 Chris Harrison 00:00

a temptress with no white Christmas.

 00:08

That's the group that they've got a couple other songs out that we play crack the wham. Yeah, I don't think I don't know that they're necessarily a gay group, but they do a lot of game material.

 Chris Harrison 00:21

Drag SNM. So you know, they're qualified. Yeah. We got some time before our next gaggle of

 00:32

Yes, before the leather segment and I want to talk about the meat rack

 00:37

prep appropriate way to lead into the leather segment.

 00:41

Um, we had a discussion about it last week, and I've downloaded a bunch of emails from the meat meat Breck list. I'm not going to use any names, or anything like that. It's just, I'm going to talk about just kind of the conversations that have been running over the past week.

Because I had a couple of corrections or maybe clarifications that we Yeah, clarifications that firstly, we meet rec has never promoted or endorsed any bareback F activity event or party. In fact, many people who like Bear backing visit because they feel intimidated that it's not welcome. And the meat rack also, which we didn't bring up last week, works very closely with the Montrose clinic, to provide testing and information. And you can't turn around in the building without running into a bucket full of condoms. They've gone out of their way to promote responsible play and be a socially responsive, responsible business. And they have held pause parties. But that should in no way imply bareback. We all know bareback is a risky is risky, regardless of your HIV status. And something else that was mentioned about the prostitutes about bringing a prostitute into the club. And they were outside in the parking lot every night. And the meat rack knows who's working the streets, and they won't let them in the door. So

C

Chris Harrison 02:17

and I'll clarify on them who brought up the comment about the prostitutes. And that was solely based off of the channel 11 news story they did, where they interviewed some guy who said that they were people coming out of the club, picking up a guy off the streets and taking them into the bushes to do the business. You know, I was not implying that, you know, I know you can go into Midtown. And you'll find anytime there's usually a half a dozen prostitutes going around the floor. So I'm not saying that. I wasn't trying to say that. The meat rack condones that sort of event. And they say that they actively work against it.

W

02:55

And somehow because they won't allow the prostitutes and they've had seems that they had a reputation that they are not friendly to the African American community. And that certainly is not true. So let's see.

C

Chris Harrison 03:16

And there has been a very active group on their yahoo group of information about this and we've been gearing up for a meeting coming up on Monday with the something the MRA Yes.

W

03:32

Information on that the next meeting of the DMR A will be Monday November the 29th at 7pm at the Magnolia Hotel downtown. The Magnolia is at 1100 Texas at the corner of Texas and Fannin and I believe it's on the third floor in a room right off the lounge will be sign up for DM are a

C

Chris Harrison 03:59

and also some of the people that make rap group are are suggesting you also go to the next caucus meeting and speak to them.

04:07

And that's going to be this this coming Wednesday December the first and it's at the community so

c Chris Harrison 04:15

Houston GLBT community center. Mm hmm. So yeah, we're just growing we wanted to put out a different story from what we were hearing on the other side

04:26

they're talking about you know this thing being on Main Street but that's that's a fallacy because the front door will be on Fannin there will be no entrance on Main Street in fact, there won't be anything on Main Street not even a sign even the

c Chris Harrison 04:40

former owner the last owner of the venture in new enough that when they tried to close down Main Street and they lost the parking spaces, you open the back door yes to to that establishment and

04:52

and of course they're there on the rail line, but there's no stop there. You know, it's in between stops. So that's not a big deal. They'll either.

c Chris Harrison 05:00

So you know, there's a lot of stuff on that. And you know, we we just wanted to give some different perspective out there and hopefully all this stuff is going to

05:09

Yeah, there was some conversation about the building that they're in may be torn down or their hope most people were hope or hoping that it's going to be renovated because it's a very beautiful building kind of 30s architecture when you when you look at it closely. Oh, yes. Clarification Yeah, that gay lesbian Political Caucus Wednesday, December 1 at 7pm 3400 Montrose at Hawthorne suite 207 Free parking in the garage. And let's see. Let's let's see if anybody here has anything to add to that

C

Chris Harrison 05:51

they want to toss in your two cents on meat rack

Ω

05:56

because it was has been operating for three years already at the San Jacinto location. So it's not like it's new. And of course they're they're moving to the 2900 block of Fannin and I remember the guy the smart the guy on the television was talking from his balcony at 2016 main so he must have had not only binoculars but telescope to see what was going on. Nine blocks away. Yeah.

Ω

06:35

Oh, he paid his interesting check to that.

C

Chris Harrison 06:40

Group and there's awfully quiet

R

Roy McCarthy 06:44

Was that me wreck? I was wondering do you think there possibly could have been jealousy about competition from other establishments, similar type establishments?

Ω

06:54

No it's it's it's coming from a citizens group of the new yuppies who have are moving into Midtown. And they want to gentrify the Locate the air, the whole area. They've got a lot of work to do, then there's a lot of non yuppie places that have been in business in that area for a very long time. Well, I

R

Roy McCarthy 07:17

do want to say this, that having gay establishments and in your neighborhood, having gay people living in your neighborhood actually improves the neighborhood. It should, I mean, when the gay people started moving into the Castro district, they really renovated a lot of these old homes and stuff and, and just about every major city where gay people with with Montrose being the exception where gay people have moved into, they really improved the the area, democracy is an exception because this area has always been an artsy type neighborhood even before it was known as a gay neighborhood. It was a gay people were living here. I had closeted but pretty much gay people living here and this has Montrose has one of the most

colorful histories of any neighborhood in this country. I mean, Lyndon Johnson lived here and a whole bunch of other people who lived here in the Montrose and so why, why gay establishments to move out to gentrified is a big mistake.

 **Bobby** 08:36

Things I heard a while back when this all began, all this gentleman for crap began was that the somebody wanted to return this to the days when you know, all those all those rich families who started all you know, who built who gave birth to mantras. They wanted to turn it back into those days. And then as they saw some sort of glory days of mantras, well, you know,

 09:17

glory holes and mantras. I've never heard already two days days,

 **Chris Harrison** 09:21

probably want to turn it back to the same time, you know, I mean, it was when you know it was freedmen's town right. Next. Yeah. I mean, yeah, remind people of when their place

 **Bobby** 09:32

moving to the river. Now, I fully understand that, you know, the only constant in life is change. Yes. However, having said that, if things have to change, they should change, they should change as a natural course of things, not because people force it to happen. I mean, you know, There are places there are things in our community that have died over the years. Not because they were forced out of business, but just because times changed and they weren't as necessary. Let's face it, people are always gonna want to have sex.

 10:22

Yes, it's true. Well, I'm trying I'm trying to figure out the question, why did it take them so long to figure out what the place was?

 10:30

It's moving is there because it was trying to move into a new building in a different neighborhood neighborhood is like

 10:38

trying to implement something? Sure. Oh, me too.

10:41

Yeah, I know. I used to go

10:43

to venture and I worked there. And I used to go to the meat rack all the time. And this of course, is Devon Hello. Hello. I gotta announce who I am.

Bobby 10:57

The bill leathered Devin here Yes, I

10:59

have my double it on his tablet and they

11:03

why it's very Mad Max. Yes.

11:07

I try to give that appearance, all the roughness anyways, they get they had a security guy that stood outside and that helped people get in with their vehicles and stuff like that for security. Every time I went I've seen somebody standing outside

C Chris Harrison 11:23

Yeah, there was a fence there's a fence around it yeah security to keep out you know the undesirables at the events that go on and on inside some of them are done by the organism by the organization. Some people you know there's been talks you know they did they may have filmed movies in there well you know some of them rent out a space and does that I remember a story a couple years ago out in California that some porn organization came in and rented out a was the YMCA three day weekend they made about a dozen porn straight

B Bobby 12:04

doesn't take too long to make one of those from what I hear

C

Chris Harrison 12:08

you split it you know you know this scene can go in this movie too and they you know Reloop the scene was here to camera to shoot camera angles or filming two different movies

B

Bobby 12:18

to go wow

♂

12:22

side YMCA anyways

♂

12:23

Understand? Yes Yeah, nice but

B

Bobby 12:29

I just they and it's just like when we played you know, our version over there. Harper Valley PTA the last time when we started to talk about this is that um what bugs me the most is that you know, how about sweeping their own doorsteps while you know while they're trying to sweep hours I mean you know they How about you know some of their little nasty secrets that they like that they want to keep but those sure you know tell everybody else's business yeah

C

Chris Harrison 13:00

clauses are for your skeletons

R

Roy McCarthy 13:01

not us well, what it is again the gay people are an easy moral story we're the ones who are you know gay people are the ones who well we didn't but using we were used to help elect reelect George W Ray and they will use us

B

Bobby 13:26

he was not elected the first time

♂

13:29

by a court

 **Bobby** 13:31

panel of nine in order

 **Roy McCarthy** 13:33

to get him back into the White House they used us and they are going to use us again on their  
their moral malarkey they're on this memorial thing that is just ridiculous I'm

 **Bobby** 13:53

sorry. It is one thing to enforce the laws you want to enforce morality do it in your own house  
not in not at the expense of everybody else.

