Yes, music by people I want to hear more of next year. That was Noreen Braun with John sweet disobey. And before that Mary loft strim with my baby just cares for me and Raizy with remember that you did it first with me. It started out with Jeff crasner 110 in the shade you're listening to after hours queer radio with attitude. Right God KPFT Houston, 90.1 FM, and 89.5 fm and I'm just losing my voice minute by minute. But I want to let you know that if you listen to the show last week when we did a live remote from club Oh, over at 710 Pacific Street. Our intrepid photographer has a whole bunch of pictures from that show online right now at wq. See our url.net that's s EOWLC l.net. And just look for the after hours pictures. It is time for the leather align. And we've got mistress Indigo here. Hello.

01:33

Hello. I'm

Jimmy Carper 01:34

gonna be turning this over to David because I can't talk anymore.

01:38

I've noticed I've noticed your suffering and it was turning me on. I just want you to know, I know. I

01:46

know that this turned you on mistress. Oh, yes.

01:49

I want to tell you how to make you scream or whimper?

01:59

Well, Jimmy, if you want to hit me up my offer later, just let me know. Well, leather line time I have mistress Norma Jean with me. Hello. And of course, Jeffrey. Hello. And we were just racking our brains for our topic for today. And we think we come up with something. After the last show that we did. I got some emails from people saying, you know, I like this. And I think I might be a little strange. I like that. And I don't think that's normal. And I just wanted to talk a little bit about different fetishes. And just how normal it really is. I am I personally have some things that I like. And I'm very proud to say that not everyone likes them. But I enjoy recruiting new people to my fetishes. And Mr. Norman Jean and I have seen clients in the past who have different types of fetishes as well. But Jeffrey being the thesaurus and the encyclopedia dictionary that he is has the definition of fetish all embedded in his head and he's going to tell us, tell us, tell us. Go ahead. Don't be shy.

03:16

That was just a coffee after me.

03:21

Well, now we still have coffee, and we are for all intents and purposes in our house. So go ahead.

03:26

What a finish is just a substitute for one thing for another like a sexual foot fetish would be thinking that the feet is sexually arousing, but a fetish community but the Venus of Willendorf that little statue of the fat chick was asked Yes, let's say you have a fetish for sucking cock that's that's not a fetish. That's just sex.

03:55

Well, wait, wait, wait it now what if that in and of itself rocks your world?

04:00

But that's just regular sex. Oh, that's not a fetish. Yeah, okay. Can't say that's a fetish because

04:06

you wouldn't say a fetish is a consistent kinky thought. Now, what if you weren't into BDSM? And I don't know. Well,

04:16

I'll say this about the word fetish is bandied around quite a bit. Yeah. And like anything that you know, the game's popularity as a word, it kind of gets muddied, you know, but in and of itself, it a fetish is something that turns you on that has nothing to do with sex or to spray like some people like plastic. Yeah. The texture the field the way it sounds, when coats and old, the way it drapes and whatever turns them on, and that it's in and of itself, attractive or sexual without the actual sex and then that's supposed to be a like you said a substitute card.

05:00

Say one of my favorite ones I've heard about Yes, sure. This was Do you know those little those orange balls? The nurses used to pump up the blood pressure those bulbs? Yes bulbs. He liked to have women step on them with their feet or they had to be orange. He liked him to see like, like the women to step on them with their feet and then throw them into a fire. That really got him going.

05:25

So now I want you to know that if that's you out there, and that's your fetish, you're not alone. Call and tell us about your Bowlby orange. And you know whether or not you want it in the fire, we're here for you. We're here for you.

05:44

Number is 713-526-5738 or 713526. KPFT. Yes, and

05:52

you're listening to the leather line.

05:56

What are we gonna get like, you know, hell bent for leather Judas Priest to introduce the show, you know, I mean, Rob Halford is the quintessential leather man, you know?

06:04

Uh, you would have to take that up with Jimmy. I'm getting the substitute. Okay.

06:09

Can we touch me up first before we have this discussion? Oh, wow. You know, whatever floats your boat. Well, I think everyone knows what floats

06:18

your boat. You mentioned your finish earlier. You didn't tell us what it was. I didn't get explicit.

06:24

Yes, yes. details details.

06:26

I find that that as as my experience grows, and I learn new things, I find that different things turn me on. And not most of it, nothing to do with sex. There's so much. I don't know if I don't believe I'm a fetishist, per se but there are a lot of things that turn me on dressing boys up and little girls clothes. Once a little girl I mean, I don't mean age play. But girls clothes turns me on. The feminization transformations turn me on and because of that the things that are involved in that strap arms to me on forced by of course, it's never quite forced. But anyway, it's hard to force the willing isn't it? Mistress please don't make me do that. What time shall I be there? Early. But anyway, so I find that that's a huge turnoff for me and the strap on in and of itself. Just wearing it is an immense turn all

07:37

the way around.

07:43

Dropping it to me, isn't it strapping it to someone? I am these what is it? The who's the strappy and strapper strap. Strap board there you go. Now, Jeffrey strap on. Yes, I love wearing it. It makes me feel very powerful. And I think it's very sexy to have a cop between my legs pointing pointing in the wrong direction the wrong Freudian slip. But yes, I do enjoy that emasculation chastity says Victoria's

08:22

Secret carry this slips

08:35

absolutely anything for you Jeffrey. Anything at all always. But Jeffrey is a true fetishist. And his fetish is lots of different things. Oh really? Do you have more than one?

08:55

Strangle Yeah, I guess so. It turned me on earlier when you were strangling me. Really? Yeah, like that.

09:03

That was kind of fun.

09:05

Isn't that like, auto or body? Doing it to yourself?

09:10

erotic asphyxiation.

