The crew of after hours is ready to bring you news interviews, dialogue and music geared for gay, lesbian, bisexual and transgender people and their friends. Hear it after hours, we may be diverse, but we have one thing in common. We are all out of the closet and urge everyone to come out of their closets. That means standing up for yourself taking responsibility for your own life and being proud of who you are. Realistically, we know not everyone can do that because of age job or frame of mind. That's okay, we're here for you too. So sit back, relax, and enjoy this week's edition of after hours.

01:45

Hello, Houston and welcome to after hours. Queer radio with attitude heard every Saturday night at midnight right here on KPFT Houston, and ke o s well, not not yet. Ke o s doesn't come with us until one o'clock. I keep forgetting that. But I can give you our phone number. It's 713 of course because we're in the throes. 526-573-8526 KPFT. Tonight, we've got jewel Gray, and Jimmy Vaughn.

02:22

And we're here to entertain you and inform you and keep you guessing

02:26

that there's Michelle waving at her there she's doing the Queen wave. You know that kind of minimalist

02:32

fingers close they're a bit more

02:36

you know, I still like to know if the College Station people are really there or have we been just giving them credit all this time and then not really actually. You know,

02:46

send you up there for live casting. To go up there. Nancy love it up there. Girl country Wow, it's been an interesting week. You were talking about the Olympics? Yeah, the Olympics no weapons. Do you think we have you recognized

03:01

we saw we just saw the United States to sucks at everything. Except for you know, that little girl in the ice skating.

03:09

You gotta hear you don't want to break through the window here.

03:11

Yeah, you know, Terra terra firma, whatever he was. Yeah.

03:18

I don't know. Ruins Lewinsky. That's it.

03:22

And then on all those skiers crashing a week ago, man, they just crashing right and left there.

03:28

I caught about 30 seconds of the ice skate speed skating. I speed skating. I watch some of this stuff. I mean, I mean, I've got to respect the athletic athletes that do this, but they're going around in circles as fast as they can on it. Yeah. Okay, on these little blades. And and they're, you know, slipping and sliding all around and they're getting gold medal.

03:55

Well, with that again, you know, to see me on the ice I'm like the human Zamboni machine you know, I just get out there and slide around. Some of

04:03

these winter sports have really tickled me You know, I was we were talking the other day about some of these winter sports. The what is it going to be like pond fishing in

04:17

your ice hole for fishing? It's not exactly perfectly round. You're gonna have to count off for that

04:23

he's wrong drill.

04:24

You know the one I don't get is the one where you ski stop skiing and shoot it sounds

04:32

real life situation you know that. And I'd like to know he might be around if he'd been able shoot that tree. Oh, maybe

04:45

that's why you hit the tree. He couldn't get his gun around that gun.

04:49

Every skier has a rifle on its back and will ski real fast somewhere and jump. And you know, there's that other one where they go cross country in those those skis and they kind of it's I can't see the difference much between mushing across country and skiing or their their slushing across country. It's not really skiing anymore skiing to me. It's when they get to the top of the hill and a guy says it ends up at the bottom big snowball that's skiing to me. Yeah. There's some of them.

05:17

I'd like to know the first person who did a ski jump. I mean, it had to be by total accident. Can you imagine, you know, go down this hill and suddenly hit this rock in your five stories in the air. That's yodeling.

05:31

Oh, my God. Echoing back at you. Oh, well, yeah, I've been watching the Olympics. Just a tiny little bit. For some reason. It just doesn't grab me the Olympics blue machine.

05:42

Like it didn't seem to come up with that. You know,

05:45

I'm kind of like that. What is that? Is that losing when it comes down the hill in the little?

05:49

No, it's just you stick your body on some blades. And oh, that's the one without the Yeah, you just go down here and

05:57

they do 80 miles an hour. Can you imagine? Now you got to be doing some kind of drugs. I mean, I don't know what their drug tests. But you got to be doing. Want to go down.

06:07

Imagine the tremendous wedgie. You'd end up getting if you fell off that little deal. I mean, at 80 miles an hour.

06:13

I was thinking earlier, I'm wondering how many gay there are, you know, usually you can say? Yes, he is. Oh, yes. Yes.

06:19

Oh, skaters, me and all the ice skater. Burly ice skating. What you said at one skating around

tonight with one of those samurai swords in his hand spinning around and doing all this neat stuff.

06:37

And you know what? This new fixation with tiny is, you know, everybody's so tiny. Everybody plays on that issue. There's so tiny. She's only 411 She's only this? Well, yeah, she's. Yeah, yeah. You know what I mean? Yeah. Oh, yeah.

