**K** Kay Harper 00:01  
And that was Kevin black Clints little brother I think

**J** Jeff Mackey 00:06  
I think so. Yeah, I

**K** Kay Harper 00:07  
think he's a little brother was speculating

**J** Jeff Mackey 00:08  
again on on whether or not he played at the Brazos River bottom at some point. One of his brothers did

**K** Kay Harper 00:15  
Yes, I know one of them did but I think it was was Kevin.

**J** Jeff Mackey 00:20  
He's on the new CD we were talking about the voices

**K** Kav Harper 00:24

 **Jeff Mackey** 00:25  
for life. We

 **Jeff Mackey** 00:25  
heard several several tracks off of there. Yeah,

 **Kay Harper** 00:28  
we just heard Kevin black with your only lonely before that was swingset with a sunny side of the street and come rain or shine. I like come rain or come Shine. Yeah, I haven't either. It's a good way to like learn about the local music scene. Deborah boillie. My brother lived in San Francisco from the musical. What was the name of the musical? It was such a lovely name. I've lost it now. Okay. The musical eulogies for angels punk son, elegies. You're right. There's no human there. elegies for angels, punks and raging queens. Yeah, so

 **Jeff Mackey** 01:05  
the title. I hate to hear that one. Oh, yes. Well,

 **Kay Harper** 01:07  
I mean, just my brother lived in San Francisco. Sounds good. Yes. And before that Little Joe in La Familia, always my hero. This is just a small sample of the different kinds of of stuff that's on this. Right. I mean, there's classical to Tex Mex to Manhattan. NISC.

 **Jeff Mackey** 01:29  
Manhattan. Yes. I think that's a kind of clam chowder, isn't it?

 **Kay Harper** 01:34  
Probably. But, and, and the definitions you were hearing in between cuts, or from dos fallopia. Yes. Lisa and Peggy Lisa and Peggy is what my cart says. And we actually have a couple more on there. I think you need to hear this one. Hi, Francine. Did you read the paper today? Every time

 **02:08**  
I read about George Bush raising taxes it

 **limmy Carner** 02:11

**J** Jimmy Carper 02:11

just makes me God Yes. Got a cigarette, got a cigarette, got a cigarette, got a cigarette. Got a cigarette. Got a cigarette? We're

**J** Jeff Mackey 02:46

I've heard some exciting political discussions lately, but never quite that stimulating.

**K** Kay Harper 02:51

Well, yes. Speechless. Something. Feeling a little flushed new things from the newspaper. Yes. Things. You too can can learn your trade on KPFT and grow up and go away.

**J** Jeff Mackey 03:14

That's right. That's right. We've someone has pointed this out to us. This was in the post today. Mark Saturday. It's now I guess. It is actually today now as of Sunday, but at 7pm Saturday, a new radio station hit fear wave K gay radio it's k d a y okay all day. There has long been a need for a radio station like this had kGA y president and general manager clay Henderson we need to get information and entertainment to the gay audience which isn't being served by traditional radio. This station also can reach inside a home where people are in the closet and unable to keep in contact with gay issues unquote. For the first few months only satellite dish owners will be able to hear Kay gay which is based in Denver. K gay will beam its signal on the Galaxy one satellite transponder five eventually decision will Syndicate is programming like any other radio network. K will have drive time disc jockeys, music, talkshow sports and weather just like any other radio network with one slight difference. Everything will be oriented to gays. Gay people. Thank you. Except the weather that's for gays and straights.

**K** Kay Harper 04:32

Oh good. Is traffic gay? Only two?

**J** Jeff Mackey 04:37

I guess so.

**K** Kay Harper 04:38

Actually, I guess since it's being beamed to satellite dishes. They won't have traffic reports.

**J** Jeff Mackey 04:43

Where's where it's safe to switch across I guess. Or straight across right across? That's right.

That's right. I don't want to be sexist. We'll play music specifically for gay audience. Henderson said Romanovsky and Phillips for example, are a gay duo. We know that On the show, they do a lot of parody songs and some serious stuff. Chris Williamson and Meg Christian are very popular lesbian singers

05:08

20 years ago. Yes.

Kay Harper 05:11

They're still popular now but there are other groups.

Jeff Mackey 05:15

Que je y will also play music by entertainers who have a large gay following like Madonna and Patti LaBelle. According to Henderson. The sports report will cover events leading to the Gay Games scheduled for San Diego and 1993 the events are similar to the regular Olympics, you know, track and field boxing and wrestling, Henderson said also will cover the gay and lesbian rodeo circuit to Texas gay Rodeo Association is a very active part of that. KGaA why will air commercials and said credit card companies travel services clothing stores and beer distributors have expressed interest in advertising. We have the highest expendable income outside of the 13 year old gum chewing babysitting females Henderson said they make less money but they have less expenses. Henderson is a graduate of the High School for the Performing Arts in Houston. His first radio job was at KPFT 90.1. In 1976. He says I remember hearing about the Ku Klux Klan blowing up Kpf T's transmitter I figured if the Klan didn't like them, they must be my kind of people. He warns listeners not to expect outrageous sexually offensive shows on kGA why? It's a religious phrase looking to hit us with an FCC violation. They'll be bored before they're titillated. Look, my mother in Brasilia has a satellite dish and she'll be listening. There's no way I'm going to get my good Texas mother mad at me. Henderson said

Kay Harper 06:36

well, we couldn't let mom get mad.

