third string offensive tackle and you get down to a four point stance and you have two big bubbles behind you wearing lipstick and Rouge. I wanted the quarterback I didn't want the tackles here

 00:19

and with more bad news

 Chris Harrison 00:23

but now that because we've been we've talked about a lot of stories and come out about Klein here lately and I I haven't weighed in on that yet, but I'm I'm a former Bearcat I understand what sort of thing is at that school.

 00:34

Let's go to some music and then we can come back to more. More sad stuff more.

 Chris Harrison 00:38

I also have Fred Phelps coming to town.

 00:41

Oh, joy.

R

Roy McCarthy 00:42

Oh, but I got some really? Yeah. But let's go to the music. Okay. Okay. Yeah, it's

o

00:49

technically you're saying I know. Okay. Yeah. Suffering.

C

Chris Harrison 00:54

Oh, let him think he's in charge.

R

Roy McCarthy 00:58

Back him again.

o

01:01

Yeah, Chris. And remember, darlin, it's not tuna fish or fish? It's chicken. Ouch.

C

Chris Harrison 01:09

My therapist wants to know what you're saying. Isn't it called why they call it fish. She didn't she didn't realize it was a general term. People knew that they refer to women as fish. Doesn't smell anything like fish. I said, Well, yeah, but see low tide would be considered really offensive. Oh

o

01:31

okay, here's, here's some Mary lofts strum from her CD. Ginger comes to stay. It's kind of the that's a jazzy jazzy CD. And this is jazzy. Take on an old standard. You may remember this is something for the women finally on the show tonight. That was Sandra carto. Laurie, with my one and only love before that Mary lofts. strim. My baby just cares for me. And let's say Sandra Carter, Laurie, I believe has a new CD out. I don't have it yet. This one is called to VIPPs T two li P S. You figure it out what she means. All right. It's kind of that. Jazzy

R

Roy McCarthy 02:32

Phillips. That's a lesbian favorite flower.

02:38

He went there. He went there. Come on. Come on when?

02:42

You haven't heard him complain about lips. Okay, wonderful. isn't such a good meeting song.

02:53

Yeah. All right. You know,

Roy McCarthy 02:56

it's been looking. It's been it's been, it's been almost a week since I've had any so obviously, I'm ready for the priesthood. I've gone longer than most Catholic priests a week. Almost a week.

03:10

Well, what?

Chris Harrison 03:13

What you may want to kind of back off I was just gonna say he's, he wishes he was longer than most Catholic priests. Oh, oh,

03:22

oh, 331 in the AM. Anyway, you're listening to after hours queer radio with attitude on KPFT Houston K ers College Station and 89.5 and Galveston marking Galveston called to say that we're coming in perfectly clear. And in stereo. Thank you.

Roy McCarthy 03:41

Hey, Mark, thank you for the call that hope you're enjoying and anybody that's out there on the that's listening to us on the worldwide web, please let us know. Give us a call.

03:52

Or email us at

c

Chris Harrison 03:56

Oh, after hours kpft@hotmail.com.

o

04:00

And we got you that actually is on the KPFT. website. They linked that they linked that but we need to put some other stuff on there like something about the show.

c

Chris Harrison 04:09

Well, if I ever get my act together and learn how to do web design?

o

04:13

Well, I think it has to go through Cristian here.

c

Chris Harrison 04:17

No, no, we'll make our own little website. Okay.

o

04:20

No, well, I want to have something more for the KPFT website to

o

04:25

Jimmy you caught him off. His mind is occupied.

o

04:28

Always mind is occupied. Yes.

R

Roy McCarthy 04:31

Anyways, I got some to occupy your mind, Jim.

o

04:34

Okay, tell us about Okay.

Okay, tell us about okay.

R

Roy McCarthy 04:39

There's a television show that's in the works with Bravo. And what they're going to do is take a bunch of these hopelessly straight guys with absolutely no taste, who are all very clueless, and they're going to team them up with flaming queens, you know, flaming gay guys, and who are going to give them prison Cool makeovers, you know, clothes and stuff.

