Anything? Producer, you were doing us still? I thought we were out of here at one. They're doing me at one they say, what does that mean?

05:18

We're gonna put on some music and strapping

Jewel Gray 05:26

you know, I was watching torts. again tonight, you know torts on triology theology.

05:34

He's been taking meds, Tony,

05:36

watch a few minutes of it. And it was the part where this guy who was dating Harvey Harvey Firestein hasn't a woman date come to his house? Did you remember that scene? And how bad Harvey took it? Not that he was seeing somebody else but that it was a woman. Yeah. And I was just brought that the mind.

05:54

You know, my Well, nevermind. Harvey Firestein invitation.

J Jewel Gray 06:00

And you did well, you did well. Oh, God, what else is going on in town lately that I've missed? I went over the building patrol last time I was here members don't know. Yeah. But everything has been torn down and going down to get over the Lobos and do some shopping there. Stickers, a

06:17

new coffee bar at the new location with Sally. Sally used to work at England, England. Great.

J Jewel Gray 06:25

Yeah, I remember selling very well. Very well. Very well.

06:30

Oh, she has that smile on her face look at.

06:33

I'd like to know how you myself

J Jewel Gray 06:34

turning red.

06:38

Since you live out in the hinterlands, I'd like to know, kind of your reaction to the mayor's newest proclamation?

J Jewel Gray 06:47

Well, you know, I knew he was gonna do that.

06:49

You know, he's another one of those news sets. So

06:51

and you know, he's kind of he's kind of stuck with what he said he was going to do, you know, they gave him a really bad rap. Because, you know, he was in the place where you get the bad rap when something bad came down. But it was no more his responsibility than it was the guy before him, you know, and I thought he got a bad rap. I've always kind of liked the way he wanted to do his police work. He was the guy who really started and championed the neighborhood police stations and the people here and the police and authorities here fought it tooth and nail, but it's really turned out to work really well. And they're really starting to expand that whole program around the country. So when he wanted to run for office, he wouldn't be the one. I mean, he was the one I would have voted for Chris I live down in Rosenberg, so I couldn't vote, I could have voted. Because I really haven't changed. You know, all that, you know, pertinent information, I could have come into town, but I wouldn't do that. I have some ethics somewhere. back pocket, don't vote in the wrong city. So I didn't vote and but I would have voted for him if I had voted early and vote off voted for him. Because I believe what he said when he made these when he you know, he said what he was going to do when he took the police chief's job, when Kathy Whitmer put him in that job. He said, I'm going to do this and this and this. And my damn he did those things when he came out. And I thought that's good enough recommendation for me, you show me one of the politician who can do that. And I'll vote for them. So I thought he would do pretty good job. And he's done a pretty good job

08:17

of politics. Yes.

J Jewel Gray 08:21

Well, you know, I just thought that when he said he was going to do it, he would do it. And I think it's a wonderful thing. I think that, you know, it's something I live with every day, see, I'm a state employee, I have that protection. So it's something I you know, in a kind of strange way, take for granted. You know, I have that, and I'm aware of that, in an unaware way, you know, I

know that I don't have to worry about certain things that when you're in other job situations, you may have to worry about. And I know that if I want to talk about what I did last night that nobody can officially discriminate against me. So that's just a comfortable feeling. Now given same sex partners, insurance that would be nice for addition to the state, but they have a non discrimination policy, where I work and it's comfortable. So I know the city workers gonna appreciate both sides of that. Oh, sure. It's always good to be able to get insurance for you know, your extended family first. Oh, that

09:20

was a whole. That's the whole issue. I think about the marriage thing is getting people on insurance plans. Because, well, when you get really down to it, you know, do marriages really work? I mean,

J Jewel Gray 09:36

marriage is just totally overrated, totally overrated. Although now I don't want to change the idea that I would like to be committed in that great in the spiritual way, in a marriage, but in the way that people visualize marriage, you know, walking up to church and whiten tuxedos, the whole nine yards and limos way and Great expensive places for your honeymoon, paying for it for two years good, you know, the whole marriage stereotype kind of stuff, what everybody aspires to do, you know, that image of what everybody that career knives image that everybody aspires to reach? You know, and never can, I've never, I've never fought for that I think marriage probably is very,

