## SUMMARY KEYWORDS

s&m, gay, murder, talking, community, man, killing, connie, true, gay men, andrew, gay community, party, garden, hear, type, perverted, lang, play, died

## SPEAKERS

Big Roy, Jimmy Carper

---

J Jimmy Carper 00:05

To whom Ed was there with her out, Connie?

∅ 00:10

No, I'm sorry. You know, Connie's fabulous. But what were y'all talking about earlier?

∅ 00:15

Talking about a whole lot multitude of topics.

J Jimmy Carper 00:17

Well, actually, it's something that Roy brought up that he wants to talk about and he's gonna have to get in the other room and share a mic with Connie or go to the other room. Yes. Come on in. Because well, I'll let him talk about that. Well, I

B Big Roy 00:30

really wanted John to come in tonight because I was watching America's Most Wanted tonight and the entire One Hour segment was regarded the Andrew Cunanan deal. And they spent 15 minutes of that concerning and Canadian fetish for the SNM I didn't even know we had one. I didn't more interested in the s&m and he had as an M videos. And

∅ 01:00

Sorry, I'm sorry. I have to stop it right there because I have how many people here have s&m

Sorry, I'm sorry, I have to stop it right there because I have how many people here have some videos at home? And none of them have been tied up? Now? Yeah. I mean, how many how many people here have been tied up? Don't just raise your hand say so. But and it was silent. So that in itself yeah speaks

01:23

we all have significant others listening and we don't

01:27

I'm sorry but still you could tie your significant other up by half

01:37

and sometimes it's even better than time at somebody you don't know

01:49

boy, everybody, everybody has some kind of fantasy, whether it's on a video or whether it's in a book something that you read. That doesn't make it real that just makes it there.

02:03

I think the point was what it was a national show that was kind of explore and they showed scenes from the video but it titled it was bound and guests it was something and these are the only two scenes that we can show you on this family TV show or something and it was some guy with a big mass chained to a wall and it was intended for shock value and really just rather homophobic not

Big Roy 02:28

the point you were making but the the voice the talking head there the way he was talking about it. It was Andrew Cunanan his passion for the perversion lead to a passion for murder as if people who like or who are into s&m are all murderers, you know, or will one day become murderers? You know, I think that was a real low blow that was that was that was dirty pool.

J Jimmy Carper 02:59

Because we talked about leather here a lot. And and and it's almost synonymous with safe, sane and consensual. You know it takes to play the game.

03:10

Also, you have to also remember that, obviously, because the man killed several people. He was not right now, there was something not working right in his brain. And it had nothing to do with s&m. No, it had everything to do that he just was not right. Yeah, he was. I mean, he was a sick man. And he was getting older. And I mean, if you wanted to talk about everything that had to do with, you know, the, what they did with Andrew Kwinana. You have to realize I heard about the first two murders long before we all just thought he was killed. Yes. And if who knows, maybe if they had paid as much attention to it as they did. After Versace was killed. He wouldn't have died. That's true.

J Jimmy Carper 03:59

That's absolutely true. I think we're saying goodbye to Connie and the boys.

04:04

Kind of you are fabulous.

B Big Roy 04:09

I got I got a lot of

J Jimmy Carper 04:11

get an official goodbye here. Can we get back on the mics there for a second before? She's trying to sneak out?

04:18

We're just following orders. Really?

04:20

Guys? We're in such a heated topic there. I didn't want to interrupt, but thanks for tuning in. And we'll see you on the fourth or will.

04:27

You'll hear us? Yes.

04:28

Hopefully Peter will be back on the fourth Saturday next month. That's right. So thanks for tuning in. It'll

J Jimmy Carper 04:33

probably be well, it's it's August but our official anniversary is September the sixth. Oh fun. And that's our 10 year anniversary. years after our has been here for you.

04:46

Great. So it's been fun and was talking next month and I want to

J Jimmy Carper 04:50

get John into this other room. I'm going I'm the mic that that that I take right now.