09:12

Yeah. That.

09:14

I told you he's a thesaurus. And we'll we can spank him later for correcting. Yeah.

09:18

All right. I like that.

09:22

Anyone that wants to get back to Jeffrey for any reason. Call us at 713526573871356 KPFT we can just beat on Jeffrey all night long. Yes, a lot of extra car. Love lovely car, isn't it? Yes. I did enjoy that too. I love depriving someone of oxygen. Okay, I use I like I tried something recently. I used the large commercial size bags, and I duct tape duct tape is just a feminism's best friend.

Um Don't take the bottom and timed how much oxygen they had. And when and pick it up, you know roughly how much time and then kept doing it a little longer. This is not something you should do at home boys and girls. Without the

10:13

please don't do this if you're not.

10:16

And I have to tell you that I take first aid every two years CPR every year, because I do do some play that's considered pretty extreme. And then waited till they ran and oxygen, recycle recycling. That was a lot of fun. But anyway, yes, that was a lot of fun. But I thought your main thing was fate.

10:36

Yes, it is. It is. Yeah, okay. Yeah, you're right. You're right.

10:40

Am I right? Yeah. We talked about it briefly when we talked about your cross dressing. Would you consider cross dressing in and of itself to be a fetish for you? Sure. Really?

10:50

Well, it's not really anything sexual per se about wearing women's clothes is there

10:57

what young people look at it that way? Yeah. That they feel more sexual being dressed up as a woman.

11:03

Exactly. The sensuality and the fabric. I mean, they're the satins and the things that silk is just to die for. Boxers day. Oh, yes. I mean, like it since John Travolta is in a little white suit went out of style that the satin shirt and man it hasn't been quite as solid as it used to be so you know, women wear some you know, amazing fabrics. Yeah, that velvet.

11:34

Lace.

11:37

Or you say something? Yeah.

11:39

Yeah, you're being awfully quiet over there.

11:42

Not usual. By the way.

11:44

He doesn't a little bit more coffee channel.

11:47

Let me take another sip of my coffee.

11:51

But you feat in and of itself turn you on? Is it can like if it's a woman that you don't find attractive. And she has beautiful feet. Is that enough for you?

12:04

Yeah, definitely. Really. Actually. It's the other way around. I mean, I mean, what I mean, I mean, to me, it's like there's really beautiful anyway, just It's just I've had I've had I've had a stripper that was she was she was gorgeous. She was in lesbo go go. She was like Go Go dancer. If it was vo go go. But she just had these gnarly feet that just didn't do it for me. Really?

12:24

They like claws generally.

12:28

No, they weren't like but they like bent over like they were like birds feet. They make it big

12:39

Oh righty. I guess this would be a good point in time to break in here. Right click and do her station ID okay. You're looking you're looking at your radio station, your your radio trying to figure out what the heck I'm saying. You're listening to after hours queer radio with attitude on 90.1 KPFT Pacifica radio station in Houston and 89.5 fm down in Galveston and as always on the web@wwe.kpft.org

13:14

and just to be legal we do have to say KPFT Houston KPFT Houston yeah go legal ID

13:23

I thought I said that word a lot of other

13:25

words in between.

13:26

Needless to say I wouldn't want to do anything illegal very picky. Yes. Absolutely.

13:37

Okay. KPFT Houston. There yet Pacifica radio station.

13:42

But yeah, I my strap on I ended up itself. I don't consider it to be a sexual thing. But I do enjoy wearing it. It turns me on tremendously. I have one that's like industrial rubber. It's like It's like almost like tire material.

13:59

Especially Is it like a diesel tires.

14:05

It is so fun. Friggin sorry,

14:12

almost another Freudian slip.

14:14

I promise. You see how excited I get? I can't help myself. But it is and then I wear this really powerful black Dong with it. And it's just wow.

14:24

Okay, Navas here. What did you just say black

14:28

Dong? What is it? It's, uh, you know, like,

14:31

she was describing the harness earlier.

14:34

is like, it's industrial tire materials and metallic material. You strap it on, and then it's got a hole and you put the Dong in and it's a black material. And it's just wow,

14:47

I thought you meant the actual thong was made out of the tire rubber.

14:53

I'm hoping to find something like that would be great. I would love it. But anyone

14:57

out there is creative and crafty and you work at a tire shop. Oh

but there is creative and crazy and you work at a tire shop. So...

15:01
7135265738713526

15:06
KPFT was

15:07
calling to talk about your fetishes. Yes, absolutely. We

15:09
want to hear especially if you got if you got a rare one.

15:13
Or you think you want to hear the rare ones are

15:15
fun. So would you rather have like an awkward tread or

15:20
radio season all season we'd have to have all season

15:23
snow tires.

15:25
Whatever it takes. If you want to attach some changes to it, I'm down. All right, whatever it takes.

15:21

15:31

Now doesn't some people consider being a dominatrix? A fetish? Or being a sub a fetish? Or is that just am I about to get spanked? Oh, really?

15:44

Are you ready? No. Darn Darn.

15:48

I don't go for pain. Really? No,

15:51

it doesn't have to be about pain. Doesn't have to be about pain at all.

15:55

I don't. I'm claustrophobic. So I don't like being tied up. And I just don't like having not having control is the whole thing with it. I had an ex of mine that tried to handcuff me once and then I beat him after death.

16:11

Have you ever like made mad passionate love? And afterwards you realize you had like a little bite mark or scratch somewhere and you didn't even realize you had it? Because it was so intense? Oh, yeah.

16:22

I like like biting and hickeys and nibbling and scratching. And that's BDSM to me, licking and stop stops.