10:19

but more of the spiritual thing where I mean, you know, you make connections with people. And it's I mean, it can go a lot deeper than just a this, this ceremony that says, you two are going to be together for the rest of your natural lives, which,

J Jewel Gray 10:36

essentially, marriage to me has always just simply been a public vocalization of your commitment to each other. So you're sharing with your friends community, this commitment, you know, any process, you know, any therapy will tell you to tell as many people what you're doing so that you feel like you have that, you know, people are, it gives you responsibility to you know, because you have so many other people who are seeing you as that it gives you added responsibility to remain as a as a married couple, kind of an extended support group as it were. But that's all I've ever seen out of it. I mean, legally, I've always only resented the fact that I can't not that I would really want to be legally bound to some other person that to me, that's like indentured servant. Yeah, legally bound to someone. But if you have a commitment you want to make to someone. I think sharing it with your friends and in front of your friends is very positive. And, you know, making it to each other in a vocal, oral traditional way. It can be very beneficial to you know, the spiritual part of your relationship. The part that is like

11:47

loosey goosey. Oh, sure, sure. Yeah, we all like those more cushy, cushy in

J Jewel Gray 11:51

the day like loosey goosey and the darks a little different.

11:56

Yeah, yes, indeed.

J Jewel Gray 12:00

But I think it's a great idea for in for people to have, you know, same sex protection and then same sex benefit.

12:09

Oh, by the way, this is KPFT Houston and ke O 's College Station. Yes, indeed. We're in College Station. We know that now.

J Jewel Gray 12:17

Yes, we do. We do. And and this is after hours. That's wonderful. Like, you know, I can remember when I first got to Houston and I was listening to after Weinstein program that was on and even before buddy, way, way, way back and Ray Hill can attest to how far back in the dark ages of KPFT you came into town and could hear that, you know, beacon in the night kind of thing, that gay program on the one station in Yeah, huge town. And I happen to you know, look onto it one day, and, and, and it really said something into me until I was familiar enough with the area to reach out and participate in the area. So I imagined people who have not don't have that ability to reach out and participate in the area, that this is the only way they find out what's going on and hear other people like themselves. So it's a good thing. It's a great thing. I think I've always felt that way. I've always felt this is one of the most positive things that we can do as a gay community is to be there on the radio, you know, radio, I guess it had been one of the more powerful mediums throughout history. I'm sure you know, TV has its place but people still you know, if you talk to people people will still tell you they listen to certain programs on the radio you know, either they talk to you talk to them, some of them are that Limbaugh lovers or the Limbaugh haters either way they're listening you know that kind of stuff. Course Limbaugh is off the air now but you know, the IMS or you know, Howard Stern. People who listen to the radio and we got on the air now. Limbaugh Yeah, no, he didn't have something he didn't have a program. It's not working on one currently. There's a lot of good. No, did you know what happened? Nothing. He just stop stop. I guess you want to do something else. It's been a while since he's not been on. You haven't noticed? No. Places. They're playing,

you know, syndicated you know, repeats of some of these shows. I had never never got into it. But since he's, you know, so politically current with his stuff. It's kind of hard to play stuff back. You know, that happened three months ago.

14:15

That is true. Yeah. Yeah. Yeah. Um,

J Jewel Gray 14:18

I was the reason I was thinking it was because I watched Howard Stern's private parts the other night.

14:23

Oh, no, no, we talked about Howard Stern last time.

J Jewel Gray 14:27

Yeah, you know, I was thinking it'd be kind of an ad David Letterman on the air. Now. I've watched Howard Stern. I'd like to be more like a Howard Stern on the air.

14:36

Can you be that mean and hateful? You know,

14:39

I don't think I could be that I don't think your ego could be I don't think I can be that hateful. And I really don't think what he does is so hateful, as it is inconsiderate, grossly inconsiderate. I don't think there's really a lot of malice in what he does, but it's grossly and consider he doesn't care who uses other words. Yeah, that is true. But I don't think I could do that. But I could do some other stuff I was thinking about that field and I thought you know what if I had a dream situation where suddenly some you know life fairy came to my house and said You get one wish How would you change your life? I want to be Howard Stern

15:19

get all those women to undress for you in Oh yeah.

