00:00

Whoo whoo. There's it sounds like different instrumentation on it. Then Then I remember the last time

00:12

it does come out it does sound different. It's different guitar. Yeah, different. Okay,

00:18

you should see her collection and guitars.

00:21

These things especially when when it's original music and done live in the studio I mean, that's that that gets me up.

00:31

And now buttons to malfunction.

00:39

Know cards to get wrapped around.

00:43

Famous for hitting the wrong button for the CD player. Song or the wrong card or something. I live music I didn't have to worry about any mic stuff on. That's all I have to worry about.

00:58

Well, that brings us to our plug.

01:02

Excuse me.

01:04

We'll be playing at the by conference coming up October 22 to the 24th and we're gonna have all kinds of stuff lined up. Why don't you talk about that. We've got Carole Queen coming who wrote real live need girl she wrote exhibition. exhibitionism for the shy, she wrote leather daddy in the film,

01:29

and she writes all kinds of short stories. She's, Oh, yes. Sing writer,

01:33

erotic to you name it. She is just fabulous. And she's a good speaker, too. I haven't heard her do some presentations. And not only is she going to do a keynote speech, but she's doing a workshop about all things on exhibitionism for the shy. And I didn't know this until just recently, but she also does workshops I wish we had time to do is second one. exhibitionism for the brazen, oh, gosh, that's the one I need to get.

02:12

Right, that one,

02:13

I think I could, but I always like new pointers. We got Fritz Klein coming, he wrote the bisexual option and develop the Fritz Klein sexual orientation grid. And it's really an amazing system to kind of plot out sexual orientation because he divides it up. Sexuality is such a complex set of elements. And he breaks it down into different scales, on emotional on fantasy, on, physical on, you name it, and he looks at it in the past, present, and what your ideal is. And it can really help a lot of people that are kind of questioning or not sure about what's going on. You know, I know we've had gay men call before and say, Well, you know, I like relationships with women. I just don't want him to become sexual. And he addresses that in the, on the emotional plane, and says, yes, she can be attracted to women emotionally.

03:29

I have very satisfying emotional relationships with women.

03:33

And so it's really a good way to kind of get a feel for your own preferences on all these different dimensions and get a better understanding of what's going on. You know, why all this juggled weird feelings pulling you one way and another and so I kind of get some some basis for where all this is coming from and how to kind of recognize it in yourself. And he's going to be doing a workshop on bisexuality one on one with at the conference, as well as being a keynote and

04:08

that would be good for bisexuals or gays or lesbians or transgender. Yes. You know, that's kind of an everybody thing. I hope a lot of straight people come and go to this because it's, it's a conference is, is it's to educate.

04:28

Yeah. And we're opening everybody, you know, we want everybody to become a part of this and an own party, and it's gonna be fun. It is we've got a little bit of something for everything, everyone. I mean, we've got pagan rituals. We've got Deborah Bell's gonna do bisexuality and spirituality workshop. Good, good, good. We've got just all kinds of stuff lined up a bisexual costume ball You know, that's gonna be campy and fun. We'll have a dungeon

05:08

dare to

05:11

conduct like play room facilities? Yeah, we're talking about,

05:15

there's a praying room and a post right.

05:23

And just having all kinds of fun things happening. So it's gonna be party, you know, workshops  
by day, party by night

by day, party by night.

05:30

I know we talk about it every week and plug it but yes. Can you give this the particulars?

05:37

You mean? Yeah. How

05:38

do they sign? No. Okay.

05:40

We do have a conference webpage. And that even includes a printable registration form. Hey, cool. The address is [www.flash.net/~the by House](http://www.flash.net/~thebyhouse) slash conference, okay. If they if they screw that up, what is there like a shorter one that they might be able to get? Yes. If they go to just the by net one. And there's a link from by net USA web page, which is [www.by dot? Not by net. usa.com](http://www.by.net). Great. That's, that's there's another one even simpler, which is [www.by.org](http://www.by.org). Wow. And they've got a link to our conference page [www.fbi.org](http://www.fbi.org).

06:39

What can be simpler than that? And I just found out last week where the till day you

06:55

press the shift key,

06:56

yes. Get a workout on that pinky.

07:06

So anyway, we've got quite a lineup. And we, you know, a big theme in this conference is to bring the community together Yes. To educate to. And it's amazing. The other thing I do need to take a moment and say is that, you know, I've been to bike conferences all over the country.

