J Jimmy Carper 06:02

That's why we need to

P Peter 06:04

have a curfew. I'm just That's why

J Jimmy Carper 06:05

we need to come on the show and talk about how fabulous the parade was for those folks who

P Peter 06:08

couldn't make it. Mayor right. Yeah, you're right. Yeah, some people work.

J Jimmy Carper 06:14

Some people can't get out. Yeah, yeah.

P Peter 06:16

06:21

J Jimmy Carper 06:38

See you next month to talk. And now and now and now time for. Oh, yeah, now it's time for the after hours news and views with Chris was big ROI.

Chris 07:35

I don't know. But he hasn't even called the bug me yet. So hopefully, this is gonna go better than last time I did this solo. I've already checked. Everything that I'm going to be talking about has not occurred yet. So let's first

Jimmy Carper 07:46

Whoa, okay. I'll be chiming in with some stuff, too. So I just love that.

Chris 07:52

We're used to it. Oh, yeah. Look at the clock. Make sure we're running on time. Yeah. Okay, I don't have any people who I shout out to if Roy usually Shouts out to him.

Jimmy Carper 08:01

Well, shout it out to all the people that run shout it out plus some okay. Like I said, Terry, Randy, my Paul, Roger, Michael and Richard and I all all of these folks a letter or card.

Chris 08:17

So I don't have a fan base. But I don't go trolling the prisons like Roy does. No,

Jimmy Carper 08:23

no, no, these are great guys who have have written to us and you know, commented on different shows that they liked and, and wondered about and had questions about and I'm going to answer as soon as I can. It may be a card, but well, not for

08:40

Michael. Not for some of them.

Jimmy Carper 08:43

Well, yeah, cuz there's, there's one who, what's wrong?

Chris 08:50

I have an ear infection. And I still showed up tonight. Oh, I can't hear out on my left ear.

J

Jimmy Carper 08:55

What do you do with it?

O

08:57

It's just ornamental this time. Okay.

C

Chris 09:03

These earphones are killing it. So. Hey, I went on cute patrol and I came to here and Roy probably just got a case of the sniffles. What I've heard from Roy normally, last time, he called his his crystal free to do this crystal clear to you that and he didn't call. He didn't call it in. Right.

J

Jimmy Carper 09:21

Well, I don't know what's going on. Anyway, I'm a belated congratulations to Ken Claude, who is the NLA president for this year. Just got that information. Well, you know, I'm not big in La

O

09:41

Jolla to vanilla for in LA a lot to them anyway.

J

Jimmy Carper 09:45

Anyway, I got some other stuff coming up that I want to talk about, but go ahead.

C

Chris 09:50

Okay. Well, we're gonna start off here with some actual news here. Recent studies on HIV and the Hispanic community has come out from the United States Health Resources Service Administration are Yeah, apparently Hispanics comprise 10% of the general population, but are 21% of the newly diagnosed AIDS cases? Wow, this is nearly four times the infection rate for Anglos. And that's especially

J

Jimmy Carper 10:13

serious here where the the Anglo, the Hispanic, the Latin population is a lot more than 10%. Yeah. And so it's great that we have groups like obvious.

C

Chris 10:27

And the worst part is they're catching it later than the normal human. Really, yes. It's apparently in the later stages when the damage to the immune system has already occurred.

J

Jimmy Carper 10:37

Is it that that macho thing, it's part

C

Chris 10:40

of the machismo and it's also part of the fact that when they start getting sick, a lot of the traditional Hispanic families go to see what are they call it here. Carender, a natural healer who tries and uses some of the herbs, sure. And other medicines.

J

Jimmy Carper 10:58

For many, for many side effects, the herbs, medications work the best.

C

Chris 11:02

And unfortunately, the a lot of it with also with the machismo in the strong religious influences, they go to spiritual healing, and they do a lot of things that aren't as proactive, as a full regimen. Yeah, and the another big part of it is 68% of all the AIDS cases, in the Hispanic community, the primary language is Spanish, so they're not getting the information. That's why we need groups like this, and it's gonna be a, you're probably gonna see a large push about that it's coming more here in Houston, that you're gonna be there seeing groups that are going to be catering to special segments of the community. Because it's always it's it's changed a little bit, I think aid still has that that stigma of gay white men and junkies. And people aren't looking at the other aspects of it.

