03:40

just Hello, darling. I see we're having a little gender identity crisis.

03:47

Just foot in mouth. I

03:48

see. I see. Well, how have you been?

03:52

Well, I've been fighting a cold but

03:54

I've gotten been coming down with it myself. Everybody I know this this season. Yeah. I have a whole bunch of announcements and wonderful things I need to tell everybody good good. Good. First off. I have a new website, which I want to let everybody know about it big leaf services.com

04:13

Wait a minute. Hold on.

04:14

Turn that tape on by the way. Oh, yeah.

04:19

Oh, now hello, Mr. Steve. Hi.

04:23

Start over.

04:25

But it's it's called fig leaf services fan. I actually got a discussion board. So some of the topics from the show we people can we can discuss 5g Lea, yes, just like Eden in the Garden of Eden. What did they were fig leafs think about it. Or was that not creative or what?

04:47

So it's w cubed fig leaf

04:50

services all one word.com services. And I am teaching for classes on human sexuality this month. So, if you look in the Houston press in the Euro sad for iOS 1207, because they've opened up an education center there, and they built out a whole room. So I can teach classes and I'm teaching four classes. The first one is this next Saturday, the 30th. It's called erotic encounters. And I'm gonna read you my little snippet. It's we want to spice up your sex life looking for new and inventive ways to please your partner, or simply trying to figure out how things work. This class offers an in depth look at sexuality for those seeking to expand their horizon. Candid talk about Male and Female Orgasms and ideas for introducing fun and creativity into your sex life. And that class is going to be on Saturday, November the 30th at 5pm. And Thursday, December 19. At 8pm Okay, no, where's

05:53

this place?

05:54

I have somebody carry you one of the little flyers? Is it euros, 12. Seven out in Pasadena. Oh, my favorite, my favorite toy store well, and then I'm also teaching two classes, and they're called Dangerous Liaisons. And if you want to turn up the heat in the bedroom and ready to take a walk on the wild side, from fetishes to fantasies and breaking taboos, this class is offering candid conversations and creative ideas for a mind blowing good time. Because you know, me, I kind of walk on the wild side, most of the time, I

06:26

just take the better person.

06:30

But they're totally free. There's no cost at all. And you just can call the store or just come by the store and the ads and it's also on my website. Yeah. And it's also in the press, it'll be running in the press for the next couple of weeks. It's well go seven Spencer highway, right. Okay. And it's just a, it's, it's a great, great, they've been really supportive of everything. And so, you know, a lot of people who are looking to maybe get into some stuff and want to talk to their partner something you can bring your partner to an end and go shop afterwards if you want. Yeah, but you know, a lot of people I was talking tonight at this party I was at Hi, everybody. I got tired at this party. I was at two, there were these two women there I was about ready to door roll over. But anyway, I did roll over on them. But one of them appreciated that I was talking to one of the people at the party and I said you know going to get your your vanillas partner kind of interested. This is a perfect class because a lot of times when you hear other people like me talk really candidly and graphically, it puts people at ease and it immediately takes a lot of the stigma out of what we do, whether it be the kink, whether it be the explorations, etc. And so it's just as a real good way to just start getting into it. Yep. And so But speaking of that, I have a don't What do you think is vivacious vixen next to me?

07:55

Here we were. Yeah, we have a crowd here.

08:01

This is Mr. Sterling. Hello, Mr. Slang. Hello. And Mr. slang is a transsexual Dumay. She's a pro DOM. And she is a good friend who I've known for a couple years now. And have just watched her blossom into this absolutely delicious looking creature you

08:23

called last month on last month's show?

08:26

08:20

I certainly do. Yes. Yes. Mistress

08:29

Lang has a website which is Mr. sling.com If you want to, if you want to see what this vivacious vixen looks like, but I brought Mr. Slang on here because I thought tonight we could talk about chicks with dicks. One of my favorite topics. Okay. And also because, you know, one of the biggest things that I run into is people have fantasies and ideas about transsexuals and the train, you know, being being done that way and just experiencing that and I wanted to talk to Mr. Sling about it. So tell me what when did you discover that you had this just hidden, dominant sadistic little nasty little person inside of you?

09:21

Well, I think it's all started within the past year. You know, it's been a whirlwind tour. I mean, probably about a year ago, I was just I was definitely kinky, but through some very wonderful partners got to explore many aspects of the BDSM side and also the transgender and then Gosh, that from there, it's it's been zero to 60

09:51

you remember last month I had Miss Indigo? Yes, Miss Indigo created this lovely, lovely person. This is this is her work. She pretty much right? Yeah. And in one of the things that, you know, I get a lot of people who talk to me about the force, feminization and etc. And that's is that crack how you pretty much got started? Absolutely.

10:14

For the longest time, I've always had an interest in various feminine clothing and things like that, but I've never really explored the full transformation. And through a little bit of pushing for Miss Indigo, got a chance to just explore just kind of challenged my beliefs in terms of you know, what I can become and it's it's really been tremendous, just being able to even you know, go out in public and be passable and, and just explore and really just discover another side of myself that's come out, so

10:49

I would definitely say she's very passable.

10:55

You? Yes. In fact, I was surprised when you said that she was transgendered and whoa, hey, I'm just Yes, I'm

11:03

the perfect little china doll. You just want to start getting excited. I get a little flustered. But now you have an interesting fetish. Also, certainly. Would you tell us about your fetish? Well,

11:19

I guess this goes back to the previous show. And my fetish is with the hosiery, which

11:27

you are wearing lovely. high highs here with a little garters. And

11:33

yeah, well, this is gosh, I think this started when I was really young. And, gosh, I immigrated here from Vietnam, when I was only about, let's say, about four or five years old. And part of the journey there, we were rescued in at sea. And what I remember is we were in a very small little boat, that one day was sinking. And we're fortunate to have a huge oil tanker, those in in the vicinity there. And it, we were able to flag them down and say that, you know, we're sinking here, but unfortunately, with the communications gap, they thought we were hungry and started throwing crates of fruits and vegetables down, you know. And so finally, we got someone to come down and take a look and, and through some calls and everything they were authorized to take us on board as refugees. And so but one of the things I specifically remember is, for the adults, they threw down these rope ladders, where they climbed up and for the children, they put these nice huge potato sacks and put the children in and kind of hold them up. And so I think it was that experience being inside the sack there. That really is one of the core of my fetish in terms of being encased I really enjoy being encased in different materials like the nylons or, or even latex or even the saran wrap and things like that. So that's a particular fetish I have and so there's, I've been working with Miss Indigo on a site called encasement fetish.com. And it's

13:13

some hot pictures on that site too.