 14:03

And if you don't want your daughter to have an abortion quit put in your thing and her and  
that's the PT recap and about the about the about me

 14:22

because I want to go now it's very exciting, especially

 14:25

on Thursday and I

 **Bobby** 14:26

always heard you was so good with your tongue. How come you can't talk now?

 14:31

I'm not anyways. I was wondering okay. He

 14:36

said he wants to put it to the test.

14:37

Yeah, show me later on.

Bobby 14:40

I thought we already did.

14:43

Supposed to be moving to the exact place. The veteran was correct. Yeah.

Chris Harrison 14:49

So you know that stuff's already been going on for years. Anyway, official My

14:53

favorite story out of the venture and that was one of my straight female friends went in there on a night where a younger gay I was bartending and he had some sort of industrial music plants open to the like sort of punkish Gothic he kids but also up on certain nights or whatever. And could have been when I was fellatio performed on her in the men's bathroom.

Chris Harrison 15:15

She got performed on her.

15:18

That's not relational. He didn't know. That was the kind of lady she performed

15:21

for a while he performed

15:23

Gaga Lingus. Yeah.

C Chris Harrison 15:27

It was the summer of 69. In the bathroom, it was such a summer 69.

♂ 15:33

And it was a straight couple. He was a hetero couple.

Bobby 15:36

For dark haired boy, you can be sold

♂ 15:39

to venture homeowners that want to have sex in public. Yes.

♂ 15:41

We need to wrap this up because the leather folks are here waiting in the wings.

♂ 15:47

Now we need to wrap it up for safety. Yes, we

♂ 15:51

are about to pop out.

Bobby 15:51

I think I've told people that on several occasions. We

♂ 15:54

won't be discussing this in weeks to come as the events unfold.

♂ 15:59

And we stressed the to come part, yes.

Chris Harrison 16:04

But like I said, Yeah, we're getting some ideas of where you can go to make your voice heard on this issue, the DMR a meeting on Monday at the Magnolia Magnolia Hotel, and then Wednesday there. Some of the supporters of the meat rack are urging you to talk with the caucus and see what the politicos can come up with because you know, they're using political ideas. And, you know, the caucus is a good source for that. One thing I'm going to throw out real quick, since we're talking about meetings coming up. Personally, Q Patrol has having a board meeting next Saturday night at the Houston GLBT community center, starting at 5pm. And the topic is the future of Q patrol. And all people are invited to attend, especially if you're a former member or like see a comeback. And it's open to the public. It's fine. We're a 501 C three Corporation, so we're required to have these open to the public meetings anyway. So well, I'm not gonna be here next weekend. But we want to just make sure everybody knows about that and come in and be a part of that conversation.

17:12

It's seconds on the strand weekend.

Roy McCarthy 17:14

So Jimmy will be late if he comes in at all

17:17

that I'm not gonna come in my friend Lois is flying in from Seattle. Oh,

Roy McCarthy 17:21

she is. Tell her I said hi. He is a

17:24

sweetheart and we'll be going down there. And he's always taking the entire weekend off.

Chris Harrison 17:29

So what song am I going to start with next week?

Roy McCarthy 17:33

Okay, Chris. Hey, Chris. Before we go, I want you to know, I was listening last week and I heard everybody's dark faggot comment. I kind of like was chuckling on that. But then I see this tart this commercial this week of for target to give people a special wake up call. And here's ICE T

talking about you know that he'll get a call and then to his sitting to his right on the radio. They have a Darth Vader and he's going to who is listening into our show.

I'm a nice person. One that when it came to Christmas. Hey, I did two Christmas shows last year. Both this one and esoteric and I didn't do anything naughty.

o

20:56

You didn't do anything nice either.

c

Chris Harrison 20:59

Hey, you're still trying to figure out how I played 30 minutes of Hanukkah music last year.

o

21:03

It is time for the leather line. How?

o

21:09

I'm always

o

21:10

on Mr. Snacks rules.

o

21:12

Hi, how you doing? I'm doing good. And welcome to the 11th hour at KPFT. Sorry, I missed your precious pearls last month. Oh yes. I know. That nap was so good. I just refuse to let it go. Well, I only caught the last part of the discussion that was going on when I came in. But I thought it

was appropriate as to what I want to talk about this morning about play spaces. Actually, I want to talk about pornography. And BDSM okay. I'm a healthy woman. I like pornography. You know, but I think that people clump together pornography and BDSM

22:07

Oh, well, there was a time when it was against the wall to photograph or videotape BDSM?

22:18

Well, in some places in certain ways, it still is. But as far as people are concerned, I think it's kind of the same thing, because most people just automatically think that BDSM is about sex or it's always about just grabbing someone and beating the shit out of them. Can I say? No, yeah, kind of the caca out of someone that would be better, okay for the kakak.

22:47

And that's not it at all.

22:50

And that's what you see in a lot of videos. You don't see all the time that goes into the negotiation. And the fact that maybe these two people that are actually doing this type of scene have been together for years, and it's consensual, etc. I have first let me I want everybody to just kind of wave at the radio. I have my sidekick Matt here, how to how to. And my trusted slave servant, best girlfriend, Shirley Temple over there. Hello. And I have another guest this evening that has been in the porn business for some time as filming, producing. And I just wanted to ask him some questions because we've had some conversations before because you are kingster Personally, Christopher blue.

23:53

Hello, Christopher. Well, thereafter.

23:54

Oh, Houston. Hello. KPFT.

23:58

So we've discussed about how porn is really negatively affecting BDSM. I know for a lot of my sisters across the country. Things are a little strange because you have so many porn stars, porn stars and just plain Oh. just a hookers that are sort of seeking the safety of practicing

BDSM you know, because they think it's it's not they won't get harassed as much, et cetera, et cetera if they call themselves mistress. And it got to pisses me off okay.

24:45

You know, not too long ago and he's not in Houston. Somewhere in Texas. They passed some kind of a like there was a woman who was doing B and D on the internet and fetish stuff. And I read where she had a problem with her custody of her child? Yes, the judge ruled that she had to give up doing her fetish bondage stuff on the internet or lose custody that was here in Texas. Yeah,

25:12

yeah. But that's what I'm saying. It's, it's viewed as porn, you know, understand that we view anything that's different outside of what we do. And I don't want to say that we Because personally, I'm an alien, but they, you know, they anything that they deem as different or not in the norm, which has to do with homosexuality. BDSM I am not saying child pornography by any means. I'm not grouping that difference in there because I happen to believe that anything anyone does to harm a child mentally or physically should be punishable by death. Right. Okay. I'm not anti beastie ality there. But it is.

26:04

Excuse me, go on. Jimmy. I did see what you were talking about how BDS M is portrayed? Yes. And I was happy to see a law and order episode, where they were they were talking to a woman who ran a house for BDSM. And she went to great lengths to talk about how BDSM is not sex and sex does not go on. And I thought it was about time that some major TV show brought that up.

26:40

Exactly. But unfortunately, because there are so many people coming over from the sex industry that are doing that, I mean, you can get your your sausage roasted along with your spanking. Sure. You know, and I think the porn industry has really helped that along like a lot

27:12

by portraying it as as

27:13

as as sex. Okay, you know, not saying it is not sexual, you know, but anything that sort of gets you aroused can be called Sexual robbery, when a good looking pair of shoes can do that, to me,

27:27

that wouldn't be porn. Exactly. So why would we consider a film on BDSM porn?

27:35

The general films that are out there are done in that manner. There are not many films done that really portray I think BDSM you know, there are a few underground you have a few people doing some good things with it, too, like an Irene boss or something like that him world from, but still, pretty much it's it's hooked along with sex. And what the guys want to see really is a female dominating another female. And then of course, the sex comes in. You know, I mean, the porn is been kind of regular for so long, being able, I think, to throw in the kink, gives it a little bit more selling point, do you think?