B Big Roy 04:58

Yeah. And Kanye West Maybe before you take off I had a lot of callers tonight who liked Connie ah, I mean

05:06

how nice I am when Peters not here

B Big Roy 05:10

you made a heartbreaker darlin but half the community out here after you women is

05:16

the female. Thanks for taking those calls big

05:20

and just one yeah one last plug for those of you who are interested in coming to the forum on Tuesday Oh you bet GM five to four aids

J

Jimmy Carper 05:29

well this might this kind of tells me that maybe we need more women involved in after hours you know, I think that's an excellent because right now we have officially we have Connie and we have jewel who's here on the third Saturday of the month and whatever women we get with hatch will be certainly appreciate it. So John, back to the Canon thing. It's this this media play I mean, we've been Coonan and to death haven't weighed more than we ever wanted to know about this man. It because he's kind of like this is this 15 minutes so let's let's get every aspect in there. But the idea of of sensationalizing the s&m factor if there even was one who knows? I mean, because because somebody found in SNM. Film Video, and who knows that it was his, if it was found on the houseboat? I mean, you know, what's the deal here?

Ω

06:33

Well, you know, I heard these men were murdered. No one really knows why. And no one will know why. Because Andrew Cunanan is dead. That's right. But I never at what, at any point during any of this. Did I hear that the men were bound?

J

Jimmy Carper 06:54

No, no. None of these. No

Ω

06:59

tortured in any way. It was just plain and simple murder. But you know, when something like this happens, you have to just go. It's not right. I wish it would have been fixed earlier. I wish something could have been done earlier. Yes. But the only person you need to blame you don't need to blame an orientation, whether it's homosexuality or s&m. You need to blame the person that did it. He was a sick man.

Ω

07:28

He was sick. I wish when he was giving everything away to move. I wish some of his friends in San Diego said, Hey, is what's going on here. You know what's happening with your life? Let's let's let's talk this out. I'm your friend when you know, evidently he didn't have any people to do that. With.

Ω

07:48

I have heard so many different versions of why he did what he did. I heard that he was HIV positive. And I said it's awesome. So he started killing people because he was dying of AIDS and couldn't deal with it. You know, that's a really horrible way to spend the last few, whatever time you have here killing people. I don't believe that. I don't either. I believe the man could not deal with his anger and took it out the way. Yeah, the only way he could

J

Jimmy Carper 08:20

all these reasonings are pure supposition.

Ω

08:23

Well, nobody's gonna know what's gone.

B

Big Roy 08:26

Can I interject something very important. I'd like to interject something very important here. Yes. And that is that we have in criminal justice. We have a long history, a very extensive history of studying the motives behind serial killers. And going back to Robert De Silva, who was the boston strangler right on up through the the two brothers who were the hillside Stranglers. Jeffrey Dahmer up north. What's the guy Ted Bundy out of Florida and Sam Burke was in New York, or David Berkowitz in New York. Yeah. And the Son of Sam killer. When these people were caught and brought to trial and people were looking for a why they never had any real Cognizant thing. I mean, they all talked like Charlie Manson. You know, their brain by the time they go out committing the serial killing. Their brains are so fried. They are so skewed. Even if we had caught in connection.

J

Jimmy Carper 09:45

You don't think we could have done anything? We wouldn't

B

Big Roy 09:47

have gotten anything positive out of that because his brain was already gone.

J

Jimmy Carper 09:53

But that's the thing. When somebody does a couple of murders. Do you think you can ever trust them in society again? never

Ω

10:03

I don't believe Andrew Cunanan was a serial killer. I believe he was a spree killer. I believe that he let his emotions dictate what he was going to do. The only reason why, and the only connection with his murders was the fact that the men were homosexual.

Ω

10:26

Well,

10:29

I don't know, well, what are someone who may have seen what he did?

Jimmy Carper 10:35

Well, the guy he got the car, the truck

Big Roy 10:36

from the caretaker was just in the wrong place at the wrong time.