16:34

That's what BDSM is, to me. That's where it starts when you can get that passion and you just lose a piece of yourself with your product, your partner. And you take it a little further each time. And the next thing you know, boom, you've got chains and whips and stuff going on. But it's not about pain in and of itself. Like Jeffrey is not not a pain sloth not by any stretch of the imagination.

- - - -

16:58

Yeah, he didn't look too pleased the last time y'all were here when Jimmy was shocking him.

17:04

The beat the submission for him. And of course getting a hold of some feet every once in a while.

17:11

Okay, we have Steve on line one and I'm going to attempt to put him on the air. Great. Oh, cooperate.

17:21

Waiting for Steve.

17:22

Steve is coming. We're waiting for you.

17:29

But I guess just keep talking because apparently they haven't gotten off the line with him for interviewing.

17:39

What about you, Mr. Smith? And what have you had any? Okay, now? We're ready. Hello, Steve. Are you in the live?

17:46

Steve will be here in a second. Right?

17:48

I am. I'm on the line. Hi. Hi. Hi. Hi. How are you doing?

17:53

Wonderful. How are you?

17:54

I'm very well. Thank you.

17:56

What are you calling for?

17:57

Well, I'm happy to hear you all on the radio and I can't I was paying close attention. With with the unwavering attention, I guess you would say.

18:08

faltering,

18:09

I was enthralled.

18:10

Thank you. Wonderful. Um,

18:12

I heard this Indigo say that, you know, don't try this at home when she was describing a particular activity or event. And I was thinking for those of us who do find this fascinating. And I'm sure that everyone in the audience who find this a fascinating sort of subject, what would you suggest in the privacy of your own home? For someone just getting started? Maybe not an expert, as both of you are?

18:33

What activity are you talking about?

18:34

10.50

I'm not just saying in general, if this is a sort of an area of fascination for everyone,

18:44

something like asphyxiation, you're going to take it slow I would recommend you doing with someone that you trust. And just working out for yourself what safe for you but take tiny baby steps in a direction like that. And I would always recommend that you go get some first aid and CPR before you start doing any kind of play that involves it in the detrimental to your health. There's you can get online, you can find other people to share your fetish, you can research it easily. There's there's so much that's accessible now that used to not be there. You can find groups to talk to chat people. You can you can email me at Mr. snowmachine. And we'd be more than happy to put you in touch with whoever you need to be in touch with to make it happen for you. But I recommend taking it slow getting as educated as you possibly can about whatever you're interested in and going from there. If you like feet, you know I suggest you the parent feet

19:44

I hear you clearly saying safety first. Absolutely. Yeah. And I hear you saying education second. Yes. So we're down the road do you actually get to lay hands on somebody?

19:54

Once again, if your fetish um, if you start talking to people who are interested in the same thing so your intro as admin, and you can find a partner to explore this with, right? No. And that's when you start exploring. When I found out about BDSM, I'd already been doing some things because it was natural for me. But I started exploring and going further because I learned more I went to, like special interest groups. I took lots of copious notes when I went to go to workshops, you know, and then I'd go home and go, Okay, let's do this, you know. So there's, there's, there's ways to learn in groups. You go to Houston.

20:27

Yeah. Are you here locally?

20:30

Well, yes, I'm visiting from out of town. But yeah, okay. I'm here. I'm here in Houston. Let me let me say so I guess what you're saying is safety, first, education second and willing partner. Third? Is that what Absolutely,

20:41

absolutely. And one thing that I've found is that it's much easier to find someone that shares your interests and try to recruit someone, I ended up recruiting less fun. But if you find someone who's already interested, that works a whole lot better than being in a relationship or ongoing, guess what, you know, I'd like for me to hang upside down and let me paint you with red. And

21:02

we do have a community website here in Houston. It's Houston bdsm.com. Of course, that won't give you any kind of immediate connections to your home area. But just so you kind of get an idea. A lot of communities around the United States have websites like this where they have all their local activities posted in one place.

21:22

Yes. I just suggest that you find people that share your interest and start exploring with them. More than anything else,

21:30

so you're saying Don't reinvent the wheel.

21:32

Exactly.

21:34

I mean, it's sometimes it works. A lot of times it doesn't, you know, when you when you start exploring for yourself, you find out what's, what you're comfortable with, and what works for you like anything else, and you add your own unique spin to it, which is, you know, what makes it more exciting, and individual?

21:52

Well, thank you both for being on the radio and for bringing these kinds of topics up and answering questions like mine.

21:57

Oh, gosh, Steve, anytime if there's anything else we can do for you just let us know. Well,

22:01

you mentioned that I could email you or get in touch with you. Is there any way to do that easily?

22:05

Absolutely. I am at mistress at Miss indigo.com and my SS Indi Gio and mistress Norma Jean slopeside.

22:13

Mr. Norma Jean at ev one.net.

22:19

And we'd be more than happy to put you in touch with the right people. Well, thank

22:23

you so much. Absolutely. Enjoy

22:24

your time in Houston. Oh, yes. Thank

22:27

you for calling in.

22:29

Well, he was just supply wasn't it? Yeah, particularly young man. Yes, but kinda like to give over the nice spankings to basically a night owl. Yes. All the better. All the better. So Mr. snowmachine tell me have you had any strange fetishes? I would love to

22:45

be my own. Yes, you are you mean requests? Oh, would you like first

22:53

either or whatever rocks your little boat honey. By the way, I have to tell you that is a smashing see through blouse.

22:59

Thank you know everyone's gonna start calling.

23:04

I must tell everyone on the air that mistress Norma Jean has the most perfect breasts I've ever seen.

23:12

Thank you. Okay. I have to take your word for it. I'm a gay man. I just can't judge breasts.

23:19

She just has lovely. Lovely perky, large Melanie. Melanie,

23:28

you're scaring me.

