**K** Kirk Keevert 00:02  
doing that tonight. So

**J** Jimmy Carper 00:02  
what else is going on in

**K** Kirk Keevert 00:03  
your life in my life?

**J** Jimmy Carper 00:06  
I wish your life Oh, fine,

**K** Kirk Keevert 00:08  
you know, I

**J** Jimmy Carper 00:09  
don't you know, do what we do we that's what we do here we bring like three hours of career life.

**K** Kirk Keevert 00:16

Oh, well, my, my life's not particularly clear right now I'm dealing with my mom, which you know, kind of, quite frankly is kind of queer. Well,

J

Jimmy Carper 00:23

I mean, let's face it we've talked about this has been an issue with it we've talked about before, because in years past, I mean, 50 or 100 years ago, it was always the unmarried child who took care of the parent. Right? And, you know, you can pretty much translate that translate that into the gay or lesbian child. Right. Right. And that's, that's been who says we're not nurturing?

K

Kirk Keevert 00:49

Yeah. And, you know, I, yeah. She had a stroke recently. She's fine. She had, she had surgery on her carotid artery, they, they, he has this huge, like, five inch long, I think it's probably shorter than that just looks huge scar on her neck from where they cut open her neck cut, opened her carotid artery, right, and sewed all that back up. Um, and she's doing fine. No, no side effects, no permanent side effects is what is what they're telling you. Okay, her vision is she's having some trouble with her vision. But that that is to come back in time is what I'm being told. But you know, I was when it first happened when she had the stroke. One of the things that just kept going through my mind was I'm not ready for this. I'm not ready to take care of my mother. She's I mean, she's, she's 56, which is, which is not old. And you know, she's still she's still working and, and very active at work and very active in her work community, which is the same work community that I'm in.

J

Jimmy Carper 02:02

So you're finding on a temporary basis that you're changing positions?

K

Kirk Keevert 02:08

Yeah. Oh, oh, yeah. I mean, I've said things to her that, that are very parent things to say. Things like, now, mother, when the doctor tells you that you have high blood pressure, when you're 20. That's maybe something that you can put off. When the doctor tells you that when you're 56, you pretty much need to get it taken care of. And I say that and then I go, Oh, my God, I sound just like my mother. So So yeah, I'm, I'm sort of turning into a parent and not not sure that I'm ready for that kind of stuff.

J

Jimmy Carper 02:49

Yeah, but isn't that life? I mean, we're not always just the kid. We're not always just apparently we change roles throughout. Yeah, yeah, I remember, I remember getting temporary. So if you know, somebody your own age, I mean, you may be the parent to them, and they are the parent to you at different times, under different stresses.

K

Kirk Keevert 03:08

Yeah, I remember once, I remember once reading an Erma Bombeck column and, and she said that, that when, when she was 10, and her mother was 30. She remembers her mother slamming on the brakes and reaching over to make sure that that, you know, to guard the child from slamming into the end of the windshield. And when she was 30, and her mother was 50, the exact opposite thing happened. Sure, you know, that just a mother basis of that whole changing roles thing and I find you know, I find myself doing that I find myself doing, doing things to act like a parent to my mom, welcome. Yeah, welcome to light. Yeah, I know.

J

Jimmy Carper 03:59

I know. You know, and probably this is a temporary thing. She's Oh, yeah. Being very vulnerable. And needs cuddling how we all do? Yeah, different times. Yeah.

K

Kirk Keevert 04:10

And, and God before the surgery. She was not. There's like, there was like a room that they took her into. That was like, it had like eight or nine other people in there before the surgery, you know, just to get ready or whatever. And, and I was the one sitting next to the hospital bed, you know, saying, you know, just just being there in the hospital with my mother. And she's just, oh, she just freaked. She just completely freaked. I mean, it's pretty major surgery. Well, yeah, I mean, like I said, they lop open her carotid artery. dig around

J

Jimmy Carper 04:53

in there. No, it's just the idea of any surgery. Somebody cutting your body. Yeah.