10:41

My whole point is, there was no there was nothing that connected any of the murders. To say it wasn't serious. There was no signature, there was nothing that said, I want people to know, I did this. And I did that. And I did so Okay. Well, I think I think that he was upset and could not control his anger, whether Well, there have been people who have said he was a hustler, who was losing his way of life, because no one would take care of him anymore. Right? There. We're running out this credit and all of that. There were lots of reasons. But I don't believe I can't believe that he was just going out and killing homosexual man, or I don't believe it was that kind of killing. I think the man didn't could not control his anger, and went after and just did whatever the explosion, let him do targets in mind. Not necessarily because I mean, he targeted a Versace the only three really connections he had was was I'm sorry, the only two were in the first two murders. Because one guy was the man who was taking care of him. And the other guy was his friend. He wasn't even Andrew's friend. It was the friend of the guy that was taking care of him. Mm hmm. And that man said, That man tried to schedule all of his time out of town. What when he knew Andrew was coming to see him. But obviously, you didn't schedule another night now. Yeah. I mean, you can't get and for someone to say oh, it was because he was into s&m. Oh, please. It's such Yes. You're actually just over a tape. Yeah, you know, and if, if, if journalists want to argue this point, I would simply tell them more. You know, if you're going to argue the fact that you have this and you say it's true, don't you think you should have given all this? I mean, you should have done something about it after the first murder? Not after the third, fourth or fifth? There you go. Yeah, I mean, how many people would have survived if you'd have done some kind of attention to it sooner? Because most of the people that I know that are talking about it, started talking about it after after Versace's Kelly, after the man died at masters, Massachusetts, it wasn't after the first killing, you saw a little blurb on the news. And now Now, you know, now, not only have all these murders happened, and not only as Andrew Kwinana dad, but he's got 15 minutes every night where they talk about I know, it

Big Roy 13:32

was, you know, this is a sad commentary on the gay community as well as on the street community. Um sorry, but unless it's a big name celebrity, We're not interested in things. You

community. I'm sorry, but unless it's a big name, celebrity. We're not interested in things. You know, how many gay men and women are killed all across this country every year through gay bashing? You know, we don't we don't have we don't have the hoopla in the media. Because if not, if it was, if it was a gay celebrity who got gay, bad, boys, I'll tell you what,

14:08

Roy, hold on. You're right. You're right. But you cannot blame their communities for that. Because everybody is interested in what they hear and what they recognize. And that has nothing to do with individuals in our community that has everything to do with what's put out in the news, and how much information is put out. You cannot blame individual people about what they want to hear when they're used to hearing something in particular. I mean, in all honesty, if you were going to hear some about Joe Blow down here, you were going to hear something about Mel Gibson, or Michael Jackson, who holds more interest. Yeah, that's true. And that has nothing to do with the community that has to do with how much hype is put into it. Okay,

J Jimmy Carper 14:57

these these people are selling newspapers. papers, there's selling airtime. I mean, that it's sensationalism. It's not now,

15:06

unfortunately, people like us, people who are in the community who would have to deal with that or suffer with it.

15:13

It'd be recognized for the rest of history. Yeah, that is what he wanted. We have not heard anything in our own gay press this past week about the murder that happened, the gamer that happened in Friendswood, just last Sunday. And we only got one night of it on the local news here. And they're not talking about now there's another murder down in Galveston. Really? Yeah, it was right down there by the flagship hotel underneath the flagship hotel. And

15:41

my whole point to Roy was not the fact that,

15:45

but nothing has been said about it right now.

15:47

But that's not that's not your fault. That's not my fault. It has everything to do with the media doesn't think it's as important how many people get murdered in Houston every week, whether they're gay or straight? A lot. But I was also there's more than that needs to be

16:06

right. The gay meet in Houston didn't cover those thing that happened in Friendswood. Just past Sunday, doesn't the guy who got stabbed? A car dealership in Clear Lake dodge,

B Big Roy 16:16

this is another example. Up in the northwest Pacific Northwest, we've had the Green River killing going on this somebody is going around killing prostitutes, female prostitutes. We don't know who this person is. And it's been going on for over 20 years.

J Jimmy Carper 16:35

It's because it's prostitutes. Exactly.

B Big Roy 16:39

And we've had

16:41

actually people who don't, the only difference between what you're talking about and the fact that it was prostitutes is there are now people in our community, gay people who are saying, you know, this is happening to our friends. How many I mean, there aren't that many prostitutes that are going to have that kind of backing. True. So that's why it goes on for that.

J Jimmy Carper 17:05

Listen, we can we can point to AIDS. I mean, it came out in 1980 1000s of gay men died in the early years, we had a president that couldn't even say the word and didn't took it took Rock Hudson dying of AIDS, before anybody sat up and took notice and thought, Oh, this is more than just gay men dying.

17:33

But actually, it was more than one dying when it was happening.

