## SPEAKERS

Chris Harrison, Bobby, Jimmy Carper

---

 Chris Harrison 00:03

This is John Kay. Not working and I'll just Okay, we're back. It's after hours. I was trying to play a song but you know, I didn't have the CD queued right and all that other block. The music you just got through hearing was Trans Siberian Orchestra Christmas Eve in Sarajevo. I figured since he gave it up for the for the cause will Oh, play a song and that was by request. Jen Barlow. Jerry Falwell is coming to town.

 Jimmy Carper 00:33

Oh, favorite that was in the late 80s. Well, probably Yeah. Eight in the middle at

 Chris Harrison 00:40

the thing on here. Three. Travis

 00:43

at six. Yes.

 00:50

Shut up.

 Chris Harrison 00:51

Oh, that's why it's not working. But that's why that's why I put a burnt cd into CD drive number two. That's why the thing didn't work

two. That's why the thing didn't work.

01:01

Okay, there we go. You gotta watch. You're gonna take a pay cut for that.

c Chris Harrison 01:06

Yeah, like I'd notice.

01:09

So Stacy here. Yes. Is it time for the latter of

01:14

the week? Yes. Since he did get skipped over last week, too. And I thought, you know, I had so many that we didn't get to him. Oh,

01:24

I had so many that I just could we

J Jimmy Carper 01:26

had one this week and it was addressed to Stacey.

c Chris Harrison 01:31

And you know, we're not criticizing the MBBS because you're sure as hell we don't write back. So yeah, that's

01:36

the way we answer letters. There won't be air.

01:39

I've written back once. Only once. Uh huh. Well, it was a good letter. Oh, that's right. Yeah. You know, it's been busy for me lately. I've been dealing with lots of other trauma and drama besides my very own. He says this is from RJ Hey, RJ Hi RJ. Oh, and I loved the tracing last week

by the way so yeah, I almost had to fight Jimmy for it but you know the

c

Chris Harrison 02:10

paper cuts on the tongue you know, it

o

02:12

was very hot very, very hot.

o

02:15

So I'm sorry that we missed your letter, but I'm glad I did get to say goodnight team because that made your night says Hey there friends how are things in Houston hope this letter finds you in the best of spirits and health. It's a little after 1am Sunday morning and after hours is flowing through my radio. I guess I've become an addict of a new type. It's amazing that I sacrifice sleep on the weekends and I work now weekends that I work such as this one to tune into the radio show. Only if you knew exactly how much I love sleeping.

c

Chris Harrison 02:49

What a coincidence, Stacy, like sleeping around.

o

02:54

Alex, I like sleeping sideways. Thanks. I haven't slept around in a while. Come on. Okay.

c

Chris Harrison 03:04

I'm sorry for besmirching your reputation.

o

03:06

I know. Make it like I'm just a common tramp.

c

Chris Harrison 03:11

Nothing about you. That's awesome. I

o

03:12

know. I'm just so he's every weekend regardless of his upcoming agenda. I'm listening. I'm listening to the show in its entirety. But of course, my favorite part is my chance to hear you. Oh, the best part of my week. Thanks, Stacey. And he has a song request but unfortunately we don't have it here and I don't know that the FCC will allow us to play certain aspects of closer closer and he wants to dedicate it to me but I do have the CD at home so I'll just go home and play it to myself tonight.

03:45

Well, you'll play with yourself tonight. Yeah, while I'm listening to the song

03:51

so he goes on to say on and on about his agenda for the weekend and the dogs on the rain and the horses and all the feeding and trauma and how much he likes the new Camaro that's so fitting. And he does say all man he gets kind of like into the bottom part of this page and it's all man. I must have got placed on the back burner. Wait, maybe not since you since you told me Good night, RJ. Okay, you caused me to leap with joy when I heard that. Until then I was like, oh, man, my letter. But it's okay. I know you got it. And that's what counts. I believe it makes you happy. Oh, yeah. I'm smiling from ear to ear. Yes, I am. I am. And the topics at hand were far more important to the community than my response time. And you know, you're getting this week all to yourself. Now I want to talk about your last couple of topics, the meat rack and he said Ryan Matthews better thing he means Matthew Shepard, it's 6:50am so it'll have to wait till I get from work. Things have been on my mind, especially concerning the death penalty. And he goes on More just say how much it made him feel great about the good night, RJ. And he just says he just wishes he could have been right next to me. Thanks for those feelings. But then he goes on a good tirade. And I'm so in line with your beliefs on the death penalty, which will save for another aggravated so when I feel like getting my blood pressure worked up over something

Chris Harrison 05:24

or another show when nobody shows.