K

Kirk Keevert 04:57

And it was a huge it was a huge deal for her. are deciding the anesthesia, because apparently they could do it on a local or they could knock her out. Ooh, knock me out. Yeah, well, but then again, they knock you out, there's always that danger that you're not going to wake up. And so she was thinking that thinking about that, and And I sat there and talked to her. And I said, you know, if it were, if it were anywhere below my neck, I would say, Okay, do it with a local. But if you're going to be farting around up on my face and stuff, I want to be out, man, I don't want I don't want people dig it. Because you because up here, your head and your neck and stuck stuff. There's like conduction, and you can hear that crap in your ear. Right? You feel new, thank you and all of that, not wanting to do it. And afterwards, she was in. She was she was in ICU, all the rest of that day. And actually, the next two days, just because they didn't have a room there at the hospital to put her in. But you know, I spent the whole rest of that day there. And she kept saying, oh, we should go home. You don't have to stay up here. And I said, How many times was I in the hospital? And you slept in that chair? Exactly. It's my turn. You know, that's just that's just Yeah. And it is a way to turn out.

J Jimmy Carper 06:26

Because no matter how many times they say, oh, go home go home. It's just a comforting to know that somebody's there.

K Kirk Keevert 06:32

Yeah. Oh, yeah. Yeah. And, you know, they kept her on morphine most of the day. Oh, lucky her. Yeah, really. But, and so, you know, she would, and they would only let us go in at, you know, certain intervals, and bla bla, bla, bla bla, but all the nurses were really nice. And the nurses were great. It was at Northwest Medical Center. And, and I will just say this. I won't, I won't tell you the name of the hospital she was in before, but I wasn't pleased with it. And every nurse at at Northwest Medical Center was nice. Every doctor I dealt with was nice. The the, if you're up in that part of town, or if you if you have the option to to get something done at that hospital, I would recommend it. They were just they were just great at therapy. Yeah. Very nice. Anyway, um, you know, I took a book and I sat there and I read and, and, and every once in a while she, she, you know, get her senses about her and look over and see me sitting there and I and of course the first thing she said was, you don't have to stay here you can go home and and, but I know the first thing she thought was, I'm so glad he's sitting there. You got it. I'm so glad to see a familiar friendly familial face there. So,

J Jimmy Carper 07:53

so how are you dealing with it?

K Kirk Keevert 07:55

Um, I'm dealing with it just fine. You know, she's, she's asking me to do things said her visions not not great right now. And she's asked me to do things for her and and I'm happy to do them. I can't always take the time off from work to do it. Fortunately, her brother is in sales. So in an outside sales position, so devote a little bit of time yeah, he's got more time to do it. His his girlfriend is in a more managerial place where she doesn't have to be in the office all the time. She's got plenty of friends in the industry who are higher up and and don't have the, you know, hourly responsibilities that US proles do. But um, but yeah, we it's an it's an extended family just taking care of itself. It's very nice. That is very, very nice.

J Jimmy Carper 08:52

And here we go. We there's another example of extended family and not necessarily not in the gay community.

K Kirk Keevert 08:59

Yeah. Yeah.

J Jimmy Carper 09:00

It's it's nice that this is family values, folks, right here working? Yeah.

K Kirk Keevert 09:05

Yeah, it's Christmas. at my mom's house. Christmas happens at my mom's house. And last year, I was related to two people there. And there were probably 40 people in that house. Hey,

J Jimmy Carper 09:19

that's Christmas. Yeah.

K Kirk Keevert 09:20

And it was it was just this extended family, just just different people that were really willing that were sort of that you know, came for Christmas. And, and I I have always really felt closer to my adopted family to my chosen family then than any sort of responsibility feelings, you know, for for blood family. My brother I haven't spoken to in five years. But, but you know, I got plenty of people that that I consider my family that I have no relation to it all. Yeah, we're,

J Jimmy Carper 10:02

we're all that way straight. Whatever. Yeah. Okay. You're listening to KPFT Houston and ke O 's College Station. Let's lighten up.

K Kirk Keevert 10:15

Let's just throw that

J Jimmy Carper 10:17

back and do a couple of songs. Come back and talk about Comedy Sports maybe. Okay, and going on with that we can do that at 120 will be the news with big Roy and Michelle. And we've got, like I said, the second half of the show is our leather segment with Russell and John. So keep listening. We're here for you. Ooh, yes. That was dn McBride. With I play that just for you key Kirk. Kirk, his name is Kirk. I'm Jimmy. He's Kirk. Yeah, this is after hours. Now I know where I am. Dan McBride with a great version of my heart belongs to daddy Yeah.