J

Jimmy Carper 11:54

You know, there's, there's lots of Pediatric AIDS, there's the black women are high, women are becoming a high percentage and straight men, or, you know, straight straight identifying, identified men are coming down with with HIV now,

C

Chris 12:22

and other part where they're saying with the machismo part is some Hispanic man don't even want to wear a condom, be you and even if if they've pulled around, and they're going back to their wives, they still don't believe in using that condom part of that machismo and very strong and traditional gender roles in the community. And unfortunately, that's, that's something that

they're going to have to that is a personal thing. It's not something you can sit there and you can try and educate but it's going to take a while to make some of those. Those aspects of it disappear.

J Jimmy Carper 12:54

Yeah, you're right. And it's it's really tough. Because the Catholic Church is in there saying no condoms, no condoms. Don't go off on that. But that would be the views part of

C Chris 13:08

it. And a little sidestep there with the AIDS there last week, the use of AIDS Walk went off and there was very few problems we had.

J Jimmy Carper 13:15

How did it how did it go? Because I know you, you were covering it from the Q patrol.

C Chris 13:20

Yes, I was with Q patrol, we're helping with communications out on the course. It was a little hot. There was a lot of people came through. Towards the end, there was a lot of people who needed a little bit of help, and they gave me a few more restrooms along the line. I see where I'm at a certain council person there was over at the one water break. I didn't go up and talk to her but I saw her there. But we it was a great little event. A lot of people showed up and stayed around a little bit in for the music and jugglers and balloon animals. That was the music. It was pretty good. We didn't stay that long. We stayed a little bit to get refreshed and head on out. But it was amazing. Once again this year, the number of teenagers that were in this Oh good. I mean, the little kids, you can understand that kind of like their parents drive. But these were 15 16 17 year old kids came on the road and were coming out on their own. There was one group of them. They're bringing up towards the rear of the pack. And as they came back came by water station seven, one of the two stations I was at they start yelling out slackers roll up. It was great. Just seeing all the groups there especially the people that were there as a part of a group. Yeah, all wearing the color coordinated shirts and outfits that you could tell this was a large group that came in right and no serious injuries. were reported. There was a lot of people who may not have been able to finish the race. We helped drag them into the George R Brown. But it was very interesting. Getting to drive a little permit on there and getting to drive I've done one way the wrong way down one way streets, through red lights waving at cops while I'm doing it. It was it was a blast. I

J Jimmy Carper 15:07

see that that's what you went there for.

c

Chris 15:11

But now it was it was a great time. And we're certainly glad that we could help out in that and we look forward to being out there next year with the group.

J

Jimmy Carper 15:18

Okay. Got a got an email on hand net that I pulled off and wanted to mention on the air just in case anybody has any, any knowledge here. jewel from this from after hours, chimed in to the hand net, and asked that. Let's see. What she said was, I know that this question is probably left field, but if you could help with my locating a lesbian golf group, or organization for playing golf, I would very much appreciate it. I enjoy golf and have lost my contact with the lesbian golf community. And it's true I don't know of, of a lesbian golf group. If there's one out there anybody knows about it. I'd like for them to give us a call at 713-526-5738 or reply to hand net. And if you're not onhand net, it's easy to get on. You just go to www dot one list.com. That's that great group. And once you get there, ask for Hamnet H A N dash n e t Houston activist network. So, there's a call there may be somebody who knows something about lesbian golf group that would be great.

c

Chris 16:55

Went up to bat but also coming off a hand net. The controversial and well known show. It's Elementary. Oh, yeah. It's going to be coming to Houston public television. channel eight. On Tuesday, June 8. Now here's the catch. It's sometime June 8. I haven't decided what time like 1am or is likely knowing knowing our channel and channel eight they.

J

Jimmy Carper 17:22

It's gonna drive me crazy.

c

Chris 17:24

It's yeah, it's an unfortunate thing when you see that in the twit and see the other stations there. I know. One thing I did pull off here from the phonebook. If you would like to tell channel eight that you'd like to see this during daylight hours, or at least prime time. The programming number is 713-749-8228. And that goes for not just at elementary but everything it's out in the Life TV s which is a very good shame.