23:32

Well, you know, she whips out the handcuffs and some chains and row Finn. I'm running. Go ahead and

23:43

actually, my personal finish one of my biggest but I have two. Okay. One is long hair.

23:49

Really? Yes.

23:51

And I think she's gonna be a good one. I think she's gonna be a good one. I think she's gonna be a good one.

And what do you do with course everyone that personally knows me knows that my significant other has hair halfway down his back and you know, Oh, yes. And he is super yummy. Isn't he? He's enough to make me like long hair too. Yeah, he's very yummy.

♀ 24:05

So you like long hair? You've mentioned this to me before you were with him. So I know for a fact

♀ 24:11

that you knew that any any significant other I ever had would have long hair. Yes. That's right. That's that's a criteria.

♀ 24:19

Now what is it about long hair does it for you.

♀ 24:22

It is the look of it that kind of rebellion almost state that the guy puts himself in by having long hair. You know, it's like, Screw society. I'm gonna grow my hair long and too bad.

♀ 24:35

What you rebel

♀ 24:40

I'm a big societal rebel. Yes. Oh, really? Yeah.

♀ 24:43

Do you do anything with the hair and oh, I

♀ 24:46

pull it. Let me let me give you an example of what I've done to my lovely Okay, public when time and honey I know you're listening. So you remember this quite vividly. We He had gone on a date to the movies and his boss basically given us two tickets to the matrix before it ever came out to the public was a Monday night and we got there pretty early but we'd gone to Princess hamburgers. And then from Princess hamburgers, we went over to the Edwards

theater and went in and got up on the escalator. And while we were going up, there was a lot of gentlemen looking at me, I had very tight black pants on high heeled boots, Jeffrey, these boots that you love the ones of the pointed toe.

25:37

made love to Zeus doesn't mean that love

25:42

tight black shirt with a long, long blonde wig on very hot, very kind of almost, you know, biker-ish, kind of, you know, biker bits kind of look or whatever. But anyway, so we're going up the escalator and I take him by his hair and I pull him back and give him this mad, passionate kiss right there in the escalator with a whole bunch of people watching and just kind of release them and it's like because Boeing, you know, and it was just so hot. I liked the Boeing exhibitionism.

26:12

Oh, yeah, exhibition.

26:15

I mean, it was just like, you know, too bad. You know, you want to look at me, guess what, I own this guy. You know,

26:21

exhibitionism is fun.

26:22

I love public displays. And I mean, how many people do you ever see doing it in public? You know, where the girl just like, snatches guy buys here, kisses him passionately. And then just lets them go. It's usually the other way around. Yeah, this is very hot. Very hot power exchange. Yes.

26:38

Yes, I have to agree with you. I enjoy watching the two of you together. Thank you. In fact, it's become one of my favorite requests. Can you take me together? And let me watch?

26:50

Maybe we can get him to call in

26:52

honey. Yeah, we can talk about the lesson. You call it? No.

27:02

We don't have that kind of relationship. He's not my submissive he is my boyfriend. each other? Yes, we do.

27:12

Now I have to ask, do you find it difficult in a relationship to separate that like being an equal with a guy when you're used to being a dominant as your profession? Do you have like trouble every once in a while you just want to demand that he do something? And then you have to like catch yourself or

27:32

no, you know why? Because I was alone for six years before I met this man. And what makes it so special is that I don't have to ask him to do anything for me. I wouldn't say he's a subservient man. But he does go out of his way to do beautiful things for me. And we get along very well like that. He is really not submissive at all. In that sense, that he wants to do everything I say that we're on an equal level and it's a mutual thing. And it's, it's lovely.

28:07

And like to mention

28:09

the leather line, not the one fuzzy or your perversion,

28:16

I have to tell you that I have to run it. Mr. snowmachine. And our lifestyle is first and foremost, this is our life. I mean, this means so much to me, you know, and I and so I just have a passion for this. And I do love this 24/7 I have my own personal submissive because name yes. Coincidentally Jeffrey. Anyway, and I live this 24/7 People think that being a femme DOM means

that you know you just ballbuster which I am, but only only in the nicest way as possible. I'm pretty easygoing. You know, people think that you're just, you know, like, you know, pre menopausal you know, 364 days a year. And on one day you sleep or something.

29:13

But it's a bad stereotype.

29:16

Mr Sorenson really does you see, we laugh a lot. We joke a lot where we just have a lot of fun. And people don't realize that they've been and they think it's all about pain and spankings and sweating and crying. And that's, that's really great, too. You know, but that's that's just you know, there's there's so many different tangents to this. I and I enjoy most of them.

29:40

See, that's what my usual or what I always pictured, you know, a femme DOM to be was, you know, this big, scary woman dressed in leather carrying a weapon and going to beat you and I run away

29:54

is a bad stereotype. Yes, that's one of my things I battle with all the time. I

29:59

like it. promotes

30:03

one of my one of my friends, does tickling sessions. There are people that enjoy being tickled. Okay, and

30:11

I am not one of those people anywhere near me with a feather and it's gonna be on

30:18

one in my purse

30:23

you want to hear a grown man scream like a woman come near me with a feather.

30:29

Oh my. Okay.

30:31

Oh no, I gave them ideas.

30:33

Oh wants to hear screaming like a woman.

30:38

Timmy if you can hear my voice save me.

30:44

But, yes, so tickling. There you go. How sadistic is that? You know, I mean, there's there's that I'm just like CBT is something that a lot of people enjoy. And people think CBT is cotton ball torture. And I prefer to call it cotton ball inhalation. Because it doesn't have to involve pain. It can be rather erotic who doesn't enjoy having a cotton ball stroke to manipulate it or even?

31:11

Never mind?

31:20

Or even hindered?