06:56

But those speed skaters are kind of unusually built people. Like, everything goes to the rear ends, like these like huge rear ends. And that's it, man. It's like a little

07:08

tiny arm cost you minutes of wrestling tonight the The Collegian wrestling, which is a different thing from what we were talking about earlier. Wrestling, that's right wrestling. And I was noticing those boys were, you know this. Why is there not a great big following this kind of stuff for gay men, because these guys had nothing to the imagination in their little suits. Nothing.

07:36

Well, you know, it's just that when I was going to school, all the kids that did a wrestling, they were forever on diets. I mean, I never saw so many kids on diets in my life than then the wrestling guys.

07:51

Were feed like dieting to lose three or four pounds in a day. I would hear some Yeah, like sweating. Three or four pounds a day. You know, when you're a kid, the

08:00

whole thing is to kind of gain weight. I thought, you know,

08:04

so, excuse me.

08:06

We're taking a call here. Are

08:08

we able to what do we do?

08:11

We hit that and hit another doohickey and yeah, we'll be

08:14

talking to ya. Are you there? Hello.

08:21

And we have Oh, we lost her. She's on one calling back right now. And hello, everyone. This is Barbara Sue and I want to hear from you soon. I want to hear some damn Melissa. Melissa, care about them. Damn ice skater.

08:38

I want something that's some black leather. Black Leather. Hey, hey, how you doing with black leather the other night and I went to this professional wrestling. Lot of black leather there. No, wait a minute do buddies listening?

08:53

Wait a minute. Wait a minute. That's Professional Wrestling. Wrestling is probably Naugahyde instead of real leather. Nothing is real in

Jewel Gray 09:01

I don't know they had babes. I mean real babes there. I mean, the tiny little thing was and blonde hair, sequined babes and leather. It was like we made some leather. Yeah. Hey, how are you? Are we you weren't who we were talking a bit to a minute ago. Was that was babassu. How are you? Where are you? A port Barboursville? How are you gonna be in town? I'm leaving in the morning. Great, great timing. Well, can you call me a little bit we talk off the air. Yeah, great. Great. This is Evelyn. She's a she's a good friend of mine and ex ex ex friend of mine moved away with new and has a wonderful life now.

09:45

Actually. Um, what? Are you moving back?

09:51

We're trying. Oh, great. That's great. Yeah, we're moving in with you, Jimmy.

09:55

Okay.

10:00

Well, I'm excited. I'm, um, I want to talk to you during the break here a little bit Great. Okay. Okay. All right. Will you do me a favor? You bet. Will you say hello to Renee from Mississippi who's in?

10:12

Okay. Hey, Renee did thanks a lot You bet. Take care

10:25

Wow, that's a voice from the past isn't it a blast from past a pleasant one? Yes.

10:29

Very pleasant. Yeah,

10:31

actually they're not up here on really pleasant No.

Jimmy Carper 10:35

Don's mother died oh gosh I'm sorry to hear that and so don kind of feels that she needs to move back to Houston because with mother gone the family might have some problems and so she's gonna stick in there and be

10:51

10:51

Mom Well great. That's that's the kind of person Don was

Jimmy Carper 10:55

Yeah, and Evelyn can get back with the kids. That's right. It's much more convenient. Yeah, much more convenient. I always hated the fact that they moved Yeah, and the kids are have grown oh god and Matt's going to college now longtime listeners might remember buddy from not buddy Johnston. Little buddy who

11:18

always like come on and talk about Baseball,

11:21

baseball and Faith No More Faith No More. Yeah. Well, buddies kind of grown up.

11:28

And he still hasn't told me how many stitches are in a regulation baseball

11:32

and robins grown up. I mean, every Allen's grown up everybody's grown up,

11:36

and they're all part of the KPS KPFT family.

11:39

You bet yeah. He so history nearly are pointing at me. What does that mean?

11:47

Melissa, did you hurt that would put some Melissa on

11:51

Melissa. Let's see what is this? I don't know. It seems it's not Melissa so I just will not do you

don't think that'll do? No, no. Actually all the music is like way behind us and

12:06

they're pre programmed. I don't know what what he's got to say.

12:10

Oh, okay, so maybe I should turn his mic off so

12:13

he can get out of there.

12:16

What are you saying you play one to play this?

12:19

You know that number one ready to go if you want

12:21

you got CD number one and maybe Melissa Yeah, then we'll get some of us then we'll get militia. Militia round I've not heard that name is brown. Yeah. David Brown.

12:34

Every kiss is a revolution. Oh yeah.