13:17

And it explores, you know, the the world of where BDSM comes together or bondage discipline sadomasochism comes together with this full body and casement. So, to

13:29

13:15

me, all I know is you just have the, your legs ought to be outlawed. Because you have pretty your legs. I mean, stand up. Look at these legs, Auntie so not the hottest looking legs.

13:39

I noticed them when she walked.

13:41

I mean, there's a little I mean, this is disgusting. My legs should look this good. Absolutely, just totally, just totally hot legs. But it's really interesting to see. When I when I first met mistress Elaine, she was not going by that name. She's evolved into a different name. Yes. You want to talk about that? Or tell me what you're

14:09

my first exploration in just the transgender world here. My name was Stephanie. And, you know, it's been many different bumps and I mean, some great times and some rough times who was Stephanie? Stephanie is very young, very submissive, but also definitely has a blossoming dominant side that Stephanie probably tops from the bottom quite frequently. That means she tries that she's, you know, submissive, or comes across as submissive. I think there's a very dominant streak that was waiting to grow from there. Stephanie

14:50

has grown up now and has become Stephanie has become Yasmin Ling. And that's who we are. Yes, yes, definitely.

14:59

is very playful very overtly sexual and very dresses very provocatively. Who baby

15:11

dance is great to disease definition, you should see, Yasmin do a striptease it'll, it'll make you know, my Well my favorite parties is when you're up on the landing dancing for everybody. But I think it's really interesting how there's been an evolutionary process here. And in BDSM, something people don't realize when you first start out, you may not know where you're gonna go and where you're going to be and where you're going to end up. When you started out. You didn't even know you were going to be like, even being no

15:42

persona. Not at all. I've been exploring this for about eight years now. And it really wasn't until this past year, when I got into a relationship with Miss Indigo, that it really helped me explore some areas that I didn't even imagine, you know, when I first started, it was strictly on the submissive side. And so a few professionals here and there. This was many, many years ago, and then got into a, a DOM sub relationship a couple of years ago out in California, with a wonderful lady and but it wasn't until this past year that I've gotten a chance to explore the scene in Houston and meet some really wonderful people. Now,

16:23

what is your sexual orientation?

16:25

I am, I'd say I'm probably bisexual, I've done well, sometimes I call it trisexual. Try anything at least once, maybe

16:40

to hang out at me, and I'll put it to you real fast. Don't threaten me with the good time.

16:49

But I've had some really great people that have gotten a chance to explore my sexuality with within the past year. And it's really opened up my mind to too many areas that, you know, for awhile, I thought, Gosh, I wouldn't even think about it. But now it's like, wow. Well,

17:07

one of my favorite scenes I think I ever did was you were in your naughty Stephanie persona. And this slave was tied up and Stephanie was in a naughty little schoolgirl outfit at that time. And Stephanie had to kind of stay after school and take care of this other naughty little slave. And it was it was a great scene for me because I like I liked that I really liked all the for anything, whether it be forced homosexuality, whether it be gender play, whether you want to call it man on man, whatever, I'm there, sign me up. But now that was when you were still in your submissive persona. All right, now that you're in it, that you have evolved to be in this dominant Do you play with men? With women?

17:52

I certainly do. Now what,

17:54

what what's Is there a difference? What do you what have you encountered so far?

17:58

I think the difference really depends on the individual because, you know, you have a different connection with, with everyone that you meet, you know, regardless if they're, they're male or female, you know, sure, there are certain there are some common, you know, things that you notice, you know, playing with the man versus a woman. But, you know, in general, it really depends on the individual. You mean, you sometimes you have someone who is just very responsive, which is good, because that's great feedback for you know, you know, what you're doing, what they really like, and you know, what, they're, you know, it's not really working for them. Then you have others who are you know, very detached you know, why

18:37

know that, you know, the number one thing I get asked by by men is, you know, they want a chick with a dick. That is their big fantasy. And it's like, Oh, I've got one it straps on six or seven they are monsters. Oh, God. Oh, I just you know, what can I say? There's just something about packing it that is just such a rush. And I got some new ones they make these new ones out now that are just oh my gosh, they feel they they feel like the real thing it's just huh,

19:18

I know that last one I saw you with I could barely get my you know, I lost that. How could you

19:27

somewhere in moving I'm dying. I'm waiting for the day when like my mother goes and unpack some extra boxes and find because I lost it once before and I found it and it was like in a box with books and encyclopedias. Don't ask me how I got a strap on packed in a book with with encyclopedias, but I either somebody either stole it at a party, which why anybody would want to steal my dick. I don't know. Or

19:48

not.

19:49

I don't go I packed it or something until that's my favorite one. I missed that thing. That was That was great. That's special. There's a special dick to me because Jimmy Carper put his hands around it. go oh my gosh, it's like

20:03

for you slammed into the sky. Yeah.

20:08

It's good for me but no, I think that it's been really interesting to see some of the things that that Yasmin here has has gone through and some of the changes and so wonderful fetish wardrobe. Oh my gosh, you just

20:27

why don't you describe what she's wearing?

20:29

Well take it off baby. She's got this leather coach. She's taking off this stand up

20:36

dear black leather coat is in a red

20:39

PVC, Little China mini zips all the way up and look at these little garters. Yes. And turn around. Look at this app. This is just gorgeous. Isn't that just yeah, just just want to bend it over and just go lots of

21:00

stockings and

21:01

panties. Unusual stilettos and just and

21:05

the cut doesn't

21:07

have my voluptuous churches. But you know, we're working on

21:12

the breasts and then it slowly goes all the way up to

21:15

the neck. Oh, no, just gorgeous. I just, I just absolutely red

21:19

with black inserts. Yes.

