 12:48
You know, that's a big one, especially diarrhea. One of our clients are taking my Imodium or a modal to combat that. And you can come

J Jimmy Carper 12:57
sands for Imodium.

J John Benoveve 13:00
Do you know right now we are sounding like Rosie talking about now I'm talking now Rosie, who did it.

13:09
But come see us. We'll help you with that.

J Jimmy Carper 13:10
Okay. And that is for anyone else out there too. And it's good to hear that, you know, if it's someone with cancer or something like that, that you are making yourself available for these folks to

13:25
and you know, we're right across the street from smoothie queen. I mean, I mean, Smoothie King? Like really?

J John Benoveve 13:35
What was your name again? So we could tell them you said that was Fred Walter, Jr.

13:43
I actually buy stuff from there that stuff that we don't sell. But you know, people say, Well, I'm not positive, but can I still buy stuff from you? Would it help you? And we say, Sure, come on in. Because the more volume we do, the more it helps us. Oh,

J John Benoveve 13:56
well, let me ask you a question. You know, for that matter, you said, I guess you would sell it to him. But if someone came in and they weren't HIV positive, and they just wanted information about what would help them because a lot of people don't want to see doctors, they want to do that natural health thing. You can give them that instruction.

14:17

We have protocol charts that explain in detail, milligrams, how many times a day, what to take,

J John Benoveve 14:26

but you also suggest that the same people should still see the doctor

14:29

at the very top of that, oh, yeah, it has a disclaimer, these are only meant if you cannot find it if your doctor cannot help you with this problem. These are things that have been shown to help. We actually just got those done a few weeks ago.

14:43

So in other words, you provide the information and the people to write and make their own judgments. We have

14:49

a lot of people that hear about like one thing, say St. John's Wort for depression, and that's the same way with everything else. They may hear about one thing for a party To our complication, but that's not all the things that they need to take for it. That may just be one pieces of the puzzle. Yeah, one piece of the puzzle that may

J John Benoveve 15:07

be the part that causes diarrhea. You know, a wart is

15:11

usually what causes depression. I don't know why St. John's wort,

15:16

I want to know who St. John was.

15:20

Probably someone we had last. Lovely.

J

Jimmy Carper 15:22

Any, any age medication I know

J

John Benoveve 15:25

gives you diarrhea. And we'd still be willing to take it all. Yes.

Ω

15:33

Was that okay?

J

Jimmy Carper 15:34

That's okay, good. That's not what are the seven deadly sins?

J

John Benoveve 15:39

You didn't say what he said. I almost did you really? Not that you were living

J

Jimmy Carper 15:46

through Okay, so once again, nipple is next.

Ω

15:51

This coming weekend. Friday March The fifth is a kickoff party and a complimentary buffet and Mark press singing live jazz at 10 o'clock. Then Saturday March the sixth at nine o'clock on the dot not drag queen time. Nine o'clock on the dot with or without performers and they know that

J

Jimmy Carper 16:08

art? Yeah, no. He means it. Mark on Friday night Mark press press.

Ω

16:16

He's a airline steward for Southwest Airlines. He's been a friend of mine for a long time he when he moved here, he needed a haircut. So he came to me to get a haircut. We've been kind of buddies ever since. And he has a beautiful voice and body positive.

J Jimmy Carper 16:37

I have a reason to

J John Benoveve 16:37

vibrate. That's kind of like it.

J Jimmy Carper 16:40

I play good music only on the show. Gotcha. Does he ever tape?

∅ 16:47

I'm sure he will do that. Should I blow hot air up is my thoughts well,

J John Benoveve 16:52

it makes it fun for you

∅ 16:56

my friend from Tennessee closer Canada he is going to be singing live and it's gonna be a main event. I mean, I know you guys out there listening to us think well those guys are foolish shit. However the point of all of this my friends out there is one simple thing. We are here to assist our friends. Yes, our female friends that have breast cancer and they need supplements. Yep Don Gu production has put together many benefits for our lesbian friends with breast cancer. Don't get productions only does fourth and needed in our community. So we are here this tonight talking to you because there's an event coming up. That is for a good cause and to good causes the Houston Buyers Club. We all need supplements. And the Houston Buyers Club is only three years old. And I'm only eight years old personally. But no naughty likely will be five years. Thank you. Preparation. It's on the face. Under the eyes. We're here because you allow us number one to be here and we want to say to you that are listening. Thank you very much for supporting our endeavors. Thank you. Great. Yeah.