28:28

I think it's a mixture of things, I think, I mean, the porn business is a business. And obviously, they've seen that the BDSM market is profitable. And when you have people that are in the porn business, who are also possibly swingers into alternative lifestyles, it's easy to get them to sort of speak crossover. It's kind of kind of like you're you make milk for a living, but you're also making cottage cheese. Well, okay, or a different brand of cheese or a dairy product. It's there.

29:05

Have you seen it have a negative effect? On BND? Do you think?

29:12

I've, from my standpoint, I've seen it done but not done that well. And you and I have talked about right? We've seen it and what you're saying it's it's more of a tease. It's more of a titillation. It's more of a sex thing than an actual lifestyle thing, or whatever it is. It's more of that it's more to titillate Excite, trick off material.

29:35

Yeah, that's about it. And it kind of looks like it's done mostly by jerk offs too. You know, I guess that's the kind of the male thing, not being a femme DOM or anything, which is why I'm saying that. So listen, can I get some calls in here? I know some of you people out there listening role, just give them number. Okay. A what you're gonna do is call max ruse. It's 713-526-5738 I know most people are home after all that Turkey and all that good stuff. I'm telling you that tryptophan will make you sleep just right. Good.

30:19

I do a music show on Friday nights, early Saturday mornings, or, and every year after. after Thanksgiving, we do the tryptophan show and play all new age music. Okay, cool. Mellow. Wow.

30:35

That's all you can do. Yeah. Yeah. As far as the porn stars that have come under the umbrella of BDSM. Have you seen more of that in like the last decade?

30:47

I think it's gravitating more toward more s&m type content? I think for a lot of reasons. One, obviously, is the health factor. You know, there's been a few reported cases of AIDS in the industry.

31:00

Just a few.

31:02

You know, a handful. Aim healthcare is good for that they they monitor everything very well. And there isn't that many reported cases, when you look at the the number of people who will make scenes every day. But people get scared.

31:18

And they find that the BDSM is a alternative. Yes, a safer way to have, quote unquote, sex,

31:27

right? Very much so. But it really

31:31

is kind of killing the industry for real DOM A's real mistresses.

31:39

It's diluting the drink. Yeah. it's yeah. you know. for a purist who. who's really into this. and I've.

we've talked about this as well, it's just it doesn't measure up. And it's giving a wrong impression in a lot of cases. Right.

31:55

Right. That was my original point that it does. Make a lot of people think that this is it has to culminate in having sex.

32:05

And I think technology is has caused this as well. You know, when I got in this business, you couldn't walk into a store and buy a camcorder that easily a good quality camcorder to make content to make a movie. Now people can go to a video store or Walmart or best buys, buy a good quality video camera make their content at home. There's only so many scenes you can make of having sex with your wife or she What else can we do? Oh, I like to be spanked. I like to be tied up. And it's just a natural progression. And because they have the equipment you can edit so easily. Now on a computer, we're used to going to have to go to a studio at one of my movies. So you have people at home that don't really know what they're doing or care about the true being the SNM they're making, you know, cookbook video.

Chris Harrison 32:53

I mean, you can you don't even have to leave your house you can call you can order the stuff on the internet you get you know, one of the people in our show here was on a major motion picture that's been released out the whole movie was edited on an iMac. Yeah, and we're talking about a 90 minute movie that is shown at the Angelika theater and other venues like on that level. So what you can go in home and create at home with that that did Herky jerky right kind of setup there where the or you know is set up set the tripod up on the at the foot of the bed and that sort of pressure I've ever seen one time there was there's people to give classes on making these movies basically like like a college annex show part there of how to produce film. Yeah, just specifically for sexual erotic I mean for erotica, it doesn't

33:47

have to be perfect that's you know, a lot of what I do is pro amor amateur, which means I use porn stars and I use amateur people, regular people. So it can be a little jerky. It can't be perfect but it falls under amateur it's real people it's not a production company. Now so with what you can do on your computer with editing by good camcorder Best Buy's and you're on your way

34:11

these home videos really kind of out doing your larger productions with regard to porn now because of the internet.

34:20

amateur and pro am stuff outsells great a great examples vivid vivid was very much into the the couple's video and the big production. They came up with vivid raw, which was basically more amateur program stuff. People can relate to it better. It's hard to relate. You know, especially for women, you know, they can't relate to a woman. That's perfect. They may have had a couple of kids, they may have a couple of stretch marks here and there. They can't get a rose because they're looking at themselves in the girl on the screen, but an amateur video that can be done by someone down the street from where you live who has imperfections who looks like you. You can relate to it or guys to guess what guys love Ron Jeremy. You know, he looks like a ordinary guy off the street and he's out there making movies. So it's

Chris Harrison 35:07

if he can get laid anybody can.

35:11

A good friend of mine. He's the first to admit that. But you know, everybody wants to be able to relate to something. That's how they like something if they can relate to somebody there see on a screen. It's easier for him to to buy that movie. Yeah. Well,

35:27

hopefully with I think BDSM coming more becoming more mainstream. And films and television shows and even hinted in commercials

35:43

are at a very weird time in our lives. Were at a time when society is starting to accept alternative lifestyles BDSM fetishes, society starting to embrace it, but we have an administration who wants to just disintegrate it.

35:58

I was about to say that it's gonna be a very interesting four years and

36:03

everybody's glad that in my business in the porn business, everybody's thrilled that Ashcroft has gone away. But no one knows what this new guy is going to do in his place, as Crawford and one of the main things he was given the job of Attorney General for was to eradicate the porn business and fetish in d&d and everything else related to it. strip clubs, video stores,

36:23

I believe they had quite a row of of arrest here last week, I believe they busted about 11 strip clubs.

36:34

No, they were massage parlors. Mainly the ones that were advertising more so on the internet. Okay, they got about a dozen of those places.

36:49

Well, I think it's gonna be a lot more of that with four more years of the Bush man. But I think certainly, this is not something we can eradicate. And it really trips me out. Because why are they so hard on on sixth period? Slike. What were they hatched or something?

37:09

But it's called hypocrisy.

37:12

So now, what do you think about all this porn stuff going around that you can just get to it right away?

37:20

I'm all for it.

37:21

Of course you are. Yeah. Do you like to surf it on the computer? Yeah. What's your favorite stuff you'd like to look at? Oh, that's a mix. A mix. Still can't get to spank you though? That's true. Do you look at the BND stuff on on the internet? I know, that's not your bag. But do you look at it?

37:42

And yet?

37:45

Okay. We don't want to talk to you anymore. What I, you know, I don't know, maybe I just feel like, I know that people watch it for the sexual arousal. It's my lifestyle. It is most definitely sexual. But I guess I just don't quite understand why we put the two together. The sexual and the sex.

Chris Harrison 38:17

For me, I think I think some people I mean with their misunderstanding where it's coming from, and they look at as just the power and the domination and you know, or consensual rape. I think what some people look at it, as in some instances, that you know, is that there's not looking at the exchange of power, that in fact, it's the submissive that controls the power in that relationship. They're looking at it from the fact of I get to do what I want to this person, and they must obey me. And I think that's what some of these people are looking at in this aspect is they don't understand the true culture of what the be the BDSM is because yeah, I that's one of things that I've learned throughout the years of listening to the leather line segment is the fact that it is that you know, it's not the it's not the master or it's not the dominator dominatrix it has the true power. If it's a if it's a true BDSM is the submissive who can at any time, call an end to it with a simple word, a simple gesture, and it stops immediately because after that, it's no longer safe, sane and consensual. You've lost the conceptual part. And it's rape and it's abuse. And it's that fine line, you know, some people I think, they kind of blur it and look definitely and look at, you know, that that's what they really think that's what part of it is they look at it saying, I get to do whatever I want to do this person and you know, I can tie them up and I can spank their ass until it's cherry red. But it's not as you know, it's more of you know, I'm getting pleasure out of pleasure. This person, and you know, but I think that's where that comes from.

40:05

Well, I definitely think it's not really enough education and there are not enough people out there. Really talking about it in the mainstream. Yeah. You know, it's, it's still kind of underground. And the things that do get out there are the pornography. The things that do get out there are the films that make it appear to be serious abuse.

