S Speaker 1 00:01

So you can't play. I mean, they're very strict about that because you you lose touch with, with your, your levels of pain, how much you can tolerate and how much you can give. So we're very much against that. Good, good.

J John Benoveve 00:16

Good. I've heard that I've heard that before. Anyway about Yeah, in general, they follow the same standards that NLA does about safe, sane and consensual. And that is the biggest in my opinion difference between abuse and SNA on right is the it is consensual it is safe, and you have to have some kind of sanity. Well, I mean, if you think about it, if you go home and let somebody you met 15 minutes ago tie you up. You were doing something insane. Yeah, yes.

S Stacey 00:48

And one last question before we let y'all go home and get some sleep. Yes, favorite books or favorite movies with SM scenes or SM themes?

J Jimmy Carper 06:48

Okay. Wandering the dinghy Turing ating as a gracious Hello. Have I reached the party to whom I am speaking? A Miss Doris gay. Good. How are you Miss Gay? This is Miss Taiwan at the telephone company? Yes, well, we have a little problem with your name. Well, we simply cannot print it in our listings. Well, that may well just get just just submitted that may well be that may well be but I'm sorry. Those are the rules. After all, children can look through the phonebook and you know young impressionable minds. Well, I am very sorry. Well, then you're just going to have to change your name. But by the way, are you you know, gay? Or you can tell me Come on I know what's happening. I'm hip to the happening. I had an uncle once who was that way? You aren't you? I knew it Dyk Isn't that what you people like to be called? Excuse me just a minute just a minute young lady just coming up. We do not allow such language to pass through our instruments with-. Bus load of faith that's off of an album called Lou Reed New York. And that's got good music on it busload of faith second you Halloween parade. Just great music. For my money, I mean, he come II can either come out with a great album, or that's a great album. This is a great album. And now I want to do something by Tori Amos. Why? Why? You ask? Because I saw, I was just flipping through the channels and saw on Diane

Sawyer show whatever she does, I don't know, 48 hours, whatever. You know, one of those one of those things, interviewed Tori Amos. And they were talking about asking her about how she got started. And it seems as though Tori Amos started playing the piano at age two to two years old. And soon after that, she got a scholarship to some fancy school like hspva Yeah, something like that just to go for for Performing Arts on a scholarship, and she went there until age 13. playing classical music, learning all of the classics. At that time. She decided she did not want to play music by dead people. And she wanted to play her own compositions, new music, something. Yeah, something that relates to to a 13 year old girl. There you go. Her father who was a minister decided, okay, if this is what you want to do, get dressed. And let's go and he grabbed her by the hand, took her two different bars in their town, knocked on the door and said hello. This is my daughter Tori. She plays the piano really well. Can she play on your bar? Hmm, what did they say? No, no, no, no, no, no, no, no, no slam till they knocked on the door of a gay bar. And the gay bar welcomed her with open arms.

J John Benoveve 10:17
So she handled that.

J Jimmy Carper 10:18
He handled it just fine. She spent her teenage years playing bars playing in gay bars. And she said it was just great gay. Gay men taught me everything. And he taught me how to dress. They taught me how to put on makeup. They taught me how to how to kiss a man. Yes, absolutely. And the interviewer looked at Tory and said, What could gay men possibly teach you? And Tory looked at the interviewer right in the face and said tenderness. You go girl, you go girl. So I am proud to play Tori Amos on after hours and this is to Lululoo. Whoa, that was that was good. It was? Yes, I went through quite a few. And that that's my favorite Tori Amos. Really? I'm sure there's probably going to be some more once you get a hold about much of her music. Well, I have to be honest, because a lot of the slide why start now? A lot of the slow stuff does not turn me on. But this has this has some word rhythm minutes. I really do like it. Really? Yes. This is called fill in. Wow. Well, John gets back.

J John Benoveve 12:16
I'm here. You know, I had to go show them my car. They were so amazed that are still standing out there looking at it. Good. They think it's wonderful. I had to come back in. I hope they don't take it. But you know, Stacy, well, they're gonna get by radio is on you better come back in here. They're gonna be back next week. Next month. Right, right. We're going to try out the latex thing. I'll be able to tell you how it feels.

S Stacey 12:43
Wait, you left you a whole list of 10?

J John Benoveve 12:46

 John Benoveve 12:10

Oh, I'm sorry. I'm supposed to read something. Oh, excuse me. Give me a moment. I'm going to read.

 Stacey 12:51

When Dean Martin just left. Yes. They said they had a great time. They can't wait to come back.