15:22

Oh yeah. I really liked the movie. I thought it was a you know, it carried itself even if you don't know who he is. It really was it really was a you were able to carry he it was it moved along even if he didn't know who he was. He had no relation to you know, if you just heard his name it made me but even if you didn't hadn't watched him on TV, you know, he's on TV CNN, or one of those shows that you know, C span or something when he's on or E entertainment. That's it entertainment. Oh, yeah. That's my catch two minutes. Occasionally. Usually when somebody's taking something off or throwing up and then somebody said somebody hitting somebody famous hitting

16:02

we need to take a break. I see the signal behind me and oh, yeah, it's

Jewel Gray 16:06

104 3738

16:08

I did we did the I that Right. Right. Right straight up. Thank you very

Jewel Gray 16:17

Yes. All right. On to tracking does somebody else like a good bears? Oh, let's see what else we can.

16:31

Let's oh, wait a minute. We can play this incredibly slow. Elton John song that actually

16:36

I have two of them. I want to play together.

16:40

Two of them. You want to play together? Yes. You mean simultaneously? No. back. Oh, okay.

16:47

One than the other. Oh, okay.

16:50

Okay. Well, you gotta tell me these things. And,

16:55

and, of course, there's dedications here.

16:59

Oh, dedication. 50 people in lobbies Jamie Anderson out there. Yeah. And the Jamie interesting team,

17:08

from her Never assume album. The menstrual tango and that is for her

17:13

Gesu. Boba soo got it. Do I knew it?

17:18

Well, you say babassu. Is Mother No. babassu works with Jamie Anderson's mother.

17:23

Yeah, yeah. We were talking about that the other day. And that's pretty amazing. Because Jamie Anderson, yeah. She said she works with Jamie Anderson. Yeah, I work with Jamie Anderson's mother. And we like Jamie Anderson.

Jimmy Carper 17:37

Oh, my God. I know it. It's fantastic. Yeah. And then the next one, of course, is for Evelyn. And so you know, that's got to be an Elton John. Oh, absolutely. So let's go to it. Okay,

17:49

let's see. Let's start out with the Jamie Anderson band and then go into Elton John. And you were saying before you're getting ready to

18:00

that's CD one rather than cart one? Yeah.

18:04

Okay. Oh, sorry. One more time.

J Jewel Gray 18:10

I said, God, I love Elton.

18:11

Yeah, that was pretty good. That is pretty good. Yeah, just about

J Jewel Gray 18:15

kind of, I've never really got off to him. Not that I didn't, you know, his hot hits. were, you know, something that stuck with me, but not as an artist where I go on by his arms or anything. But lately, I don't know when last time I don't know. Since that album came out about five years ago, six years ago. I've listened to him and gotten just to a point where I just love Elton.

18:34

I know. And he was one of the first really out people I mean, you know, way back there, you know, while

J Jewel Gray 18:44

he was out I couldn't figure that out.

18:47

Well, at first he said bisexual then. I don't know. I mean, it's interesting. You know? I mean, he said a lot of things but anyway, we're getting out of here and the news is coming on so kids take over. Oh, yeah. First they're gonna have the news. This has been to jewel and Jim.

J Jewel Gray 19:06

The jewel and Jim show. What's that?

19:08

This is the little memo that we must read before Roy and Michelle come on to remind you to get pen and paper ready because they're gonna have a ton Oh numbers and oh numbers to give you for info and whatnot to come on the news. So you

J Jewel Gray 19:26

are sure to catch everything. Absolutely. That's right.

19:30

So get that while we're sitting here babbling incoherently you can get that pen and paper ready. When they do babble coherently.

J Jewel Gray 19:40

I will see you third week. end of next month.

19:44

Yeah, sounds good to me. Let's go ahead and get the bed music for the news going here and get them turned on here hopefully. And we turned off there we go. We are turned off Yeah. Oh, do we have Michelle? Oh, yeah, you got big while

20:07

I'm here, y'all. Yeah, I can hear me. Can you hear me? Yeah. Soggy night out tonight?