And there's this unique thing, phenomenon that happens. Yeah, when you get into a bike conference, have you been to California? Oh, I've been to California. He's kind of North Carolina. San Francisco, Los Angeles, Boston, Boston, you name it.

07:46

So So you have experience in things. And so what what is it that happens?

07:51

You walk in and it's like, you know, most bisexuals live in isolation. Oh, yeah. And, you know, we don't have a sense of community like the gay community has like this

08:04

article, the article in the forest talked about there are no bisexual bars

08:08

to meet. Yeah, exactly. So what happens is all these bisexuals gather at a conference, and all of a sudden it becomes a bi space. And it's like everybody finds home the love energy just skyrockets. And it's like this feeling of like the Wizard of Oz. Probably Probably Kansas anymore.

08:37

What one of the few times that many bisexuals are together at one time?

08:41

It is and it's it's very empowering. It is and the the You Can you walk in the door and the energy just hit you. Yeah. And it's like, wow. I mean, I'm already getting excited. And we're still five weeks away.

08:58

But you have a bunch of people already signed up. Yeah, a whole lot of folks coming from out of town to speak and,

09:06

and from all over the country. Speaking and, you know, we got got locals. We've got people

from Dallas, from Austin, Texas, because

09:16

we've got, you know, large cities with some strong communities. Yeah.

09:20

And the other thing we've got people from Arkansas coming we've got people from Louisiana from an even Oklahoma, believe it or not,

09:31

I believe it and you know, because we're there's no drawing line anywhere. Yeah. I mean, it's always been my contention that maybe 10% of the population is pretty much gay and lesbian. And maybe 10% of the population is pretty much straight and then everybody else is all in the middle. Yeah, you know, and it all depends on you know, from from gay how much you stray into the toward the you know from that one zero to six thing you know you stray and the

10:06

when you meet that someone you meet them and it's like how

10:10

yeah

10:17

I think it's a more honest that actually you know lots lots of ways because you fall in love with the personality rather than the plumbing. Exactly because there's the joke that and I've got to tell this because it's really funny and it's really obscene but, but oh I love

10:32

it already.

10:37

Man gives three women the straight man gives three women \$1,000 The first woman puts \$100 in a savings account and spends 900 the second woman puts 500 in a savings account and absolutely blows 500 on silly stuff You know? The third woman butts the whole \$1 000 in a

absolutely blows me on my steam. You know. The third woman takes the whole \$1,000 in a savings account. Which map which woman does the man marry?

11:11

No Tell the one with the biggest breasts

11:13

and you know when you get to the y'all straight mentality kind of that's when you get to the all gay mentality it's the same way but the bisexual man mentality that be

11:29

the man with the biggest pain

11:35

well that's what they that's what they hope for what they really want in actuality.

11:40

Well, I did see an article a while back that said that they found that gay men have bigger penises and straight men.

11:49

I guess because we use the more

11:52

well man speed you must use keeps knocking into my knees when I'm walking down the street.

12:06

Yes. It's, it's to have fun. Which reminds me somebody had said something about Lynn Laughner today. And it reminded me of a wonderful quote she has that the Bible contains six admonishments to homosexuals, and 362 admonishments to heterosexuals. That doesn't mean that God doesn't love heterosexuals, it just means that they need more supervision.

12:27

12:37

But I do find it interesting to note, Jesus himself never once made any reference to homosexuality.

12:45

That's what we always say. Well, he

12:46

did have a lot to say about adultery.

12:50

Yes, he certainly did. Can we hold on just for a moment? Sure. You're listening to after hours queer radio with attitude. I'm Jimmy Carper. Jg is here with the Vita

13:02

commercial free and listing sponsored Houston's 90.1 KPFT the South Texas one moment that works.

13:11

Oh, and Miss Titi didn't even hear that. Did you know there's a

13:15

phone call? No, no, it's for those phones just aren't working real well out there. Now. That was the the KPFT Houston in ke O. 's College Station.

13:27

Okay, we're not we're not getting anything on these headsets except for what do you say and what I say and when Miss DaVita says well, but anyway, on my best year, notes, this

13:44

also wanted to kind of do something. But I think I want to go to another song with Miss DaVita before we go into it. Okay, before we

13:55

do that, because I talked about this at the beginning of the show, and we have tickets to give away for the film. Relax. It's just sex. Which

14:09

Relax, baby.