31:21

Yes, exactly.

31:22

I was gonna say if you

31:24

if you eat everyone, I mean, I think everyone's tried like the little bands, you know to keep conquering? Exactly. I use rope most of the time. I enjoy rope a lot.

31:34

I used to have one.

31:36

There you go. So conquering. That is something that people enjoy, right? I didn't

31:42

know you didn't know just one move wrong one cent. I just didn't enjoy it any more. It was I thought it was like something you were supposed to wear all the time. And it wasn't I was at work and at the time I worked at the you know the Hitler. I mean yeah, I'm not gonna say that name on their radio. But I was I was working at a fast food joint and I was waiting on some customers and I moved wrong and it pinched in I had to stand there for another 30 minutes waiting on customers without tears running out of my eyes because maybe

32:24

turning them on the tears your genius you're just to ask me

32:36

Yeah, so i i After that I think I actually threw the thing away while I was at work. And it was just it was not a pleasant experience for me. And I don't know why people would want to do things like that to themselves. It's just it's just a foreign concept to me because I just don't like pain what

32:57

the elastic or the other there's a rubber type of band as well. It doesn't have to be painful at all it's simple, easy to keep it maintained an erection contains the blood flow. And it can be very erotic and CBT does can involve almost anything you know, and it doesn't have to be torturous

at all when you wait stretching your balls that feels good. And you know you can do it gently if you manipulate someone for two or three hours never allow them to have an orgasm that's CBT you know who would hate to be you know manipulated for hours at a time

33:30

and that would be also the thing I keep doing to my boyfriend's all this time is CBT There you go yeah almost to the edge and then just back off just to know they can't come right so that's it hey I'm a dumb

33:49

enough yeah yeah, everyone I think associates with some some category either you are or you aren't. You know?

33:58

Yeah, I've been called like overbearing in my relationships so maybe I am a dominatrix. I just need to get me a nice sub and if you need a marketing

34:05

marketing Jeffery out I'll tell you about my my fetish requests of late Okay, how's that sound?

34:17

Yeah. Inquiring minds want justice. Very sexy.

34:20

So I want everyone to sit down and relax and listen to this great. Alright, well, this gentleman writes me and he said Mr. Stormer teen, I have three roleplay scenarios I'd like to throw at you. Now I am a sucker for roleplay for those that know me, or those that visit my website, you know, I do roleplay and I don't really have any limitation. I'm just you're a soccer. Mom. Okay. But anyway. And so, I love roleplay I love all sorts of roleplay I don't really have any limitations as far as roleplay goes. Training An actress, done many, many different things. Scenario number one, the boy next door does the aggressive, older woman's lawn every week.

35:16

That's the kind of robot that can get into. Okay.

35:19

So he comes over to her door, and she is dressed provocatively. And she says, Come on in Johnny. Let me fix you soda. And she had also asked him at the same time when he was coming over there to fix a leak in her sink. So he's in there upside down, as any plumber would be fixing this pipe, she comes to bring a soda and oops, accidentally spills it on him, of course he has to change. So the boy being about 1718 goes to change. And when he goes to change takes his dirty clothes to put them in the washer. She leaves him with a minor thong.

36:03

Oh, I like this story.

36:09

So the boy puts on the thong and comes out. And of course, he's a little intimidated. But he gets over it. She says, Well, Johnny, you know, I've put your clothes in the washer. And you're going to just be like this for me, and sit here until it's done. So then, of course, he gets ideas. And he said, Well, is there anything else I could do for you?

36:35

Famous Last Word.

36:37

So he, you know, the end of the scenario is basically he ends up pleasing her and her sister comes by as well and, of course knows the detrimental combined that her sister has. And she joins in on the action. They have this wild threesome and the boy gets sent home and he's got sexual education for eons.

36:59

I have to I have to say I'm shocked and appalled. And I want to know if you have videotape of this.

37:10

More than one scenario, yes. The second one any mother daughter stuff?

37:14

No dear mother. I want I want to make one. These roleplay scenarios are not going to be come

to fruition because I do not incorporate sexism, my scenes. But this next one may eventually happen. He is going driving home from work, high corporate executive much power, a lot of responsibility, a lot of delegation throughout the day and so forth. And so he is told to go to an adult bookstore on his way home by the mistress, who controls him a couple nights a week so he can kind of let go of all that stuff. So she has arranged with the bookstore people to humiliate him. Totally, totally. And unfortunately, there's something right up my alley if you know me, you know, this is right, turn me to hell on.

38:11

This sounds like a practical joke, I would pull. Great. So

38:16

should you're not you're dumb.

38:20

She calls the adult bookstore and she says, When he arrives, I want you to treat him like shit. total crap. So he goes into the bookstore and the people waiting for him. And he is scared because he doesn't know what she has prepared for him, obviously. So it goes in and they have all these female clothes picked out for him. Because it's a Friday night, the store is packed full of people. And so it goes into the dressing room and she says now I want you to stay on the phone with me and tell me exactly what he's doing. And so she's basically or I am telling them exactly what to do to him. And then he has to come out he has to put on these clothes and then come out in the middle of the store and go peruse through the gay male video section. Now mind you, he's not gay at all. So it goes through and is looking at various tapes and gets hit on. And so then she tells she ordered him to go into the back to the 25 cent slots to watch the videos and make himself available to anyone that wants to use

39:32

Oh, yeah, this is so mean. I think I'm changing professions now.

39:39

There you go. See, anytime that you've taken control in the bedroom and you know, pleased your lover in a way you felt like pleasing. That is basically you know, being dominant for that short period of time. People switch you know, they take turns doing this at people that you know, being a dominant doesn't mean that you're just me and you carry a whip. It's really really about and wear leather. Leather exactly as much as I love leather, I can't wear it in the summertime.