12:38

So we'll do that and come right back.

12:42

Hang on now for the second half of the show because we've got hatch coming on. Great.

12:47

As always, everybody just kind of swam in here and there's Paul looking rather festive in his so Mardi Gras shirt already and the Mardi Gras beads that he earned quite. He had to do great heroic deeds to earn those beads I'm sure

13:10

in my mind, I'm imagining these heroic

13:14

heroic deeds

13:15

right in my mind I'm imagining scheming. Go to this music we're

13:20

getting getting a visual. Let's get this five to 6573 eighths or number for death threats or whatever it is. You got to say five to 65738 and of course Paul calls welcome. Yeah. She's,

13:40

she's like not in here. Well, that's because we have one more song to play.

13:44

Are we gonna go ahead and play the third? We're gonna play that third song. Okay. This is finally the requested Melissa Etheridge. Yes.

14:00

So you're saying we need to do 90. This is KPFT Houston, the KE O 's College Station, and let me turn her down. And it's not yet a final one. But this is after hours. This is after hours, queer radio, all that jazz.

14:16

All That Jazz. Yeah. You know, I wanted to talk about this wrestling we did the other night. This, okay, this, this thing that I went to, you know, I do a lot of volunteering, where I work for people

to kind of chaperone groups of people to go out to various social events and down, we go to basketball games go to dog races. We do all kinds of neat stuff. And the other night they had tickets to wrestling. So I ended up I just you know, it was just a pull out of the hat number. You know, and I was one of the volunteers that I would go and it turned out to be wrestling. So winter, took a bunch of them down to the compact new compact Center, which is a big major rip off if you've been there lately. I had no money they got great big food court there was all this food but it's like \$7 for a hamburger. What it's like wow. Anyway, got Wind in the Door and it was I swear to God, I thought it I thought I was like a Black Sabbath concert or something. It was like dark and there were chain link fences and chain and barbed wire all over and this big, you know, ring in the middle is all lit up and, and the people around, you look around, you could swear you

15:28

sounds like a party of Garrett's house or something.

15:31

And I thought, this is really a bastion of a place that you know, a lot of these people, a lot of these people would be uncomfortable if they knew I was a lesbian. You know, and I thought, jeez, I don't usually put myself in a place where, and I didn't recognize it was gonna be like that when I got there. I mean, not that all metal heads or, you know, people watch wrestling or homophobes, but you can use like, you can usually count on the odds that they might be

15:58

Oh, no, they're sitting there watching these guys are in their underwear, throw one another around a record, it's

16:03

not underwear anymore. These costumes would make Broadway wince. I mean, these costumes were elaborate and ornate and colorful, vivid, you know, it used to when I used to go it was like, you know, big burly men scratching under their arms watching smoking a cigar watching two guys in a ring, you know, bashing each other out. It was kind of, you know, a few people there. It was like, a gathering of, you know, just like 400 people would be there. And this was the place sold out. He was sold out and can't sell out of rockets. You know what I mean? It was sold out. And they started this thing off with percussion. explosions, you know, it was like 10 of these back to back in this little bitty place. But it was worse than any major concert I'd ever been to my ears rang for 20 minutes, pyrotechnics, man the whole thing they darken the room and then these babes came out I mean these you know, that's all you can call them that's their job. They're the baby you know what I mean? In slinky long evening gowns, one of them in sequence and and her hair down like you know way down to her button and blonde and you know, the bay type and she came out and then southern came out and black leather it was like right out of a heavy metal magazine ever see heavy metal? Oh, sure. Like right out of a heavy metal kind of film noir, except there was very vivid and then they got into a fight now these

were the malls I guess the wrestlers malls, you know, and they're out there and then they get into a fight they obviously these there's some tension between they're bullying each other tear out in the wrestlers had to run out before they're introduced, of course, and pull these women apart. And you know, what it is basically it's like, it's, it's gonna say someone new. It was it was horrendous. It was very sexist. And you know, this, they grabbed these women and tossed them around like they were, you know, bags of potatoes and, and it was and these women tried to get at each other. It was like the typical male idea of catfight. You know what I mean? Oh, she's gorgeous, babe, fight it out. You know, for some reason, it's always been attractive to me. And I never were on their feet. Like it was like, you know, a tie basketball game your team has never won before. They've got the ball, you know, they were on their feet. It was so unreal. I'm standing I was I was so moved by this

18:34

team from Thailand.