 John Benoveve 12:58

And paint my body. You Yes. I said What colors do you want? I said I want black, blue, white, and red. Okay, okay, we can get the white. I said, does that fill up the pride flag color? Oh, that's right. I want them on my body. Actually, if they can give me my own little separate can there's a mold of something else that I want to get. But I'll have to do that at home. Why? Because it's the mold I want. It's not mine. Oh, gotcha. Anyway, I'm going to read what I was supposed to be reading while Stacey was looking at my car and all yes. And this is a report on oral sex riskier than previously believed? Really? Yes. In Philadelphia, and Philadelphia, according to the study published by the annals and Annals of Internal Medicine, University of Washington researcher Timothy Schreker reports that even people who apparently are engaging only in what have been considered lower risk sexual behavior are now becoming infected with HIV. Wow. Three year study 46 People found while nearly half had had sex with just one partner during the month prior to infection, infection, oral sex, which has been generally considered lower risk for transmission was the most common form of sexual contact. What people have to realize is yes, you can get it that way. But you the first thing you don't want to do is have an open sore in your mouth. Right? You don't want to go in and you don't want to brush your teeth immediately before gingivitis.

 Stacey 14:51

Here's my question who told these people that oral sex was the lowest risk?

 Jimmy Carper 14:59

It's been did it in the gay community to be low risk? Oral sex low risk? Well, you do not have any any gum problem.

 Stacey 15:09

I figured it was right up there in the top five.

 John Benoveve 15:11

No, no, no, it is oral sex is has always been considered one of the lowest risk right? Number one because the acids and bacterias in your mouth and in your stomach. Will they kill the virus almost instantly? Yeah the problem is is if you have an open scratch wound in your mouth or

almost instantly. Yeah, the problem is, is if you have an open scratch wound in your mouth, or your lip or your lip, you have chapped lips. Yeah. Then you have a problem. Okay, but see, my whole thing is is the safest way to do that. If you don't want to put a condom on it. Yeah. Is to not let it do that in your mouth. Get off.

J Jimmy Carper 15:47

Oh, okay.

J John Benoveve 15:48

I would assume Yeah, I would do. You know, I don't particularly care for the texture anyway. So I love it. I figured that I have any friends who do. I'm not saying anything bad about it. I'll do it if they make me.

J Jimmy Carper 16:03

Sarah's retching over here.

J John Benoveve 16:06

Another little thing here it says church joins Disney boycott. Specifically the 250 member panel. Criticized growing up gay a book for teenagers published by Disney owned, hyper on press, and Disney acquisitions of Miramax, which then distributed the movie priest a film about gay gay cleric.

S Stacey 16:33

Okay, pretty standard. First part of this paragraph says that not only have the Baptist or the Southern Baptists boycotted Disney but another group of radical right wing questions have also boycotted Disney one of their favorites. They say also in the article that they because there was a gay day at Disney World in Florida, that they say people shouldn't go there. Their people shouldn't go there anyway. So even though the well it wasn't sponsored by Disney.

J John Benoveve 17:06

Right, but what they're saying is is that basically what they're saying here is that Disney should have done advertising and let everybody know that this is Gay Day. Yeah. So that families could be warned. Yep. Before having to interact with you know, homosexual lesbian types. Right? Ah, don't say no that they can buy those little anti homosexual and, and, and lesbian clothing. We run from those match plaids.

S Stacey 17:37

Oh, yeah. Oh, yeah, that's it. That's it. Okay. Moving on. Okay. Community Calendar. Yeah, highlighted a few things.

J

John Benoveve 17:46

Oh, just about 12. Easy. Side page. Oh, there's another page. That's-.

S

Stacey 17:52

Okay. I got four pages for retina NLA. Okay. Okay.

J

John Benoveve 17:55

Monday, August 26. Gay and Lesbian readers 7pm. Barnes and Noble 3003, West Holcomb, FYI, whatever that means. For your information, the phone number is area code 713-349-0050. Then on the very next day, Tuesday, August 27, you've got Log Cabin Republicans, Republicans at 7pm renewed us to 2006 Lexington phone number again, 713529 9100. Do you know I know that there are gay Republicans because I'm married to one there are, you know, I had to look at him the other day. And I had to ask him. How can you consider yourself part of a party that does not even recognize you?

S

Stacey 18:50

It's not so much that we agree with him emotionally. I feel I agree with the more fiscally what that what they can do for the for the money, money wise. And I think that's the first thing that the country as a whole needs to look at. I also agree with their policy that government doesn't need to be involved in people's lives. period, period. I guess if I had to absolutely say that. Okay. This is the absolute party I agree with it would be libertarian, no government involved in any part of my life at all. The only thing that government should be doing is protecting our borders. That means no FCC, no, God, FDA, no. Income tax, no anything. These are things and this is a libertarian point of view. These are things that should be taken care of by the marketplace. Now I know that it's not going to happen because nothing that purest, either side right or left can work. Okay, so you have to have a compromise and I feel like that Republicans are that compromise for me, as far as their emotional issues, that's something we can deal with, after, in my opinion after the money's handled.