Chris Harrison 40:33

Just sometimes you hear you know, you hear this border line, things are the one part you usually will hear with BDSM. The closest thing to BDSM that you hear on the news of having to do with like, severe death is auto auto

40:48

Association erotica.

c

Chris Harrison 40:52

You know, and you hear those stories all the time, you know, this person was using a leather strap to strangle themselves to the point of almost unconsciousness to achieve a greater high, so everyone thinks, you know, oh, that's the sort of thing because you know, you're in BDSM. Yeah, you put a collar around your neck and you wear the little, you know, that sort of philosophy.

♂

41:13

There was a movie out a couple years ago called Rising Sun with Wesley Snipes. And Sean Connery. Yeah,

♂

41:18

yeah. And that was, that was that whole thing? So you know, when it does get into the mainstream, for the most part, it is still something really bizarre. You know, it's either death or sex. It just seems to be those two extremes. What did you think about this when you started looking at it on the internet? Surely?

♂

41:46

As far as what do you mean?

♂

41:47

As far as Did you see it as something really extreme? And dangerous? Did you see it as something as sex? Did you

♂

42:01

guess I saw a little bit dangerous. As far as if I was to explore it. You know, I guess I've never really saw the intimate side of it, so to speak, instead of just a sexual nature of it.

♂

42:19

And what have you found in this journey that you've been on these years?

♂

42:23

Well, I think what you're saying is that, you know, it's conglomerated up in sects and irritate you, because there's more to it than just that. There is an intimate side to it, and there's a much outside, I guess, that's what I'm trying to say. Okay, is

c

Chris Harrison 42:39

that is that trust side? Because, you know,

o

42:41

it's what it's about? Totally,

c

Chris Harrison 42:43

there is a lot of the stuff of, you know, because with the BDSM, there is that potential that, you know, something could go wrong. You know, if you're using a ball DAG, someone, you're using any of these devices, something could go wrong, because using an apparatus, or some sort of restraint, car and apparatus. Yes. And I mean, it's just as dangerous. And I think that, you know, some people don't put that fine line of knowing what it needs to be.

o

43:13

Can I have some water? Well, hopefully someone

c

Chris Harrison 43:15

out in the lobby waters on its way, okay. But, I mean, that's, I think it's what happens with a lot of people is they see the, the little Asian portion of it. And, you know, the more and more I've seen with some of the BDSM and I'll admit my experience with it is usually HBOs real sex shows, and all that where they show some of the strength, some of the different they showed some pony play the one time and you see some of the different ways with this. The different parts of the culture, right, or the BDSM you know, it's not just, you know, strapping somebody up to St Andrew's Cross and going out and with a whip, but unfortunately,

o

44:04

that's you know, what we see mostly, and, and again, those things are maicel mostly done by the guys who do the regular porn videos. And hopefully soon there are going to be some educational videos out there for people. Gosh, darn it, if I have to do them myself. For you, what has BDSM meant for you? Because I as I said, I know you are a kingster in your personal life. Yeah. What have you gotten from it? What do you think it is? What is it to you?

o

44:43

I can separate it. I can see what it is and I can see a sexual side to it. To me, personally, I'm a domme at heart. And it's always been enjoyable on that aspect. fact of it, but it hasn't always

been sexual with who I've done it with as well. It's based on the person that you're dealing with,

45:06

Oh, of course, I mean, because we all have personal relationships, you know, that go into physical intimacy, you know, but for the most part. Now, I can't say for the most part, because this is done by a lot of couples and sex is a part. A lot

45:25

of women that I've, I've tried to bring into this and teach them things about it. You know, you hear things like, what's the safe word? Yeah. And I've heard that from people wanting to make movies.

45:39

Unfortunately, I've heard that from people who say they've been playing for years. You know, lots of times people just decide Well, I'm a pushy broad so I think a lot of call myself a mistress. And, and as you said, just get people to do whatever, you know, I want them to do and or if you're a

45:57

guy that can't get sex any other way. Yeah, there's an end that you didn't usually have before. Yeah, I've seen that many times.

46:05

And that way, you know, folks kind of get hurt. And then that gives it a negative connotation as well. So I think Do you think we need to like, start a BDSM University?

Chris Harrison 46:20

BD MSU. This would be a little upset with that.

46:28

Texas Christian University

Chris Harrison 46:32

All right, SMU. Yeah. Was it sound too much like that? That's an immuno.

46:38

I mean, it sounds like I'm gonna new fetish. Yeah. Well, I

c Chris Harrison 46:42

mean, that's, that's part of thing too many people. They, you know, you can go down and buy handcuffs, you can buy the restraints. And people just dive right into it not knowing the true. The true part of what it is, yeah. Then, you know, they figure, okay, it's just tying someone up and go into town.

47:02

Well, that's kind of way most people approach sets. I mean, you know, I'm in the, of the generation that parents didn't exactly tell you how to do things and how to protect yourself. That was still running that birds and bees crap, you know, so you kind of just feel your way through. And again, it's back to okay, this is sec, so I'll just feel my way through.

c Chris Harrison 47:28

And the downside is the way people learn that the easiest way is, you know, you get a hold of someone's blue movie, and used to for about a movie. And you get those type of you get those type of things. And people that's what they think. And you know, when it gets down to even just using the phrases they get from these of, you're supposed to say this sort of thing when you're you're having sex with somebody? Yes. The

47:57

perception is reality.

c Chris Harrison 47:58

Yeah. Yeah. I mean, it's the movies. Yeah. And I use the excuse I can't use I can't use the dirty talk that I learned from the movies I have because I can't speak German.

48:09

Oh, hardcore. Hmm.

c Chris Harrison 48:11

Just to get the good that I got the ones I

48:14

can if I don't moaning and groaning you know, I'm getting my feet massaged. Oh, yes.

c Chris Harrison 48:21

If dirty love is out there listening. The reason we had pictures taken off our feet.

48:28

This is just too wonderful is

c Chris Harrison 48:30

when you when you were talking about last time you were here and you had your your tangerine toenails. Yeah. And one of our men behind bars was like, Oh, tell me more about it. And he wanted to. He wanted to get a picture of all of our feet and see if he could figure out whose feet were whose. That's interesting. I think we're getting that sent off to him because we finally got the prints in and we're printing it and looked at and figured out okay, this is my foot. This is my foot and

48:57

Okay, which is perfect. A lot of free time in prison.

c Chris Harrison 49:00

Yeah, but now, we love our MBBS out there who listen and contribute to the show.

49:06

Well, the Royal tows our own natural Ral today. No polish. Gosh, this feels good. I love I have a serious foot fetish. But on the receiving end. I really wish I had more than two. Yeah, that would just be right. You can look at it.

c Chris Harrison 49:32

Your cell phone 11 Wouldn't you?

49:34

Yeah, that would be cool too. Definitely. Okay, nobody's calling me nobody wants to talk to me. Is that awful?

c Chris Harrison 49:46

Don't take it personally.

49:47

Come on. Somebody give me a call. I want to talk to somebody out there.

c Chris Harrison 49:52

Talking about your BD calling about your BDSM

49:55

yes call. It's talking about porn. Talk about BDSM call 713-526-5738 Talk about what now?

c Chris Harrison 50:06

You know, have you if you're out there and you've you found the videos that tell you you've watched these these BDSM films and you go, you know, this really, isn't it? This isn't what it's really like.

50:18

But unfortunately, where do people go? I mean, how do they know? That's not it? Yeah, you know,

c Chris Harrison 50:25

these experience part, you know, like the joke that the lesbians always made you go. This is lesbian sex. She's got long fingernails doing that No. Lesbian sexist, is laying in bed drinking a chai tea and playing Scrabble. That sort of thing. Ah, comedy routine.

50:45

Gosh, it certainly is. To say that I missed that. Thank goodness, I missed the long nails too.

 Chris Harrison 50:52

But you know, that's, I mean, there's different perceptions that you get from these

 51:00

some of these, oh, my gosh, we'll

 Chris Harrison 51:03

see some names. So yeah. All right. Well, let's just let's dive in.

 51:10

Okay, let's go for it. dive in headfirst. Okay, I've

 Chris Harrison 51:13

got this magic button called lighting up all over the place. Caller, you are on the air. Hello. Hello. Hello. Yes, your name?

 51:24

This is Jim.