J

Jimmy Carper 17:37

Yes, yes. And we kept saying to the world, this is not a gay disease. It is it is affecting the strike community. And nobody wanted to hear that no one was listening. No one, no one did anything. So until it got until somebody important died,

♂

17:56

right? Or until it got close enough to where it might affect you, even the person who was writing that little article whether it was their brother or sister, whatever. At that point, it became important. But you know, the only right now, everybody can talk about what happened with Andrew Cunanan and all it's all of his victims. Right now, I think that people need to concentrate on the fact that their victims healing their family members of those victims healing, and whether they were you know, whether his victim was straight, gay or whatever they are. His own family is having to deal with this fact. Yes. So, you know, let's not concentrate on number one, because you're never going to have an answer. You can blame it on whatever you want. But it's only going to be speculation. Let's not let's stop concentrating on what or why he did what he did, because we'll never know. Let's concentrate on healing the people he affected. Thank you. Thank you. You know, you know, whether he was into s&m or not, or whether he was into, you know, just, you know, killing people. We're never going to know,

J

Jimmy Carper 19:20

we're never going to know. I don't think I you know, I don't think we'd have even though if he if he was alive. Yes. And was captured. I don't think we would know the workings of that mind. No, it's too twisted.

♂

19:34

It could have possibly taken several years of therapy to figure out what was wrong with him. Because when you're sick like that,

♂

19:41

they're still trying to figure out what Manson is alive. Yes.

♂

19:47

At least are smart enough to realize he cannot get out of jail. Right. Right.

B

Big Roy 19:53

You know, and know the truth of the pudding. We never really figured out was Ted Bundy was about no

20:02

way anytime you deal with someone who is that violent and deals with their emotions in a way that is going to affect everybody negatively, whether it's murder, rape or whatever, you cannot explain that. And even when they try it's I mean, can you really trust like you were second? Can you really trust what they're saying? Yeah. I mean, if someone is going to take someone's lie away from them, can you honestly trust there reason

J Jimmy Carper 20:37

why I don't think so because they have crossed that line, there's, there's a line of civilization that that you just don't cross there are certain things you cannot do. Because you cannot be trusted as a person again, not to do them.

20:51

Exactly.

B Big Roy 20:53

Once you cross that line, you can't cross back. Right, you burned that bridge, you

J Jimmy Carper 20:56

burned it. So I don't know what you do with people like that.

B Big Roy 21:01

But, you know,

21:03

I can think of several things, but those are probably legally

B Big Roy 21:08

you know, John, when I heard that common being made on America's Most Wanted, you know, and slamming the gay community and especially the s&m community, you know, calling it a perversion and perverted or the BND Yeah, you know, I thought to myself Oh, I thank God John's gonna be there deniers this because we need to we need some damage control big time on this because this is this is

J Jimmy Carper 21:37

we've often talked about SNM is comes in threes. And and and when you talk about light s&m. It's like, when you're with your lover and you know, you just kind of hold them down for a little while, you know, overpower them a little bit. Yeah. You know, and that's s&m

♂ 22:02

There are so many parts of life that are so number one, you have to realize that what they feel is not natural or not right is when the definition actually is any type of sex that is not for procreation for not making other making children. Right. So if, if so. If, let's, let's talk just about straight people, if your wife or your husband does oral sex on you, that's not right. Right. That's perverted. There. Yeah. That would fall into the section of s&m? Yeah, okay, because it's perverted. I mean, they're saying s&m is perverted. So that has to be part of that. If you restrain your partner in any way, that's part of SRM, right. If you enjoy playing with any types of toys are using any other body parts other than what was, you know, intended, right. That's part of s&m. So unless you are having sex, for the simple reason to have children, then you're having s&m?

J Jimmy Carper 23:18

Boy, that sounds like the dullest. Second of all, doesn't it? It sounds like

♂ 23:25

you know, why not? Just go to the doctor and say, I want to have a child fix it. Yeah. But I don't, you know, they're gonna search for reasons. I don't blame anyone for what Roy said was said, number one, the leather community is too strong, even within their own selves to let something like that affect them. But you know, but if you're talking about perversion, we've been, we have been being called perverted for years.

J Jimmy Carper 23:59

That it's still not right. No, it's

♂ 24:01

not. Right. But, and we should talk about the fact that it's not right, and continue to talk about it, but don't get upset about it. Because the only person that's going to be upset is you. Yeah. And I've always you know, I went I've always believed that if you're upset, and you let them control that part of your emotions, then you don't even have that.

J

Jimmy Carper 24:25

Good point, John. Good point.