05:26

Yeah, well he Yeah, I mean he and he does say to begin with I know we all have different different opinion. And that's groovy and we respect that however my opinion is that the death penalty should be removed. And he goes on to kind of talk about some issues that Chris had brought up with the guy who went to college. And then he says, you know life without parole is more of a just sentence for someone who in quotations deserves the death penalty. Put yourself in my shoes for a second. I'm in prison for eight years a short time in my life. Yet the experiences I go through daily, be it bosses or inmates Bs is pretty dramatic. Imagine being locked up on a supermax facility never again being able to touch the ones you love. So he you know he goes on and on. And I get it I understand it and I'm in the line with you I just don't think but there is something where do you Where does he say this and I really loved his wit here someday just imagine waking up to your to your morning shave and realize realize this it

is it does killing the convict bring back the victim no does killing of the convict place ease on the victims families know at least it shouldn't let these so called beasts sit in prison and think about their actions just like I'm forced to think about mine who knows maybe their experiences will help a lost soul to find him or herself and they can rekindle the flame of life. Just a thought. If a guy kills a person, he's a murderer. If he kills 10 He's a serial killer. If he kills a million he's a leader. A conqueror, aka Hitler. And I'll say aka George Bush. Just a thought. Is it right on either end? No, just think of the definition of conquer According to Webster's college dictionary says to overcome by physical mental or moral force to get the better of to defeat that's what the state of Texas does with every single execution they perform. Note George W. Bush 200 Plus executions in 2000 Go figure moving on off my soapbox. I thank you for allowing me the time to get on my soapbox with your soapbox. So he says he won't ramble on and something about moaning with delight. I want to make human with delight. That'll be later Honey and just listen real close. He says some more wonderful things that are making me blush

 **Bobby** 08:05

thing makes Stacy blush

 08:07

no but it's the best way I can describe it on air it's getting a blood but

 08:13

yeah, I'm not blushing in the face honey. The sizes are right me when you get a chance. This backburner shirt is cooler than the front take good care of yourself and always have sweet dreams you deserve them all good night beautiful. Does that word have to always mean physical a physical characteristic? No, it's inside and out with me. And I remain faithful and forever. So go again QD is in the eye of the beholder honey in the last I saw you weren't winning any pageants

 08:51

Thank you RJ

 08:53

I was saying as far as just talking about the MBBS say sorry a lot for those at the LS unit who probably got locked down when that plane crash we feel sorry for you right now. Yeah, no kidding. Because I know as soon as a plane crash they probably lock the entire unit down think so. They probably did

 **Bobby** 09:12

the one that didn't kill George Sr.

 Chris Harrison 09:15

The one the one in Huntsville the experimental airplane that crashed on the ground so

 09:20

it crashed near the unit so they probably locked it down. I feel sorry for those out there they're listening I got locked down okay. What

 Jimmy Carper 09:26

does lockdown really mean what what happens in lockdown

 09:30

when they do a lockdown they return everybody their cells? Yes they close the doors and you're not allowed out except for one hour for showers. And that is it. They bring your food to you. They the guards have to make it and they don't make the food very well but they make it and it's usually peanut butter jelly sandwiches and some kind

 Jimmy Carper 09:47

of fruit. Worried about mail and stuff like

 09:51

your mail gets delivered to you by the guards they bring in the bosses they call them they bring them in and drop them off to you sell to sell So you can still pay you still receive mail you still receive, send out mail. It's hard to do that. Okay? Because you got to get the bosses to do it. And if you stuff ain't ready, as soon as they show up, it ain't going out. Okay. You know, and it's just difficult because you had to stay in a cell with you and just one other person. You got to get along with them. Yeah. You know, or you end up fighting, you're getting a lot more trouble. Yeah, no

 10:26

kidding. Because you're there for what, 23 hours a day. Yes. Wow.

 10:32

And I went to one I was on a maximum security prison, you know, I was in gatesville at a huge unit, which is a ID unit. It's a institutional division unit, it means that those people are going to be there for life and a little bit more. And I was there because I was I was supposed to be feed nag say I was working in ag kitchen feeding them. And that unit is not nice. You have to be practically totally blood for deliver papers saying that you are married to the person to be able to talk to him and be have physical contact. Wow. And the guards are real particular about people they lead into visit. And what you had to look like, well, you know, they searched the entire car. They do everything.