18:39

I was so moved. I'm telling you it was and then you know, the ideas struck me I thought what would gay people be like wrestling matches, you know? What would it be like if gay people ran wrestling? Trying to imagine what that would be like? Oh, God, it was

18:52

before it gets any deeper any further. I want to go ahead and announce what we played there. Okay, we had Melissa Etheridge, chrome plated heart and my absolute favorite drag queen. Singing drag queen. Mr. Ed? Yes. Doing the French song. And, you know, kind of Dang, this guy looks good.

19:16

I'm telling you didn't

19:19

know. He could do me. You could do and and of course we started that little set thing out there with David Brown. Every kiss is a revolution. And so that was that. Oh, we have the the buddy update. Nobody called while we were taking our little break there said something. Clearly. There are 123 stitches in the right hand. Baseball in the right hand baseball. In the end there are 120 was the winner 23 stitches in the right hand winner in 28. And the left hand baseball and I didn't even know there was a difference.

19:58

.....

That's That's discrimination. And

20:01

because us left handers have big hands

20:05

big hands yeah

20:08

well you know what big hands and big feet me know big gloves and big shoes

20:14

I don't remember that one. I remember that one.

20:18

Oh it was also Alan that was in the face no more not buddy. So that was that was a major Fox pass

20:26

used to be we could count on them being bad not hearing us but not anymore.

20:30

Really think Buddy was more you know that Trent Reznor you know, Nine Inch Nails kind of deal? Or some kind of thing or like Manson? No, please. I mean, I just want to slap these guys.

20:43

Takes some kudos to do what they're doing.

20:48

I'm sorry, but anybody who has the the audacity to cover at any Linux tool ought to be able to sing. But he just, oh, I just cringe just American. Because, you know, I mean, Annie Lennox is a goddess you know, and, you know, to just have some gray eyed, skinny looking little punk guy

singing her stuff just is just who hasn't thought that about the little guy.

21:31

Maryland man Manson. No two foods going on in town. You were telling me earlier that the lesbians are coming to town, or they're coming here going San Antonio, speaking

21:40

of black leather, as we've heard earlier, the Gulf Coast leather, people are having a big to do coming up here to 611 the first weekend in March. And it's gonna be pretty dang cool. Yeah, they always have good. And you can all if you want information on that you can always pick up the there's an autumn seasons newsletter that you can pick up at any number of think Lobos or most of the bookstores have ended about town in in about town and find out more about that. But as we're talking about the black leather stuff, well, let

Jewel Gray 22:22

me tell you that the 11th annual Texas lesbian conference is going to be held in San Antonio not here, I would think it was gonna be here. And the conference stream will be creating balance. And they're looking for lesbians such as yourself as yourself as yourself, of course myself, who have the ability to share their expertise and experiences regarding issues important to other lesbians Of course, since it is the lesbian conference, I imagine I can see this guy going and say I want equal time

22:52

ago. I'm usually an honorary lesbian.

22:54

I think you're a lesbian.

22:59

We cruise women together.

Jewel Gray 23:00

Yes, that's right. If you're interested in presenting a workshop, you need to get a hold of these people and they are looking for people to present several departments. Yeah, several different workshops are hoping to get people to do some for arts and culture, business and careers,

communications community and family imagined PFLAG, we'll want to do something with that ethnicity, society, financial stuff got financial is really getting to be a major thought most people these days, people are talking about their stock portfolios.

23:31

Oh, yeah. It used to be just getting jobs. Yeah, keeping a place and now the power base is getting larger. And it's like, you know, it won't be long before you know, we have our own bank or our own you know, credit union or something like that. I mean, it's it's coming so financially, that's where the that's where the real power is, you know, when you have when you can control a pretty good sort of money

Jewel Gray 23:59

direction. You're yes, that control over what you're going to do. Yeah. And the reason I brought that up was because it's getting to be a big thing around I mean, people are really beginning to pay attention to that. Fun relaxation, health humor, legal stuff, you know, a lot of people are interested in legal issues between you know, relationships and stuff, literature, politics, relationships, spirituality and in they're willing to discuss with you out, you know, possibilities for, you know, things that they haven't thought of, if you have an expertise or expect a certain experience with it. And if you're interested, you need to contact them and you can get ahold of them. Let me see if I can find a telephone number. No. When you know, there'd be no telephone number. Oh, I guess well, let me tell you, you can right care of the TLC 98 5309 McCulloch San Antonio 78212 And if you're interested, we'll get somebody to read this on the phone for you. If you didn't catch it.

24:58

Has that Okay, now we're gonna go into the date. On and again, it's

Jewel Gray 25:01

made 29th and the 30th. And it will be in San Antonio. And San Antonio is pretty cool town. You know, every time I've been in Antonio. Yeah, I've had a good time. And you know, but I go there thinking, yeah, I gotta go to San Antonio. But that's because I've heard that so often, but I never had an uncomfortable or bad. Good place.