40:00

40:08

I don't think anyone can wear it in the summertime.

40:09

But it just, you just take your lover and make them feel good and what you think works for the both of you. And that's what it is for me. And anyone who wants to call in at 7135 to 65738 That's 713526 KPFT if you want to talk about anything, including your fetish, or what BDSM is or how to get involved, don't hesitate to call we're here for you. We're absolutely here for you.

40:36

So your switch

40:38

I know I am

40:40

I am not a switch unfortunately I wish I work because it takes a lot of strength to be a submissive and I personally don't have that type of strength. And I regret that you know because it's it's a beautiful thing so on submission I'm just not geared that way or wired that way. But what it makes me appreciate even more the gift of submission that other people give to me what about your use which Jeffrey

41:09

I don't know. I certainly do like to see it other you know men and women get violated.

41:18

You like really? Do you like to orchestrate it?

41:23

I don't know. I just like to see it happen. I don't know I it's almost like it's voyeurism I guess that's what it is. It's you know Joy watching it and like to see him get violent it? Definitely.

41:39

Okay, we're going to take a little break and put something in your ear. It's music you never

know what

41:49

just real tires.

41:52

Oh, not with the steel belted radials again. It's 230 in the am and you're listening to after hours queer radio with attitude and we're going to put some music in your ear take a little break. Hopefully not with anyone. And we'll talk to you later

42:14

and that was first we had Christy Claxton out of nowhere is a CD. And the name of the song was best loved girl. And then our second song was from by the people. A compilation of bisexual artisan French. And the name of that song was Tom Robinson says boy girl. So that was the music that we play it on our break. And we're here on after hours queer radio with attitude and we've got Miss Indigo and Miss Shaw. I forgot her name doesn't Norma Jean Norma Jean. Yes, Miss Norma Jean. And I'm sorry, don't beat me. Sorry. And I forgot the other guy's name. Oh, it's not important. Caller I'm just I'm a horrible host, aren't I? I forgot everybody's name but misunderstand jokes. And we have a caller on line one. It's rose and we're going to put her on and see what she has cookin. Hi, Rose. Rose. Are you there? I am. Oh, Rose Hi, row. Then the girl. How's your day?

43:31

Oh, wonderful. Especially now that you've called in. flatter me? Oh, no, no, no. It's the truth. Darling. How are you doing? Well, I recognize the voice. This is sexy sexy Rose. Rose. Do you have a fetish?

43:46

I have lots of fetishes.

43:48

What a shock. I would never believe that. You'd have any perversions? Yeah, one or two. Tell? Can you tell us a little bit about them? Sure.

43:57

Where would you like to start? And how long is this program?

44:00

As you want it to be darling, talk to us talk to us.

44:05

My biggest status is probably that I like to be forced. It doesn't seem to matter what it is

44:10

really, really forced.

44:12

I mean, that sense of helplessness, that feeling of no escape. Point of no return.

44:19

Don't talk nerdy to me baby. Don't do that. We shouldn't force them to come down.

44:24

We're gonna force you to tell everything to make you helpless. So if Mick says Hi, by the way, Oh, Thomas MC. I said hello to

44:34

actually count the first part of this program. But she's fallen by the wayside. The Sandman got her?

44:40

Oh, I understand totally. Miss MC and Rose are active in the BDSM scene here in Houston. And our friends of mine and I'm so glad you called in. And I'm pleasantly surprised. Thank you so much.

44:55

Well, it's my pleasure. I was really looking forward to this last time around but I fell short of Got

45:03

someone gonna force you to listen in from now on. So what types of things have you been forced to do in the past?

45:11

Well, in this stage, there's probably a shorter list would be what I haven't been.

45:17

What are some of you? What's your favorite thing that pops into your head?

45:21

Well, I love bondage. I want to be Houdini. So I love the challenge of a good night.

45:30

Capable bondage or tries to escape.

45:34

Oh, let's see. Crossdressing has never really been my thing. Unfortunately, it's one of Miss mix,

45:42

where I did not know that.

45:45

She doesn't like guys dressed as women that want to be dressed as women. He does like making guys dress like women. If that distinction makes any sense. It does.

45:57

I had no idea rose. All this time. I thought it was your thing. Every time I see you, you're in a frog. I just assumed that it was you.

46:09

One of those things. I was wondering

46:11

because you never act feminine.

46:14

And don't really pull it off very well.

46:17

The mustache might have a little something to do with it. I could be wrong, but you know, I've seen some hairy women

46:25

might be that and burly wattle too.

46:27

Yeah, you definitely have that. I just got off a horse kind of walk. Now you got that. I've just been working on the oil rig.

46:36

going on there. You've been over a table I don't know what

46:39

so so that's actually miss mix thing. Okay.

46:43

Yeah, Miss mix. She enjoys the humiliation aspect. She loves humiliation, public and private.

46:48

So that's the draw for you. You enjoy the forest. Right. Romanization bodes very well

So what's the draw for you. You enjoy the forced. Right, humiliation does very well. Wonderful. Wonderful. Do you enjoy humiliation?

46:59

Well, yeah.

47:01

Oh my goodness. We're pulling teeth here. So So you enjoy being forced. What else darling?

47:14

I enjoy the banter, the banter the mental back and forth very

47:20

good at Well, thank you. Absolutely. I don't know how much of a masochist you are but you definitely fit the other part the SAM smart thing I'm not sure what's behind something or another.

47:37

But what I am really is an attention whore. Really? I love attention. If I'm getting punished if I'm being ignored. I just can't stand that.

47:46

Someone else like that? I know someone else like that. Do you know someone like that? Jeffrey?

47:55

Just got the raspberries.