∅ 18:10

So while we're going home from the bar, that date in your mind next Saturday, next Friday and Friday and Saturday next Friday and Saturday Friday in your drunken stupor. Remember this?

∅ 18:23

Saturday night six Sorry 629 23

18:25

Main. This it's called Nighthawks you don't venture in

18:31

and if you if you've never been to a lot of black leather it it says most people might think it is a leather demonstration is not it's a variety show from a leather perspective. Okay, and we have drag. We have live vocalist, this particular event is going to have a lot of live singers and if you've never seen like John Gordon, or TJ Thurman, Mark press

J Jimmy Carper 18:55

I'm excited Andrew florae

18:57

David buyer Baron. These are live vocalist that are going to be singing live and Jules she will open the event with a song and it's not Jules the singer you hear on the radio. This is Jules a talented person within our community that does a beautiful job if you've never heard this young lady saying please do yourself a favor. Come on. It's incredible. Wonderful. And she and Johnny Montgomery will be staying on this. All of the

J Jimmy Carper 19:23

songs from out of town when we have so many talented people right here. We

19:27

don't know that I know you're just hungry for it all here will satisfy your appetite. We'll burn

J John Benoveve 19:32

a CD for you girl.

19:35

This city, Houston. If you travel all over the world. You will hear one thing about Houston Texas is most united community when it comes to all sections of our community working together. Yes. we

J

Jimmy Carper 19:47

talked about this on the leather segment and that Houston is almost unique in that it unites leather and drag together.

♂

19:56

There's a lot of people in our community that do not take vacations on On RSVP or whatever, so they can donate that \$1,200 back to people in need. Now, anyone that's taken those cruises, don't get me wrong, I need one so bad, but six years since I've been out on vacation, however, long is the need. And you have to remember when I was doing this matter of fact, one of the second people that ever passed away in the city of Houston with HIV was one of my customers, I cut his hair, and it was still called the gay cancer. Yeah, the need then was great. However, our friends did not have to suffer very long they went on. Now we have cocktails at keeping our friends alive, we had now had a Houston Buyers Club, that are giving them a healthier lifestyle. So we, as the community and fundraisers, our need to help them is much greater. Because when they received their disability checks in the mail, with the cost of real estate away, it is going up. And the cost of property taxes the way it's going up and utilities as well. Their disability check only pays for the rent and utilities that's about nothing left over to buy a drink if they want to go to Mary's and cross their legs.

J

Jimmy Carper 21:17

And one dollars a month is that it eight oh, it's ridiculous. Because

♂

21:21

the real estate is going to have so much we really need in the city a place for our friends are totally disabled. Yes, that cannot have a spare job to make that 500 Extra that the government will let them do per month,

J

John Benoveve 21:33

you know, in some place for them to lease up cases. They can even do that. No, no, I'm talking about, for the most part, people that are trying to live on anywhere from 350 to \$500 a month. And you know, and they may get they may get

J

Jimmy Carper 21:50

you're on protease inhibitors. Now, you know, you're not really disabled, it's, you know, there are times, there are days I get up and it's all I can do to take a shower, you know, that's the event of the day.

J

John Benoveve 22:03

You know, that's not the one for me, but I invested.

♂

22:09

So we still have to put together find a race fundraising event, there's a role soften up record of this single star in this organization. What they do week in and week out is unbelievable. Isn't the other co 40 fives that are out there doing so so so much. You have swari aubergine that assist burying community service Foundation, and you can name one organization after the other. And if I did not mention this camp America, I'd kicked myself in the butt. This that group of guys, phenomenal crew of Olympus just go on and on and on. Houston has so many people that work

J

John Benoveve 22:42

so can you not lie,

♂

22:43

I compete for the same charitable donations that they get. And when you are out there competing against someone else, it's not competing. It's distributing. Yes, the best way I know to say it. Sure. And what you guys Houston and your listeners have allowed me to do I can honestly say, thank you very much.

J

John Benoveve 23:03

Don't untie that

♂

23:05

knot. I'm just rolling. We got a call from

J

Jimmy Carper 23:07

Tom at the Aldine mail route out there. And he wants to know How can people get in touch with the Buyers Club?

♂

23:15

Several ways. One, if you're on the internet, you can go to Houston buyers club.com no apostrophe. iust Houston buvers club.com. Or you can call us either bv lookina us up in the

business pages or directory assistance.