21:21

So you said you had some comments on last week's month show

21:26

actually, we had even had a wonderful our my MBBS. Right. In and this whole Yeah, my man behind bars. And he's really, really enjoyed that show. Really enjoyed all of the Fetish things that we were talking about and wants to hear more. He's anxious. He told me in the letter that he was anxious for tonight. I'm

21:51

glad I'm so glad. One of the things that I kind of wanted to talk about with with y'all is being this is something I've never totally understand i You probably have more experience on it because you listen to the transgender show. That's when it's on. But the most of the men that I talked to, are straight identified. But yet they all fantasize about being with Mr. slang, but the gay men from their perspective of being with transgender, dominant I have I haven't run into that many I've talked to what's the difference? What would you say the predominant differences? First

22:37

of all, I have to I have to ask, are we talking about playing? Or are we talking about sex?

22:42

Because it's all the same? I don't differentiate BDSM is sex to me.

22:49

I've had quite a few gay men talk about if it's just playing without sex involved, then they play with women. And because it's it's a different mindset for them. And it really doesn't this the sex doesn't matter. It's, it's the occasion. And at what the scene is and the atmosphere. Yeah, yeah. spontaneous thing

23:17

that just happened. Yeah,

23:19

can we take calls tonight?

23:20

We can take calls

23:21

is Chris Chris isn't? Isn't there?

23:24

713526? What? KPFT

23:27

jam KPFT that's what we

23:30

are. But if anybody wants to call in and ask questions or comment on the subject of chicks with dicks, please call him my favorite subject. I personally have just, I envy. Some of you. I want one permanently. Some days I really do. Then the other days, I really like having, you know, other equipment too. So you know if it was possible to you know, have him though.

23:54

I need to. I need to remind people that they're listening to after hours Queer radio with attitude on KPFT Houston, and ke o s College Station. Yes. The thing that I find interesting is that I hear a lot about the transformation of the cup being in the female guys and and then having sex with men. Yes. Yes. Guys, who normally are considered themselves straight, but when they dress. They want to have sex with a guy. I don't I'm not I'm, I'm not into it. So I don't understand that mindset. That but I hear that

24:45

straight so I can't really? Yeah,

24:47

you want to comment on that? I see both. I see a lot of men who dress and then they want to become a lesbian. And so they're still with women. And then there was several at the party tonight. There's this little slight slight glow. Wendelin, who I know is listening right now who was just absolutely a brazen little hazy this evening. Because, you know, told me dressed up in a little strapless backless thing in trying to do every woman at the party. And but then I know I do know some that are just the opposite. They want to they want to catch the guy they want to snare they don't, especially those who are really passable. What do you how do you feel on that?

25:27

My personal preference is probably more on the female side. But, you know, it's I'm still exploring, you know, this is still new to me. And so I think the most important thing right now is just being open minded about playing with different people and being a professional dominatrix. It gives me a chance to explore that as well. You know, it's very fulfilling experience.

25:53

What's the what are the things that you have encountered thus far that people want you to do with them? Oh, goodness.

26:02

No, it really depends. I mean, anything from forced feminization to humiliation bondage kindness Corporal you know, spankings things like that. And so it I get a lot of calls from just, you know, the whole gamut of interests there. So how did you feel the first time you put on makeup and put on a dress? Oh, goodness, what went through your head at that time for the very first time I was very nervous and didn't know what to expect because I think a lot of my

fears and hopes and fears about it was that I've seen in the past a lot of men who have have been who've put on makeup and been dressed up and they just really didn't look too good. And I was I guess it was really self conscious about you know, not looking very good. And but just with a lot of patience and a lot of reassurance and everything it's it's really changed my mindset on it. And and I guess the first time I saw myself fully made up and everything it scared me because I looked like my sister.

27:20

That would be kind of scary, though. Look in the mirror and see your sister you're like,

27:23

oh, that's scary.

27:27

The did you when you first went out the first time was it? How was that? Oh, I was a nervous wreck does it does it help you to have somebody telling you you're going out with it humiliation thing for you to be put into a dress by your mistress and led around.

27:44

My thing really isn't the humiliation aspect. I was really nervous and really apprehensive about it. But it was we actually went out to lunch one day, and I was fully dressed up went with Miss Indigo and a friend and and we went to a some barbecue place up near the woodlands there. And oh my boy

28:06

that is brave going to the woodlands.

28:09

Well, we wanted to go a little bit further outside of the city there. But um, but we went and it was It wasn't very crowded, because it was a later lunch and went and just, you know, ordered the food and everything and sat down. And I was afraid to talk because you know, I really didn't know, didn't have quite a voice yet. And you know, at the same time, I was like who's looking at me and this and that. But it went really well. And there wasn't a problem. And then the next few times that we went out, I started feeling more comfortable. And I think the point where I really, you know, said hey, this is actually I can do this and I actually really enjoyed doing this was when we went out to Los Angeles and we spent the whole day chopping up and down Hollywood Boulevard and that was just a full day and and then we actually ended up on The

Late Late Show with Craig Kilbourne on in the studio audience there and I was like, it's very low profile. And, and indigo was like, you know, we even our hands and trying to get a new attention. I was like, Ah,

29:10

I'm in Vienna. already. I love Greg. I think we have a caller

29:16

on line one. No, Jimmy, there's some phone problem or so. He ran in the other

29:21

room. Okay, so we'll wait for Jimmy icon back then. I don't.

29:27

They're on they're on the phone. But we Yeah.

29:30

Okay. Okay. Well, yeah. So you spent the whole day shopping in LA. New dress. Oh my gosh, that just sounds wonderful.

29:38

Yeah, that just sounds like no one even looked twice or blinked. You know?

29:42

It was an interesting thing with me the first time I ever played with anybody either in drag or in force, feminization whatever, never realized what a turn on it was to me. And it was like, some of the parties I've been at that I've seen you at any You're in these hot little numbers and you're dancing and you're just like, anyone, it doesn't help course whoever I'm with, it's always like, I want that person. And but, like just one of those absolutely interesting thing. And, but it was really interesting to me to watch you transform. Because you were very shy and quiet. You should and I remember used to never talk because you were so quiet. And it was like, and then when you talked with that sultry little bedroom voice series, it just was like, come here there. And oh, yes. Oh, yes. How do you feel when you do that scene that we, that I kind of interjected in when you were with another slave and just say using your hands rather well? How did that make you feel?

30:54

Gosh, that's a good question. I was really in a certain headspace at that point that, you know, I, in a way I was there physically, but mentally, I was like, gosh, it's hard to say it's I was kind of in a sort of a sub space there for a while. And I remember I specifically remember your voice. And you were saying certain things. What was I talking dirty? Or, you know, that's a silly question.