47:58

When you started figuring out you had fetishes. How did that come about?

48:04

Well, I remember when I was in high school. And I was small town graduating class of 36

48:11

Oh wow. That is smoke. Wow. Did you did you wear a gown here?

48:18

Oh nothing of the sort now. What I didn't do was I heard rumor. There was a girl in a town about 30 miles away that was in the Baltics just a rumor and unsubstantiated nothing all but just because of the rumor I went and hunted this girl down and asked to do the prom. Oh wow. And that'd be really neat. Well turns out she wasn't

48:41

disappoint.

48:42

Well, yeah. I mean, there were no police involved or anything

48:51

which is always a good thing on the first date.

48:54

Unfortunately, you know, it didn't go real well so but I've always had that kind of interest

49:00

really? And what types of things have you been forced to do what's the more extreme things

49:11

well, we can just lay it out there we've done some bias stuff.

49:14

Oh yummy. All right up my little twisted alley that upon it could be yes, I do. No, of course. Absolutely. Positively. I think it's incredibly hot. And

49:30

she really enjoys that thing just just trips her offline. Oh, yes. I totally roll back in the head and those girl over

49:40

yours or hers?

49:44

Yeah, that was I was gonna

49:46

watch it turns around when you get the eyes rolled back in the in the toes curled her.

49:52

I've always thought that a job worth doing is worth doing well. Right.

49:55

There you go. A generous lover. There you go. yell, clap, clap, clap, clap. Well, wonderful. So that was a big step for you. Over the years, it took three years,

50:13

five years of planning seeds and watering and feeding and trying to grow that idea into something tangible that was beyond what do you frickin

50:27

I totally understand I that's what I that's what a good dominant does they they don't rush you there, and they help you to get ready.

50:38

I like to refer to miss Nick as a sneaky dog

50:44

as any good would be

50:47

her and you know this is this kind of gentleness caring as you will come across. Yes. And next thing you know you're stuck in a car.

50:55

Can you? Which was one of our topics for today? We were definitely like, can we talk about cocksucking today on the radio? It's like well, how know are people interested in talking? And now here you are bringing the topic he seems to consider to be a poor man. He feels sorry for himself all the time. Pity poor Jeffrey. He's got it so hard and so does rose. Thank you so much for calling in rose. It's my pleasure. And great talk give Miss MC a big hug and a kiss for us. I can't wait to see

51:29

you guys. You're still awake with

51:32

Ray and then you can call and give us a blow by blow and that was upon.

51:38

And the best ones. Oh, thank

51:40

you so much for calling in.

51:42

Have a wonderful evening. I'm going to bed now. Okay, bye.

51:45

Goodnight. There's such a sweet couple. I love seeing BDSM couples that are in love and they

are so sweet together. Oh, wow. I'm sorry. This is another line not the warm and fuzzy line. Let's get back to business.

52:03

whips and chains and handcuffs OMA to beat you up. I love your Russian

52:13

I think English accent does quite well and want to kill a little but

52:18

I've noticed that when you do your English accent you always sound a little sloshed.

52:23

Do I Yeah.

52:24

Are you putting something in that? Earl Grey? No, no, I have coffee. Oh my goodness. fetishes. fetishes. Yay. Is there anything you wanted to mention Jeffrey? Not at all. You were talking about Lake Avenue. We were talking about filth.

52:41

Filth rotten flying Phil. Phil's

52:43

gonna after you know eaten asparagus and cough. You're just gonna pass down my throat.

52:49

toileting. We should talk about toileting.

52:52

We should. We should.

52:54

Okay, but none of that in the studio. I don't think our insurance will cover that.

53:01

We brought a drop cloth.

53:04

Worried about the carpet. I'm worried about the electronics.

53:09

That is something that I truly enjoy is golden showers. I love them.

53:16

All right scare to you.

53:17

I love them. I mean, what I'm drinking. Yes, absolutely.

53:25

beverage.

53:27

Golden nectar, you know, whatever you want to call it. I enjoy seeing someone ingest it and enjoy showering upon someone. It is a big power trip for me. Because in that moment, there's a lot of clarity. Yeah, I am the dominant. This is my submissive and they are in their position their place, so to speak. And so that they love being there. Yes. I think I had one of my biggest epiphanies when I had my first golden scene. Yeah, it was just so powerful. And I've never come back from that. And every time I go there it just it transcends almost anything for me that why don't you Jeffrey, do you enjoy it?

54:06

I think I'm in the I think I'm in roses camp where I don't enjoy it. I just enjoy the fact that you forced me to do

54:12

me I wouldn't do that to you.

54:17

To get the showers to go I was gonna drink it down.

54:20

Because you don't like it. Okay, now from like a health aspect of this. Is it actually safe for someone to drink somebody else's urine?

54:29

Let the common myth is Oh, yeah, it's absolutely safe. But there's some things you need to be concerned about. If you're on antibiotics, you don't want to have someone ingest your urine. There's certain NC I haven't brushed up on my material. So please bear with me. There's certain things that can be passed through urine. Do you know more about anyone else know more about this than I do?

54:52

Well, I've always heard that it's not safe for you because of the acid in the urine. No, that's not the problem. You just your own it'd be NO NO NO NO troubled by it but it's

55:03

like urine in and of itself a sterile, okay? That is absolutely positively true. Now as far as things being carried through urine if there's certain illnesses that you have, they can be you know, transmitted through but but urine in and of itself is Darrell I you know, you always have to be health conscious, you don't want to do any fluid exchange with someone that you don't trust in urine, okay. There's no doubt about that. As someone that I don't play with someone on any kind of intimate level unless we've all been checked and you know, blah, blah, blah, blah. A lot of trust is involved. But yes, you're in and of itself is sterile. But I don't recommend that you just go around squalling, everyone's urine, just because they're all you know, and they're just things you can do. I am a urine connoisseur, so I can change the flavor already for that. Yeah, there's things that you can do that make it incredibly fun, at least for me. I don't know about Jeffrey.