J

Jimmy Carper 17:50

They always have it on at midnight or Oh, yeah. During the week, midnight, yeah, it

c

Chris 17:56

www.houstonpublicmedia.org

was like Sunday, Sunday morning slash Monday or Sunday night slash Monday morning. Yeah. At midnight, and it's like, sometimes not even in the newspapers. So listen is off the air. And is that oh, let's throw them in now. To coincide with the show Weekend Edition, we'll be showing you having a feature story about gay and lesbian adolescents. With interviews from two hache. Members. Wow. Their parents. Carol Patricia. Yeah, she hatched program director.

J Jimmy Carper 18:22

She's been on the show.

C Chris 18:24

Very nicely. We talked about some things are with between Cooper throwing hatch. They are not sure what time is going to be on. The Weekend Edition is at 6:30pm and a rebroadcast sometime around 1030. Yeah, at least at least that's brand time. Yeah. Check, check the local listing for that. Yeah. But it's Elementary is actually they're going to be playing that on

J Jimmy Carper 18:47

that segment of the week

C Chris 18:50

is going to have the weekend edition is gonna be showing the hatch segment on that same day, or we're on the same day, okay, from what it's telling me Tuesday, June 8, okay. If we'd like to at some time during the time, it's elementary will be shown. And as part of a nationwide thing with PBS that they're going to be showing it on all the PBS stations. So unfortunately, the easiest way you may have to get out your long range antenna and see if you can get was it K era out of Dallas. But that's going to be one of the I guess as you call it, one of the starting events of Pride Month. Coming around

J Jimmy Carper 19:25

good. Yeah. Like June is pride month. We it's not Pride Week anymore. It's pride month. So are you in a rut? Do you need to change? Would you like working with family? Well, the Texas triangle America's fastest growing statewide newspaper, for the for the queer community is currently hiring full time advertising sales reps for the Houston market. There's a base with benefits and bonus available for energetic, reliable individuals motivated by the desire or to be themselves? Yes, just like that Bud Light ad while succeeding in the highly competitive but immensely rewarding industry of queer publishing, sales experiences helpful. Familiarity with Houston gay community is also helpful. If you want to know more, give him a call 713-521-5822 or fax a resume to 713-521-5830 because life is too short to spend in a rut. Not

C Chris 20:40

to nitpick, but they're the fastest growing statewide gay lesbian newspaper. Are they the only one

J Jimmy Carper 20:49

so far? Okay, no twin is also a statewide.

C Chris 20:53

Oh, I can say that a magazine. Well, it's a magazine. Okay. Back to private events. Yeah, the third annual Houston gay lesbian Film Festival. Oh, yes. Next Friday

J Jimmy Carper 21:05

has it ever.

C Chris 21:07

The first first set is now it says landmark theater. Which one

J Jimmy Carper 21:17

it doesn't say landmarks Greenway theater

C Chris 21:19

green. We I was gonna I was gonna guess that the movie is Get real. And it starts Friday, May 28. It is a from from what I've seen about it is a coming of age story of young gay man. So of course, they're gonna have funny accents, because they only make those films in Britain.

J Jimmy Carper 21:37

Actually, there's one that they did make here. And I don't know if they're gonna be.

C Chris 21:42

Well, with the exception of the Boy's Life series. Yeah. of movies. Yeah. But the only ones that get the mainstream attention is the the ones come from Britain. Beautiful thing and get real.

J Jimmy Carper 21:52

J Jimmy Carper 21:52

You can pick up schedules of the Houston gay and lesbian Film Festival at the landmark theaters or the Museum of Fine Arts, or the Rice University Media Center. Because those three places are out and diverse works. Because those are the places that are and well that's that's not You're not going to find it at the angelica. They're doing the cell cellular closet in June. But it's diverse works rice Greenway landmarks, either. They're probably going to have them at the River Oaks too. And the Museum,

C Chris 22:36

Museum of Fine Arts Houston. Yep. We'll be having the righteous babes. It's in the water. Dear Jesse Qaddafi. Thanks, thank you, and a summer dress. And that's going to be starting Saturday, May 29 through Sunday, May 31. And you can get some more information on this and other films from free web.pdq.net/quack Q you a see people cry. And if you want to get some more details about what each one of these movies are at, I believe if you go to popcorn q.com That's where I've actually got a little bit of every news blurb on the movie Get Real through. Planet out.com that takes you to popcorn Q and they had a big splash about the Get Real movie there about a month ago. Wow. Cool. One of the little gay information sources you can get off the internet and there's

J Jimmy Carper 23:32

good movies this month. This this this year for the gay and lesbian Film Festival. Wonderful, wonderful stuff from just very explicit stuff to wonderful things like get real.