31:27

I kind of have a bad habit of. But if anybody wants to call in and talk, the numbers 713-526-5738 or 526 KPFT. But then we can talk more about these issues. And the the other thing is, you know, I have was really surprised to see how much yes, I'm

31:55

sorry. We have a caller. I have a caller, we have a caller. Okay. Do I need to put push one? No, nope. To start talking. Hello.

32:02

Hello. Is this Drake? Yeah, hi, darlin. I'm doing just fine. How are you tonight? Pretty good. What do you want to talk about?

32:10

Well, my name is Boston, Drayton drag. But I've had people come up to me and say, You're much better as a woman. As a man, and I wanted to ask, yes. And she gets that type of? Well, I guess constructive criticism? If

32:30

not, if I look better as a woman than a man, if you get

32:34

just the, the gist of it. How do you feel that you look as a male as well, as opposed to being a woman?

32:41

I see myself very differently. I mean, not to be, you know, snobbish or anything, but I think I

look pretty nice as a man. And I think it's very different as as a woman, I think, with when I'm dressed as a woman, it's it's a different style. It's a different persona. It's like a different part of me that comes out. So

33:03

they're both gorgeous. I mean, speaking personally, myself, you know, they're both. I mean, if I could have both ones the same time, I'd have a Menasha truck.

33:16

Yeah, I mean, how do you feel about getting compliments from guys didn't want to dress?

33:19

You know, at first, I was a little bit uncomfortable with it, because I, it was all new to me. But now, you know, I'm, you know, I'm flattered. You know, I it's, you know, just flattered that someone would compliment me, sometimes I sometimes it gets to the point where it's I can definitely see the woman's perspective on you know, guys at clubs and stuff, you know, trying to, you know,

33:45

mall you Yes, but I know women who mall you Oops, I'm sorry, guys that talk about myself. But, but, you know, I do think that that's a it probably does give you that perspective, because you are one hot looking woman and I can see what you could identify with with some of those financing. So Drake, do you dress up much?

34:08

I don't give too much often. I live in Bryan College Station. So, you know, I used to do the club thing. Every once in a while, you know, go out on Halloween, but Halloween seems to be the only thing that I can do right now.

34:23

Well, you know, it was really funny. I have to tell you a little story. Last weekend, I was at a party and there was a someone there who was also raised was a cross dressed and was talking about how they're from New York and how they were, you know, little situation where they had to get a fight and their buddy yelled at him. Hey, take off your heels. We gotta go kick some butt. You know, I never want to have somebody tell me take off my heels. Because I have to kick some

34:53

but what the funny thing is just socially not accepted, you know? But I mean, of course I'm gonna be I'm going to be if I feel like I need to do a bit of drag, I will Yeah, of course, I've, you know, I'll fight my way through it. But it's, you know, it's a living experience. And I think I've gotten a lot of hope on my side because my family started to understand a lot more about my sexual orientation. And your family knows you dress. Yeah, they all do. Yeah.

35:19

That's, that's, that's great. Yes, that is fabulous. That is. Mr. Slaying? Did your family No, no, no, it's all still pretty much in the cloud. And then,

35:30

like I said, it's still, I'm still learning. It's still new to me. And I think when the time is right, then, you know, that'll happen. But in the meantime,

35:41

well, it was great talking to you guys. I don't want to hold up, though. Long. Thank you. Maybe see you all's been counted somewhere soon. Maybe I'll show up in Houston. That's right.

35:56

You need to get your butt down.

36:00

That's right over to us. And we got to look at

36:03

the action. And the number again is 713-526-5738. Drake.

36:10

What? Mr. Satan, why don't you give out your web address again for fig leaf?

36:16

services.com Okay And Mistress land.com So those are that's us Drake

services.com. Okay. And mistress langroom. So those are that's us, Drake.

36:23

Thanks for Thanks for calling after hours. Take care. Okay. You know, you

36:29

you. Cool? Yeah, yeah, I think it's great that his family and everybody knows about it. I think that it's great. You're my house boy, cross dressers. And that's it for him. It's the humiliation of it. But he had to keep all his clothes at my house. So my guests bedroom closets full of his clothes. It's really funny because he's like a size 10. And I'm not. And my, my mother was over one day, and she's like, what's what's all these clothes? You know? And I'm like, Oh, they're just friends. It's like, how do you explain all these ballgowns in your closet? Like, wow,

37:09

you know? Yeah. But Mr. Slaying walked in here. And you introduced her to me, and I had no idea that you were cross dressed at all. And it's, it's you. It's probably is, is that your real hair? This is a wig. I see. I didn't even realize that. That was a wig. So

37:36

you wouldn't recognize. Yeah, see? I mean, I saw you dress for a long time for ever saw you. In your male persona. First time I saw your male persona I walked right past.

37:51

Okay, so like

37:53

that. I like being able to separate cars. Because Mr. Slang? Because my you know, yes, when persona draws a lot of attention, but then to you know, balance that out. My male persona is more low profile, which I enjoy, you know, it's a good balance two different profiles.

38:10

Yeah, that issue when

38:12

male or female dominant

male or female dominant.

38:16

That's interesting. When you think about that, I mean, that that's really allowing a lot of your personality to grow.

38:24

Absolutely. I think everybody should be encouraged to explore both sides. I know that when I, when I strap one on, I immediately become a man. In every sense of the word. I feel so masculine and so maleness. And I mean, so Butch and that, that for me, it's very much playing with with, with my gender, and my and I've always felt very internally identified masculine in a lot of areas, but then I'm also pretty girly girly. So

38:52

yes.

38:54

What? I think people should explore those areas. I really, I think what I think it's great like that caller who was talking about how, you know, his family, he can be open about Yeah, I know, so many people who have to sneak around to do that. And they have to, you know, go out of town on business trips, and

39:12

most people, most people have to sneak around and

39:15

I you know, I'm so glad I'm out of the closet that I don't have to hide these things. And

39:22

but still being in College Station, there's probably not a lot of public places he can go Yeah. Unless it's a private party.

39:32

Now do you know the College Station saying much? No, not really. No. I know. That's where ...

Miss Indigos from?

39:41

Yeah, see, I'm sure there's you know, a little pocket

39:44

key Aggies or something like that, Daddy. Yeah,

39:47

not an oxymoron.