C

Chris Harrison 05:03

drag racers into drag queens. No, no, no, no new. No, no, no, no, I

♂

05:07

don't think it's going that quite that.

C

Chris Harrison 05:08

I saw some show that was talking about that. I thought it was the same one. No.

R

Roy McCarthy 05:13

These are hardcore gay guys. Regular gay guys. We're going to give these straight guys makeovers and clothing styling in their apartments in their homes and stuff, which really ought to be something else. And NBC is talking about possibly broadcasting that as well. I mean, isn't reality TV that is going to places that no one has gone before.

C

Chris Harrison 05:38

And Roy needs the makeover not giving one.

R

Roy McCarthy 05:42

Wow, Joe. Also, I wanted to mention that folks who are been longtime listeners here at the after hours, and there's so many will know that we've been on the cutting edge. This show has been on the cutting edge of music, news and a whole bunch of stuff for so very long. And this week's cover story, cover story in the triangle is talking about big breaking news about gay rappers coming out of the closet. Oh, guess what good. Jimmy wouldn't play in great gay rap music for

♂

06:21

tour years ago, at least thank you with rainbow flavor, featuring Dutch boy who's now on his own in New York. And it was a West Coast, a group and deep dig collective and Tory fix. And I can't even remember so many.

R Roy McCarthy 06:45

And it's also interesting to note that more and more gay groups are coming out into the mainstream. And I would like to think that after hours shows like after hours, has played a major role in a big role in causing this to happen. Because folks, you never know who's listening. You just never know. That's right. And even before we got onto the web, there was a thing called in the ether waves called skipping. That's where the radio transmission signal goes a lot further. Then it was would be intended, and who knows who was listening in. And that helped, empowering. It's been very empowering for me in a way before I came to this man. I was listening in for years with Buddy and somebody named Mary. Mary was

∅ 07:45

I ran into somebody this past weekend this past week who came in and asked about buddy, no, yeah, yeah. Yeah. Because Because he remembered when we were introduced, he said, Oh my God.

R Roy McCarthy 08:04

No, no, I think this over the over the Galleria. Everybody calls me big Roy.

∅ 08:13

We're from,

R Roy McCarthy 08:14

you know, we're listening. We're listening, you know, and I get it, you know, all the time today that they are listening in?

∅ 08:22

Well, that's you, you were you got that nickname on this show,

R Roy McCarthy 08:26

I got that. We had the ROI with as little ROI was only 18 years old. You know, and they when they would call for ROI

08:35

now. 30 were

Roy McCarthy 08:39

and at the time, they wanted to know whether they wanted to speak to a little boy, the younger one or the older one. And so they they people say well, do you want the little boy or do you want the bigger boy and yeah, and that's how Yeah, name

Chris Harrison 08:51

came but it helps to have a little Roy has changed his name about 300 times. Yeah, depending on what week you catch him what name he's going

Roy McCarthy 08:57

by and what colors you took the words right out of my mouth,

Chris Harrison 09:00

he changed his name more often than changed his hair color. But

09:06

that's, that's that is yeah, you know,

Roy McCarthy 09:08

I think dragging something about with Bravo getting gay guys teaching straight guys lessons on fashion, and make overhand and stuff like that. And folks, Chris is right. I really do need a lesson in this. I need some intense I mean, you know, gay guys were supposed to be like, well, at the height of fashion and all this. I want to know what the heck happened to me.

Chris Harrison 09:35

Well, we finally got you out of those yellow shorts

09:37

that just came instantly to mind. Unfortunately, he

C

Chris Harrison 09:41

put something on out instead of the yellow shorts because he was just taking off the yellow shorts and went around like that. And

O

09:46

well you have to explain to the audience that Roy wore these nylon yellow shorts, which were about three sizes too small. They're the

C

Chris Harrison 09:55

same style that George W wears when he goes jogging. I think they're the same size then George W. Bush

R

Roy McCarthy 10:02

in a in a do not compare me to J W and

C

Chris Harrison 10:07

a bright yellow that a taxi cab would go and would look at and go that's gaudy.