K Kirk Keevert 11:06

And without without divulging too much information that that Whoo. I had I had some fun with

a daddy last night. Oh, good for you, man.

**J** Jimmy Carper 11:19  
Was this a new winner? Yeah,

**K** Kirk Keevert 11:21  
I went I went by I did things i I never thought I would do.

**J** Jimmy Carper 11:27  
Whoa, wrap it up. So I can find out about this. Anyway. Anyway, before that. i Sorry, I have to before that we had the the rhythm method with I met her on a Sunday and started it out with Heather Bishop with seduced I want to be

**K** Kirk Keevert 11:46  
seduced. Yeah, the Leon Redbone to Yes, yes. Was it was a little remake session there was Yeah, kind of

**J** Jimmy Carper 11:57  
what cover thing going?

**K** Kirk Keevert 11:59  
Yeah. You know, I speaking of I meant to say this earlier and I just I caracoles opinion. Okay. The Elton John tribute album came out a few years ago. Two rooms. Oh that one yeah. Yeah. I like pretty much everything on it Wilson Phillips doing Daniel I just I love though I'm not a big Wilson Phillips fan. Several things several things on that. I really really liked however, Rod Stewart doing doing my song just bid just sucked big Greenwoods I hated it. I guess because it because it was it was just a cover version. It was just okay magically a little piano singing my song

**J** Jimmy Carper 12:47  
I guess just wanted to get brought some work you know, you know their friends I guess. And Lord knows rod hasn't been working in a while. And yeah,

**K** Kirk Keevert 12:54

oh, yeah. Sure, whatever. Yeah, he needs work. But just want to throw in my little opinion on that. I mentioned I love tribute albums. I love the carpenter's tribute album. I love the Saturday morning cartoon one. I love the Eagles one and I'm not a big country fan. But I am big Eagles fan. So

 Jimmy Carper 13:17  
there you see that it's on your cap.

 Kirk Keevert 13:18  
Oh yeah, I'm worrying about Eagles cap morning. Eagles tour cap.

 Kirk Keevert 14:15  
yeah yeah redundancy very nice somebody somebody just called and said that they they appreciated and got some little consolation from from what I had to had to say about Northwest Medical Center glad glad to hear that. Hope you hope you

 Jimmy Carper 14:34

you know that's kind of like I say it's three hours of court life we didn't plan that is kind of off the cuff and

K

Kirk Keevert 14:40

and and I'm glad I'm glad you you you were were consoled by that and and I do hope that everything we all hope that everything comes out fine with with your lover. Yeah, you bet. So. So that said

J

Jimmy Carper 14:57

Okay, so we're going to talk about calm already sporty were I

K

Kirk Keevert 15:01

think it was gonna tell you about something else really quickly though. That's it. I remember now you remember do I remember now? I went last week to meet the the gay and lesbian Movie Club?

J

Jimmy Carper 15:17

Oh, yes. Well, I meant to talk about that Well, because I'd say is that but is that still run by this the sweet gay man kind of chunky

K

Kirk Keevert 15:29

named Jimmy I believe? Yes, yes, exactly. When he

J

Jimmy Carper 15:33

first started that, that club, he came on the air and we talked about it and we pushed for a long time. And then I stopped getting stopped seeing and stopped getting fryers. And I thought they had stopped doing it

K

Kirk Keevert 15:44

right. I was just I was checking out some news groups on the internet and saw this mentioned in one of the Houston news groups and thought what a brilliant idea Absolutely. It and and what it is, is just and I don't have the phone number tonight, but I promise I will bring it next time Jimmy

J Jimmy Carper 16:10  
send me a flyer. Yeah.

K Kirk Keevert 16:14  
We what what they do is throughout the week, people vote on what movie they want to go see and it's a new movie. And it's the you know, they try to steer away from the art stuff or gay movie or any right it's just whatever whatever new movie is, is opening up people vote on what they want to see that's coming out this week. And

J Jimmy Carper 16:35  
kind of loosely and and

K Kirk Keevert 16:37  
pick a theater that it's showing an intown theater obviously inside the loop the theater was was the the AMC studio 30 Last week, the end pick a restaurant close to their meat at the restaurant, you know, hour and a half couple hours before have a bite, have a bite. And you can come you know, just come to the movie just come to just come to the restaurant, whatever. And it's just an alternative alternative way of meeting people outside the bars. I just thought it was a brilliant idea. It is a brilliant idea. So last week, we and I didn't get a chance to go tonight. But last week we went to Clemson on on Westheimer Yeah, up there with the Galleria and then went over to the AMC studio 30 and saw not always like a movie obviously. But we saw the object of my affection. Okay, which, which I really truly enjoyed. Really. I mean, aside from the fact that he is just yum.