Jeff Mackey 06:38

No, no, no. Well, they're just everyday and coming from Denver. That's that's a particular surprise. Yeah, that's that's

Kay Harper 06:47

very interesting. I wonder if he's gonna have to change things since the referendum passed. I don't know. Anyway, we promised you more alternative presidents. YES Jimmy Somenille from

don't know. Anyway, we promised you more alternative presidents. YES. Jimmy Somerville from Bronski beat in the Communards mirror disco balls are installed in the White House. Great Hall and ballrooms across the city is President Somerville and his entourage dance into town. shiny silver jumpsuits 10 inch platform shoes and oversized rhinestone fun glasses flood the shelves that upscale DC department stores. The Hustle makes a comeback. Jimmy's first act of president is to officially declare October 11 National Coming Out Day Jimmy will establish the Presidential out already commissioned in anticipation of the first official Coming Out Day. The P O AC will coordinate State Department and FBI efforts to uncover closeted national figures then leak their names to the press Particular attention will be paid to Tom Cruise's alleged appearances at numerous private gay parties in California and in queer Thailand society. This is this is what

 Jeff Mackey 07:56

I think somehow the chances of a British socialist becoming president united states fairly slim but

 Kay Harper 08:08

well, you know, you can try

 Jeff Mackey 08:10

to change constitution among other things.

 Kay Harper 08:12

Yes. You know,

 08:14

well, as

 Jimmy Carper 08:15

long as we're talking about political things this station received a tape that will be of interest to our gay and lesbian audience because it's talking about the takeover by Bill and Hillary but kind of uses some music that might be familiar to you. Shall we go to it?

 Kay Harper 08:40

Oh definitely.

09:12

Wherever you been for being liberals no longer sin. We bring you good news. All right. You heard Mark and saw miracle right began to twitch George Bush to pitch when Clinton said that he was going to tax the rich then Newt Gingrich to satisfy and it's joined the battle they're not broomstick thumbing for a hitch, and then was rich. George Bush began to switch from pitch to pitch and everyone began to think it quite a stitch, and Butch should stitch it GOT TO COME ON hitch then Clinton won a landslide is a life of pitch. As mayor of the capital city, a possession of a U S. A.

10:11

We'd like to welcome you most illegally, we have to verify it legally to see see p and p is morally ethically spiritually clinically dead as a lacked along Khaleej again, I've never really examined him and he not only merely lost, he really most sincerely lost

10:37

them then this is a day of independence for all the liberals and their descendants. Let the joyous news be spread trickle down economics and last is dead. Your Majesty, Rush Limbaugh, Pat Buchanan and Roland spected. The man and audience immediately Oh rubbish.

10:55

They have no power here told them to be gone before someone drops a landslide on them.

11:00

We represent the lobbyists guild vs guild, but a lobbyist Guild and in the name of the lobbyists. We wish to welcome you to Washington. No, no.

11:20

Rico,

11:22

no

Kay Harper 11:31

one of the advantages of working at KPFT you get to hear such very fun things. Yes, that's

11:38  
great.

Kay Harper 11:39  
Now who is that by? I saw something written on there the pheromones

Jeff Mackey 11:46  
from the fallopia to the pheromones really hitting all the bases. Well,

Kay Harper 11:52  
anatomy classes doing quite well.

Jeff Mackey 11:56  
We want to rush out and study biology

Kay Harper 12:00  
about another president.

Jeff Mackey 12:02  
Another alternative. Okay. Picture this. Oh yeah. If Martina Navratilova were President of the United States. Golf chic is dead long live Wimbledon white plaid polyester sear suckers are replaced by light cotton sports skirts under Martinez administration and silly looking green wingtips are replaced by comfy Martinez sport tennis shoes at find Potomac power barbecues and around newly desegregated country clubs. The Camp David presidential retreat is mothballed in favor of the new Commander in Chief's private winter resort in Southern Vermont, leading Washington insiders to take up alpine skiing new recruiting eyes. light skinned patches left around the eyes when a skier tans everywhere but underneath his or her goggles are in exposed lift tickets dangling from racy GoreTex in New York Preen Makina sport jackets are all the rage. Martinez first executive order mandates fair coverage of lesbians and gays in sports and in AIDS news. Magic Johnson apologizes to President and abroad to Lova for having diverted sympathy from gay men and pledges to donate his Isaiah Thomas Love shrine to the Smithsonian American pop culture museum immediately

Kay Harper 12:12

Kay Harper 13:12

I think that's such a good idea.

Jeff Mackey 13:14

Martinez second executive order revokes former duty. Surprisingly, former lover Judy Nelson's US citizenship and limits all future palimony settlements to 1/5, the gross national product of Kuwait, or one half of President and abroad to love his annual income from tennis. No steps are taken to limit kickbacks to overpaid athletes and Martinez sport is exempted from all future taxation. I like these to drop these things.

13:43

Unfortunately, they

Kay Harper 13:44

they tend to like go for foreign nationals. Yes, yes. But anyway, so Jimmy's been playing with music over here. Dreamland. Yeah,

Jimmy Carper 13:56

by the 50 twos. We've been playing them a lot. Nice queer group. Yay.