 51:25

Hi, Jim. This is Max. I just

 51:28

caught your program just a second ago and I just had kind of a simple question. What exactly does BD SS M stands for?

 51:36

Bondage? Discipline? Sado masochism.

51:44

Okay, thank you. I just think this is very interesting. I'm

51:46

glad that we actually have this kind of a program on the radio. I'll continue to listen from here on out. That was just my only question.

51:55

Thank you very much. Okay. Caller

Chris Harrison 51:58

you're on the air.

52:00

Hey, this is Ozzy. Hi, Ozzy. So you guys are on the topic of BDSM. Wondering what do you guys think of the A BDL? Adult baby scene?

52:17

Oh, adult babies are absolutely adorable. Cool. Absolutely adorable. That's a scene I'm particularly big in. And

Chris Harrison 52:29

now which which portion? Are you? Are you the? The parent or the child in that? The child child's

52:34

child? Yes.

52:37

So the fun part.

52:39

52.52

Yeah. So have you been doing this for a while?

52:44

Yeah, I've been doing this for a couple of years.

52:47

Okay. Have you found someone to play with you? I'm

52:51

not particularly I mean, I've had some friends. Not particularly anyone like curious.

53:01

I mean, it can be lots of fun and very freeing, isn't it?

53:07

Very comforting. Yes. Kind of like a release from like, stresses of everyday life?

53:14

Well, that's basically what BDSM is, even though that's a very large umbrella. Yeah. Because actually BDSM is a virtual super Kmart of fetishes. Yeah, but I'm glad you called den and you just keep enjoying your little time at what

Chris Harrison 53:34

part of it? Is it that gives you that release? Is it the comforting nurturing part of it? Or is it you know, the, the act of you know, putting yourself back in that childish, that child where you didn't have the responsibility, I think it's

53:49

a mixture of both Sravana actually falling into that actually taking part in those activities really makes for a good release of, you know, stresses of everyday life. That which we you know,

54:06

when you hear on the radio, countering these feelings, how did you research this? Or how did you reach out to find out what you were feeling and how did you

54:15

win on the internet? That was a major source of information. And from there, you got to talk to people in person.

54:26

I mean, the adult baby thing and answer it to your question. I have found in doing this, these 15 years that whether it's adult baby, whether it's flogging, whether it's foot fetish, whatever it is, the bottom line is to release that control and escape that responsibility. And, and and to get that sense of freedom and safety. Regardless of what avenue you use to do it. That pretty much is it what Do you say that baby?

55:01

Yeah. I would say that. Yeah, that would probably be.

55:07

Okay. All right. Well, I'm glad you listen to us and then come back and check us out. Yeah, it was

55:13

on last week during the we're talking about meat rack.

55:19

Okay, good.

55:21

I wasn't too informed about what that was. But I've been listening. So, okay.

Chris Harrison 55:26

Are you glad we can help you out on that? All right. All right. Thanks. Bye. We have someone else caller. You're on the air. Hey, how's it going? Great. How are you?

else cancer, you're on the air today, how's it going? Great, how are you?

55:38

I have kind of a strange question in that I, I've looked at this for a long time off and on. But I've always just kind of been afraid. I mean, I know it sounds silly. But the idea of giving someone that much power over me has always just frightened me. To an extent. Does that make any sense?

56:02

That makes all the sense in the world. And first, I'd like to congratulate you for at least just coming this far in making this phone call. All the exploring that we do. It's basically a road that kind of tries to lead to us. This is an experience and adventure into yourself. And if you weren't nervous about going on it, you should be. Okay. So fear is a good thing at this point. And pay attention to it. And it will keep yourself safe. But you need to. If there's someone that you know that you feel comfortable enough talking about this with. Try to explore it. But make sure it's someone that talks to you about what's going on what it is you want to do. Make sure they give you a safe word. If it's someone that you meeting for the first time, be sure that you have a have left a number with someone else you need a call person. Are you with me on this? Yeah. Oh, yeah. Okay.

57:29

Well, I mean, I'm possibly a minority of your listeners. But I'm married. And my wife and I have talked about it. And I work in nightclubs. And I've been around, you know, all kinds of different scenes. And I know a number of people who carry on the same profession you do, and I've had the offers. And it's always been, it's always been a control issue. It's always been, do I trust someone enough? Literally, with everything. I mean, after reading, after reading Gerald's Game, nothing was saying,

58:03

well, he could understand

58:07

me because that was a book that just took all of my fears and put it on paper. But even with my wife, it still I mean, and granted, this is something that we've, you know, joked about and kind of in passing talked about, but even with my wife, who I would, you know, would literally die for, there's still that trust issue, there's still that that fear?

58:28

Well, you don't just the way to find out whether or not the pool has water in it is not to jump in

with both feet. Yeah, you know, take it slow. Start off with something very slow. The two of you get together. Talk about what your interests are. Make an area in the room and call it Switzerland. Whatever you talk about there stays there. That makes sense. Set up these boundaries. Go slow. Say well, let's maybe try this next Tuesday. Set it up for to be comfortable. Prepare for it. Create the atmosphere. I don't know who's going to be topping who or bottoming or whatever. But make it nice. Do whatever you can to where both parties can feel comfortable.

C

Chris Harrison 59:28

You just don't just don't jump in or go out and buy all the apparatus throw it up in your dam. Make it done talk

Ω

59:33

about it first. And the most important thing with all of this, that's what I touched on before. What a lot of people don't see in these videos and and all of that and things like books like Gerald's Game. negotiation. Yeah, this is about negotiation. Like, Hey, I'd like for you to do this to me, but what you feel like doing on Tuesday You may not be in a mood for on Thursday. Yeah. So you have a safe word put in place. And no matter what, you honor the safe word. Yeah, you go you explain, look, I don't know what your wife's name is, let's just call a Mary Lou. Mary Lou, you can. You cannot use this to get back at me for what I did last week. Yeah, it can never be used in that way. And that's why you set up this little, these little parameters. And you negotiate and you work in that and you negotiate and talk about it, until you're willing to give a little bit of trust,

C

Chris Harrison 1:00:48

and to be on the safe side the week before you started to spanking. Make sure you put the lid down.

Ω

1:00:54

Good advice. But But that's it, you just have to start nice and slow.

Ω

1:01:03

Yeah, I think one of the things that, that just for me, personally, it's always seemed, and this is gonna, you know, like I said, it just seems so it always sounded, if not violent, violent acts. And that's always kind of, well, that's not what that's not, especially when it comes with my wife. It's not what I want. I don't want to throw my wife on the bed and ravish me, you know, granted, I probably do, but, you know, but that's not that's not part of it. I mean, I guess my thing is, I just don't want, I don't want to look back, and two months later, feel that I did something wrong, or that she did something wrong.

1:01:40

If the two of you have discussed this, you've negotiated and you've come to an agreement, then how can it be wrong, then we just kind of talking about, about guilt. And unfortunately, we as Westerners kind of guilt just kind of seems to go along with pleasure for some reason. You know, I have that same feeling about cheese cake.

c Chris Harrison 1:02:06

Yeah, okay, well, let me throw this out and see if this is if Max would agree, if this would be like a first step to start with this, you know, go down to you know, they got hundreds of dollar stores around here, get yourself you know, a feather duster, or one is electrostatic dusters. Lay down on the bed, no restraint, no, nothing, just use your own body and say, I'm willing to lay here and just let her rub it on, you just let it touch you. And, and just start

1:02:32

that way. So it depends on what what he wants, you know. But that mean that that way

c Chris Harrison 1:02:37

of giving up control saying you're just going to lay there, and let her take this, this item of pleasure, this soft item. And you know, caress your body with that, and then start moving up more where you're where you're giving up your control in steps where you know, baby steps, maybe, maybe the next time you go straight

1:02:58

for the flyswatter

c Chris Harrison 1:03:02

the next the next time there you use the you may put a bed sheet around one wrist a tying it to something secure, or you just tie the bed sheet or onto your wrist but don't have it attached to anything you have that you just hold

1:03:14

on to it basically, and use your safe word and try it. I mean, you know, even if she's not doing anything to hurt you or harm you use your safe word. Yeah, and see if it's honored

00:00:00.000

Chris Harrison 1:03:29

using regular sex because I mean, if a guy tells a woman to stop, you know,

1:03:35

you have to use you have to use a word that has absolutely nothing to do with what's going on. Yeah, because Oh, no, hell no. Oh, help me. Oh, God. That just sounds like you're having a good time.