39:53

It's just it they've been it's just been repression all this time. And and, and the more More that people listen to this show. More they're becoming unfree. Whose phone is that? Not mine.

40:10

It's yours line one. Don't ask me I don't do technology or technology, not my friend. You know, but oh, did I see a new toy tonight I gotta tell you about this one. It's called the samurai it hooks to a Pez unit which is an electrical neuromuscular stimulator. And it is a giant phallus that's got a little clitoral thing to the goes inside of a woman and totally electrifies your vagina and the clip at the same time. I saw that and I have never seen this thing. Oh my gosh, it was like people were looking at me just holding it in their hand and they were about to climax because it was so powerful.

40:49

I saw a program last night on cable discussing this. Yeah, I've never seen it Sure. And they put this on her and she was just going crazy.

40:59

Well you know how much of it a toy fiend is and I mentioned and I I love electricity and so I'm just gonna look at that thing going. The only biggest problem that is I'm going to and going in Me thinks huge. Like, whoa, I mean it was built for the size queen I tell you, but is it it was interesting it was there was a line of mistresses ready to try it out at the party we just left but but that was that was a pretty pretty hot hot little, little, little toy. What is your favorite type of play personally? What do you like done to you? And what I mean what do you like to do? Oh, I

41:37

like to do a lot of stuff these

41:38

days. But what do you like to do?

41:42

I like a lot of bondage. That's my favorite bondage rope with just different materials. Different predicament bondage. You know where? Explain what predicament bondage is predicament bondage is where you are in a, let's say a position or where if you move a certain way, you're going to either cause yourself some sort of pain or discomfort or cause you some humiliation or something like that. I saw

42:16

a wonderful seminar while back Amanda wildfire did predicament bondage. To me predicament bondage would be something like if you move or you lose a pose, you impale yourself on, you know, something. But you know, we had the penetration queen.

42:32

Yes, and I've seen but you're now Melanie called in? And Melanie is a long term listener to after hours. She, she has, from the time I met Melanie, she transitioned. And she wanted to clarify if she's if you are a transsexual or a crossdresser. Now, I don't know, do you know the difference? Okay.

43:07

What do you what do you identify? Right now? I

43:10

am still trying to answer that question myself. It's a very personal question. Yes, it is.

43:18

And, you know, it's, I think, right now, there are certain circumstances in my life right now that making that full transition is is I would say, an obstacle. And so, you know, looking back at just a year ago, I couldn't even imagine even tell you where I would be today. And so to say, you

know, where I'm going to be, I mean, right now, it's, I feel like I'm walking that tightrope between cross dressing, and, and transsexual, because there are certain parts of me that that are just that really need to be female. And where I take that will depend on, you know, experiences that moving forward from today. Yes, you know, well,

44:13

I think that's, that's a key thing, right there is that it's every life is evolutionary, we all I mean, if you told me I'd be here a year ago, I would have laughed at you, oh, well, not a year ago, but maybe two or three years ago. But you know, I think we all fit, you know, it's like, the activities that we enjoy, if you told me I would be much of a penetration queen. Now, as I was when I first got into the scene, I would look to you like you would not, so it wasn't my thing. And it's one of those things that evolves over time. And who's to say what we're going to be, you know, and who's to say what we're going to like and what we're going to want I know

44:47

what you mean, you know I did eight or nine years ago I would have never thought that I would have transsexual friends. And through this just through the show and having the the The trends you are best

45:00

banded have some better way. Yes, yes. Best best what something.

45:08

But, but and Melanie also wanted to mention that I still have that big faqih voice, which is something that I, that line I've used.

45:17

I see, I seem to remember last month somebody calling in and making a wish list scooter who called the proposition.

45:25

Yes, I have that big factory voice by

45:27

like, one point that I would like to make is that, you know, I'm finding that I enjoy and I desire and have this need to be Yasmin more and more every day and, and why when I am completely

female and feminine. And there's no there's there's no there's no male dressing up as Yasmin or anything. It's it's, it's Yasmin

45:51

is a person in a row right now. I think that's very much the case.

45:55

And it's gonna it's gonna take when you get to the point when you will have nothing on and you still feel like Yasmin, then maybe you will be able to answer that question. Right? Yeah,

46:08

I think that's a good question that it's a very, you know, what,

46:11

and I think any transsexual has, has gone down that road,

46:16

well even is a dominant, I have my dominant persona. And then I have my vanilla persona. That's a mom, you know, and it's like, some people asked me to Well, who am I? Who am I kissing in my kissing eaten? Or am I kissing, you know, the mom? And I'm like, Well, they're both the same. It's like, I have a split personality, but it gets to where they overlap and yet their own. They're, they're their own person in their own right. But and they each have roles in their own right, right. But yet, there's a lot of them that overlap and commonalities that they share. You know, it's like Jimmy Carper, the person on the radio and there's Jimmy Carper, the person hanging out at the we won't say where?

47:00

Yes, that's, that's right. You

47:02

know, cuz I'll never forget the first time I went to one time I saw you someplace, and I was like, Hi, Jamie goes out. You're like I don't it's not on the radio. Exactly. Public speaking, it blew me away. Like you're always on the radio.

47:15

I know. I've been here now for almost 15 years, but you put a whole group of people in front of me and I freeze up. That's it. I

47:23

couldn't believe that when I saw that. I was just like, What do you mean, the free air every weekend?

47:28

I know it. But But you see, when I know that there are 20,000 people out there listening. However, when I look at that microphone, I'm looking, I'm speaking to one person. And that one person is you out there you who were on the other end of this microphone first? Well, that's right. Because that's that's very important.

47:49

I meant to tell you, I actually had fan mail after last show sent my email at home. About two or three, three different people emailed me to say that they love the show, and they'd listen to it. And, of course, you know, they wanted me to solve their sex life problems. But now, like, I wish I could I really do. But it's,

48:07

that's that's part of the territory. Yeah.

48:11

Well, that's part of the reason why I created the new website, okay, so that people can post questions, and I can post responses and not have to answer them all the time. Because I think it's so important and healthy for us to have a place where we can talk about the issues that really matter to us. And in the issues may matter, you know, I feel I have a new plaything. Yes.

48:32

And he's very cute. Thank you.