O

10:14

But he's famous for those yellow shorts.

R

Roy McCarthy 10:16

But I only wore those things in the very beginning several years, right. So years back when I first came here,

C

Chris Harrison 10:22

honey, we didn't even have to mention those people could see those shorts over the radio waves.

O

10:30

In other news, oh, there's other news. Oh, the Pope has proved himself. Come on, yes, yes, yes

IN OTHER NEWS, OH, THERE'S OTHER NEWS. OH, THE POPE HAS PROVED HIMSELF. COME ON. YES, YES, YES.  
You know, this man is still stuck in the 14th century.

 Chris Harrison 10:42

Well, he can't happen he was born then.

 10:46

transsexuals suffer from mental pathologies are ineligible for admission to Roman Catholic religious orders, and should be expelled if they have already entered the priesthood or religious life. The Vatican says in the new directive. At every time, I think he has said the ultimate. He tops himself

 Chris Harrison 11:12

being a Roman Catholic topping himself.

 Roy McCarthy 11:16

Don't forget the pope as a priest. I have never heard of a priest topping. I know what I'm talking about. Anyway. A lot of those religious lines. Yeah. Chris has something along over religious line. Oh.

 Chris Harrison 11:32

Our favorite friend Fred Phelps. Oh, yes. Is coming to Houston. Just to give you a little idea, for those of you who don't know Fred Phelps. This is the official news release of the Westboro Baptist Church WPC to pick at Kingwood college production of the sodomite propaganda play The Laramie Project Kingwood Texas March 6 through the eighth in religious protested warning, quote, God is not mocked. God Hates Fags and fag enablers. Ergo God hates Kingwood college administration, faculty, staff and the student body. Oh, The Laramie Project is a tacky bit of cheap sodomized propaganda of by and for militant fags. It makes a promiscuous little faggot Matt Shepard a hero because he got himself killed trolling for queer sex in a Wyoming bar at midnight.

 Roy McCarthy 12:35

Oh my god,

 Chris Harrison 12:36

it makes WBC pastor Fred Phelps, a villain for preaching God's truth to wit. God Hates Fags.

12:44

You know, Fred Phelps has got to be the biggest fag in the world. You know, whenever somebody is that virulent against something, you gotta,

R Roy McCarthy 12:54

you gotta like,

12:56

what does Shakespeare say?

C Chris Harrison 12:58

I don't think he processed too much. I think the

13:00

lady doth protest. Too much. He really? Yes, yes. So I can see. I can see Fred Phelps giving a Hummer to Jesse Helms. Hey, Chris. Well, now there's someone who needs it. Chris Strom

R Roy McCarthy 13:15

Thurmond went back on the year. What was that you were talking about Fred Phelps and NASA.

C Chris Harrison 13:20

Well, very simply, the protest sites are going to be following for him on March 7, from one 1pm to 2pm. He will be protesting at NASA. Why? Basically get this. Fred Phelps has stated that the Columbia shuttle disaster was not mechanical malfunction, human error or anything? It was the hand of God smite swatting down the the shuttle of the fag enabling America bag enable Yes. This is one of his favorite phrase.

R Roy McCarthy 13:55

God smoke. Space Shuttle. Columbia. Yeah.