R Roy 20:13

Yeah, I got you. You got me? Yeah, you got me. Okay. Okay. There's the news, a big Roy, and Michelle, and we're coming at you from the heart of Montrose. And got some interesting things to talk about tonight. First of all, I'd like to talk about Tuesday afternoon at City Hall.

20:34

Oh, yeah, you went to that?

R

Roy 20:36

Right? Well, let's see what happened was. We will, we didn't know that Lee Brown was going to sign that executive order prohibiting discrimination against gays and lesbians in city hiring. We did not know he was going to sign it into the executive order. So quickly. And

O

20:56

it looks like he signed up before the meeting didn't as a matter of fact,

R

Roy 20:59

he signed that Monday evening. Okay. And the political right. And religious right, was trying to mount an offense against it to try to stop it, thinking that they could have the same victory that they had back in the mid 80s. Well, it fizzled quicker than an ice cube on a hot rolling fire. Their efforts just fizzled into nothingness. And we had quite a good turnout at the at City Hall, not just gay people. But it was amazing how many straight people showed up, to congratulate and to thank Mayor Brown for signing that executive order prohibiting discrimination and city hiring. And, you know, the count was something like 20 in favor with one oppose,

O

21:48

oh, no, that's great. That's great. Oh, and a

R

Roy 21:51

lot of the people who were scheduled to talk didn't show up. And so a, the count would have been a lot higher. Because there was a lot of people from our community whose names I recognize that were scheduled to show up. But then, for whatever reason, I think a lot of them thought it would be anti climatic and wouldn't be, and it really wasn't all that necessary. But it was good for Lee Brown to hear the the attaboys. And the Thank you. Yeah, he did. He did come under a lot of fire.

O

22:25

Yeah. And it's, it's always good for the community to show up and support our support themselves,

R

Roy 22:33

and show support to our politicians who keep their promise. Oh, yeah. I mean, you know, hello, what is this new thing, a politician who keeps their promise? What new thing is this?

22:45

Well, we've got a few of them in Houston. I know, a nice pocket. And it's the same thing,

Roy 22:51

really. And I was really impressed at how quickly the opposition, the loyal opposition fizzled into nothingness. Because that was a bit of a concern for me, because I remember very well, the referendum and 85 and the total lack of support from within the community. That was back then, which is why the enemy was able to get good victory over us in 85. But it did not happen that way. This time.

23:29

Yeah. That's great. That's great. Oh, why did it two o'clock? And when How long did it go four to 503 hours?

Roy 23:37

Every Tuesday for three hours from two to five. It's it's an open forum at City Hall, you can call the city secretary. And she'll set you up. You know,

23:50

I put you on for a certain time and you have to call at least an hour in advance. I understand. That's

Roy 23:55

right, at least in advance.

23:58

Okay, well, let's move on to another bit of news. And I was thinking that probably over from now till the end of June, about every week or every other week, we'll probably be coming up with something about the primary. Right? I'm just saying you got some stuff on the Pride Parade. Yes, we now have. They've announced be the grand marshal of the parade. Bob. Yeah, Bob Elton is going to be the male Grand Marshal Bob baldness. Yeah. And Dr. Jackie Duvall is going to be the female Grand Marshal and Barbara Winston is the honorary Grand Marshal. And this year, the organizational grand marshal is with Texas gay Rodeo Association. All right. TJ RA has made it so they said they really

R Roy 24:49

do deserve it. Yeah, I tell them if you want to see some great rodeo action, go to the Texas gay Rodeo Association.

24:56

While also if you want to see some great action as far as the support for for the community. I mean, this year they're going to have their 14th annual rodeo, but so far they've picked they've picked up or they've contributed over over those years, something close to \$2 million in charitable contributions.

R Roy 25:16

I also want to say go along with the Texas gay Rodeo Association. If you get a chance to go to this year's Livestock Show and Rodeo parade, get out there and show your support to Gene, Mikko Linka. I hope I'm saying his name right, because he's a gay cowboy. And he's seeking a three peat championship at the Houston Texas Livestock Show and Rodeo. He's an openly gay cowboy and he's seeking a three P victory at the Houston Livestock Show and Rodeo is cute. He sure is. Associated is a fantastic group.