48:36

But I'm going to speak for you. But the, you know, he, he told me recently because, you know, I didn't know this even existed. I've been looking for this my whole life and all of a sudden I find it and it's like it blows he didn't know it was out there. And you can feel free to say something

you feel well, no. Okay, but but the thing is, is that it's one of those processes where you first start out you everybody needs a place to start. And this, I think the show is great for that it gives people a place to start and to ask questions, you know, either call in and ask questions, or they are if you don't know the number 713526 KPFT KPFT

49:24

that's it. Jam KPFT the thing I wanted, I wanted to not before we got too far away from it. The thing I wanted to say is that on this show, and most other radio shows, especially if it's talk that that we we need to tell the truth. And even if it's we don't know the answer, then we say we don't know the answer or, you know, maybe or I'm not sure because the people out there are believing us. So we must tell the truth at all. times.

50:00

Oh, I agree. Yes. Well, you know, I thought it was interesting last week. We had all the calls last week, and that show was specifically set up for calls. Yo, yes. And it was really interesting. Some of the people the questions that they asked, and you know, when I get on the internet, I get bombarded daily with questions. Well, you know, where do I start? Where do I go? Look, that's one reason why I set up the fig leaf Services website. And that's one reason why I'm teaching these classes coming up. Because there's no place for people to go and talk candidly, our laws here have gotten to where they police us so much. And that's one of the beauties of this radio station is we can say you can say it, talk about it. We can talk about we can you know if you've ever seen the Vagina Monologues, they talked about empowering the word vagina. Yes. And I'm all for empowering the word kink in an orgasms, s&m. And, you know, I'm a sadist. And I'm proud to admit it. And, you know,

50:51

you know, that's the wonderful thing about this radio station is that this show has been on the air for 15 years, and there has never been any at any time. Management has never said don't talk about this subject or don't talk about that. Or, you know, you need to cancel this segment. Never. Never. We have always had free rein. Well,

51:12

and I we need more of that. Yeah, we really do. Yes, I was a talking the other day to Ray Hill. Yeah, I'm sure I know. You know him well.

51:21

Oh, absolutely. In fact, he and I were co stars. This this week there. There were some filming going on.

51:30

Was it one of those access videos? Yes. But not

51:34

not his not his monologue. It was something for we did for World AIDS Day. And Stacy Davis here from KPFT kind of had the idea and did the whole script and everything and we were just you know, we were actors.

51:50

I get so

51:52

because guys access cable on World AIDS Day, which is of course December 1, they are going to spend the entire 24 hours midnight to midnight. Doing nothing but HIV AIDS programming.

52:08

Wow. That's great. Yes, that is great. That's great. I wish I got access cable. I don't get it. I'm so fresh outside so I don't have a life of regular TV. I have the internet. We got a call. We'll take it

52:28

okay

52:31

hello, you're on the air. And

52:33

hello, Ed. Oh, yeah, I was just wondering if there's any great toys out there that are better better super fun for vaginal rolls no play what kind of crops like toys that are good for vegetable as well as a you know, play like something a little bit more exciting than maybe like, you know, your basic average everyday toy. Gosh,

52:53

there's a new kind of new to this kind of whole thing. So yeah. Kind of what you're talking to the

toy queen here.

52:59

Oh, certainly. Oh, the

53:02

best toy on the market for men is called an N Niro's. Yes. It's it's spelled A N E R. O S. And you can you can get them at arrows. 1207 Telem Eaton center, they keep them in stock because I send so many people over there. But it's a male prostate massager and you wear it clips looks like a little finger it clips on it rubs your prostate and it has a little pieces, keep clip clips up underneath your, your seam or whatever. Yeah, but what is wonderful about this is you wear it and you have regular sex. And as you're having your regular sex, it's doing you and doing your prostate. Very, very intense. Wow. Very cool. And

53:45

also to like I'm new to Houston. So are there any good places to go to to meet? You know, unusual people? I guess I don't know.

53:55

What it means to BDSM people. Okay. Well, there's a rip cord. There's Mary's Yep. There's clubs such as NLA there's

54:05

no report in Mary's or bars in the Montrose. I'm from Seattle.

54:09

So like, wait the wet spot?

54:11

Are you are you? Are you gay or straight? Or bi?

54:15

Bi? My wife and I are both bi Oh, good. Okay,

54:18

well, there's H PEP, which is a group of kinky people. There's

54:23

that's Houston. That's yeah, Houston, people exchanging power.

54:28

If you go to H pep.org. They'll tell you about that there is a erotic Rose Society which is Eros, which meets at a club called Richards every Saturday at noon. There's NLA I'm not sure when they meet but they meet at the ripcord. Yeah. There are so many clubs and there's literally something to do every night of every weekend in Houston photos a great

54:51

scene. Oh, yes. Awesome. Beautiful. Hey, I really big in the show. Thanks for having it.

54:57

Great. Thanks for calling in. Josh. You're bored. Yeah. Don't forget. Yes. If you go to my website too, I have links to all the organizations on there rock on. fig leaf. services.com.

55:08

Okay, thanks for

55:10

calling in. Okay, get into near us. And while

55:13

we were discussing different groups, I would like to mention something about whips. Women in

55:22

women, women in power

55:24

or society, yeah. Okay. Because it's, it's headed up by a woman I know with Miss Elizabeth. And, you know, I

55:33

get her emails all the time, but I've never met her. Oh, really? So you need to introduce me?

55:38

Oh my god. Yes. She's a sweetheart. This is a community out announcement. Even though it's Well, okay. What what's happening is whips is having a fetish fashion and lingerie. So social, one for women and only and one for women and guys, and that's going to take place, let's say Friday on the 29th for Women and Saturday on the 30th for Women and guys, and it is I'm not going to give a whole lot of information here. Because I don't want people you know, like knocking on your door at three in the morning. But you can give us a phone call at 281-564-0615 and that's whips. W I P. S. I actually don't know that website. I

56:39

don't know it either.

56:40

Oh, here it is whip society. W IP society@prodigy.net. Send them an email to them there any day

56:49

introduce me to her. I get her emails all the time. Yeah, yeah. That's one of the big things is there's so much going on in this town. That it is so hard to decide what to go to every weekend. People get their little I try to make the rounds to all the clubs but it gets gets gets expensive.

57:08

Yes, it does.

57:10

You know, some of these parties get rather expensive. Yeah. Plus, you know, I'd rather spend my time training somebody one on one and shopping and buying more toys. Yeah, well.