♂ 11:17

Man.

♂ 11:19

You know, it's real difficult. I had an individual come visit me it took him five tries before he visited me once. And that was it. A lot to go through.

♂ 11:28

Yeah. And that sucks. Yeah. Hairball.

♂ 11:38

Was it metaphorically?

♂ 11:39

Yes. Not in a good way.

♂ 11:42

There was people there that did that. But you know.

♂ 11:48

You told us about that when I

♂ 11:51

received no letter for nobody. Nobody cares about me. Oh, it's all right.

Jimmy Carper 11:55

Okay, that's Devon de VONIN en Vin I'm in

12:02

it not on it. Oh.

12:06

Oh, I'll remember that. She thinks

12:07

she's a top tonight.

12:10

I would like to let the world know that by the next time you hear my voice your I will be legal will change.

12:20

And the fan mail is flooding in as we speak.

12:23

Yes, thank you.

12:26

We finished my parole I am done and totally free.

12:30

He's off paper. Good for you. That means we can't date Devin, you just blew your only shot at dating me ever.

Chris Harrison 12:45

CHRIS HARRISON 12:43

Yeah, I'll pay for your your

12:47

doesn't work. He's trying to get a halfway house started. If he has what is it more than five? This dating pool?

12:54

No, no. If I take one more, and I swear

12:57

he's gonna get tax breaks. Tax breaks.

13:01

I should get government assistance at this point. We're all dependent on you anyway. I don't know. Trc funding should be on its way. At least codependent something. All right. Well,

13:21

let's remind the straight world that there is not a man and a woman in a gay relationship. It's two men. I had someone asked me this suit women. Well, yeah, someone asked me at school the other day. So I didn't even know this girl. She heard me mentioned my boyfriend. And she says, so who's the man and Who's the woman in your relationship? I'm like, Well, we're both men. If we wanted a woman, we'd go find one and be straight. I mean, hello.

Bobby 13:47

And as I said, when you told that started the first time earlier, I'm suddenly reminded of a romanovski. And Phillips song will ask us which one's the girl? Yeah, that's, like, guess what? Find out.

14:04

Like, well, I said two hours, like, you know, well, we're both men. And if you're asking who's the top, who's the bottom, which first of all, it's none of your business. It's whoever can tackle the other one and get it in first. I mean, I was just

Bobby 14:17

B

Bobby 14:17

J

Jimmy Carper 15:15

We're hoping that he's out next week. Yes, hopefully. As much as also. Also I want to make note. It's kind of an anniversary of the death of Roger Kinzer, who died on the 28th, which is Sunday, Sunday, Sunday, Sunday in 1995. Roger Kinzer, was buddy Johnston's lover, and was here for the very first after our show, and was very instrumental and how the show was laid out and, and, and what music was played and when and all of that. He was very behind the scenes actually directing the show many times, so. And when he died, he was cremated. I have some of his ashes at home, but he distributed them to his closest friends.

B

Bobby 16:14

And if we're doing shout outs of that variety I shout out to the other side for my dad, who died seven years ago today.

♂

16:27

Wow. I didn't know that. Seven

B

Bobby 16:31

♂

16:42

All right, no one beats my father's story who kicked it on my stepdads birthday. Wow. I was gonna say

18:33

Here's a candidate for the KPFT Station Board. My name is Don Magan. I'm asking for your vote a vote for me as a vote for diversity. I'm a political conservative and a social moderate for instance, I am pro choice and pro gay marriage. Most importantly, I am a true believer in the message that KPFT is broadcasting now, I feel that for a civil democratic society, all sides of the issues must be heard. Unfortunately, the progressive viewpoint is very seldom broadcast to the detriment of our society. I bring to the board extensive experience on management of properties and buildings and making the hard choices necessary for the greater good. My

reason for running for the board is that KPFT has lost a lot of support from the conservative contributor who generally listened to the alternative music. We need to support and must find a way to get it back without changing the current format or increasing the ratio of music to talk vote for Don Mac.

19:23

You can still vote you can bring your finished ballot to KPFT for 19 Levitt Boulevard this Monday from 10am till 9pm You elect the board don't lose your vote.