14:13

Oh, as a matter of fact, we have a person hanging around here, Scott, who you'll be hearing in the second half of the show who's who's seen this

14:22

movie. Yeah, just saw it today. It was absolutely incredible was it was really good. I cried a few times. Oh, I thought it was Oh no. When you're not crying. You're laughing. Ah. It was it was really good and irreverent and touching at the same time. Yeah, really good. Julie Anderson is in that. And Jennifer Tilly. Oh, wow. She is really good. Eu

14:53

relaxed it's just sex is a film about an eclectic group of 30 Something friends including Michel Anderson. for MTV, Sparty five and Jennifer Tilly as the group experiences various ups and downs they realized that it is their love and respect for each other that keeps them going. It started Friday September the third boy you got in there and the beginning of it yeah at landmarks River Oaks theater 2009 West gray I have passes for any show between from Monday to Thursday not not weekend shows.

15:30

Well those are good times oh hell especially for those heterosexuals yeah fine there moments to see

15:40

what past gets to people in and we'll take caller number three and call right now call her number three at 526-573-8526 KPFT and somebody better clue in big Roy about what we're doing because he has no idea these tickets

16:01

Okay, also if you're wanting to see it, I would suggest seeing it as soon as possible because in the ad in the press and I believe on the recording on movie phone. It says that it's only going to be playing for something like a week. Yes. Wow. Whoa. So from what I understand from the ads and just stuff I've heard it's got a very short run. So go see it as soon as possible.

16:24

Well, in that case, I'll take the next three callers who call in at 52657385 to six KPFT the next three callers will get tickets. You better sell Yes. Okay, thank you Scott. We'll see you in the second half of the show.

16:43

And are we ready for a little music Okay, so

16:47

we'll I'll do my What do I call it I've called it several things

16:53

a song would be nice

16:59

we'll just do one more it's kind of a slower song I've done it. I've had it played before from tape but anyway just a song written about very early in the morning just got up and wrote in the morning. Whoa there we go. She's good about that. I can remember watch her honey

17:25

okay here we go

17:41

take it away run so watching the waves all day long

17:59

as the US turns into rain I feel that I have no more pain Wayne so come on and fly with me and do X to see me and you me fly with me and do X to see Do you want me walking down the endless road

Shane's Road

18:58

feel that

18:59

I have another coach

19:09

though my past has to remain no longer have to carry it again.

19:25

So come on in fly with me and do X to see can you do Hamid ne fly with me and do X to see and you knew harmony me

20:01

ticking away.

20:03

Right in the zone

20:09

watching the waves all day

20:35

Oh, it's like that song. It's so cool. Oh yeah, me too. Oh, boy. There we go. So we're looking forward to playing. I have a friend who will be dancers singing along with me and doing some other little jingles. With me. She's a she's the one who wear the feather in her hair. And

20:58

where will she stick that?

21:03

So looking forward to once again doing the songs and and some other oldies classical these during dinner. Or Oh,

21:13

that'll be fun. Yeah. 6070s

21:15

Music Yeah,

21:17

good stuff dinner at the conference that register soon. Because you know, one thing I do need to mention about this. The hotel has given us a great rate on rooms. But you've got to turn in the paperwork to them by October 1 to get that right. Oh, I see. So that the rate goes up? Yes, and Gotcha. So register soon, because otherwise you'll miss out on the really good rates. I want to kind of jump into cyberspace for a minute. Oh, my.

21:55

I can help a little bit there. Oh, okay.

22:00

I put out a little thing a while back on the internet. And, you know, I kind of saw what's happening here in Houston in the BI scene and really all over the country. And I thought, you know, we really need a day. That's our own. You know, because so far the bisexual days. I'm kind of tagged on to the gay

22:28

days, pretty much. Yeah.

22:30

There's been a lot of the gay pride parades. That community Yeah. But there's never really been a day that's just above and bias. Excuse Penn. So anyway, I just thought, well, maybe I'll throw this out there and see what happens. And I came up with this idea. Let's have a day called Celebrate bisexuality day. And I threw it out to the Bennett with Barnett, USA. And I

throw it out to the leaders list. And that, you know, they kind of tossed around some ideas on dates, and we finally wound up on September 23 for this celebration. And then it wasn't even a week later, all of a sudden, people picked up all over the world. And there are events going on in Australia, Germany, France, Canada, South Africa. All I mean, I showed Jeremy the Celebrate bisexuality webpage, and he was reading through and going wow.