J Jimmy Carper 23:31

Houston buyers,

♂ 23:32

Houston buyers are right now right down this number 713-520-5288 That and he'll repeat it again and 135205288. We do take MasterCard visa checks cash.

♂ 23:52

I think that the one thing that it's important for people to realize and is that, yes, the cocktails have been wonderful. And they've done a lot for a lot of people. But there's still 30% of the HIV community that is not reacting to any of the drugs. And the only thing that they have is nutrition and

J Jimmy Carper 24:09

wellness. Yes, yes, you're right. We might not we did not mention that. And that's

♂ 24:14

true. And I really think that that the community at large has kind of kind of forgotten that, that HIV and AIDS is still among us, and it is still a war that is going on. And it's because of fundraisers like this that helped raise the monies that the government is no longer giving. Right.

J John Benoveve 24:30

We know the other thing he has is I'm not sure if it has anything to do with 30%. But there are a percentage of people that are HIV positive, that do not take the drugs because of its effects. Right. And if they knew about an organization that like the Houston virus killed, that makes it easier. They're not going to take all the difficulties away, but makes it easier to take their medication. It would all be a little bit better. Yeah, well are a little bit longer.

J Jimmy Carper 25:03

I want to thank you guys for being here tonight.

J John Benoveve 25:05

Well, you can't

J Jimmy Carper 25:12

just the producer, it's okay, John.

J John Benoveve 25:15

Thank you. I'm sorry.

J Jimmy Carper 25:18

Go ahead here,

J John Benoveve 25:19

okay. burping. Caffeine

J Jimmy Carper 25:26

was the state to come to rehearsals more often. I don't know.

J John Benoveve 25:30

It would be here I see. But next time you asked me to come, I'll help. Yes, sir. Oh, okay. Call me I'm gonna ask this just like it says, now who will you choose next year for NIV. Hell,

25:54

what charitable organization wants us to benefit from not next year. It's a little bit too early to determine that. Time can change. I mean, the switchboard could be in desperate need code 40 fives could not have any money to buy the perishable eyes for stone soup that they do. What I will do is about six months from now I'll start looking around within the community and find out where the need is. I chose the Houston Buyers Club seven months ago a little bit earlier than I usually choose a charity simply because even though I'm HIV negative, I still need vitamins. And I know the essential necessity of a wellness type program. And when I saw a lot of our friends just kind of wasting away and I just couldn't handle that and I chose them. And being that you guys allow me to have a voice. I knew that possibly we could bring the Houston virus club into more of a Lightline this guy knows everybody knew him Carter, he likes liver pills and he knows him too. But wow, when when it comes to the small section of our community, the ones that are out there every weekend, donating \$10 out of their salary every weekend. And if

you multiply 10 times 50 charity you know that's gonna be a lot of money. So even though an event only raises \$300 That's \$300 more than what you had before you started you bad this event has grown to the point that I can't believe it has gotten there so Houston virus club I thank you for allowing me to work with you. And I thank you Houston for allowing Don Gill to do what he does. Thank you

J John Benoveve 27:44

that just embarrass clubs. Thanks you for treating.

♂ 27:48

It's all a thank you. Yes, yeah, but

J John Benoveve 27:50

you know, so if someone is interested or wants to be considered they need to let you know that he let

♂ 27:59

me know what their needs are exaggerated or or whatever. But you also have to remember one thing Don Gil has been doing this for a while and I am going to continue doing it as long as I am successful at doing it. But I'm going to have to start bringing in some more people this is where and so Don, what do you what do you do during the day? You pump hotter up people's asses and make them look good when they cut that hair.

J John Benoveve 28:28

Not that hair.

♂ 28:31

I'm 48 years old. I don't need to do that anymore. Not not to make a liberty. Where am I located? Yes. The name of our business is studio 911 And the reason I did that is because that happens to be my address is 911 My phone number is 5210911 We have to remember that my business is in the front part of my home it is illegal business I pay taxes I don't cheat the government I have a life after this one I want to make sure it's happier than this one because this would been like shit. So

J Jimmy Carper 29:11

the idea is you know is like maybe to get you more people to come.

29:15

I'm a very fortunate person the way city loves this city appreciates my endeavors. When it comes to fundraising, I have nothing but envelope graciousness to thank them for it. And when it comes to my business, I make enough money to be able to go out each weekend and contribute back to my community. I don't make enough that I can contribute to my community and go on RSVP cruises.