J

John Benoveve 20:09

Let me ask you a question though here real quick, because, you know, I had lots of alarms go off. When, you know, our the Republican candidate Bob Dole said he was going to pick camp check count. And I'm going, you know, This man wants to be president, which, you know, if he if he gets it more power to him, I will, you know, sit there and say, Oh, my God, what has

happened to us? But don't you think that he would have picked someone that was just a little more liberal than him? This guy is way over. I mean, he, yeah, he actually makes Bob Dole look liberal.

S

Stacey 20:49

That's probably why he picked him because the majority of the people in the Republican Party power are conservative emotionally, as well as fiscally well, they're considered conservative right wing. So to appease them, he picked someone who agrees with them, to appease the man, the mainstream, the in between the 14% that doesn't know which were they going to go? That's what she looked at Bob Dole for. Again, I'm looking at the party for a fiscal reason, right? Their money platform is great. Cut, cut, cut, cut, cut, cut, cut, cut, cut. We're spending way too much money and it's costing me out of my paycheck. Way too much money. Okay, so that's where I'm looking at it in my point of view that needs to be handled first. So let me as far as the country goes, as far as acceptance for gays and lesbians and transgender transsexuals, minorities of any type that starts with the young kids, like we've already seen, there's a study of freshman's at a particular college, where they don't care as long as they liked the person. So that's where you start with that. And that's something that I think should be controlled, or should be handled by the people in the country, not by the government. I don't want the government telling me, I can't read my erotic fiction. I don't want the government telling me who I can and cannot take to bed.

J

John Benoveve 22:22

Well, if I if I if I'm not wrong. All those rights are stated very clearly in in our Constitution. Right. But do you? I also know that there are laws that prevent us from doing that. Right. But adult can't card adult camp combination in the President and the White House is scary, in my opinion.

S

Stacey 22:46

What what I believe that people are misled on is that the President is sole power in the country. He is not right, or she is not right. It's a triangle between the Senate, the Congress and the president. The presidency is very important. I agree. So is who you vote for in Congress. Right? Okay. I'm going to go back to my original statement, emotional issues, abortion, gay and lesbians, feminist issues, things like that should be handled in your own home out in society. Right. And that's as far as it should go. Right? If these people who are in position belief different than I do on these on these points, that's fine as long as they don't try to legislate it one way or the other. I'm happy. Okay, I'm just looking at it from a purely monetary standpoint. And if I want to be that purist, I could go libertarian but it isn't going to work.

J

John Benoveve 23:45

Well the big thing here is is another friend of mine was saying pro choice. When you say pro choice, there is a choice there it means it Pro you can do it. You can have the abortion or you can not have the

S

Stacey 23:59

abortion choose to do the abortion or choose not to do a abortion right.

J

John Benoveve 24:04

The group that is against that anti abortion, anti abortion there is no choice that's right. They're saying that abortion is wrong. And there there is no

S

Stacey 24:15

Right and the media has misled everybody on what the pro choice stance is. The pro choice is exactly is it states literally pro choice you choose to or you choose not to the anti abortion is exactly as it states anti abortion in no sense. Now those people that disagree with me on that, that's up to them again, as long as they don't try to legislate it. The big deal with abortion right now is the passing of the partial Boer birth abortion. We already had a compromise in effect why anybody wanted to take it any further was beyond me. We had the three months. You can have an abortion up to very much. I think it's a workable compromise, because you had those that were pro choice that could choose to do it within that timeframe. Or you had those that were anti abortion, who got say, Okay, this product is life and we don't want to do it. I thought it was a workable compromise. It seemed to be working for years. And then somebody got nuts and decided to legislate my life again.

J

John Benoveve 25:27

Well, I honestly believe that that's probably not going to change. I mean, we're going to have to continually talk about it. Right? Yeah, Andrew, stuff like that. We've also got to really understand that where we are right now in our government did not happen in four years. So we cannot be feasibly believe that someone is going to come in and change it. Right. And for years

S

Stacey 25:49

it took since Oh, I'm sure man gun in them. No, no, no, it took since the Great Depression. Since that time, since socialism is inception in the US.

J

John Benoveve 26:04

You know, you're going to go into another show. And we have gotten a bit here. Yeah. On Wednesday, August the 28th. Love, Lust and intimacy and entertaining and, and confidential discussion for developing improving communication and intimacy in relationships, through discussion and games. It's at 7pm at the Metropolitan Moatize Service Center. 1475. West grey phone number is 713-524-2374.

S

Stacey 26:35

Okay, I picked up a few things out of NLA strike zone, which is a new group out in California coming about, they're having a party called strike zone to celebrate the founding of Samos, Samos, which wrote, what was the book, the most popular female SM book helped me somebody?