1:03:49

Some kind of gaming system that had a safe word for some reason. And it was Abraham Lincoln.

1:03:53

Yeah. Something like that. In the industry, most people and it's kind of universal. Use a stoplight system. And when you're not familiar with the person that you playing with, you might you know, ask them periodically at what light are you sitting? Yeah, green means everything's okay. And Burmese. Tell you you know kind of on your way Liz raise up a little bit. And red means to stop immediately. Whatever's going on whatever you're doing. That's it.

Chris Harrison 1:04:31

The Homeland Security is instructing our be BDSM community. Okay. Yellow Alert and,

1:04:39

yes. All right. Okay, and let me know how it goes. I'm here the fourth Saturday of every month. All right. Well, I'll try to I'll try to give you a call back. Yeah, be safe and well,

1:04:53

thank you. Y'all have a good night. Bye.

Chris Harrison 1:04:55

Bye. I really wanted to pop in something here real quick.

Bobby 1:04:58

I had a new experience today Oh, so you know, I have several friends in the leather community

and I had a Thanksgiving dinner, post Thanksgiving dinner, and they live a leather, they live the thing 24/7 I mean, that they're, you know, they're slaves, the, all of that. And it was, it was very, because I've never been in that, you know, I've had lots of friends, and I just never. So it was very interesting to have people, you know, being, you know, being the servants. And, you know, and, and everything was done on command and everything was done a certain way, you know, you know, and they live this life, you know, all the time, this is their life, this is who they are. It was a new experience for me. I mean, you know, because it's a, you know, they consider themselves a family. Yes, they are, you know, there are contracts involved, all of this. And they, you know, they know where they're at what their limits are, and what what is agreed to and right, this, that's one of those another segment of the community all together. Family,

1:06:19

it's, it's amazing. And I think that's why I really love this lifestyle as much as I do. Because it is necessary, to be honest, to be open and willing to sort of go beyond and to in its relationship that you negotiate. I think if vanilla people and by vanilla people, I mean, people who are not into alternative lifestyles, would negotiate their relationships, as opposed to just going on some fantasy, you know, yeah, it's like they're dealing with the fantasy and my fantasy is much more real, then I think relationships would do a lot better. You know, especially as women, sometimes we give more thought to a pair of shoes that we buy them, the male that we allow into our lives. But with this

1:07:24

fetish that hasn't been realized.

1:07:28

But with this, you know, when you get together with someone, as as a top, it's like, I want to know what their interests are. You know, I want to know what they want out of life. I want to know, what they're willing to how far they're willing to go what they're willing to offer. I have to, you know, state what I'm willing to offer. And it's like, no no BS about it. And if I end up in a relationship where someone has given me Bulcock ah, then it's like, well, you know, no, I can't do this. Because this is what I told you that what I'm interested in and you've changed the deal here. So you know, I'm gone. makes things a lot easier.

Chris Harrison 1:08:15

Yeah. And I have a friend of mine who was getting in a relationship and he was checking out his partner is potential partners computer and found some BDSM stuff and was like, you know, how do I bring this up to him? I mean, should Is that what you're planning on moving in with him? And unless like, you need to find out before you wake up one morning, find yourself in a in a diaper. Urine chained to the bed, because those were the sites. You can't change

1.00.12

1:00:45

the baby to the bed.

∅

1:08:47

But that's You can't change the baby's

C

Chris Harrison 1:08:53

like, never like there's certain things you got to shot.

∅

1:09:01

Excuse me, am I looking for somebody named Peter? You know?

C

Chris Harrison 1:09:10

I mean, it's one of the things you have to you just don't jump into it blindly. Oh, absolutely. I'm not eyes wide open, and know what you're getting into. And, you know,

∅

1:09:21

but you you really do have to kind of what is that man phrase? Take the bull by the horns, in the sense that you have to let go of some fear. You know, my favorite one of my favorite people, Eleanor Roosevelt. I think she did such a fine job of running the country. She's been saying, you know, to paraphrase, this is the thing that you fear the most is what you need to do. Oh, Mommy, please. Yeah, now and this can be an extraordinary adventure. Extraordinary, because you're really looking to face your limitations. Now, your hang ups, and it is definitely a freeing experience. As they say there is definitely freedom and bondage.

C

Chris Harrison 1:10:23

And a lot of they say, you know, the people who are the most uptight those are the ones who want the

∅

1:10:28

Yeah, yeah, it is the people with the most control that are mostly looking to give it up, even if it's just for an hour. So now,

∅

1:10:39

several years ago, I had a facility I had several dungeon rooms and I had a couple of ladies that were mistresses. They saw gentleman and I saw some ladies who are coming in for sessions. One of my mistresses one of our best clients, for lack of a better term, was a full bird colonel in the army. And his entire session consisted of cleaning toilets, being talked down to ridiculed and his rationale when I spoke to him one day was he's he's treats his his privates and sergeants and captains so badly, to be able to put up with how he treats other people he needs that release to have someone do it to him now.

1:11:23

Kind of keeps you grounded, too. You know, because you that, that absolute power can crop turn around on you, you know? So if you kind of take that mental vacation and get brought back to reality, karma, yeah. To a certain degree, yes, it is. You

Chris Harrison 1:11:45

have the guy who orders people to scrub a latrine coming in and having a female say, you're going to do

1:11:53

exactly, exactly. I've had people come because they feel bad about how they've treated their wives. I've done stop smoking sessions. Oh, it worked really? Well. Yes. Oh, yeah. Oh, yeah. Definitely.

1:12:12

We're signing Jimmy up.

1:12:17

Yes, it can work indeed.

1:12:23

Or something. These last two callers. They both have a curiosity and they want to progress with their their curiosities. Are there any chat lines on the internet? So you keep coming back to the internet? That you know of? Or do you recommend that just to get some questions answered kind of anonymously, and to progress?

1:12:43

Actually, you know, what I did not do chatlines. And the reason I don't, and I really don't

recommend it, because there are so many people on there that are full of caca misinformation, totally. I had something I do not recommend. I do not do cyber domination. Because you you have people talking about doing all kinds of stuff and telling you to do all kinds of things to yourself, first of all, that is humanly impossible to do to yourself, you know. And this is this is about human contact. This is about power exchange, to human beings agreeing to come together and explore physically, spiritually, emotionally, and you just cannot do that kaka on a computer. I'm doing good with the Congo. safety factor. Yeah, it's it's, it's just not I mean, you could be thinking that you're talking to some six foot Amazonian Goddess, and it's, you know, a 90 pound 18 year old guy from Pasadena,

1:14:03

who stands for foot three, and

1:14:07

it's not something I recommend,

Chris Harrison 1:14:09

always or better without Yahoo Messenger. Yeah, yeah. I don't need to tell you

1:14:16

sit on a burning right, you know, right. I do not recommend anyone who has a genuine interest in participating in this and growing with it and going with

1:14:27

websites. Because I mean, like there's sort of a chat room mobile website. Well, there are some things that like I would say, particular fetishes that people are not comfortable outing themselves with quickly. And that I have found through some websites, support networks, okay, cool, who are interested in the same thing, all right. And I mean, some of the most extreme of extreme mm

1:15:00

No, well, I'm sure that there is definitely. And more than one person out there, fetish. If you don't mind,

1:15:06

I'll give the the web one website in particular. Sure. Because actually really, as for me, it's been

full of people that are genuine and have genuine interest in similar things. And it's everything from your type of music, to spirituality to BDSM. Whatever far out, you want to go gay, straight, bisexual, whatever. But it's [www.tribe.net](http://www.tribe.net). And there are tribes on there for just about everything you can imagine. And you just fill out profiles. So you have a good inclination, with photos and you can upload as many photos as you want. But

1:15:43

then again, it's still a matter of whether or not that person is real

1:15:48

is there's a lot of Inner Inner inner sight messaging, and so forth. So you can actually develop some contact information for people if you desire to meet someone or something like that.

Chris Harrison 1:16:01

Great. Let's step out for just a moment. Here we are, it's top of the hour. So a couple things we have to do. Unlike other stations, we don't say we're here to pay the bills. We've KPFT and Pacific Foundation are working on democratizing the process of how the station and the network is governed. And here's another candidate for the board.

1:16:22

Here's a candidate for the KPFT Station Board.