J Jimmy Carper 17:39  
He is yum on a stick. The horse didn't like it though. I care Okay, sorry.

K Kirk Keevert 17:48  
I really did like it Jennifer Aniston managed to get away from the whole Rachel thing. Thank God, Rachel. On friends. Oh, okay. Yeah, yeah, yeah. And, and just just really, really enjoyed it. Wendy Wasserstein, who wonderful playwright. Did the screenplay for it. And the i don't know i I've heard rumors that they are now seeing each other who Paul Rudd and Jennifer Aniston.

J Jimmy Carper 18:25  
I don't know. I don't either. I read interviews with the two of them. And that's like

K

Kirk Keevert 18:30

the one that you read the one and out. Yeah, and that's like, they're like girlfriends. Yeah. But and that, that interview and outstayed clearly away from from his sexual orientation? Sure.

J

Jimmy Carper 18:42

Did.

K

Kirk Keevert 18:42

I write? I don't know. I? I didn't I assume that? That's what the rumors? Well, the rumors are that that I've seen on news groups and stuff, or that are that they're dating? Huzzah. Ted Casablanca on E

J

Jimmy Carper 18:58

while she should know, yeah, she just she's feeling bad or she feels because she couldn't get in bed with him.

K

Kirk Keevert 19:08

And see, speaking of Ted Casablanca, I didn't realize until having having seen the movie recently. And I'm just assuming that he got his name from a character in Valley that all Casa Blanca Yes. His there's a character in in Valley of the Dolls Ted Casablanca and he's he's the one that that that the patty Duke second husband. Oh, and she's sitting there's there's there's just cheese seen. I mean, you need crackers when you're watching this. It's so eating crackers when you watch a whole movie. No, but Right. Oh, I love it. But But Patty Duke is just all you know. Done up on something. Who knows? Some some doll? Yes. There's just one doll. But anyway, she's sitting out by the pool with with Sharon Tate and her first husband. And and he makes some comment about Ted Casablanca, being a fag. And she said, I love this line. She says, Ted, Casablanca is not a fag, and I'm the dame that can prove it. Oh, please, please print that movie. See that movie. It is just the coolest, coolest movie

J

Jimmy Carper 20:26

Great, great. The whole show everything is a cliché, but great. Yeah, it's very cool. So what is I mean we'll be the news. So what what is happening with Comedy Sports,

K

Kirk Keevert 20:41

Comedy Sports is back. Excuse me back playing at our Flemmi back playing at our our sort of home space at tree beards. Tree beards is not open as of yet. Oh,

 Jimmy Carper 20:55

And there's a little grate that you can look down into the sister now it's changing stuff falling there. It's not I mean, there's like little bit of water is still in there and stuff is really, really cool looking. Anyway, they've they've done some major remodeling at the restaurant. There's like two additional stairways going upstairs now. One additional stairway going upstairs anyway. And we are we're still you know, our our platform our stage we don't have we're working on getting another one up there. But we are performing every Friday night. **M** Michelle Meyers 24:17  
Okay, well, let's get on with the news.

**B** Big Roy 24:20

M

Michelle Meyers 26:13

Okay, let me give some local news in the area. The Lesbian and Gay community center is getting ready to open. So on May 4, they're going to open their doors, that's Monday, May 4. For the first month, they're going to be running on reduced hours because they still need volunteers to come and staff, the facility. So anybody interested listen very carefully as to what hours they're open. So you can come by and talk to the folks there about volunteering, so that we can expand the hours during June. Anyway, the hours will be on Monday and Wednesday from six to 9pm. And also on Saturdays from 12 to 6pm. So the community center is now open and for a scoop. All right. One of the one of the residents there moved in today. Oh yeah.

J

Jimmy Carper 27:14

Which one?

M

Michelle Meyers 27:15

the caucus the HGLPC moved in today.

J

Jimmy Carper 27:20

The gay and lesbian Political Caucus.