23:46

In fact, I signed up for it for a while but you know, I signed on so many other links that I had do not I had to get off of it. It was just too much I get you know, 100 emails a day.

23:59

My mind all these people can

24:02

I know but a big part of this philosophy is trying to make you know, bisexuality. So it's been such a invisible Yes. Orientation. It's been something that you know, it's like you can usually when you see two people walking down the street Hand in Hand smooching. Most people jumped to the conclusion that their opposite genders, their stride is their same genders their

24:30

guy, right.

24:34

You know, when I walked down the street Hand in Hand smooching on somebody,

24:39

I have no idea No.

24:42

And, you know, this lens, this big, kind of invisibility to bisexuality. It

24:50

does. It does. It does. But in the past, there's been a reason for it was, bisexuality was not always favored in the courts. Yeah, if there was a divorce going on for in custody one Yeah. The

children would never go to that bisexual parent. Yeah. Yeah. And so you can see why there's there's a closet there

25:15

then you know, you know, but it's not just a closet it's a closet within this blanket of invisibility. Yes.

25:22

You're right.

25:25

And that's part of what celebrate bisexuality day is about is to help bring about some visibility. Michael Paige has developed a flag for the bisexuals the by flag and just recently for its Klein decided to give a grant in subsidized part of the cost of these flags for my groups Wow. So now by groups can buy the flags at \$10 they usually go for 30 Wow. subsidy and this is all for celebrate bisexuality day

26:11

great and so where do you get where do you go to get them

26:15

go to Fritz clan? Well actually go to buy cafe and you can pick up Michael pages email is that like [www.buycafe.something.com](http://www.buycafe.something.com) Okay, and if you go there, get his email and just email him if you're part of a buy group. And it's not for individuals it's only for group okay, but they can get their group they can get a flag for \$10 Right. So it's you know, it's amazing how and all of a sudden now to binary USA is jumping in on this and isn't officially endorsed it and it's become they're doing some planning and getting some media releases out and it's just mushroomed.

27:06

The next two months sound pretty busy for bison. Oh yes. Bisexual day coming September the 23rd.

27:12

Yeah, and the events are being planned all around that I mean, the 23rd falls on a Thursday so a lot of places are doing it that night but other places are doing it on the weekend before after there's a few places that are partying all week long. She any excuse?

27:35

And then the next month you've got the bike conference. Yeah, so are you are busy busy, man.

27:40

I've been trying to coordinate all this stuff. I've been getting dizzy on email. You should see you think your load is heavy? Ooh.

27:55

Baby. Oh my oh my oh my god What do you even say to them? Oh, you

28:13

know me?

28:16

Yes, I certainly do. So you have anything else to add? I have just

28:27

have a good fun bisexual time out there. With all these events coming up and register soon. It's gonna be it's very economical. It is we have kept the prices way down. Yeah. The conference. Regular registration is \$45 reduced right for low income student or elderly is \$30. And that's that. Yeah. And if you're not even able to afford that we do have a work exchange program where you can waive registration fees for four hours of volunteer work

29:11

tables. Yeah, that kind of stuff. So

29:13

we've got lots of options.

29:16

There's no one has an excuse not to go

there's no one has an excuse not to go

29:19

right. And we got quite a lineup of stuff. It's going to be fabulous. And we've got in Jim and Jamie are doing the music for the bisexual bar. Yes. And and we're also doing a live radio show from the conference. Right? That's right that that and then and then it'll be the whole after our show. That'd

29:41

be fun. It's gonna be great. What has

29:45

hundreds of bisexuals taking over the airways that night? And after partying all night to who? Yeah, this

29:55

is this month is going to be very different for after hours because not only Are we going to be doing that at the end of October, but also, this month in September will be the last time that Sarah dipalma Does a full show. Yeah, takes over the whole shirt about, she's going to switch off with two other transgenders. And each do a half a show the first half of the second Saturday. Oh, wow. And it's already been confirmed now for October, the second half of the second Saturday, right after Sarah will be Francisco Sanchez, I will be hosting the show. He's going to do whatever he wants to do. I've long been wanting to have a Hispanic or Latin segment. And so we're going to work on that. We'll see how he likes it, see how that works out. He's very involved in politics and the latin community. So I'm, I'm really excited about as a co host, on after hours. Of course, he got his first show, he's going to be talking about IVs. And the new clinic. They have. And that's, that's something that we want to get the word out on. So then wonderful news.