25:20

I didn't see world thing and stuff.

25:22

But I went to check the Alamo out, put my fingers in the bullet holes, you know, on the wall.

You know, I don't know why did I think my mother came in? I thought I didn't press over the Alamo or something. No, I

25:32

mean, I had to go you know, like feed a dolphin and stuff. Okay, let

25:35

me get this right. Let me get this right. We've got a dike putting their finger in the hole in the wall. In the hole. Okay.

25:45

She has Dutch boy fingers.

25:47

You know, as a matter of fact, I do believe I commented on that as I was standing there with my finger in the wall.

25:54

Back Oh,

25:56

yes. You know, we

25:58

are getting great calls tonight.

26:00

Well, you know, we have a good time out everybody out there.

26:04

And one of the calls is when I just talked to Brad from ke O S. Calm. We are actually out there. As a matter of fact, he he told us because he does the show right before hours, or after hours.

And after hours comes on right at midnight. It's the only time it does the rest of the week. Hey, EOS has programming till 1am I on Saturday night we come on right at midnight. Cool. So hello, ke

26:35

O S. All right. So now, thing is do we just take Brian's word for? Bread? Bread? Yeah, sorry.

26:46

Oh, Brad, we know you're out there. And we love bread.

26:49

Yeah, I'd like to I'd like to in the movie, Brad.

Jewel Gray 26:54

Well, I'm glad to hear they're listening to us out there. You know, I don't know what kind of you know, you know, demographics they have out there. But somebody's got to be listening to that. And you know, that means we're reaching people really, really far away from the Montrose when we're talking to people out of college station in places. Very, very distant world from

Jimmy Carper 27:15

well, you know, you live in a very distinct side to Montrose. And that's why I like having you on because there are probably more people like you out there, then there are people like me. I mean, I'm a Montrose faggot. And

27:30

it used to be, I like to get to be,

27:34

yeah, well, I think it's good to get the opinions and outlooks of people who don't live in Montrose.

27:41

Because we all can't live right here in this you know, couple three miles, well, actually we

27:46

crowded we could and it would be really fun.

27:50

You'd know your neighbor. Don't really, but we'd like we invite anybody from that area that's listened to us to call us and partake, partake in our show here and you back and, you know, maybe come down and visit sometime you we have people wave at us from the street, just the whole other side says college states. And

Jimmy Carper 28:12

let me tell you, you know, in the last ratings, about 50% of our listeners are straight. You know, I love that figure. So, listen, folks, don't be embarrassed because you listen to this show. We have a lot of fun. And we want you to have a font, a lot of fun and maybe learn something about the queer community. In the meantime,

28:37

we talk a lot more truth, and most other places, and we tell root jokes. That's right. That's right. And we think we're funny. I think we're funny.

28:47

Well, yeah, that may be just,

28:49

I have a really politically incorrect joke. And I don't think I should tell it because about 98% of the lesbians would probably turn us off.

28:58

Well, we could do like they're doing on TV and on the radio these days. Now, we're about to do a politically incorrect joke that will offend feminists. So turn your radio way down right now. 100 back up.

29:09

Okay. Shall we do it?

29:11

Give them a second to reach over there. Are you ready?

29:14

Yes, go three, two.

Jimmy Carper 29:16

Do you know why women have two sets of lips? No, so they can piss and moan at the same time. Oh, God, we can only tell that joke after midnight. Orion only it only here and only with jewel.

29:36

You can only hear it here.

29:40

Okay, I think that's all I need to contribute to this. I'll be talking to you later. Yeah.

29:47

Oh, great. Daddy leaves a number. What are your comments for your comments?

29:53

They're lining up as we speak five to

29:55

65738 KPFT be calling all night. Don't give Roy just an earful.

30:02

The feminist who would call and be upset are just now turning their radio back up

---

 30:06  
so 98 9900

 30:09  
there what yes that's right that's right I'm glad you came back with us.

 30:15

 30:29  
so what else is going on in town? You know I don't have any paperwork work well

 30:32  
actually because we have the news coming up. We always seem to steal some of the news is Thunder there. Yeah, we'll

 30:40  
do that. Oh, yeah. That's right. We should do and we got several of these so we may as well Oh, man, this is great. I love this. I didn't know this was going to behave listen. This is one good movie. Have you ever seen this? No. What are we talking about? Well, it's one of the funniest things I've ever seen. And Antonio Banderas first role?