M

Michelle Meyers 27:21

Yeah, they moved them from about 10 o'clock to about three in the afternoon, and my back is still sore.

J

Jimmy Carper 27:27

I bet it is

M

Michelle Meyers 27:27

From toting and carrying

B

Big Roy 27:28

You mean the gay and lesbian politically correct. Political Caucus.

—

**J** Jimmy Carper 27:33  
Their official office is now in the community center. That's great. Yes, yes. Great.

**M** Michelle Meyers 27:37  
Their next meeting will be on May 6. And I'm telling people a little bit ahead of time, because the next meeting is going to be at the community center. Good. They're gonna, they're gonna start off the right way. And when are these meetings? This is this is May 6, it's not this Wednesday, but the following Wednesday, the meeting starts while the refreshments go from about seven to 730. And then the meeting begins promptly at 730. And I can attest, it's pretty proud.

**J** Jimmy Carper 28:08  
She's an engineer. Wow.

**B** Big Roy 28:11  
So are these are these meetings? Are they held like on the second third Wednesday, or oh,

**M** Michelle Meyers 28:16  
it's always the first Wednesday.

**B** Big Roy 28:17  
The first one is the first

**M** Michelle Meyers 28:18  
Wednesday of the month. The caucus, as we like to call it, as always has a meeting once a month, and it's open to the public. For more information. You can call me code 713-521-1000. And I hope it's the same line. I hope we can move the phone without moving the phone number

**J** Jimmy Carper 28:40  
that well. I think so too, because that's been their number for a long time. And they've been at a couple of different locations

**M** Michelle Meyers 28:47  
.....

and removed a lot of phones all bad. We must have moved about five that were working. Wow. Yeah. So the community center is really moving along. They're good. Glad to hear it. Anybody who wants to donate furniture can get a hold of the community center and they still need some furniture and they need some chairs and a few things like that. Okay, looks really good.

**J** Jimmy Carper 29:11  
Do you know who they can talk to their

**M** Michelle Meyers 29:13  
Jr. and I can't.

**J** Jimmy Carper 29:17  
I know Kevin Davidson is

**M** Michelle Meyers 29:19  
Kevin is involved. But I have Jr's number out in the lobby. Sorry, but I can bring it to you later. Okay.

**B** Big Roy 29:31  
Okay, moving right along. I have some pretty exciting news here. The National Gay Pilots Association has announced a new scholarship program for members of the gay and lesbian community seeking careers as a pilot. And two scholarships will be awarded on September 1 1998, both for \$1,500 and these can be used to pay tuition or flight training costs incurred by the student pilots. enrolled at colleges or universities offering an accelerated aviation curriculum, such as air science, aerospace aerodynamics, engineering or airport management, or corps the flight training costs incurred in a professional pilot training program at any FAA certified training facility. Now, the deadline for submission of applications is July 30 1998. Now, information can be obtained by writing to the end GPA. That's the National Gay Pilots Association or end GPA, hyphen, E F, P O Box 2010 hyphen, three to four, South Burlington Vermont 05407 hyphen 2010. Or you can call them at area code 703-660-3852.

**M** Michelle Meyers 31:02  
Okay, the next thing I want to do is let's spread a few kudos around for the Diana foundation. They're back in the fundraising business in a right way. And they just had a very successful fundraiser on March the 28th. And a very successful they had about 200 people turn out and they do their fundraiser on the basis of doing a parody on the Academy Award.

Big Roy 31:25

I just say it was the best one that they've had in years. I think it's the best one

Michelle Meyers 31:29

they've ever had. They raised \$21,000 That money goes to McHenry house, the Montrose clinic and stone soup and boy stone soup really needed the money really does. Yeah, because they've been having problems with being able to provide food. So hats off to that the Diana foundation.

Big Roy 31:54

Okay, and I wanted to talk about the Westheimer street festival, because I've been getting a lot of calls in the studio for the last few Saturdays. Regarding when is the Westheimer street festival. Okay, ladies and gentlemen, the Westheimer street festival will be May 2 and third. That is a Saturday and a Sunday.

Michelle Meyers 32:15

Next Saturday and next Sunday. That's right.

Big Roy 32:19

And it usually starts around. I don't know what 1011 o'clock in the morning.

Michelle Meyers 32:25