56:06

56:00

Let's talk about the effects of asparagus. Oh

56:12

it's this often it's very asparagus. Yeah, gives you that. Brimstone tastes all righty because that's organic. What bothers me is diet drinks aspartame. Yeah, just don't drink the diet stuff.

56:29

Alrighty, so you're not gonna drink Jimmy. So that's all he drinks his diet coke.

56:36

Jimmy's face he is absolutely devastated that he's not leaving the piss on.

56:42

So in other words, if you're going to go urine, you can't be on a diet you need the full calorie effective urine.

56:50

Now I prefer drinking depends on who you're with. Okay? If someone else drinks, diet drinks, and you consume a lot of artificial sweeteners, it tastes sweet to them and they can enjoy that. Now someone like Jeffrey that doesn't get off on diet drinks. It tastes like you know, nasty diet. I'm telling my trade secret now. So everyone will know and it's going to be out to the world that if you want to be sweet, you know, artificial sweeteners, a good way of doing that.

57:18

And to a lot of people the diet sodas already tastes like you're in so much change.

57:24

If you drink a lot before you do a toileting scene, it waters down the taste of the urine so it's more palatable to someone that's in office. No, no, no and taking the diuretic is a good thing because then you can produce copious amounts of urine or beer or beer or beer. There

57:44

you go. Now I take vitamins

57:46

vitamins can affect the taste of your urine and the color Yeah, it

57:49

does. Very dark. But it's always like that because of the vitamins

57:54

and it can change the smell as well. Yeah, if it makes it more odiferous.

57:58

My thing is, you know, you always you definitely want a partner to exchange that with that, you know, is healthy. Exactly. It is not on medications and those kinds of things. That's, that's just for me, that's the bottom line. Absolutely. Medications, have a healthy lifestyle, have a healthy diet, then you're you're okay.

58:16

I had a really hot scene not long ago with someone that was a brand new to Golden's and wasn't sure how to handle it. And all enjoyed feet. Okay, and almost by that last minute, and so putting a bow urinated into the bowl and dipped my feet in and let him lick it off my toes.

58:36

Oh, alrighty. That's like a combination of two fetishes.

58:40

Yeah,

58:42

exactly. It's, it adds a sensuality to it for this person. Okay, it adds a level of sensuality. It is a baby step toward the final goal of just guzzling it like a champ, you know, doing that. Beer,

58:58

chug, chug, chug,

59:00

chug, get lucky and see the twins.

59:05

There you go. There you go. You know, I mean, so that you sometimes you can combine the two. And looking at off my toes was a good way of doing that, you know, and getting him to take it a little further. For me, BDSM is about being sneaky.

59:18

You said earlier that, you know, like changes the smell with the different things I noticed, like when I drink coffee, and then if I especially if I drink a lot of it, and then a urinate. It smells like Cheerios to me

59:31

Cheerios, you know with milk or without

59:38

a male that comes up off a Cheerios when you first pour the milk. That's what it smells like to me and it's

59:45

strawberries coming out with it.

59:50

already went through that with one of my exes. Yes, yes. Yeah, here.

59:56

Strawberries.

59:58

00.00

They still haven't found his body um,

1:00:01

but I do enjoy it tremendously. And Jeffrey doesn't and that's too bad.

1:00:09

I thought that was the point of having a sub was being able to do that type of things with him.

1:00:14

Well, you know, I, my my ultimate goal is to make him love it.

1:00:19

I can love you urinating down his throat. Exactly,

1:00:23

exactly. There's also a spiritual side to that. Yes. Shange.

1:00:27

Oh god, yes.

1:00:28

We didn't even talk about that. There really is a? My take on it is twofold. Number one, it's a definite exchange of intimacy, because how much more intimate can you get than exchanging fluids? Absolutely. Donating. It's very intimate. Yes, in Tibet. Anyway. So the the recycling of the Earth is, is a great concept for me. And that's something I learned and kind of a ritual kind of sense from somebody that's a wicked. The recycling of the earth through the DOM transcends back to the submissive to be recycled again and again and again. So if you think of it like that, if you're spiritualistic person, that's, it can be a very, very deep experience for most kinds of people. I

1:01:21

enjoyed the idea that someone cares enough about me that there is no waste from my body, that everything can be cherished and have value. Yes. And that's a big deal. But my goodness, I

am, we have talked about a little bit of everything. Was there anything that we left out the kitchen sink, we'll talk about that next. Next month,

1:01:46

you were talking for out front earlier before we came on the air, about the toy that you had for this this month. It's, I guess it's like your toy of the month. And and Jimmy is in here. So he's given me the boy, I want to see the toy.

1:02:07

Actually, you know, it's this is a prototype. We don't have a working model yet. It's for cupping, it's little glass jars. And we have this tubing that goes inside. You lube up the lid, the lid and you rim, the rim and you can you put it on the skin and you suck on the straw end. And it's suctions to the body when you can slide the straw the tube out. And then you have suction. You can suction your coffee consumption your balls, you can suction nipples, you can suction the clit whatever you feel like suctioning in here. So it's like a cheap way of doing hickeys. Exactly. It does leave marks with you know it can it can be very erotic and very pleasing to the other person. If you send them a client and you manipulate the jar back and forth and make it vibrate. It can cause amazing orgasms if you're using

1:03:01

these jars but says a shot glasses and from what the designer was telling us when he was you know he's done some development you can get you can fill the shot glass entirely with flesh. 1:07:42