B

Big Roy 24:28

You know, you know, before I met John, before I came to this station years ago and started volunteering and started listening in with the to the gentleman talking about his s&m I had a completely to me, so that was scary. I thought that anybody that was into s&m, you know, we're scary people. And I was so wrong. I was so Um, you know, I thought these s&m people were all former Gestapo and SS wannabes with the that's,

J

Jimmy Carper 25:06

that was the whole idea of putting a leather segment on this show.

♂

25:10

You also realize, you also realize here, you know, I'm into s&m, and there are people who are not in SNL. Yeah, that scares the crap out of me. Oh, and that has nothing to do with sec. Yes, you're right. I mean that people need to stop judging people on their sexuality or what their preference is. They need to start judging them on what type of human being rather than they're different. Right, right. Andrew Cunanan was a murderer. He was a sick man who was mentally not right. It doesn't matter. I don't think as far as you know, from what I've heard from the news, he had sex with any of the people he killed. He just killed him. So how can you make that

♂

26:03

connection sexual?

♂

26:07

Boy, that's right. It would have been different you know, if these men were naked and strapped down or just naked in general, but they weren't. They were just killed. So deal with the fact that he was a murderer, not the fact that he was gay, or not the fact that he was into anything, the fact that the man was a very sick person.

J

Jimmy Carper 26:29

Let's go to a piece of music. Ty from Needville has requested k.d. lang from her new album drag which is a really cool album. This is a cut I haven't played yet. So it because I played several of them. I love this album. It's great. I think it's her best yet. There you go. So here we

go with some k.d. lang just for tie Oh, yeah. k.d. lang from her brand new album drag and what a great album. That is true. That was a remake the Joker.

27:10

Song? Yeah, isn't

J Jimmy Carper 27:11

it? Isn't it? Very, very good. John bender. VTEs is still here.

27:17

Imagine that I was late, but I'm still here. Yeah,

27:21

I'm sorry. My my opinion of k.d. lang or my impression of k.d. lang has just gone down. Why? Because she won several notches. remade that one? Because she had the, you know, bad taste to actually remake a Steve Miller band song. The Steve Miller Band is like the most useless band in history of music. Oh, okay. Sorry. Just had to say that. No, she's a great entertainer. Great voice.

27:51

And did she do it for happiness job, even though it may not have been right.

27:57

She was good and being wrong. Yes. Okay.

27:59

And if you're gonna be good and being wrong, why not do it that way? Yeah. Okay. We've been talking about a few events number one. Yes. I wanted to mention someone's passing.

J Jimmy Carper 28:14

Oh.

28:18

The president of brotherhood of pain? No. Dan, I want to say Kailyn. Okay. is no longer with us?  
And that's sad. Did he ever

J Jimmy Carper 28:28

nickname.

28:30

I have no idea. Okay. But if you ever went to the ripcord, you saw him there. And if you ever crossed his path, I'm sure you knew it. Oh, man that was into any kind of s&m play very top. But is is gone from us now.

J Jimmy Carper 28:51

And, and the brotherhood of pain is a wonderful organization that their last slave auction raised a couple of \$1,000 Thank you very much.

29:03

So anyone who is part of that we need to like mourn their death. Yes, yes. They're leaving us. In particular, which would organization car Garden Party is tomorrow

J Jimmy Carper 29:15

garden party and denim party. Now I know rainbow is going to be at the garden party.

29:20

And is she wearing denim?

29:23

And I get my denim handkerchief?

J Jimmy Carper 29:24

Is that the handkerchief that? Sponsors on it. Oh, that is the best one yet. It's in rainbow colors. It's not normally it's in kind of like a hankie. It's a hankie. We know the design and all of that in in a solid color. Oh, that is a wonderful one. Do you have any more?

29:48

No. Can I have that one?

29:50

But if you go there, you might be able to get one off of a cute guy.

J Jimmy Carper 29:54

Wow. That is the best one yet.

29:57

That party's? I think it's seven is it for what it's alright after To the garden. It's after

J Jimmy Carper 30:00

the garden party with however a lot. Well, you have to get on parties probably around seven.

30:06

Yeah, you realize the hurricane party was tonight? Yeah, there you go. What's another \$30 ticket to have a good time.

J Jimmy Carper 30:14

But I imagine a lot of the Garden Party folks will be stopping by PS and Jr's and all the other Barbie everywhere. They'll be everywhere. It's

30:23

Lord knows I'm gonna be standing out wherever they're going watch

J Jimmy Carper 30:27

which one

30:28

there are six days that we can normally go to these bars that you really don't allow us. And one of them is the Garden Park. Yeah, yes. Halloween isn't

30:37

true. It is true. Now Easter. And it's not because you're a drag is because y'all insist on wearing ghost. Damn heels. Have you ever had one of those suckers shoved through your toe?