1:16:25

I'm Sims McCutcheon candidate for the KPFT Local Station Board. I've been a listener supporter of KPFT. Since 1973, I'm a retired librarian who has worked in some of Houston's most diverse neighborhoods. As a member of the Local Station Board, I will work to see that listener concerns are heard and addressed. I will strongly support the alternative news programming such as democracy now as well as BBC News and would advocate an increase of local news programming since KPFT is the only independent broadcast voice in Houston. I will support music program at KPFT, especially the Pacific of mission to provide performance opportunities for amateur musicians of quality. I will advocate increased community outreach to make KPFT, better known in Houston. Again, I'm Sims McCutcheon, a candidate for the Local Station Board, and I would appreciate your support. Thank you.

1:17:11

You can still vote you can bring your finished ballot to KPFT for 19 lavet Boulevard this Monday from 10am till 9pm. You elect the board don't lose your vote.

c

Chris Harrison 1:17:23

You're listening to after hours queer radio with attitude here on listener sponsored commercial free Pacifica radio for the Gold Coast. KPFT 90.1 FM Houston 89.5 Galveston and always on the worldwide web KPFT dot O R G it's below music in your ear and we'll be back with a little bit of wrap up on the leather line. o

1:18:07

Oh, I shouldn't have gone out for a smoke on that one.

o

1:18:11

Okay, wait for that now. Yeah.

o

1:18:15

Okay. So anybody else out there? Want to talk to me? I want to talk to you. Come on. What do you think about all this stuff? We're talking about dials up? Yeah. All right. But you know what? Oh, I didn't bring the toy of the month were black bag.

o

1:18:33

And slay my slave

o

1:18:35

has it and he's gone. Anyway, I better come slave with a little black bag. The toy of the month.

c

Chris Harrison 1:18:46

You know, where did you find when your next your next show? Yeah, it's gonna be very appropriate for you to bring a toy bag. It is because your next segment is December 25. Isn't

o

1:18:59

that wonderful? Oh, right. Okay. Oh, dear.

1:19:05

spilling all over.

1:19:07

Yes. Is this lovely? It's a CB 2000. And it's a plastic chair study device. For men. Yes, definitely. For men, either that or you'd have to have a very large clitoris. Yes, you can say I could say clitoris tiny boobs. I'd tell you I'd like to see the woman with one net size. We could talk anyway, it's adorable. Even has numbered plastic locks that you can put on it. So to make sure that he has not changed it, but the beauty of this device is you can wear it going through the airport.

Chris Harrison 1:19:51

Ah so you won't have to

1:19:53

know metal inhalation.

Chris Harrison 1:19:56

Yes. Now how does it know for you?

1:19:59

You Put the penis and the sack through here.

Chris Harrison 1:20:04

Okay, it's a plexiglass ring. Very large O ring. Yeah, it's about inner diameter about two and a half inches outer diameter about three.

1:20:16

And I have no that's the large size. They've got sizes. Yes. Okay, so you put the penis in the sack through here.

1:20:25

Then you put it would probably be this size depending upon how long it is how many this on?  
~~And the sack is between these two rings. Okay~~

AND THE BACK IS BETWEEN THESE TWO FINGERS. Okay,

1:20:40  
Okay

c Chris Harrison 1:20:46  
Matt, would you stand up and help her give it?

1:20:49  
Stay? She never was

c Chris Harrison 1:20:52  
worth a shot for you.

1:20:53  
No, thank you.

c Chris Harrison 1:20:56  
Anyone out there in the lobby want to be a guinea pig for a chastity belt? Sharon lock it for you.

1:21:02  
Maybe get

c Chris Harrison 1:21:05  
get him get Jimmy in here to be a volunteer.

1:21:09  
There is no key.

1:21:10

We have a Volunteer. Volunteer. We have a volunteer.

 Chris Harrison 1:21:16

Roy came in to watch

 1:21:19

back on

 1:21:29

we're gonna lock him up. Okay, what is this thing? All right. Well do what do you want me to do? Put it on your ear

 1:21:39

description of what happens first? Okay. Okay, ladies and gents.

 1:21:44

Fall out that much.

 Chris Harrison 1:21:48

We're going to be demonstrating on air how to place a chastity belt.

 1:21:51

All right. Dear, my hands are cold, aren't they? Wonderful.

 Chris Harrison 1:21:57

So the first ring is going on? The testicles are going through the

 1:22:01

ring. Okay. Testicles go through first. Yes.

c

Chris Harrison 1:22:06

My god I'm a play by play announcer for

o

1:22:09

they helped me pull that through the public services there we know

o

1:22:16

making radio

c

Chris Harrison 1:22:18

and other ring is going on. over just the penis. Okay, and there's little there's a series of holes on the top of the ring. Yes.

o

1:22:30

Through the use of a plastic dowel K plastic dowel coming through. Okay, make sure that the bowls don't get all crushed up. Okay, okay. And then we put the couple on. But here we go. Which is

c

Chris Harrison 1:22:53

a piece that has a slight angle as well. So things down naturally and Okay, fairly natural.

o

1:22:58

And now we have this come through here. Okay, and the

c

Chris Harrison 1:23:03

plastic dowel is what gets the looks like one of those. This is

o

1:23:07

a plastic chastity belt. That

o

1:23:09

is correct. And the plastic

 Chris Harrison 1:23:10

lock on it there looks like the new things they use for the temporary ones for luggage. That's how you use it Okay, and

 1:23:21

now she's gonna lock me up to

 1:23:23

Yeah. And now a hard time with a lock. Now if you're not doing the visa really for travel, I'm not gonna lock it. Okay.

 Chris Harrison 1:23:35

Oh come on. Do you Danny and personally you can pee through yes

 1:23:40

you can pay through it. It's wonderful. You can shower bathe? And because there are no metal pieces you can go through middle

 1:23:52

except for another x ray machines that show everything

 1:23:56

not not for the body there's there's some of them

 1:24:00

that will there's some of them that will get stopped but that

 1:24:05

but it doesn't look like C four or something

c

Chris Harrison 1:24:08

the interesting thing of what of what I can see with that part is it would actually watch that picture going by on the screen and

o

1:24:15

that's that's where the humiliation comes in.

c

Chris Harrison 1:24:18

But you know that's one of the benefit is in the benefit of this is new to passion not just is it like a a single Cochran it's a double cock ring with a hard plastic so yes once once you bundle back up, you know you have the impression of a bigger

o

1:24:36

Look at that. This shows off. It looks like a penis J

o

1:24:46

cage. Yeah, okay, so it makes you very healthy.

o

1:24:51

sexually aroused.

o

1:24:53

Then it becomes a bit uncomfortable. Yeah, but there's nothing you can do about it. Teach Do

o

1:25:00

not to get too excited.

c

Chris Harrison 1:25:01

So how come how uncomfortable is it?

1:25:03

Pro is a third grade goal? Get that you're in trouble.

c Chris Harrison 1:25:08

So somebody asked him How comfortable is it with wearing that? Okay, well,

1:25:11

why don't we find out? Somebody helped me out here.

c Chris Harrison 1:25:16

Jimmy will be glad to help you. Jimmy,

1:25:20

actually, Texas Department of Criminal Justice probably use a few 100. Okay. Yeah.

1:25:26

But as long as you're not aroused, it's okay. And if you're if you're longer, you can of course, add more rings. Yes. And it even has little extenders. Yeah, because you

1:25:41

don't work for me too much. Because I'm

1:25:44

uncut. So I had to pull back to pee. So you really have a problem? Yeah,

1:25:49

it smell bad.

1:25:53

The issue that you learn you learn how to deal with that when you have

1:25:59

actually, you could take a couple of Q tips. Oh, to sort of, oh,

1:26:06

I think you have to sit down to pee.

Chris Harrison 1:26:09

Or you know, always got chopsticks at the Chinese restaurant. Yeah,

1:26:13

just take it and just pull it back. So it would work.

1:26:16

I can't really feel it too much on there but it's all well that's

1:26:20

it it's something that can be worn for periods of time. You know, you can wear it for long periods of time because you can bathe and shower and clean yourself. You just can't get use it and direction

1:26:33

Yeah, yeah,

1:26:35

it would hurt in the morning.

1:26:36

You're hurting the morning yes, yes.

Chris Harrison 1:26:30

CHRIS HARRISON 1.20.29

It's a hell of an alarm

1:26:40

or not a shower.