31:23

And once again, I have to give top congratulations to the Houston voice for running that fabulous article,

31:30

that that really was an extended,

31:32

we haven't read it yet. Well read and read it because it really kind of nails down a lot on, you know, the bisexual closet. And you know, once I can't stress enough how important it is that we all come together as a family you bet and work together. You said this on the show before if we as a community came together, we would have so much power in the city.

32:04

It's true. Very, very true. So pick up a copy of the voice. You can get it at the forest headquarters, right here on love it in Whitney is they've got a box right outside the building or Kroger's on Montrose carries it as well as all the bars. Oh, yeah. And yeah, because they're expanding. They're putting the voice boxes out all over the place now. Yeah, and other parts of the city. Just the Montrose cool. So slowly, the whole city will be able to pick up a voice every week. And we're looking forward to that also. Thank you for being here. We'll see and

32:46

thank you to Vita doing some music with us.

32:52

And have a wonderful by day. Oh, whenever you celebrate.

33:01

Oh, it will be all week long for me some form and then I'll be spreading the

33:10

egg so much. And before we go to the after hours news, there is a portion of this way out the auto audio file portion that they had this month. This Yeah, this week, too. That was played on lesbian and gay voices as a matter of fact that featured Charlie Pacheco, the Castro cowboy, who's going to be here in Houston in October. Oh, wow. Over so when he is he'll be a guest right on this show. Really looking forward to that. So while right before the news, we're going to go to that segment of this way out.

34:00

Pan Marshall and Chris Wilson with the ever reliable Christopher David trends on keyboards. Turn the audiophile spotlight this month on our Castro cowboy, a blues jazz Rocker from Cincinnati and the revered lesbian duo.

34:20

I've been out for probably 10 years and so I really try to live my life as I am. So to say well, I'm going to consider it like changing the lyrics are not seeing that song somewhere would be a lie. To me

34:34

this well produced and solid CD is naked by Tracy Walker perennial favorites Chris Williamson and Trent fury blend their original harmonies with an ever present appreciation for that which is simple and true. And their latest CD radio quiet described here by Trent fury.

34:52

I really think that radio quiet is our best CD. Yes, I love the images on the CD I think more than are A lot of CDs, there's a lot of stories. It's a lot of storytelling. And I think that the album has a lot of maturity. And I think it has a lot of depth and also great rhythms and different fields than stuff we've done before. We're writing more rhythmically. We're trying to think more in terms of world music, and I think it's come across on this CD and I'm just terribly pleased with how it turned out.

35:22

Of course, the duo is not without a sense of playfulness as evidenced here by Chris Williamson. seeing the smile on their face and like their hearts smile

35:41

once again, a true story. I killed our mower and we had to go in and I decided a writer mower was just what I wanted because I'd seen these women you know on their mowers just smiling and I thought God women just love to mow and love to be on tractors. Yeah, and they don't get no credit for and John Deere certainly just a real simple exam. When you drive down the highway and you see a man more right or more. He doesn't seem to be smiling much but most of the women are just thrilled to be out their mind. Yeah, good outside work. To honor them with that. screamed out to be written in I answered the call.

36:16

radio quiet is classic Christian tread with evocative imagery, strong, vocalization and uncompromising musical integrity. After all, they keep the flame burning when it comes to women's music. Keep her time serving as a trigger to dive. Deeper and

37:54

Yes, indeed, ladies and germs, it's time for after hours, news and views with big Roy and Chris. And I just blew Chris's ears out. Tonight I already talked about Francisco Sanchez being on here next month. Okay, great. I'm really excited about them about that. You can hear them something I want to mention is the show Greek twist, which is scheduled to run. September The ninth at 8pm is available now via the Internet. If you have real player plugin on your browser, you can see it now. Houston gay web.com/tv.html It contained segments of the 1998 Pride Parade. And you might find that enjoyable. Yeah, that was kind of fun that came through on the internet. And let's see we ever weigh those movie tickets? Right? Real quick. Okay, when we're also mentioned is that the landmark theaters are celebrating their 25th anniversary and by that they're having a con kind of a contest and voting for your favorite foreign movie films. And they have a whole list of 600 movies Yeah, I gotta brush up on that I only indirect I only remember seeing about five of I know I know. It's incredible. I can't believe they've had that many. So that's going on right now as as, as well as wonderful movie.