Jimmy Carper 30:49

already? No, it isn't. No, it isn't. But let me tell you by about five a lot of these a lot of these folks will be glad to get out of those heels.

31:00

You know, if I was going to do it, I'd put sneakers on and then go We're ahead. There

Jimmy Carper 31:03

you go. There you go.

31:05

But you know, I'm easy. I just stuff like that.

Jimmy Carper 31:08

But Garden Party is a lot of people who get in drag once a year. And Garden Party is a 501 C three organization and the money that they raised will be given to organizations here in Houston and us very well. So it's it's a great organization. It's 22nd Wow. Wow, that's, that's pretty incredible.

31:34

I don't even remember that far back. Yeah, it's it

31:36

reaches in. And if you don't go one of the fun things is to go watch them around. Yeah, go straight, you know, and there are people that will be writing them and is it is a lot of fun. I've done that. I've attended garden party and I've done the across the street thing. And actually. I

done that. I've attended garden party and I've done the across the street thing. And actually, I thought it

∅

31:56

was okay. Yeah. Because then all of you can stand around and go, you know, I never wear that. Even though you'd never wear it anyway.

J

Jimmy Carper 32:05

That's true. Let's see what else is

∅

32:07

a pajama type party. That's what the theme is. Oh, jam. So there'll be a lot of negative shades out there.

J

Jimmy Carper 32:15

Let's see what didn't go no, if you're not doing that, in fact, if you're gonna just hang out across the streets. Yeah, thank you. You can go to the basic brother's garage sale. Starts at 10 o'clock tomorrow. Basic brothers softball team will be holding a garage sale at chances. What? 1100 Westheimer. On Sunday, July 27, beginning at 10am The money raised will help send the team to the gay World Series in San Diego. So that's a good thing to do. What else we got?

∅

32:51

You got to clean up your garden party. Yeah, you

∅

32:54

gotta work

J

Jimmy Carper 32:54

gotta you got Yeah, that's right. You gotta clean what?

∅

32:59

Playing the car before you go. The Garden Party. Looks good when you get out.

J

Jimmy Carper 33:04

What do you want to plug for Hatch? Yeah.

♂

33:10

I'm Scott from hatch. Hey, Jimmy, we will be doing the, I guess third installment of the new hache segment on KPFT. first Saturday of the month. Yep. 1am to 130. As it stands right now. It's right. So go ahead and tune in to me. And I finally got a segment on KPFT for the youth of the gay community.

J

Jimmy Carper 33:34

And I'm really thrilled. I'm really thrilled about that. It's something I've been working forward towards for a very, very long time. And I think we finally got it together. And now we can work on bigger and better things. Did you know that? I have a call. I have someone who's written into after hours who is a writer and would like to since he does the writing and we do the radio stuff. He he'd like to see if there's a group that would like to do a gay soap opera series. That'd be fun.

♂

34:13

Yes, just recently, I don't know if you know who Shankara

J

Jimmy Carper 34:17

Oh, yeah, she was. She was at PS

♂

34:20

Wasn't she? Yes. recently. She also because we announced that she's also founding a production company that is doing they're actually doing viewings of different gay production shows that are being done. Find out to find out what gay people want to see on TV. Oh, because the majority of the things that that are gay oriented that we see on TV, or on almost like I don't even know what the word is. It was here a minute ago and it left there like that. their shows that are done. They're not either situation comedies or not dramas sentimental. No, they're more like, documentaries. I'm sorry, that was. That's true.

J

Jimmy Carper 35:12

Yeah, yeah, if there's anything on gay life, it's a documentary. And

♂

35:17

...

she just recently, she had a showing at PS, where we looked at an hour of tape, several different 15 minute shows, to, you know, to find out what people wanted to see. And a lot of people weren't happy with what they saw, and they were almost negative by it. And I was written, you know, you don't have to worry about being negative about it, the whole point of it, is to find out what you want to say. Yeah. And if you didn't see something you wanted to say, write it down. Or if you didn't like the way someone was being portrayed, the then you need to let somebody know so it can be changed. The only my opinion that I gave to Shan was, there is no way we can have completely gay TV. No, because there is no way that we can have a completely gay life. I mean, we'd all like it.