Chris Harrison 1:26:43

Alarm clock but one good spring and you're up at 530 Yeah. The crack of dawn the rip of the nut.

1:26:55

Okay, so now you have to find somebody to get you out of there.

Chris Harrison 1:26:59

I think Jimmy's going to pull rank on that one. Jimmy I just put it on you chew through it. I was gonna recommend

1:27:15

using your math your oral dexterity wasn't surely prevailing

1:27:25

and it has a number on the lock so that you can't fool around and like replace it with something you have you write this number down and the number had better be the same on the trailers of a rig actually you can come on and get it on the internet actually I got this in New York at a place called purple passion. Okay, but I believe they yes purple passion.com Okay, but I think you might be able to find it at Delaware here in Georgia yes Delaware has lots of lovely toys

1:28:10

it protects it from defects right

1:28:12

yeah got those balls there he said read

1:28:27

Jerry he's all red in the face

1:28:35

you're holding it like that it's gonna protecting himself he doesn't trust no trust for a second look. Yeah, see it's got the little hole there. Test

1:28:51

the undercarriage is not really protected all that well.

1:28:55

It's what makes the ball torture so much

1:28:57

easier. Oh absolutely. Just you know,

1:29:00

not only that, but like a couple of close pins still fit on there. Oh,

1:29:04

many clothes pins would fit on my golf shoe string around it. I mean 911 I could get 11 clothes pins on there. Oh my god. You can't do any clothes pins in the house. Bobby God, where is it good. laundress when you need one sleeping

1:29:35

now is the time you need a piercer to come in because that would just ornament that so well. Just right to

1:29:42

the auto Nino highway the hills

1:29:45

Highway to Hell. We could do a little piercing to

1:29:49

down the street we can get there.

Chris Harrison 1:29:57

The way we're going there, you know I get that I've got diked the halls. I don't have Deke the halls.

1:30:05

Anybody out there I have my ACB 2000 Why don't you call me and tell me how much fun you haven't had with it? For one,

Chris Harrison 1:30:15

and now what we're gonna see is what now we'll have the reaction and what happens when a state of arousal. Uh huh. It's me. Now, I

1:30:23

can't stick my finger in there. But

Chris Harrison 1:30:26

you can probably get your tongue in there jamming. Let's see what happened when Jimmy gets his tongue stuck in there.

1:30:34

That would be interesting.

1:30:36

Can I call Paul and see if he can bring his camera by first?

Chris Harrison 1:30:41

Chris Harrison 1:30:41

Yeah, I can see that. It's

1:30:43

the it's the frozen pole in the in the middle of the court.

1:30:48

What's interesting is my genitalia follows the curve of it. Exactly. ergonomically correct.

1:30:54

That's right. You can say penis on air.

1:30:58

Oh, so So actually, you can continue to stand up and pee. But you just have to be more boldly to

1:31:06

standing at a urinal speaking from somebody who has experienced with the sprinkler tiny rain Oh, okay. Okay, you okay? You're in a bathroom that that locks in as an individual when just lay it in the sink. Run the water. Nobody knows the difference. I think you're washing your hands.

1:31:26

That's why I stand up in those

1:31:31

urine urinal, you just move closer to it and lay yourself over it. Yeah. Make sure that you're covered by the sides in the underneath. Right exactly.

1:31:41

You just have to stand over the bowl.

1:31:45

Toilet for an option. You can stand over the center of the bowl, pull your pants back from behind and hose down straight to the middle. Okay,

1:31:55

this is more on on a curve you really would have to lift it up a bit. Do I need to round

1:32:01

this thing this tag comes off gotta put a tag right yeah, you'd have to use one of my

1:32:14

you're gonna let him do that.

1:32:15

He's not my toy. Oh.

1:32:21

Okay, well when you cut it off, do be careful not to cut yourself Yes. Let me do that if you're interested or we can talk about bloodletting Yes. Yes, little blood play. It also protects it from that makes it like not fun to flog it's like a cup Yeah, yeah. So that is the toy of the moment

1:32:45

hate to get kicked in the Jimmy with that on

1:32:49

Yeah, that could be

1:32:53

look like plastic shower curtain.

1:32:56

They do I found a new a new way of using plastic shower curtain rings. I mean

1:33:01

you can you can with with shower curtain rings but you know when would have to be you know  
When is he coming to take a picture? No.

1:33:19

Okay, we're gonna get a picture of it.

1:33:21

I'm sorry. Anybody bring a camera? Not me. Jimmy.

1:33:26

Does anybody have a palm? Oh, somebody's got to have a selfie of course. Yes. Yes, we do. As  
a matter of fact. Let's see the

1:33:40

pull down more. Okay,

Chris Harrison 1:33:43

ladies, it's not like it's the first time those things have been photographed. Now you're gonna  
have to email it to the radio station. Yes. Okay store smile

1:33:56

tried to get up for

1:33:59

door Okay, store only does that mean I can't send it or what? Good, huh? Oh, did someone find  
a camera

1:34:09

and you can email it to Jim carper@aol.com

1:34:14

Do it with your palm surely. Because I know you can can do it with that

1:34:20

are gonna walk around.

1:34:21

I know you've seen the SCP 2000 before Yeah, I'm sure dear where it does. They haven't. They haven't so many marvelous things. It's Delaware on West Coast time or in Fonderie.

Chris Harrison 1:34:38

Pictures taken at least combed the area first.

1:34:44

We've got no no CB 2000 fans out there.

1:34:48

Why not? Here we go. Can we take a pink lovely chastity

1:34:51

device? I don't have anything on that one. No, no, no no redness. No fun. No no fun at all. No butt plug

1:35:08

Okay, so it was actually some some heavy duty scissors. We'll we'll get you out of that. Oh, I got my oh my gosh

1:35:17

next to it that's hot

1:35:24

guy just popped away

1:35:27

there we go you can take it off

1:35:30

almost brought up a castration fantasy. What's that about?

1:35:37

Well yeah, that's yeah, we'll do that next time

c Chris Harrison 1:35:39

that will be on December 25 This show of losing Santa said I'd like to help

1:35:46

him. Okay, so next show is Christmas. I'm loving that. I'll have to bring something special. I started to bring SpongeBob back. I've had a few people email me wanting to know where they could find SpongeBob

1:36:02

I told you I saw that kid and what

1:36:04

were you here when I bought my SpongeBob it's a prevertebral I like to take regular household things or toys, you know and pervert them. And I have this SpongeBob toy that is absolutely fabulous. SpongeBob

1:36:20

SpongeBob she's it spins and wax and does kind of neat little things to your mother. After I'm walking through the mall, and there's this kid running around with one going and I was like whoa dirty. Oh man.

1:36:42

She brought it in a few months ago.

1:36:44

I know that exact toy that you're talking about my nephew. Oh, it is awesome for when he got it for his fourth birthday. And I've me and my sister his mother sitting there looking at this going. Wow, you could use this for it because he's got the nose that's like this long.

1:37:00

Oh no mind doesn't mind doesn't have that. Oh, mine has these four arms that just kind of rotate very fast. And yeah, they're great for nipple torture

1:37:16

knows it's like this long. And his mother My sister is into the BDSM thing. And she's like,

1:37:23

wow, oh, that's terrific.

1:37:27

It was a nice thing. Yes. Yes.

1:37:28

It's a lot of fun to take regular things to play with you don't have to go out and spend lots of money or any of that you can you know wooden spoon you know you don't need row you've got pantyhose, ties.

1:37:45

Ribbons. Yes, bachelors.

1:37:47

A

1:37:48

lot of women have taken this fly. So I made pocket rockets out of them.

1:37:52

Yeah, I mean you can actually make an arm harness harness with pantyhose you know just put those arms behind you can just put them all in one leg. It's great. Cheaper to Yes. And then you can just work out on on those nipples and everything. It's fantastic. Just kind of do it yourself kink

Bobby 1:38:14

because this is starting to give me a whole new perspective on an old Peter Paul and Merry Christmas song. Oh my this being the holidays.

1:38:25

Okay, and I'm sorry

Bobby 1:38:31

there's a song that goes you know, it's about a toy and and it goes you know, it went when it's zip when it moved and when it stood still I never knew just what it was but I and I guess I never will and it's and you never know what the toy is but but everybody in the in the story loves that toy you know know what they're doing with it. But they love that toy