57:21

But but for the last caller, that might be a good thing for he and his wife to do to to meet some new people. Oh,

57:29

definitely. Definitely. Now Steven did you went Ooh, when I said the Nero's. Did you get one?

57:34

No, I just remember you bringing it in. And it looks just great. And it's just wild. I

57:39

absolutely love that toy. That is probably it's fun for whoever's with the guy. And it's fun for the person wearing it. Very, very intense. But it's great for training somebody who has a virgin behind you to be proud of me. I have been watching my language.

57:58

Yes. I'm very impressed. This is two months now. I made

58:05

20 minutes about about saying a wide variety of things. Yeah. You're not into Mike, honey. Oh, I was just wanting to comment on this. So we're gonna anyway. Yeah. Is the

58:21

you guys speaking to that much? So

58:22

let's mess it up. Because I'm sorry. The wide variety of the words that we can use is Don't Don't forget us when it comes to pledge time. Oh, that's right. For this network. Yeah. Back in the day on the air. Yeah.

58:33

Anyone who's just tuning in has noticed that there's no commercials here at nights because we are listener sponsored and what the funny thing that happens when you take commercial money is that these people then want to dictate what you what you do and the shows that you put on the air and what you talked about, and that's not us. That's not KPFT that's not Pacifica. Yeah.

58:58

Well, that's one thing. On my website, I talk about how I can I'm free to have candid discussions with people because I don't take any federal or state funds and I I've had opportunities to get some grants and some money, which would really improve the quality of my life. You know, money money, can't buy love and it can't buy happiness, but it sure can rent it for a while.

59:18

But yeah, yeah, but then it hinders things. And I you know, I was I also wanted to talk about your background, you're talking about giving classes and I wanted to talk about your background and why people would want to listen to you What have you done that makes you know, I LNG and stuff like that I

59:38

have I'm almost done. If I ever finished writing my thesis, my master's thesis in behavioral science specifically in the relationship between gender and BD sadomasochistic sexual behavior, and the getting annoying there. Sorry, somebody was taking my picture was bugging me. I've by pay For I presented at several conferences has been really well received and I saw you checking that out. Yeah. It's worth it, trust me. But I, that I'm hoping to start my PhD center in human sexuality as

1:00:16

well. Okay, so you have

1:00:19

damage. Okay. Yeah.

1:00:21

And that's that's what I wanted to get across. Yeah. And

1:00:23

that's where I come into it. And I have just I feel a really, a really calling to mentor to people who about women's sexuality and specific, because I think that more people need to be empowered to embrace their sexuality, it, I missed the days when sex was safe. And motorcycles were dangerous. Yeah. Because people were more free about expressing it. And we have a lot to worry about these days, with all with all the health issues that are out there. And there's in the concerns, and people need to be careful. But one of the downsides of that is it's also scared people. And people are, have have gotten to the point where they are so repressed sexually. And if you can control a person sexually, you can control a person.

1:01:05

Yes. But you know, when you repress your sexuality or many other things, then that kind of screws up your psyche down the road, majorly

1:01:14

dress, major, you know, and I meet people all the time, who, you know, I forget, I've been, I have a friend who, you know, I forget some of the things that I talk about, I take for granted that other people know, and I start talking about these mind blowing orgasms, and I start talking about you know, you know, your listing and and what's that? What's this? Hmm, I forget, I take it for granted because I'm so open with my sexuality that most people aren't. But yet, there's, there's a person that that I work with who's she's like, you're just fascinating. She was I forget what it's, you know, she was it's just so interesting listening to you talk, because I've never heard anybody say these things. And it's just so shocking. And it's like, yeah, it will. It's fascinating now, but when I'm at a dinner party talking about orgasms, you know, people are looking at me like, okay, who's this person? But you know, I'm the person who when they're going by the condiment trades that niggling cucumbers looking mighty good. And I'm not afraid to say that and I tend to be a little tactless sometimes. But I just think, I

1:02:20

don't know what I'm hearing this photograph.

1:02:22

I don't know, either. But you know, it's just we hear bells. It's just that those magical it's the holidays. That's what it is. Every time you hear the phone ring, somebody gets laid. Or change. Wave, it works for Jimmy Stewart and getting your wings. Works for me. But yeah, sorry, my mind is in the gutter. But what else is new? What else is new? It's, it's, it's interesting. I'm really looking forward to doing these classes. I'm really looking forward to seeing more mistress laying here goes in the next year, because this year has just been mind blowing to see every wonderful little thing that she's become. And I'm looking forward to hearing more about some of your professional sessions. You just had one the other day I talked to you about and, and that was how was that? It

1:03:20

was great. It's wonderful. Although, you know, it's kind of like taking an exam, you know, you kind of be you're kind of nervous about, you know, the first time and everything but after a while, you know, you just kind of like, take it in stride. And but it was great. I really enjoyed it.

1:03:37

You seem quick, you have flying pretty high. When I talk to you. I mean, just on the endorphins and the adrenaline of going through something like that. Do you scared at all nervous?

1:03:47

I think it's a positive anxiety. You know, it's it's Nervous, excited. You know, sometimes you may be a little bit self conscious, you know, doing okay, this snap, but But you know, you just got to trust yourself and

1:04:04

with somebody and you know what, it's

1:04:06

I've had some wonderful mentors. Mistress Precious has just been phenomenal. Indigo. I mean, the list just goes on. And just really people have been extraordinarily supportive and helping me and so it's it's been a wonderful support network there. That's

1:04:22

what I really appreciate and admire about the king society, that

1:04:26

we are such a family. You know, I love my family of choice. And we have some wonderful, wonderful dominants in town here who really lead the community. You've mentioned before how different to show is with a dominant versus

1:04:43

Oh, yes.

.....

1:04:44

Oh, absolutely. What's different?

1:04:46

That's absolutely, it's much more alive. Most of the dominance wants to have tops on and are just talking about what the different groups are doing and stuff like But the

1:05:02

yeah yes. Yeah.

1:05:10

The tops have always had better shows. Well, I

1:05:13

think it's just interesting to hear the different perspectives and you know, oh, who is that good looking guy? This

1:05:19

Greenwich, who? Hi. He's here with Sister tonight. Well, actually my sister laughs Oh, she did?