C Chris Harrison 14:00

So he'll be protesting for an hour in front of NASA. That remember this is allegedly this is when he's well known for telling when he's going to be at places and not being there. He has a long list of places where he's going to be then from 730 to eight o'clock on March 7, and eighth he'll be at Kingwood. College Kingwood place and Royston March 8 from five to 530. He'll be at St. John Vianney Catholic Church, march 9 from 7:50am to 8:20am. He'll be at Christ the King Lutheran Church, Lord that's that's on Sunday. from nine to 940. He'll be at First Presbyterian Church of First Presbyterian Church of Kingwood from 945 to 1015. He'll be at Good Shepherd Episcopal Church, and then from 1020 to 11. He'll be at Kingwood United Methodist Church

∅ 15:00

They all in the same block,

c Chris Harrison 15:02

I guess. You know?

∅ 15:05

So incredible. And get over with

c Chris Harrison 15:10

it because he says God Hates Fags and loves Fred felt so much he'll get greenlights the whole way. No,

R Roy McCarthy 15:15

what would Fred Phelps doing with all these different? I'm going to be at this time he has a place. What he's doing is trying to create a shell game so we really don't know where he's going.

∅ 15:26

Well, it may not be him but some of his children.

c Chris Harrison 15:30

Well, his reason is so WPC will also pick an Episcopal Church of the Good Shepherd and other pro Kingwood College, queer friendly dog kennels and leper colonies masquerading as churches in Kingwood. And Houston. What?

15:46

Well, he's he's the head of this cult. I won't call it a church because it's only his family who were members.

R Roy McCarthy 15:56

I hate saying this, but Fred Phelps is so whacked out, he makes David Koresh seem saying he

16:02

does a

R Roy McCarthy 16:05

possible day record saying compared to Fred Phelps.

C Chris Harrison 16:12

Pig has developed this. That's right. I mean, if you go to his website, it's very famously known as God hates fags.com. You enter into it, it's somewhat professional looking website. When you get to the second page. The first page is just spouting here, here's my religious dogma and then go into his where his press releases are and all that so he's going to be protesting in Leavenworth, Kansas. Because of that St. Sappho.

16:44

Maybe they can just just hold them harmless ask the jail.

C Chris Harrison 16:49

One thing I would like to do is, there is a movie that someone has made about Fred Phelps that Fred Phelps agrees with. What there is a was his Laramie Project, vilifies pastor Fred Phelps for preaching the truth about facts. Fred, is a 92 minute film rebooting the Laramie Project

17:11

made by one of his children, I'm

C Chris Harrison 17:13

sure. Steve drain. So well. since his last name is not son in law. Yeah. it's gonna probably be a

son in law. If you ever think for a moment that we've we've come a long way, we don't need to worry about protecting people's rights or protecting the youth protecting each other. Go to God, God hates fags.com and then click through there go to the memorial for using his term for Matthew Shepard telling you how many days he's spending in hell. The Diane Whipple, who was the lesbian who was mauled in San Francisco, he has established a memorial to her how many days she's been in hell, Lord, this this is very dangerous speak this way.

18:14

I mean, it's hate speech. It's hate speech. And it's, you know, it's got to be internalized homophobia on Fred Phelps his part, I can think of no other reason.

c Chris Harrison 18:28

You know, that or I mean, not sound like we're diminishing anything as if he was abused as a child. And it's just lashing out. But this I mean, the stuff of what he has here. When I saw the email, shortly after the Challenger accident, oh, sorry, Columbia. Of that was posted on hand net, about what he was saying. I did a copy and paste and I forwarded on to one of my co workers, for lack of a better term. She's my fat hag. No. And she read that she was like, you've got to be kidding me.

19:06

People. Yeah. People don't realize this. Guy's a loony.

c Chris Harrison 19:09

Yeah. And, and yeah, he's gotten some publicity because of the The Laramie Project between the plays, and the movie that HBO made. But it's one of those things. It's amazing that he's, he's still, he's still around, that no one's been able to challenge him. I mean, they've gotten rid of Klan organizations, they've gotten rid of Nazis, not a NEO Nazis and

19:37

so well, this, this country is open to all peoples. Now, when you're talking about First Amendment rights. That means everyone has a right to say,

c Chris Harrison 19:47

I think what helps us he's not advocating murder. What he advocates though is death penalty. He goes to the biblical the biblical

19:57

little part of their Well, his version anyway.