J

John Benoveve 27:02

Well, you got the papers.

S

Stacey 27:03

I know I'm looking I'm looking at coming to power. They really wrote coming to power, they're having a 20th anniversary party, August 29. through September 1. You can read more about it in the latest issue of the NLA newsletter.

J

John Benoveve 27:19

If you don't get the link. Go ahead. If you don't get the length, what you can do is I know there's a phone number you can write Pao box II care of in LA Houston, PO Box 66553, Houston, Texas 77266, or the information line is 713-527-9666. This is 9am to 10pm only, and they can give you any information, they can probably put you on the mailing list for the link if-.

S

Stacey 27:55

I am on so this is how I get some of these tidbits. Just to let you know, I'm lady victoria lust and PWA is holding a campout on September 22 and 23rd. At the TCC land site outside of Cameron, Texas, again, more information is available in the NLA link. Thank Okay, one quick thing that I found-.

J

John Benoveve 28:23

There as far as the lady victoria last PW a Ron, it is they have a nurse on site. It is a it's they have made it available to people who are in the last stages of age so that they can go out there and have a nice camping trip get away from all the rigor rigor Mumbo rigor mortis from the city. And they also they've got the doctors and the nurses there. And they to make sure nobody goes without care. Yeah. And it's also done within a price range so that they can afford Yeah.

S

Stacey 29:00

Just real quick to wrap it up, let you know that also in the link is some information on a couple that was at a party or they were filming themselves involved in an SM scene. And they have not been able to see their children, right, their children got taken away from them because

someone got revenge on them and put this tape out to the public. And the government took away their kids and they're fighting to get their kids back. And that information is in the link also.

J John Benoveve 29:30

So so if you want to donate anything to help them, you can call in LA they can give you all the information. Basically what has happened is a couple that was playing in their home. Privately their children were not around, right. They filmed it. Yeah, the tape got viewed by other people. The state of New York got involved and took their children away from Benson when they were released from court released from custody, they went back to get their children only to find that they had issued another warrant for both of their arrests. So they were put back in jail.

J Jimmy Carper 30:12

Yep. You've been listening to after hours queer radio with attitude on KPFT Houston and KEOS College Station. Stay tuned for the BBC News followed by the return of the sons of musical chairs with Billy Gilbert and Elmo and Randy.

S Stacey 30:28

This is Stacey saying good night

J John Benoveve 30:30

and this is John and now say anything you want me to. Next week will be an all music show. It's the fifth Saturday of the month so it's all clear music for three hours See you next week. Next Saturday. Money give me Yeah, I am. You're older you are not your money give. No you're not you're my how you yo meow Yoda once once money. Sick on two Dears, die folks. Yoda. Yoda violent you are liver to rip out violent enough for my liver. Now 5265738 call

J Jimmy Carper 31:51

that that's not new. The news? As a matter of fact, there's mechanical here and the news is not coming up. Okay. Oh, good. Why don't you say?

J John Benoveve 32:01

Let me let me finish talking about what we were talking about here. We were talking about the couple in New York. I can do that article. Go ahead. What had happened was again, they went to I know that was really loud, Isn't it fine. When they went to pick up their children, there was another warrant that was issued previously, right. They waited to serve them with this warrant the day they were supposed to go pick up their children. Yep. So they ended up not getting

their children and going back to jail. This, if I'm not mistaken, started about five or six months ago. Yeah, they have not seen their children or know the whereabouts or how their children are doing. Through this entire time. The social workers everyone has said that there are no signs of physical, sexual or mental abuse on these with these children. The reason that they are being kept from their parents is because they decided to do something in their bedroom that someone else thought was abnormal.

S

Stacey 33:02

Let's make this perfectly clear that the children were not involved in the video, or were never involved in any aspect of the couple's SM lifestyle. In La International, its chapters and many SM clubs and organizations throughout the US and Canada are raising funds for the Houghton's defense. If you want to contact them. I've got an address. Border. Border, it's French you got me.

J

John Benoveve 33:32

Okay, it is it. It is I'm going to spell it because we can't say it. It's B OUDOI. r. And, and then that's one word. And then the next word is an O i Our defense fun now that's an English Yes, that's fun. It's box five, S T n, period. F, right, Toronto, I guess Ontario. M four y two L for Canada. If you did not understand a word I just said you can call in LA. I'm gonna back from this because I'm screaming in LA Lane 713-861-5969 They can give you all the information they need to know is is called the Houghton's defense fun. Yes, it's kind of like the straight version of the spanner. Fun.

S

Stacey 34:40

Right. This is the thing that I was talking about earlier when we were discussing politics was this is what I don't want the government involved in right. I don't want them involved in my private life or anybody else's. Also I have heard a rumor that every time you walk in and buy erotic material The government knows it's none of their blank business

J