1:05:26

Yes. You know she has that long drive and she has to open in the morning. Oh,

1:05:30

she's so cute. She is. She

1:05:34

wasn't my sister. I think I might do her. Well. I don't want to go too much information

1:05:48

about sexual. However, bisexuals are welcome anytime.

1:05:53

You know, you know double your pleasure. Double your friends. Fun love. Yeah, she was better than one. That's always been my mom.

1:06:01

I fall in love with the person worked out the plumbing later. Yeah, well,

1:06:05

yeah. And I have plumbing. You can buy your own plumbing.

1:06:10

There you go. New Material be all things to all people now.

1:06:15

Amen. Yeah, there's this new material out call you are three, which they they make some of these toys out of these feels so real. Honest to Gosh, first time I held one of those I was freaking out that thought I was really holding. We're holding one, a real live person. I mean, it's squishy. And it's mushy and it grows. You squeeze it in it. It moves. You're just like, Oh, baby, oh, baby. And it's like this new stuff's expensive. But it's wonderful stuff. It's a new technology and all that good stuff. But it's it's gonna be interesting. I'm still trying to figure out what to do next month, though. With it being Christmas. How are we going to do that with? Is it net Christmas weekend?

1:06:59

I don't know the calendar. But yeah, it is. Yeah, there are four Saturdays in December. So it will be the last Saturday.

1:07:12

I had to think of something special by then hopefully I can talk about some of the questions I'm going to get in these classes. I'm really looking forward to it because I was over there at the store the other day, and they were talking about some of the how so many of the questions that the people ask when they're coming into the store are very much geared towards you know, beginners getting started. And I think it's refreshing to hear things from a beginner's perspective. Yes. You know, we all started somewhere and I mean, right you do not exactly but knowledge I'm trying to convert this little boy right here, right?

1:07:47

I don't think it's gonna take much like yeah,

1:07:54

for some reason, he just looks like he'd be so much fun to play. Yes. I would just love to see you tied up that'd be interest tied up or you know, bent over somebody's knee or something.

1:08:13

But she me, I think it should we call scooter and your knee and we all get I'm getting excited. Yeah,

1:08:21

it brings out the anatomy too. And there was oh, bring the Ozarka water bottle this. There was an article there's an article this week in the Texas triangle. And it's, it's about seniors. And I answered a questionnaire for you're not a senior.

1:08:45

I'm 54 not a saint.

1:08:49

January 13. I'm double nickel. Oh, so I answered some questions and the last thing that she wrote that I mentioned was that what I would like people to know about seniors is that we can appreciate the beauty of youth without wanting to touch and because I think that's that's that's very important there's this stigma about dirty old man you know, but a lot of us seniors would like to be mentors to younger fly Thank you an exceptional mentor my dear well you know sometimes that I think you've

1:09:27

given this community full

1:09:35

know you really have given this community so much. You really have I like you. I love you for it anyway.

1:09:43

But I think the other you know, the biggest stigma there is as far as you said, you're wanting to appreciate youth and beauty touching. Yeah, but why would you want to punish yourself? You know, it's kind of like when you go to somebody's party they see Dom's who don't let any They don't get pleased and they don't allow for their their substitute gratified them sexually and I'm always going. And who's that punishing? Yes, well,

1:10:09

yeah, a lot of times it's a reticence because you don't know if your advances will be appreciated.

1:10:18

And but if the DOM says, Get on your knees over here.

1:10:22

Well, that's true. Yes.

1:10:23

I don't see why that's a bad thing. Yeah.

1:10:25

See, that's the difference. Because in the kink. In the kink world, people discuss these things. And you know, you're you're talking about the scene and what you want to happen and what's going to occur and both parties are in on it. Yeah. But you know, that's, that doesn't happen the most better in

1:10:43

America. It's like, oh, yeah, that doesn't matter. So that means we're gonna do exactly that doesn't happen

1:10:49

in the vanilla community. And it needs to, it really needed does. It does. Yes, that's what I have learned from from having kink people on. It's really helped my relationship with my lover. Well,

you've

1:11:03

got some pretty interesting lovers. Yes, I do. You should. I do. I've had the fortunate. The pleasure of meeting one. I haven't met the other one. Yeah, keep waiting. But you know, I never get that. I'm still waiting for the porno movie viewing it. We're gonna, you know, keep telling me to watch gay porn and I'm really disappointed here. Nobody ever wants to invite me to those parties. I want to be I love being a voyeur. It's just such a yo

1:11:31

I do too. Yes. I would love to watch Mr.

1:11:35

I would love to watch Mr. Celine play just because it would be such a turn on to me just to be a fly on the wall and watch you play. Yeah, I've seen you play at parties when there's a whole bunch of people but just one on one privately I would just love it you know because I just I can't tell you what a turn on that would be because the whole time the fancy I've got Okay, okay. Okay. You know, sit on their face please that will be the turn on to me. Let's see their reaction to all of a sudden realizing oh, this person's fully equipped you know that that rush that adrenaline of not wanting to put things aren't what they appear to me is just is a rush. It's kind of like when I wear a dress and I pull up lift up my my skirt and underneath and my caucous hanging down. It's always a rush for somebody because there's like I'll be a real step dress I had on last weekend when I came by to visit you you know I usually have a you know it's a very sultry yesterday and then people are like oh there's something underneath there like revenue growth you know but that's that look of shock but that look of shock I love you're like what's that look a shock is just such a rush. And that's part of that power exchange that is a dominant themes mean feeds us that's to turn on knowing that I shocked you knowing that I got under your skin and made you take do a double take that you didn't know what you have what what to expect and what was gonna happen. You weren't expecting that. That power exchange is what turns me on and what makes it better for me. And I hear from subs that's what makes it better for them is not knowing what they're going to get to being surprised and all that stuff. But before we wrap it we're about ready to wrap up. Oh you're Yes Before we wrap up. Let me give a couple things. Number one, the website is fig leaf services.com and the classes are listed on there. There's going to be four classes it arose 1207 one on erotic it two of them on erotic encounters on November the 30th at five in November December 19 at eight and then Dangerous Liaisons which is the the world good kinky one is going to be Thursday, December 5, and Saturday December 14. And I hope people come because it's gonna be really a lot of fun. A lot of frank talk into great demonstrations and some wonderful kinky products that you need to come so you can pick up all the other toys that I can't interesting. Oh he's carry an arsenal of toys with me. They just they won't let me bring a wheelbarrow

1:14:21