Chris Harrison 19:59

Well, Thou shalt not lie. with mankind as with bowling kind of is an abomination. Well, so a lot of other things, two pages before that in the Bible, it's shellfish. It's yeah, poor, it's cloven hooved. Animals, yes.

Roy McCarthy 20:13

And on the same page at cybers on the same page, it's also garments of two different fabrics. Another one, that's cotton, polyester. All of Sunday, preachers are going to have more in cotton, polyester as well, he should

Chris Harrison 20:26

well when it comes when it comes to something like that, when you talk about some of the other things that are abomination. I take that line from the movie a common ground. That, Dad I'll take the sausage out of my mouth when you take the sausage out of your mouth. Okay. There was that movie on Showtime couple years ago. That was it was a three stories in the same town through different generations. Oh, and it was the modern one that Harvey Firestone wrote. And it was two men getting married. And the one man's father was going to be protesting the wedding out in his soldier suit. And so they started having this philosophical debate and they use that line in there. That when you using the Leviticus argument, yes, for lack of a better term, and you did forget one of the one of the MBBS well near your Oh, oh my God, not yours. He's one of mine. Who the one who wrote to me, Zachary.

21:28

Oh, I didn't even know about this one.

Chris Harrison 21:31

Yeah, that's when you hit you handed that Oops. Oops. And he's also looking for a pen pal.

21:37

Yeah, a lot of these guys are 713-526-5738 we can hook you

Chris Harrison 21:44

up or just email us and we can send you along the information that way. Yep.

21:48

After hours, KPFT at

c Chris Harrison 21:52

hotmail and aol.com. And you can send any of your news stories love mail, hate mail. Go to. You haven't done that in a while. So I had Yeah, sure. Throw it in. Make sure your falsetto was still working. Thank

22:06

you. The only thing that worked. And for other bright news.

c Chris Harrison 22:12

It was kind of something happy now. Yes, health

22:14

officials are tracking a number of cases of a skin infection resistant happy commonly prescribed antibiotics that began surfacing late last year among gay men in San Francisco and Los Angeles. Mark Sanders, Director of clinic services for Montrose clinic, which treats a number of gay men for a variety of health concerns says it is too early to tell with the increase in cases of the infection is primarily among gay men. The skin condition known as omega methyl linic, resistant Staphylococcus aureus.

c Chris Harrison 22:53

Let's just stick with Oh my god.

22:55

Yeah, stand up. Sally didn't hear that because or MA MRSA has that there also has been reported on the rise among gay men in Washington, DC and Atlanta, we are seeing cases of resistant staph infection in the gay population. But again, that's the population we serve. We don't serve the general population. Sanders says the cases are resistant to some penicillins. But when we culture them, they're certainly susceptible to other antibiotics, and we're able to treat them successfully. It's treatable. So what I mean, but that's a staph infection that's resistant to many antibiotics. But, you know, it's been in the news for a very long time that in

the 20th century, doctors prescribe really too many antibiotics and the body becomes resistant crew. So that's probably what's happened here. And they're trying to pin it on gay men again, of course, well,

 Chris Harrison 23:57

well, yeah, it's, we've we talked about with HIV and AIDS and all that. I mean, good friend of ours, were talking. He was talking about wanting to donate blood and had mentioned that you can't or sell plasma. Yeah. Yeah. Like, you can't be anything wise. Well, you're gay. And it's there's like, Ha that's one of the things you don't understand the some of the little rules and all that about it. Yeah. I when I broke it to my father that I that it's against the law to be gay in Texas. And he was like,

 24:32

Yeah, people don't even realize that. But that case is coming up to the Supreme Court this month. And they are hearing the the Texas case. Lawrence versus the state of Texas, I don't know

 Chris Harrison 24:46

not for it fits whoever the think it's a thing. It's against the either this just city city or attorney or the county attorney. I forget whether it was it was this person Ain't wasn't against the state of Texas.