C Chris 23:45

I think it was one of these we can't say on the air. That's right down at the verse works.

J Jimmy Carper 23:49

Yes, that one weekend's a dikes in Wonderland. Yes. You can't say that one. No. Starts with my Yes, that's the one. Oh, you cannot say that.

♀ 23:59

We can't say that. No. Okay.

J Jimmy Carper 24:01

It's talking about female genitalia. They're also doing diverse works. The quack mix up video which I'm I will be there. I've been looking forward to this for a long time. Since they've talked started talking about it. Yes. So I mean, there's a there's a great list of movies there. Gosh. It's incredible. Take out alone, folks. are great. Read some of the other stuff we got here. Oh,

Monday, Monday on the 24th this Monday. There'll be a performance of Ray Hill and the sex police at the club. Picasso. He did the other day do with the rail the prisoner? Yeah, he did that last last Monday. And this Monday. He's doing rail in the sex police. I've seen both of them and they're both wonderful.

 Chris 25:00

I heard that I didn't get to see it. But I heard when he was describing it before he came out with Ray Hill and the sex police there was. There's a scene in there that he was hoping to get arrested for.

 Jimmy Carper 25:09

Yes, it's right at the very end. And so far he hasn't been arrested yet. And he's done that. He's done that one man play couple of dozen times. Now, when he was promoting

 Chris 25:19

that he was going to start writing the that he was writing to play for it there. I remember him saying he was going to send out engraved annotations to the HPD and the DEA

 Jimmy Carper 25:27

and it didn't work. Didn't work didn't work.

 Chris 25:31

So how's he gonna get his new material? Now? I don't know. Also on Monday at 7pm, the Amazon I don't know what you're gonna pronounce this

 Jimmy Carper 25:42

society, it would have spelled with an x instead of an acid. It's an X.

 Chris 25:47

Okay. Amazon society is an integration in intergender. Take two it's an intergenerational feminist organization dedicated to the elevation of women in society by addressing practical issues through the promotion of a strong mind, mentoring, and personal economic development. They're going to be having a meeting Monday, May 24 at 7pm at the First Unitarian Universalist Church at 5200 Fannin at South more room 207. For more information, call Bernadine Williams at 713-731-0251 or email at [strong.flower@yahoo.com](mailto:strong.flower@yahoo.com). And the web address is [www.dotangelfeiyr.com/t](http://www.dotangelfeiyr.com/t) to slash Amazon society spelled correctly.

J

there. Yeah. Let's say box office tickets, Inc. is the one who's carrying the tickets. Oh.

C

Chris 28:04

Okay, we got a couple of fundraisers here. Do we now? This one they are not. They're not raising the money yet, but they're looking for people to give it to the crew of Olympus, Texas Incorporated. your hand. Yeah, well, no, that's very that's important stuff. The the crew of Olympus at their ball and other fundraiser throughout the year raise at like, you know, 4030 \$40,000 I know because the switchboard got \$4,000 This year, and that's enough to run us for about eight months.

 Chris 29:27

That cute patrol was a recipient two years ago. And we we love this we helped out at the bar. Yeah, football.

 29:34

Fun. Oh, that was

 Chris 29:38

I sadly I didn't leave the bar area enough. They're working the bar to go in and watch enough of the show. But that was hilarious to heaven and hell ball. But it is a great organization and they you can look at them for the float because they always Oh,

 Jimmy Carper 29:52

they have they know how to do a float. Yeah, in fact, the crew people from the crew have given lectures through the pride committee on how to wire up your float and how to decorate it in lights and it

 30:09

must work because no one got electrocuted last year. Works.

 Jimmy Carper 30:13

Another fundraiser going on to me to Joe and the Christopher S.