25:53

They've raised a lot of money for the community. Let me mention about Bob out and he's the current chairman of the Houston Council of clubs. He's a member of the Royal and sovereign and Imperial quarter the single star. You're the only one who can say that one breath. Well, I have down here is our s ICs. S. Okay. i He's a member of the Houston area bears to Texas Renegades for Aberdeen, and he's on the board of directors of the PWA Holloway holiday fund. And Dr. Dubrow is a chiropractor. And she is the founder and chairperson and current president of the annual lesbian health fair. And she's also on the board of directors of the amigos volunteers to an education and service. Or she was and also, as I mentioned, Barbara Winston is the honorary Grand Marshal and she's an active member of parents, families, friends and of lesbians and gays or PFLAG. And she's been active in that organization for quite some time. And she was the driving force that got the PFLAG billboards up in Houston. I think I think that's really turned out to be great.

R Roy 27:09

Yeah, we got some really great people. Of course, we all remember who last year's Grand Marshal was for the very first nighttime game. And that'd be Pride Parade.

27:22

Oh, that was Jimmy. That's why they came up with electrifying for this year.

R

Roy 27:27

Who can forget our own Jimmy Carver out there, and that lavender shirt?

♂

27:37

Just beautiful. So I think we're going to probably be coming up with an item every week, every other week on the pride parade as it comes along. If any of you are interested or are trying to get together to get to get a float in the parade, there will be a how to build a float seminar on March 17. And for more information, you can call area code 713-529-6979. That's 5296979.

R

Roy 28:07

Jimmy, I was wondering, do you have any advice for the grand marshals that you can give them this early?

♂

28:14

Just glow? Yeah. And it doesn't take much. I mean, the thrill of being out there Well, I mean, you probably won't need lights. I remember

R

Roy 28:25

before the parade started, I was out there trying to hook up Jimmy's car, help hook up to his car, so that you can have all these lights and make it look really fabulous. And once you know the rent a car wouldn't. They did as we

♂

28:39

found out later, we had this kind of converter for the ash for the cigarette wider. And as we found out later, that when you rent a car, and in many cases, they disconnect the cigarette lighter because they don't want people to smoke in the car.

R

Roy 28:54

Well, I was gonna say, though, that that Jimmy glowed in that parade so much on his own. You could have plugged in. Yeah, we didn't need to like Jimmy was just honey. She was just glowing. That's that's

♂

29:07

the whole idea. It was it was we were like Mardi Gras in June. And that's what it's all about. It's a celebration of our queerness

29:17

and you were

29:17

the very first grand bargain. CO brandmark. Oh, Grand Marshal.

Roy 29:24

Ever belt. Yeah. I want to say Deborah belt showed up Tuesday at city council and she was fabulous in her comments are really Oh, she really was I was really proud of her. And you know, I'm very critical. I know. But

29:37

But Deborah is very good at PR. Very, very good at PR.

Roy 29:42

Okay, next off I'd like to talk about a national gay black men's. men's magazine well,

29:51

magazine. Mailbox. Yeah. Now it's called the mailbox but they said it's not a magazine. It's a magazine.

Roy 30:00

Well, actually, anybody who wants to pick one up is always free to pick, pick it up. You don't have to pick it up.

30:06

I subscribe, right? Because I want to know what's going on in the black community. And this is kind of a national thing coming out of Washington, Washington, DC by Rick, Rick. by Rick, Rick. Yep.

Roy 30:18

Roy 30:10

Rick, well, is it Rick or Rick? I had to do that. Anyways, but uh, it's an excellent magazine, you can pick it up at the mailbox, or you can go for a subscription. Now there pick it up across crossroads. Yeah, crossroads. You can pick it up at Crossroads market. And

♂

30:42

it's a little pricey. Yeah, it's a little pricey for a single copy. It's five bucks. A subscription is like, how much?

R

Roy 30:49

About three bucks?

♂

30:51

I think it's 25. And \$35. Okay. Yeah.

♂

30:55

Do you have an address on that?

R

Roy 30:56