 25:01

Okay, it was Lawrence versus somebody which will it's really looking good that the Texas sodomy law will finally be struck

 Chris Harrison 25:12

homosexual conduct

 25:14

whatever.

 Roy McCarthy 25:15

Now also

25:16

it sodomy in it. It could because in Texas it's against the law for sodomy with same sex couples, it is not against the law for opposites.

c Chris Harrison 25:29

I mean, that's the differential differences that the fact if if they would have walked in and if they would have kicked me in the door, and there was a male female couple next to the two male Cup, the male couple that was there. The male female couple weren't allowed to finish and piece gotten an apology. Probably a check for a couple \$1,000

25:49

for the video, right.

c Chris Harrison 25:51

Yeah, because that's when cops would have been following along. But in this case, these two gentlemen got arrested. Yeah, but solely based on the fact that one of them was not a female.

R Roy McCarthy 26:01

No, well, I'll tell you what those were those two guys really messed up when that caught when the cops entered and they didn't have a box of doughnuts to give the cop.

c Chris Harrison 26:13

The surgeon the Surgeon General has told the police officers to lay off the doughnuts and he also told the firefighters he's gonna put a surgeon general's warning on the side of a Dunkin Donuts because I'll tell you this a couple of years ago when I was helping out at the AIDS Walk, I sat and I watched this one police car drive by who was helping him and I swear I don't know how in the world he fit in his cruiser. There's no leg room in the back and he couldn't get a prisoner in the back because his seat was back that far and leaning back when he still was I could turn quickly talking about that.

26:53

Speaking of the AIDS Walk that's next weekend and next sunday sunday

R Roy McCarthy 27:00

morning I want to have a celebrity right doing doing if I can get the I got it right over here

somewhere amongst all my my ROI

 Chris Harrison 27:11

we only got four minutes left so well the turns quickly.

 27:15

incredibly cute.

 Roy McCarthy 27:17

Oh yeah. Destiny's Child is going to kick off Destiny's Child Kelly rolling. kick off today's walk. Well, I'd

 27:27

rather go to see Roger Donnelly. He's on hand that and he's really a cutie. I see him at Kroger's. Every now and then actually, it's Kay. Roger.

 Roy McCarthy 27:37

Well, you know, there's a lot of younger ones out here who do like Destiny's Child.

 27:42

Yes, I know. Yes. I know. That will draw in a lot of people and that's that's that's the whole point. Get a whole lot of people out there to walk and raise a lot of money for AIDS.

 Roy McCarthy 27:53

And the hue the Human Rights Campaign Gowans a feature queers folk star, and Judy Shepard. Oh, my.

 28:05

Well, folks, it's time to pack it in. Oh, you

 Roy McCarthy 28:09

didn't copy that? out of the box it is

GLORY SAY WHATS OUT OF THE DAY IT IS.

 Chris Harrison 28:15

Are you planning on passing there, Jimmy?

 28:19

Oh, okay, Lynn's putting on her coat. She's getting the hell out of here. It's getting deep. You're listening to after hours queer radio with attitude on KPFT Houston, que EOS College Station and good ol Lady 9.5 in Galveston. Thanks, Garrison. We're glad we're there for you. And stereo and stereo.

That's it Go crew are sitting in for Miss Mary Thomas, co host and host of the show she's not in today. She took a little break. So I'm JV and Willie and Glenda, so we're gonna see if we can send the best out of cold music. The east and the west side of the Sabine River. is Glenda back there? Oh, yes, she back there. Anyway got opening song was by Brian Jack and the Zydeco gang was right out of Crosby Barrett stationary with, let's get started. So we're gonna get started. We're gonna send something out to you from a young guy about 23 years old from around the San Francisco Bay Area. Andre Andre theory is new CD. It's about time. We're gonna play that type of cut. It's about time. All right.