J

Jimmy Carper 36:15

We would like it. But you but you know, they're survive in the ghetto. You have. You have to interact with the straight community.

♂

36:21

This may be painful, but it has to be done. Yeah, that's the only way they're gonna learn. Yeah, yeah.

♂

36:28

I wish they'd bring back Minister Mike. No, no, he's dead. But I know, I want to bring something back. Like,

J

Jimmy Carper 36:33

that's the other problem in portraying gays. I mean, we are so different. We come from every social strata, every ethnic origin. None of us have the same value system. So we you know, it. It's kind of a cliche, it's kind of cliche that we can agree on anything for more than a minute. And there is no typical gay person.

♂

37:01

A lot of people have to realize that what makes us different makes us strong. Yes. And a collection of those differences make it makes us even stronger. I mean, how many people do you know, that are like going Annie? Yeah, I knew very many people who laugh like that I'd be slapping somebody.

J

Jimmy Carper 37:23

But I know what you expect that diversity in the strike community, even though that strike community doesn't doesn't really comprehend the diversity part.

37:33

I think most of the people most of the gay community's biggest problem is not the fact that they worry about a gay man being portrayed as a effeminate man. It's where's the other half? Where's what goes in? Other than that, yeah, it's not the fact that there aren't gay men out there like that. But what about the ones who aren't who aren't? Yes,

J Jimmy Carper 37:56

that's true. That's true.

37:58

And I think that's, that's the biggest problem with the gay community because so many gay men and women that I know complain about how they're being portrayed up, but I'm not a dyke. Well, you're not but you know what, you're not black and you're not Hispanic. There are several things you're not. But we can't do all that in what you're gonna have somebody who's, you know, half black, half, white half, half, you know,

J Jimmy Carper 38:27

somebody has gray skin. Who's Jewish,

38:31

who might be a Christian someday?

J Jimmy Carper 38:34

I know. There isn't anyone, there's no way of doing I have to say that you're listening to after hours on KPFT Houston and ke O 's College Station, and we have run over a bit because we are entering the after after hours. I'm filling in for Billy Gilbert from between three and six. So I've allowed us to go over a little bit. But for mostly for the next three hours, we'll be playing music, but and we're also but we're also fundraising. We're having a little mini fundraiser this weekend to help out that because I well, you know, we've had we have a new tower now. So people can hear us not only clearer, but further away how far away? Well, you know, we've we've always had problems with with people picking us up in Galveston, and supposedly we'll be able to to cover that area right now. Now, on cloudy nights, you may be able to pick us up in Austin. We go that far. We're 100,000 about Waco. Not that far, not that far with Sony for some reason. And it's the way the terrain is and the cloud cover and all of that if it's very cloudy, the signal just keeps jumping and jumping and and we've had people who drove to Austin, and we stayed with them all the way.

40:02

What we're doing tonight with this fundraiser is getting pledges to behave for that to help pay.

Jimmy Carper 40:07

Yeah. Well, there was extra cost involved. There always is, you know, the lat led latest one was that there was a problem with the type of electricity that was going to the tower. There wasn't. I don't really understand what type of electric Yeah, there was there the right. It was different voltage, some different. Oh, I

40:32

understand. It's just, you know, I only I play with electricity. And yeah, I always thought there was only one shot, it's the

Jimmy Carper 40:39

electricity, but the voltage going to the tower that existing wasn't the right voltage, and they had to jump that up. And so that took extra wiring and all of that kind of stuff. And it just took more time and more money than we expected. And we got to pay for it.

40:59

Especially you know, if everybody still wants to hear us,

Jimmy Carper 41:01

you betcha, because this is community radio. You don't for the last three hours. And in fact, for the whole history of this radio station since 1970. You have not heard one single commercial. That's true, not one. Now we promote things we promote other shows we promote things in the community. But no commercials. I may talk about Lobo and crossroads and Inklings about what you can find there but it is never in the context of a commercial for those business now,

41:40

never and they're certainly not paying. No, not at all. That would definitely make it a class

Jimmy Carper 41:46

you know, it's Half Price Books is having a 25% off sale. I'm going to tell you about it, because that's that's a community service. They had one a couple of weeks ago, and I hope everyone took advantage of it because I did announce that

TOOK ADVANTAGE OF IT BECAUSE I HAD ANNOUNCE THAT
